ENDEAVOR MEET NEXT WEEK

Rev. Oscar Lowry Gives Opening Address to Convention.

Special to The World.

OKLAHOMA CITY, June 3.—The 21st annual convention of the Oklahoma Christian Endeavor union will take place in Oklahoma City June 8-9, main sessions of the convention to be held in the First Presbyterian church. This convention has been termed as the "best ever" and indications are that this will be true in every sense of the word. Over 1,500 registrations have already rolled in to Miss Islah Be Wee of this city, who is the registration chairman, and while the pre-convention rolls have closed, yet it is expected that hundreds will register before the closing session of the convention.

The convention motto is, "All for Christ Christ for all and the world is not to might nor to power, but by my spirit, saith the Lord of Hosts," and from this text Rev. Oscar Lowry of Tulsa will deliver the opening address on Monday evening, June 8. Monday evening will be featured also by the "pep" parade, when each of the districts carrying a registration flag will march around the main auditorium of the convention church. The evening will be closed with a social hour in charge of Miss Mozelle Pigott.

CABINET MAKER MISSING

No Cause Known for Disappearance and Foul Play Feared.

Special to The World.

ENID, June 3.—A. W. Doran of 609 North Grand, in morning after Monday morning when he left home to go to the shop where he and his father-in-law are cabinet makers. There was no reason for him to leave, said Mr. Mingo, his father-in-law. He is married, is the father of one child, but there has been no family trouble of any kind.

Doran is described as being about 5 feet 8 inches tall and weighs about 150 pounds. When he left home he wore a panama hat and a blue suit. He is thought to have had about $150 with him and his relatives fear trouble, since there are many idle men in Enid at present and Mr. Doran was on the streets at a short time after 5 a. m.

BABY GIRL IS DESERTED

Red Cross Takes Charge of Infant Left on School Grounds.

Special to The World.

PAWNEE, June 3.—The Red Cross chapter at Pawnee is the mother of the present time to a baby girl, now about two weeks old, which had been left by persons unknown on the retaining walls of the public school grounds in this city. Two Pawnee ladies, Mrs. Palmer Fay and Miss Margaret Moore, were attracted by a child's cries, and found the baby girl on the wall. The Red Cross took charge of the infant and has been using every effort to get information as to the child's parentage and their health in order to facilitate getting the child a good home.

AWAIT SCHOOL ADDITIONS

Chilocco Folks Hope Cato Sells Program Will Be Filled.

Special to The World.

CHILOCCO, June 3.—The Chilocco Indian school authorities are awaiting with considerable eagerness the decision of the Indian department and congress relative to the proposed additions at the school to make of it the Carlisle of the west. This was the program outlined and announced by the recently retiring commissioner, Cato Sells, and it was taken into consideration also by an Indian affairs committee of the house when the members visited Chilocco about a year ago.

At that time it was announced semi-officially that the school would be equipped for 1,000 pupils as against between 500 and 600 at the present time. The officials of the school anticipate a visit in the near future from a representative of the department who will investigate the needs of the institution.

DYNAMITE FACTORY SAFE

Assailants Do Much Damage, but to Very Little Profit.

Special to The World.

ENID, June 3.—Yeggs entered the Coca Cola bottling works office and blew open the safe, almost demolishing the building Tuesday. In the early morning hours, as ascertained by the clock which had stopped at 3:22, when it fell to the floor. There was about $150 in the safe.

The noise was so much like the thunder which had been reverberating all evening that people who live near simply thought it another roll of thunder and paid no attention. The owner was notified when the watchman made the discovery in the early morning. The job, a very bungling one, is evidently the work of amateurs.

Special to The World.

MIAMI, June 3.—After long delay, and a careful consideration of the facts and circumstances connected with the case, C. R. Wood has been held without bail for trial in the district court on a charge of complicity in the murder of O. B. Vanderpool, a Joplin detective, about a year ago. Hawkins, the other participant in the crime, was convicted and sentenced to the penitentiary for life.

SUPPLIES FOR RELIEF WORK.

Julius Henke, proprietor of Traders No. 4, Second and Boulder, outlines the following policy for his store as regards supplies for relief work:

"This is no time for anyone to think of making money. Money made by the present unfortunate conditions, would, indeed, be 'blood money.' Beginning at once all purchases made at my store for relief work will be sold at cost plus our low handling expenses. A number of my best employes are detailed to see that all such purchases are handled in accordance with the above policy."—Adv.
