PII is any personal information that can be used to identify or trace an individual, such as name, address, and telephone numbers. <b>E</b>  Secondary Transmission Service: Subscribers and Rates	<p><b>SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES</b></p> <p><b>In General:</b> The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be).</p> <p><b>Number of Subscribers:</b> Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service).</p> <p><b>Rate:</b> Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment.</p> <p><b>Block 1:</b> In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. <b>Note:</b> Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential subscriber who pays extra for cable service to additional sets would be included in the count under "Service to the first set," and would be counted once again under "Service to additional set(s)."</p> <p><b>Block 2:</b> If your cable system has rate categories for secondary transmission service that are different from those printed in block 1, (for example, tiers of services that include one or more secondary transmissions), list them, together with the number of subscribers and rates, in the right-hand block. A two- or three-word description of the service is sufficient.</p>

<p><b>F</b>  Services Other Than Secondary Transmissions: Rates</p> <p><b>SERVICES OTHER THAN SECONDARY TRANSMISSIONS: RATES</b></p> <p><b>In General:</b> Space F calls for rate (not subscriber) information with respect to all your cable system's services that were not covered in space E, that is, those services that are not offered in combination with any secondary transmission service for a single fee. There are two exceptions: you do not need to give rate information concerning (1) services furnished at cost or (2) services or facilities furnished to nonsubscribers. Rate information should include both the amount of the charge and the unit in which it is usually billed. If any rates are charged on a variable per-program basis, enter only the letters "PP" in the rate column.</p> <p><b>Block 1:</b> Give the standard rate charged by the cable system for each of the applicable services listed.</p> <p><b>Block 2:</b> List any services that your cable system furnished or offered during the accounting period that were not listed in block 1 and for which a separate charge was made or established. Re: Wikstrom System LLC  
(ID 29328) 2018/2

Dear Ms. Taggart:

In Space G, television broadcast station WGN was reported as being carried by the cable system. According to our reference sources, the satellite feed for broadcast station WGN changed to a program service (WGN America) starting November 2015. However, television broadcast station WGN still operates in its city of license, Chicago, IL.

Therefore, please confirm which station your cable system is retransmitting. If you are carrying the program service (WGN America), then it should not be reported on the Statement of Account.

Next, In Space L of the above referenced Statement of Account, the cable system reported a royalty fee of \$464.87. However, according to our system the royalty fee including the filing fee should have totaled \$67.24.

If you agree with our findings, it appears there is an overpayment of \$397.63. Please make the necessary corrections and complete and submit an EFT form along with your response, if you believe a refund is due. You can obtain an EFT form at [www.copyright.gov/forms/eft.pdf](http://www.copyright.gov/forms/eft.pdf). Please contact me with any questions or concerns at (202) 707-8152 or via e-mail at [dloy@loc.gov](mailto:dloy@loc.gov). You may fax (202) 707-0905 or e-mail your response.

The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$150,000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.
