Seventh Annual Edition

Pikes Peak, Grand Canyon and Yellowstone Log Book

Established 1909 — Including Guide to Utah

F. D. B. GAY, Publisher. SALT LAKE CITY AND PROVO, UTAH

Copyrighted 1916, by F. D. B. Gay.

This new book contains the logs of the main auto roads of Utah, Southern Idaho, Colorado and Nevada. In view of some of the remote desert sections logged, where roads are not definitely established, accurate road data is impossible in all cases, and this book does not claim to be infallible. New settlements, washouts and weather all tend to make some slight road changes, that are impossible to record. Where such changes throw your speedometer off you should reset with the logs at fixed points, such as ranches, pole lines or towns. The publisher wishes to acknowledge indebtedness for logs and information furnished to Howard I. Piatt of Grand Junction, Colo., the Twin Falls Auto Club, J. C. Clay of Idaho Falls, Idaho, Gale S. Hoag, Lincoln Highway Counsel for Nevada, Ely, Nevada, and Dave Dowd of the Yellowstone Garage, Idaho Falls, Idaho.

Our 1917 edition will be issued in due time and will be more complete and embrace in addition western Wyoming and Montana.

The policy of this log book is to sell its advertising space to only the very best garages and hotels of each town, and the places here mentioned are recommended as the best. Users of this Log Book will confer a favor, if they will report any poor service or irregular treatment from any of our advertisers.

Human limitations make it probable that some errors have crept into the logs. Maybe a right or left turn is reversed, or a right or left fork of roads confused. The publisher would be very grateful if notified of such errors. Thanking my many patrons for their loyal support, I submit my 1916 edition to the public.

THE PUBLISHER.

Park Rules and Regulations

Pursuant to authority conferred by section 2475, revised statutes, United States, and the act of congress approved May 7, 1894, the following regulations governing the admission of automobiles into the Yellowstone National park are hereby established and made public:

1.—Automobiles. The park is open only to such automobiles as are operated for pleasure and not to those carrying passengers who are paying, either directly or indirectly, for the use of the machine.

2.—Motorcycles. Motorcycles are not permitted to enter the park.

3.—Tickets of passage. Tickets of passage must be secured and paid for at the checking station where the automobile enters the park. This ticket must be conveniently kept, so that it can be exhibited to park guards on demand, and must be surrendered at the last checking station on leaving the park. Tickets of passage will show (a) name of owner, (b) license number of automobile, (c) name of state issuing license, (d) make of machine and manufacturer's number, (e) name of driver, (f) seating capacity of machine and (g) number of passengers.

4.—Fees. Fees are payable in cash only, and will be as follows for each trip through the park: For runabouts on single-seated cars, $5.00; for five-passenger cars, $7.50; for seven-passenger cars, $10.00.

5.—Muffler cut-outs. Muffler cutouts must be closed while approaching or passing riding horses, horse-drawn vehicles, hotels, camps or soldier stations.

6.—Distance apart—Gears and brakes. Automobiles while in motion must not be less than 100 yards apart, except for purpose of passing, which is only permissible on comparatively level or slight grades. All automobiles, except while shifting gears, must retain their gears constantly enmeshed. Persons desiring to enter the park in an automobile will be required to satisfy the guard issuing the ticket of passage that the machine in general, and particularly the brakes and tires, are in first-class working order and capable of making the trip, and that there is sufficient gasoline in the tank to reach the next place where it may be obtained, and carry two extra tires. For this purpose, all drivers will be required effectually to block and skid the rear wheel with either foot or hand brake, or such other brakes as may be a part of the equipment of the automobile. Gasoline can be purchased at regular supply stations as per posted notices.

7.—Speeds. Speeds must be limited to twelve miles per hour ascending and ten miles per hour descending steep grades, and to eight miles per hour when approaching sharp curves. On good roads with straight stretches, and when no team is nearer than 200 yards, the speed may be increased to twenty miles per hour. Horns must be sounded at all curves where the road cannot be seen for at least 200 yards ahead, and when approaching teams or riding animals.

8.—Teams. When teams, saddle horses or pack trains approach, automobiles will take the outer edge of the roadway, regardless of the direction in which they may be going, taking care that sufficient room is left on the inside for the passage of vehicles and animals. Teams have the right of way, and automobiles will be backed or otherwise handled as may be necessary so as to enable teams to pass with safety. In no case must automobiles pass animals on the road at a greater speed than eight miles per hour.

9.—Fines. Fines or other penalties will be imposed for arrival of automobiles at any point before approved lapse of time, hereinafter given, at the following rates: Fifty cents per minute for each of first five minutes; $1 per minute for each of the next twenty minutes; $25 fine or

ejection from the park, or both, in the discretion of the acting superintendent of the park, for being more than twenty-five minutes early.

All cars must run on schedules. These schedules are posted at all stopping places and are arranged to not interfere with the regular passenger travel in horse-drawn vehicles. At different points of interest through the park, as well as hotels, sufficient stops are allowed to give the tourist all the time needed to see the sights or get something to eat. Cars, however, have to stop at these regular stopping places until their regular leaving time, whether they wish to continue or not.

45.2—IDAHO FALLS, Eleanore Hotel Corner.

ST. ANTHONY TO YELLOWSTONE VIA ASHTON.
(76.8 Miles)

This is over the new road to the Yellowstone and is a good first-class road from Ashton to the junction with the old Yellowstne road. This road has recently been built, is well graded and in excellent shape. It has some fairly steep grade, but nothing that the average car will not easily pull. On the return trip from the Park, the road via Ashton is by far the better way, as the last 17 miles to Ashton is over considerable down grade and a well kept roadway.

0.0—ST. ANTHONY: Leave St. Anthony Machine Co. garage on right, turn left, go one block and cross diagonal across lots to main pole line, follow poles; 0.6 turn left with poles; 0.9 cross bridge; 2.4 turn right with poles; 3.7 turn right to bridge; 3.8 cross Snake River; follow poles; 4.5 turn left with poles; 4.8 Snake River on left; 6.6 Chester, small settlement; 6.8 turn left, with poles, passing school house on left; 8.2 cross open ditch; 8.4 cross Fall River; 8.6 keep right; 10.2 leave poles on left, keep right over new road; 10.6 turn left, pass small ranch house on left;

Bank of Meeker

Meeker, Colorado

....MEEKER (COLO.)—(Ele. 6,240. Pop. 1,023). Meeker, the county seat, is situated on the north bank of White River, and is forty-five miles from Rifle, the nearest railroad point. Craig, the present terminus of the "Moffat" road, is about the same distance.

The town has an $18,000 grade school building, a $44,000 high school building, a $20,000 electric light and power plant, a $20,000 flour mill, a planing mill, two lumber yards and a $60,000 gravity system of water-works, owned by the town.

Meeker has the following lodges: Masonic Blue Lodge and Chapter, K. T. Commandery, I. O. O. F., Modern Woodmen, Woodmen of the World, G. A. R. Post, and several auxiliary lodges.

There are three church buildings in Meeker: Episcopal, Methodist and Catholic.

Meeker is on the Ocean to Ocean highway, leading from Colorado to Utah. This is the preferable route for autoists going west. The Ocean to Ocean highway is in good condition all the way, considering the county traveled. Meeker is one of the most delightful stops en route. Situated on the White River, 45 miles from railroad, it is in one of the greatest cattle raising sections of the west, and the town still has the atmosphere of being thoroughly western. Out from Meeker are several one-day trips that are well worth making, and we recommend to the auto tourist that three days to a week may well be spend in Meeker. There are opportunities here for sight-seeing, fishing and real out-in-the-open experiences not met elsewhere. Marvine Lake, a trip up the White River, Trappers' Lake and numerous mountain retreats are all accessible from Meeker.

Meeker should be made the over-night stop both going and coming, as the 120 miles to Vernal on the west is a good day's drive. Meeker has a good hotel, first-class garages, and excellent stores, where all kinds of supplies and merchandise may be had. There is a charm about Meeker that you will enjoy; it still smacks of the west that has passed, while supplying all the comforts of town life. It's location away up among the mountains, the great expanse of outlying territory, leave an impression that is not soon forgotten.

First Nat. Bank.—Cap. $40,000; surplus and profts $27,000. C. C. Parks, Pres.; L. B. Walbridge, Cashier; R. Oland, Vice Pres.; J. Ernest Oland, Asst. Cashier. Do a general banking business. Give prompt attention to matters for non-residents.

Bank of Meeker—J. W. Hugus and Co. A. C. Moulton, Cashier, Oldest bank in Meeker. This bank takes a vital interest in the growth and development of Meeker and Rio Blanco county and is always ready to assist in every feasible way those seeking its aid.

J. W. Hugus Co.—In Meeker is located one of the large, up-to-date stores of the well known J. W. Hugus and Company. This is the most complete line of merchandise in western Colorado and tourists can have all their needs supplied. All tourists are invited to call and ask for any information they may desire. J. W. Hugus & Co. have stores and branks in all the larger towns of northwestern Colorado. Mr. A. C. Moulton is local manager.

87.9—MANITOU: Elevation 6443 feet. Follow straight past Manitou Springs to

33.9—**ROOSEVELT:** Go straight ahead to 34.0, turn right, follow

Meeker Garage

Meeker, Colo.

On the road of Ocean to Ocean Auto Highway Garage, repairs, gas, oils and accessories. Make Meeker one of your stops and get information concerning many delightful hunting, fishing and pleasure grounds in this section.

GRAHAM & JOY, Props.

main road; 34.1 cross bridge; 38.4 turn right up dugway—sharp curve—be cautious; 38.8 top of dugway; 40.8 keep right; 41.7 Fort Duchesne on left—turn left at corner.

41.9—**FORT DUCHESNE:** Former military post. Pass old drill grounds on left and postoffice on right; 42.2 cross Duchesne River bridge and follow main road; 43.0 turn left, passing small store on right; 43.5 turn right; 44.4 turn right.

44.7—**MOFFAT:** Small settlement here. 45.3 sand; 46.5 cross open ditch; 48.3 sand; 52.3 dugway; 55.3 cross bridge; 61.3 danger sign; 63.3 turn right and follow main road to

67.3—**VERNAL:** Hotels and garages.

VERNAL, UTAH, TO DUCHESNE, UTAH.

67.3 Miles.

0.0—**VERNAL:** With Uintah State Bank on corner on right, go straight west on main street, passing Leslie Ashton Hardware and Ideal Garage on right; 0.5 turn left; 1.0 turn right—this road is marked with Pikes Peak Ocean to Ocean road signs; 4.0 turn left with poles; 5.4 grade; 5.7 danger sign; 12.0 cross bridge; 15.0 dugway; 19.0 sand; 20.8 cross ditch; 22.0 sand;

22.6—**MOFFAT:** Small settlement. 22.9 turn left; 23.8 follow poles; 24.3 store on left—turn right; 25.1 cross Duchesne River.

25.4—**FORT DUCHESNE:** Formerly government military post. Pass postoffice on left—old drill grounds on right—pass drill grounds on right; 25.6 turn right; 26.0 forks—keep left; 27.2 ranch; 28.6 road curves around dugway—go slow; 28.9 ranch; 29.4 grade—cross ditch; 33.2 cross bridge; 33.3 turn left.

33.4—**ROOSEVELT:** Gas at Ashton Hardware and Roosevelt Garage. Pass Ashton Hardware on left, go to end of block and turn right, passing Bracken Mercantile on right—turn left, past Roosevelt Garage on right; 33.9 turn right with poles; 34.9 cross bridge; 35.4 leave poles; 38.1 turn left; 39.7 turn left; 40.0 turn right; 41.1 turn left; 41.5 dugway; 42.3 dugway; 43.4 dangerous dugway—go slow; 44.8 cross Duchesne River bridge;

44.5—**MYTON:** With Calvert & Waugh store on left, go straight ahead, pass bank on right; 46.2 cross canal, follow poles; 47.1 turn left; 48.0 cross canal; 48.2 keep right—road to left goes to Price via Price Canyon; 52.0 sharp curve to right over bridge; 54.2 keep right; 54.4 turn left; 54.6 cross canal, turn right; 54.8 keep left; 56.6 canal on right; 57.3 cross canal; 58.0 cross canal; 58.6 dugway; 58.9 cross canal; 59.0 cross canal; 59.5 dugway; 59.9 grade; 60.0 dugway; 60.1 dugway and sharp curve; 60.5 sharp curve; 60.9 cross bridge; 61.0 grade; 62.0 dugway and

grade; 65.0 grade; 65.6 curves—slow; 66.1 grade; 66.2 turn right; 66.4 turn left—Strawberry River on right; 66.6 cross Strawberry River bridge; 66.9 turn right and follow poles to Arlington Hotel.

67.3—**DUCHESNE:** Main Street corner.

PROVO, UTAH, TO DUCHESNE, UTAH, VIA STRAWBERRY DAM.

100.6 Miles.

0.0—**PROVO:** With Postoffice on left and Tabernacle on right, go south on Academy Avenue past Roberts Hotel on right to 0.2 (lumber yard on corner); turn left and at 0.9 turn right into main traveled road and follow main road with poles to

6.0—**SPRINGVILLE:** Keep straight through town; 6.5 cross railroad and follow poles to 9.6, forks—make sharp turn to left (road straight ahead goes to Spanish Fork and is about two miles longer, but an equally good road) and follow main road, cross railroad with Mapleton station on right and turn right into first main traveled road and follow to 13.7; cross bridge over railroad and follow fine road up Spanish Fork Canyon (canal along foothills on right is main canal for the Strawberry U. S. Reclamation project) to

18.6—**CASTILLA SPRINGS.**

20.1—**DIAMOND SWITCH:** (Note: If your speedometer shows different reading here, on account of having followed any other than the road logged to Diamond Switch, set speedometer at 20.1). Turn left, passing buildings on right—road straight up canyon goes to Thistle, Colton, Price, and is the Utah link of the Midland Trail to Colorado—left road is the Ocean to Ocean Highway and is one of the best roads in the west, considering scattered population; 20.2 cross Spanish Fork River; 21.4 pass stone house; 25.8 cross bridge; 26.8 cross bridge; 30.5 pleasant shade—the road from here to 35.6 is rather heavy grade; 35.6 down grade; 42.2 east end of Reclamation tunnel—a few houses on right—the tunnel entrance is about 200 yards to right and is worth a stop to visit; 41.0 keep left; 42.3 keep left—this is a fairly heavy up grade; 47.5 keep right;

48.4—**TOP OF THE WASATCH:** One of the finest views in the west. The highest mountain peaks to the south and west are Mt. Timpanogas and Mt. Nebo, each 12,000 feet high—the Strawberry Reservoir is seen ahead in the distance. Follow main road along dugway; 50.3 keep right; 50.7 cross bridge—poles on left—follow main road to

53.5—**STRAWBERRY DAM:** Elevation 7572 feet. This is one of the largest projects of the U. S. Government and carries the water of Strawberry River through the mountains just crossed and empties it into the Spanish Fork River 30 miles below. Cross dam and follow main traveled road—the next five miles are across the divide, and this is the poorest piece of road traveled between Provo and Duchesne; 53.7 down grade; 54.0 cross Strawberry River—fine water; 54.4 rough; 55.0 steep; 57.7 top of divide; 58.7 turn right along fence (road to left comes in from Heber) to

58.9—**ROCKHILLS RANCH:** Gasoline. First-class home-cooked meals served here. Keep straight ahead on main road; 59.6 top of divide—the next six miles are down grade through canyon; 63.0 pass cabin on left—keep right; 66.7 High Center; 67.2 keep right; 67.4 grade and dugway; 67.9 dugway and grade above creek; 68.2 down grade; 68.4 ranch; 68.8 keep right; 69.1 sharp grades; 69.7 ranch;

71.4—**MAHONEY'S RANCH:** 71.2 turn left across bridge over White Currant Creek and continue up grade and dugway; 72.3 keep right; 72.5 wash; 72.6 keep right; 73.2 up grade; 74.2 down grade; 75.2 down steep dugway—go slow;

75.4—**MURDOCK'S RANCH:** Pass ranch on left (good water here); cross Red Creek; 75.8 up bad dugway; 75.9 keep right; 76.0 wash; 76.1 up grade; 76.9 wash; 77.2 narrow dugway above creek bed; 77.7 up rocky

dugway—keep right; 78.0 high centers; 78.8 cross wash; 79.2 small shack on left; 81.3 rocky grade; 83.0 cross wash; 84.8 up canyon; 85.2 high centers—be very careful; 86.0 top of divide; 90.4 level stretch; 92.5 down canyon; 93.5 very bad high centers; 94.4 Strawberry River; 94.6 bad mudhole caused by spring from hillside—if muddy examine well before crossing; 94.9 dugway above Strawberry River; 95.6 pass red school house; 95.9 cross river; 96.6 rocks; 97.9 rocky grade; 98.7 cross river and follow main road to

100.6—DUCHESNE.

