"DO OR DIE"

Episode Number 10

"The Secret Cavern"

JACK and Dolores get out of the wrecked car before the flaming oil and gas reach them, and return once more to Lieut. Alvarez, at the Captain of the Port's office. Meanwhile, the Mystery Woman finds the ring on the beach above the castle, where it has been washed ashore after Jack threw it overboard just before the wreck of the launch. The Mystery Woman is seen with it by one of Satan's men and takes refuge in a fisherman's cabin, sending the old fellow to Lieut. Alvarez for aid when Satan's hireling attacks the cabin.

The fisherman finds Jack and Dolores with Alvarez and they hurry to the Mystery Woman's aid. But one of Satan's spies in the Port Captain's office hears them say that the ring has been recovered and is at the fisherman's hut, and he sends a heliograph message to Satan to this effect. Satan and his men start for the hut just as Jack and Dolores reach there.

Jack beats off Satan and his man who is attacking the Mystery Woman, but is attacked in urn by Satan and his men when they arrive. As Satan and his men try to smoke out Jack, Dolores and the Mystery Woman in the shack, Jack gives Dolores the ring which the Mystery Woman has handed over to him. Then the three of them are overcome by the smoke from the sulphur torches Satan's men hurl into the cabin. They collapse.
