INDIA RUBBER GOODS.

TO THE PUBLIC.—INDIA RUBBER SHOES.—OUR attention has been called to an advertisement, by Horace H. Day, published in the New York Herald of 11th July, 1851, and the Courier and Enquirer of same date, in which, after much unmerited abuse of our attorney, Wm. Judson, Esq., he asserts that we dare not charge him with pirating Goodyear's Patents, under our own name; and that he does not infringe Goodyear's Patents in the manufacture of Shoes. We have purchased our licenses for the manufacture of India Rubber Shoes under Goodyear's Patents, and paid our money, and are daily paying a tariff for the same; and any other person might have done the same, if disposed to do so, rather than pirate upon Goodyear's Patents. We think it more just to purchase a right to use a valid patent, than to infringe it. Mr. Day, having been prosecuted, acknowledged Goodyear's rights, made a settlement, and agreed in future not to infringe his Patents. He is now attempting not only to infringe said Patents, but to injure ourselves, who have, for a large consideration, purchased our licenses, and now work under them; and we charge Mr. Day directly, and that over our own signatures, with pirating upon Goodyear's Patents in the manufacture of the shoes which he is now offering to the public; and we give notice that he, and all who are concerned with him in purchasing or vending his Shoes, made in violation of said Patent Rights, will be prosecuted.
