The submission of a Statement of Account lacking the required information or fees may jeopardize the validity of your statutory license, and your secondary transmission activity may be subject to full liability under the copyright act. Without a statutory license, a cable system could be sued by copyright owners for the full range of civil remedies for copyright infringement, including injunctions, actual damages and profits, or statutory damages (of up to \$ 150, 000 in cases of willful infringement). The statute also provides for criminal penalties in cases of willful infringement for commercial purposes.
