Briefings on How To Use the Federal Register—For details on briefings in Washington, D.C., see announcement in the Reader Aids Section at the end of this issue.

6477 Indian Education HEW/OE announces acceptance of applications for fiscal year 1980 grants to local educational agencies; apply by 4-7-80

6378 Income Tax Treasury/IRS extends 2-year grace period with respect to foreclosure property held by a real estate investment trust; deadline for filing requests by 3-28-80

6510 Trade Policy Special Representation for Trade Negotiations Office issues information on imports under Generalized System of Preference during first ten months of 1979

6379-6381 Federal Prisoners Justice/Parole Commission issues various rules regarding paroling, recommitting and supervising prisoners; various effective dates (5 documents)

6419 TV Stations FCC proposes rules providing the operation of aural and visual transmitters during early morning hours when station would normally be off the air; comments by 3-31-80, reply comments by 4-30-80

CONTINUED INSIDE
FEDERAL REGISTER Published daily, Monday through Friday, (not published on Saturdays, Sundays, or on official holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The Federal Register provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The Federal Register will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies of 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the Federal Register.

Area Code 202-523-5240

Highlights

6381 Air Force Training DOD/Air Force issues rules regarding when and how training may be given to employees of contracted private organizations; effective 9-23-77

6404 Speedometers and Odometers DOT/NHTSA issues rules to amend Federal Motor Vehicle Safety Standard; effective 1-23-80

6480 Crude Oil Transportation System Interior/Sec'y issues decision on transportation of oil from west coast to northern tier and inland States; effective 1-17-80

6362 Securities SEC issues rules regarding exemption of limited offers and sales by qualified issuers; effective 2-25-80

6407 Investment Securities Treasury/Comptroller issues an advance notice of proposed rulemaking regarding eligibility of securities for purchase, dealing in, underwriting and holding by national banks; comments by 3-7-80

6416 Veterans' Benefits VA proposes to amend rules regarding increased compensation rates; comments by 2-27-80

6399 Radio and TV Broadcasting FCC issues reregulation and oversight rules; effective 2-8-80

6482 Recovery of Fuel Costs ICC authorizes 11.5-percent surcharge to remain in effect for owner-operator traffic; effective 1-25-80

6405 Atlantic Billfish and Sharks Commerce/NOAA amends foreign fishing rules; effective 2-29-80

6405 Waste Disposal SBA clarifies eligibility of concerns; effective 1-29-80

</table>
SUMMARY: This amendment adopts a new airworthiness directive (AD) that requires an inspection and modification of the inflation hose assemblies on certain Sargent Industries, PICO Division evacuation systems. This AD is necessary to assure that the inflation hose does not separate from the compressed gas inflation cylinder, thus preventing the proper inflation of the slide or slide/raft system during an emergency evacuation.

Compliance schedule—As prescribed in the body of the AD.

ADDRESS: The applicable service information may be obtained from:

McDonnell Douglas Corporation, 3855 Lakewood Boulevard, Long Beach, California 90841. Attention: Director, Publications and Training Ct-730 (54-60).

Also, a copy of the service information may be reviewed at, or a copy obtained from:

Rules Docket in Room 916, FAA, 800 Independence Avenue SW., Washington, D.C. 20591, or

Rules Docket in Room 6W14, FAA Western Region, 15000 Aviation Boulevard, Hawthorne, California 90250.

FOR FURTHER INFORMATION CONTACT: Kyle L. Olsen, Executive Secretary, Airworthiness Directive Review Board, Federal Aviation Administration, Western Region, P.O. Box 92007, World Way Postal Center, Los Angeles, California 90009. Telephone: (213) 538-6351.

SUPPLEMENTARY INFORMATION: A proposal to amend Part 39 of the Federal Aviation Regulations to adopt a new airworthiness directive to require inspection and modifications of the inflation hose assemblies on certain Sargent Industries, PICO Division evacuation system installed on DC-10 aircraft was published in Federal Register (44 FR 54469) on September 20, 1979.

On July 3, 1979, during production deployment of a Sargent Industries, PICO Division slide/raft evacuation system at the Number 3L door on the DC-10, a failure of the system's inflation hose which leads from the compressed gas inflation cylinder to the air pump (aspirator) occurred preventing inflation of the slide/raft. Upon investigation it was determined that the failure occurred at the hose end fitting which attaches to the inflation cylinder. As a result of a design change in May 1976, the swivel nut on the end fitting is allowed to travel longitudinally along the tubing elbow. This travel can expose the helical retaining ring which, if damaged or dislodged, can allow the tubing elbow to separate from the swivel nut. Exposure of the helical retaining ring subjects the ring to possible damage from contact with the valve body threads any time the pressure cylinder is removed or reinstalled on the inflation system. Subsequent to this incident, some one hundred hose assemblies on production evacuation systems were inspected for damage or dislodged helical retaining rings, and one was found which could have resulted in hose failure.

After issuance of the proposed rule a suspect hose assembly on an evacuation system not listed in the PICO service bulletin was discovered. Consequently, both the service bulletin and the AD have been revised to include all serial numbered units not modified prior to initial delivery.

Interested persons have been afforded an opportunity to participate in the making of this amendment. One commentor felt that the proposed modification was unnecessary because if the slide or slide/raft system malfunctioned there are other means to escape from the airplane. The FAA does not agree. The sole means of escape from each passenger emergency exit on the DC-10 is the inflatable slide or slide/raft. Successful and swift evacuation following a survivable accident is predicated upon reliable operation of the evacuation system. Another comment was received concurring with the proposal.

Since this condition is likely to exist or develop on other inflation systems of the same type design and in order to minimize the possibility of inoperative evacuation systems on the DC-10, this AD will require inspection and modification of the affected inflation hose and fittings.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, § 39.13 of Part 39 of the Federal Aviation Regulations (14 CFR 39.13) is amended, by adding the following new airworthiness directive:

McDonnell Douglas: Applies to McDonnell Douglas DC-10-10, -10F, -30, -30F, and -40 airplanes certificated in all categories utilizing the following passenger evacuation systems manufactured by the PICO Division of Sargent Industries:

(1) Production serial numbers are not affected.

Part Number and Serial Number

5L230100-[]-A001-A099; 5LD230500-[]-C0086; 5LD230000-[]-D001-D0086; 5LD230000-[]-D001-D0086; 5LD230000-[]-E001-E0067; 5LD230000-[]-E001-E0067; 5LD230000-[]-F001-F0093; 5LD230000-[]-G001-G0093; 5LD230000-[]-H001-H0093; 5LD230000-[]-I001-I0093; 5LD230000-[]-J001-J0093; 5LD230000-[]-K001-K0093; 5LD230000-[]-L001-L0093; 5LD230000-[]-M001-M0093; 5LD230000-[]-N001-N0093; 5LD230000-[]-O001-O0093; 5LD230000-[]-P001-P0093; 5LD230000-[]-Q001-Q0093; 5LD230000-[]-R001-R0093; 5LD230000-[]-S001-S0093; 5LD230000-[]-T001-T0093; 5LD230000-[]-U001-U0093; 5LD230000-[]-V001-V0093; 5LD230000-[]-W001-W0093; 5LD230000-[]-X001-X0093; 5LD230000-[]-Y001-Y0093; 5LD230000-[]-Z001-Z0093.

Compliance required within the next eighteen calendar months after the effective date of this AD, unless already accomplished.

To prevent failure of the Sargent Industries, PICO Division emergency evacuation system due to inflation hose end fitting failure accomplish the following:

(a) Visually inspect the passenger evacuation system inflation hoses in accordance with PICO Service Bulletin No. DC-10-25-78, Revision 2, dated December 5, 1979, to determine which hoses have end fittings configured as shown in Figure 2 of the PICO Service Bulletin.

(b) If inflation hose assemblies with end fittings configured as shown in Figure 2 of the PICO Service Bulletin, must be modified in accordance with Subpart 2, "Accomplishment Instructions," of PICO Service Bulletin No. DC-10-25-78 Revision 2, dated December 5, 1979, or each replaced with an approved production hose assembly part number (P/N) 120111-101 in accordance with appropriate maintenance manual procedures.

(c) Special flight permits may be issued in accordance with FAR 21.197 and 21.199 to operate airplanes to a base for the
14 CFR Part 71
[Airspace Docket No. 79-AL-10A]

Control Zone and Transition Area, Designation

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment designates control zone and transition area airspace to provide protection for Instrument Flight Rule (IFR) flights to and from Lonely DEW Station, an airport on the north slope of Alaska. The increased use of this airport created the need for additional protection of aircraft operating under IFR. This action is subsequent and in addition to that which originally designated the control zone effective October 4, 1979.

EFFECTIVE DATE: March 20, 1980.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTAL INFORMATION: History

On August 6, 1979, the FAA published in the Federal Register (44 FR 45920) an amendment to Part 71 that designated a control zone at Lonely DEW Station, Alaska, (Airspace Docket No. 79-AL-10) effective October 4, 1979. At that time it was stated that a 3-mile radius control zone was being designated as an Interim safety measure while further consideration is being given to establish a 5-mile radius control zone, with an extension and a 700 foot transition area. On November 29, 1979, the FAA published in the Federal Register (44 FR 66480) a proposal to designate the 5-mile control zone and the 700 foot transition area, (Airspace Docket No. 79-AL-10).

Interested persons were invited to participate in the rulemaking proceeding by submitting written comments on the proposal to the FAA. One of the two comments received objected to the control zone portion of the proposal and gave the following reasons:

1. There is no Distance Measuring Equipment (DME) available at Lonely.
2. There is no assurance that personnel are properly trained.
3. That communication facilities are inadequate.
4. That the air traffic is decreasing.
5. That the local operator cannot control air traffic.

The FAA, in its action, noted that the comment regarding the 3-mile control zone was well taken and agreed to reduce the size of the control zone to 700 feet in height and 700 feet in radius. It was suggested that the 3-mile radius control zone would be sufficient to protect the air traffic served by the Lonely airport and to reduce the potential for FAA operations to conflict with those of other airlines.

ALTITUDE: The control zone and transition area designated by this amendment have an established altitude of 700 feet above the surface. The control zone and transition area extend upward from the surface of the earth to include airspace at and above 700 feet above the surface.

LOCATION: The control zone and transition area designated by this amendment are located at and around the Lonely Airport, Alaska.

CONTROL ZONE: This control zone is in effect Monday, January 15, 1980, and is added under Part 71 of the Federal Aviation Regulations (14 CFR Part 71).

The nature of this federal action is to alter the 700-foot transition zone at Lonely DEW Station, Alaska. This action is to ensure segregation of aircraft operating under Visual Flight Rules (VFR) and other aircraft operating under Instrument Flight Rules (IFR).

NOTE: The FAA has determined that this document involves a regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Kansas City, Missouri, on January 15, 1980.

Paul J. Baker,
Director, Central Region.

[FR Doc. 80-7338 Filed 1-25-80; 8:45 am]
BILLING CODE 4910-13-M
The FAA has no requirement for a local operator to control traffic within a control zone nor that DME be available to qualify a location for the designation of a control zone. Air traffic at Lonely DEW Station has increased from 400 operations in October 1979, to 1,432 in December 1979. Communications have been improved by installation of a direct telephone line between the Lonely Communications Center and the Anchorage Air Route Traffic Control Center (ARTCC). Adequate training has been assured by the local operator for relaying air traffic control clearances from the Anchorage ARTCC. For these reasons, the FAA is adopting the proposed amendment as published in the notice. Section 71.171 and § 71.181 of Part 71 were republished in the Federal Register on January 2, 1980, (45 FR 356, 445).

The Rule
This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) redesignates the Lonely DEW Station control zone within a 5-mile radius of Lonely DEW Station Airport and within 3.5 miles each side of the 265° magnetic bearing from the Lonely nondirectional radio beacon (NDB), extending to 10 miles from the NDB, and designates a transition area that extends upward from 700 feet above the surface within 4.5 miles north and 9.5 miles south of the 265° magnetic bearing from the Lonely NDB extending to 15.5 miles from the NDB. The amount of air traffic at Lonely DEW Station Airport has increased sufficiently to justify the designation of the controlled airspace. Since this action involves, in part, the designation of navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

Adoption of the Amendment
Accordingly, pursuant to the authority delegated to me by the Administrator, § 71.171 and § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 356, 445) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.171 [Amended]

Under Lonely DEW Station, Alaska, the text is deleted and “Within a 3-mile radius of Lonely DEW Station Airport (Lat. 70°24'40" N., Long. 153°14'20" W.) and within 3.5 miles each side of the 265° bearing from the Lonely NDB, extending from the NDB to 10 miles northwest of the NDB.” is substituted therefor.

§ 71.181 [Amended]

“Lonely DEW Station, Alaska. That airspace extending upward from 700 feet above the surface within 4.5 miles north and 9.5 miles south of the 265° bearing from the Lonely NDB, extending from the NDB to 15.5 miles northwest of the NDB.” is added.

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12866, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 23, 1979).

Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

B. Keith Potts,
Acting Chief, Airspace and Air Traffic Rules Division.

For further information contact: Mr. Everett L. McKisson, Airspace Regulations Branch (AAI-230), Airspace and Air Traffic Rules Division, Federal Aviation Administration, 800 Independence Avenue SW., Washington, D.C. 20591; telephone: (202) 426-3715.

Supplementary Information

Historical
On November 29, 1979, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to extend V-377 airway from Montebello, Va., to its present beginning at Kessel, W. Va., and to designate Kessel as a reporting point (44 FR 68475). Interested persons were invited to participate in the rulemaking proceeding by submitting written comments on the proposed rule. The comments received expressed no objection. Section 71.123 and § 71.203 of Part 71 were republished in the Federal Register on January 2, 1980 (45 FR 307, 645). This amendment is the same as proposed in the notice.

The Rule
This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) extends V-377 airway from Kessel to Montebello and designates Kessel as a compulsory reporting point. The amount of air traffic north of Lynchburg, Va., has increased sufficiently to justify the designation of the direct route between Montebello and Kessel as an airway.

Adoption of the Amendment
Accordingly, pursuant to the authority delegated to me by the Administrator, § 71.123 and § 71.203 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 307, 645) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.123 [Amended]

Under V-377 “From Kessel, W. Va., via” is deleted and “From Montebello, Va., via Kessel, W. Va.,” is substituted therefor.

§ 71.203 [Amended]

“Kessel, W. Va.” is added.

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12866, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 23, 1979).

Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Washington, D.C., on January 18, 1980.

B. Keith Potts,
Acting Chief, Airspace and Air Traffic Rules Division.

For further information contact: Mr. Everett L. McKisson, Airspace Regulations Branch (AAI-230), Airspace and Air Traffic Rules Division, Federal Aviation Administration, 800 Independence Avenue SW., Washington, D.C. 20591; telephone: (202) 426-3715.

Supplementary Information

Historical
On November 29, 1979, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to extend V-377 airway from Montebello, Va., to its present beginning at Kessel, W. Va., and to designate Kessel as a reporting point (44 FR 68475). Interested persons were invited to participate in the rulemaking proceeding by submitting written comments on the proposed rule. The comments received expressed no objection. Section 71.123 and § 71.203 of Part 71 were republished in the Federal Register on January 2, 1980 (45 FR 307, 645). This amendment is the same as proposed in the notice.

The Rule
This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) extends V-377 airway from Kessel to Montebello and designates Kessel as a compulsory reporting point. The amount of air traffic north of Lynchburg, Va., has increased sufficiently to justify the designation of the direct route between Montebello and Kessel as an airway.

Adoption of the Amendment
Accordingly, pursuant to the authority delegated to me by the Administrator, § 71.123 and § 71.203 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 307, 645) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.123 [Amended]
Under V-377 “From Kessel, W. Va., via” is deleted and “From Montebello, Va., via Kessel, W. Va.,” is substituted therefor.

§ 71.203 [Amended]
“Kessel, W. Va.” is added.

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12866, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 23, 1979).

On November 29, 1979, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to extend V-377 airway from Montebello, Va., to its present beginning at Kessel, W. Va., and to designate Kessel as a reporting point (44 FR 68475). Interested persons were invited to participate in the rulemaking proceeding by submitting written comments on the proposed rule. The comments received expressed no objection. Section 71.123 and § 71.203 of Part 71 were republished in the Federal Register on January 2, 1980 (45 FR 307, 645). This amendment is the same as proposed in the notice.
14 CFR Part 71
[Airspace Docket No. 79-CE-30]

Alteration of Control Zone and Transition Area; North Platte, Nebr.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The nature of this federal action is to alter the control zone and the 700-foot transition area at North Platte, Nebraska, to provide additional controlled airspace for aircraft executing an instrument approach procedure to new Runway 30R at Lee Bird Field, North Platte, Nebraska, utilizing the Lee Bird Non-Directional Radio Beacon (NDB) as a navigational aid. The intended effect of this action is to ensure segregation of aircraft using the new approach procedure under Instrument Flight Rules (IFR) and other aircraft operating under Visual Flight Rules (VFR).

Discussion of Comments

On page 61377 of the Federal Register dated October 25, 1979, the Federal Aviation Administration published a Notice of Proposed Rule Making which would amend §§ 71.171 and 71.181 of Part 71 of the Federal Aviation Regulations so as to alter the control zone and transition area at North Platte, Nebraska. Interested persons were invited to participate in this rule making proceeding by submitting written comments on the proposal to the FAA. No objections were received as a result of the Notice of Proposed Rule Making.

Accordingly, Subpart F, Section 71.171 of the Federal Aviation Regulations (14 CFR 71.171) as republished on January 2, 1980 (45 FR 336), is amended, effective 0901 C.M.T., March 20, 1980, by altering the following control zone: North Platte, Nebr. Within a 6 mile radius of Lee Bird Field (latitude 41°07′42″ N, longitude 100°41′49″ W); within 2 miles each side of the 186° bearing from the Big Nell RBN, extending from the 6 mile radius zone to 8 miles south of the RBN; and within 3 miles each side of the 125° bearing from the Lee Bird RBN, extending from the 6 mile radius zone to 10 miles southeast of the RBN.

Additionally, Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) as republished on January 2, 1980 (45 FR 445), is amended effective 0901 C.M.T., March 20, 1980, by altering the following transition area: North Platte, Nebr. That airspace extending upward from 700 feet above the surface within a 10 mile radius of Lee Bird Field (latitude 41°07′42″ N, longitude 100°41′49″ W) and within 2 miles each side of the North Platte VOR 200° radial, extending from the 10 mile radius area to 6 miles southeast of the VOR; and within 5 miles each side of the 301° bearing from Lee Bird RBN, extending from the 10 mile radius area to 15 miles northwest of the RBN; and within 5 miles each side of the 125° bearing from Lee Bird RBN extending from the 10 mile radius to 14 miles southeast of the RBN.

EFFECTIVE DATE: March 20, 1980.

14 CFR Part 71
[Airspace Docket No. 79-AL-3]

Establishment of Transition Area; Sand Point, Alaska

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment designates a transition area at Sand Point, Alaska. The transition area is necessary to provide controlled airspace for arrival/ departure operations in the Sand Point area.

EFFECTIVE DATE: March 20, 1980.

FOR FURTHER INFORMATION CONTACT:

Mr. Lewis W. Still, Airspace Regulations Branch (AAT-230), Airspace and Air Traffic Rules Division, Air Traffic Service, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, D.C. 20591; telephone: (202) 426-8525.

SUPPLEMENTARY INFORMATION: On December 13, 1979, the FAA proposed to amend Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to designate a transition area in the Sand Point, Alaska, area (44 FR 77218). The FAA has installed a Nondirectional Beacon with Distance Measuring Equipment (NDB/DME) at Sand Point named Humboldt. Designation of this transition area is to provide controlled airspace for increased aircraft operations in the Sand Point area. This action aids air traffic control by improving flow control procedures for aircraft arriving/departing the Sand Point terminal area. Interested persons were invited to participate in the rulemaking proceeding by submitting comments on the proposal to the FAA. No comments objecting to the proposal were received. This amendment is the same as that proposed in the notice, Section 71.181 was republished in the Federal Register on January 2, 1980 (45 FR 445).

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) designates a transition area in the Sand Point, Alaska, area. This
transition area provides protection for IFR arrival/departure operations authorized below 1,500 feet MSL down to 700 feet MSL. This amendment increases air traffic safety and improves flow control procedures.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, §71.181 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 445) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.181 [Amended]

Under §71.181 add:

Sand Point, Alaska

That airspace extending upward from 700 feet above the surface within 4.5 miles west and 9.5 miles east of the 175°T (157°M) bearing from the Humboldt NDB, extending from the NDB to 24.5 miles south of the NDB and within 4.5 miles east and 9.5 miles west of the 345°T (327°M) bearing from the Humboldt NDB, extending from the NDB to 23.5 miles north of the NDB.

(Secs. 307(a), 313(a), and 333(a) of the 3457T from the NDB to 24.5 miles south of the NDB, 9.5 miles north of the NDB, and 9.5 miles east of the 175°T bearing from the Humboldt NDB, extending from the NDB to 23.5 miles north of the NDB.)

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 64841). No comments were received. This amendment is the same as that proposed in the notice except for the change in airway designation just noted. Section 71.103 was republished in the Federal Register on January 2, 1990 (45 FR 305).

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) designates Airway Green 12 (G-12) between Cold Bay, Alaska, and King Salmon, Alaska, via Humboldt, Alaska, and Port Heiden, Alaska, Green 1 (G-1) redesignated as Green 10 (G-10) extends from Humboldt, Alaska, to Woody Island, via Port Heiden. Airway Green 11 (G-11) is deleted. These alterations will improve traffic flow in the Sand Point and Port Heiden terminal areas, thereby increasing air safety and improving air traffic control.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, §71.103 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 305) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.103 [Amended]

"G-12 from King Salmon, Alaska, NDB; via Port Heiden, Alaska, NDB; Humboldt, Alaska, NDB; to Eflee, Alaska, NDB." is added.

"G-11 title and text are deleted."
comments on the proposal to the FAA. No comments objecting to the proposal were received. This amendment is the same as that proposed in the notice.

Section 71.123 was republished in the Federal Register on January 2, 1980 (45 FR 307).

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) revokes airway segments of V-47, V-297 and V-493 in the vicinity of Carleton, Mich., because these airway segments are not being utilized. This action reduces controller workload, aids flight planning and reduces chart clutter.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, § 71.123 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 307) is amended, effective 0901 GMT, March 20, 1980, as follows:

July 123 [Amended]

Under V-47: "Waterville, Ohio; INT Waterville 393° and Salem, Mich., 397° radials; Salem; to the INT Salem 021° and Flint, Mich., 068° radials." is deleted and "to Waterville, Ohio," is substituted therefor.

Under V-297: "Carleton; INT Carleton 334° and Saginaw, Mich., 182° radials; Saginaw; INT Saginaw 353° is deleted and "to Carleton, from Saginaw; INT Saginaw 353° is substituted therefor.

(Secs. 307(a) and 313(a), Federal Aviation Act (14 CFR Part 71) as republished (45 FR 307) is amended, effective 0901 GMT, March 20, 1980, as follows:

14 CFR Part 71 [Airspace Docket No. 79-ASW-55]

Alteration of Transition Area: Ruston, La.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: The nature of the action being taken is to alter the transition area at Ruston, La. The intended effect of the action is to provide additional controlled airspace for aircraft executing instrument approach procedures to the Ruston Municipal Airport. The circumstance which created a need for the action is that a review of the current transition area revealed the controlled airspace is not properly described and inadequate for the protection of aircraft executing instrument approach procedures. In addition, higher performance aircraft are utilizing the airport which requires additional controlled airspace.

EFFECTIVE DATE: March 20, 1980.

FOR FURTHER INFORMATION CONTACT: Kenneth L. Stephenson, Airspace and Procedures Branch, ASW-535, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101; telephone 817-624-4911, extension 302.

SUPPLEMENTARY INFORMATION:

History

On December 10, 1979, a notice of proposed rulemaking was published in the Federal Register (44 FR 70742) stating that the Federal Aviation Administration proposed to alter the Ruston, La., transition area. Interested persons were invited to participate in this rule making proceeding by submitting written comments on the proposal to the Federal Aviation Administration. No objections were received to the proposal. Except for editorial changes, this amendment is that proposed in the notice.

The Rule

This amendment to Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR 71) alters the Ruston, La., transition area. This action provides controlled airspace for the protection of aircraft executing instrument approach procedures to the Ruston Municipal Airport.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (45 FR 445) is amended, effective 0901 GMT, March 20, 1980, as follows:

§ 71.181 [Amended]

In Subpart G, § 71.181 (45 FR 445), the Ruston, La., transition area is amended by deleting the present description and substituting the following:

Ruston, La.

That airspace extending upward from 700 feet above the surface within a 0.5-mile radius of Ruston Municipal Airport (latitude 32°20'45" N., longitude 92°37'45" W.), and within 3 miles each side of the 009° bearing from the airport extending from the 0.5-mile radius area to 7.5 miles east and within 3.5 miles each side of the Ruston, La., VOR (latitude 32°22'54" N., longitude 92°38'30" W.) 159° radial extending from the 0.5-mile radius area to 11.5 miles south of the VOR.

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 20, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Fort Worth, Texas, on January 10, 1980.

F. E. Whitfield, Acting Director, Southwest Region.

[FR Doc. 80-2365 Filed 1-25-80; 8:45 am]

BILLING CODE 4910-12-M

Alteration of Transition Areas; Glasgow, Mont.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment alters the 700' and 1,200' transition areas at Glasgow, Montana, to provide controlled airspace for aircraft executing the new instrument landing system (ILS) runway 28 standard instrument approach procedure developed for the Valley Industrial Airpark, Glasgow, Montana (formerly Glasgow Air Force Base).

