Dear Ms. Horn:

The Licensing Section is in receipt of the subject Statement of Account. However, the reported Gross Receipts of $323,652.98 renders this statement of Account an SA2, rather than and SA1, and the filing fee is $20.00, rather than the $15.00 paid. Our regulations require that we apply remittances to Filing Fees before Royalties, therefore, there is currently an underpayment of royalty for this Statement in the amount of $5.00. Please remit the remaining royalty due at your earliest convenience via pay.gov, as you would with your semi-annual filings.

It also appears that there was an error in the in the submitted workboard which deleted the formulas normally employed in page 6 of the workbook. This subverted the workbook's automatic calculation of the appropriate filing fee. We urge that caution be exercised in this area in future filings.

Yours,

Thomas A Howe
Head, Examining Unit, Licensing Section
