"TERROR TRAIL"

Episode Four

ELAINE and Bruce are in the flooded mine as Hunch comes to the surface. The wall of the earth parts and Elaine and Bruce are swept by the shaft. Bruce gets to the upper gallery and saves Elaine.

They tell each other where they have hidden the formula parts. Holmes overhears and as they come out he and the miners set upon the two and rob them.

Elaine and Bruce see the foreman of the mine hold up Holmes and force him to give up his part of the formula. Bruce and Elaine start after him, but he blows up the bridge between him and his pursuers. Bruce and Elaine come to the edge of the canyon and see that the miners are pursuing them. They must escape, so Bruce swings across the gap with Elaine on his back, by means of a derrick.

Once on the other side he holds the wounded foreman before himself and Elaine and in this way makes his escape.

Meanwhile Holmes has gone to Hunch and told him to expect the mine foreman to come to the house and sell part of the formula. Vera is there and has given Hunch the false part of the formula which she and Valero, [redacted] foreign agent, have made. The butler announces the two miners and as Vera goes out she tells Holmes to meet her at Valero's den. The miners enter and overhear this appointment.

The foreman goes to the desk to demand terms and as Hunch compares the parts of the formula the second miner whips out two guns and covers him ad Holmes. The miners [illegible] Bruce gets the two parts and escapes.

Elaine decides [illegible] Valero's den while Bruce is at the safe deposit box with one part of the formula. She goes, but Holmes is there and knows of her coming. Holmes and Valero capture her and try to force her to tell about the formula.
