Powers Split Reel—Released July 27.

By Jay Evans.

Jack has a mule with a rubber tail. When he tries to stretch it so as to have more tail or more mule, Gasolina objects. She said it was not in the contract. So she kicked Jack way into the middle of next week. He landed on a train bound for the coast. So Gasolina is in New York, her tail in San Francisco and a flea was biting her in Kansas. So she joined her master. He shot the flea and they meandered home right merrily.