EFFECTIVE DATE: 0901 G.m.t., March 20, 1980.

FOR FURTHER INFORMATION CONTACT: Pruett B. Helm, Operations, Procedures and Airspace Branch, Air Traffic Division.
Division, ARM-500, Federal Aviation Administration, Rocky Mountain Region, 10455-East 25th Avenue, Aurora, Colorado 80011; telephone (303) 837-3937.

SUPPLEMENTARY INFORMATION:

History

On December 17, 1979, the FAA published for comment a Notice of Proposed Rulemaking (NPRM) to alter the 700' and 1,200' transition areas at Glasgow, Montana (44 FR 73113). The only comments received from this notice expressed no objections.

The Rule

This amendment to subpart G of Part 71 of the Federal Aviation Regulations (FAR's) alters the 700' and 1,200' transition areas at Glasgow, Montana to provide controlled airspace for aircraft executing the new instrument landing system (ILS) runway 28 standard instrument approach procedure developed for the Valley Industrial Airpark, Glasgow, Montana.

Drafting Information

The principal authors of this document are Pruett B. Helm, Operations, Procedures and Airspace Branch, Air Traffic Division, and Daniel J. Peterson, office of Regional Counsel.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, Part 71 of the Federal Aviation Regulations (14 CFR Part 71) is amended effective 0901 GMT, March 20, 1980, as follows:

§ 71.181 [Amended]

By amending subpart G, § 71.181 (45 FR 445) by altering the following transition areas:

Glasgow, Mont.

That airspace extending upward from 700 feet above the surface within 9 miles each side of the Glasgow VORTAC, at latitude 48°16'00" N., longitude 106°10'00" W.; to latitude 48°32'00" N., longitude 105°50'00" W., thence, to point of beginning, excluding that area designated as the Wolf Point, Montana 1,200' transition area.

[Sec. 307(a) Federal Aviation Act of 1958 as amended (49 U.S.C. 1348(a)); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c); and 14 CFR 11.69)]

The intended effect of this action is to ensure segregation of aircraft using the new approach procedure under Instrument Flight Rules (IFR) and other aircraft operating under Visual Flight Rules (VFR).

Discussion of Comments

On page 65770 of the Federal Register dated November 15, 1979, the Federal Aviation Administration published a Notice of Proposed Rule Making which would amend Section 71.181 of Part 71 of the Federal Aviation Regulations, so as to designate a transition area at Bassett, Nebraska. Interested persons were invited to participate in this rule making proceeding by submitting written comments on the proposal to the FAA. No objections were received as a result of the Notice of Proposed Rule Making.

§ 71.181 [Amended]

Accordingly, Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) as republished on January 2, 1980 (45 FR 445), is amended effective 0901 GMT March 20, 1980, by adding the following new transition area:

Bassett, Neb.

That airspace extending upward from 700 feet above the surface within a 7 mile radius of the Rock County Airport, Bassett, Nebraska (latitude 42°34'26" N., longitude 99°34'21" W.; within 2.5 miles each side of the 129' bearing from the Rock County NDB extending from the 7 mile radius area to 7 miles southeast of the airport.

[Sec. 307(a), Federal Aviation Act of 1958 as amended (49 U.S.C. 1348); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c); Sec. 11.69 of the Federal Aviation Regulations (14 CFR 11.69)]

Note.—The FAA has determined that this document involves a regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 28, 1979).

Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Kansas City, Missouri, on January 15, 1980.

Paul J. Baker,
Director, Central Region.

[FR Doc. 80-2543 Filed 1-25-80; 8:45 am]
BILLING CODE 4910-13-M
Aviation Administration published a Notice of Proposed Rule Making which dated November 20, 1980, by adding the following new transition area:

**Ord, Nebr.**

That airspace extending upward from 700 feet above the surface within a 7 mile radius of the Evelyn Sharp Field (latitude 41°37’20” N, longitude 98°56’52” W) extending from the 7 mile radius area to 10,000 feet asl, is designated as subarea B, by raising from the surface to 10,000 feet, the areas in use restricted airspace during the times the areas are in use.

**EFFECTIVE DATE:** March 20, 1980.

**FOR FURTHER INFORMATION CONTACT:**

Benny J. Kirk, Airspace Specialist, Operations, Procedures and Airspace Branch, Air Traffic Division, ACE-538, FAA, Central Region, 601 East 12th Street, Kansas City, Missouri 64106, Telephone (816) 374-3908.

**SUPPLEMENTARY INFORMATION:**

An instrument approach procedure to the Evelyn Sharp Airport, Ord, Nebraska, is being established based on a Non-Directional Radio Beacon (NDB), a navigational aid, being installed on the airport by the State of Nebraska. The purpose of this new instrument approach procedure is to ensure separation of aircraft using the new approach procedure under Instrument Flight Rules (IFR) and other aircraft operating under Visual Flight Rules (VFR).

The establishment of an instrument approach procedure on the Evelyn Sharp Airport, Ord, Nebraska, is being established based on a Non-Directional Radio Beacon (NDB), a navigational aid, being installed on the airport by the State of Nebraska. This radio facility provides navigational guidance for aircraft utilizing the airport. The FAA has determined that this action does not warrant preparation of a regulatory evaluation.

**Issued in Kansas City, Missouri, on January 15, 1980.

Paul J. Baker, Director, Central Region.**

**BILLING CODE** 4510-13-M

---

**14 CFR Parts 71 and 73**

**Designation of Temporary Restricted Areas, Camp Lejeune, N.C.**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** These amendments designate eight temporary restricted areas in the vicinity of Camp Lejeune, N.C., to contain a major joint military readiness exercise May 12-18, 1980. These actions provide for the safe and efficient use of the navigable airspace by prohibiting unauthorized flight operations of nonparticipating aircraft within the joint use restricted airspace during the times the areas are in use.

**EFFECTIVE DATE:** March 20, 1980.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:**

**History**

On December 13, 1979, the FAA proposed to amend Parts 71 and 73 of the Federal Aviation Regulations (14 CFR Parts 71 and 73) to designate seven temporary restricted areas in the vicinity of Camp Lejeune, N.C., to contain a major joint military readiness exercise and to designate controlled airspace for those areas that penetrate the Continental Control Area (44 FR 72183). Interested persons were invited to participate in the rulemaking proceeding by submitting written comments on the proposal to the FAA. The comments received expressed no objection to the proposal. Section 71.151 of Part 71 and § 73.53 of Part 73 were renumbered in the Federal Register on January 2, 1980 (45 FR 340, 716). These amendments are the same as proposed in the notice, except the floor of the northern portion of subarea "A" is raised from the surface to 10,000 feet above MSL, thereby benefiting the public through less restrictive access. This northern portion of proposed subarea "A" is designated as subarea "D" and proposed subareas E, F, and G are designated as subareas E, F, G, and H, respectively. Because these changes relieve a restriction, the FAA finds that notice of proposed rulemaking is unnecessary and the changes are incorporated in the final rule.

**The Rule**

These amendments to Parts 71 and 73 of the Federal Aviation Regulations (14 CFR Parts 71 and 73) designate as temporary controlled and special use airspace the areas identified as R-5316A, R-5316B, R-5316C, R-5316D, R-5316E, R-5316F, R-5316G, and R-5316H to contain a major joint military readiness exercise. These actions provide for the safe and efficient use of the navigable airspace by prohibiting unauthorized flight operations of nonparticipating aircraft within the joint use restricted airspace during the times the areas are in use. However,
provisions are made for authorized flight operations of nonparticipating aircraft within the areas under specific circumstances. The Commander in Chief, Atlantic (CINCLANT) has advised that the requirements of the National Environmental Protection Act (NEPA) have been met.

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, Parts 71 and 73 of the Federal Aviation Regulations (14 CFR Parts 71 and 73) as republished (45 FR 346, July 16) are amended, effective 0001 GMT, March 20, 1983, as follows:

§ 71.151 [Amended]

In § 71.151 (45 FR 346), the following temporary restricted areas are added for the duration of their time of designation from 0001, May 12, 1980, to 0001, local time, May 18, 1980:

- R-5316A Lejeune, N.C.
- R-5316C Lejeune, N.C.
- R-5316D Lejeune, N.C.
- R-5316E Lejeune, N.C.
- R-5316F Lejeune, N.C.
- R-5316H Lejeune, N.C.

Designated altitudes. Surface to but not including FL 180.

R-5316C Lejeune, N.C.

Boundaries. Beginning at Lat. 34°57'00" N., Long. 77°24'32" W.; to Lat. 34°54'35" N., Long. 76°30'22" W.; thence west 3 NM from and parallel to the shoreline to Lat. 34°54'30" N., Long. 76°30'43" W.; to Lat. 34°53'50" N., Long. 76°30'20" W.; thence to point of beginning.

Designated altitudes. 6,000 feet MSL to and including 14,000 feet MSL.

R-5316D Lejeune, N.C.

Boundaries. Beginning at Lat. 35°15'00" N., Long. 77°24'32" W.; to Lat. 35°45'00" N., Long. 77°24'45" W.; to Lat. 35°44'35" N., Long. 77°24'45" W.; thence west 3 NM from and parallel to the shoreline to Lat. 35°43'50" N., Long. 77°24'45" W.; thence to point of beginning.

Designated altitudes. 10,000 feet MSL to but not including FL 180.

R-5316E Lejeune, N.C.

Boundaries. Beginning at Lat. 35°15'00" N., Long. 77°24'32" W.; to Lat. 35°45'00" N., Long. 77°24'45" W.; thence west 3 NM from and parallel to the shoreline to Lat. 35°43'50" N., Long. 77°24'45" W.; thence to point of beginning.

Designated altitudes. 10,000 feet MSL to but not including FL 180.

R-5316F Lejeune, N.C.

Boundaries. Beginning at Lat. 35°15'00" N., Long. 77°24'32" W.; to Lat. 35°45'00" N., Long. 77°24'45" W.; thence to point of beginning.

Designated altitudes. 10,000 feet MSL to but not including FL 180.

DEPARTMENT OF COMMERCE
International Trade Administration
15 CFR Parts 371, 385, and 399
Revisions To Reflect Identification and Continuation of Foreign Policy Export Controls; Corrections

AGENCY: International Trade Administration, Commerce.

ACTION: Corrections to interim final rule.

SUMMARY: On December 29, 1979 (45 FR 1599, January 8, 1980) the President, as authorized by section 6 of the Export Administration Act of 1979, determined that certain export controls maintained for foreign policy purposes continue beyond December 31, 1979. The Export Administration Regulations (15 CFR 368 et seq.) were revised to reflect the President's determination. In the Federal Register notice listing the revisions, several technical errors appeared, which are corrected in this issuance.

FOR FURTHER INFORMATION CONTACT: Mr. Archie M. Andrews. Telephone: (202) 377-5247.

SUPPLEMENTARY INFORMATION: In FR Doc. 80-588 appearing at page 1595 in the Federal Register of January 8, 1980, the following changes should be made:

1. On page 1597, §371.9(a)(2) should read, "The following entry is deleted, and the commodities are covered by CCL entry 6599G;" Donald A. Portada, Acting Under-Secretary for International Trade.

BILLING CODE 3510-25-M

SEcurities and Exchange COMMISSION

17 CFR Parts 230 and 239
[Release No. 33-6180]
Exemption of Limited Offers and Sales by Qualified Issuers

AGENCY: Securities and Exchange Commission.

ACTION: Adoption of rules, rule amendments, and forms.

SUMMARY: The Commission is adopting a small issue exemptive rule under Section 3(b) of the Securities Act of 1933 which allows certain corporate issuers to offer and sell up to $2,000,000 per issue of their securities to an unlimited number of institutional-type purchasers, purchasers of at least $100,000 of securities, or the issuer's executive officers or directors, and to 35 other purchasers. An issuer offering an issue of securities pursuant to the rule must furnish prospective investors with specified information in certain instances and file one or more notices of sales after the first sale of securities of the issue is made.

The Commission published proposed Rule 242 for comment in Securities Act Release No. 6121 (September 11, 1979) (44 FR 54258). As adopted, Rule 242 allows certain domestic and Canadian corporate issuers to sell up to $2,000,000 per issue of their securities in any six-month period to an unlimited number of "accredited persons," defined as certain specified institutions, purchasers of $100,000 or more of securities, and executive officers and directors of the issuer, and to 35 other purchasers. If sales are made only to accredited persons, the Rule does not require that the issuer furnish specified information to them. If sales are made to accredited and non-accredited persons, or only to non-accredited persons, the Rule requires that the issuer furnish all purchasers with the same kind of information as that specified in Part I of Form S-18 [17 CFR 239.28] to the extent material, during the transaction and prior to sale. In addition, the issuer must make available to any non-accredited person, upon his written request prior to purchase, any information obtained from the issuer in writing by an accredited person prior to the date of purchase by the non-accredited person. No general advertising or solicitation is permitted. Securities sold pursuant to Rule 242 are deemed to have the same status as if they had been acquired in a transaction pursuant to section 4(2) of the Securities Act and cannot be resold without registration or an exemption therefrom.

Under Rule 242, the issuer must file a notice with the Commission's Office of Small Business Policy, Division of Corporation Finance, at the Commission's principal office in Washington, D.C., 10 days after the first sale of securities in any issue is made in reliance on the Rule and 10 days after the completion of the issue. Every six months until the completion of the issue, the issuer also must file amended notices which disclose facts which have changed since the last notice as to such issue was filed. The notice form calls for certain data regarding the issuer which is necessary for Commission monitoring and rulemaking purposes.

The exemption provided by Rule 242 is in the nature of an experiment. The Commission will monitor closely the use of Rule 242 for an appropriate period to determine whether the Rule has functioned as an effective means for issuers, particularly small issuers, to raise limited amounts of capital through unregistered offerings to the public consistent with the protection of investors. After such period, the Commission will decide whether the Rule ought to be retained, and, if so, whether the conditions for its availability ought to be revised.

This release contains a general discussion of the background, purpose, and effect of the Rule and a brief synopsis of the major provisions of the Rule which will assist in a better understanding of its provisions. In addition, a discussion of the significant public comment received is included.
Background

The Commission currently is engaged in an evaluation of the impact of its rules on the ability of small businesses to raise capital and the financial and other effects on small businesses of its disclosure policies under the securities acts. In April and May of 1978, the Commission conducted an examination into these matters in 21 days of public hearings held in six cities across the country. Primarily as a result of the views expressed at the hearings, the Commission recently has taken several significant actions designed to ease the impact of the federal securities laws on small business consistent with the protection of issuers. The adoption of Rule 242 represents an important step in this process.

Discussion

Rule 242 is designed to address the problems encountered by small businesses in using other exemptive provisions of the Securities Act and rules promulgated thereunder. Commentators at the Commission's small business hearings indicated that existing exemptive rules, particularly Rules 146 [17 CFR 230.146] and 240 [17 CFR 230.240], were not especially helpful to small businesses. Rule 146 was designed to provide objective standards on which an issuer may rely in claiming the exemption from registration provided in section 4(2) of the Securities Act for transactions not involving any public offering. The commentators at the hearings consistently stated, however, that Rule 146 raises compliance problems for smaller issuers which render the availability of the exemption uncertain. Specifically, Rule 146 requires the issuer to make a subjective determination as to the sophistication of each offeree and each purchaser. In addition, the commentators were uncertain whether Rule 146 compels compliance with current staff guidelines and interpretations as to the requirements of forms and schedules, in those instances in which the issuer must furnish offerees the same information "as would be required to be included" in a particular registration statement or on Schedule A of Regulation A. The Rule's provisions as to omissions of immaterial information, moreover, may make technical violations likely.

Rule 240 also was criticized, although it does not contain offeror or purchaser sophistication standards or a mandatory disclosure requirement. Commentators claimed that Rule 240 is of limited utility because it is available only for offerings of $100,000 or less in 12 months by an issuer whose securities are owned beneficially by not more than 100 persons. The utility of Rule 240 is diminished further by the Rule's prohibition against the payment of commissions for the solicitation of purchasers.

Rule 242 is intended to facilitate small business capital formation in a manner consistent with the protection of investors by addressing the problems encountered by those issuers seeking to utilize the exemptive provisions. The Commission believes that Rule 242 will reduce the currently-perceived uncertainty regarding their use. Specifically, Rule 242, by reference to Part I of Form S-1, specifies the kind of information which must be furnished during the course of an issue and adds a materiality standard to that requirement, rather than requiring all information which would be required to be included in a registration statement on, e.g., Form S-1 [17 CFR 239.11] or in an offering circular pursuant to Regulation A. Also, the Rule does not require the issuer to make any subjective determination regarding the sophistication or financial condition of offerees and purchasers. The issuer need only examine purchasers to determine whether they are accredited or nonaccredited persons based upon the objective criteria set forth in the Rule for purposes of computing the 500-purchaser limit.

The Commission received almost 300 comment letters on proposed Rule 242. Virtually all the letters supported the proposed rule; none opposed its adoption. The only significant body of comments is set forth in Securities Act Release No. 6120 [April 3, 1979] [4 FR 12563]. Subsequently, in Securities Act Release No. 6075 [June 1, 1979] [4 FR 33365], the Commission authorized the use of a preliminary offering circular in connection with an underwritten offering pursuant to Regulation A [17 CFR 230.231-234]. In Securities Act Release No. 6115 (October 16, 1979) [4 FR 19414], the Commission announced it would not take enforcement action if an issuer fails to qualify under the applicable provisions of the Trust Indenture Act of 1939 [15 U.S.C. 77bb et seq., as amended] the trust indenture for a public debt offering of $1,500,000 or less of securities on Form S-18 [17 CFR 239.28].

Synopsis

A section-by-section discussion of the Rule follows. The reader's attention is directed to the Rule itself for a complete understanding.

Rule 242

Preliminary notes. The preliminary notes generally follow those found in Rules 146 and 240 and refer to other securities law considerations which are involved in the use of Rule 242. Preliminary Note 6, in particular, advises the user that the statutory exemption from registration which the Rule provides relates to exempt "issues" of securities. An "issue" is not defined either in section 3(b) of the Securities Act or in the Rule. The Note provides guidance as to what factors the Division of Corporation Finance previously has indicated should be considered in determining whether offers and sales should be integrated and, therefore, considered part of a single "issue.

Definitions. Rule 242(a) sets forth definitions of certain terms used in the Rule.

Accredited person. Paragraph (a)(1)(i) defines as an accredited person any bank of the type whose securities are exempt from registration under the Securities Act or any insurance company, any registered investment company, or any Small Business Investment Company licensed by the Small Business Administration. In addition, certain employee plans advised by a bank, insurance company, or registered investment adviser also qualify as accredited persons.

Some commentators recommended that the class of institutional investors which paragraph (a)(1)(i) defines as accredited persons be expanded. It was proposed that venture capitalists or other entities with either a specified minimum net worth or asset value, or both, be deemed to be accredited persons. The Commission, however, has determined to adopt paragraph (a)(1)(i) substantially as proposed. After it had the opportunity to monitor the use of the Rule for an appropriate period, the Commission will reconsider whether to enlarge the class of institutions which may be categorized as accredited persons. The Commission notes that it currently has under review a definition of a "business development company" which it published for comment in June 1979 as part of a rule proposal under...
the Investment Advisers Act of 1940 (the "Advisers Act" [15 U.S.C. 80b-1]). Since a "business development company" would be functionally similar to a venture capital company, the Commission believes it appropriate to defer consideration of "accredited person" treatment for venture capital companies until it has defined "business development company" in the current rulemaking proceeding under the Advisers Act.

Paragraph (a)(1)(i) has been amended to delete the specific reference to Individual Retirement Accounts which appeared in proposed Rule 242. Under the final rule, if a plan fiduciary which is a bank, insurance company, or registered investment adviser makes the investment decision, any employee registered investment adviser makes the decision. The final rule provides that Rule 242 is available to individuals and the Commission believes, however, that the 60-day limit on obligations to pay is necessary to assure that the accredited person has the economic bargaining power to obtain access to the information he requires to make an informed investment decision.

New paragraph (a)(1)(iii) includes as an accredited person any director or executive officer of the issuer of securities offered in reliance on the Rule. The definition of "executive officer" is contained in new paragraph (a)(3) and is identical to the definition of that term in Rule 240(a)(3). Paragraph (a)(1)(iii) reflects the Commission's determination that, by virtue of his position with the issuer, an executive officer or director will have access to information which is necessary for him to make an informed investment decision about the issuer's securities.

It should be noted that at the time of the sale of the securities an issuer must have reasonable grounds for believing and must believe that those purchasers whom it does not count for purposes of paragraph (e) of the Rule or who do not receive the information specified in paragraph (f) of the Rule meet the definition of "accredited person" in paragraph (a)(1).

Affiliate and predecessor. The definition of "affiliate" in subparagraph (a)(2) of the Rule is derived from Rules 146 and 240. "Predecessor," as defined in subparagraph (a)(4), is similarly defined under Regulation A.

Qualified issuer. Subparagraph (a)(5) provides that the Rule is available to any domestic or Canadian corporate issuer which is not an investment company, a company which is engaged or intends to engage in significant oil, gas, or mining operations, or a company for the securities of which no exemption under Regulation A is available because of the provisions of Rule 252 (c)(1), (d), or (e) of Regulation A. Except for the exclusion of issuers disqualified from using Regulation A, the restrictions on the issuers eligible to use the Rule generally are consistent with similar restrictions recently included in Form S-18.

The Commission excluded any issuer disqualified from using Regulation A from the definition of a qualified issuer in the interest of investor protection. The Commission believes that this safeguard is necessary in light of the experimental nature of Rule 242. Rule 252 (c)(1), (d), and (e) provide that no exemption under Regulation A shall be available for the securities of an issuer, if, among other things, the issuer, any of its predecessors, or any of certain affiliated parties has been convicted within a certain period of time of an offense involving the purchase or sale of securities or is subject to an order enjoining conduct in connection with the purchase or sale of securities.

Rule 252(f) provides that the Commission may grant relief, upon a showing of good cause, from any disqualification from the use of Regulation A imposed by paragraphs (c), (d), or (e) of Rule 252. Relief similarly may be sought under Rule 242(a)(5)(v), if the issuer otherwise is eligible and wishes to use Rule 242.

A majority of the commentators recommended that the definition of a qualified issuer be significantly expanded. Members of the real estate industry and others connected with it advocated the inclusion of limited partnerships in the definition. They argued that new ventures should not be forced into corporate form to take advantage of Rule 242, since the choice of other than corporate form may be perfectly legitimate. Tax considerations, in particular, may make a limited partnership the optimum vehicle for some businesses. Other commentators recommended that the Commission treat issuers with significant oil and gas or mining operations as qualified issuers for purposes of Rule 242.

The Commission believes it appropriate at this time to limit the definition of qualified issuer and has retained the exclusions originally proposed primarily for two reasons. As noted above, Rule 242 is in the nature of an experiment. After an appropriate period, the Commission will determine whether the availability of the Rule should be broadened. Moreover, the informational requirements of Rule 242 with respect to non-accredited purchasers, i.e., to provide the same kind of information specified in Part I of Form S-18, to the extent material, do not contemplate offerings of limited partnership interests or offerings by issuers engaged in significant oil and gas operations.

or mining operations. Form S–18 would not provide guidance as to the specialized disclosure which would be required to be made in connection with any such offering of securities.

The Commission is committed to undertaking a general review of the use of Form S–18 in the second quarter of 1980. As part of its review, the Commission will consider whether to revise the Form to make it available to limited partnerships and companies engaged in oil and gas or mining operations. It is possible that as a result of this review the Commission will make changes in the definition of "qualified issuer" in Rule 242.

Securities of the issuer. This term is defined in subparagraph (a)(6) to include within the securities offered and sold by the issuer those securities issued by affiliates who became affiliates in the past year and by predecessors. This type of definitional provision is similar to one found in Regulation A. The purpose of such a provision is to prevent an issuer from setting up numerous corporate entities which it controls and causing each of these entities to make offerings pursuant to Rule 242, thereby avoiding the Rule's dollar ceiling.

Conditions to be met. Rule 242(b) points out that, in order for a qualified issuer to have a valid exemption for each issue of its securities offered and sold pursuant to Rule 242, the issuer must satisfy all of the Rule's conditions. "Issue" is not defined in Section 3(b) or in Rule 242. Determination of whether separate sales of securities are part of the same issue and thus must be deemed to be integrated depends upon a consideration of traditional integration factors concerning the methods of sale and distribution employed to effect the offering and the disposition of the proceeds. In order to assist the issuer in determining which offers and sales constitute parts of a single issue, paragraph (b) contains a qualified safe harbor from integration. This safe harbor is fashioned after a similar concept contained in Rule 146(b)(1) and provides that any sales of the issuer's securities more than six months prior to a Rule 242 offer or sale and any offers and sales after the six-month period following a Rule 242 offer or sale will not be integrated with the Rule 242 issue. However, normal integration principles will apply to any such sales outside the two six-month periods if the issuer makes an offer or sale of securities of the same or a similar class, other than offers or sales pursuant to any section 3(b) exemption or any employee plan as defined in Rule 16b–3 [17 CFR 240.16b–3] under the Securities Exchange Act of 1934 (the "Exchange Act") (15 U.S.C. 78a et seq., as amended) in the six months before or after the Rule 242 offers or sales.3

In the original proposal, only sales pursuant to a Regulation A exemption were permitted within the two six-month periods without rendering the safe harbor inoperative. In the final rule, first, the safe harbor continues to be effective despite transactions under any section 3(b) exemption during the six months before and after the Rule 242 issue. The new provision is intended to allow an issuer greater flexibility in its capital-raising programs, especially since the $2,000,000 aggregate offering price ceiling in paragraph (c) limits the potential for the issuer to raise large sums by circumventing the registration provisions of the Securities Act through multiple offerings pursuant to section 3(b). Secondly, offers or sales pursuant to employee plans have been added to those transactions which will not render the safe harbor inoperative if made during the applicable six-month periods. This change alleviates the public commentators' fear that continuous offers pursuant to outstanding employee stock options, sales of the underlying securities upon exercise of the options, or offers or sales pursuant to employee stock purchase plans could result in the loss of the issuer's safe harbor.

