HUBB[illegible] HUTCH - #12 - "Re[illegible]ourage."

The current chapter opens with "H[illegible]ch" escaping from his pursuers and finding Nancy Kellogg in the w[illegible]s, also making a getaway. As their enemies are about to bear down upon them, Hutch sees a canoe on the river bank, and with Lucy he makes another escape from them. When the canoe goes over the rapids, both are thrown into the rushing waters, but Larry swims with the girl and succeeds in reaching a cave along the rocky shore. The two young people then climb the side of the cliff and as they reach the top are captured by their pursuers. "Hutch", who now has the coveted silver scarf, dives from the cliff to the waters below, and his enemies, believing that he has perished, quit the scene with Lucy a prisoner.

"Hutch", however, reaches shore in safety and plunges through the woods, hoping to find Nancy and rescue her. Nancy, meantime, has fallen into the hands of Marlow and Ann Haviland, both seekers after the silver scarf. After a series of adventures, "Hutch" decides to climb to the top of a tall tree in order to get a birdseye view of the country and possibly locate Nancy. He does not notice that lumber jacks are dynamiting the trees, and as soon as he reaches the top and has seen the girl, he looks down and sees that the lumbermen have already lit the fuse to the dynamite charge. Before he can cry out there is a terrific explosion, and the tree crashes earthward with Hutch.
