Re: Shenandoah Cable Television LLC.- OMAR, WV (ID 63656) 2022/1

Dear Petra O'Neill:

In Space K of the above referenced statement, the cable system reported a Syndicated Exclusivity Surcharge of \$577. However, it does not seem that any information was entered in Parts 7 or 9, in reference to a Syndicated Exclusivity Surcharge. Please explain.

In addition, in Part 2 of the DSE schedule, the cable system reported a total of 7.0 DSE's. While, in Part 6 only 3.75 DSE's were reported as permitted. If this is true, it seems the other stations should have been reported as non-permitted. Please review.

Lastly, in space Q, the cable system calculated a royalty payment of \$388.62. However, according to our system the interest payment should have been \$4.13. It seems this is a result of a error made in Space Q, line 1. The amount of underpayment that should have been entered on this line is the minimum fee (\$6,561.29) and not the gross receipts. This error may have resulted in an overpayment of \$384.49.

To request a refund, submit your response, a corrected statement along with a completed EFT and email them directly to me. Please remember that Effective March 20, 2020 there is a \$50 amendment fee for any and all material changes. An EFT form is attached for your reference.

Sincerely,

Tymica Carroll

The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$150,000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.
