"Westward Whoa!"

One-Reel Star Comedy

MR. and Mrs. Middleton Muggs start on a transcontinental flivver tour from New Sharon to Universal City accompanied by the Fuller Glooms. Their first mile is nearly their last—an express train almost makes mincemeat of the Ford and themselves; but they luckily escape. While they are stopping for a picnic lunch, Mrs. Muggs finds a cunning "Persian kitten," which turns out to be a skunk, and—zip! . . . two perfectly good, all-wool suits have to be buried.

Held up by a freight at a crossing, they run the tin-lizzie up two planks and across an open car. Before they can get through the freight car, a trainman locks them in. They make the best of matters and fry some eggs on the radiator and boil coffee on the engine of their auto. A water tower sops them all and ruins their meal. Twenty days later they are released from the freight car in New Sharon—the town they had started from!