Limitations on aggregate offering price of each issue. Paragraph (c) limits the amount of each issue of securities sold pursuant to Rule 242 to the amount specified in section 3(b), which presently is $2,000,000.

Solely for purposes of calculating this aggregate dollar limit, an issuer must include the aggregate gross proceeds from all section 3(b) sales of securities of the issuer, other than Regulation A sales under an employee plan, in the six months preceding the commencement of and during the Rule 242 issue.

The offering price ceiling in Rule 242 differs from the ceiling in section 3(b) exemptions in that it is computed on a six-month as opposed to a 12-month basis. Subject to the specified exclusion of Regulation A sales pursuant to an employee plan, as more fully discussed below, every sale of securities of the issuer during a section 3(b) exemption in the six months immediately preceding the commencement of the Rule 242 issue through its completion reduces the permissible dollar amount of subsequent sales in the Rule 242 issue.

Under the proposed rule, only sales during the six months preceding the commencement of the Rule 242 issue would have reduced the dollar price ceiling on subsequent sales in that issue. This provision was intended to assure that the combined use of Rule 242 and other section 3(b) exemptions would not exceed $2,000,000 in any six-month period. Consistent with this intent, a revision in the final rule requires that the issuer must also subtract from the aggregate dollar price ceiling all section 3(b) sales of securities of the issuer made during the issue, unless effected pursuant to an employee plan under the Regulation A exemption. This modification to the proposed rule will prevent an issuer which has had no section 3(b) sales of securities in the six months before a Rule 242 issue from commencing sales during that six months with a $2,000,000 safe harbor in a purported continuous offering of the Rule 242 issue, despite sales made pursuant to other section 3(b) exemptions during the course of the Rule 242 issue.

In response to the Commission's specific solicitation of comments, several commentators recommended that Regulation A offerings of securities through employee stock options not be aggregated with other section 3(b) offers and sales for purposes of the offering price ceiling on Rule 242 issues. They noted that offerings through employee stock options are unlike most offerings to raise capital, because they primarily are designed to provide employees with additional compensation and an equity interest in a company without an outflow of cash which the company needs. The Commission has determined that offers and sales under employee stock option plans, or under any other employee plan contemplated by Rule 16b–3 under the Exchange Act, made pursuant to Regulation A need not automatically be aggregated with sales of securities of the issuer pursuant to Rule 242.

By its reference to the defined term "securities of the issuer," paragraph (c) of the final rule also clarifies that the computation of the offering price ceiling includes section 3(b) sales by the issuer and section 3(b) sales by affiliates of less than one year and predecessors of the issuer.

The Commission also requested comments as to whether offers and sales under Rule 242 should be excluded from the calculation of the aggregate offering price for purposes of Regulation A. The concept was endorsed by a few commentators. The Commission has deferred consideration of such a proposal until it has had an opportunity

---

3 It should be noted that the Rule provides no safe harbor from integration to any offers or sales occurring in the six months immediately before or after a Rule 242 offer or sale.
to reexamine the entire basis on which the Regulation A offering price ceiling is calculated.

In response to comments seeking clarification, Note 2 to paragraph (c) has been amended to explain the basis on which securities which have no determinable market value shall be valued when offered in exchange for non-cash consideration. The new language follows a similar provision in Rule 254(c) of Regulation A.

Limitation of number of purchasers. Paragraph (d) of the Rule would prevent general advertising of offers made pursuant to the Rule. This provision is in accordance with similar provisions found in Rules 146 and 240.

Limitation on number of purchasers. In a manner similar to Rule 146(g), paragraph (e) of Rule 242 requires that the issuer reasonably believe that there are not more than 35 non-accredited persons who purchase securities in any issue offered pursuant to Rule 242. The calculation of the number of purchasers follows the methods set forth in Rule 146(g)(2). Paragraph (e)(2)(iv) of Rule 242 specifically excludes accredited persons from the calculation of the number of purchasers for purposes of the ceiling.

The operation of the purchaser limitation may be illustrated as follows: If an issuer sold $1,000,000 of its Class A common stock on March 1, 1980, to 20 non-accredited persons pursuant to Rule 242, then prior to September 1, 1980, it would be permitted to sell only $1,000,000 more of such stock and to no more than 15 non-accredited persons, assuming that all sales of Class A common stock within the six-month period would be deemed to constitute a single issue of the securities. If, instead, the issuer makes an offering of debt securities on May 1, 1980, pursuant to Rule 242 under circumstances which would constitute a separate issue, the issuer could sell no more than $1,000,000 of the debt securities in light of its March sales. The issuer, however, could sell the debt securities to as many as 35 non-accredited persons.

Furnishing of information. Paragraph (f) of the Rule specifies the information which must be given in writing to non-accredited purchasers of the securities of the issuer during the transaction and prior to sale. With the exception that only one year's certified financial statements must be prepared, the issuer must furnish the same kind of information specified in Part I of Form S-18 to the extent material to an understanding of the issuer, its business, and the securities being offered. Failure to include information required by any other registration forms or guides or staff interpretations relating to the informational requirements in registered offerings made pursuant to the Securities Act by itself will not result necessarily in the loss of the Rule's availability. Issuers are reminded, however, of the applicability of the antifraud provisions of the federal securities laws and of the civil liability provisions of section 12(2) of the Securities Act.

The reference in the Rule to the furnishing of the same kind of information specified in Part I of Form S-18 to the extent material is intended to provide a guideline to issuers while at the same time alleviating concerns regarding a technical violation of Section 5 of the Securities Act for the omission of information called for by Form S-18 or staff information when such information is not material to the particular issuer and offering involved.

The Commission has retained the materiality standard upon consideration of the comments which it specifically solicited as to whether it would be preferable to use the phrase "to the extent applicable" rather than "to the extent material."

If accredited persons are involved in the same transaction they, too, must receive this written information. Furthermore, if accredited persons receive additional information in writing prior to the time any non-accredited person makes his purchase, the non-accredited person must be given access to such information. This provision reflects a relaxation in the Rule, since the original proposal would have required all information to be furnished to a non-accredited person automatically to be furnished to a non-accredited person. The final rule requires that the issuer instead furnish a non-accredited person with a written description of additional information which accredited persons have received in writing and thereafter to furnish the non-accredited person such information as he requests in writing prior to his purchase. The description of additional information must be furnished at a time reasonably prior to purchase in order for the non-accredited person to request, obtain, and review any item before making his purchase. The option to receive the detailed information received by accredited persons protects the interests of non-accredited persons involved in the issue while it simultaneously eases the regulatory burden which may arise delivery of all information would impose on the issuer.

If the issuer files reports pursuant to section 13 or 15(d) of the Exchange Act, it may satisfy the informational requirements of the Rule by furnishing purchasers with its most recent annual report on Form 10-K [17 CFR 249.310], definitive proxy statement, and any other reports filed since the filing of the. Form 10-K. In addition, the issuer shall also provide the information required by items 5, 6, and 14 of Part 1 of Form S-18, if applicable. The item deals with specific information regarding the offering and the use of proceeds.

Paragraph (f)(1)(i) requires the issuer to furnish the same kind of information required by Part I of Form S-18, with one difference. An issuer which registers an offering on Form S-18 must furnish prospective investors with certain certified financial statements for the two most recent fiscal years prepared in accordance with generally accepted accounting principles, as opposed to Regulation S-X [17 CFR 210.1-2 through 210.12-43]. In contrast, Rule 242 requires certification of financial statements for only the most recent fiscal year.

Several commentators opposed this one-year certification requirement. In light of the inherent costs, one commentator recommended that certification be required only in those instances in which Regulation A would require certification, three recommended that certified financial statements be required to be furnished only if available, and another recommended that the requirement be eliminated altogether. The Commission nevertheless has determined that the requirement in paragraph (f)(1)(i) that the most recent fiscal year's financial statements be certified should be retained for the protection of the non-accredited purchasers.

It should be noted that in addition to the narrative and financial information required to be disclosed to investors pursuant to the proposed rule, subparagraph (f)(3) requires that an issuer give prospective investors an opportunity to ask questions and receive answers from the issuer. This provision is similar to that included in Rule 145(e)(2).

In the proposing release, the Commission specifically requested comments as to whether undue burdens would be imposed on issuers if Rule 242 were to require that the information called for by paragraph (f)(1) which is furnished to non-accredited persons, and to accredited persons involved in the same transaction, be filed with the Commission after the completion of the issue for the purpose of monitoring the quality of the disclosure being made in Rule 242 offerings. A few individuals favored a filing requirement, but the majority of persons who commented were opposed. The opponents believed that after-the-fact review with a view to enforcement would have a chilling effect.
on Rule 242 issues. Others were concerned that proprietary information about nonpublic companies would become publicly accessible through the Freedom of Information Act [5 U.S.C. 552, as amended] if offering materials had to be filed.

The Commission is appreciative of the commentators' concerns. Accordingly, it has not required that disclosure documents used in connection with a Rule 242 issue be filed at an issue's completion. As an alternative measure, the issuer must undertake to furnish to the Commission upon the staff's written request any information furnished in connection with a Rule 242 issue to non-accredited persons pursuant to paragraph (f)(1). The undertaking appears in the notice of sales to be filed under paragraph (b).

The Commission expects to sample offering materials on a random basis, in order to monitor the type and quality of disclosure being made in Rule 242 offerings. This random survey, together with empirical analyses of the data submitted by issuers on Form 242, will assist the Commission in assessing the effectiveness of Rule 242 as a method of capital formation by small businesses.

Limitation on resale. Paragraph (g) indicates that resales of securities purchased pursuant to the Rule must be made pursuant to either an effective registration statement or a valid exemption from registration. In this regard, an amendment to Rule 144 defines Rule 242 securities as "restricted securities" so that resales may be made in reliance on Rule 144.

Filing of notice of sales. An important purpose of the notice requirement in paragraph (h) is to collect empirical data which will provide a basis for further action by the Commission either in terms of amending existing rules and regulations or proposing new ones. Form 242 is designed to enable an issuer to respond to most questions by checking boxes or by filling in blanks. It is contemplated that a response to Item C.3., which requires a brief description of the issuer's business, would consist only of two or three sentences.

As adopted, Form 242 calls for more information than the proposed notice. The new items which have been added to Form 242 are a reasonable itemization of the expenses of the offering, the use of the net proceeds to the issuer from the offering, the number of accredited and non-accredited purchasers, the aggregate dollar amount of purchases by accredited persons and of purchases by non-accredited persons, the name and address of each broker who receives a commission from the issuer in connection with the Rule 242 issue, and the names and addresses of the issuer's chief executive officer, its affiliates, and promoters involved in the Rule 242 issue. Since Rule 242 is experimental in nature, the new items have been added primarily to elicit information which the Commission expects will be necessary in assessing the effectiveness of Rule 242 as a capital-raising device for small businesses. For example, the expenses of the offering will be studied together with comparable data for registered offerings to determine to what extent capital formation under Rule 242 produces cost savings, and the use of proceeds will be studied to determine the purposes for which Rule 242 is being used. Information about the number of purchasers and dollar amount of their purchases by category will enable the Commission to determine whether the concept of "accredited purchaser" is a useful one and whether persons falling within this category are purchasing securities under the Rule. Information about any broker acting on behalf of the issuer will provide valuable information about the extent of participation by regional brokers in Rule 242 offerings.

The time of filing of the notice has been changed to respond to the comments and to accommodate changes in the periods as to which information must be reported on the Form. The issuer must make an initial filing no later than 10 days after the first sale is made in any issue offered in reliance on the Rule. The issuer must make a final filing no later than 10 days after the completion date of the issue. If the issue is completed before the initial filing is made, a single notice may be filed. The issuer also must file periodic updates every six months until a final notice is filed. After the issuer files the initial notice as to any issue, any subsequent notice need only report information in response to Part D of the Form and any material changes in answers previously made to Parts A through C. It should be noted that failure to file a required notice will result in the loss of the exemption from registration under the Rule.

Amendment to Rule 144

Rule 242 provides that no resales of securities of the issuer may be made pursuant to its terms. A similar provision is found in Rules 146 and 240. Resales of securities originally sold pursuant to these Rules are provided for by Rule 144. Accordingly, the Commission is adopting a corresponding amendment to Rule 144 to allow resales of securities originally sold pursuant to Rule 242 under Rule 144. The amendment includes Rule 242 securities within the definition of "restricted securities" in Rule 144(a)(3).

Operation of Rule 242

Rule 242 will operate prospectively only since there is now no similar exemption under section 3(b). The staff will issue interpretive letters to assist persons in complying with the Rule but will not issue no-action letters concerning whether or not a particular transaction satisfies the requirements of the Rule. As to resales of securities, the staff will continue its present policy of not providing a substantive response to letters involving the following: (1) hypothetical situations, (2) the removal of restrictive legends from securities, (3) whether a person is an affiliate, or (4) requests for a no-action position with respect to securities acquired on or after April 15, 1972, as set forth in a recent interpretive release regarding Rule 144.

Text of Rules

17 CFR Chapter II is amended as follows:

PART 230—GENERAL RULES AND REGULATIONS, SECURITIES ACT OF 1933

1. By amending paragraph (a)(3) of §230.144 to read as follows:

§230.144 Persons deemed not to be engaged in a distribution and therefore not underwriters.

(a) * * * *(3) The term "restricted securities" means securities acquired directly or indirectly from the issuer thereof, or from an affiliate of the issuer, in a transaction not involving any public offering or from the issuer in a transaction in reliance on Rule 240 or Rule 242 under the Act or from an affiliate of the issuer in a transaction in reliance on Rule 240 or Rule 242 and were acquired in the transaction or chain of transactions not involving any public offering.

2. By adding §230.242 to read as follows:

§230.242 Exemption of limited offers and sales by qualified issuers.

Preliminary Notes

1. Rule 242 relates to transactions exempted from section 5 of the Securities Act of 1933 (the "Act") [15 U.S.C. 77a et seq., as amended] under section 3(b) of the Act. It does not provide an exemption from the anti-fraud provisions of the federal securities laws or from the civil liability provisions of section 11.

(2) of the Act or other provisions of the federal securities laws.

2. Nothing in this rule obviates the need for compliance with any applicable state law relating to the offer and sale of securities.

3. Reliance on this rule does not act as an election; the issuer can also claim the availability of any other applicable exemption.

4. This rule is available only to the issuer of the securities and is not available to affiliates or other persons for resale of the issuer's securities. The rule provides an exemption only for the transactions in which the securities are offered or sold by the issuer, not for the securities themselves. These same factors are applicable to a determination of whether offers and sales should be integrated for purposes of the exemption as provided in §3(b) of the Act. The issuer claiming the availability of the exemption under section 4(2) of the Act must meet all sales—which are part of the same issue as the securities offered in reliance on this rule are unregistered securities and are deemed to have the same status as if they were acquired in a transaction pursuant to section 4(2) of the Act.

5. In view of the objectives of the rule and the purposes and policies underlying the Act, the rule is not available to any issuer with respect to any transactions which, although in technical compliance with the rule, are part of a plan or scheme to evade the registration provisions of the Act. In such cases registration pursuant to the Act is required.

6. Section 5 of the Act requires that all securities offered by the use of mails or other channels of interstate commerce be registered with the Commission. Congress, however, provided certain exemptions from the registration provisions in section 3(a) of the Act and in section 5(b) allowed the Commission to exempt other securities from registration if it finds that registration is not necessary in the public interest and for the protection of investors by reason of the small amount involved or the limited character of the public offering. Rule 242 is promulgated under section 5(b) and is designed to help certain corporate issuers raise limited amounts of capital from the public by providing objective requirements which are less burdensome than those found in other exemptions from registration under other sections of the Act.

In order to obtain the protection of the rule, all sales which are part of the same issue must meet all of the conditions of the rule. The issuer claiming the availability of the rule has the burden of establishing, in an appropriate forum, that it has satisfied all of the conditions. Broadly speaking, the conditions of the rule relate to limitations on the manner and amount of the issue, the furnishing of information, the number of purchasers, and the filing of notices of sales. The term "issue" is not defined in section 3(b) or in the rule. Generally, the determination as to whether separate sales of securities are part of the same issue (i.e., are deemed to be "integrated") depends on the particular facts and circumstances. The following factors should be considered in determining whether separate sales are part of the same issue for purposes of section 3(b) and Rule 242:

(a) whether the sales are part of a single plan of financing;

(b) whether the sales involve issuance of the same class of security;

(c) whether the sales have been made at or about the same time;

(d) whether the same type of consideration is received; and

(e) whether the sales are made for the same general purpose.

These same factors are applicable to a determination of whether offers and sales should be integrated for purposes of the exemption under section 4(2) of the Act. The text of the rule follows:

(a) Definitions. For purposes of this rule only:

(i) Accredited person. The term "accredited person" shall mean any person who the issuer and any person acting on its behalf have reasonable grounds to believe and believe, after making reasonable inquiry, comes within any of the following categories at the time of the sale of the securities of the issuer pursuant to this rule:

(1) Any bank as defined in section 3(a)(6) of the Act which will be paid or given directly or indirectly as compensation for solicitation of purchase of, or investment in, securities of the issuer or any other person, or for the securities themselves.

(2) Any business association or corporation, and which:

(i) Is not an investment company; and

(ii) Is organized under the laws of the United States or any State or Province thereof, and shall mean a person which has been or is engaged or intends to be engaged in oil and gas related operations which exceed the criteria for exemption specified in §210.3-18(k) of Regulation S-X.

(iii) Does not engage or intend to engage in oil and gas related operations which exceed the criteria for exemption specified in §210.3-18(k) of Regulation S-X for oil and gas operations shall be considered by analogy as an appropriate test for determining the significance of mining operations.

(v) Is not a majority-owned subsidiary of an issuer which does not meet the qualifications for use of this rule as specified in paragraph (a)(5)(i), (ii), or (iii) of this rule.

(b) Any person who purchases $100,000 or more of securities of the issuer per issue sold pursuant to this rule for any combination of (A) cash, or (B) an obligation which provides for full recourse against the purchaser of the securities and for discharge of the obligation within 60 days of the first issuance of the securities, or (C) the cancellation of any indebtedness owed by the issuer to the purchaser; and

(iii) Any director or executive officer of the issuer or any other person who performs similar policy-making functions for the issuer.

(ii) "Predecessor." A "predecessor" of an issuer shall mean (i) a person the major portion of whose assets have been acquired directly or indirectly by the issuer or (ii) a person from which the issuer acquired directly or indirectly the major portion of its assets.

(iii) Qualified issuer. The term "qualified issuer" shall mean any corporation which is incorporated under the laws of the United States or Canada or any State or Province thereof, and has or proposes to have its principal business operations in the United States, if a domestic corporation, or in Canada or the United States if a Canadian corporation, and which:

(i) Is not an investment company;

(ii) Does not engage or intend to engage in oil and gas related operations which exceed the criteria for exemption specified in §210.3-18(k) of Regulation S-X;

(iii) Does not engage or intend to engage in significant mining operations;

Note.—For purposes of this rule, the criteria for exemption specified in §210.3-18(k) of Regulation S-X for oil and gas operations shall be considered by analogy as an appropriate test for determining the significance of mining operations.

(iv) Is not a majority-owned subsidiary of an issuer which does not meet the qualifications for use of this rule as specified in paragraph (a)(5)(i), (ii), or (iii) of this rule.

(v) Is not an issuer described in Rule 232 (c), (d), or (e) under the Act; Provided, however, that for purposes of this rule only:

(A) The term "filng of the notification required by Rule 255" as used in Rule 252 (c), (d), and (e) under the Act shall mean the first sale of securities in any issue in reliance on this rule; and

(B) The term "underwriter" as used in Rule 252 (c), (d), and (e) under the Act shall mean a person which has been or will be paid or given directly or indirectly any commission or similar remuneration for solicitation of purchasers in connection with sales of securities in any issue offered in reliance on this rule; Provided, further that paragraph (a)(5)(v) of this rule shall not apply to any issuer if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption under this rule be denied. Any such determination by the Commission shall be without prejudice to any other action by the Commission in any other proceeding or matter with respect to the issuer or any other person.
(6) Securities of the issuer. The term "securities of the issuer" shall mean:

(i) All securities issued by a qualified issuer;

(ii) All securities issued by any predecessor of a qualified issuer; and

(iii) All securities issued by any affiliate of a qualified issuer which was organized or became such an affiliate within the preceding twelve months.

(b) Conditions to be met. All sales which are part of the same issue of securities offered or sold by a qualified issuer in compliance with all the conditions in paragraphs (c) through (h) of this rule shall be exempt from registration under section 5 of the Act pursuant to section 3(b)(1) of the Act. For purposes of identifying which securities constitute a single issue, sales of securities occurring more than six months prior to the commencement of an issue of securities pursuant to this rule and sales of securities and offers in connection therewith occurring at any time after six months from the completion date of the issue pursuant to this rule, shall not be considered part of the same issue so long as there are during neither of said six-month periods any offers or sales of securities by or for the issuer of the same or similar class as those offered or sold pursuant to this rule, other than offers or sales of securities pursuant to any section 3(b) exemption from registration or any employee plan as defined in paragraph (d)(1) of Rule 16b-3 under the Securities Exchange Act of 1934 which meets the conditions in paragraphs (a) through (c) of that rule.

Note.—In the event that the issuer offers or sells securities as to which the safe harbor described in paragraph (b) of this rule is unavailable, see Preliminary Note 6 hereof as to which offers or sales may be deemed to be part of the same issue.

(c) Limitation on aggregate offering price of each issue. The aggregate offering price of an issue of securities of the issuer by a qualified issuer shall not exceed the amount allowed under section 3(b) of the Act, less the aggregate gross proceeds from all securities sold pursuant to any section 3(b) exemption other than securities of the issuer sold pursuant to an exemption from registration provided by Regulation A pursuant to any employee plan as defined in paragraph (d)(1) of Rule 16b-3 under the Securities Exchange Act of 1934 which meets the conditions of paragraphs (a) through (c) of that rule during the offering of the issue of securities pursuant to this rule.

Note 1.—The calculation of the aggregate offering price may be illustrated as follows: If an issuer sold $500,000 of its securities on June 1, 1990 in reliance on this rule, $50,000 on September 1, 1990 pursuant to Rule 200, and an additional $250,000 on October 1, 1990 pursuant to Regulation A, the issuer would be permitted to sell only $1,250,000 more until December 1, 1990, since until that date the issuer must count all three prior sales toward the present section 3(b) $2,000,000 limit. However, if the issuer made its fourth sale under this rule on December 1, 1990, the issuer could sell $1,750,000 of its securities, since the June 1, 1990 sale would not be within the preceding six months.

Note 2.—The calculation of the aggregate offering price includes all consideration received by the issuer for the issuance of securities of the issuer, including cash, services, property, notes, cancellation of debt, or other consideration. Where securities which have no determinable market value are offered in exchange for outstanding securities, claims, property, or services, the aggregate offering price thereof shall be computed at the public offering price of securities of the same class for cash, or if no cash offering is to be made, then upon the basis of the value of the securities, claims, property, or services to be received in exchange as determined by some accepted standard.

(d) Limitation on manner of offering. Neither the issuer nor any person acting on its behalf shall offer or sell securities pursuant to this rule by means of any form of general solicitation or general advertising, including, but not limited to, any advertisement, article, notice or other communication published in any newspaper, magazine or similar medium or broadcast over the television or radio.

(e) Limitation on number of purchasers. (1) The issuer shall have reasonable grounds to believe, and after making reasonable inquiry, shall believe, that there are no more than 35 purchasers of each issue of the securities of the issuer from the issuer pursuant to this rule.

Note.—See paragraph (b) of this rule and Preliminary Note 6 as to what may or may not constitute an issue pursuant to this rule.

(2) For purposes of computing the number of purchasers for paragraph (e) only, the following purchasers shall be excluded: (i) Any relative, spouse, or relative of the spouse of a purchaser who has the same home as the purchaser; (ii) Any trust or estate in which a purchaser or any of the persons related to him as specified in paragraph (e)(2)(i) or (iii) of this section collectively have 100 percent of the beneficial interest (excluding contingent interests); (iii) Any employee or officer of an organization of which a purchaser or any of the persons related to him as specified in paragraph (e)(2)(i) or (ii) of this section collectively are the beneficial owners of all the equity securities (excluding directors' qualifying shares) or equity interests; and (iv) Any accredited person as defined in paragraph (a)(1).

Note.—The issuer must satisfy all the other provisions of the rule with respect to all purchasers whether or not they are included in computing the number of purchasers under this paragraph.

(3) There shall be counted as one purchaser any corporation or other organization, except that if such entity was organized for the specific purpose of acquiring the securities offered, each beneficial owner of equity interests or equity securities in such entity shall count as a separate purchaser for all purposes of this rule.

(i) Furnishing of information. (1) If the issuer sells an issue of securities pursuant to this rule only to accredited persons, the rule does not specify what information must be furnished to such persons. In any offering of an issue of securities involving only non-accredited persons, or both accredited and non-accredited persons, the issuer shall furnish the following information to all purchasers in writing during the course of such offering and prior to sale:

(a) The same kind of information as that specified in Part I of Form S-18, to the extent material to an understanding of the issuer, its business, and the securities being offered: Provided, however, That only the financial statements for the issuer's most recent fiscal year must be certified by an independent public accountant or a certified public accountant.

