On The New York Stock Exchange

A Sound Financial Condition

There are 1,100 members of the New York Stock Exchange. The average of business failures among them during the past ten years is less than ½ of 1% per annum. Half of these settled with their creditors and were reinstated, reducing the absolute failures to ¼ of 1%. This percentage is lower than that of any other business, including national banking. This reveals a high degree of business ability and honesty among Exchange members and suggests the desirability of conducting security transactions with firms where risk is reduced to a minimum.

CURB ISSUES MAKE SUBSTANTIAL GAINS

Strong Tone Develops in Outside Market After Early Irregularity.

Stocks in the outside market developed yesterday a decidedly strong tone following early irregularity and at the close of business numerous issues showed substantial gains. The advance in prices, which began in the early afternoon, increased as the close drew near and final prices generally were at the top. Stock of the new chemical merger was in vigorous demand in the last two hours and rose more than 4 points from its early low. It reacted toward the close, due to realizing sales by traders.

The oils were prominent in the higher movement, but heavy activity was confined to a few issues. General Asphalt was 5 points higher and there was further buying of Guffey Gillespie, while Simms Petroleum gained a point of its loss made earlier in the week. Midwest Refining sold off 2 points on a small exchange of stock.

Small improvements were shown in several issues in the miscellaneous group. Movements in the mining section were confined to narrow limits, and after small losses a better demand developed.

The new French Government 8 per cent. loan was introduced to the market and sold up a fraction from the initial sale.

Total sales and range of prices follow:

CONSOLIDATED EXCHANGE.

Posting of a 6 per cent. rate for all call funds was followed by a brisk forward movement throughout the list during the final hour of yesterday's trading in the Consolidated Stock Exchange. It carried numerous industrials from 2 to more than 10 points more than Wednesday's final quotations. An advance of 12½ in United Fruit to 298½ was the outstanding feature of the session. In the rails the volume of trading was limited and improvement was mainly fractional. Last prices were about the day's best.

Orpheum Shows Profit.

The Orpheum Circuit, Inc., reports for six months ended on June 30, a profit, after charges and Federal taxes, of $1,316,520, equal to $1.39 a share earned on its outstanding common stock of $1 par value, after deduction of its preferred dividends. The company's gross income was $7,244,283, and its expenses, depreciation, &c., $5,677,863, leaving net earnings before taxes of $1,566,520. Its Federal taxes were estimated at $250,000 and it distributed dividends of $322,873, leaving a surplus for the six months of $493,647.

Cut Wool Cloth Prices.

An approximate cut of 20 per cent. in wool cloth prices by the American Woolen Company was noted yesterday at the company's opening of its fall exhibit in this city, according to the *Textile World Journal*. The cut, said to be less than anticipated by the trade, was attributed to the fact that there had been little demand for woollen goods.

FINANCIAL NOTES.

William P. Carroll has been elected assistant manager of the Harlem office of the Columbia Trust Company.

Julian W. Potter, vice-president of the Italian Discount and Trust Company, has been elected a director of that company and a member of the executive committee of its board.

Salomon Bros. & Hutzler have prepared a booklet giving descriptive matter of numerous short term obligations of governments, railroads and industrial securities, maturing in a year to twenty years.

Bankers Trust Company has just published a pamphlet entitled "The United States of America Since the Armistice," by Fred I. Kent, one of the company's vice-presidents. It is an address delivered by Mr. Kent in Paris last June before the Congress of the International Chamber of Commerce.

R. S. Sauer, formerly with W. G. Souders & Co., and Frederic Remington have joined William West & Co.'s sales department.

Montgomery & Co. are offering at 102.75 and interest, yielding about 5.15 per cent. to optional period and 5.50 per cent. thereafter, $700,000 of Schuylkill County, Pennsylvania, 5½ per cent. highway bonds of 1920, dated July 1, 1920, and maturing in July, 1950.

Lee, Higginson & Co. announce for the syndicate that the issue of $5,000,000 of ten year 7 per cent. gold notes of the Hartford Electric Light Company has been sold.

E. W. Wagner & Co. announce that the Chicago Board of Trade is offering $10,000 in prizes for the best exhibit of grain, hay and seeds at the International Grain and Hay Show to be held at the International Live Stock Exhibition at the Union Stock Yards, Chicago, on November 27 to December 6. A desire to promote improvement in quality and quantity of grain yields prompted the offer.

Clinton Gilbert is issuing a comparative table of New York city banks and trust companies.

New Orleans Cotton Market.

NEW ORLEANS, Sept. 9.—An unsettled and uncertain market ruled in cotton today with net results on the close showing both advances and declines. Close: October, 25.75c.; December, 26.18c.; January, 25.97c.; March, 24.42c.; spot steady and unchanged; middling, 29.25c.
