### "DO OR DIE"

Episode 12

### "The Lost Ring"

BELIEVING Jack and Dolodes done for, Satan turns away. Dolores, uninjured by the explosion—having been in another part of the cell—comes out to Jack, who is lying beneath the spot where the explosion took place. She attends him until he recovers and they are about to leave when the Mystery Woman comes on and gives them the parchment. Then they start home, but meet Satan alone as they are getting out of the castle. In the struggle with Satan, Jack sees the ring and regains it. He now has both the parchment and the ring. He quickly deciphers the inscription on the ring, then sends Dolores home with the ring, while he keeps the parchment and goes to Alvarez' office. Satan captures the Mystery Woman and confines her in the caves, then gets an idea to let her loose and trail her—believing she will lead him and his men to Jack. The scheme works, as the Mystery Woman heads for Dolores' home. Satan follows, breaks in and secures the ring again. Meanwhile, Jack has seen Lieut. Alvarez and told him he intends to start for the treasure at once. He leaves the Port Captain's office to go to Dolores' home and comes upon Satan and his men just after Satan comes out of the house with the ring. A battle follows, with which the episode ends.