(b) Such further material information, if any, as may be necessary to make the required information, in the light of the circumstances under which it is furnished, not misleading.

(2) An issuer that is subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934 may satisfy the informational requirements of paragraph (f)(1) by furnishing purchasers with the information contained in its most recent annual report, definitive proxy statement, and any other reports or documents required to be filed by the issuer pursuant to section 13(a) or 15(d) of the Securities Exchange Act since the filing of such annual report, except that the information required by items 1, 2, 3, and 14 of Part I of Form S-18, if applicable, shall also be provided.

(2) The issuer also shall make available to each offeree, during the
course of the transaction and prior to sale, the opportunity to ask questions of, and receive answers from, the issuer or any person acting on its behalf concerning the terms and conditions of the offering and to obtain any additional information, to the extent that the issuer possesses such information or can acquire it without unreasonable effort or expense, necessary to verify the accuracy of the information obtained pursuant to this rule.

(3) At a reasonable time prior to the purchase of securities by any non-accredited person in a transaction pursuant to this rule, the issuer also shall furnish such purchaser a brief description in writing of any written information obtained from the issuer in connection with the offering by any accredited person prior to the date of purchase by the non-accredited person. The issuer shall furnish any portion or all of such information to such non-accredited person upon his written request if made prior to the date of his purchase.

(g) Limitation on resale. In determining the availability of an exemption from registration for resale of securities acquired in a transaction pursuant to this rule, such securities shall be deemed to have the same status as if they had been acquired in a transaction pursuant to section 4(2) of the Act and cannot be resold without registration under the Act or exemption therefrom. The issuer shall exercise reasonable care to assure that the purchasers of the securities are not underwriters within the meaning of section 2(11) of the Act, which reasonable care shall include, but not necessarily be limited to:

1. Making reasonable inquiry to determine if the purchaser is acquiring the securities for his own account or on behalf of other persons;
2. Informing the purchaser of the restrictions on resale; and
3. Placing a legend on the certificate or other document evidencing the securities stating that the securities have not been registered under the Act and setting forth or referring to the restrictions on transferability and sale of the securities.

(h) Filing of notice of sales.

1. The issuer shall file with the Commission five copies of a notice on Form 242 [17 CFR 239.242]:
   - (i) No later than 10 days after the first sale of securities in any issue is made in reliance on this rule;
   - (ii) No later than 10 days after the completion date of the offering of such issue: Provided, however, That only one notice need be filed for purposes of paragraphs (h)(1)(i) and (ii) under this rule if the offering of the issue is completed within the 10-day period described in paragraph (h)(1)(i) and the notice is filed no later than at the conclusion of that period but subsequent to the completion of the offering of the issue; and
   - (iii) Every six months after the first sale of securities in the issue is made in reliance on this rule, unless the final notice required by paragraph (h)(1)(ii) of this rule has been filed.
   - (2) Every notice on Form 242 shall be signed by a duly authorized officer of the issuer and shall contain an undertaking by the issuer to furnish to the Commission, upon the written request of its staff, the information furnished by the issuer to any non-accredited person pursuant to paragraph (f)(1) of this rule.
   - (3) If more than one notice is required to be filed pursuant to paragraph (h)(1) of this rule as to any issue of securities offered in reliance thereon, notices other than the original notice need only report the information required by Part D and any material change in the facts from those set forth in Parts A through C from the facts previously reported.
   - (c) A notice on this form shall be deemed to be filed with the Commission for purposes of paragraph (h)(1) of the rule:
     - (1) As of the date on which it is received at the Commission's principal office in Washington, D.C.; or
     - (2) As of the date on which the notice is mailed by means of United States registered or certified mail to the Commission's Office of Small Business Policy, Division of Corporation Finance, at the Commission's principal office in Washington, D.C., if the notice is delivered to such office after the date on which it is required to be filed.

PART 239—FORMS PRESCRIBED UNDER THE SECURITIES ACT OF 1933

3. By adding § 239.242 as follows:

§ 239.242 Form 242, notice of sales of securities pursuant to § 230.242 of this chapter.

(a) Five copies of a notice on this form shall be filed with the Commission:
   - (1) No later than 10 days after the first sale of securities in any issue is made in reliance on Rule 242 (§ 230.242 of this chapter);
   - (2) No later than 10 days after the completion date of the offering of such issue: Provided, however, That only one notice on this form need be filed for purposes of paragraphs (h)(1)(i) and (ii) of the rule if the offering of the issue is completed within the 10-day period described in paragraph (h)(1)(i) and this form is filed no later than at the conclusion of that period but subsequent to the completion of the offering of the issue; and
   - (3) Every six months after the first sale of securities in the issue is made in reliance on the rule, unless the final notice required by paragraph (h)(1)(ii) of the rule has been filed.

(b) If more than one notice is required to be filed pursuant to paragraph (h)(1) of the rule as to any issue of securities offered in reliance thereon, notices other than the original notice need only report the information in response to Part D and any material changes in Parts A through C from the facts previously reported.

(c) A notice on this form shall be deemed to be filed with the Commission for purposes of paragraph (h)(1) of the rule:
   - (1) As of the date on which it is received at the Commission's principal office in Washington, D.C.; or
   - (2) As of the date on which the notice is mailed by means of United States registered or certified mail to the Commission's Office of Small Business Policy, Division of Corporation Finance, at the Commission's principal office in Washington, D.C., if the notice is delivered to such office after the date on which it is required to be filed.

BILLING CODE 8010-01-M

Federal Register
Vol. 45, No. 19
Monday, January 28, 1980
Rules and Regulations

[Text of document]

Instructions: Five copies of this notice are to be filed with the Commission: (a) no later than 10 days after the first sale of securities in any issue is made in reliance on the rule; (b) no later than 10 days after the completion of the offering of such issue (except that only one notice need be filed if the offering of the issue is completed within the 10-day period described in "(a)" above and this notice is filed no later than at the conclusion of that period but subsequently to the completion of the issue); and (c) every six months after the first sale of securities in the issue is made in reliance on the rule, unless a final notice has been filed in accordance with "(b)" above. If more than one notice is required to be filed as to any issue of securities offered in reliance on the rule, notices other than the original notice need only report the issuer's name and information in response to Part D and any material changes in Parts A through C from the facts previously reported. This notice shall be deemed to be filed with the Commission for purposes of the rule as of the date on which the notice is received by the Commission, or, if delivered to the Commission after the date on which it is due, as of the date on which it is mailed by means of United States registered or certified mail to the Commission's Office of Small Business Policy, Division of Corporation Finance, at the Commission's principal office at 500 North Capitol Street, Washington, D.C. 20549.

Issuer's Name, Address, and Telephone Number (including area code).

Instruction: State the address of the issuer's executive offices and, if different, the address at which the issuer's principal business operations are conducted or proposed to be conducted.
### B. Statistical Information about the Issuer

**Instruction:** Please enter the letter for the appropriate response to each item in Part B in the box indicated.

1. What were the issuer's gross revenues at the end of its latest fiscal year?
   - a. Less than $500,000
   - b. $500,001 - $1,000,000
   - c. $1,000,001 - $3,000,000
   - d. $3,000,001 - $5,000,000

2. What were the issuer's total consolidated assets as of the end of its latest fiscal year?
   - a. Less than $500,000
   - b. $500,001 - $1,000,000
   - c. $1,000,001 - $3,000,000
   - d. $3,000,001 - $5,000,000

3. What was the issuer's net income at the end of its latest fiscal year?
   - a. None
   - b. Less than $50,000
   - c. $50,001 - $250,000
   - d. $250,001 - $500,000
   - e. $500,001 - $1,000,000

4. What was the issuer's shareholders' equity at the end of its latest fiscal year?
   - a. Less than $25,000
   - b. $25,001 - $125,000
   - c. $125,001 - $250,000
   - d. $250,001 - $500,000
   - e. $500,001 - $1,000,000
   - f. $1,000,001 - $3,000,000
   - g. $3,000,001 - $5,000,000
   - h. $5,000,001 - $10,000,000
   - i. Over $10,000,000

5. How many shareholders did the issuer have at the end of its latest fiscal year?
   - a. 1 - 10
   - b. 11 - 25
   - c. 26 - 50
   - d. 51 - 99
   - e. 100 - 199
   - f. 200 - 299
   - g. 300 - 399
   - h. 400 - 499
   - i. 500 or more

6. How many shares were held by non-affiliated shareholders at the end of the issuer's latest fiscal year?
   - a. Less than 500,000
   - b. 500,001 - 1,500,000
   - c. 1,500,001 - 2,500,000
   - d. 2,500,001 - 3,500,000
   - e. 3,500,001 - 5,000,000
   - f. Greater than 5,000,000

7. How many shares were outstanding at the end of the issuer's latest fiscal year?
   - a. Less than 500,000
   - b. 500,001 - 1,500,000
   - c. 1,500,001 - 2,500,000
   - d. 2,500,001 - 3,500,000
   - e. 3,500,001 - 5,000,000
   - f. Greater than 5,000,000
8. How many full-time employees did the issuer have at the end of its latest fiscal year?
   a. 0
   b. 1 - 5
   c. 6 - 10
   d. 11 - 20
   e. 21 - 30
   f. 31 - 40
   g. 41 - 50
   h. 51 - 100
   i. 251 - 500
   j. 501 - 750
   k. Over 750

9. How many part-time employees did the issuer have at the end of its latest fiscal year?
   a. 0
   b. 1 - 5
   c. 6 - 10
   d. 11 - 20
   e. 21 - 30
   f. 31 - 40
   g. 41 - 50
   h. Over 50

C. Brief Narrative Information About the Issuer.
   1. In what year was the issuer incorporated? 
   2. In what state is the issuer incorporated? Please enter the standard two-letter U. S. Postal Service abbreviation. Enter "CN" if the issuer is incorporated in Canada.
   3. Please briefly describe the issuer's business.
      ________________________________________________________________
      ________________________________________________________________
      ________________________________________________________________
   4. Please list the full name and address of the chief executive officer, each affiliate, and each promoter of the issuer involved in the offering of securities as to which sales pursuant to Rule 242 are reported on this Form. The term "promoter" includes—

   (a) Any person who, acting alone or in conjunction with one or more other persons, directly or indirectly takes the initiative in founding and organizing the business or enterprise of an issuer; or
   (b) Any person who, in connection with the founding or organizing of the business or enterprise of an issuer, directly or indirectly receives in consideration of services or property, or both services and property, 10 percent or more or any class of securities of the issuer or 10 percent or more of the proceeds from the sale of any class of securities. However, a person who receives such securities or proceeds either solely as brokerage commissions or solely in consideration of property shall not be deemed a promoter within the meaning of this paragraph if such person does not otherwise take part in founding and organizing the enterprise.

D. Section 3(b) Sales Limit and Other Information About the Offering

1. Type and aggregate offering price of securities intended to be sold pursuant to Rule 242 in this issue.
   a. Debt $_______
   b. Equity $_______
   c. Convertible $_______

2. Number of accredited and non-accredited persons who have purchased securities in this issue in transactions in reliance on Rule 242 and aggregate dollar amounts of their purchases to date.

E. Undertaking

The undersigned issuer hereby undertakes to furnish to the
Securities and Exchange Commission, upon the written request of its
staff, the information furnished by the issuer to any non-accredited
person pursuant to paragraph (f)(1) of Rule 242.

Pursuant to the requirements of Rule 242 under the Securities
Act of 1933, the issuer has duly caused this notice to be signed
on its behalf by the undersigned duly authorized officer or person
acting in a similar capacity.

Date of Notice: Issuer

OFFICER

Instruction: Print the name and title of the signing representa-
tive under his signature. At least one copy of the notice filed
with the Commission's principal office in Washington, D.C. shall
be manually signed. Any copies not manually signed shall bear
typed or printed signatures.

[Attention: Intentional misstatements or omissions of fact
constitute Federal criminal violations (see 18 U.S.C. 1001).]
Effective Date. Rule 242, Form 242 and related amendments to Rule 144 are effective on February 25, 1980. They are not effective as to offers or sales in any issue commenced prior to that date.

Statutory Authority. The Commission hereby adopts Rule 242, Form 242, and an amendment to Rule 144 pursuant to sections 3(b), 4(f), and 19(a) of the Securities Act of 1933.

The Commission finds that the changes in Rule 242 and Form 242 already have been generally subject to comment in Securities Act Release No. 6121 or are technical in nature or less burdensome than previous proposals so that further notice and rulemaking procedures pursuant to the Administrative Procedure Act [5 U.S.C. 553] are not necessary.

By the Commission.

George A. Fitzsimmons,
Secretary.

January 17, 1980.

BILLING CODE 8010-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 3

[Docket No. RM79-59; Order]

Regulations Amending Rules Relating to Delegations of the Commission's Authority to the Director of the Office of Electric Power Regulation

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Final rule.

SUMMARY: The Federal Energy Regulatory Commission hereby adopts regulations which delegate to the Director of the Office of Electric Power Regulation the authority to grant or deny uncontested applications for exemptions, extensions and withdrawal petitions pursuant to section 133 of the Public Utility Regulatory Policies Act of 1978 (Pub. L. 95-617) (18 CFR 290.601, 290.602, 290.603).

A. Background

On August 14, 1978, the Commission approved a rulemaking, Delegations of Authority (Phase I), Docket No. RM78-19, 43 FR 30433, which served to transfer decision-making authority for decisions of a largely routine and ministerial nature downward within the Commission, to its various office directors, so that the Commission can concentrate its major efforts on issues of greater significance. The decisional responsibility for perhaps as many as 7,000 decisions annually was delegated to the office directors under that rule. Subsequently, on July 23, 1979, the Commission added to these delegations by adopting additional ones, in the Phase II Delegation, Docket No. RM79-59, 44 FR 49449 (August 8, 1979).

As a continuation of this process, the Commission has decided to approve a further delegation of authority to the Director of the Office of Electric Power Regulation.

The authority to be delegated arises under section 133 of the Public Utility Regulatory Policies Act of 1978 (PURPA), Pub. L. 95-617, which requires electric utilities to gather information on costs of electric service, and file that information with the Commission. The Commission is granted broad authority in section 133 to specify by rule the type of information to be gathered, and the manner in which these data are to be filed and published:

Pursuant to this statutory mandate, the Commission issued on September 28, 1979, final regulations implementing section 133. Order No. 48, 44 FR 59887 (October 11, 1979).

These final regulations, 18 CFR 290, authorize the Commission, inter alia, to grant exemptions from the section 133 requirements. 18 CFR 290.601; to grant extensions of deadlines for filing certain data, 18 CFR 290.602; and to grant petitions for withdrawals of exemptions and extensions, 18 CFR 290.603.

It is these three authorities—the power to grant exemptions, extensions, and withdrawal petitions pursuant to 18 CFR 290.601, 290.602, and 290.603—that are hereby delegated to the Director of the Office of Electric Power Regulation.

There are two important qualifications to the Director's exercise of these delegated authorities: First, the Director may grant or deny the application for the exemption, extension, or withdrawal petition only if it is "uncontested." "Uncontested" means, pursuant to 18 CFR 1.1(f)(23), that no petition for, or notice of,

intervention in opposition to the application has been made under 18 CFR 1.8 and received by the Commission. In sum, receipt of an intervention in opposition to the application serves to terminate the Director's authority to determine the application, and brings the application directly before the Commission.

Second, as is true of all other exercises of delegated authority, "any interested person" may, pursuant to 18 CFR 1.7, appeal the Director's decision.

This rule is based upon the authority granted the Commission in section 401(f) of the Department of Energy Organization Act, Pub.L. 95-91, "to establish such procedural and administrative rules as are necessary to the exercise of its functions."

B. Summary

Under new 18 CFR 3.5(g)(37), there is delegated to the Director of the Office of Electric Power Regulation the authority to grant or deny uncontested applications for exemptions, extensions, and withdrawal petitions pursuant to 18 CFR 290.601, 290.602, and 290.603.

C. Effective Date

The Commission hereby makes this regulation effective upon the date of issuance of this order. The regulation concerns agency practice and procedure; accordingly, pursuant to 5 U.S.C. 553 (b), (d), public notice and comments are not required, and the regulation may be promulgated, effective immediately. The Commission, nevertheless, invites interested members of the public to submit comments regarding this new delegation. The Commission and its staff will evaluate any information received from interested persons and will consider appropriate revisions to this regulation based on comments received. An original and 14 copies should be filed by February 8, 1980, with the Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, D.C. 20426.

All comments should refer, on the cover page, to Docket No. RM79-59.

For the reasons stated herein, Part 3 of Subchapter A of Chapter I, Title 18, Code of Federal Regulations, is amended as set forth below, effective immediately.
18 CFR Part 46
[Docket No. RM80-9; Order No. 67]
Public Utility Filing Requirement Under Section 211 of the Public Utility Regulatory Policies Act of 1978; Correction
January 21, 1980.
AGENCY: Federal Energy Regulatory Commission.
ACTION: Errata notice.
SUMMARY: This notice contains corrections of § 46.3(a) of the Federal Energy Regulatory Commission's regulations specifying reporting requirements concerning certain interlocking positions in the public utility's industry. The order inadvertently omitted information as to the number of copies to be filed and where the list is to be made available.

BILLING CODE 6450-01-M

DEPARTMENT OF TRANSPORTATION
Federal Highway Administration
23 CFR Part 260
Education and Training Programs
AGENCY: Federal Highway Administration (FHWA), DOT.
ACTION: Amendment to final rule.
SUMMARY: This amendment increases the Federal share payable for tuition and direct educational expenses for certain State and local highway agency employees from 70 percent to 75 percent. This amendment implements recent legislation which increased the Federal share.
DATES: This amendment is effective on January 18, 1980. Obligations incurred after November 9, 1979, are eligible for Federal-aid participation at the new 75 percent share.
FOR FURTHER INFORMATION CONTACT: Jack T. Coe, National Highway Institute, 202-426-9141; or S. James Wiese, Office of the Chief Counsel, 202-426-0762, Federal Highway Administration, 400 Seventh Street SW., Washington, D.C. 20590. Office hours are from 7:45 a.m. to 4:15 p.m., ET, Monday through Friday.
SUPPLEMENTARY INFORMATION: Procedures for the administration of Federal-aid funds for education and training of State and local highway agency employees are contained in 23 CFR Part 260, Subpart D. Section 260.407(b) permits Federal-aid funds to cover 70 percent of the cost of tuition and direct educational expenses. The statutory authority for this expenditure is provided by 23 U.S.C. 321(b).
Section 11 of Public Law 96-106 (93 Stat. 768, November 9, 1979) amends 23
U.S.C. 321(b) and changes the Federal share payable from 70 to 75 percent. The statutory change provided no discretion and was effective immediately. Obligations incurred after November 9, 1979, are eligible for Federal-aid participation at the new 75 percent share. This amendment to 23 CFR 260.407(b) merely implements the statutory change.

For the foregoing reasons, notice and comment rulemaking could not reasonably be anticipated to result in the receipt of useful information. In addition, a 30-day delay in effective date would serve no useful purpose.

§ 260.407 [Amended]
In consideration of the foregoing, 23 CFR 260.407(b) is amended by striking the number “70” and by inserting the number “75” in its place.

(23 U.S.C. 321(b), 315; 49 CFR 1.48(b)).

Note.—The FHWA has determined that this document does not contain a significant regulatory action under the criteria issued by the Department of Transportation pursuant to Executive Order 12204. Issuance of this amendment will have no economic or other relevant consequences beyond those of the action taken by Congress in amending 23 U.S.C. 321(b). Accordingly, no separate regulatory evaluation has been prepared.

Issued on: January 18, 1980.
John S. Hassell, Jr.,
Deputy Administrator.

DEPARTMENT OF THE TREASURY
Internal Revenue Service
26 CFR Part 10
[T.D. 7668; LR-149-79]
Temporary Income Tax; Extension of 2-Year Grace Period With Respect to Foreclosure Property Held by a Real Estate Investment Trust

AGENCY: Internal Revenue Service, Treasury.

ACTION: Amendment of Temporary Regulations.

SUMMARY: This document amends temporary income tax regulations that apply to an extension of the grace period for foreclosure property held by a real estate investment trust (REIT). Changes in the applicable law were made by the Revenue Act of 1978 (the 1978 Act).

DATES: The amendment applies to certain foreclosure property the grace period (including extensions) for which expires after December 31, 1977. The amendment extends the deadline for filing certain requests for an extension of the grace period until March 28, 1980.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:
Background
Section 856(e)(3) of the Code provides rules for extensions of the 2-year grace period for foreclosure property held by a REIT. Before amendment by the 1978 Act, section 856(e)(3) provided that the Secretary or his delegate could grant a REIT no more than two extensions, neither of which could exceed 1 year. The 1978 Act amended section 856(e)(3) to allow any number of extensions, subject to the limitation that the grace period cannot be extended beyond the date that is 6 years after the REIT acquired the property. The amendment to the regulations made this document makes clear that the 1978 Act amendment is effective for extensions granted after November 6, 1978, with respect to extension periods beginning after December 31, 1977.

Section 10.3 of the Income Tax Regulations (temporary regulations containing rules for extensions of the grace period) provides that, in general, a request for an extension must be filed more than 60 days before the date the grace period would otherwise expire. The 1978 Act amendment to section 856(e)(3), however, in effect allows a retroactive additional extension of grace periods that could not be extended beyond November 6, 1978, under prior law. Accordingly, this document provides an exception to the general filing deadline for REITs that would have been barred from being granted an extension by the limitation on the number and length of extensions in section 856(e)(3), as in effect before the 1978 Act. The extended filing period under this exception expires on March 28, 1980.

Drafting Information
The principal author of this regulation is Charles M. Whedbee of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

Waiver of Certain Procedural Requirements of Final Treasury Directive

A determination has been made by Jerome Kurtz, Commissioner of Internal Revenue, that there is need for immediate guidance in order to make clear that the amendment to section 856(e)(3) of the Code made by section 363(c) of the Revenue Act of 1978 allows real estate investment trusts to be granted extensions of certain foreclosure property grace periods that could not have been extended under prior law and would otherwise expire after December 31, 1977. Because of the immediate need for this regulation, compliance with the procedural requirements of paragraphs 8 through 14 of the final Treasury directive (43 FR 52121), relating to improving regulations, would be impractical and, therefore, these requirements have not been followed.

Adoption of amendment to the regulations
Accordingly, § 10.3 of 26 CFR Part 10 is amended as follows:
1. The second sentence of paragraph (c)(1) is deleted and two new sentences are inserted in lieu thereof, to read as set forth below.
2. Paragraph (d)(2) is revised to read as set forth below.

§ 10.3 Extension of 2-year grace period with respect to foreclosure property held by a real estate investment trust.

(d) Extension of grace period—(1) * * *
   (2) Exceptions. (i) In the case of an extension period granted after November 6, 1978, with respect to extension periods beginning after December 31, 1977, the district director may grant one or more extensions of the grace period for the property, subject to the limitation that no extension shall extend the grace period beyond the date which is 6 years after the REIT acquired the property. In any other case, an extension shall be for a period of not more than 1 year, and not more than two such extensions shall be granted with respect to the property.
   * * *

   (d) Time for requesting an extension of the grace period. * * *

(2) Exceptions. (i) In the case of a grace period which would otherwise expire before August 6, 1978, a request for an extension will be considered to be timely filed if filed on or before June 7, 1976.
(ii) In the case of an extension period beginning after December 31, 1977, a request for an extension filed on or before March 28, 1980, will be considered to be timely if the limitation
on the number and length of extensions in section 856(e)(3), as in effect before the amendment made by section 365(c) of the Revenue Act of 1978, would have barred the extension.

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 559 of Title 8 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

This Treasury decision is issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 28 U.S.C. 7805).

Jerome Kurtz, Commissioner of Internal Revenue.

Approved: January 8, 1980.
Donald C. Lubick, Assistant Secretary of the Treasury.

BILLING CODE 4830-01-M

DEPARTMENT OF JUSTICE
Parole Commission
28 CFR Part 2
Paroling, Recommitting, and Supervising Federal Prisoners; Retroactive Applications

AGENCY: United States Parole Commission.

ACTION: Changed implementation procedures for retroactive guideline application.

SUMMARY: The Commission is revising its procedure for processing prisoner requests for retroactive application of recent changes to its paroling policy guidelines. The procedure is designed to streamline processing of the reduced number of applications for retroactive consideration that the Commission is presently receiving.

EFFECTIVE DATE: March 1, 1980.

SUPPLEMENTARY INFORMATION: On May 4, 1979, the U.S. Parole Commission published in the Federal Register (44 FR 26540) substantial revisions to its paroling policy guidelines. In the Implementation Section accompanying these revisions, procedures were outlined for processing applications from prisoners who had already had a parole hearing but were favorably affected by the guideline revisions and wished to have their cases reassessed under the new guidelines. As of March 1, 1980, these special procedures are cancelled, and any prisoner requests for retroactive consideration under the June 4, 1979 guidelines will be processed under the provisions for reopening for new favorable information at 28 CFR § 2.22(a). However, the eligibility requirements set forth in the Implementation Section accompanying the May 4, 1979 guideline revision publication will remain in effect.

Accordingly, any prisoner application for reassessment under the recent guideline changes received on or after March 1980, will be treated as a petition for reopening under the Commission's existing procedures at 28 CFR § 2.22(a).

Dated: January 22, 1980.
Cecil C. McCall, Chairman, U.S. Parole Commission.

BILLING CODE 4410-01-M

28 CFR Part 2
Paroling, Recommitting, and Supervising Federal Prisoners

AGENCY: United States Parole Commission.

ACTION: Final rule.

