Special Notices.

☞ **Mercantile Library Association.**—The Library and Reading Rooms will be closed on Saturday, July 16, at 5 o'clock P. M. until the 1st September next. By order of the Board.
JNO. F. ODELL, Recording Secretary.

☞ **Card.**—In consequence of the various articles which have recently appeared in the public prints, the DIRECTORS of the PACIFIC MAIL STEAMSHIP COMPANY deem it incumbent on them to announce that they have not authorized any combination with any party for the purpose of establishing higher rates of freight and passage money between the Atlantic ports and California—nor do they contemplate any such combination—their purpose being to confine their attention solely to their own business, and to the transportation of passengers and specie in the safest and cheapest manner practicable.
The time consumed by land carriage across the Isthmus of Panama has been lengthened by the greatly increased bulk of the mails and the measures necessary for the safeguard of the specie. A remedy for this will be provided by the early completion of the Panama Railroad, and with this consequent saving of time the Directors have always anticipated a reduction in cost of freight and passage between California and Atlantic ports. By order of the Board of Directors,
New-York, July 1, 1853. W. H. H. DAVIDGE, Secretary.

☞ **People's College of the State of New-York, Incorporated April 12, 1853.**—This Institution has been chartered by the Legislature of this State, for the purpose of reducing the expenses of Academic and Collegiate Education, and thereby opening the Halls of Science to all classes of society, by reducing the cost of their food and clothing, and enabling the student to defray the greater part of the expenses in labor.
Provision will be made to educate young men corporally and morally for specific purposes, by pursuing full and definite courses of study for each of the pursuits represented in the College—either Agricultural, Mechanical or Professional—and those students will be qualified for entering at once upon the business of their choice.
At a regular meeting of the Trustees, held in the Chester, held at Owego, on the 20th day of May, the following appointments were made:

TRACY R. MORGAN, of Binghamton, Treasurer.
HARRISON HOWARD, of Lockport, Secretary and Gen'l. Agent.
Agents are being commissioned in each County of the State, that the people may have an opportunity to contribute to the capital stock, which is distributed in shares so small that every individual may become interested in an institution which commends itself to the favorable consideration of every intelligent person.
For further information upon the subject, application may be made, post paid, to the Secretary, who will send a pamphlet containing the act of incorporation and objects of the Institution, and other needful information. H. HOWARD, Secretary.

JAS. P. FAGAN, Superintendent.

☞ **The Hair—Its Diseases.**—More hair is lost in one month of hot weather than in six of cold; the perspiration less copious and the blood so overheated, that the former rots the hair and the latter relaxes the skin. Bathing the head also in salt water makes the hair coarse and wiry, having a tendency to make it fall off. To preserve your hair, therefore, should be your greatest aim, and the only thing we know which can do this is BOGLE'S celebrated HYPERIAN FLUID. No one who values a good head of hair should be without it. One bottle of it in this warm weather is worth more than its weight in gold. Its chemical properties resist the action of both perspiration and salt water; it strengthens the bulbs, opens the pores of the skin from all impurities, causing a healthy action in the blood vessels and nerves which feed the hair, and preserving a beautiful redundancy to the latest period of life. Beware of counterfeits, and get the genuine of his agents, or of the inventor and proprietor, W. A. BOGLE, at his hair work and fancy goods store, No. 277 Washington-st., Boston. Sold in this city by A. B. & D. SANDS, No. 100 Fulton-st.; RUSHTON, CLARK & Co., No. 273 and PRICE & SMITH, No. 232 Bowery; CARY & Co., No. 245 Pearl-st., and by Druggists and Perfumers throughout the world.

NOTICES OF THE PRESS.
"We know of no book where the mercantile class will find more clearly and truthfully delineated their temptations, dangers, and duties, or where they will meet with more thoughts which will do to be carried with them to the counting-house, the streets, and the market-place, for every day use. Such a volume ought to be particularly valued by young men who are setting out on the hazardous journey of business life." [Presbyterian.

"We heartily wish it may find its way into every counting-house and store and place of business in our city." [Boston Traveller.
"It is a clearer and more forcible presentation of the moralities of commerce, and a safer guide through the perplexities and petits incident to a mercantile carreer, than we have ever before seen. It is eminently judicious and practical, and forms a worthy supplement to the great work of Dr. Chalmers on the same subject, adapted to the more modern modes of doing business." [N. Y. Courier and Enquirer.
"These lectures are replete with sound sense, broad and lofty views, and abound in eloquence." [Portland Eclectic.
"We trust that copies of this truly valuable volume will find their way into every counting-house, and that the truths they embody will be deeply impressed on all who read them." [North American and U. S. Gazette.
