BROKEN DOWN IN HEALTH

Woman Tells How $5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took $5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

CENSOR STRICT WITH BIG LINER

Filled with eminent people of all kinds and nationalities, and with a full cargo and $4,000,000 worth of treasure in her specie chests, the Siberia Maru of the Toyo Kisen Kaisha fleet, docked at Pier 7 at 7:45 this morning.

Many Notables Aboard

Among the passengers of note are "Art" Smith, the boy aviator, and his mother, Mrs. J. S. Smith; S. S. McClure, the magazine publisher, en route to Petrograd; Miss Bessie Beatty of the San Francisco bulletin, planning a trip around the world via Yokohama and Petrograd; A. G. Denbigh, who owns big fish canneries in Russia; Mrs. W. W. Masteson, wife of an American consul-general in Africa; Capt. A. T. Simmie of Simmie & Grilk, the big Manila stevedoring firm, and many others.

Ludvigsen Has New Office

Purser C. N. Ludvigsen has a new office this trip. It is well forward, conveniently located for passengers, near the dining saloon, and was put in at San Francisco, being finished the night before the liner left.

Cargo Is Heavy

Capt. K. Hashimoto reported a pleasant voyage. He brought his command in on time to the minute. The liner's cargo is capacity, 6000 tons, and her passenger list is quite good. It consists of 68 first cabin, 32 second and 101 steerage. From Honolulu the Siberia is taking 35 first cabin, six second and 100 steerage. "Al" Evans is chief steward as usual.

Wireless Censorship Is Strict

Purser Ludvigsen said the navy censors of the Marconi's Kahuku wireless plant refused to take any wireless messages from the liner to Castle & Cooke giving the hour of arrival. He said he thinks a plan will soon be devised whereby the government will permit all steamers to wireless in the time of arrival, mentioning the captain's name instead of the liner. The British authorities at Hongkong now permit this, although at first they allowed no wireless from boats to be sent in. The plan now is, when the boat nears Hongkong, to wire in "Hashimoto will arrive Wednesday morning," or whatever the day is.

PASSENGERS GET WAR NEWS TODAY

Because of the censorship on wireless, passengers of the Oceanic liner Sonoma did not learn of the United States' declaration of war with Germany, until a territorial pilot boarded the steamer off port this morning when she arrived from San Francisco.

The Sonoma has a powerful radio set, Federal Wireless equipment, on board but immediately after the declaration of war with Germany not a solitary word about the war was caught by her wireless, because none was allowed to be sent out. The Sonoma has not received a word of wireless since Saturday night, officers said.

Even a wireless which Capt. J. D. Trask sent out Friday to the local agency, C. Brewer & Company, giving out the time he would arrive here, failed to pass the censor and was in consequence never delivered to the agency.

French experiments have indicated that sugar has a decidedly restraining effect when added to photographic developing solutions.

Secretary of the Navy Daniels announced that 60 of the new motor patrol boats would be constructed at the New York navy yard and four at the New Orleans navy yard.

BRITISH CHARTER JAPANESE BOATS

Eight Japanese cargo boats have been chartered by the British admiralty for carrying munitions supposedly from New York to the European war zone, if reports today by officers of the Siberia Maru are correct.

One of the through passengers on the big Japanese liner today is Capt. W. Burdon, who is en route to Kobe with a crew of nine men, to take charge of the first of the eight steamers.

Officers of the Siberia say there are seven English captains and crews yet to come, to take charge in Japan of an equal number of chartered Japanese steamers. Whether the boats will carry munitions from the Atlantic coast to Europe or from Japan to Great Britain could not be ascertained definitely.

GREAT NORTHERN CUTS LAST TRIP

No word was received this morning by the local agencies of the Matson, Oceanic and American-Hawaiian lines as to whether any of their steamers are to be taken off by the government and used for war purposes.

A cablegram received Sunday by the local Great Northern company, from President Fred L. Waldron of the firm, said the Great Northern will make only one trip. This will mean she will steam from Honolulu for the last time this season on April 25 instead of May 11.

The message said only "Last trip Northern cancelled; give publicity." No explanation for cutting off the last scheduled sailing May 11 is given. It is due either to poor business or the war.

JAPAN NOTABLES ARE ON SIBERIA

Among the eminent Japanese on board the Siberia Maru today are the following, according to a "Who's Who" compiled by Purser C. N. Ludvigsen:

I. Ishikawa, professor of the engineering department, Imperial University of Tokio.

G. Totoki, chief of works, Matsuoka Spinning Company.

Y. Hiki of the Nippon Cotton Spinning Company, and Mrs. Y. Hiki.

M. Kawamura of the Yokohama Specie Bank.

M. Omichi of the Takata Company.

T. Shibata, president of Daibutsu & Company, San Francisco.

S. Fujimaki of the Mitsui Bussan Kaisha.

M. Oga of the Mitsui Bussan Kaisha.

PASSENGERS ARRIVED.