SUMMARY: The Commission has adopted a definitional footnote to its Paroling Policy Guidelines to clarify its use of the term "managerial or proprietary interest" as it pertains to the Greatest I offense severity classification of large scale drug offenses. Since the publication of the revised paroling policy guidelines, there have been a number of requests to explain further what the Commission means by "managerial or proprietary interest". Therefore, this addition to the definitional footnotes represents a clarification of how the Commission is currently considering an offender's role in making the decision of whether or not to place those who participate in large scale drug offenses in the Greatest I offense severity category.

EFFECTIVE DATE: January 22, 1980.
Cecil C. McCall, Chairman, United States Parole Commission.

BILLING CODE 4410-01-M

28 CFR Part 2
Paroling, Recommitting, and Supervising Federal Prisoners

AGENCY: United States Parole Commission.

ACTION: Final rule and interim rules.

SUMMARY: This rule announces the Commission's action on its previous interim rule pertaining to voting quorums. The Commission rejected that portion of the interim rule which required four concurring votes for an initial decision in original jurisdiction cases, and is returning to its previous requirement of three concurring votes in these cases. The remaining two sections of the interim rule that deal with voting quorums for National Appeals Board and Regional appeal/reopen actions

* * * * *
Definitions

* * * * *

e. Managerial/proprietary interest in large scale drug cases is defined to include offenders who sell or negotiate to sell such drugs; or who have decision-making authority concerning the distribution/sale, importation, cutting, or manufacture of such drugs; or who finance such operations. Cases to be excluded are peripherally involved offenders without any decision-making authority (e.g., a person hired merely as a courier).

Dated: January 22, 1980.
Cecil C. McCall, Commission, United States Parole Commission.
which result in decisions below the guidelines are left intact. The Commission has accordingly provided for an additional period of public comment and study.

DATES: Effective date: The final rule and the interim rules will be applied to all cases decided on or after December 5, 1979. Comments on the interim rules must be received by March 5, 1980.

ADDRESS: Send comments to United States Parole Commission, 320 First Street, NW., Washington, D.C. 20537 Attention: Legal Counsel.

FOR FURTHER INFORMATION CONTACT: Michael Stover, Office of the General Counsel, United State Parole Commission, 320 First Street, NW., Washington, D.C. 20537, Tel. (202) 724-7567.

SUPPLEMENTARY INFORMATION: On October 10, 1979 (44 FR 58507), the Commission published an interim rule which amended its internal voting procedures to require (a) three concurring votes for a National Appeals Board order when a reversal or modification of a previous decision results in a decision below the guidelines; (b) four concurring votes for an initial decision in an original jurisdiction case; and (c) two concurring votes for a regional appeal or reopen that results in a decision below the guidelines.

On December 5, 1979, the Commission voted to reject that portion of the interim rule relating to original jurisdiction cases, and to return to the previous requirement of three concurring votes for initial decisions in such cases. Two months of experience with the rule requiring four concurring votes for initial decisions in original jurisdiction cases has shown that this rule makes it quite difficult to obtain timely initial decisions for many of these cases because of delays in transferring files to the regions to obtain the necessary number of votes.

The Commission also feels that it needs more time to study the effects of the voting quorum requirements of national appeals and regional/reopen cases. Therefore, these sections will continue as interim rules and an additional period of public comment will be allowed. No comment on the previous interim rule has, to date, been received.

Accordingly, pursuant to the provisions of 18 U.S.C. 4203(a)(1) and 4204(a)(6), 28 CFR Part 2 is amended to read as follows: 1. Sections 2.17(a) and 2.26 (b) and (c) are adopted as final and read as set forth below:

§ 2.17 Original jurisdiction cases.
(a) A Regional Commissioner may designate certain cases for decision by a quorum of Commissioners as described below, as original jurisdiction cases. In such instances, he shall forward the case with his vote, and any additional comments he may deem germane, to the National Commissioners for decision. Decisions shall be based upon the concurrence of three votes with the appropriate Regional Commissioner and each National Commissioner having one vote. Additional votes, if required, shall be cast by the other Regional Commissioners on a rotating basis as established by the Chairman of the Commission.

§ 2.26 Appeals to National Appeals Board.

(b) The National Appeals Board shall act within 60 days of receipt of the appellant’s papers, to affirm, modify, or reverse the decision.

(c) Decisions of the National Appeals Board shall be final.

2. The period for public comment is extended on the following sections of 28 CFR Part 2, which remain interim rules:

a. Paragraph (b) of § 2.25 is revised to read as follows:

§ 2.25 Regional appeal.

(b) The Regional Commissioner may affirm the decision, order a new institutional hearing on the next docket, order a regional appellate hearing, or reverse or modify the decision. Reversal of a decision, or the modification of a decision by more than one hundred eighty days, or a modification resulting in a decision below the guidelines, whether based upon the record or following a regional appellate hearing, shall require the concurrence of two out of three Regional Commissioners. Decisions requiring a second or additional vote shall be referred to other Regional Commissioners on a rotating basis as established by the Chairman.

b. Paragraph (a) of § 2.26 is revised to read as follows:

§ 2.26 Appeal to National Appeals Board.

(a) Within 30 days of entry of a Regional Commissioner’s decision under § 2.25, a prisoner or parolee may appeal to the National Appeals Board on a form provided for that purpose. However, any matter not raised on a regional level appeal may not be raised on appeal to the National Appeals Board. The National Appeals Board may, upon the concurrence of two members, affirm, modify, or reverse the decision, or order a rehearing at the institutional or regional level, except that a modification or reversal resulting in a decision below the guidelines shall require the concurrence of three members. Split decisions requiring additional votes shall be referred to the Chairman, and, if necessary, to other Regional Commissioners on a rotating basis as established by the Chairman.

Dated: January 22, 1880.

Cecil C. McCall,
Chairman, United States Parole Commission.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: By the words “time and place” this rule requires specifically that a prisoner scheduled for such a hearing be given 60 days advance notice of his or her disclosure rights, instead of the 30 days previously given. The rule amended below requires that notice of the time and place of a hearing shall be given 60 days in advance of a hearing, and thus expands the 30 day advance notice period required by law.

EFFECTIVE DATE: February 1, 1880.

SUPPLEMENTARY INFORMATION: By the words “time and place” this rule requires specifically that a prisoner scheduled for a parole hearing be informed of the precise dates between which the Commission’s examiner panel will be holding hearings at the institution in which the prisoner is confined. Case managers will thereafter keep the prisoner advised of the exact date upon which the hearing is likely to be held, and efforts will be made to schedule a firm date, if the prisoner has engaged an outside representative. Due to the large numbers of persons to be
heard on each docket and the varying time required for each hearing (which depends on the nature of the case, number of witnesses, etc.) the Commission could not guarantee each prisoner a precise date 60 or 30 days in advance. However, the time period during which a docket is held does not normally exceed one or two weeks, so prisoners will continue to have adequate notice through this rule to prepare for their hearings.

As this is a conforming amendment, the Commission has set an early effective date for internal administrative coordination.

Accordingly, pursuant to the provisions of 18 U.S.C. 4203(a)(1) and 4203(a)(6), 28 CFR Chapter I, Part 2, § 2.211(e) is amended as set forth below:

§ 2.211 Application for parole; notice of hearing.

(e) At least sixty days prior to the initial hearing (and prior to any hearing conducted pursuant to § 2.14), the prisoner shall be provided with written notice of the time and place of the hearing and of his right to review the documents to be considered by the Commission, as provided by § 2.55. A prisoner may waive such notice, except that if such notice is not waived, the case shall be continued to the time of the hearing and of his right to review the documents to be considered by the Commission at the institution in which the prisoner is confined.

Dated: January 22, 1980.

Cecil C. McCall,
Chairman, United States Parole Commission.

[FR Doc. 80-2192 Filed 1-25-80; 8:41 am]
BILLING CODE 4410-01-M

28 CFR Part 2

Paroling, Recommitting, and Supervising Federal Prisoners

AGENCY: United States Parole Commission.

ACTION: Final rule.

SUMMARY: This wording change conforms to the new Parole Commission procedure to furnish to prisoners the specific reasons for all parole decisions which either establish or modify a previously established release date. Previously, when a parole date was given within six months from the date of the initial hearing, the reasons were noted in the parole case file, but were not included on the Notice of Action sent to the prisoner.

EFFECTIVE DATE: February 1, 1980.

FOR FURTHER INFORMATION CONTACT: Barbara Meierhoefer, Research Unit, U.S. Parole Commission, 320 First Street, NW., Washington, D.C. 20513 Tel: (202) 724-3095.

SUPPLEMENTARY INFORMATION: The U.S. Parole Commission evaluates all aspects of a prisoner’s case before reaching a release decision. However, it has been standard practice to provide the specific reasons for the decision on the Notice of Action to the prisoner only when denying parole release within six months of the hearing. Therefore, any decision to give a parole date within six months of the hearing simply informed the prisoner that he or she would be paroled on the indicated date.

The Commission now feels that a formal statement of reasons should be issued via the Notice of Action for any parole decision which either sets a release date or which modifies a previously set release date.

This procedure now requires that reasons which follow the appropriate guideline format be typed on all Notices of Action except (1) where there is “no change” to a previously set release date at a statutory interim hearing; or (2) where a presumptive date is confirmed as an effective date of parole at a pre-release review.

As this is a rule of agency procedure, an early effective date has been set for internal administrative coordination.

Implementing this procedure requires the following conforming amendment to the rule governing issuance of reasons for the initial parole decision.

Accordingly, pursuant to the provisions of 18 U.S.C. 4203(a)(1) and 4203(a)(6), 28 CFR Part 2 § 2.10(c) is amended as follows:

§ 2.10 Application for parole; notice of hearing. (c) At the conclusion of the hearing, the panel shall orally inform the prisoner of its recommendation and of the reasons therefor. Written notice of the official decision, or the decision to refer under § 2.17 or § 2.24, shall be mailed or transmitted to the prisoner within 21 days of the date of the hearing, except in emergencies. Whenever the Commission initially establishes a release date (or modifies a release date thereafter), the prisoner shall also receive in writing the reasons for that decision.

Dated: January 22, 1980.

Cecil C. McCall,
Chairman, United States Parole Commission.

DEPARTMENT OF DEFENSE

Department of the Air Force

32 CFR Part 909

USAF Training for Contractor Employees

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Final rule.

SUMMARY: The Department of the Air Force is revising Part 909 of Chapter VII, Title 32, of the Code of Federal Regulations. The revision updates the procedures regarding when and how Air Force training may be given to employees of private organizations under contract with the Air Force and other U.S. Government agencies to provide equipment or service.

FOR FURTHER INFORMATION CONTACT: Lieutenant Colonel William P. Babione, telephone (202) 693-7271.

Title 32 of the Code of Federal Regulations is amended by revising Part 909 to read as follows:

PART 909—USAF TRAINING FOR CONTRACTOR EMPLOYEES

Sec.
909.1 Purpose.
909.2 Policy on training contractor employees of the Air Force.
909.3 Policy on training contractor employees of other U.S. Government agencies.
909.4 Access to classified information.
909.5 USAF schools.
909.6 How contractors apply for training.
909.7 Air Force review of contractor requests for training.
909.8 What the Major Command conducting the training does.
909.9 Processing requests from other Government agencies.

Note.—This part is derived from Air Force Regulation 30-35, September 23, 1977.

Part 806 of this chapter states the basic policies and instructions governing the disclosure of records and tells members of the public what they must do to inspect or obtain copies of the material referenced herein.

§ 909.1 Purpose.

This part tells when and how USAF training may be given to employees of private organizations under contract with the Air Force and other U.S. Government agencies to provide equipment or service. It applies to contractors and USAF major commands.
§ 909.2 Policy on training contractor employees of the Air Force.

These employees may receive training at USAF schools, on-the-job at an Air Force base, or through existing contracts for training:

(a) If the contract (to provide equipment or services) specifically provides for such training.

(b) If the contract (for equipment or services) does not specifically provide for training, the Air Force contracting officer:

(1) Decides whether the training will be of material and direct benefit to the Air Force.

(2) Obtains from the major command conducting the course a determination that the training is:

(i) Within Air Force manpower and fiscal resources;

(ii) Available in regularly established courses; and

(iii) Not reasonably available from a source outside the Air Force.

§ 909.3 Policy on training contractor employees of other US Government agencies.

These employees may attend training for which the Air Force is the executive agent, and joint services courses offered by Air University/Air Force Institute of Technology (see § 909.9).

§ 909.4 Access to classified information.

If training will require the presentation of classified national security information, the employee must have a current security clearance commensurate with the category of the classified information. The trainee may have access to classified national security information only if there is a demonstrated need to know (see § 909.7(b)(3)).

§ 909.5 USAF schools.

The term "USAF schools" includes any formal school or course conducted either by the USAF or by a contractor under contract with the USAF.

§ 909.6 How contractors apply for training.

An Air Force contractor that desires training under this part for its employees must send a written request to the major command conducting the course. At least 45 days before the training starts, the contractor sends the request through the contracting officer who administers the contract for which the training is needed. The request must show:

(a) Name, address, and security clearance of each employee.

(b) Enough information to make the determinations under §§ 909.2(b) and 909.4.

(c) When flight training is requested, a complete history of each employee’s flying experience.

§ 909.7 Air Force review of contractor requests for training.

After the contracting officer receives a request for contractor employee training, he or she decides whether there is a USAF need for that training.

(a) If there is no USAF need for the training, he or she returns the request to the contractor with an explanation.

(b) If there is a USAF need for the training, he or she:

(1) Certifies whether the Air Force is paying the contractor for that training; and if so, certifies that fair adjustment has been made in the contract.

(2) If the training does not require the disclosure of classified national security information, sends the request to the command conducting the course, with a statement that the training is required for the performance of the Air Force contract.

(3) If the training will involve the disclosure of classified national security information, verifies that the request includes enough information to comply with § 909.4; and sends it to the command conducting the course, with a statement that the training is required for the performance of the Air Force contract.

(4) Decides whether an agreement with the contractor, under which the contractor agrees to indemnify the Government for any and all loss or liability due to the injury or death of a contractor employee, is needed to protect the Government’s interest and can be obtained at reasonable cost; and sends, with the contractor’s request for training, either:

(i) An indemnification agreement; or

(ii) A statement that such an indemnification agreement is not needed.

§ 909.8 What the Major Command conducting the training does.

(a) If the request complies with §§ 909.2(b) and 909.4, arranges for the training and allocates quotas.

(b) If the request does not comply with §§ 909.2(b) and 909.4, disapproves it and returns it.

(c) If the request is for training contractor employees in a course already being conducted under contract with the USAF, contractor employees may attend if the quotas or training services do not cause additional tuition cost to the USAF. This authorization does not include establishing quotas or contracting for training services over USAF training requirements.

§ 909.9 Processing requests from other Government agencies.

(a) Other US Government agencies that need to have their contractor employees attend Air Training Command courses may send a request to the Air Training Command (ATC/ TTP), Randolph AFB TX 78146, at least 45 days before the training starts. The agency must include this information in its request:

(1) Name, address, and certification of security clearance of each employee.

(2) Date training should begin.

(3) Name and location of course, or an explanation of type of training desired.

(b) If ATC grants the request, it will plan the training and allocate quotas to the requesting agency.

(c) If ATC finds that the training is either not needed or cannot be given, it returns the request to the agency with an explanation.

(d) Requests for quotas in joint services courses offered by Air University/Air Force Institute of Technology must be sent to Air University (AU/ED), Maxwell AFB AL 36112, at least 45 days before the class starts.

Carol M. Rose,
Air Force Federal Register Liaison Officer.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 70
[Docket No. Fl-3012]

Letter of Map Amendment for the City of Arvada, Colo., Under National Flood Insurance Program

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Arvada, Colorado. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Arvada, Colorado, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing
that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, telephone: (800) 638-6620.

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 080024A Panel 0003B is hereby corrected to reflect that the above mentioned property is not within the Special Flood Hazard Area identified on April 23, 1976. This lot is in Zone C.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

[FR Doc. 80-2650 Filed 1-25-80; 8:45 am]
BILLING CODE 6710-03-M
The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 125122 Panel 0001, published on October 23, 1979, in 44 FR 61014, indicates that Lots 42 and 48 through 52, Del Robles Unit 2, Largo, Florida, as recorded in the Plat, Plat Book 75, Page 79, in the Office of the Clerk of the Circuit Court of Pinellas County, Florida, are not within the Special Flood Hazard Area.

Map No. H & I 125122 Panel 0001 is hereby corrected to reflect that the above mentioned lots are within the Special Flood Hazard Area identified on April 7, 1978.

The above mentioned lots are within the Village of Homewood, Illinois. It has been determined by the Federal Insurance Administrator, after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Village of Homewood, Illinois, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6620.

The map amendments listed below in accordance with § 70.7(b):

Map No. H & I 125123B Panel 04, published on October 23, 1979, in 44 FR 61014, indicates that Lot 1, Block 25, Tomoka Oaks Country Club Estates, Unit 1-B, as recorded in Map Book 28, Page 129 in the Office of Public Records of Volusia County, Florida, is within the Special Flood Hazard Area.

Map No. H & I 125123B Panel 04, is hereby corrected to reflect that the structure located on the above mentioned property is not within the Special Flood Hazard Area identified on May 27, 1977. This structure is in Zone C.

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 170109B, Panel No. 451, published on October 23, 1979, in 44 FR 61014, indicates that Lots 42 and 48 through 52, Del Robles Unit 2, Largo, Florida, as recorded in the Plat, Plat Book 75, Page 79, in the Office of the Clerk of the Circuit Court of Pinellas County, Florida, are not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 170109B, Panel No. 451, published on October 23, 1979, in 44 FR 61014, indicates that Lots 42 and 48 through 52, Del Robles Unit 2, Largo, Florida, as recorded in the Plat, Plat Book 75, Page 79, in the Office of the Clerk of the Circuit Court of Pinellas County, Florida, are not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 170109B, Panel No. 451, published on October 23, 1979, in 44 FR 61014, indicates that Lots 42 and 48 through 52, Del Robles Unit 2, Largo, Florida, as recorded in the Plat, Plat Book 75, Page 79, in the Office of the Clerk of the Circuit Court of Pinellas County, Florida, are not within the Special Flood Hazard Area.

Letter of Map Amendment for the Borough of Bloomingdale, N.J., Under National Flood Insurance Program

AGENCY: Federal Insurance Administration, FEMA.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the Borough of Bloomingdale, New Jersey. It has been determined by the Federal Insurance Administrator, after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Borough of Bloomingdale, New Jersey that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Borough of Bloomingdale, New Jersey.

The map amendments listed below are in accordance with 70.7(b); Map No. H & I 345294B, Panel 02 published on June 29, 1977, in 42 FR 33222 indicates that Lot 14, Block 46, Bloomingdale, New Jersey, as recorded in the Deed, Book 104, Pages 270 and 271, in the Office of the Clerk of Passaic County, New Jersey, is within the Special Flood Hazard Area.

Map No. H & I 345294B, Panel 02 is hereby corrected to reflect that the existing structure on the above property is not within the Special Flood Hazard Area identified on July 9, 1976. The structure is in Zone C.

The map amendments listed below are in accordance with 70.7(b); Map No. H & I 345294B, Panel 02 published on June 29, 1977, in 42 FR 33222 indicates that Lot 14, Block 46, Bloomingdale, New Jersey, as recorded in the Deed, Book 104, Pages 270 and 271, in the Office of the Clerk of Passaic County, New Jersey, as within the Special Flood Hazard Area.

Map No. H & I 345294B, Panel 02 is hereby corrected to reflect that the existing structure on the above property is not within the Special Flood Hazard Area identified on July 9, 1976. The structure is in Zone C.

44 CFR Part 70
[Docket No. FEMA-5712]

Letter of Map Amendment for City of Scottsdale, Ariz., Under National Flood Insurance Program

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Scottsdale, Arizona. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Scottsdale, Arizona.

The map amendments listed below are in accordance with 70.7(b); Map No. H & I 295270B Panel 04 published on June 29, 1977, in 42 FR 33218, indicates that Lots 21 and 22, in the Resubdivision of the West Half of Block 2, Clayton Heights Addition, Sikeston, Missouri, as recorded in Book 286, Pages 379 and 380 of Warranty Deeds, Scientific Recorder, Scott County, Missouri, are partially within the Special Flood Hazard Area.

Map No. H & I 295270B Panel 04 is hereby corrected to reflect that the above mentioned lots are not within the Special Flood Hazard Area identified on April 29, 1977. These lots are in Zone C of the National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 25, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; Executive Order 12127, 44 FR 19367, delegation of authority to Federal Insurance Administrator, 44 FR 20963).

Issued: January 18, 1980.

Charles M. Plaxico, Jr., Acting Federal Insurance Administrator.

BILLING CODE 6718-03-M
flood information and after further technical review of the Flood Insurance Rate Map for the City of Scottsdale, Arizona, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

**EFFECTIVE DATE:** January 28, 1980.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:** If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638–6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 045012A Panel 22, published on October 23, 1979, in 44 FR 61025, indicates that Lot 26, Villa Coronado, also known as 2335 North 77th Place, Scottsdale, Arizona, as recorded in Docket 12194, Page 121, in the Office of the Recorder, Maricopa County, Arizona, is located within the Special Flood Hazard Area.

Map No. H & I 045012A Panel 22 is hereby corrected to reflect that the above mentioned property is not within the Special Flood Hazard Area identified on January 9, 1976. This lot is in Zone B.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

**LETTER OF MAP AMENDMENT FOR CITY OF FORT SMITH, ARK., UNDER NATIONAL FLOOD INSURANCE PROGRAM**

**AGENCY:** Federal Insurance Administration.

**ACTION:** Final rule.

**SUMMARY:** The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Fort Smith, Arkansas. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Fort Smith, Arkansas, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

**EFFECTIVE DATE:** January 28, 1980.

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert G. Chappell, Acting Assistant Administrator, Program Implementation & Engineering Office, National Flood Insurance Program, 451 Seventh Street, SW., Washington, DC 20410, (202) 755–6570 or toll free line (800) 424–6872, [in Alaska and Hawaii call toll free (800) 424–9080].

**SUPPLEMENTARY INFORMATION:** If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638–6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 030013A Panel 15, published on October 23, 1979, in 44 FR 61020, indicates that Lots 133, 134, and 135, Southwoods Subdivision, Phase I, Fort Smith, Arkansas, as recorded in Drawer 383 of Plats, in the Office of the Circuit Clerk and Ex-Officio Recorder for Sebastian County, Arkansas, are within the Special Flood Hazard Area.

Map No. H & I 030013A Panel 15 is hereby corrected to reflect that the structures on the above mentioned lots are not within the Special Flood Hazard Area identified on May 7, 1976. These structures are in Zone C.

Issued: January 16, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

**LETTER OF MAP AMENDMENT FOR TOWN OF CORTE MADERA, CALIF., UNDER NATIONAL FLOOD INSURANCE PROGRAM**

**AGENCY:** Federal Insurance Administration.

**ACTION:** Final rule.

**SUMMARY:** The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the Town of Corte Madera, California. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Town of Corte Madera, California, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

**EFFECTIVE DATE:** January 28, 1980.
FOR FURTHER INFORMATION CONTACT: Mr. Robert G. Chappell, Acting Assistant Administrator, Program Implementation & Engineering Office, National Flood Insurance Program, 451 Seventh Street, S.W., Washington, DC 20410, (202) 755-6570 or toll free line (800) 424-8872, (in Alaska and Hawaii call toll free (800) 624-9080).

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6520.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 005023 Panel 0001B, published on October 23, 1979, in 44 FR 61025, indicates that the Baldin Parcel, a 263.165 acre tract and the Finkbohner Parcel, a 263.165 acre tract, both being portions of Section 7 and 8, Township 2 North, Range 6 East, Mount Diablo Base and Meridian, Stockton, California, as recorded in Book 27 of Surveys, Page 131, and Book 27 of Surveys, Page 63, respectively, in the Office of the Recorder, San Joaquin County, California, is partially within the Special Flood Hazard Area.

The map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

FOR FURTHER INFORMATION CONTACT: Mr. Robert G. Chappell, Acting Assistant Administrator, Program Implementation & Engineering Office, National Flood Insurance Program, 451 Seventh Street, S.W., Washington, DC 20410, (202) 755-6570 or toll free line (800) 424-8872, (in Alaska and Hawaii call toll free (800) 624-9080).

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6520.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 005023 Panel 0001B, published on October 23, 1979, in 44 FR 61025, indicates that the Baldin Parcel, a 263.165 acre tract and the Finkbohner Parcel, a 263.165 acre tract, both being portions of Section 7 and 8, Township 2 North, Range 6 East, Mount Diablo Base and Meridian, Stockton, California, as recorded in Book 27 of Surveys, Page 131, and Book 27 of Surveys, Page 63, respectively, in the Office of the Recorder, San Joaquin County, California, is partially within the Special Flood Hazard Area.