DUCHESNE, UTAH, TO PROVO, UTAH, VIA STRAWBERRY DAM.

100.6 Miles.

0.0—DUCHESNE: With Odekirk's store on left, go straight ahead on main street (0.2 do not turn left with road signs—this road goes to Colton and is not recommended); 0.3 turn to right one block; 0.4 turn left and follow main traveled road; 0.7 up grade and dugway; 1.9 cross Strawberry River; 2.7 rocky grade; 4.0 rocks; 4.7 cross river; 4.9 keep left; 5.0 pass red school house; 5.2 rough road; 5.4 narrow dugway; 5.7 narrow dugway above river; 6.0 dugway—bad mudholes caused by spring from hillside; 6.2 turn right—leave Strawberry River and take up grade through canyon; 7.1 be very careful—dangerous high centers; 8.1 end of canyon; 8.2 grade; 8.8 keep right; 10.2 on divide; 11.5 keep right; 14.6 keep right—top of divide; 15.4 dangerous high centers; 15.8 down canyon; 17.0 wash; 17.8 keep left; 19.3 rocky grade; 20.5 keep left; 21.4 small shack on right; 21.9 cross wash; 22.2 keep left; 22.6 high center; 22.9 down grade—rocky dugway; 23.4 narrow dugway above creek bed; 23.7 cross wash; 24.5 down grade; 24.6 wash; 24.8 dangerous dugway down Red Creek; 25.1 cross creek;

25.2—MURDOCK'S RANCH: Fine water here; 25.2 up steep dugway—pass ranch house on right; 25.4 top of dugway; 26.4 up grade; 27.0 keep left; 27.4 down grade; 28.1 wash; 28.7 down grade and dugway to White Currant Creek; 29.0 cross creek and keep left and then turn to right, going up grade to

29.2—MAHONEY'S RANCH: 30.0 keep left; 30.9 ranch; 31.5 sharp grades; 32.2 ranch; 32.4 up grade; 32.7 dugway and grade above creek; 33.1 top of dugway; 33.2 down dugway; 33.5 up canyon; 33.9 bad high center; this road continues up canyon—pass cabin at 37.6 and the next three miles are heavy grade to 41.0, top of divide; keep main road to

41.7—ROCKHILL RANCH. Gasoline and first-class home-cooked meals may be had here. The road forks here for Heber and the Strawberry Dam and Provo; 41.9 turn left at fence corner (road straight ahead goes to Heber via Daniels Pass); follow main road across divide; 42.9 top of grade; 45.6 steep grade; 46.2 grade and rough; 46.6 fine water; 46.9 grade;

47.1—STRAWBERRY DAM: This is one of the largest reclamation projects of the U. S. Government and carries the water of the Strawberry River through a tunnel of the Wasatch to the Spanish Fork River on the other side of the range; elevation 7572 feet at dam; pass reservoir on right and follow poles on right; 49.7 keep right; 49.9 cross bridge, turn right; 51.0 to 52.2 dugway.

52.2—TOP OF THE WASATCH: This is one of the finest views in the west—Mt. Timpanogos, Mt. Nebo and other high mountain peaks are seen in the distance; 57.6 keep right—houses on left; 58.3 keep right; 58.4 end of tunnel through mountains—tunnel on left; 65.0 top of steep grade—from here down to the railroad is a fine road and down grade; 70.1 pleasant shade; 73.1 keep right; 73.8 cross bridge; 74.8 cross bridge; 79.2 pass stone house; 80.4 cross Spanish Fork River;

80.5—DIAMOND SWITCH: Cross railroad turn right (road to left goes to Colton and Price); 81.6 cross railroad and follow main road down

The Famous Bathing Resort

Hot Pots

S. J. SCHNEITTER

Proprietor

THE ONE PLACE EVERY VISITOR TO UTAH SHOULD SEE.

The Most Famous Bathing and Health Resort in Utah. Located in the lap of the beautiful Wasatch Mountains at MIDWAY, Wasatch County, Utah. On Pike's Peak, Ocean to Ocean highway via Heber. Guests enjoy motoring over fine roads, horseback riding, hunting and fishing in season. Large parties should telephone one day before arrival. Rigs and saddle horses at resort. Ample service for large parties in our dining room, but parties should phone for room reservations.

To reach the resort by rail take the train to Heber or stage from Park City. Phone to the Resort or to Heber Livery for rigs which will meet the train. A pleasant 25-minute drive takes you to the Resort.

Midway, Wasatch Co., Utah

TROUT DINNERS A SPECIALTY

canyon; 81.9 Castilla Springs on left—follow main road; 86.9 cross bridge over railroad and follow along track; 87.5 keep straight ahead (road to left between pole lines goes to Spanish Fork); cross railroad, follow main road with railroad on left, and at first crossroads turn left, passing Mapleton station on left and follow to 91.0; turn sharp to right (road straight ahead goes to Spanish Fork); follow poles to 9.41, cross railroad and keep straight ahead into

11.2—FRUITA: Main business corner. Pass square on left, turn right, follow to 11.6, interurban station and turn left and follow railroad to

16.6—LOMA: Follow main road to 19.7, turn left across bridge and turn right at store.

20.0—MACK: Go west past section house, follow road with Uintah Railroad on right; 22.0 cross wash, follow main road with railroad on right; 24.6 turn left and cross bridge, and follow main road to 26.4—road runs onto old railroad grade—follow on main road to 33.0, Utah-Colorado state line. The road from here for a distance of about 30 miles to Cisco is cut with very bad washes and is one of the worst pieces of road in the west—the frequency of the washes may be had by reading log Thompson's Springs to Grand Junction. An accurate log of this road is an impossibility, as storms add new washes which may make a detour of a mile or more necessary to get around. Tourists need have no fear, however, of getting 'tied up" on the desert, unless stormy weather is encountered. All the washes may be made with careful driving, and care should be taken in crossing any wash where water is flowing.

62.4—CISCO: Gas and hotel. With stores on left, pass depot on right, following main road; 63.1 keep left; 63.3 cross bridge; 64.8 cross railroad; 69.2 down steep grade; 69.4 cross railroad; 69.7 bad bridge; 70.9 White Station on right; 79.2 turn left, cross railroad; 79.7 bad ditches; 75.5 steep wash; 75.8 bad ditches; 75.9 cross railroad; 78.4 bad ditches;

79.1—SAGERS STATION: Water here. Railroad on right; 81.4 defective bridge; 83.2 short deep wash; 84.3 cross railroad—high center—keep main road to

86.6—THOMPSON'S SPRINGS: Gas and hotel.

GREEN RIVER, UTAH, TO THOMPSON'S SPRINGS, UTAH.

33.0 Miles.

0.0—GREEN RIVER: With Midland Hotel on right, go straight on main street one block and turn left; 0.1 turn right; 0.2 turn left; 0.7 turn left—railroad on right; 1.0 Green River bridge; 1.2 end of bridge; 1.4 turn right at Elgin Mercantile Co. store—Elgin Garage on right.

1.4—ELGIN: Keep road to left—don't cross railroad; 3.5 wash; 5.6 turn right across railroad (railroad mile post on left, Denver 550 miles); turn left on main road; 9.1 bad ditch; 9.4 sharp grades; 12.7 bridge; 13.6 keep left; 13.7 bad wash; 14.3 bad wash; 14.5 keep left; 14.7 bridge; 14.8 keep right, sand—cross railroad siding—section house one-half mile to left; 16.3 cross bridge; 18.8 grade; 19.9 wash; 23.7 Valley City ranch house, turn left (road to right goes to Moab); 24.9 keep left; 26.7 sand—keep on new grade to

33.0—THOMPSON'S SPRINGS.

THOMPSON'S SPRINGS, UTAH, TO GREEN RIVER, UTAH.

33.0 Miles.

0.0—THOMPSON'S SPRINGS: With depot on right, pass Turner Mercantile on left, and follow to 0.5, keep left and follow grade to 9.3, Valley City ranch house on left—turn right (road to left goes to Moab, 23.7 miles); 12.1 wash; 14.2 grade; 16.7 cross bridge; 17.5 keep left; 17.9 cross railroad siding—sandy—several bad washes are crossed in the next five miles; 23.6 sharp grades; 23.9 bad ditch; 27.6 turn right across railroad (mile post on right on track, Denver 550 miles); 29.5 wash;

31.6—ELGIN: Elgin Garage on left, turn left at Elgin Mercantile Co. corner, cross bridge of Green River and follow main road to

33.0—GREEN RIVER: Midland Hotel.

44.3—SALT LAKE CITY: Hotel Utah and Temple Block.

PROVO TO HEBER VIA MIDWAY AND HOT POTS.

29.2 Miles.

DESCRIPTION—This is the famous Provo Canyon trip. It is one of the finest canyon and mountain trips in the state. The road leads over the Provo fruit bench to the mouth of Provo Canyon, where is located the Olmstead plant of the Utah Light and Power Company. Here you enter the canyon and follow Provo River for 15 miles. This is one of the noted trout streams of the state. To your left going up the canyon is Mt. Timpangogos, 12,000 feet, with its summit of perpetual snow. A climb to the top of Timpanogos is one of the most enjoyable and profitable mountain climbing trips in the west. Vivian Park, the canyon's famous camping resort, is also passed. At Midway you are at the Hot Pots, noted for bathing and medicinal properties. Heber is a beautiful town located in the midst of the Wasatch Mountains. Good hotel accommodations are found at Midway, Heber and Provo. (See description of towns under Midway, Heber and Provo.)

0.0—PROVO: Garage and Roberts Hotel. With postoffice on right, go straight ahead with Knight block on right, and past Brigham Young University to 1.2, turn right, 1.3 turn left, 3.0 forks—keep right.

6.2—OLMSTEAD: Utah Light and Power Company plant. Entrance to canyon.

8.6—SPRINGDELL.

30.6—**GOSHEN:** Gas and hotel. Keep main road straight ahead up through mountains; 38.1 heavy grade; 38.4 down dugway; 40.4 grade —follow main road to

45.1—**EUREKA:** Hotels and garage. Follow main road straight through town, and then around dugway—avoid forks to right and follow to

48.1—**MAMMOTH:** One mile to left. Keep straight ahead, with Knight Smelter in view, to

48.4—**SILVER CITY.**

ROCKHILLS RANCH TO HEBER.

37.4 Miles.

There is a choice of two roads from Rockhills to Provo. One via Heber and one via Strawberry. Both are mountain roads and in very good shape. From a scenic standpoint, we recommend the Strawberry Dam route, and then a side trip to Heber via Provo Canyon. But the direct road to Heber is shorter and the quickest route to Salt Lake via Heber and Park City.

0.0—**ROCKHILLS RANCH:** Gas. Good meals. With ranch on right, go straight ahead; at 0.2 road forks (road to left goes to Strawberry Dam and down to Provo) keep straight ahead for Heber.

18.2—**TOP OF DANIELS PASS:** Follow main road. This road is marked all the way.

37.4—**HEBER:** Garage and hotel.

HEBER EAST OVER THE OCEAN TO OCEAN HIGHWAY TO ROCKHILLS.

37.4 Miles.

The road through Daniels Pass and on to Rockhills has been greatly improved and marked during the summer of 1915, and is in first-class shape for summer driving. At Rockhills, use log Provo to Duchesne, and if you come west via Heber, use the Duchesne to Provo log as far as Rockhills.

0.0—**HEBER:** At bank corner, with bank on right and public square on left, go straight ahead, following Ocean to Ocean road signs.

9.0—**ENTRANCE TO PASS:** Follow main road.

31.4—MILFORD: Milford Hotel. Utah Transportation Co. Garage.

PRICE TO FERRON.

43.0 Miles.

This is a first-class road during the summer and fall, and is generally passable 12 months in the year. It is a particularly delightful trip in the summer, enjoying all the pleasures of the great mountain outdoors with all the comforts of home life within easy proximity. Castle Dale and Huntington are the principal towns. At both places you will find good hotels and at Castle Dale a first-class garage, the Midland. For a summer vacation this is a most delightful trip, and can be made all the way over first-class roads from Salt Lake City. (See description of various towns in other section of Guide.)

0.0—PRICE: Cross railroad tracks with depot on left and follow main road to
22.0—HUNTINGTON.
33.0—CASTLE DALE.
36.0—ORANGEVILLE.
43.0—FERRON.

RICHFIELD TO FISH LAKE.

40.0 Miles.

The trip from Richfield to Fish Lake is over a first-class mountain road, that varies in elevation from 5308 at Richfield to 8700 feet at Fish Lake. Fish Lake nestles among the summits of the Wasatch, and some of the finest landscapes, in extent and beauty, to be seen anywhere in the state are visible from this road. Mountains more than 100 miles distant may be seen from the summit. During the open season the finest fishing

in the mountain west is at Fish Lake. The record trout for 1913 was 22½ pounds. Pleasant camps have been established at the lake, electric lights and comfortable cottages may be had at reasonable figures. During the shooting season the Fremont River, out of Lao, about 15 miles from Fish Lake, is one of the best districts for deer and ducks. The legal limit is frequently shot in one or two hours in the morning. A trip to Fish Lake and Wayne County is worth anyone's time, who is looking for a pleasant outing, or fishing or shooting. In the summer the elevation of about 7000 to 8000 feet makes cool nights a certainty, while the great open outdoors, with its wealth of mountains, blue sky and wonderful mountain air is a rare tonic for the tired business man, and a source of delight for all lovers of the open.

MARYSVALE TO KANAB.

