## No. 54.

HENRY WALKER of Tennessee has discovered a new and very profitable game, which is called "Go Seek the Hide." It is a skin game that requires no investment except time and patience, and ink, raccoon and bear skins bring good prices. The modern fairy godmother is Dame Fashion, for in her hand she holds the beauty that will transform any cinderella into a shimmering fairy princess—if she has the magic password—"money." A funny cartoon in which a dog and a pussy cat battle with boxing gloves; a close-up interview with the ferret, not the "tax" kind, but the rat's most deadly enemy; and some laughographs that are found in the want ad columns of daily newspapers on the order of "Wanted—Front parlor steam-heated by [illegible] with no child on"—complete this issue.
