Synopsis of Spat Comedy
"Hot Stuff"

Produced by Hal Roach.

The Spat Family, Tewksbury Spat; his wife, Angelica, and her brother, Ambrose, witness the destruction by fire of a boarding house in their town, and find the local fire department lacking in many things. Fearing a similar fate for their own home, they buy a combination fire engine and ladder truck. Angelica becomes Chief of this private department, and they take the apparatus out for an airing. Since they have put it together themselves, it operates in a most remarkable manner, and when their home does catch fire, their engine does everything but put it out. They manage to save the foundation.