125.0 Miles.

This is one of the most attractive trips in the mountain west. In range and variety of scenery, mountains, valley and canyon, this road is a continuous panorama of magnificent landscapes of myriad colors and vast extent. The road goes through pleasant valleys, across the southern divide of the Wasatch, through stately pines and down canyons of rare beauty and enchantment. The road as far as Mt. Carmel during the summer months is in good shape for auto travel, but between Mt. Carmel and Kanab, sand is encountered for about 15 miles that makes auto travel impossible. Parties going to the Grand Canyon should leave their cars at either Glendale or Orderville, and have plans made for teams to complete the journey to Kanab. It is hoped state aid will build a first-class road over this short strip of land, as an abundance of natural road material is close at hand. This road would be a great asset to the state as a whole, and a boon to auto travel to the Grand Canyon through Utah. There is one general road south of Marysvale, the distances between the various towns are:

0.0—MARYSVALE: Gas at Cameron Mercantile and Pines Hotel.
18.2—JUNCTION: Stoney's Hotel and Garage.
25.0—CIRCLEVILLE: Steele's Hotel and gas at Steele's Store.
55.0—PANQUITCH: Gas at drug store.
103.0—GLENDALE: Carpenter Hotel and gas at Co-op.
108.0—ORDERVILLE: Hotel. Gas at Co-op.
111.0—MT. CARMEL.
125.0—KANAB: Gas and hotel.

PRESTON, IDAHO, TO BRIGHAM CITY, UTAH. .....

(56.6 Miles)

0.0—PRESTON: Service garage and Wilford Hotel. Go south on Main street, passing First Nat. Bank on right, service garage on right, go to railroad and turn left (don't cross tracks) and follow main road; 1.6 turn right with 2 cross arm pole line; 3.0 turn left onto new grade; 3.7 cross railroad and follow between pole lines; 7.2 pass mill on left; 7.5 under railroad;

Mail Orders Filled Promptly.

Third Floor Brooks Arcade Bldg. **Cor. Broadway and State St.**

SALT LAKE CITY, UTAH

20.9—FARMINGTON: Turn left at corner, pass Court House on right, past Farmington Hotel on right and follow main road to

25.0—CENTERVILLE.

27.1—BOUNTIFUL: Rampton Bros.' Garage on right. Keep straight on main road to 36.1, turn left, South Temple street, Salt Lake City.

36.5—TEMPLE SQUARE AND HOTEL UTAH.

SALT LAKE CITY TO HEBER AND REVERSE.

45.5 Miles (Short Route); 52.5 Miles (Via State Road).

Use Salt Lake to Evanston log as far as Park City forks and turn right. Follow main road to Park City. From Park City to Heber there are two roads. One is 20 miles and very little grade, and the short route has one steep climb and is but 13 miles. To eliminate the grade take the Kamas state road and at 11.5 take right fork along dugway, follow one mile and you come to the main road to Heber and follow poles. For the short road go to foot of main street, turn right one block, and turn right up main traveled street, follow straight out of town 1.6 and turn right, going up long dugway, follow to summit 7310 feet, and follow main road down mountain, avoiding left forks, to Heber.

Leaving Heber for Park City, follow pole line to 7.4 (fork to left is the short road to Park City and is not recommended); keep right, ranch house in sight half a mile ahead; pass ranch and turn left, passing white school house; follow along small dugway and at 8.5, main state road, turn left and follow to Park City. For Salt Lake City, turn left at U. P. depot, go one block and turn right, passing D. & R. G. depot on right and follow poles, and follow main road to Park City Forks: turn left—this is the Lincoln Highway and is marked to Salt Lake City.

CEDAR CITY TO KANAB AND THE GRAND CANYON.

Follow the Cedar City to St. George log to 32.8, roads fork, the left fork going to Kanab and the Grand Canyon and the rightfork to St. George and southwest through Nevada. 10 miles from the forks is Hurricane and the road to this point is good. Beyond this the road is passable, but in very bad shape, under present conditions the road changes under local weather conditions and an accurate log is impossible. Leaving Hurricane go to Gould's Ranch, then to Antelope Springs, Pipe Springs, Fredonia and Kanab. The distance from Hurricane to Kanab is 65 miles and this is a one-day's trip, and an early morning start is recommended. Get all the local road information you can, for road conditions change with the weather and the seasons and the local people will give you the right information. From Kanab to the Canyon is 70 miles. This is one of the trips worth anyone's time, and it is to be hoped that the state will soon remedy the road conditions south of Hurricane.

ELY, NEV., TO SAN FRANCISCO, CAL.—LINCOLN HIGHWAY.

632.9 Miles.

Compiled 1915 by G. S. Hoag, Nevada State Consul of the Lincoln Highway, Ely, Nev.

ELY, NEV., TO EUREKA, NEV.

84.6 Miles, Completely Signed.

0.0—ELY: Northern Hotel. West on Aultman Street; 0.3 under railroad; 2.0 turn right and cross railroad; 2.4 Lane City; 3.0 cross railroad; 3.4 take right fork—follow railroad; 4.8 bad turn—run slowly; 5.1 left fork, following railroad; 5.6 take 2 left forks—signboard; 5.7 cross tracks; 6.4 right fork; 7.1 left fork (right to Copper Flat); 7.2 cross railroad and take right fork; 7.4 bear left at top of hill; 7.6 big sign—after viewing pit, turn around and retrace road to first fork; 7.7 left fork down main street; 8.0 cross railroad and bear right; 8.1 left fork; 8.2 cross railroad and climb hill; 8.6 keep to right of barn; 8.9 left fork; 10.1 through Rieptown; 10.6 bear right; 10.8 cross railroad; 10.9 bear right just below first summit; 11.6 left fork (right to Boston Ely); 13.3

LOVELOCK TO RENO.

107.8 Miles.

0.0—**LOVELOCK:** Set at 0.0 at Big Meadow Hotel; cross railroad front of Overland Garage; keep right road—Standard Oil tanks on left; follow road near track; 2.1 right; 4.5 left; 5.5 right; 6.0 left; 6.5 right, crossing track to left of old beet dump; 7.5 cross railroad, bear to left after crossing track, follow left road along foothills; 10.2 right after crossing track; 23.7 cross railroad, turn left; 31.7 left, following old military road—hot springs on left; 43.8 right road, crossing old railroad grade; 45.4 left, crossing old railroad grade; 55.7 right toward railroad; 62.0 cross railroad, going through gate; 62.4 right after crossing railroad; 67.2 right; 67.3 left; 71.3 right; 71.8 right; 72.4 left; 72.6 Fernley; 73.1 right; 73.3 cross railroad; 73.5 cross railroad to left; 74.5 left; 75.2 cross railroad to left; 75.6 cross river left; 75.8 cross railroad, turn to left at Wadsworth; 76.4 right; 77.7 cross railroad, turn to left; 79.6 right over hill; 82.8 cross railroad, follow old railroad grade; 96.2 cross railroad, then turn to left; 98.6 cross railroad, then turn to right; 99.9 cross railroad, then left; 102.2 left; 105.5 left; 107.3 right;

107.8—**RENO:** Cross railroad, following electric car line into Reno.

ASHTON, IDAHO

ASHTON, IDAHO—(Pop. 1500.)—Prosperous town on the Yellowstone Branch of the Oregon Short Line railroad, and the junction of the Victor branch. It is the last town in Idaho on the Yellowstone Park auto road. In the summer of 1915 a new road was constructed out of Ashton for a distance of twenty miles, connecting with the old auto road, a bridge was built across the Snake River, and the steep grade eliminated. This road established the Yellowstone Park travel through Ash-

ton. Ashton is the center of one of the greatest grain and farming sections in the west. It has a fine business district, a first class garage, good restaurants and hotel. All needed supplies for the park may be purchased here.

First National Bank—Capital and surplus, $40,000. G. E. Bowerman, president; J. A. McDonald, cashier; C. Ray Isenburg, assistant cashier. Do a general banking business. Information concerning this section cheerfully given.

Hotel Kirkbride—H. W. Kirkbride, proprietor. Modern, steam heat, baths. American plan. First class dining rooms. Large parties should phone for reservations.

Wanke & Schroll—Sell everything to eat and wear. Special service to Yellowstone auto tourists. When in Ashton make our store your headquarters. Always glad to give any information. Special service to phone orders from campers. Complete line of general merchandise, campers' supplies and fancy groceries.

Manning-Cleveland Co.—Dealers in hardware, sporting goods and tourist supplies. For your hunting and fishing trips buy your supplies from us, we are experienced in the class of equipment for hunting and fishing in this section, and sell just as cheap as you can buy first class goods in the east.

Royal Cafe—On Main Street. Steaks, chops, oysters and fruits in season. Open all the time. Special attention to auto tourist and Yellowstone travel. Phone 9-J.

ST. ANTHONY, IDAHO

ST. ANTHONY, IDAHO—(Ele. 4968. Pop. 2000.)—County seat of Fremont County and center of one of the richest agricultural sections of Idaho. Noted for the excellence of its grain, potato and seed pea crops. On the Yellowstone Park Highway. Has a well built business section, all kinds of supplies may be obtained here. Hotels and garages.

First National Bank—Capital and surplus, $100,000. F. M. Snell, president; G. D. Snell, vice president; L. S. Burrows, assistant cashier. Do a general banking business, and are always ready to answer all inquiries concerning this section.

King-Snell Realty Co.

M. E. King ST. ANTHONY, IDAHO F. M. Snell, Jr.

Write for

Complete Information on Great Southeastern Idaho.

Stock Ranches and Farm Lands a specialty. We have some good ones from 200 to 1000 acres. The Upper Snake River Valley is the banner grain section of Idaho.

DOWNEY, IDAHO

DOWNEY, IDAHO—(Ele. 4854. Pop. 700.)—Center of the great Marsh Valley. Surrounded by a very fertile country. Has abundance of water, and one of the most successful farming sections of Southeastern Idaho. On the Yellowstone Park Highway, being the junction of the two routes via Malad and via Cache Valley. Gas and oil should be obtained here, and all necessary supplies may also be purchased. The town is well built, has a good business district and is rapidly growing. Has good

hotel, a first class garage, and hot springs close by.

W. A. Hyde & Co.—Downey's Big Department Store. All lines of merchandise and supplies. Gasoline, oils, auto gloves, water bags and camp supplies.

Holmes & Moore—Druggists. Kodaks and photo supplies. Fine fountain. Cigars and drug sundries.

Auto Livery, Lawrence Byington, proprietor—Our new Buick car will take you to any point in this section. Special service to Malad, McCammon, Preston or Pocatello.

Downey Warm Springs—Two miles from Downey. Fine bathing, one of the pleasant places to spend an hour or an evening on your road to the Yellowstone.

RIGBY, IDAHO

RIGBY, IDAHO—(Pop. 1200.)—County seat of Jefferson County. A thriving town situated near the junction of the South and North Fork of Snake River, in Eastern Idaho, in the center of the largest body of irrigated land in the west. The South Fork of Snake River emerges from the canyon to the east and makes a large sweep to the northwest and uniting with the North Fork, thence running west and south on its long course across Southern Idaho. Rigby is the shipping center for the fine Idaho potatoes, because it is in the center of the great potato growing belt, sending out between 500 and 1000 cars every season of this product alone. In addition, thousands of acres of wheat, oats, barley, sugar beets, alfalfa, seed peas and apples are grown and marketed here. The community is very prosperous. The city is on the Yellowstone branch of the Oregon Short Line, and the State Highway to the Yellowstone National Park. Good hotels and the largest stores of Eastern Idaho grace the city. It has electric lights, paved sidewalks, court house, high schools and a modern water system. Hunting and fishing is unexcelled near Rigby, but the Rigby sports are very reticent about telling where it is. They want it undisturbed and perpetuated for themselves. George E. Hill, manager of the Quality Store, the largest in the city, is Mayor. Speed limit in city is 12 miles per hour.

THE PIKES PEAK OCEAN TO OCEAN HIGHWAY.

Logical Route of Great Scenic Interest for Transcontinental Motor Trip.

Few motorists will choose the route for their transcontinental tour merely because it saves a few miles of travel, or happens to be the most convenient. Those traveling to the Pacific Coast are on a "See America" expedition, and they naturally will select the route of greatest scenic and historic interest. That is why the discriminating motorist will travel at least one way over the Pikes Peak Ocean to Ocean Highway; and he will find, moreover, that it has as much, if not more, to offer in the matter of improved highway, as any other available route.

This highway crosses the central part of the United States in a line as straight as the contour of the country permits. From New York and Washington it follows the National Old Trails road to Indianapolis; from that city through Springfield, Ill., Hannibal and St. Joseph, Mo., Belleville, Kan., Colorado Springs, Colo., and Vernal, Utah, to Salt Lake City it has its own distinctive organization; and west of Salt Lake City to San Francisco it follows the line of the Lincoln Highway.

History places the stamp of approval on this as a logical transcontinental highway. As far as Indianapolis it follows the old Cumberland or National Road, built by the Government in 1806; it passes through Springfield, the home of Abraham Lincoln, and Hannibal, the birthplace of Mark Twain; it parallels the line of the first railroad ever constructed

across Missouri; passes through St. Joseph, the outfitting point in the "Pikes Peak or Bust" days and the starting point for the old pony express; passing at Belleville, Kan., near the site of the peace conference which Lieut. Zebulon M. Pike held with the Indians in 1806; and heading toward Pikes Peak, the goal of the pioneer and the mecca of the motorist. Through the mountains it follows the old trail made by the Ute Indians centuries ago, and in crossing Tennessee Pass it utilizes the grade that was made for the first railroad that ever conquered the Continental Divide.

Crossing the Middle States, the trip has no dreariness and no monotony. There are long level stretches through wheat and corn fields, picturesque bits of the road through delightful wooded valleys valleys, and just enough of a variety to make the ride pleasant. Then, on the plains country you read the story of the development of the West in the silent landmarks and in the evidences of a new agriculture that greet you along the way. The towering summit of Pikes Peak becomes your landmark as you near the Rockies, and you enter the gateway to the great scenic wonderland.

The road follows along the banks of rushing mountain streams, climbs through picturesque wooded hills, and gives you glimpses of snow-covered mountain ranges a hundred miles away, carries you in safety along "eye-brow" roads high on the sides of cliffs, and takes you to the very top of the world. You climb the Continental Divide on a road as smooth as a city pavement, and both the ascent and descent are on a four per cent grade. Now you proceed along the top of a canyon rim, and are thrilled as you look into the yawning depths; then you descend into peaceful, fertile valleys, and again you follow the course of a great, tumbling river, your auto winding around the base of towering, many-hued cliffs. You leave a rich irrigated section to travel for thirty miles through desert, and all at once you are again in a Garden of Eden. You find splendid graded roads all the way; you meet progressive and hospitable people; you have good accommodations; and you are impressed with the magnificence and grandeur of a 600-mile trip for the equal of which you might search in vain even the far-famed Alps.

Because it does traverse the heart of the scenic country of Colorado and Utah, the Pikes Peak Ocean to Ocean Highway holds the key to the transcontinental situation. It is the natural and the logical way.

