"The Arm of the Law"

HUNCH and his ex-butler arrive near the stronghold of the mysterious third band. Their place is apparently an old barn from the outside, but a well-equipped laboratory within. One of their number is a young girl. The butler finds the place, but is stopped by a guard. Taken within, the leader tells him it is the master with whom they wish to deal. The girl goes back with him to make an appointment with Hunch.

Elaine and Bruce lose trace of Hunch. Bruce goes to inquire while Elaine rests at a hotel. She sees the car which Hunch has dismissed. She tries to talk with the chauffeur, but he speeds up to elude her. Elaine, in her own car, pursues. She picks up Bruce on the way. The chauffeur takes to a mountain road to escape. Elaine pulls up beside him. Bruce steps into the other car and tries to stop it. The driver struggles with him. Elaine sees that the car is in danger of plunging over the cliff. She, too, leaps into the other car. But she is too late and the car with all three in it goes over the edge.
