NINTH EPISODE of "DO or DIE"

Kinder Sentence
~~"Satan's Twin"~~

AS soon as Jack hits the water he strikes out for shore, climbs up the rocks and makes his way into the castle—only to fall once more into the hands of Satan's men who realize that in some way they were tricked into thinking Jack was killed. Meanwhile, the Mystery Woman has gone to Dolores' cell and explained that she has no cause for sorrow—that Jack only pretended to be wounded, she having drawn the bullets from the cartridges in the guns of the firing squad. Then she sees Jack recaptured and placed once more in the cell awaiting an actual execution this time. She hurries away and finds Lieut. Alvarez aboard the gunboat "Cuba." She tells him that Jack and Dolores both are in grave danger and he gets an idea from her description of Satan. He, Lieut. Alvarez, is the same in height and build and he decides to take a desperate chance. He goes to the castle and gets in through the Mystery Woman's secret entrance, forces Satan into the caves below and takes his cloak and hat, successfully impersonating him and releasing Jack and Dolores. Unfortunately the real Satan gets loose and sets his men or their trail just as they reach the rocks below. An automobile chase follows until Jack's car is crowded off the road and crashes into a gasoline service station. The wreck and the fire from Jack's engine ignite the supplies—and a stream of oil and burning gasoline engulfs the car.