The auto tourist traveling through the mountains of Colorado will receive a most delightful surprise as he enters the upper reaches of the Arkansas Valley and approaches the portals of the Continental Divide. The good roads system, beginning at Colorado Springs and extending through Chaffee County. continues into Lake, and this particular link in the Ocean to Ocean Highway is the contribution of Colorado's greatest mining district.

Scenic marvels abound, for the traveler is now in the region of the highest peaks of the Rockies, and the ramparts gleam with eternal snow the year around.

Soon after leaving Granite and its rich placer diggings, the traveler reaches Twin Lakes, the largest body of water in Colorado, glittering 9000 feet above sea level at the foot of towering peaks.

The highway leading to Leadville is a continuous panorama. At crossing the Divide after leaving the lakes, the view is one of majestic beauty. "The Wishbone" is the highest point on the Divide, and, if the day is pleasant, as it is likely to be 300 days in the year, a sweeping view is obtained covering hundreds of miles of the wildest mountain scenery.

AMERICAN FORK—(Ele. 4563. Pop. 3000.)—Thirty-one miles south of Salt Lake, on Pikes Peak Ocean to Ocean Highway and Grand Canyon Trail. Adjacent to some of the ruggedest peaks of the Wasatch.

American Fork Canyon five miles distant is one of the sights all tourists should see. Utah Lake Resort, two miles distant, is noted for fishing, boating and dancing.

Automobile Oils and Accessories—Wm. Thronton's, druggist. Corner opposite depot. Rexall Store. Fountain refreshments and cigars. Magazines and Log books.

Auto Gasoline and Oil—American Fork Co-operative Institution. "The People's Store." Organized 1868. W. H. Chipman, president; Joseph H. Storrs, treasurer and superintendent; Mark Bezzant, secretary. Store closes at 6 p. m. Both phones 2. If you need oil in emergency after hours call 39-A. Fill from tank in front of store. Complete supplies for fishermen, mountain climbers and hunters.

BEAVER CITY—(Ele. 6000. Pop. 2200.)—County seat of Beaver County and one of the live, hustling towns on Grand Canyon Highway. Beaver is located in a fertile valley that is noted for its agricultural products and dairying. The soil of this section is very productive, and the water is abundant and pure. It has well built business blocks, many of which are constructed from stone quarried from the nearby hills; good hotels, two banks, first-class public schools and Murdock Academy. Mineral, marble and intense agriculture await increased railroad facilities. The mineral prospects in the vicinity of Beaver are also very promising. In the Mineral Range that lies between Milford and Beaver are two districts, the Granite to the north and the Lincoln to the south end of the range. Both districts are fabulously rich in copper, also in silver, lead, gold and other metals. This range is about 28 miles long, and is from four to seven miles wide. The mineral outcrop is in evidence everywhere. There are also large deposits of granite, sandstone, and limestone, all of superior quality. Here is the opportunity for the prospector, the mining man, and the capitalist. The Beaver River Power Company furnishes light to Beaver and power to the various industries of this section. Beaver has concrete sidewalks, an excellent newspaper, a wideawake Commercial Club and excellent educational facilities in its public schools and Murdock Academy. Beaver is 32 miles from Milford, its shipping point on the Salt Lake Route. The Utah Transportation Company maintains a daily auto service to and from Milford.

State Bank of Beaver County—Beaver and Milford. J. F. Tolton, president; Warren Shepherd, vice president; N. P. Ipson, cashier. Capital and surplus, $40,000. Business for non-residents receives prompt attention. Information on this section cheerfully given.

Mansfield, Murdock & Co., General Merchandise—Incorporated for $20,000. Surplus, $16.000. Carries a general line of merchandise and is an up to date institution, denoting the character of the town.

Progress Meat Company—Dealers in all kinds of green, fancy and staple groceries, fresh, cured and cooked meats. Up to date cold storage. J. T. Tanner, manager.

First National Bank—Incorporated 1908. Capitalization $25,000. John F. Jones, president; Joseph H. Skinner, vice president; R. H. Barton, cashier. Ask for information concerning this section.

Utah Transportation Company—H. A. Larson, manager. This is the pioneer auto stage line service of Southern Utah. Autos leave Beaver every afternoon at 3 o'clock. Arrive Milford 5 o'clock.

Beaver Hotel—Headquarters for traveling public desiring a good place to stay. Everything first class. Most central, convenient and up to date. Sample rooms. Feed stable.

Auto Gas and Accessories—J. F. Tolton & Sons, dealers in general merchandise, supplies for tourists, fishermen and sportsmen.

Beaver Equitable Co-op.—Henry Frazier, superintendent. Dealers in general merchandise, camp supplies, ammunition, water bags, gasoline and oils.

BINGHAM—(Ele. 5862. Pop. 2991.)—Important mining camp, 25 miles from Salt Lake City. Terminus of the Bingham & Garfield railroad and the Bingham branch of the D. & R. G. The greatest copper producing properties in the world are here located, the most noteworthy being the Utah Copper Company, with a dividend record of about $25,000,000. No camp in the world has handled as great a tonnage in one year as has the camp of Bingham. It required two railroads, a long tunnel and a long tramway to carry the 6,650,345 tons of ore hauled out of the camp this year. To handle this gigantic tonnage would require 133,000 railroad cars and 6650 trains of 20 cars each were it necessary to transport all the ore by the railroads. A trip to Bingham is the most interesting, instructive and enjoyable one-day trip that can be made from Salt Lake City, either by auto or rail.

BRIGHAM CITY—(Ele. 4311. Pop. 4000.)—County seat of Box Elder County, 22 miles north of Ogden on the Midland Trail and Yellowstone Park route. First class hotels and Brigham Auto and Supply Garage. Surrounded by fine fruit section. Good roads. All kinds of supplies can be purchased here.

Boothe Hotel—Leading hotel of Brigham City. Official A. A. A. Modern. First class cafe in connection. Art Boothe, proprietor.

P. M. Ahrensbach—Motorcycles and motorcycle supplies.

Wynn L. Eddy—Brigham's live druggist can supply anything you may need in the drug line, periodicals or log books.

Kiser's New Hotel—Brigham's newest modern hotel. Steam heat. Rooms with bath. Prices reasonable. City Cafe in connection. A popular priced dining room.

CASTLE DALE—(Ele. 5550. Pop. 1000.)—County seat of Emery County, Utah, and the commercial center of Castle Valley, is a beautiful town located upon Cottonwood Creek, at the foot of the Wasatch Mountains, 31 miles south of Price station, on the main line of the Denver & Rio Grande railway, from which is operated a daily automobile service, carrying passengers and mail. The great coal measures of Castle Valley, which are estimated by the United States Geological Survey at 8,000,000,000 tons, are within eight miles of Castle Dale, and practically undeveloped. Twenty miles to the southeast of Castle Dale are the oil fields of Costle Valley awaiting development. Castle Dale is located at the junction of the state road from the Colorado state line, which is a part of the Midland Trail, and the state road north and south from Price to Salina and has a $35,000 academy attended by students from all parts of the mountain states; excellent public schools, a Commercial Club, seven up to date mercantile houses, a banking house, a roller flour mill, seed house and mills, creamery, a weekly newspaper, two doctors, a modern drug store, a dentist, a first class hotel, local telephone exchange connecting with the Bell system, electric lights and power, municipal water system in course of construction, cheap fuel, mild and invigorating climate.

Emery County Abstract Company—O. Sorenson, Jr., manager. Licensed abstractor. Real estate, fire insurance and surety bonds. Complete abstracts of title to all lands and town lots in Emery County. Money loaned on improved farms.

Emery County Bank—Capital and surplus, $34,500. Samuel Singleton, president; J. B. Crawford, vice president; Edmund Crawford, cashier; John Reid, assistant cashier. Business for non-residents receives careful and prompt attention. Write us for any information on Emery County.

Ira R. Browning, Civil Engineer, Castle Dale—Office Emery County Bank Building. Telephone 32. Reports on coal lands; mineral and coal locations made for non-resident locators.

Snow's Pharmacy—S. P. Snow, manager. Castle Dale's busy corner,

where the cars all stop. Sam's place has made Castle Dale famous for delicious fountain refreshments. Also cigars and toilet sundries.

Andersen Hotel—Only commercial hotel in Castle Dale. Homelike and comfortable. Good home-cooked meals. Touring parties and commercial trade solicited. Headquarters for Castle Valley Auto Service. Mrs. Kathinka Andersen, proprietress.

CEDAR CITY—(Ele. 5750. Pop. 2200.)—The biggest little town in Utah, is located in Iron County, on Grand Canyon Highway, 35 miles from Lund, its shipping point, on the Salt Lake Route, in the center of one of the greatest undeveloped districts of North America. An investigation of its latent resources will bear out this statement. Iron County contains one of the largest iron deposits on the continent, and these are adjacent to Cedar City. The area of exposure of these deposits is fairly well known, but there has been no work done to depth, but even at this the estimated deposit in Iron County is 200,000,000 tons. At the low price of $2 per ton this would give the Iron County deposit a market value of $400,000,000. The United States consumes more than 50,000,000 tons of iron ore per annum and the demand is increasing. The time is certainly measurably near when Utah's supply will be welcomed joyously by the iron market. Recently there was a meeting of capitalists from the Pacific Coast and Europe in Salt Lake City with the reported intention of developing these vast deposits. Nothing definite was given out, but the necessities of the market are bound to call for their development in the almost immediate future. Besides the iron deposits, Cedar City is adjacent to an undeveloped coal district, and south of here some 40 miles is every indication of petroleum. Great possibilities also exist for Cedar City in dry farming and the development of artesian water. Thousands upon thousands of acres of the finest agricultural land in the state lie dormant waiting the coming of the scientific dry farmer, and the conservative use and development of water. At the present tim ecattle and sheep are the chief resources. About 150,000 sheep and 25,000 head of horses and cattle feed on the abundant range of the surrounding hills. Cedar City is located on a most beautiful site in Iron County, 35 miles from Lund, its nearest railway point, on the Salt Lake Route, and 19 miles from Parowan, the county seat, and 55 miles from Beaver by road. It has well built business houses and comfortable, well kept homes. A branch of the State Agricultural College is located here. The town has electric light and a good water system, a bank and the most substantial mercantile houses in Southern Utah.

The Cedars—Best hotel in Southern Utah. Electric lights, baths, hot and cold water, sample rooms. New addition built in 1913 makes this hotel a strictly modern, up to date establishment. Table the best the market affords. Feed and stable accommodations for teams. Mrs. C. G. Bell. Phone 164.

Bank of Southern Utah—Capital and surplus, $115,000. Leading bank of Southern Utah. Business entrusted to us carefully looked after. U. T. Jones, president; David Bullock, vice president; S. J. Foster, cashier; E. M. Corry, assistant cashier. Write us for information concerning Cedar City and Iron County.

Cedar Mercantile & Live Stock Company—Largest mercantile establishment in Cedar. Clothing, dry goods, groceries, boots and shoes, hardware, vehicles, sporting goods, farm implements, camp outfits a specialty. Also growers of sheep and wool. Capital, $100,000. Surplus, $150,000.

Palmer Brothers—Manufacturers of and dealers in harness, saddles, saddlery, hardware, riding equipment, and all kinds of strap work. Repair work of all kinds. Phone 34 yellow.

Cedar City Co-op. Mercantile Institution—Established 1869. Capital, $40,000. Clothing, dry goods, boots and shoes, groceries, hardware and general merchandise. We offer to the buying public the best of service

and careful attention is given to every need. We also manufacture flour and mill stuffs in general. F. B. Wood, manager.

Cedar Sheep Association—Dealers in sheep, wool and general merchandise. Supplies for sheepmen, dry farmers, mining men, etc. Complete line of dry goods, groceries, hardware, gents' furnishings, etc. Largest line of shoes, Hamilton-Brown and John Strootman brands for men, women and children. Ammunition and sporting sundries. Henry Leigh, president; Joseph M. Perry, vice president; M. D. Higbee, secretary-treasurer and superintendent.

Leigh Furniture & Carpet Company—The largest furniture and carpet house in Southern Utah. We are agent for and carry the good ones. The famous Majestic range, the Hoosier Kitchen Cabinet, the Gunns' sectional bookcase. In short, we make a hobby of standard goods and at prices they are sold for in larger cities. W. H. Leigh, proprietor.

Cedar City Drug Company—Established 1894. H. P. Pettigrew, manager. Drug merchandise and sundries. Cameras, photographic supplies, sporting goods, fishing tackle, etc. Complete line of high class confectionery and best of fountain service. Tampa-Cuba Cigar Company's cigars. High grade canned goods.

Hospital of Southern Utah—Dr. A. N. Leonard, superintendent. This hospital offers to the people of Southern Utah the services of experienced physicians and competent nurses. Reservations may be made by phone.

Real Estate, Loans and Insurance—M. H. Dalley & Sons Company. If you are interested in Southern Utah, write us or call at our office. We can be of service to you if you desire to buy or sell real estate, make a loan or take out insurance. Land, mineral and water surveys. Filing and final proofs. Licensed abstractors.

Hauchen & Arthur—Auto Stage Line, daily between Cedar City and Lund. Fare $2.00, including 50 pounds of baggage. Drives made to all points desired. Case Auto Agency and Goodyear Tire Service.

CIRCLEVILLE—(Ele. 5624. Pop. 800.)—In Piute County, 25 miles south of Marysvale, its nearest railroad point, Circleville is on the Grand Canyon route via Richfield and Panquitch. Circleville is located in a very fertile valley that has an abundance of water and many acres of fertile land. Here are some fine opportunities for farmers and stock raisers. Adjacent to Circleville are some of the finest hunting and fishing grounds in the west. Jimmy Steele, at Circleville, will gladly furnish information to all who will write him on any subject pertaining to Circleville and vicinity. Puffers Lake, some 16 miles from Circleville, is one of the finest fishing points in the south of Utah, as well as one of the most beautiful.

Steele Hotel—Only commercial and tourist hotel in Circleville. First class accommodations. Garage in connection.

James A. Steele—Dealer in general merchandise. Get your gas from a Bowser filtered tank. Supplies for autoists, campers, hunters or fishermen. Auto accessories and supplies. Also dealer in ranches and real estate. Will furnish on short notice horses or guides for hunting and fishing parties to all points in Southern Utah.

COALVILLE—(Ele. 5571. Pop. 1000.)—County seat of Summit County, and the first town coming into Utah over the Lincoln Highway. Pleasant little town adjacent to good hunting and fishing in season. Parties going east over the Lincoln Highway should see that they have all needed supplies before leaving Coalville, as it is the last supply point until Evanston, Wyo., is reached.

First National Bank—James Pingree, president; B. G. Blackman, vice president; Alfred Blondquist, vice president; Frank Pingree, cashier. Capital, $25,000. Surplus, $10,000. Banking in all its branches. Write for any information on this section.

Summit Furniture & Mercantile Company is the official Lincoln Highway headquarters for tourists. They carry everything in auto accessories. Any information concerning roads, fishing, camping, or recreation grounds cheerfully given. Ask for Jake Hoffman.

COLTON—(Ele. 7171. Pop. 150.—Railroad junction and shipping point on the D. & R. G. in Utah County. Junction of Pleasant Valley branch to the coal camps at Scofield and Clear Creek. On the Pikes Peak Ocean to Ocean route through Utah, via Provo and Midland Trail. Distributing and shipping point for sheep and cattle men.

