RE: Hardy Telecommunications, Inc – 2022/1
Hardy County, WV (ID #63463)

Dear Ms. Shipley:

It appears that an overpayment has occurred on the above referenced statement of account. Based on the gross receipts listed in Space K (\$518,026.38), the SA 1-2 short form should have been used. Please complete the short form (SA 1-2) and return to this office.

If a refund is due, please complete the enclosed Library of Congress Vendor Information Request in its entirety and return to this office along with a copy of this letter. You may email this information to me at jema@copyright.gov. The refund will be considered for authorization after receipt of this form. Please note that a filing fee is due for each filing type filed for a statement. If the form type changes, the additional filing fee will be deducted from the refund amount. For more information, please visit: [Section 111 - Statutory License for Secondary Transmissions by Cable Systems | U.S. Copyright Office](#).

The Library of Congress is adopting a federal best practice by transferring its payment processes to the U.S. Treasury. As of April 3, 2017, the U.S. Treasury began issuing all checks and electronic funds transfer (EFT) payments on behalf of the Library. As a result of this change the U.S. Treasury may subject some payments to reductions under the Treasury Offset Program, through which the Treasury collects delinquent debt owed to federal and state agencies. For frequently asked questions about the Treasury Offset Program, visit https://www.fiscal.treasury.gov/fsservices/gov/debtColl/faqs/debt_questions.htm

If you have any questions, I can be reached via email at jema@copyright.gov.

Sincerely,

Jessica Martin

Notice: Please be aware that any email correspondence associated with the examination of licensing documents may be considered part of the office's public record and may be subject to disclosure to other parties upon request.

As of March 20, 2020, a \$50 amendment fee will apply to any changes or alterations made to a previously submitted statement of account, regardless of content, or effect on royalties or refunds.

Note: On July 1, 2022, the United States Copyright Office moved to a single EFT payment method (Pay.gov) for current, past, and future royalty and filing fee payments. For more information on how to make statutory license royalty payments, please visit [Section 111 - Statutory License for Secondary Transmissions by Cable Systems | U.S. Copyright Office](#) and read Circular 74 and view the tutorial.

The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$150,000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.