The map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

FOR FURTHER INFORMATION CONTACT: Mr. Robert G. Chappell, Acting Assistant Administrator, Program Implementation & Engineering Office, National Flood Insurance Program, 451 Seventh Street, S.W., Washington, DC 20410, (202) 755-6570 or toll free line (800) 424-8872, (in Alaska and Hawaii call toll free (800) 624-9080).
SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the Federal Insurance Administrator after acquiring additional technical review of the Flood Insurance Rate Map for the City of Aurora, Colorado, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes. EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the Federal Insurance Administrator after acquiring additional technical review of the Flood Insurance Rate Map for the City of Aurora, Colorado, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Aurora, Colorado. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Aurora, Colorado, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 080002 Panel 020A, published on October 23, 1978, in 44 FR 61024, indicates that Parcel 1, an 8.000 acre tract, and Parcel 2, an 8.708 acre tract, both being portions of the Southeast Quarter of Section 16, Township 4 South, Range 66 West of the Sixth Principal Meridian, Aurora, Colorado, recorded as Document No. 1236798 in Book 2144, Pages 349 and 350, in the Office of the Recorder, Arapahoe County, Colorado, are partially within the Special Flood Hazard Area. Map No. H & I 080002 Panel 020A is hereby corrected to reflect that the above mentioned lots are not within the Special Flood Hazard Area identified on June 1, 1978. These lots are in Zone C. (National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; Executive Order 12127, 44 FR 19367; delegation of authority to Federal Insurance Administrator, 44 FR 20953)

EFFECTIVE DATE: January 28, 1980.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the Federal Insurance Administrator, after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Village of Sebring, Ohio. That certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the Town of Cheektowaga, New York. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Town of Cheektowaga, New York, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

Issued: January 10, 1980.
Gloria M. Jimenez,
Federal Insurance Administrator.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the property in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034. Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 360231 Panel 0010C, published on October 23, 1979, in 44 FR 61008, indicates that parcel IV of Map Cover 2274, being part of Lot Number 42, Township 10, Range 7, Cheektowaga, New York, as recorded in the Deed, Liber 8644, Page 119, in the Office of the Clerk of Erie County, New York, is within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the property in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034. Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 360231 Panel 0010C, published on October 23, 1979, in 44 FR 61008, indicates that parcel II, being part of Lot Number 43, Township 10, Range 7, of the Buffalo Creek Reservation, Cheektowaga, New York, as recorded in the Deed, Liber 8644, Page 119, in the Office of the Clerk of Erie County, New York, is within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

FOR FURTHER INFORMATION CONTACT: Mr. Robert G. Chappell, Acting Assistant Administrator, Program Implementation & Engineering Office,
Federal Insurance Administrator.

AGENCY: Federal Insurance Administrator. 44 FR 2093)

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the Borough of Bergenfield, New Jersey. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the Borough of Bergenfield, New Jersey that certain property is within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is within the Special Flood Hazard Area, results in the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 345294A, Panel 01 published on October 23, 1979 in 44 FR 61007 indicates that Lot 14, as shown on a plan entitled "Section Two, Sheet 1 of 3, Briarwood, Sub. II," duly filed on July 3, 1974 as Map No. 2233, as recorded in the Deed, Volume 2021, Pages 373 through 376, in the Office of the Clerk of Mercer County, is located within the Special Flood Hazard Area.

Map No. H & I 345294A, Panel 01 is hereby corrected to reflect that the existing structure on the above-mentioned property is not within the Special Flood Hazard Area identified on August 25, 1972. The structure is in Zone C.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

[Docket No. FEMA-5712]

Letter of Map Amendment for the City of Lee's Summit, Mo., Under National Flood Insurance Program

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Lee's Summit, Missouri. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Lee's Summit, Missouri, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 340020 Panel 001A, published on October 23, 1979 in 44 FR 61007, indicates that Lot 4, Block 140L, Bergenfield, New Jersey, as shown on the "Revised Map of Paula Development Corporation, Section 2, Bergenfield, New Jersey" and recorded in the Office of the Bergen County Clerk as Map Number 3792, is not within the Special Flood Hazard Area.

Map No. H & I 340020 Panel 001A is hereby corrected to reflect that the above-mentioned property is within the Special Flood Hazard Area identified on June 1, 1977.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

BILLING CODE 6710-03-M
Map No. H & I 290174B Panel 14, published on October 25, 1979, in 44 FR 61023, indicates that Lot 7, Sunset Hills Addition, Lee's Summit, Missouri, also known as 313 South Mill-Mar Avenue, as recorded in Book 24, Page 19, in the Office of the Recorder, Jackson County, Missouri, is within the Special Flood Hazard Area.

Map No. H & I 290174B Panel 14 is hereby corrected to reflect that the existing structure located on the above property is not within the Special Flood Hazard Area identified on June 21, 1974. The structure is in Zone C.

(Effective January 28, 1980.)

Summary: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Grandview, Missouri. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Grandview, Missouri, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

Effective Date: January 28, 1980.

Supplementary Information: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or the National Flood Insurance Program (NFIP) at: P.O. Box 34204, Bethesda, Maryland 20034, Telephone: (800) 638-6920.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b):

Map No. H & I 290171 Panel 0005B, published on October 23, 1979, in 44 FR 61023, indicates that Lot 1-C in Lot 1, Block 9, River Oaks Second Plat, Grandview, Missouri, as recorded in Book 51, Page 52, in the Office of the Recorder, Jackson County, Missouri, is partially within the Special Flood Hazard Area.

Map No. H & I 290171 Panel 0005B is hereby corrected to reflect that the above mentioned property is not within the Special Flood Hazard Area identified on June 15, 1979. This lot is in Zone C.

Summary: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Grandview, Missouri. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Grandview, Missouri, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

Effective Date: January 28, 1980.

[Docket No. FEMA-5712]

Letter of Map Amendment for City of Overland Park, Kans., Under National Flood Insurance Program

AGENCY: Federal Insurance Administrator.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Overland Park, Kansas. It has been determined that the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Overland Park, Kansas, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 200174A Panel 02, published on October 23, 1979, in 44 FR 61023, indicates that Tract A, Indian Creek Village, Overland Park, Kansas, recorded as Document Number 871750 in Book 32, Page 24, in the Office of the Recorder, Johnson County, Kansas, is partially located within the Special Flood Hazard Area.

Map No. H & I 200174A Panel 02 is hereby corrected to reflect that structures A through D, G through K, M through Q, and S are not within the Special Flood Hazard Area identified on September 30, 1977. These structures are in Zone C.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

[Docket No. FEMA-5712]

Letter of Map Amendment for City of Leavenworth, Kans., Under National Flood Insurance Program

AGENCY: Federal Insurance Administrator.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Leavenworth, Kansas. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the Flood Insurance Rate Map for the City of Leavenworth, Kansas, that certain property is not within the Special Flood Hazard Area. This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 34294, Bethesda, Maryland 20034, Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 200190A Panel 04, published on October 23, 1979, in 44 FR 61023, indicates that Lot 8, Josela Subdivision, Replat a part of Block 7 and 8, Harkness Park Subdivision, Leavenworth, Kansas, as recorded in Book 10, Page 5, in the Office of the Register of Deeds, Leavenworth County, Kansas, are within the Special Flood Hazard Area. Map No. H & I 200190A Panel 04 is hereby corrected to reflect that the structure on the above mentioned property is not within the Special Flood Hazard Area identified on January 5, 1978. This structure is in Zone C.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

[Letter of Map Amendment for the City of Davenport, Iowa, Under National Flood Insurance Program]

AGENCY: Federal Insurance Administration.

ACTION: Final rule.

SUMMARY: The Federal Insurance Administrator published a list of communities for which maps identifying Special Flood Hazard Areas have been published. This list included the City of Davenport, Iowa. It has been determined by the Federal Insurance Administrator after acquiring additional flood information and after further technical review of the flood insurance rate map for the City of Davenport, Iowa, that certain property is not within the Special Flood Hazard Area.

This map amendment, by establishing that the subject property is not within the Special Flood Hazard Area, removes the requirement to purchase flood insurance for that property as a condition of Federal or federally-related financial assistance for construction or acquisition purposes.

EFFECTIVE DATE: January 28, 1980.

SUPPLEMENTARY INFORMATION: If a property owner was required to purchase flood insurance as a condition of Federal or federally-related financial assistance for construction or acquisition purposes, and the lender now agrees to waive the property owner from maintaining flood insurance coverage on the basis of this map amendment, the property owner may obtain a full refund of the premium paid for the current policy year, provided that no claim is pending or has been paid on the policy in question during the same policy year. The premium refund may be obtained through the insurance agent or broker who sold the policy, or from the National Flood Insurance Program (NFIP) at: P.O. Box 324294, Bethesda, Maryland 20034, Telephone: (800) 638-6620.

§ 70.7 [Amended]

The map amendments listed below are in accordance with § 70.7(b): Map No. H & I 190242 Panel 0004A, published on October 23, 1979, in 44 FR 61022, indicates that Lot 13, Block 4, Westgate Third Addition, also known as 2411 West 41st Street, Davenport, Iowa, as recorded in Book 339, Page 61, in the Office of the Recorder, Scott County, Iowa, is partially located within the Special Flood Hazard Area.

Map No. H & I 190242 Panel 0004A is hereby corrected to reflect that the structure on the above mentioned property is not within the Special Flood Hazard Area identified on March 1, 1978. The structure is in Zone C.

Issued: January 10, 1980.

Gloria M. Jimenez, Federal Insurance Administrator.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[FC C 80-21]

Radio Broadcast Services; Reregulation and Oversight of the Rules for Radio and TV Broadcasting

AGENCY: Federal Communications Commission.

ACTION: Order.

SUMMARY: By Reregulation and Rules Oversight Order, clarification is made and rewriting done on the rules pertaining to: Local public inspection file; STA and program test authority; program log rule; broadcasting of lottery information; ownership reports; Policy listing; adding 8 policies and their citations; special antenna test authorizations.

EFFECTIVE DATE: February 8, 1980.

FOR FURTHER INFORMATION CONTACT: Steve Crane, Philip Cross, John Reiser, (202) 632-9660.

SUPPLEMENTARY INFORMATION:

Released: January 23, 1980.

In the matter of reregulation and oversight of the rules for radio and TV broadcasting:

1. The Commission herein continues to focus its attention on the reregulation of its broadcast requirements and the oversight of its AM, FM and TV rules. Rule modifications are made in this Order to update, clarify and make corrections as described in the following:

(a) The lottery rule (§ 73.1211, "Broadcast of lottery information") does not now include an obscure exemption provided under 18 U.S.C. 1365 for fishing contests. Sections 1301 through 1304 of 18 U.S.C. define "fishing contest." Section 1305 reads: "The provisions of this chapter shall not apply with respect to any fishing contest not conducted for profit wherein prizes are awarded for the species, size, weight or quality of fish caught by contestants in any bona fide fishing or recreational event." The Congress, in the legislative history of the bill (H.R. 9074), clarified the meaning of "fishing contests not conducted for profit" when it stated "We have in mind a self-liquidating type of undertaking, whose receipts are fully comprised in defraying the actual costs of operation and are not intended or used for any other collateral purpose such as establishment of a fund for civic, philanthropic, or charitable objects, no matter how benevolent or worthy."

Occasionally, broadcasters unknowingly conduct such a fishing contest for what is considered to be a "benevolent or worthy" group or cause. Caught up in the error of their actions, they are subject to citation. To guide the licensee, the fishing exemption is herein stated in the rule.

(b) Section 73.1520, "Operation for tests and maintenance," contains a cross reference in paragraph (c) to § 1.544(a). The cross reference refers to the sending of informal letter requests, by licensees, to the FCC in Washington. These informal letter requests are herein stated in §§ 73.157 and 73.1520, and the cross references to § 1.544 are deleted. The requirement formerly found in deleted § 1.544 is completely detailed in § 73.1510, "Experimental authorizations" and in § 73.157, "Special antenna equipment test authorizations." So, the only pertinent part remaining in § 1.544 was the directive pertaining to informal letter requests (applications) made to the FCC, herein placed in §§ 73.157 and 73.1520.

(c) Ever inclined to embrace rule modifications that reduce the administrative workload of the FCC and broadcasters, and to streamline FCC processing procedures, the Commission herein relaxes its procedural requirements pertaining to certain FCC responses to requests for program test authority (PTA) and special temporary authority (STA). Applicants for PTAs and STAs must await "specific FCC..."
authority" which, in all cases, results in a written communication from the FCC to the party requesting authorization. Via this Order, the Commission modifies and relaxes its procedural requirements to provide "automatic" program test authority to applicants for new or modified nondirectional AM, FM and TV stations; and also provide "automatic" special temporary authority, for 30 days, allowing permittees for modified nondirectional AM, FM and TV facilities to discontinue operation or to operate with temporary facilities as necessary to accommodate construction and maintain the size of the presently licensed coverage area. These two types-of "automatic authority" will be achieved by simply notifying, by letter, the FCC in Washington, D.C. and the Engineer in Charge of the station's radio district. Applicants are reminded that within 30 days after commencing "automatic" program test authority, the new station applicant must file for license on FCC Form 302 for a commercial station or Form 341 for noncommercial. Both of these "automatic" authorizations (STA's and PTA's) are subject to modification or cancellation by the FCC. To guide the licensee, an appropriate rule is drafted and designated § 73.1615. "Operation during modified facilites."

The analysis of STA's which resulted in the above-described action, focused attention on the colloquial acronym, STA, for "special temporary authorization." Its use is decades old and its origin is obscure in the distant past. It is referenced in the rules pertaining to applications in § 73.3511, "Applications required," and also in § 73.3542, "Application for temporary authorization," new text is added stating that certain broadcast rules allow notification in lieu of an application for authority; and text regarding granting of temporary authorizations in extraordinary circumstances requiring emergency operation to serve the public interest is moved from § 73.3500(b) where it inappropriately resides to § 73.3542 where it more properly belongs.

(g) In the Reregulation Order restructuring the rule book for the broadcast services, the Ownership reports rule, § 1.165 was redesignated §73.3615 and transferred to Subpart H, Part 73. In this rewriting and changeover procedure, a proviso in the rule pertaining to widely held corporations, was inadvertently deleted. It will, via this Order, be replaced in paragraph (d)(2) of the rule.

(h) The following additions are made to the listing of Policies of the FCC in Subpart H, Part 73.

(i) Public Notice entitled "Temporary Policy Extending Suspended Enforcement of Television Vertical and Horizontal Blanking Standards."

(ii) Public Notice entitled "Temporary Policy Concerning Applicability of Vertical and Horizontal Blanking Standards to In-School Instructional Television Programs."

(iii) Public Notice regarding use of automated programming systems to conduct weekly attention signal tests of EBS.

(v) Report of the Commission on encoded four-channel multiplex stereo transmission authority.

(vi) Public Notice entitled "Commission Authorizes Use of Dolby Encoder by FM stations."

(vii) Memorandum Opinion and Order regarding transmission of information, via Subsidiary Communications Authorization (SCA) of horse racing information to off-track betting parlors in New York State.

(viii) Public Notice entitled "Unauthorized Broadcast of Federal Aviation Administration Communications by Broadcast and Other FCC Licensees."

(ix) Public Notice entitled "Use of Special Signals for Network Purposes Which Adversely Affect Broadcast Service."

2. No substantive changes are made herein which impose additional burdens or remove provisions rolled up by licensees or the public.

3. We conclude that, for the reasons set forth above, adoption of these revisions will serve the public interest and inasmuch as these amendments impose no additional burdens and raise no issue upon which comments would serve any useful purpose, prior notice of rule making, effective date provisions and public procedure thereon are unnecessary pursuant to the Administrative Procedure and Judicial Review Act provisions of 5 U.S.C. 553(b)(3)(B).

4. Therefore, IT IS ORDERED, That pursuant to Sections 4(i) and 303(c) of the Communications Act of 1934, as amended, the Commission’s Rules and Regulations ARE AMENDED as set forth in the attached Appendix, effective February 8, 1980.

5. For further information on this Order, contact Steve Crane, Philip Cross or John Reiser, Broadcast Bureau, (202) 632-9660.

Appendix

1. In §73.157, the headnote and paragraph (a) are amended to read as follows:

§ 73.157 Special antenna test authorizations.

(a) A special antenna test authorization may be issued to the licensee of a station, using a directional antenna during nighttime hours, to operate with the nighttime facilities during the daytime when conducting monitoring point field strength measurements and antenna proof of performance measurements. To obtain a special antenna test authorization, an informal letter request, signed by the licensee, shall be submitted to the FCC in Washington, D.C.

2. In §73.1211, paragraphs (c) and (d) are amended and the Note is deleted, as follows:

§ 73.1211 Broadcast of lottery information.

(c) The provisions of paragraphs (a) and (b) of this Section shall not apply to an advertisement list of prizes or other information concerning:

(1) A lottery conducted by a State acting under authority of State law when such information is broadcast;

(ii) By a broadcast station licensed to a location in that State;

(ii) By a broadcast station licensed to a location in an adjacent State which also conducts such a lottery. (18 U.S. Code 1307; 88 Stat. 1318).

(2) Fishing contests exempted under 18 U.S. Code 1305 (not conducted for profit, i.e., all receipts fully consumed in defraying the actual costs of operation).

(d) For the purposes of paragraph (c) of this Section:

(1) “Lottery” means the pooling of proceeds derived from the sale of tickets or chances and allotting those proceeds or parts thereof by chance to one or more chance takers or ticket purchasers.

It does not include the placing or accepting of bets or wagers on sporting events or contests.

(2) A broadcast station licensed to a location in a State that conducts a State lottery may broadcast advertisements of or information concerning such lottery in its State of license and advertisements of or information concerning such lotteries conducted in any adjacent State. (See 18 U.S.C. 1307, FCC 75). The exemption would, for example, permit a broadcast station licensed to a location in New York, which now conducts a lawful State Lottery, to broadcast advertisements of or information concerning the New York State Lottery as well as the lawful State Lotteries of Massachusetts, Connecticut, New Jersey and Pennsylvania, since these States are adjacent to New York, and also conduct a State Lottery. The exemption, however, would not permit a broadcast station licensed to a location in New York to broadcast information concerning the Maine or Michigan State Lotteries since those States are not adjacent States to New York. Nor would the exemption permit a station licensed to a location in Virginia to broadcast information concerning the Maryland State Lottery, since although Virginia is adjacent to Maryland, Virginia does not conduct a State lottery.

3. In §73.1520, paragraph (c) is amended to read as follows:

§ 73.1520 Operation for tests and maintenance.

(c) Licensees of AM stations may obtain special antenna test authorizations, and operate under the provisions described in §73.157, to operate with nighttime facilities during daytime hours in conducting directional antenna field strength and antenna proof of performance measurements.

4. New §73.1615 is added to Subpart H, Part 73, as follows:

§ 73.1615 Operation during modification of facilities.

When the licensee of an existing AM, FM or TV station is in the process of modifying existing facilities as authorized by a construction permit and determines it is necessary to either discontinue operation or to operate with temporary facilities to continue program service, the following procedures apply:

(a) Licensees holding a construction permit for modified operation of nondirectional facilities may, without specific FCC authority, for a period not exceeding 30 days:

(1) Discontinue operation, or

(2) Operate with temporary facilities to maintain, as nearly as possible, but not exceed, the size of the presently licensed coverage area, and

(3) In either procedure, such operation or discontinuance of operation may begin upon notification to the FCC in Washington, D.C. and the Engineer in Charge of the radio district in which the station is located.

(4) Should it be necessary to continue the procedure in either paragraph (a)(1) or (a)(2) of this section, an informal letter request signed by the licensee or the licensee’s representative must be sent to the FCC in Washington, D.C. prior to the 30th day.

(b) Licensees holding a construction permit for modified operation of directional facilities must request and obtain authority from the FCC in Washington, D.C. prior to using any new installation authorized by the permit, or using temporary facilities, if such use is deemed necessary, to maintain continued program service.

(1) The request is to be made at least 10 days prior to the date on which the temporary operation is to commence.

The request is to be made by letter which shall describe the operating modes and facilities to be used. Such letter requests shall be signed by the licensee or the licensee’s representative.

(2) Discontinuance of operation is permitted upon notification to the FCC in Washington, D.C. and the Engineer in Charge of the station’s radio district.

Should it be necessary to discontinue operation longer than 30 days, an informal letter request, signed by the licensee or the licensee’s representative, must be sent to the FCC in Washington, D.C. prior to the 30th day.

(c) The FCC may modify or cancel the temporary operation permitted under the provisions of paragraphs (a) or (b) of this section without prior notice or right to hearing.

5. Section 73.1620 is amended to read as follows:

§ 73.1620 Program tests.

(a) Upon completion of construction of an AM, FM or TV station in accordance with the terms of the construction permit, the technical provisions of the application, the rules and regulations and the applicable engineering standards, program tests may be conducted in accordance with the following:

(1) In the case of a nondirectional station, the permittee may begin program tests upon notification to the FCC in Washington, D.C. and the Engineer in Charge of the radio district that the station is ready to begin program tests.

(2) Following the completion of the test period or the expiration of the construction permit, the permittee may begin program tests upon notification to the FCC in Washington, D.C.
(2) In the case of a station with a directional antenna system, the permittee must file an application for license requesting program test authority with the FCC in Washington, D.C., at least 10 days prior to the date on which it desires to begin such operation. Also, an antenna proof of performance must be filed with the request by an AM directional station.

(b) The FCC reserves the right to revoke or suspend program tests by any station without right of hearing for failure to comply adequately with all terms of the construction permit or in order to resolve instances of objectionable interference.

(e) Acceptance by the FCC of notification of the station of program tests, or the granting of program test authority by the FCC, is not to be construed by the permittee as approval by the FCC of the application for station license.

6. New §73.1635 is added to Subpart H to read as follows:

§73.1635 Special temporary authorizations (STA).

A special temporary authorization (STA) is the authority granted to permit the operation of a broadcast facility for a limited period at a specified variance with the terms of the station authorization or requirements of the FCC rules applicable to the particular class of station. Certain rules, however, permit temporary operation at variance without prior authorization from the FCC, when notification is filed as prescribed in the particular rules. See §§73.1615, "Operation during modification of facilities," 73.3511, "Applications required" and 73.3542, "Application for temporary authorization," for procedures on requesting special temporary authorizations. The FCC may modify or cancel a special temporary authorization without prior notice or right to hearing.

7. Section 73.1610 (b)(4)(iii) and (f)(4)(iii) are amended to read as follows:

§73.1610 Program logs.

Commercial Stations

(b) [Blank]

(iii) An entry for each announcement made pursuant to the local notice requirements of §§73.3580 (pre-grant), 73.3594 (designation for hearing) and 73.1202 (licensee obligations), showing the time it was broadcast.

(f) [Blank]

(iii) An entry for each announcement made pursuant to the local notice requirements of §§73.3580 (pre-grant) and 73.3594 (designation for hearing), showing the time it was broadcast.

8. Section 73.3526(f) is amended to read as follows:

§73.3526 Local public inspection file of commercial stations.

(f) Copies of any material required to be in the public file of any applicant for a construction permit, or permittee or licensee of any TV or radio station shall be available for machine reproduction upon request made in person, provided the requesting party shall pay the reasonable cost of reproduction. Requests for machine copies shall be filled at a location specified by the applicant, permittee or licensee, within a reasonable period of time which, in no event, shall be longer than seven days unless reproduction facilities are unavailable in the applicant's, permittee's or licensee's community. The applicant, permittee or licensee is not required to honor requests made by mail, but may do so if it chooses.

9. Section 73.3527(h) is amended to read as follows:

§73.3527 Local public inspection file of noncommercial educational stations.

(h) Copies of any material required to be in the public file of any applicant for a construction permit, or permittee or licensee of any TV or radio station shall be available for machine reproduction upon request made in person, provided the requesting party shall pay the reasonable cost of reproduction. Requests for machine copies shall be filled at a location specified by the applicant, permittee or licensee, within a reasonable period of time which, in no event, shall be longer than seven days unless reproduction facilities are unavailable in the applicant's, permittee's or licensee's community. The applicant, permittee or licensee is not required to honor requests made by mail, but may do so if it chooses.

10. Section 73.3542 (b), (d) and (e) are amended to read as follows:

§73.3542 Application for temporary authorization.

(b) Temporary authority may be granted to a licensee or permittee of a broadcast station to operate such station for a period not to exceed 90 days upon request therefor. Any such request should be filed with the FCC at least 10 days prior to the date of the proposed operation and should be accompanied by a statement giving full particulars as to the purpose for which the request is made. Any temporary authority issued under this Section may be cancelled by the FCC without further notice or right to hearing. Written notification to the FCC in Washington, D.C. or the Engineer in Charge of the station's radio district may be given in lieu of request for temporary authorization if specifically allowed by a rule in Part 73.

(d) An information application is to be made and serves in accordance with the provisions of §73.3517, "Signing of applications," and providing the information required in paragraphs (d) of §73.3511, "Applications required.

(e) Request for temporary authorization necessitated by equipment damage or failure may be made without regard to the procedural requirements of this Section. Also, in extraordinary circumstances requiring emergency operation to serve the public interest, the FCC may grant a temporary authorization accompanied by a statement of its reason therefor. Such grant would permit emergency operation for a period of not more than 90 days. If like finding can be made, the FCC may extend the temporary authorization for one additional period not to exceed 90 days.

11. Section 73.3580 [b] and [g][i][ii][B] are amended to read as follows:

§73.3580 Local public notice of filing of broadcast applications.

(b) Applications (as originally filed or amended) will be acted upon by the FCC no sooner than 30 days following public notice of acceptance for filing or amendment, except as otherwise permitted in §73.3542, "Application for temporary authorization./
12. Section 73.3615(d)(2) is amended to read as follows:

§ 73.3615 Ownership reports.

(d) * * *

(2) All corporate licensees having more than 50 voting or non-voting shareholders, or controlling corporation, or corporations holding 25% or more of the outstanding voting or non-voting stock of the licensee, are required under this paragraph (d) to file annually. Filings must be made on a recurring annual basis, within 60 days from the anniversary of the record date selected in the first report for stockholders.

13. New § 73.4093 is added to Subpart H, Part 73, as follows:

§ 73.4093 Discrete (encoded) 4-channel stereo transmission authority.

See Report of the Commission, dated August 9, 1972, 72 F.C.C. 2d 792.