Thomas Hotel—Colton's popular hotel. Meals at all hours. Special service to auto parties and commercial trade.

DELTA—(Ele. 4600. Pop. 500, est. 1908.)—Prosperous community in northern part of Millard County, 134 miles south of Salt Lake City, on the Salt Lake Route, surrounded by a large area of fertile land adapted to alfalfa, grain, sugar beets, potatoes and all garden products. This little community is one of the live, hustling, growing sections of the state, that invites homeseekers to join them in building up one of the most promising districts of the west. In the past two years a number of fine buildings have been erected to house the business interests of the town. New sidewalks have been laid, and a general appearance of permanency and prosperity has crowned the efforts of the builders of this new community. The crops for 1915 have been exceptional, many record yields of wheat, oats, barley and alfalfa are recorded. Delta promises to be the leading farming section of western Millard County and is increasing rapidly in population.

Eccles Co-operative Mercantile Institution—Delta and Sutherland. Incorporated 1913. S. W. Eccles, president and manager; J. H. Eccles, Jr., vice president; A. S. Higgie, secretary; Anna Eccles, treasurer. Complete line of dry goods, groceries, hardware, sporting goods, farming implements, lumber, coal and Red Devil Portland cement. Exclusive on the Scowcroft line and their famous **Never-Rip Overalls.** We handle the **Spring Canyon** coal. Branch store at Sutherland, the new town, six miles northwest of Delta. When in Delta make our store your headquarters. **We are in it every minute.**

Delta Hotel—B. E. Cooper and Co. A new well built hotel that caters to the commercial man, homeseeker and traveling public generally. Sample rooms. First class dining room in connection.

Delta Livery—A. B. Ward, proprietor. Livery, feed and sale stable. Bus, baggage and transfer. We drive to Hinckley, 7 miles; Oasis, 5 miles; Deseret, 6 miles; Oak City, 15 miles; Holden, 30 miles; Fillmore, 40 miles.

B. E. Cooper Auto Livery—Best Auto Service in Millard County. Side trips to any point in the county at mileage rates. Three big cars that get you there and get you back.

The Hub Mercantile and Produce Co.—John E. Steele, Mgr. Lubricating oils, guns, ammunition, hardware, furniture, farm implements. When in Delta make our store your purchasing and information headquarters. Visitors always welcome.

The Hub Cafe—Our motto, "Courtesy and Cleanliness." Steaks, chops, oysters in season, meals at all hours. Best dining room in Delta. Auto road here branches for Fish Lake. Be sure you have plenty of gas, oil and water.

DUCHESNE—(Ele. 5515. Pop. 300.)—County seat of Duchesne County, and center of a very large area of uncultivated land. Railroad transportation would guarantee the future of this section. On the Ocean to Ocean Highway. Daily auto stage service to Helper and Vernal. Garage and hotel.

ELSINORE—(Ele. 5335. Pop. 800.)—Located in Sevier County, on

the San Pete Valley branch of the D. & R. G. In the center of one of the best agricultural districts of the state. All farm products, wheat, oats, alfalfa, are produced in abundance, while the sugar beet crop is one of the best, both in tonnage and sugar test in the state. The Sevier Valley sugar plant of the Utah-Idaho Sugar Company is but two miles distant, with Elsinore its shipping point. Dairying is also an important industry and well bred dairy stock is one of the valuable assets of this section. The town has well built business blocks, good schools and electric lights. The largest flouring mill in Southern Utah is also located here.

Elsinore Drug Company—C. M. Porter, proprietor. A first class drug store that carries a complete line of drugs, medicines, cigars, confections, books, periodicals, etc. Best fountain service in town. When in Elsinore call at our store. Special attention to the needs of pleasure parties, tourists and theatrical people.

Elsinore Roller Mills—J. M. Parry, manager. The largest roller mill in Southern Utah. Its products are well known for their uniform high quality. The capacity of this mill is 50 barrels per day, and it furnishes a market for the wheat crop of this section. **Elsinore High Patent** is standard for quality wherever used. Wholesale and retail. Also dealers in coal and salt.

Livery and Feed Stable—Bell Bros., proprietors. Shelter for autos. Best single and double rigs to be had. Careful, competent drivers. We aim to give first class service for long or short drives. Special service to parties going to Grand Canyon. Fine saddle stock. Reservations and rates furnished at request. We drive to sugar factory, 1½ miles; Monroe, 5 miles; Richfield, 7 miles; Loa, 57 miles; Joseph, 6 miles; Central, 3 miles; Anahella, 5 miles. Elsinore is the nearest Sevier Valley point over the mountains to Millard County. Kanosh, 25 miles; Fillmore, 46 miles; Beaver, 55 miles. Also haulers of freight and coal dealers.

EMERY—(Ele. 6000. Pop. 800.)—Agricultural town, 60 miles southwest of Price, its railroad and shipping point. Alfalfa seed, sheep, cattle and grain. Coal and mineral await railway facilities. Good stores and hotel.

EPHRAIM—(Ele. 6000. Pop. 2296.)—A live, hustling town on the Sanpete branch of the D. & R. G. railway. One of the most progressive towns in the state. Noted for its cattle, sheep, wool, agriculture, stone quarrying. Good business blocks, good public schools and Snow Academy.

Bank of Ephraim—A. N. Bjureguard, president; C. Willardsen, vice president; F. H. Rasmusson, cashier. Capital and surplus, $50,000. Established 1906. Transact a general banking business and render prompt and efficient service to all business put in our care.

The Dell Hotel—Del Anderson, proprietor. Ephraim's new, modern hotel. Steam heat, electric light, hot and cold water in every room, bath, etc. Large, spacious dining room, modern in every respect. Fine sample rooms. Solicit the business of those demanding the best.

EUREKA—(Ele. 6400. Pop. 3416.)—In Juab County, on the Tintic branch of the D. & R. G. and the Salt Lake Route, 89 miles south of Salt Lake City. Principal camp in the famous Tintic district. Eureka is one of the most orderly and pleasant mining camps in the west. It has several large mercantile establishments, a bank, auto livery service, two garages.

FAIRVIEW—(Ele. 6033. Pop. 1218.)—On D. & R. G. railway. A thrifty little agricultural town. Dairying, cattle, sheep are leading resources. Fairview butter is a standard of excellence.

State Bank of Fairview—Capital 25,000. Opened April, 1914. Do a general banking business. Business for non-residents receives prompt attention. Andrew Lasson, president; A. R. Anderson, vice president; Peter Sunwall, cashier.

FARMINGTON—(Ele. 4231. Pop. 1231.)—On O. S. L., D. & R. G. and Bamberger systems. Pleasant town, center of a very fertile and beautiful country. County seat of Davis County. Noted resort, Lagoon, is located here. Popular trip for auto parties from Salt Lake and Ogden. Excellent roads.

Farmington Hotel—Hyram Van Fleet, proprietor. A strictly high class European hotel, which caters to the commercial and auto party trade. The most beautiful and best appointed country hotel in the state. Reservations and service may be made by phone. Remodeled and refurnished. Sample room. Our cafe has the best the market affords. Bell 4.

FERRON—(Ele. 6300. Pop. 800.)—In Emery County, 45 miles from Price, its shipping point on the D. & R. G., and 12 miles from Castle Dale, the county seat. In the center of a rich valley adapted to all agricultural products, alfalfa, potatoes, honey, grain, sugar beets, etc. Cattle and sheep that run on the extensive range in the vicinity are also big producers of wealth.

FILLMORE—(Ele. 5700. Pop. 1500.)—Former territorial capital. County seat of Millard County, 35 miles from Delta, its railroad shipping point. Fillmore is located in one of the most fertile sections of the state. All farm products thrive, and recent experiments with apples, peaches, etc., have demonstrated that this is one of the coming fruit sections of the state. Fillmore is one of the important stops on the Grand Canyon trail, via Beaver and Cedar City. It has many historical associations, and during the early history of the territory was made the capital by Brigham Young. A new high school has recently been erected and an electric light system installed.

Robinson Hotel—Harrison Anderson, proprietor. The leading hotel of Fillmore. Special attention given the auto touring parties and commercial travelers. Reservations may be made by mail or phone. We make a specialty of good, wholesome meals.

James A. Kelly—General merchandise. Gasoline, oils, etc. Camp equipment and supplies.

State Bank of Millard—George W. Nixon, president; Rufus Day, cashier. Capital, $25,000. Do a general banking business. Information on Millard County cheerfully furnished.

Stevens Mercantile Company—Auto oils, gas and accessories. We make a specialty of taking care of the auto touring trade. General merchandise, hardware, camera supplies.

GARLAND—(Ele. 4284. Pop. 800.)—On Malad branch of O. S. L. railway. A growing town surrounded by good farming and sugar beet land. Has several stores, bank, Utah-Idaho Sugar Company factory, employing 200 people, etc. Rapidly becoming one of the leading apple producing sections of the state, the soil and climate being particularly adapted to apple culture.

Manausa Hotel—Garland's new, modern hotel. Everything first class. We cater to commercial trade, auto tourists and theatrical troupes. Steam heat, electric light, bath, etc. The traveling public will find this one of the best managed popular priced hotels in the state. Cafe in connection.

Auto Garage—E. V. Schneider, prop. Auto garage, small repairs, light tire work, oils, etc. If in trouble day or night, ask Central to give you Schneider, the garage man.

GARFIELD—(Ele. 4250. Pop. 700.)—Smelter town on shores of Great Salt Lake, on main line of Salt Lake Route, 15 miles from Salt Lake City. One of the largest ore reduction plants in the west is located here, capacity, 15,000 tons per day.

GLENDALE—(Ele. 5700. Pop. 500.)—Located in Long Valley, in Kane County, 22 miles north of Kanab, the banking point and county seat. Glendale is located in one of the most beautiful districts in the

state and has within a day's journey of it, some of the most notable scenery in the entire west. Little Zion Canyon, some 30 miles from Glendale, is a small Grand Canyon and for scenic grandeur, variety and change of color, depth of chasms and precipitate heights, it has no rival in the west except the mighty canyon of the Colorado to the south. Close by are smaller canyons rich in the splendor of nature's architecture. To the tourist seeking a few days' recreation, here is a spot where time could be well spent. The climate is delightful, nights cool, fishing and hunting in season, and the great expanse of one of nature's wonderlands for a playground. At the present time cattle and sheep are the chief resources but with transportation facilities this section has many thousand acres of land that will be claimed by the dry farmer and the irrigationist.

The Glendale Co-op.—Dealers in general merchandise, groceries, farm implements, etc. Special attention given to tourists and pleasure-seekers. Our stock is complete in all departments for supplies for camping, fishing and hunting. Gasoline.

Carpenter Hotel—Mrs. J. C. Carpenter. A clean, comfortable hotel, where first class home-cooked meals are served. Travelers going through this section will find this a good place to stop. Both shelter for autos and a No. 1 feed stable in connection.

GREEN RIVER—(Ele. 4080. Pop. 628.)—Located on the Green River, in Emery County, on Midland Trail. It is a city of the third class, located 186 miles southeast of Salt Lake City, 105 miles west of Grand Junction, Colo., on the main line of the D. & R. G. railway, of which it is a freight division point.

GUNNISON—(Ele. 5215. Pop. 1400.)—Rapidly growing town in Sanpete Valley on D. & R. G. railroad. Center of a large area of very fertile land that is adapted to fruit, apples, garden products, alfalfa, grain, etc. New water system recently installed. Has electric lights, new concrete sidewalks, the finest picture house south of Salt Lake and a good, live Commercial Club.

Gunnison Motor Company

Garage—Clement & Jensen, proprietors. Gunnison's new garage. Equipped for all kinds of work. We carry gas, oils, accessories, inner tubes, casings, spark plugs, etc. When in Gunnison leave your car with us. If in trouble out of town, call us up and we will come and get you. Culco oils.

Hermansen's Roller Mill—N. T. Hermansen, prop. Daily capacity 75 bbls. New Empress and White Rose are leaders among good brands of flour.

HEBER—(Ele. 5590. Pop. 2500.)—County seat of Wasatch County, and terminus of the Provo Canyon branch of the D. & R. G., 26 miles from Provo. Heber is situated in a beautiful valley of the Wasatch. On all sides rise mountains of rugged proportions, the loftiest peak being Mt. Timpanopos, 12,000 feet. The Heber Valley enjoys beautiful summers, and is one of the most delightful spots the tourist or fisherman could select for a few days' outing. Mountain climbing, bathing in the hot pots, fishing, horseback riding and motoring can all be enjoyed in their fullest in and around Heber. The country around Heber is devoted to agriculture and dairying. Sheep and cattle range by the thousands in the nearby hills. The town has well built and beautiful homes, and some very substantial business houses, a modern high school, electric lights and pure spring city water.

Wasatch Livery and Auto Service—L. Hylton, proprietor. Phone 16. Special attention to commercial trade. Livery, transfer baggage. We drive to Kamas, 18 miles; Park City, 14 miles; Charleston, 5½ miles; Midway, 3 miles; Walsburg, 16 miles. Bus meets all trains. Auto service in connection, and shelter for autos.

The Fern Lunch Room—Dudler & Yake, proprietors. A first class lunch room that makes a specialty of lunches and short orders, served at all hours. Auto parties, hunters and fishermen will find our service to their liking. Reservations may be made for parties.

Heber Mercantile Company—Gas, oils and accessories. Dealers in general merchandise, groceries, hardware and everything you eat or wear. Our line of fishing tackle, sporting goods, ammunition, guns and camp supplies is complete. This is the big store on Main Street.

Garage and Repairs—W. D. Johnson. Across from the bank. Bring your auto trouble to me. Repairs of all kinds and accessories. If you have trouble outside of town, phone and I will come and get you.

Bank of Heber—Capital, $50,000. Surplus, $25,000. Joseph R. Murdock, president; William L. Turner, vice president; George M. Jorgensen, cashier. Do a general banking business. Information on this section or road inquiries cheerfully answered.

HELPER—(Ele. 5840. Pop. 816.)—Railroad division town on D. & R. G. railway. Good schools, mercantile houses, bank, etc. Monthly pay roll about $40,000. When coal fields adjacent to Helper are developed it will be an important fuel supply point.

HOLDEN—(Ele. 5700. Pop. 700.)—In Millard County, on the Grand Canyon route and junction of the Grand Canyon road and the road to Delta and Oasis. Gas, hotel and supplies may be obtained here.

Teeple's Hotel—One of the oldest hotels in Utah. Good beds and home-cooked meals. Blacksmith shop where small repairs may be had in connection. Late travelers at night can get meals.

Holden Co-op. Mercantile Institution—Gasoline and supplies, ammunition, camping and general merchandise. Water bags, lubricating oils, etc. On main road.

