

INSTRUCTIONS FOR THE SA 1-2 SHORT FORM – EXCEL FORMAT

The Copyright Office will accept the use of this Excel template for preparing Statements of Account for the 2011/1 accounting period. However, as the Excel form is not a government issued form, the Copyright Office will not be responding to technical and other questions about the instructions for filling out the form.

General Instructions

- **Alphabetization:** When completing Space D, it is strongly recommended that operators list communities in alphabetical order after the first community listing. Similarly, when completing Space G, it is strongly recommended that operators list call signs in alphabetical order. The Copyright Office has indicated that failure to alphabetize either Space may result in a significant delay in processing of the Statement of Account.
- **Protection:** All tabs of the SA 1-2 Short Form Excel spreadsheet have been protected in Excel so that the user does not accidentally edit the underlying formulas that allow the form to function properly. **The form is designed to function with all tabs in protected mode. It is strongly recommended that you do not unprotect any tabs on the form.**
- **Navigation:** To navigate between the tabs, use a mouse to click on the tab listings at the bottom of the screen to select the tab you wish to view/edit. Within a tab, use the mouse or the arrow keys to navigate between fields. Depending on the settings in Excel, hitting the “Tab” button on the keyboard will not necessarily move the user to the next tab nor will it necessarily move the user to populate the next field within a tab.
- The Instructions tab, General Data Input tab and Signals tab are customized tabs for use with the Excel based SA 1-2 Short Form; **these tabs are not part of the official Copyright Office Statement of Account and should not be filed when submitting the form to the Office.**

General Data Input tab

- Ensure that the proper accounting period is filled in numerical format (e.g., “2011/1”) next to the “ACCOUNTING PERIOD:” listing at the top of the page. Failure to enter the accounting period here will cause the form to not populate the correct accounting period on the header of each page of the Statement of Account.
- Space A – fill in the accounting period in text form (e.g., for 2011/1, fill-in “January 1 – June 30, 2011”)
- Space B – If this is the cable system’s first filing, place an “X” in the appropriate box and leave the cable system ID number blank. Otherwise, fill in the cable system ID number. Fill in all other applicable information in the appropriate highlighted boxes.
- Barcode Data – In the highlighted “Filing Period” box fill in the four digit year followed immediately by the number 1 for the January-June accounting period or the number 2 for the July to December accounting period (e.g., for 2011/1 fill-in “2011”). **DO NOT USE A SPACE OR OTHER CHARACTERS, SUCH AS A SLASH OR DASH, IN BETWEEN THE YEAR AND NUMBER.** The Cable system ID # will automatically populate with the information entered in the Space B portion of the General Data Input tab.
- **For the barcode to display properly on the form, a barcode font must be downloaded.** The following address offers a free bar code font:
<http://www.barcoderesource.com/freebarcodefont.shtml>
- Spaces C, E, F, M, N, O – Fill in all applicable information in the appropriate highlighted boxes.

Signals tab

- Enter the call signs, broadcast channel numbers, type of station and location of station.
- Note that this tab can accommodate in excess of 5,000 stations and, if desired, can be used as a master listing for multiple SOA filings. In other words, an operator may fill out the signals tab with all the signals from multiple SOA filings and copy the signal information into other Excel SA 1-2 short form signal tabs to simplify data entry. Signals listed in the signals tab that are not carried on the cable system for which the particular form is being completed will not impact the rest of the form’s operation.

Page 1 – Space A-C

- Spaces A, B and C will automatically populate with information from the General Data Input tab, including a barcode.
- Space D - Community information may be manually entered. For cable systems with more than 12 communities, additional communities may be manually entered on the “Pg 1b – Space D (cont)” tab. **It is strongly recommended that operators list communities in alphabetical order after the first community. The Copyright Office has indicated that failure to do so may result in a significant delay in processing of the Statement of Account.**

Page 2 – Space E-F

- Note that the Accounting Period, Legal Name of the Owner of the Cable system and Cable system ID# (if applicable) will automatically populate on header of this page, and each subsequent page, with information from the General Data Input tab.
- Blocks 1 of both Spaces E and F will automatically populate with information from the General Input Data tab.
- Information can be manually entered into the highlighted areas of Block 2 for both Space E and F.