14. New § 73.4094 is added to Subpart H, Part 73 as follows:

§ 73.4094 Dolby encoder.

15. New § 73.4097 is added to Subpart H, Part 73, as follows:

§ 73.4097 EBS attention signal tests on automated programming systems.

16. New § 73.4101 is added to Subpart H, Part 73, as follows:

§ 73.4101 Financial qualifications, TV stations.

17. New § 73.4102 is added to Subpart H, Part 73, as follows:

§ 73.4102 FAA communications, broadcast of.

18. New § 73.4108 is added to Subpart H, Part 73, as follows:

§ 73.4108 Horse racing information: SCA transmissions.

19. New § 73.4157 is added to Subpart H, Part 73, as follows:

§ 73.4157 Network signals which adversely affect affiliate broadcast service.

20. Section 73.4270 is amended to add new paragraphs (b) and (c), and designate current text as paragraph (a), to read as follows:

§ 73.4270 TV Broadcast signals: technical standards.

(c) See also Public Notice, July 3, 1979, 72 F.C.C. 2d 786, entitled "Temporary Policy Extending Suspended Enforcement of TV Vertical and Horizontal Blanking Standards."

21. New § 73.4372 is added to Subpart H, Part 73, as follows:

§ 73.4372 TV colorburst during black and white programming.

47 CFR Part 76

Cable Television Services; Editorial Amendment of Rules

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: Rule requiring cable employment units to submit copies of their EEO programs is clarified to eliminate mere filings of statements that such programs exist. Section of rules denoting various forms that must be filed with the Commission is amended to reflect change made when FCC Form 395—previously shared by the Broadcast, Common Carrier and Cable Television Bureaus was redesignated FCC Form 395-A for Cable Television purposes.

EFFECTIVE DATE: February 1, 1980.

FOR FURTHER INFORMATION CONTACT: Robert Ungar, Cable Television Bureau, (202) 833-5797.

[Docket No. 76-06; Notice 81

§ 76.403 [Amended]

Section 76.403 is amended by replacing the phrase, "Annual Employment Report, Form 395" with the phrase "Annual Employment Report, Form 395-A."

[FR Doc. 80-254 Filed 1-25-08: 8:45 am]
BILLING CODE 6712-01-M

SUMMARY: This notice is being issued in response to petitions for rulemaking to amend Federal Motor Vehicle Safety Standard (FMVSS) 127 to delete the accuracy requirement of speedometers. That requirement was scheduled to become effective September 1, 1980. This notice grants the petition and deletes the accuracy requirement, thus relieving manufacturers from having to comply with it.

EFFECTIVE DATE: This amendment is effective January 28, 1980.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: In the March 16, 1978, final rule establishing Federal Motor Vehicle Safety Standard (FMVSS) 127, the agency included a requirement limiting the deviation of indicated vehicle speed from actual vehicle speed to plus or minus 4 miles per hour. On March 22, 1979, the agency responded to petitions for reconsideration of the speedometer accuracy requirement by extending the effective date for the requirement from September 1, 1979, to September 1, 1980. The purpose of this change was to provide manufacturers with additional time in which to account for the variables contained in the speedometer gear train that would result in some units that exceed the accuracy limits of plus or minus 4 mph.

In its April 18, 1978, petition for rulemaking, General Motors stated that the accuracy requirement is not based on a safety need and that compliance therewith could not be achieved by reasonable means despite the extension of the effective date. Citing its submission of substantiating data, the company stated that manufacturers could not ensure compliance of all their speedometer units with the accuracy requirement due to tire variability over which they have no control. According to the company, in a situation where the total allowable error range specified in FMVSS 127 is 8 mph (i.e., -4 to +4 mph) and the vehicle speed is 55 mph, speedometer head factors would account for 4.6 mph of the 8 mph range, and the speedometer/odometer drive gearing would vary as much as 2.8 mph. This would leave an error range of only 0.6 mph to accommodate the remaining tire variables. The tire data supplied to General Motors by the various tire manufacturers show that variations in the diameter of tires produced by a single manufacturer could result in a speedometer error range of 2.4 mph at a vehicle speed of 55 mph. Likewise, such variation among different tire manufacturers cold result in an error range of 3.2 mph at a vehicle speed of 55 mph. In addition, bias ply tires "grow" even after brief use. The mechanism by which this occurs is not fully understood, but data submitted by General Motors indicates that this process may increase the section height of the tire by as much as 3 percent. The effect of the growth is to decrease revolutions per mile for the tire. They further indicated that an error range of 4.8 mph would be necessary to compensate for the effect of this phenomenon on speedometer accuracy.

General Motors concluded that in a typical case an accuracy range of at least 12 mph would be necessary to account for all of the sources of speedometer variability. In light of this, the company requested that the agency either entirely delete the accuracy requirement due to the lack of an underlying safety need, or in the alternative, that the agency "normalize the revolutions per mile for the tires to be used on motor vehicles so that the tire variables can be neutralized."

In a petition dated August 28, 1979, International Harvester also petitioned for deletion of the accuracy requirement. The company stated that there is no safety need for the requirement. The company further stated that although it is confident that a high percentage of its present production vehicles do comply, it cannot ensure that 100 percent of its vehicles will comply with the ±4 mph tolerance requirement. International Harvester stated that this is because it purchases both speedometers and tires from outside suppliers and therefore is unable to control worst case variability in tires and speedometer assemblies which exceed that permitted by FMVSS 127. International Harvester submitted only limited substantiating data but did indicate its strong agreement with General Motors' data and support for that company's position.

The agency grants these petitions and deletes the speedometer accuracy requirement from FMVSS 127. The agency continues to believe that it is important that drivers know accurately the speed of their vehicles given the effect of vehicle speed on vehicle handling and on accident severity and given the need to comply with speed limits. However, implementation of this rule now would not significantly affect the accuracy of speedometers. If, at a later time, it becomes possible to make more substantial improvements in speedometer accuracy or if the agency obtains data indicating that speedometers are being built with less accuracy than they currently are, the agency will consider reproposing an accuracy requirement.

The agency's conclusion about the effect of the accuracy requirement on speedometer accuracy is based on several factors. First, data submitted by the petitioners as well as data submitted in response to prior rulemaking concerning speedometer accuracy and an agency study performed in 1977 suggests that the accuracy range of most speedometers is within ±4 mph. A report prepared by The Automobile Club of Southern California cited in General Motors' petition suggests that in excess of 90 percent of sampled vehicles-in-use exhibited indicated speeds within ±4 mph. In addition, General Motors and International Harvester both stated that most of their speedometers would comply but it would be quite costly and difficult to ensure 100 percent compliance due to the variables described in their petitions. It appears from the data submitted by the petitioners as well as data submitted by other manufacturers in response to earlier rulemaking (see, e.g., submissions by White Motor Corporation, American Motors Corporation and Chrysler Corporation in Docket 76-60—NO3) that the speedometers in most passenger vehicles already operate within the range of ±4 mph but that the speedometers in heavy duty trucks and in buses cannot all be brought within the range. With respect to heavy trucks, comments in response to earlier rulemaking indicated that drivers of
such vehicles rely on tachometers and transmission gear selection for vehicle speed and that thus the accuracy of the speedometer is a secondary consideration.

The agency notes further that there appears to be no incentive for the manufacturers to produce less accurate speedometers in the future. Consumer awareness and manufacturer product liability concerns are likely to combine to ensure that speedometer accuracy remains at its current level.

This amendment is being adopted without the prior issuance of a notice of proposed rulemaking. The agency finds that notice and opportunity for comment in this instance are unnecessary and contrary to the public interest for the reasons stated below. As mentioned previously, the requirement would not have significantly affected speedometer accuracy. It would, however, require manufacturers to make changes to some of the speedometers. The manufacturers have already begun their efforts to make those changes since the requirement would have become effective in 8 months and production begins sooner than that. Dispensing with notice permits the agency to relieve the manufacturers immediately from the necessity of making further compliance efforts.

The agency is making this amendment effective upon publication in the Federal Register. This early effective date is necessary so that the manufacturers can cease their compliance efforts immediately.

The agency has considered the economic impact of this final rule and determined that the rule is not significant within the meaning of Executive Order 12044 and the Department of Transportation's policies and procedures for implementing that order. The agency has determined further that the impact is so minor as not to require preparation of a written evaluation of it. The effect of this amendment is to relieve the manufacturers from having to make the relatively insubstantial expenditures and efforts that would have been necessary to comply with the speedometer accuracy requirement.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

**50 CFR Part 611**

**Foreign Fishing for Atlantic Billfish and Sharks; Final Regulations**

**AGENCY:** National Oceanic and Atmospheric Administration. (NOAA)/Commerce.

**ACTION:** Final Regulations.

**SUMMARY:** The National Oceanic and Atmospheric Administration amends its foreign fishing regulations. The amendment provides for inclusion of new reporting codes for several species covered by the preliminary fishery management plan for Atlantic billfish and sharks and for species caught incidentally. Presently, all sharks may be recorded as “nonspecific sharks” and marlin and spearfish are not recorded at all. As a result of the amendment, foreign vessels, when catching these species, will have to record them using the new codes.

**EFFECTIVE DATE:** February 29, 1980.

**FOR FURTHER INFORMATION CONTACT:**

**SUPPLEMENTARY INFORMATION:** The proposed regulation was published in the Federal Register on December 13, 1979 (44 FR 72204). No comments were received.

The Assistant Administrator for Fisheries finds and determines that (1) this regulation is not significant within the meaning of Executive Order 12044, and (2) this regulation does not require the formulation of an Environmental Impact Statement under the National Environmental Policy Act of 1969.

Signed at Washington, D.C., this 22nd day of January, 1980.

Authority: 16 U.S.C. 1801 et seq.

Winfred H. Melbohm,
Executive Director, National Marine Fisheries Service.

**50 CFR 611 is amended as follows:**

§ 611.9 [Amended]

Add the following to the Species Codes, § 611.9, Appendix I—Part A, Atlantic Ocean fishes (including the Gulf of Mexico):

<table>
<thead>
<tr>
<th>Code</th>
<th>Common English Name, and Scientific Name</th>
</tr>

## SMALL BUSINESS ADMINISTRATION

**13 CFR Part 111**

[Amend 1]

**Amendments Clarifying Eligibility of Waste Disposal Concerns, Providing for Joint Applicants in Some Instances and Changing the Processing and Administrative Fee for Applications**

**AGENCY:** Small Business Administration.

**ACTION:** Final rule.

**SUMMARY:** During the early stages of this program, SBA interpreted the legislative history of its authority to preclude assistance for the acquisition of a pollution control facility designed to control pollution by other than the applicant itself. For this reason applications from waste disposal concerns were considered ineligible. The Comptroller General has concurred in SBA's request to consider waste disposal concerns as eligible, because such a determination is reflected in the following amended § 111.2 and 111.3. Other amendments change the processing and administrative fee and clarify the manner of amortization of the debt to be guaranteed.

**EFFECTIVE DATE:** January 29, 1980.

**FOR FURTHER INFORMATION CONTACT:**

Vincent A. Fragnito, Chief, Pollution Control Guarantees, Office of Special Guarantees, Magazine Building, Rosslyn, Virginia 22209 (703–235–2902).
SUMMARY: On October 11, 1979, a document was published in the Federal Register (35 FR 35455) proposing amendments to Part 111 for several purposes. One proposal was to amend § 111.4(c), to permit parent corporations to become co-applicants for purposes of § 111.4(d) which requires a successful five year operating history. Due to the variety of circumstances presented by applications received since the publication of this proposal, it has become apparent that it is not adequate to accommodate the complexities arising from applications of multiple or changing business entities. The proposed amendment to § 111.4(c) is therefore withdrawn. A new proposed concerning the required operating history set forth in § 111.4(d) will be published shortly. The amendments to §§ 111.5(a)(2), (4) and (5) to conform them to the proposal to amend § 111.4(c) are also withdrawn. Another proposal concerning the eligibility of waste disposal concerns has been rephrased in response to a critical comment. The other amendments are adopted as proposed.

The public comments require the following changes in the proposed amendments to clarify their intent:

1. The definition of “Facility” in § 111.3 as proposed concluded with the words “including any related resource recovery property when stated to be necessary for pollution abatement by a local, State or Federal environmental regulatory authority.” To indicate that the statement is required only for resource recovery property, and to reduce the need for a statement of necessity to one of usefulness, (but see § 111.4(e) below) the final amendment will read: “including any related resource recovery property when such recovery property is stated to be useful for pollution abatement by a local, State or Federal environmental regulatory authority.”

2. Section 111.4(e) as proposed omitted the portion of the definition of “Facility” which was designed for concerns conducting a waste disposal business. To clarify the proposal without repetition of the full definition of “Facility”, § 111.4(e) will read: “Provide evidence from a local, State or Federal environmental regulatory authority that the Facility meets the terms of the definition above.”

Pursuant to the authority of section 308(c) of the Small Business Investment Act, as amended, 15 U.S.C. 607(c), Part 111 of Chapter I, Title 13 of the Code of Federal Regulations is hereby amended as set forth below:

1. Section 111.2 is revised to read as follows:

§ 111.2 Policy.

It is the intent of Congress to assist existing small concerns including solid or liquid waste disposal concerns, which are or are likely to be at an operational or financing disadvantage with other business concerns with respect to the planning, design, or installation of pollution control Facilities, or the obtaining of financing therefor, by authorizing SBA to guarantee fully-100 percent, directly or in cooperation with others, the periodic payments due in connection with the purchase or lease of such Facilities under a Qualified contract. The guarantee shall be a full faith and credit obligation of the United States, and may be issued notwithstanding that the pollution control Facility is acquired by the use of proceeds from tax-exempt industrial revenue bonds. In those instances where revenue bond financing is uneconomic or is not practicable (e.g., for small amount), when the project may not qualify for tax-exemption, the Small concern may seek financing assistance under SBA’s pollution control (Small Business Investment Act, sec. 404, 15 U.S.C. 694-1), Air Pollution (Small Business Act, sec. 7(b)(5), 15 U.S.C. 636), or Water Pollution (Small Business Act, sec. 7(g)(1), 15 U.S.C. 636(g)(1)) Loan Programs.

2. Section 111.3 is amended as follows:

§ 111.3 Definitions.

“Facility” means such property (both real and personal) as the Administration in its discretion determines is likely to help prevent, reduce, abate, or control noise, air or water pollution or contamination by removing, altering, disposing, or storing pollutants, contaminants, wastes, or heat, and such property (both real and personal) as the Administration determines will be used for the collection, storage, treatment, utilization, processing, or final disposal of solid or liquid waste, including any related resource recovery property when such recovery property is stated to be useful for pollution abatement by a local, State or Federal environmental regulatory authority.

3. Paragraph (e) of § 111.4 is revised to read as follows:

§ 111.4 Eligibility.

(e) Provide evidence from a local, State or Federal environmental regulatory authority that the Facility meets the terms of the definition above.

4. Paragraph (e) of § 111.7 is revised to read as follows:

§ 111.7 Terms of guarantee and fee.

(e) The Processing and administrative fee relating to industrial revenue bond financing will be computed as follows: $550 + ($30 X number of years of Qualified contract). Each application shall be accompanied by $250 of the Processing and administrative fee which is not refundable. The balance of the Processing and administrative fee is payable to SBA upon issuance of its guarantee.

If the application is approved, SBA may issue a commitment to guarantee which shall expire not later than 24 months from the date of the commitment.

5. Paragraph (c) of § 111.8 is revised to read as follows:

§ 111.8 Qualified contract.

(c) Identification of the parties, description and location of the Facility, the principal basic indebtedness therefor to be guaranteed (exclusive of those costs or expenses listed in paragraph (d) of this section), the rate of interest thereon and the number, amount and time of payments, which shall be in substantially equal amounts not less frequently than quarterly.

(Catalog of Federal Domestic Assistance Programs No. 59.031, Pollution Control Financing Guarantee Program)

Dated: January 22, 1980.

A. Vernon Weaver,
Administrator.
Proposed Rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

Comptroller of the Currency

12 CFR Part 1

Eligibility of Securities for Purchase, Dealing in, Underwriting and Holding by National Banks; Advance Notice of Proposed Rulemaking

AGENCY: Comptroller of the Currency, Treasury.

ACTION: Advance notice of proposed rulemaking.

SUMMARY: The Office of the Comptroller of the Currency is considering the revision of 12 CFR Part 1 by adding a set of general principles of federal banking law and regulations applicable to the purchase, dealing in, underwriting and holding of investment securities by national banks. The Comptroller has determined that the development of such additional guidelines is of sufficient interest to warrant public participation in an effort to arrive at a method best usable for providing assistance in the application of the law and regulations in this area to the banks and bank counsel. This notice will solicit comments on the issues involved in the revision.

DATES: Comments Must Be Received on or Before: March 7, 1980.

ADDRESS: Comments should be sent in triplicate to: Mr. John E. Shockey, Chief Counsel, Comptroller of the Currency, Washington, D.C. 20219.

SUPPLEMENTARY INFORMATION: In addition to the investment securities regulations, 12 CFR Part 1 until recently consisted of a great number of individual rulings issued by the Comptroller. (12 CFR 1.105-1.480). While these individual rulings may have provided insight into the interpretation of, and the Comptroller’s practice regarding, the applicable law and regulations, the continued codification of the great volume of such rulings did not appear feasible or warranted. Consequently, in anticipation of more concise and manageable guidelines in this respect, the Comptroller deleted the individual rulings from 12 CFR Part 1. See, 44 FR 76263 (December 28, 1979). See also, 44 FR 762 (January 3, 1979).

Currently, the Comptroller is engaged in a review of the nearly 300 existing rulings, and is considering, based on that review, the development of a general set of principles suitable for codification in 12 CFR Part 1. It seems that such a set of principles could provide the necessary guidance for the independent application of the relevant law and regulations by banks and bank counsel.

Although individual rulings would not be codified in the future, the Comptroller is considering the publication of significant rulings as notices in the Federal Register. Such publication could take place at appropriate intervals, e.g. four times a year. In addition, the individual rulings would continue to be available to the public in the same manner as are other significant letters issued by the Comptroller and his staff. It is expected that the rulings would thus be obtainable by private reporting services which are widely used by banks and bank counsel.

Although individual rulings will no longer be codified, the Comptroller will continue to issue rulings in letter form in response to specific requests by national banks. It is expected, however, that the additional clarification on the existing regulations will reduce the number of such requests.

Issues for Comment: The Comptroller invites comment on any element of the proposed action. Comments are specifically requested on the following areas of interest:

(1) The extent of need for additional guidance in the application of banking law and regulations regarding the purchase, dealing in, underwriting and holding of investment securities by national banks.

(2) If additional guidance is desired, the form in which it should be provided.

(3) Any particular facet of the law and regulations which warrants, and is susceptible to, clarification of general interest.

(4) An estimate to which extent this additional clarification will assist banks independently to evaluate the eligibility of upcoming securities issues.

All comments submitted will be available for public inspection at the Comptroller’s Offices, 490 L’Enfant Plaza, Washington, D.C. After consideration of the available data and comments received in response to this notice, a notice of proposed rulemaking will be issued for additional comment.

Dated: January 21, 1980.

John G. Helmann,
Comptroller of the Currency.

BILLING CODE 4110-33-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. 80-CE-2-AD]

Airworthiness Directives; Gates Learjet 23, 24, 25, 28, 29, 35, and 36 Series Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rule making (NPRM).

SUMMARY: This Notice proposes to adopt an Airworthiness Directive (AD) that would require safetywiring of certain bolts in the cabin main entrance upper door on certain Gates Learjet 23, 24, 25, 28, 29, 35 and 36 series airplanes. The proposed AD is needed to prevent possible failure of the door locking mechanism which could prevent crew/ passengers from opening the door in the event of an emergency.

DATES: Comments must be received on or before March 2, 1980.

ADDRESSES: Send comments on the proposal to: FAA, Central Region, Office of the Regional Counsel, ACE-7, Att: Rules Docket Clerk, Docket No. 80-CE-2-AD, 601 East 12th Street, Kansas City, Missouri 64106.

The applicable Airplane Modification Kit Number AMK 79-9 may be obtained from Gates Learjet Corporation, Mid-Continent Airport, O.P. Box 7707, Wichita, Kansas 67277. Telephone Number (316) 949-2000. A copy of the Modification Kit Instructions is contained in the Rules Docket, Office of the Regional Counsel, Room 1558, 601 East 12th Street, Kansas City, Missouri.
FOR FURTHER INFORMATION CONTACT:  
Marvin Boone, Aerospace Engineer,  
Engineering and Manufacturing District  
Office #43, Room 220, Mid-Continent  
Airport, Wichita, Kansas 67209,  
telephone (316) 942–4219.

SUPPLEMENTARY INFORMATION:  
Comments Invited  
Interested persons are invited to  
participate in the proposed rule making  
by submitting such written data, views  
or arguments as they may desire.  
Communications should identify the AD  
Docket Number and be submitted in  
duplicate to the address specified  
avove. All comments received on or  
before the closing date for comments  
will be considered by the Administrator  
before action is taken on the proposed  
rule. The proposal contained in this  
report has been received showing  
that the aircraft is unsafe. In order to  
prevent these conditions, the cockpit  
door linkage had backed out of its  
self-locking nut plate after the door was  
closed thereby making it impossible to  
open the door. Unsafe conditions will  
result if this happens at a time when  
there is a fire on the right side of the  
airplane in the vicinity of the emergency  
exit or if the emergency exit is otherwise  
unusable because the crew and  
passengers will be trapped inside the  
airplane. In order to prevent these  
possible unsafe conditions from  
occurring Gates Learjet Corporation has  
developed and made available Airplane  
Modification Kit Number AMK79–9  
which includes hardware and  
instructions for safetywiring certain  
critical pivot bolts in the main  
entrance upper door. Since this  
condition is likely to exist or develop  
on other airplanes of the same type design,  
the proposed AD would require safetywiring of certain critical bolts in the  
cabin main entrance upper door on  
certain Gates Learjet 23, 24, 25, 26, 29, 35  
and 36 series airplanes.

The Proposed Amendment

Accordingly, the FAA proposes to  
 amend § 39.13 of Part 39 of the Federal  
Aviation Regulations (14 CFR 39.13) by  
adding the following new airworthiness  
directive:  

LEARJET: Applies to the following models or  
series and serial number airplanes  
certificated in all categories:

Note—A “series” includes all models in a  
number series, i.e., 25 series includes Models  

Model or series: Serial Nos.

23 (model).................. 23-003 through 23-009.
24 (series)............... 24-100 through 24-257.
26 (series)............... 26-001 through 26-257.
28 (series)............... 28-001 through 28-005.
29 (series)............... 29-001 and 29-002.
35 (series)............... 35-001 through 35-274.
36 (series)............... 36-001 through 36-044.

Compliance: Required as indicated unless  
already accomplished. To assure that the  
cabin main entrance upper door will open,  
in the event of an emergency, accomplish  
the following:

(A) Within the next 150 hours time-in-service  
after the effective date of this  
Airworthiness Directive (AD), modify the  
cabin main entrance upper door by, (1)  
Drilling access holes, installing new  
mechanism pivot bolts drilled for safetywire  
and drilling safetywiring holes in surrounding  
structure, as applicable, and (2) safetywiring  
the bolts, all in accordance with instructions  
in Gates Learjet Corporation Airplane  
Modification Kit Number AMK79–9.

(B) Issuance of a special flight permit in  
accordance with FAR 21.197 is permitted for  
the purpose of moving affected airplanes to a  
location where the modification required by  
this AD can be accomplished.

(C) Any equivalent means of compliance  
with this AD must be approved by the Chief,  
Engineering and Manufacturing District  
Office #43, Wichita, Kansas, telephone (316)  
942–4219.

Secs. 113(a), 601 and 603 of the Federal  
Aviation Act of 1958, as amended, (49 U.S.C.  
1354(a), 1421 and 1423); sec. 6(c) Department  
of Transportation Act (49 U.S.C. 1354(a), 1421  
and 1423); sec. 6(c) Department of  
Transportation Act (49 U.S.C. 1655(c)); § 11.85  
of the Federal Aviation Regulations (14 CFR  
11.85).

Note.—The FAA has determined that this  
document involves a proposed regulation  
which is not significant under Executive  
Order 12044, as implemented by Department  
of Transportation Regulatory Policies and  
Procedures (44 FR 11034; February 26, 1979).  
A copy of the evaluation prepared for this  
document is contained in the docket. A copy  
of it may be obtained by writing to Federal  
Aviation Administration, Engineering  
and Manufacturing Branch (ACE–210), Central  
Region, 601 East 12th Street, Kansas City,  
Missouri 64106, Telephone (816) 374–3146.

Issued in Kansas City, Missouri on January 16, 1980.
Paul J. Baker,  
Director, Central Region.

BILLING CODE 4910–15–M

14 CFR Part 71  
[Airspace Docket No. 79–RM–28]  
Alteration of Control Zone and  
Transition Areas

AGENCY: Federal Aviation  
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This Notice of Proposed  
 Rulemaking (NPRM) proposes to alter  
the control zone and 700’ and 1,200’  
transition areas at Rawlins, Wyoming to  
provide additional controlled airspace  
for aircraft executing the new VOR/  
DME runway 22 standard instrument  
approach procedure (SIAP) and  
departure procedure developed for the  
Rawlins Municipal Airport, Rawlins,  
Wyoming.

DATES: Comments must be received on  
or before March 3, 1980.

ADDRESSES: Send comments on the  
proposal to: Chief, Air Traffic Division,  
Attn: ARM–500, Federal Aviation  
Administration, 10455 East 25th Avenue,  
Aurora, Colorado 80010.

A public docket will be available for  
examination by interested persons in  
the office of the Regional Counsel,  
Federal Aviation Administration, 10455  
East 25th Avenue, Aurora, Colorado  
80010.