HUNTINGTON—(Ele. 5690. Pop. 1100.)—A growing and prosperous town in Emery County, 23 miles from Price, its shipping point, on the D. & R. G. Huntington is located in the midst of many latent resources. The great undeveloped coal fields of Emery County are but a few miles distant, while extending for miles in every direction are countless acres of fertile land awaiting the coming of capital to develop water and the scientific methods of the dry farmer. Huntington, at the present time, is noted for its alfalfa seed and honey, about five cars of the latter being exported annually. Cattle and sheep are also important factors, as are wheat, oats, potatoes, etc. The soil has been tested for sugar beets and those grown as experiments have been very successful. Huntington is a progressive and wideawake community, and offers to capital and homeseekers alike, exceptional opportunities. The town has several live mercantile houses. The new home of the Miller Mercantile Company cost $15.000 and is the largest mercantile establishment in Emery County.

Miller Mercantile Company—George M. Miller, manager. Dealers in general merchandise, building material, furniture, cement, wall plaster, ammunition, guns, etc. Undertaking supplies.

The Brasher Hotel—R. Brasher, proprietor. A first class hotel that caters to the commercial trade and travelers. Rooms clean and comfortable, table served with wholesome home-cooked mals. Auto service, livery and feed stable in connection.

Castle Valley Banking Company—Home of good banking. Opened 1913. Do a general banking business. Business for non-residents promptly handled. Write for any information on this section.

JUNCTION—(Ele. 6000. Pop. 400.)—County Seat of Piute County, on Grand Canyon road via Panguitch. Farming, sheep, cattle. Daily stage. Marysvale 16 miles and Panguitch 36 miles.

Stoney Hotel—J. H. Stoney, proprietor. Comfortable, homelike hotel, that serves good meals and appreciates your trade. When in Junction make Stoney's your home. Auto livery in connection. We

drive to all points. Shelter for autos, and gasoline.

KANAB—(Ele. 4925. Pop. 800.)—County seat of Kane County, and commercial center of Kane County and the "Arizona Strip," or that part of Arizona north of the Colorado River. At the present time Kanab is 120 miles from railroad facilities, its shipping point being Marysvale, the terminus of the Sanpete branch of the D. & R. G. It is the gateway to the Grand Canyon of the Colorado from the Utah side, and as soon as an auto road is built to Kanab it will be one of the important points to the auto touring public. Kanab is situated in an empire of opportunity, the development of which depends to a large measure on rail transportation. The climate is ideal and the soil fertile. All farm crops, wheat, oats, barley and alfalfa, thrive. Fruits, such as the raisin and wine grapes, apples, peaches, plumbs, apricots and all small fruits grow in profusion. At the present time cattle and sheep are the chief sources of revenue, Kanab being one of the leading towns of the state in these industries. Kanab is beautifully situated, its southern sky line being the famous Kaibab forest, that extends to the rim of the Grand Canyon. From Kanab to the Grand Canyon is 50 miles, to Bright Angel, 70 miles. The trip down through Kanab to the Grand Canyon will soon become one of the country's most famous routes. Twenty miles of road building on either side of the Wasatch will give a first rate auto road to the Titian of Chasms. Kanab is an exceptionally comfortable and well built town. Recently several new business blocks have been erected, among them being the State Bank building and the home of the Jepson Confectionery. The new home of the Kanab Equitable, erected in 1915, and the largest business block in town, are the most recent additions to the business district.

Kanab Equitable—L. B. Pugh, manager. Auto gas and oil, also dealers in general merchandise, dry goods, boots, shoes, hardware, harness, saddles, groceries, ammunition and all supplies needed for pleasure parties, campers, hunters, etc. On your road to the Canyon, stop at the Equitable.

Jepson Confectionery Parlors—Louis Jepson, proprietor. A modern, up to date confectionery and ice cream parlor, where all the leading makes of confectionery are carried. Fountain new and sanitary. Also oranges, lemons and fresh fruits in season. Tourists will find our goods and service the best.

Stockmen's Store—John W. Glazier, treasurer and manager. A new and complete line of general merchandise, groceries, cured meats and canned goods. Camping parties and tourists are invited to our store, where they are sure of best treatment and lowest prices.

Bowman & Co.—E. D. Wooley, president; Thomas Chamberlain, manager. Dealers in general merchandise. Boots, shoes, dry goods, notions, hardware, agricultural implements, flour and grain. Cowboys', sheepmen's and miners' supplies.

Kanab State Bank—A. D. Finlay, president; Louis Jepson, vice president; James L. Pelton, cashier. Do a general banking business, and give special attention to business sent us by non-residents. Any questions concerning Kanab and Kane County cheerfully answered.

KANOSH—(Ele. 5220. Pop. 600.)—Agricultural village in Millard County, on the Grand Canyon Highway. Supplies, gas and hotel here.

George Hotel—Mrs. George A. George. First class homelike hotel. Clean and comfortable and good meals. Where the commercial men stop.

Kanosh Mercantile Company—Gasoline, oils and supplies. Just opposite hotel. Campers', hunters' and tourists' needs supplied.

LEWISTON—(Ele. 4690. Pop. 1000.)—Of all the districts of the beautiful and fertile Cache Valley, none are more favored by nature in the abundance and diversity of crops than is the farming district tribu-

tary to Lewiston. The soil here is particularly adapted to the culture of potatoes, sugar beets, alfalfa, wheat, oats, barley, etc., and this section annually produces large export tonnage of these various products besides its large output of milk, butter and eggs.

Lewiston Mercantile Company—M. J. Swinyard, manager. Lewiston's leading merchandise establishment. Carries a complete line of general merchandise, clothing and furnishings for men and women, dry goods, boots, shoes, notions, hats, caps, groceries, etc., hardware, building material of all kinds, cement, plaster and building hardware. This firm has a large commodious building on Lewiston's principal business corner and is one of the live mercantile houses of Northern Utah.

Lewiston Drug Company—P. E. Van Orden, president; P. B. Van Orden, secretary and manager. One of the 7000 Rexall stores. Carry a complete line of drugs and drug sundries. Prescriptions carefully compounded. Orders for parcel post delivery given immediate attention. Best fountain in the valley north of Logan. Pleasure and auto parties will find our fountain refreshments and service the very best. Key West and domestic cigars, magazines and news. We carry the leading lines of confectionery. Gasoline for automobiles.

Citizen's Trading Co.—Gas, oils and complete supplies for tourists, picnic parties, and fishermen. When in Lewiston give us a call. Everything to eat or wear.

LAYTON—(Ele. 4329. Pop. 700.)—Garden and farming. Bamberger electric, D. & R. G. and O. S. L. railways. In Davis County, on the state auto road, between Salt Lake City and Ogden.

Auto Gasoline—Layton Drug Company. Open day and night. A complete line of drugs, Key West and domestic cigars, cold soda, fountain refreshments, etc. Robert Birkin, proprietor. Bell 99-N. Local, 9.

LOA—(Ele. 7000. Pop. 350.)—Cattle, sheep, agriculture. County seat of Wayne County, 55 miles southeast of Richfield, its banking and shipping point.

LOGAN—(Ele. 4500. Pop. 8000.)—County seat of Cache County, and the metropolis of Cache Valley. An enterprising little city that is rapidly growing in wealth and population. It has all the modern equipment of city life—water system, electric lights (the cheapest in the state), sewers, sidewalks and a first class street car system. Its educational institutions rank not only among the best in the state, but in the country. The Agricultural College, which is built on one of the most beautiful college sites in the United States, is noted for the high standard of its work and the competency of its graduates. It has been a notable factor in the development of Cache Valley, and the application of the lessons learned at the A. C. means thousands of dollars annually to the farmers of this section. Logan has two other excellent sectarian schools in the Brigham Young College and the New Jersey Academy. The public schools are of high standard. From a commercial standpoint Logan has many prosperous institutions. The Amalgamated Sugar Company has a factory here, there are several knitting factories, two milk condensing plants, several flour mills, two electric plants, and numbers of small enterprises.

New Jersey Academy—A boarding school for girls. Thirty-fifth year. Departments of domestic science, music and elocution. The school offers courses in two departments—Academic and Preparatory. Preparatory courses include Seventh and Eighth grades. The Academic gives four years of High School work. Students completing the Academic course are prepared to meet the entrance requirements of our best colleges. The Academy is centrally located in Logan, a city noted for its beautiful situation and healthful climate. The grounds are surrounded by stately trees and beautiful, well kept lawns. Each student receives individual attention and there is close relationship between instructor

and pupil. Send for catalogue. 55 North Second West, Logan, Utah, Faith B. Haines, Acting Prin.

MARYSVALE—(Ele. 5839. Pop. 300.)—Terminus of the Sanpete Valley branch of the D. & R. G. railroad, and an important forwarding and shipping point and mining town. The Marysvale district has produced in the past millions of dollars' worth of ore, and from recent development in several of the properties it would seem as if this once famous camp was to return to the ranks of the big profitable producers.

Auto Gas and Oils—The Cameron Mercantile Company, the leading mercantile establishment in Marysvale. Sheepmen's, ranchers' and miners' supplies a specialty. Special attention given to mail orders. Forwarders and distributing agents. Staple and fancy groceries, fresh and cured meats. Pleasure parties and campers will find our line of provisions the best.

The Pines—Leading hotel of Marysvale. Excellent table and comfortable rooms. We cater to the commercial and mining trade. Bus meets all trains. W. H. King, proprietor. Shelter for autos.

MANTI—(Ele. 5530. Pop. 2423.)—County seat of Sanpete County. Leading sheep and wool town of the state. Located on a beautiful site that overlooks the surrounding country for many miles. Temple hill, with its magnificent Mormon temple, built from stone taken from the hill on which it stands, is one of the imposing sights of Southern Utah. Manti has excellent school system, pure water, electric lights, one of the finest opera houses in the state, and many blocks of new concrete sidewalk, bank, flourishing mill, important mercantile establishments. Manti is the home of many prominent sheep and cattle men. Parry Bros., who have made Sanpete County famous with the product of their stone quarries, also have their business offices here.

Manti Auto Livery and Feed Stable—Barton Bros. Phone 74. Best service in Manti. Commercial men, let us tell you how to save time. Auto to all trains. Trunk hauling. Driving for commercial men our specialty. We drive to Ephraim, 7 miles; Gunnison, 15 miles; Salina, 30 miles; Spring City, 18 miles; Moroni, 21 miles; Fountain Green, 28 miles; Mount Pleasant, 22 miles.

Savoy Hotel—Manti's new, modern, steam-heated hotel. Only first class hotel in Manti. Hot and cold water, baths, etc. Dining room first class in every particular.

MIDWAY—(Ele. 5559. Pop. 1000.)—In Wasatch County, three miles from Heber, its banking and shipping point. Midway is located in a beautiful valley that is noted for its agricultural wealth, sheep and cattle. But the thing that has made Midway famous throughout the country is its proximity to the famous Hot Pots. These natural phenomena are one of nature's peculiar freaks in warm spring building. Within a short distance of Midway are several of these famous springs. They get their name, Hot Pots, from the peculiar deposits of lime rock that nature has built around each spring. The most famous of these is Schienetter's and Buhler's, both within the confines of Midway. This is one of the most pleasant spots in the state for a week's end or a summer vacation. The finest mountain climbing in the state may be enjoyed from here, in the ascent of Mt. Timpanogas to an elevation of 12,000 feet and perpetual snow. It is surrounded by some of the best fishing streams in the country, and in the shooting season ducks and grouse are abundant.

Midway Drug Company—H. T. Coleman, manager. Drugs and drug specialties. After a plunge in the Hot Pots or a ride in your auto, try our fountain refreshments, confectioneries or cigars. Complete line in all departments. Toilet preparations and prescriptions.

Van Wagoner Bros.—Dealers in general merchandise. Dry goods, furnishings, etc. Our grocery department will supply the needs of the

camper, picnic parties, fishermen and hunters. Guns, ammunition, fishing tackle, fishing roads, etc. When in Midway make this store your headquarters.

MILFORD—(Ele. 4971. Pop. 1200.)—Important railroad, agricultural and distributing point on the Salt Lake Route in Beaver County, 207 miles south of Salt Lake City. The Salt Lake Route here maintains the largest shops of its eastern division, which gives to Milford a large permanent pay roll; the town is growing rapidly and has an assured future.

MOAB—(Ele. 4000. Pop. 615.)—County seat of Grand County, 36 miles south of Thompson, its shipping point on the D. & R. G. Any crop that is susceptible to fertile soil, warm sunshine and irrigation, grows to perfection in Moab. Among the products of the valley are all kinds of small fruits and vegetables, corn, wheat, oats, barley and other cereals. Tomatoes, cantaloupes, watermelons and citrons, of the largest size and finest flavor, are grown here. Two crops of delicious strawberries a year are gathered in Moab and three crops in a single season are not unusual. No place will grow a larger yield of alfalfa. The climate is unsurpassable. More than 325 clear days out of a possible 365 is the record. The coldest weather ever known in the valley was 10 degrees below zero, and only once in 20 years has this point been reached. The average winter temperature is 32 degrees; spring, 45; summer, 75; fall, 53. In Grand County, of which Moab is the county seat and principal town, are thousands of acres of the most fertile soil in the world. Much of it is susceptible to dry farming and the remainder to irrigation.

Cooper, Martin & Co.—General merchandise. V. P. Martin, manager. Groceries, clothing, boots, shoes, hardware, ammunition, guns, fishing equipment, camp supplies, stoves, harness, etc. Complete outfits for prospectors, sheep and cattlemen. Scowcroft's Never-Rip Overalls.

Williams Drug Company—"Where the cars stop." A complete line of drugs and drug specialties. When in Moab give us a call. Cameras and photo supplies. Special attention to the needs of tourists, travelers and theatrical people.

Moab Co-op.—J. P. Miller, manager. "Everything to eat, use and wear." Gasoline and oils. When in Moab make our store your headquarters. Ask for any information. Visitors always welcome.

MONROE—(Ele. 5325. Pop. 1400.)—One of the prosperous, growing towns of Sevier County. Five miles from Elsinore Station, its shipping point on the D. & R. G. railway. Monroe is on the main auto road through the valley out from Richfield. The famous hot springs of Sevier County are located here, and they are one of the features of a trip south that is recommended to the traveling public and auto touring parties. Monroe is noted for its pleasant homes, excellent schools, fertile land, good horses and wideawake citizens. Its chief resources are cattle, sheep, sugar beets, live stock and general farming.

Auto Oil, Gas and Supplies—N. Michelsen, proprietor. Dealer in hardware, stoves, implements and sporting goods. Auto tires, spark plugs, inner tubes, etc. Fishing tackle, guns, ammunition, camp stoves and supplies. Tourist and camping parties will find our stock complete. Also a complete general line of hardware.

The Rainbow Cafe—W. Andreason, proprietor. Coffee, chili and light lunches. Our fountain service is the best in town, and our stock of confectionery, cigars and tobacco is complete. Special attention to pleasure parties.

Monroe Drug Company—H. S. Bell, proprietor. A complete line of drugs, toilet articles, confectionery, stationery, postcards, cigars, toilet preparations, etc. Transient trade and theatrical people receive cordial attention. Orders by parcel post given immediate attention. Prescriptions carefully compounded.

Monroe Harness Shop—S. W. Gould, proprietor. Harness, hardware, bits, spurs, oils, etc. Hand-made harness a specialty. Repairing promptly done. Parties driving to the Grand Canyon, or hunters or fishermen needing anything in leather repairing or harness accessories will receive prompt service and get right prices.

