VOL. XIII.....No 3,824. NEW-YORK, WEDNESDAY, JULY 20, 1853. PRICE TWO CENTS.

Special Notices.

☞ **Card.**—In consequence of the various articles which have recently appeared in the public prints, the DIRECTORS of the PACIFIC MAIL STEAMSHIP COMPANY deem it incumbent on them to announce that they have not authorized any combination with any party for the purpose of establishing higher rates of freight and passage money between the Atlantic ports and California—nor do they contemplate any such combination—their purpose being to confine their attention solely to their own business, and to the transportation of passengers and specie in the safest and cheapest manner practicable.

The time consumed by land carriage across the Isthmus of Panama has been lengthened by the greatly increased bulk of the mails and the measures necessary for the safeguard of the specie. A remedy for this will be provided by the early completion of the Panama Railroad, and with this consummation in view the Directors have already adopted a reduction in cost of freight and passage between California and Atlantic ports. By order of the Board of Directors,
W. H. H. DAVIDGE, Secretary.
