Synopsis

26610 JUL27'21

The only thing on which the Skipper and the Terrible Tempered Mr. Bang are agreed is that the Powerful Katrinka's pancakes are powerful good. Katrinka is Bang's cook, but the Skipper manages to get in on the eats by swapping fish for the cakes.

The Skipper's nephew, Adam Bibber, who is an efficiency expert, breezes into town and stirs things up. He butts into a heated discussion between Bang and the owner of the local department store on the subject of economy in production and Bang tells him he will give him anything he desires if he can point out any waste in Bang's counterpane factory.

There Bibber finds that the corners cut out of the counterpanes in order to make them fit the bedposts are sold to a ragman, and he offers to buy them at double the price being received. The corners cut out are the exact shape of baby's bibs and Bibber gets what he asks for - the hand of Bang's pretty daughter.

Incidentally Bibber gets up the Powerful Katrinka in a pancake flour concern.