O. Magleby & Co.—General Merchandise. Fishing tackle, gasoline, ammunition and camping supplies.

State Bank of Monroe—Est. 1913. Banking in all its branches. Special attention to business for non-residents.

MONTICELLO—(Pop. 200.)—County seat of San Juan County, shipping point, Thompson's, on D. & R. G. railway, 100 miles. Agriculture, cattle and sheep.

MORGAN—(Ele. 5068. Pop. 750.)—County seat of Morgan County, and center of an agricultural district that is famous as a producer of all farm and garden products. Important canning factory. The Morgan peas have made this district famous. Well built stores, bank, hotel, livery, etc. Beautiful canyon and an ideal place for summer recreation and fishing.

Stuart Hotel—Mrs. J. R. Stuart. One of the most comfortable and homelike hotels in the state. A place where you are always sure of a good wholesome meal. Special attention to commercial men and hunting and fishing parties. Sample room. Three doors south of A. W. Francis store.

Heiner's Automobile and Feed Stable—D. H. Heiner, proprietor. Best rigs and stock the market affords. For fast service use our auto. Always ready. Commercial men ask us how to save time. Drive from here to Peterson, 8 miles; Devil's Slide, 9 miles; Corydon, 11 miles; Henefer, 15 miles; Echo, 20 miles; Coalville, 25 miles. If you wish to spend a pleasant Sunday, let us take you to the best hunting and fishing grounds in the state. Several good districts can be made in one-day trips. Phone Bell 5.

Auto Gasoline, Fishing Tackle, Etc.—J. Williams & Sons Co. General merchandise, lumber and building supplies. Wholesale shippers of produce and potatoes. Phone 42 red. Fill from tank in front of store.

MT. PLEASANT—(Ele. 5857. Pop. 2280.)—Important town in Sanpete County. Center of a productive country adapted to dry farming, hay, grain, garden products, dairying, etc. Cattle, sheep and wool are also substantial sources of revenue. Good public schools and Wasatch Academy. Excellent water, newly laid sidewalks. Large mercantile houses, two banks, laundry, large flouring mill, etc.

Ed Johnston, Drugs—Oils and gas. Agent for Maxwell cars. Cigars and fountain refreshments.

MYTON—(Ele. 5125. Pop. 600.)—One of the rapidly improving towns in Uintah Basin. On the Pikes Peak Ocean to Ocean route through Utah. Has a well built business section, concrete sidewalks and electric lights. Daily auto stage and mail service to Vernal and Colton. Center of a very fertile and extensive agricultural, sheep and cattle district. Myton is one of the new towns in the Uintah Basin that is rapidly making good.

Auto Oil and Gas—Calvert & Waugh, the Pioneer Store. This firm occupies one of the largest new store buildings in town and carries a complete line of general merchandise, guns, ammunition, fishing equipment, groceries, etc.

NEPHI—(Ele. 5119. Pop. 2759.)—Salt Lake Route and S. P. Valley railways. County seat of Juab County. One of the best business centers in the entire state. Ideal climate and a health record unequaled. Excellent public school system, and one of the best high schools in the state. Municipal electric light plant and mountain spring water.

Forest Hotel—"The Traveling Man's Home." E. F. Forest, proprietor. Phone 22. One of the hotels a traveling man is always glad to

reach. Large shady lawn in summer. Pleasant and homelike. Newly remodeled and refurnished. Steam heat, electric lights, all modern conveniences. Sample room. Table best the market affords.

First National Bank—Capital, surplus and profits, $150,000. George C. Whitmore, president; W. S. McCornick, vice president; W. M. Whitmore, cashier. Write for information on Nephi and Juab County.

The Toggery—Gents' furnishings in all the late up to date stuff, and fine clothing.

OASIS—(Ele. 4604. Pop. 400.)—Agricultural town on the Salt Lake Route in Millard County, in the center of one of the best irrigated sections of the state; all farm products, alfalfa, sugar beets, grain, potatoes, etc., thrive. Ideal climate the year round. Land at the present time can be purchased at low rates and long time. Oasis is building substantially. It has good general stores, a live, progressive bank, creamery, hotel, etc.

State Bank of Oasis—General banking. Business entrusted to us receives careful attention. Write to us for information on this section We have installed a saving department, paying 4 per cent on deposits left on this account, and are giving particular attention to this part of banking. Henry Huff, president; J. C. Hawley, vice president; C. O. W. Pierson, cashier. Also real estate for sale.

Oasis Hotel—Oasis' new hotel. M. H. McCosh, proprietor. Newly furnished. We cater to the commercial trade and investors. Livery in connection. Hinckley, 5 miles; Deseret, 1½ miles; Fillmore, 35 miles; Scipio, 40 miles; Holden, 30 miles; Meadow, 35 miles.

OGDEN—(Ele. 4293. Pop. 30,000.)—County seat of Weber County and most important railroad distributing point in Utah, and rapidly becoming one of the leading manufacturing and wholesale centers of the mountain west. Four railroads, the Denver & Rio Grande, the Union Pacific, Southern Pacific and Oregon Short Line give Ogden ample facilities for distribution to all sections of the intermountain country. Ogden is now connected with Preston, Ida., on the north, ad Provo on the south by electric lines. Ogden numbers among its wholesale and manufacturing concerns the largest in the state, and their goods and products are known all over the country.

PANGUITCH—(Ele. 6666. Pop. 1338.)—County seat of Garfield County, and the commercial center of a large section of south central Utah. Panguitch is 55 miles south of Marysvale, its shipping point on the D. & R. G. Dail auto service is maintained between Marysvale, Circleville, Junction and Panguitch over one of the best roads in the state. Panguitch is on the road east of the Wasatch to the Grand Canyon of the Colorado, and it is one of the pleasant towns that a traveler will find it worth his while to spend some time in. The chief resources of this section are cattle, sheep, hay and grain. There is a large acreage adjacent to Panguitch that could be put under irrigation, and many thousands of acres are adapted to dry farming. There are a number of large mercantile establishments, a bank, a local telephone company and a first class public school.

Auto Oils and Gas—Panguitch Drug Company. C. Carhart, Ph. G., Phar. D., manager. Complete line of drugs, toilet articles, cigars, ice cream, fountain refreshments and confectionery. Orders by parcel post receive prompt attention. Fill your car at our Bowser tank.

State Bank of Garfield—Established 1906. J. E. Heywood, president; J. B. Showalter, vice president; H. Clement Tebbs, cashier. Capital, $43,500. Surplus and undivided profits, $40,000. Do a general banking business. All business entrusted to us receives prompt attention.

Garfield Exchange—Auto oils and gasoline. Best prices in town. Oldest mercantile establishment in Panguitch. James P. Cameron, manager. Agricultural implements, guns, ammunition, dry goods, groceries, cured

meats, camp supplies, etc. Come to us for anything you want in general merchandise.

Church Hotel—Abe Church, proprietor. Leading hotel of Panguitch. Where the commercial men stop. Shelter for autos and feed barn in connection. Bath and comfortable rooms.

Panguitch Equitable Association—A. C. Tebbs, superintendent. Gasoline, oils, and dealers in all lines of merchandise. Opposite bank. Our prices are right and our stock complete and up to date.

Southern Utah Equitable—J. Frank Houston, Mgr. One of the largest stocks of general merchandise south of Salt Lake. Supplies for tourists and campers. Gasoline, oils, water bags, and sportsmen's equipment.

PARK CITY—(Ele. 6970. Pop. 3500.)—One of the greatest mining camps of the world, in the production of gold, silver and lead. Located in Summit County, 33 miles east of Salt Lake City, on branch lines of the U. P. and D. & R. G. railways. This camp has in its time produced over $100,000,000 worth of ore, and is now apparently starting on a new era that promises to eclipse all records of the past.

PAROWAN—(Ele. 5970. Pop. 1500.)—County seat of Iron County, 54 miles from Lund, its shipping point, on the Salt Lake Route. Parowan Valley, of which Parowan is the commercial center, contains about 150 square miles of the finest undeveloped land to be found anywhere in the west. Artesian wells can be developed on this entire area at from 200 to 700 feet. The soil is very fertile and for the most part the land could be easily prepared for irrigation. Most of the crops and fruit susceptible to cultivation in Utah are adapted to Parowan Valley. Alfalfa, oats, wheat, barley, potatoes, sugar beets and all garden products grow in profusion. Apples, pit fruits of all kinds, and small fruits are readily produced. Lack of transportation has kept the great advantages of this section from general recognition, but the near future will certainly remedy this. Already a survey has been made for a wagon road to be built directly from Parowan to Lund. This would cut about 15 miles from the present route, and in itself would be a substantial advantage, as daily auto service with the railroad would be installed. At the present time cattle and sheep are the chief sources of revenue. About 100,000 sheep are owned in and about Parowan, and several thousand cattle range from the same district. Parowan has several wideawake mercantile houses, a progressive bank, a flouring mill, electric lights, a water system and good hotel accommodations.

Bank of Iron County—L. N. Marsden, president; William Adams, vice president; J. Clayton Mitchell, cashier. Capital and surplus, $30,000. Strong conservative bank, transacts a general banking business and gives prompt attention to business for outside parties left to its care. Any information concerning Parowan or Parowan Valley cheerfully furnished.

Parowan Co-op. M. & M. Co.—Wilford Day, president; R. G. Page, superintendent. General merchandise in all its branches. Dry goods, furnishings, boots, shoes for men, women and children, rubber goods, notions, groceries, cut glass, silverware, electric supplies, sheet music, etc. Also dealers in hay, grain and produce, and proprietors of the Parowan Roller Mills.

Parowan Equitable Co-op. Association—Auto gas and oils. Fill from tank in front of store. Dealers in lumber and general merchandise, dry goods, boots, shoes, furnishings, groceries, cured meats, etc. Building material, sash and doors and hardware. Farm implements of all kinds. L. N. Marsden, president; John Stevens, vice president; John Bentley, secretary; S. A. Matheson, superintendent.

Orton Hotel—Mrs. M. A. Orton, proprietress. On the main state road, one block from bank corner. First class comfortable family hotel, where good meals are served. If coming late, phone for extra service.

PARAGONAH—(Ele. 6222. Pop. 450.)—Cattle, sheep, farming, dry

farming. In center of one of the best sections of Iron County.

PAYSON—(Ele. 4622. Pop. 2397.)—Growing town in Utah County, on D. & R. G. and S. P., L. A. & S. L. railways. Surrounded by one of the best fruit districts in the west and directly under the government's Strawberry Valley $5,000,000 project. Has a great future as fruit growing and intensive agricultural district. Only 25 miles from Tintic mining district. In 1913 the Utah-Idaho Sugar Company erected a 600-ton sugar factory near Payson. Has well built and wideawake business district. Payson has excellent public schools and is one of the most beautifully located towns in the state. The next few years will see rapid developments in many lines. Headquarters for the government's Strawberry water project, which will water 20,000 acres adjacent to Payson in 1916.

One of the new additions to Payson's business section is the new building of the Central Lumber and Hardware Company. It is the largest building of its kind south of Salt Lake City.

Craven's Hotel—Only first class hotel in Payson. Everything new and modern. Table unsurpassed. Large, clean sample room. J. C. Cravens, manager.

Central Lumber Company—Lumber, sash, doors, building material of all kinds, paint, etc. Let us furnish you an estimate for building in this section. Otto Erlandson, manager.

Real Estate—Justin A. Loveless. Real estate, loans, insurance, abstracts. We have some choice tracts under the Strawberry Valley project. Write us for full information.

PROVO—(Ele. 4512. Pop. 10,000.)—County seat of Utah County and commercial center of Utah Valley. Provo is known as the Garden City. The country about Provo is of remarkable fertility. The low, flat valley land is adapted to apples, small fruit, strawberries, sugar beets, potatoes, garden products of all kinds, hay and dairying, while the bench lands produce the peaches, prunes, pears, apricots, tomatoes, cantaloupes, etc., that have made Provo and Utah County famous. About 200 cars of fruit, etc., are shipped annually to the east, besides the large amount consumed by the local market and small local shipments. Provo is an important distributing point and her wholesale and manufacturing interests are steadily growing. Two wholesale grocery houses, a large candy factory, a foundry and the largest woolen mills in the west give Provo prestige as a commercial center. Many large mining companies have headquarters here, and the Provo Canyon plant of the Utah Light & Power Company is an important factor in electric power. Provo's educational facilities are exceptionally good. The Brigham Young University, the Proctor Academy and her public schools rank with the leading institutions of their kind. Two steam roads, the D. & R. G. and the Salt Lake Route, give Provo excellent distributing facilities, while the completion of the new interurban electric has given easy access to all local points and to Salt Lake City. Provo Canyon and beautiful Utah Lake have made Provo famous during the summer months as an ideal place to rest, fish or recreate. The city has four banks, large retail establishments, sidewalks, electric light, sewers, a gas plant just completed, and an excellent hotel, the Roberts.

Hotel Roberts—European. Leading hotel in Southern Utah. Rates, 75 cents to $2 per day. Baths, steam heat, electric lights. New addition recently added. Merchants' lunch 12 to 2 p. m., 35c. Phone in every room.

Real Estate—For information concerning Provo or Utah County, address Ben F. Rea, Center Street. Real estate, insurance, loans.

NAYLOR AND CLARK GARAGE, PROVO, UTAH
Gas, Auto Supplies and Repairs

PRICE—(Ele. 5547. Pop. 1021.)—County seat of Carbon County,

Utah. Located 120 miles southeast of Salt Lake City, on the D. & R. G. Distributing point for Carbon, Emery and Uintah Counties. Has recently become a city of the third class. Contains many beautiful homes of the latest style. Public school building cost $28,000. Has a fine court house costing $75,000. Has two newspapers. Several good general stores. Has one national and one state bank. Daily auto service to Emery County.

RANDOLPH—(Ele. 6442. Pop. 533.)—County seat of Rich County. Farming, sheep, cattle.

RICHFIELD—(Ele. 5308. Pop. 2559.)—County seat of Sevier County. A thriving town in a wonderful valley. Cattle, sheep, sugar beets, apples, prunes, and all farm products contribute to the wealth of this section. Newly laid sidewalks greatly improve the town. Has a good public high school, well built business blocks and a fine future. On D. & R. G., Sanpete Valley branch. In the past few months a number of fine new buildings and residences have been built, adding to Richfield's prosperous appearance, chief among them being the new bank building of the Richfield Commercial & Savings Bank. Its new home cost $25,000 and is the finest bank building in the state south of Provo.

Richfield Commercial and Savings Bank—General banking. Business for non-residents receives prompt attention. Write for information about Richfield. Capital and undivided profits, $70,000. Guy Lewis, cashier.

Richfield Steam Laundry—D. E. Whyte, proprietor. "We treat you square the year round." Special one-day service when desired. Commercial and traveling trade solicited.

"Billy" Johnston's Hotel—Best managed hotel south of Salt Lake. Baths. Steam heated. Electric lighted. Finest sample rooms. "Billy" Johnston, proprietor. Hack meets all trains. So does "Billy."