Page 3 – Space G

- Fill in the call signs carried on the cable system. **It is strongly recommended that operators list call signs in alphabetical order. The Copyright Office has indicated that failure to do so may result in a significant delay in processing of the Statement of Account.**
- The broadcast channel number, type of station and location of station columns will automatically populate with information from the Signals tab.

Page 4 – Space H

- Information can be manually entered into the highlighted areas.

Page 5 – Space I

- Section 1 – **The “No” box has been checked in this section by default.** The “Yes” box can be manually checked for cable systems with substitute carriage.
- Section 2 – Information can be manually entered into the highlighted areas where applicable.

Page 6 – Space K-L

- Space K – input the total gross receipts for the cable system in the highlighted box.
- Space L – The calculation will automatically be performed in the appropriate block depending on the amount of gross receipts entered in Space K. The appropriate interest charge line will populate based on whether any information is input into Space Q.

Page 7 – Space M-O

- Spaces M and N will automatically populate with information from the General Input Data tab.
- Space O – The appropriate box identifying the signatory should be checked. The “Typed or printed name” and “Title” lines will automatically populate with information from the General Input Data tab. **After the form is printed out, users should sign and date the appropriate lines on Space O by hand.**

Page 8 – Space P-Q

- Space P – The “No” box has been checked in this section by default. The “Yes” box may be manually checked and information may be manually input in the highlighted areas.
- Space Q – If applicable, the necessary data can be manually input on Lines 1 and 2. The remaining calculations will be performed automatically. Any interest calculated in Space Q will automatically populate in the appropriate block in Space L.

Printing the Form:

- If the user elects to print the entire Excel workbook (as opposed to individual tabs) tabs that are not part of the Office's official form (including the Instructions, General Data, Gross Receipts and Signals tabs) will print.
- To avoid this result, users may choose to print tabs individually.

Privacy Act Notice: Section 111 of title 17 of the United States Code authorizes the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes and in search reports prepared for the public. The effects of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.

E Secondary Transmission Service: Subscribers and Rates	<p>SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES In General: The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be). Number of Subscribers: Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service). Rate: Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment. Block 1: In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. Note: Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential subscriber who pays extra for cable service to additional sets would be included in the count under "Service to the first set" and would be counted once again under "Service to additional set(s)." Block 2: If your cable system has rate categories for secondary transmission service that are different from those printed in block 1 (for example, tiers of services that include one or more secondary transmissions), list them, together with the number of subscribers and rates, in the right-hand block. A two- or three-word description of the service is sufficient.</p>

F Services Other Than Secondary Transmissions: Rates	<p>SERVICES OTHER THAN SECONDARY TRANSMISSIONS: RATES In General: Space F calls for rate (not subscriber) information with respect to all your cable system's services that were not covered in space E, that is, those services that are not offered in combination with any secondary transmission service for a single fee. There are two exceptions: you do not need to give rate information concerning (1) services furnished at cost or (2) services or facilities furnished to nonsubscribers. Rate information should include both the amount of the charge and the unit in which it is usually billed. If any rates are charged on a variable per-program basis, enter only the letters "PP" in the rate column. Block 1: Give the standard rate charged by the cable system for each of the applicable services listed. Block 2: List any services that your cable system furnished or offered during the accounting period that were not listed in block 1 and for which a separate charge was made or established. List these other services in the form of a brief (two- or three-word) description and include the rate for each.</p>

G

Primary Transmitters: Television

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power television stations) carried by your cable system during the accounting period, except (1) stations carried only on a part-time basis under FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network programs [sections 76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))]; and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute program basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Log)—if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and also on some other basis. For further information concerning substitute basis stations, see page (v) of the general instructions.

Column 1: List each station's call sign. Do not report origination program services such as HBO, ESPN, etc.

Column 2: Give the number of the channel on which the station's broadcasts are carried in its own community. This may be different from the channel on which your cable system carried the station. Identify each multicast stream associated with a station according to its over-the-air designation. For example, report multicast stream "WETA-2" as the same on the form.

Column 3: Indicate in each case whether the station is a network station, an independent station, or a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (iv) of the general instructions.

Column 4: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is identified.