RIVERTON—(Ele. 4300. Pop. 1000.)—Prosperous agricultural town in Salt Lake County, 16 miles south of Salt Lake City, on Oren electric and D. & R. G. railways. Center of a rich mining country. Has a number of mercantile houses, a bank, electric lights, spring water, and a fine public school system. A number of prominent sheep and cattlemen make Riverton their home, and this little community is one of the most prosperous in the state.

Jordan Valley Bank—Capital, $15,000. Surplus, $1900. A. T. Butterfield, president; I. E. Freeman, vice president; Seth Pixton, cashier. Banking in all its branches. Service unexcelled. Information on south Salt Lake County cheerfully furnished.

Auto Oils and Gas—Riverton Implement Company. D. A. Latimer, manager. Culco oil and Culcoene. Dealers in implements, hardware and electrical goods. Guns, ammunition and fishermen's supplies. Corner next to bank. Gas tank in front of store.

Page-Hansen Co.—Thomas P. Page, president and manager. Dealers in general merchandise and lumber. Largest store in Riverton. Established 24 years. Our stock of furnishings, clothing, hats, caps, boots and shoes is new and up to date. Our grocery department carries the best groceries and grocery specialties on the market.

ROOSEVELT—(Ele. 5040. Pop. 563.)—Roosevelt is an incorporated town and the metropolis of the new country of Duchesne. Population, 563; altitude, 5040 feet above sea level; situated in the heart of the famous Dry Gulch section, of which it is the commercial center. Has water works, electric lights, telephone exchange, an excellent graded school system. Is seat of Wasatch High School No. 2, which is erecting a $35,000 building for its new home this season; has good hotel accommodations, numerous commodious public buildings and private residences. The surrounding country is the most fertile, best watered section of the intermountain country, noted for its production of alfalfa, cereals, fruits, vegetables, honey, dairy products and live stock; with a climate that cannot be excelled for comfort or healthfulness anywhere. Nearly all

lines of business are well represented in Roosevelt, which is an outfitting point fo rnumerous summer resorts in the Uintah Mountains, easiy reached by auto, team or saddle horse, where the business man can forget his business cares and the tourist pass an enjoyable outing in camping and capturing the speckled beauties, with which the streams an dlakes abound. The canyons of the Uintah and Whiterock Rivers, Moonlight Lake and the Rock Creek Canyon are among the most frequented summer resorts.

Roosevelt Banking Company—Capital, $25,000. Established August 12, 1913. W. A. Miles, president; Clarence I. Johnson, vice president; Homer P. Edwards, cashier. Do a general banking business. Information concerning Roosevelt cheerfully given.

Auto Oils and Gasoline—Ashton Hardware Company. Dealers in hardware, crockery and lumber. Agents for the Buick auto accessories, guns, ammunition, fishing tackle, rods and camp supplies.

Bracken Mercantile Company—O. H. Bracken, G. Bracken. Our new concrete store at Roosevelt is the largest store structure in Uintah Basin. Carry a complete line of the newest merchandise, camp supplies, water bags and ammunition. Information to auto tourists and travelers always cheerfully given.

Ed. F. Harmston—U. S. Mineral Surveyor. Write me for information on all matters pertaining to water right, water supply, land locations, mineal locations, etc.

Isham Drug Co. The Rexall Store—For the tourist, latest magazines, log books, Salt Lake and Denver daily papers. Cameras and photo supplies. Thermos bottles. Eveready Flash Lights, Fountain refreshments, cigars and a complete line of drugs.

SALINA—(Ele. 5160. Pop. 1082.)—One of the best business towns in Sanpete Valley. Cattle, sheep, sugar beets and farming center. Good opportunity for thrifty people. Recent experiments in apple, plum and other fruits proves this to be one of the most favored sections of the state. All garden products thrive. Home of a live Commercial Club and progressive business men.

White House Hotel—Only first class hotel in Salina. Special attention to the tourists, pleasure parties and the commercial trade. Dining room in connection.

SALT LAKE CITY—(Ele. 4260. Pop. 100,000.)—Capital and metropolis of Utah, and county seat of Salt Lake County. Site of first settlement in Utah. Was founded by Brigham Young and followers July 24, 1847. The city is laid off in 10-acre blocks, each block is 660 feet long and the streets are 132 feet wide. It is one of the most beautiful, progressive and rapidly growing cities in the west. It is the center of a commercial radius of more than 500 miles. This vast area contains some of the greatest mineral, agricultural, fruit growing, cattle, sheep and wool producing sections in the world. Salt Lake is the headquarters of many of the great mining companies, and the location of the largest smelter and mineral mills in the west. It is a wholesale distributing point for all classes of merchandise, and is rapidly becoming an important manufacturing center. It is an important railroad center, being headquarters for the Oregon Short Line railroad, and the Denver & Rio Grande has declared its intention of locating the largest shops of its entire system here. As an educational center it ranks first in the mountain west. The State University and Normal School, All Hallows College, Westminster College, Collegiate Institute, and St. Mary's Academy are located here, besides one of the most excellent public school systems in the entire country. A new high school building has been recently erected at a cost of $700,000. A few years ago the city entered into a season of municipal improvements that include everything that pertains to public health and safety, and as the growth of the city requires these improvements are

still going on. Many notable buildings have been erected in the past few years, including the Newhouse and Boston, the Kearns and the Walker Bank building. Te new Utah Hotel ranks with the best hostelries of any large city, and has been an incentive to bring many tourists to Salt Lake City. The new capital building cost more than $2,000,000.

INTERESTING SIGHTS AND PLACES.

Mormon Temple—A massive granite structure costing $4,000,000. Is 186½ feet long by 99 feet wide; its height to the top of the monument is 222 feet. The figure represents the Angel Moroni, and is of hammered copper covered with pure gold. The building was started in 1853 and dedicated April 6, 1893.

The Tabernacle—Seats 10,000 and cost $300,000, exclusive of the organ. The organ has 110 stops and accessories and over 5000 pipes and is considered to be the finest instrument of its kind in the world.

Eagle Gate—Formerly entrance to private grounds of Brigham Young.

Amelia Palace—Once the home of Brigham Young and his favorite wife, Amelia Folsom Young.

Social Hall—One-half block south of Eagle Gate. Famous as social center of pioneer days.

Fort Douglas—U. S. Military Reservation. Reached by street car, three miles east of city on beautiful elevation overlooking city and valley.

University of Utah—Leading institution of learning in state.

SANDY—(Ele. 4475. Pop. 1037.)—Agricultural town on S. P., L. A. & S. L. railway, 16 miles south of Salt Lake City. Electric car service to Salt Lake City every 30 minutes. Recent development of water promises to make this little town one of the leading fruit producing centers of the state. The soil here is exceptionally fertile and is well adapted to all fruit and garden products. Electric transportation gives this section great advantages for suburban residence. Climate, elevation and surroundings are exceptionally desirable.

Sandy City Bank—General banking. Interest paid on time deposits. Business for non-residents given special attention. Information concerning the resources and opportunities of southern Salt Lake County cheerfully given. W. W. Wilson, president; Heber A. Smith, vice president; A. R. Gardener, cashier.

SCIPIO—(Ele. 6000. Pop. 800.)—In Millard County on the Grand Canyon road. Supplies and hotel. Agricultural town.

Miller Hotel—Comfortable homelike hotel. Headquarters for commercial men and autoists. Shelter for cars. Good meals and beds. S. A. Miller, proprietor.

Scipio Co-op.—Brown & Thompson, proprietors. Gasoline and oils. Camp supplies of all kinds, and provisions. Twenty miles to next gas supply. General merchandise, etc.

SIGURD—(Ele. 5270. Pop. 300.)—A manufacturing town. Location of Jumbo Plaster Company and Utah Keene's Cement Company. Here is one of the largest deposits of pure gypsum in the world, and this little community has a bright future. On the D. & R. G. railway, S. P. branch.

Peter Dastrup—General merchandise. Gasoline from a Bowser tank. Oils, fishing supplies and ammunition.

SMITHFIELD—(Ele. 4554. Pop. 2000.)—A beautiful town in Cache Valley, the center of one of the richest agricultural sections of the state. Dairying, sugar beets, potato culture. Apples and fruit growing are the chief resources. Smithfield has many beautiful and well built homes, excellent public schools. It has a business section of up to date mercantile establishments. It has a large milk condensing plant, creamery and flouring mill, and a national bank. Interurban electric line between Logan and Smithfield now in operation.

Commercial National Bank—E. R. Miles, Jr., president; George Y.

Smith, cashier. Do a general banking business. Prompt attention given all business left to our care. Write for any information on this section.

Auto Oil—General mrchandise, fishing tackle, hardware, guns, bicycle supplies, etc. Store closes 6:30 p. m. If autos need gasoline Sundays or after hours, phone 16. E. R. Miles, Jr.

SPANISH FORK—(Ele. 4570. Pop. 3464.)—One of the most progressive towns in the state. Electric lights. New theatre. New sidewalks. Spanish Fork is just entering a period of rapid and substantial growth. Fruit, apples, peaches, sugar beets, grain, dairying and all farm products. On D. & R. G. and Salt Lake Route railways. Good schools, business houses and hotel. Erected a $40,000 High School in 1913.

Arnold Hotel—Commercial men's headquarters. New addition recently added. Steam heated. Electric light. Fine sample rooms. One of the best country hotels in the state. Dining room in connection. One of the favorite stops for auto parties.

SPRINGVILLE—(Ele. 4555. Pop. 3356.)—One of the most favorably located and beautiful towns of the state, noted for its fruit, garden and farm products. Surrounded by very fertile land that is adapted to all farm and garden products, sugar beets, etc. The neighboring bench land is one of the best fruit districts in the west. Well built stores, fine theatre, two banks, etc. The streets are lined with magnificent shade trees.

Springville Banking Company—Established 1891. H. T. Reynolds, president; G. R. Maycock, cashier. Capital, $75,000. Surplus fund, $15,000. Write us for information on this section.

Hotel Harrison—Beefsteak Harrison, proprietor. The man who made Springville famous. You haven't tasted a real beefsteak until you have had one of Beefsteak Harrison's. Hack in connection.

Thorn's Auto Livery and Feed Stable—The best rigs, auto and livery service. We cater to the commercial and light livery trade. Bus, baggage and transfer. We drive to Spanish Fork, 6 miles; Provo, 6 miles; Payson, 12 miles; Salem, 9 miles; Benjamin, 9 miles.

Kearns Hotel—Only steam-heated hotel in Springville. One block from bank corner. American and European. When in Springville make this hotel your headquarters. Hot and cold water and baths.

E. N. Jordon—Books, magazines, cigars, newspapers and log books.

ST. GEORGE—(Ele. 2880. Pop. 1769.)—County seat of Washington County and leading town in one of the most remarkable districts in the west. The low elevation gives Utah's Dixie a semi-tropical climate, where most of the products of southern California grow and thrive. With adequate transportation facilities this section has a wonderful future. Excellent hotels, bank, good business houses and schools. Modena, 65 miles, on Salt Lake Route, shipping point. Daily stage.

Bank of St. George—Capital and surplus, $20,000. Edward H. Snow, president; Jhas. F. Foster, vice president; Arthur F. Miles, cashier. General banking business. Matters assigned to us by non-residents receive prompt attention.

McQuarrie House—First class accommodations. St. George's new hotel. Commercial men and tourists, give us a call. Mrs. Ella McQuarrie, proprietress. Good stable in connection.

Dixie Drug Company—D. C. Watson, manager. The quality drug store. General line of first class confectionery, cigars and toilet specialties. Parcel post orders receive immediate attention. Fountain best in Southern Utah. Magazines, newspapers and log books.

Nelson Mercantile Company—Gasoline and oils. Everything to eat. Trade of campers, tourists and picnic parties invited. One block from state road.

TREMONTON—(Ele. 4210. Pop. 500.)—Best built town in the state of Utah for its size. Tremonton is situated on the Malad branch of the Oregon Short Line railroad, 40 miles northwest of Ogden. It is lo-

cated in the center of a large area of very fertile land adapte dto all the agricultural and fruit products of the state. The immediate country is all in a high state of cultivation and is under irrigation. To the west and north are large areas adapted to dry farming. Tremonton at the present time is experiencing a period of rapid and substantial building.

Auto Livery and Garage—Hadley & Burns, proprietors. Garage, gasoline, oils and supplies. Light repairs. We make the following drives: Garland, 2 miles; Collinson, 9 miles; Deweyville, 4 miles; Honeyville, 4 miles; Corinne, 12 mies; Snowville, 40 miles, and any other drives desired through this territory. We have been driving the commercial trade for the past 20 years and we endeavor to render the best possible service. Phone 18 from anywhere and our car will meet you. Branch office at Canfield's Garage, Brigham.

Thompson Scott Drug Co.—One of the fine new business blocks recently erected in Tremonton's business district is the new home of the Thompson-Scott Drug Co. The new building is an up to date structure, in keeping with best modern building methods, and the fixtures, fountain, etc., are of the high class character that are generally to be found in the largest towns. The store is one of the 7000 Rexall stores and opened for business in Tremonton January, 1913. In addition to the general drug line, all the well known, high grade toilet specialties and sundries are carried.

VERNAL—(Ele. 5500. Pop. 836.)—County seat of Uinta County and center of a great sheep, cattle and hay section. This district is patiently waiting for railway facilities, which seem about to be realized in the Moffat road. With proper market facilities, many mineral and latent agricultural resources will be developed. Price, 120 miles, on the D. & R. G., is the shipping point in Utah, and the branch road from Mack, Colo., to Watson, Utah, is th enearest railway at present. Vernal has streets and sidewalks paved with asphaltum. Splendid telephone system. Cheapest electric lights in Utah. Water works. Educational center. The climate here is unexcelled in any part of the west. The only wind to speak of is in the springtime, and even then there is but little in comparison with many other sections of the west. In the summer, fall and winter there is seldom a breeze. The soil is from 5 to 50 feet deep, and in the fruit sections contains just enough clay. The country is well drained to the east, a factor so much desired by fruit men. The sub-soil consists of a porous formation. The water is pure and abundant. Vernal is the first important stop in Utah on the Ocean to Ocean Highway. First class stores will be found, a good garage, and this is one of the pleasant places to stop over and rest.

Uintah State Bank—Enos Bennion, president; Ed. D. Samuels, vice president; L. W. Curry, cashier; E. H. Belcher, assistant cashier. Business for non-residents entrusted to us given careful attention. Write us for information on this section.

Vernal Drug Company—Prescription druggists. This business occupies one of the best and most elegantly equipped stores to be found outside of the largest cities. One of the very finest drug stores in the state. Full and complete line of drugs and drug sundries, including a high class line of toilet articles, smokers' goods, high grade cigars. Eastman kodaks and developing. Thermost bottles. Books, magazines and guide books. L. H. Allan, manager.

Auto Gasoline, Oils, Supplies and Accessories—Leslie Ashton Hardware Company. Dealers in hardware, guns, ammunition, fishing tackle, auto tires, tubes and supplies.

Uintah Livery and Garage—Ed. C. Sumner. Auto oils, gas and supplies. Ford agency. All classes of auto repairs. If in trouble anywhere in Western Colorado or Eastern Utah, phone for our repair man. Cars rented by the hour. Write us for information on the oads. We also funish guides on hunting trips.