FOR FURTHER INFORMATION CONTACT:  
Pruett B. Helm, Airspace and Procedures  
Specialist, Operations, Procedures and  
Airspace Branch (ARM–530), Air Traffic  
Division, Federal Aviation  
Administration, Rocky Mountain  
Region, 10455 East 25th Avenue, Aurora,  
Colorado 80010; telephone (303) 837–  
3037.

SUPPLEMENTARY INFORMATION:  
Comments Invited  
Interested persons may participate in  
the proposed rulemaking by submitting  
such written data, views, or arguments  
as they may desire. Communications  
should be submitted in triplicate to the  
Chief, Air Traffic Division, Federal  
Aviation Administration, 10455 East  
25th Avenue, Aurora, Colorado 80010.

All communications received will be  
considered before action is taken on the  
proposed amendment. No public hearing  
is contemplated at this time, but  
arrangements for informal conferences  
with Federal Aviation Administration
By amending subpart G, § 71.181 so as to alter the following transition area to read:

Rawlins, Wyo.

That airspace extending upward from 700' above the surface within the 9-mile radius of the Rawlins Municipal Airport (latitude 41°48'15" N., longitude 107°12'05" W.) and within 5 miles each side of the 009° bearing from the Sinclair radiobeacon (latitude 41°45'24" N., longitude 107°05'06" W.) extending from the radiobeacon to 11.5 miles east; that airspace extending upward from 1,200' above the surface within 13 miles south and 8 miles north of the Cherokee VORTAC (latitude 41°45'21" N., longitude 107°24'53" W.) 201° radial extending on the north from the west edge of V-20 and on the south from the south edge of V-4 to a point 23 miles west of the Cherokee VORTAC; and that airspace east of the Cherokee VORTAC within an arc of the 46-mile radius circle centered on the Cherokee VORTAC bounded on the north by the north edge of V-26 and on the south by V-4.

By amending subpart G, § 71.181 so as to delete the following transition area:

Cherokee, Wyo.

That airspace extending upward from 1,200' above the surface within 9 miles south and 6 miles north of the Cherokee VORTAC 201° radial extending from 8 miles east to 19 miles east of the VORTAC and that airspace east of the Cherokee VORTAC within an arc of a 37-mile radius circle centered on the Cherokee VORTAC bounded on the north by the north edge of V-20 and on the south by the south edge of V-4, excluding that airspace within the Rawlins, Wyoming transition area.

Drafting Information

The principal authors of this document are Pruett B. Holm, Air Traffic Division, and Daniel J. Peterson, office of the Regional Counsel, Rocky Mountain Region.

Note.—The FAA has determined that this document involves a proposed regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034, February 28, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation, and a comment period of less than 45 days is appropriate.

The Federal Aviation Administration is considering an amendment to subparts F and G of Part 71 of the Federal Aviation Regulations to alter the control zone and the 700' and 1,200' transition areas at Rawlins, Wyoming. This proposal is necessary as the present control zone and the 700' and 1,200' transition areas are inadequate in size to contain the airspace within the Rawlins Municipal Airport (latitude 41°48'15" N., longitude 107°12'05" W.) and within 5 miles north and 2.5 miles south of the 009° bearing from the Sinclair radiobeacon (latitude 41°45'24" N., longitude 107°05'06" W.) extending from the radiobeacon to 2.5 miles east of the radiobeacon.

By amending subpart F, § 71.171 as to alter the following control zone to read:

Rawlins, Wyo.

With a 5-mile radius of Rawlins Municipal Airport (latitude 41°48'15" N., longitude 107°12'05" W.) and within 5 miles north and 2.5 miles south of the 009° bearing from the Sinclair radiobeacon (latitude 41°45'24" N., longitude 107°05'06" W.) extending from the radiobeacon to 2.5 miles east of the radiobeacon.

Issued in Aurora, Colorado on January 18, 1980.

Issac H. Hoover,

Acting Regional Director, Rocky Mountain Region.

14 CFR Part 71

Altering of Federal Airway; Helena, Mont.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This notice proposes to realign a segment of V-2 airway between Helena, Mont., and Livingston, Mont., to bypass Bozeman, Mont., and renumber the present segment of this airway as a south alternate. This action would reduce the distance between Helena and Livingston. Also traffic congestion at Bozeman would be reduced.

DATES: Comments must be received on or before February 22, 1980.

ADDRESSES: Send comments on the proposal in triplicate to: Director, FAA Rocky Mountain Region, Attention: Chief, Air Traffic Division, Docket No. 79-RM-18, Federal Aviation Administration, 10455 East 25th Avenue, Aurora, Colo. 80010.

The official docket may be examined at the following location: FAA Office of the Chief Counsel, Rules Docket (AGC-24), Room 916, 800 Independence Avenue SW., Washington, D.C. 20591.

Comments Invited

Interested persons may participate in the proposed rulemaking by submitting such written data, views or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Rocky Mountain Region, Attention: Chief, Air Traffic Division, Docket No. 79-RM-18, Federal Aviation Administration, 10455, East 25th Avenue, Aurora, Colo. 80010.
communications received on or before February 22, 1980, will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Availability of NPRM

Any person may obtain a copy of this notice of proposed rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Information Center, APA-430, 800 Independence Avenue, SW., Washington, D.C. 20591, or by calling (202) 426-8058. Communications must identify the docket number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2 which describes the application procedures.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to realign a segment of V-2 airway from Helena to Livingston via the INT of Helena 119°T(100°M) and Livingston 322°T(304°M) radials. The present alignment of V-2 would then become V-2S for the segment from Helena to Livingston via Bozeman. This action would contribute to the reduction in fuel consumption by reducing the congestion (rerouting, vectoring and holding) in the Bozeman area and by reducing the airway distance between Helena and Livingston.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend § 71.123 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (49 FR 307) as follows:

Under V-2

"Helena, Mont.; INT Helena 119° and Bozeman, Mont., 338° radials: Bozeman; INT Bozeman 128° and Livingston, Mont., 261° radials: Livingston;" is deleted and "Helena, Mont.; INT Helena 119° and Livingston, Mont., 322° radials; Livingston, including a south alternate from Helena via the INT Helena 119° and Bozeman, Mont., 338° radials: Bozeman; INT Bozeman 128° and Livingston, 261° radials;" is substituted therefor.

Note.—The FAA has determined that this document involves a proposed regulation which is not significant under Executive Order 12094, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 28, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation and a comment period of less than 45 days is appropriate.

Issued in Washington, D.C., on January 22, 1980.

B. Keith Potts,

Acting Chief, Airspace and Air Traffic Rules Division.

[Airspace Docket No. 79-WE-15]

Proposed Designation of Transition Area, Hawthorne, Nev.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposal rule making.

SUMMARY: This notice proposes to designate a transition area at Hawthorne, Nevada, to provide controlled airspace for aircraft executing an instrument approach procedure to the Hawthorne Municipal Airport utilizing the Mina, Nevada VORTAC. The need for the transition area was created when an IFR approach procedure was established for Hawthorne, Nevada Municipal Airport: DATES: Comments must be received on or before February 22, 1980.

ADDRESS: Send comments on the proposal in triplicate to Director, Federal Aviation Administration, Attn: Chief, Airspace and Procedures Branch, AWE-530, 15000 Aviation Boulevard, Lawndale, California 90261. A public docket will be available for examination in the Office of the Regional Counsel, Federal Aviation Administration, 15000 Aviation Boulevard, Lawndale, California, 90261, Telephone (213) 539-6270.

FOR FURTHER INFORMATION CONTACT: Thomas W. Bincausk, Air Traffic Division and DeWitt T. Lawson, Jr., Esquire, Regional Counsel, Western Region.

The Proposal

The FAA is considering an amendment to Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to designate a transition area at Hawthorne, Nevada 700-foot transition area. This action will provide controlled airspace protection for IFR operations at the Hawthorne Municipal Airport.

The Proposed Amendment

Accordingly, the Federal Aviation Administration proposes to amend "Hawthorne, Nev.; 38°32'40" N., longitude 118°36'00" W., and within 2 mile each side of the Mina, Nevada VORTAC 267 radial extending from the 5-mile radius area to the VORTAC (Secs. 307(a) and 313(a); Federal Aviation Act of 1958 (40 U.S.C. 1340(a) and 1354(a)); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); and 14 CFR 11.05)" with "Hawthorne, Nev.; 38°32'40" N., longitude 118°36'00" W., and within 2 mile each side of the Mina, Nevada VORTAC 267 radial extending from the 5-mile radius area to the VORTAC (Secs. 307(a) and 313(a); Federal Aviation Act of 1958 (40 U.S.C. 1340(a) and 1354(a)); sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); and 14 CFR 11.05)"
SUMMARY: This Notice proposes to alter the 700-foot transition area at Storm Lake, Iowa, to provide additional airspace for aircraft executing a new instrument approach procedure to Runway 35 at the Storm Lake, Iowa Municipal Airport which is based on the Storm Lake Non-Directional Radio Beacon (NDB) a navigational aid. It is also proposed to cancel the existing instrument approach procedure to Runway 31.

DATE: Comments must be received on or before March 1, 1980.

ADDRESSES: Send comments on the proposal to: Federal Aviation Administration, Chief, Operations, Procedures and Airspace Branch, Air Traffic Division, ACE-530, 601 East 12th Street, Kansas City, Missouri 64106, Telephone (816) 374-3408.

The official docket may be examined at the Office of the Regulatory Counsel, Central Region, Federal Aviation Administration, Room 1558, 601 East 12th Street, Kansas City, Missouri. An informal docket may be examined at the Office of the Chief, Operations, Procedures and Airspace Branch, Air Traffic Division.

FOR FURTHER INFORMATION CONTACT: Dwaine E. Hilland, Airspace Specialist, Operations, Procedures, and Airspace Branch, Air Traffic Division, ACE-537, FAA, Central Region, 601 East 12th Street, Kansas City, Missouri 64106, Telephone (816) 374-3408.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons may participate in the proposed rule making by submitting such written data, views or arguments as they may desire. Communications should identify the NPRM number, and be submitted in duplicate to the Operations, Procedures and Airspace Branch, Air Traffic Division, Federal Aviation Administration, 601 East 12th Street, Kansas City, Missouri 64106. All communications received on or before March 1, 1980 will be considered before action is taken on the proposed amendment. The proposal contained in this Notice may be changed in light of the comments received. All comments received will be available both before and after the closing date for comments in the Rules Docket for examination by interested persons.

Availability of NPRM

Any person may obtain a copy of this NPRM by submitting a request to the Federal Aviation Administration, Operations, Procedures and Airspace Branch, 601 East 12th Street, Kansas City, Missouri 64106 or by calling (816) 374-3408. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for further NPRMs should also request a copy of Advisory Circular No. 11-2 which describes the application procedure.

The Proposal

The FAA is considering an amendment to Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) by altering the 700-foot transition area at Storm Lake, Iowa. To enhance airport usage, a new instrument approach procedure to Runway 35 is being developed for the Storm Lake, Iowa Municipal Airport utilizing the Storm Lake NDB. Additionally, the existing instrument approach procedure to Runway 31 will be cancelled. The establishment of an instrument approach procedure based on this NDB entails alteration of the transition area at Storm Lake, Iowa, at and above 700 feet above ground level (AGL) within which aircraft are provided additional air traffic control service. The intended effect of this action is to ensure segregation of aircraft using the new approach procedure under Instrument Flight Rules (IFR) and all other aircraft operating under Visual Flight Rules (VFR).

§ 71.181 [Amended]

Accordingly, Federal Aviation Administration proposes to amend Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) as republished on January 2, 1980 (45 FR 445) by altering the following transition area:

Storm Lake, Iowa

That airspace extending upward from 700 feet above the surface within a 6.5 mile radius of the Storm Lake, Iowa Municipal Airport (latitude 42°36'00"N, longitude 93°14'31"W) and within 3 miles each side of the 374° true bearing from Storm Lake NDB extending from the 6.5 mile radius area to 8.5 miles south of the airport.

Sec. 307(a), Federal Aviation Act of 1958 as amended (49 U.S.C. 1348); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1055(c)); Sec. 11.63 of the Federal Aviation Regulations (14 CFR 11.63).

Note.—The FAA has determined that this document involves a proposed regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 28, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Kansas City, Missouri, on January 15, 1980.

Paul J. Baker,
Director, Central Region.

[Airspace Docket No. 79-ASW-60]

Proposed Alteration of Transition Area: Lafayette, La.

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: The Federal Aviation Administration proposes to amend Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) as republished on January 2, 1980 (45 FR 445) by altering the following transition area:

Lafayette, La.

That airspace extending upward from 700 feet above the surface within a 7 mile radius of the Lafayette Regional, Acadiana Regional, and the Abbeville Municipal Airports.

The circumstance which created a need for this action is that a review of the current transition area revealed the controlled airspace is not properly described and inadequate for the protection of aircraft executing instrument approach procedures to the
three airports. In addition, higher performance/aircraft are utilizing the airports which requires additional controlled airspace.

DATES: Comments must be received on or before February 27, 1980.

ADDRESSES: Send comments on the proposal to: Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101.

The official docket may be examined at the following location: Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 4400 Blue Mound Road, Fort Worth, Texas.

An informal docket may be examined at the Office of the Chief, Airspace and Procedures Branch, Air Traffic Division.

FOR FURTHER INFORMATION CONTACT: Kenneth L. Stephenson, Airspace and Procedures Branch, ASW-535, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101; telephone: (817) 624-4911, extension 302.

SUPPLEMENTARY INFORMATION: Subpart G § 71.181 (44 FR 442) of FAR Part 71 contains the description of transition areas designated to provide controlled airspace for the benefit of aircraft conducting Instrument Flight Rules (IFR) activity. Alteration of the transition area at Lafayette, La., will necessitate an amendment to this subpart.

Comments Invited

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101. All communications received on or before February 27, 1980 will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Availability of NPRM

Any person may obtain a copy of this notice of proposed rule making (NPRM) by submitting a request to the Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101, or by calling (817) 624-4911, extension 302. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should contact the office listed above.

The Proposal

The FAA is considering an amendment to Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to alter the transition area at Lafayette, La. The FAA believes this action will enhance IFR operations at the Lafayette Regional, Acadiana Regional, and the Abbeville Municipal Airports by providing controlled airspace for aircraft executing instrument approach procedures to the three airports. Subpart G of Part 71 was republished in the Federal Register on January 2, 1979 (44 FR 442).

The Proposed Amendment

§ 71.181 [Amended]

Accordingly, pursuant to the authority delegated to me, the FAA proposes to amend § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as republished (44 FR 442) by altering the Lafayette, La., transition area by deleting the present description and substituting the following:

Lafayette, La.

That airspace extending upward from 700 feet above the surface within an 8.5-mile radius of the Lafayette Regional Airport (latitude 30°02'14" N., longitude 91°59'16" W.); within a 8.5-mile radius of the Abbeville Municipal Airport (latitude 30°58'30" N., longitude 92°05'00" W.) and within 2 miles each side of the 206° radial of the Lafayette VORTAC extending from the 6.5-mile radius to 8.5 miles northeast of this 6.5-mile radius of the Acadiana Regional Airport (latitude 30°02'15" N., longitude 91°53'02" W.).

Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1340(a); and Sec. 351(d), Department of Transportation Act (49 U.S.C. 1656(d)).

Note.—The FAA has determined that this document involves a proposed regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034; February 28, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation and a comment period of less than 45 days is appropriate.

Issued in Fort Worth, Texas on January 17, 1980.

F. E. Whitfield,
Acting Director, Southwest Region.

BILLING CODE 4910-13-M

14 CFR Part 71
[Airspace Docket No. 79-ASW-69]

Proposed Alteration of Transition Area: Buffalo, Oklahoma

AGENCY: Federal Aviation Administration (FAA), DOT.

SUMMARY: The nature of the action being taken is to propose alteration of a transition area at Buffalo, Ok. The intent effect of the proposed action is to provide additional controlled airspace for aircraft executing instrument approach procedures to the Buffalo Municipal Airport. The circumstance which created a need for the action is that a review of the current transition area revealed the controlled airspace is not properly described and inadequate for the protection of aircraft executing instrument approach procedures. In addition, higher performance aircraft are utilizing the airport which requires additional controlled airspace.

DATES: Comments must be received on or before February 27, 1980.

ADDRESSES: Send comments on the proposal to: Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101.

The official docket may be examined at the following location: Office of the Regional Counsel, Southwest Region, Federal Aviation Administration, 4400 Blue Mound Road, Fort Worth, Texas.

An informal docket may be examined at the Office of the Chief, Airspace and Procedures Branch, Air Traffic Division.

FOR FURTHER INFORMATION CONTACT: Manuel R. Hugonnert, Airspace and Procedures Branch, ASW-536, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101; telephone: (817) 624-4911, extension 302.

SUPPLEMENTARY INFORMATION: Subpart G § 71.181 (44 FR 442) of FAR Part 71 contains the description of transition areas designated to provide controlled airspace for the benefit of aircraft conducting Instrument Flight Rules (IFR) activity. Alteration of the transition area
at Buffalo, Ok., will necessitate an amendment to this subpart.

Comments Invited

Interested persons may submit such written data, views, or arguments as they may desire. Communications should be submitted in triplicate to Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101. All communications received on or before February 27, 1980 will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Administration officials may be made by contacting the Chief, Airspace and Procedures Branch. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

Availability of NPRM

Any person may obtain a copy of this notice of proposed rule making (NPRM) by submitting a request to the Chief, Airspace and Procedures Branch, Air Traffic Division, Southwest Region, Federal Aviation Administration, P.O. Box 1689, Fort Worth, Texas 76101, or by calling (817) 824-4311, extension 302. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should contact the office listed above.

The Proposal

The FAA is considering an amendment to Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to alter the transition area at Buffalo, Ok. The FAA believes this action will enhance IFR operations at the Buffalo Municipal Airport by providing controlled airspace for aircraft executing instrument approach procedures to the airport. Subpart G of Part 71 was republished in the Federal Register on January 2, 1979 (44 FR 442).

The Proposed Amendment

§ 71.181 [Amended]

Accordingly, pursuant to the authority delegated to me, the FAA proposes to amend § 71.181 of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) as published (44 FR 442) by altering the Buffalo, Ok., transition area by deleting the present description and substituting the following:

Buffalo, Ok.

That airspace extending upward from 700 feet above the surface within a 0.5-mile radius of the Buffalo Municipal Airport, Buffalo, Ok. ([latitude 36°51'45"N., longitude 99°37'00"W.]) within 3 miles each side of the 100' bearing from the Buffalo NDB ([latitude 36°51'46"N., longitude 99°37'05"W.]) extending from the 0.5-mile radius to 0.5 miles east of the NDB.

(Sec. 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348(a)); and Sec. 6(c), Department of Transportation Act (49 U.S.C. 1652(c)).)

Note—The FAA has determined that his document involves a proposed regulation which is not significant under Executive Order 12094, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034 February 26, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation and a comment period of less than 45 days is appropriate.

Issued in Fort Worth, Texas on January 10, 1980.

C. R. Melugin, Jr.,
Director, Southwest Region.

FOR FURTHER INFORMATION CONTACT: Harlen D. Phillips, Airspace and Procedures Branch, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone: 404-763-7646.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons may participate in the proposed rulemaking by submitting such written data, views or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Southern Region, Federal Aviation Administration, Attention: Chief, Air Traffic Division, P.O. Box 20636, Atlanta, Georgia 30320. All communications received on or before March 3, 1980, will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report summarizing each public contact with FAA personnel concerned with this rulemaking will be filed in the public regulatory docket.

Availability of NPRM

Any person may obtain a copy of this notice of proposed rule making (NPRM) by submitting a request to the Federal Aviation Administration, Office of Public Affairs, Attention: Public Information Center, APA-430, 800 Independence Avenue, S.W., Washington, D.C. 20591, or by calling (202) 426-8058. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2 which describes the application procedures.

The Proposal

The FAA is considering an amendment to Subpart G of Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to designate the Elberton, Georgia, Transition Area, and will lower the base of controlled airspace in the vicinity of the Elbert County-Patz Field Airport from 1200 to 700 feet AGL. A public use standard instrument approach procedure has been developed to the airport and additional controlled airspace is required to protect aircraft Instrument Flight Rule (IFR) operations.

DATES: Comments must be received on or before March 3, 1980.

ADDRESS: Send comments on the proposal to Federal Aviation Administration, Chief, Air Traffic Division, P.O. Box 20636, Atlanta, Georgia 30320.
The Proposed Amendment

§ 71.181 [Amended]

Accordingly, the Federal Aviation Administration proposes to amend Subpart G, § 71.181 (44 FR 442), of Part 71 of the Federal Aviation Regulations (14 CFR 71) by adding the following:

Elberton, Georgia

That airspace extending upward from 700 feet above the surface within a 6.5-mile radius of Elbert County-Patz Field Airport (Lat. 34°03'54" N, Long. 82°49'59" W.) (Sec. 307(a) of the Federal Aviation Act of 1958, as amended (49 U.S.C. 1348(a)) and Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c))

Note.—The Federal Aviation Administration has determined that this document involves a proposed regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in East Point, Georgia, on January 16, 1980.

Louis J. Cardinall,
Director, Southern Region.

[Airspace Docket No. 79-CE-32]

Proposed Designation of Transition Area, West Plains, Mo.

AGENCY: Federal Aviation Administration (FAA), DOT.

SUMMARY: This Notice proposes to designate a 700-foot transition area at West Plains, Missouri, to provide controlled airspace for aircraft executing a new instrument approach procedure to the West Plains, Missouri Airport, which is based on a Non-Directional Radio Beacon (NDB) being installed on the airport by the City of West Plains.

DATES: Comments must be received on or before March 1, 1980.

ADDRESSES: Send comments on the proposal to: Federal Aviation Administration, Chief, Operations, Procedures and Airspace Branch, Air Traffic Division, ACE-530, 601 East 12th Street, Kansas City, Missouri 64105, Telephone (816) 374-3408.

FOR FURTHER INFORMATION CONTACT: The Official Docket may be examined at the Office of the Regional Counsel, Central Region, Federal Aviation Administration, Room 1556, 601 East 12th Street, Kansas City, Missouri.

An informal docket may be examined at the Office of the Chief, Operations, Procedures and Airspace Branch, Air Traffic Division.

FOR FURTHER INFORMATION CONTACT: For Further Information Contact: Dwayne E. Hiland, Airspace Specialist, Operations, Procedures, and Airspace Branch, Air Traffic Division, ACE-537, FAA, Central Region, 601 East 12th Street, Kansas City, Missouri 64105, Telephone (816) 374-3408.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons may participate in the proposed rule making by submitting such written data, views or arguments as they may desire. Communications should identify the airspace docket number, and be submitted in duplicate to the Operations, Procedures and Airspace Branch, Air Traffic Division, Federal Aviation Administration, 601 East 12th Street, Kansas City, Missouri 64105. All communications received on or before March 1, 1980 will be considered before action is taken on the proposed amendment. The proposal contained in this Notice may be changed in light of the comments received. All comments received will be available both before and after the closing date for comments in the Rules Docket for examination by interested persons.

Availability of NPRM

Any person may obtain a copy of this NPRM by submitting a request to the Federal Aviation Administration, Operations, Procedures and Airspace Branch, 601 East 12th Street, Kansas City, Missouri 64105 or by calling (816) 374-3408. Communications must identify the notice number of this NPRM.

Persons interested in being placed on a mailing list for further NPRMs should also request a copy of Advisory Circular No. 11-2 which describes the application procedure.

The Proposal

The FAA is considering an amendment to Subpart G, Section 71.181 of the Federal Aviation Regulations (14 CFR 71.181), by designating a 700-foot transition area at West Plains, Missouri. To enhance airport usage by providing instrument approach capability to the West Plains Airport, the City of West Plains, Missouri, is installing an NDRB on the airport. This radio facility will provide new navigational guidance for aircraft utilizing the airport. The establishment of a new instrument approach procedure based on this navigational aid entails designation of a transition area at West Plains, Missouri, at and above 700 feet above ground level (AGL) within which aircraft are provided air traffic control service. The intended effect of this action is to ensure segregation of aircraft using the approach procedure under Instrument Flight Rules (IFR) and other aircraft operating under Visual Flight Rules (VFR).

§ 71.181 [Amended]

Accordingly, Federal Aviation Administration proposes to amend Subpart G, § 71.181 of the Federal Aviation Regulations (14 CFR 71.181) as republished on January 2, 1979 (44 FR 442), by adding the following new transition area:

West Plains, Mo.

That airspace extending upward from 700 feet above the surface within 8 mile radius of the West Plains, Missouri Airport, latitude 36°44'43" N, longitude 91°51'50" W; and within 3 miles each side of the 90° bearing from the West Plains, Missouri NDB, latitude 36°44'57" N, longitude 91°51'49" W, extending from the 8 mile radius area to 8.5 miles northwest of the NDB.

Sec. 307(a), Federal Aviation Act of 1958 as amended (49 U.S.C. 1348); Sec. 6(c), Department of Transportation Act (49 U.S.C. 1655(c)); Sec. 11.65 of the Federal Aviation Regulations (14 CFR 11.65).

Note.—The FAA has determined that this document involves a proposed regulation which is not significant under Executive Order 12044, as implemented by DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979). Since this regulatory action involves an established body of technical requirements for which frequent and routine amendments are necessary to keep them operationally current and promote safe flight operations, the anticipated impact is so minimal that this action does not warrant preparation of a regulatory evaluation.

Issued in Kansas City, Missouri, on January 18, 1980.

Paul J. Baker,
Director, Central Region.

BILLING CODE 4910-13-M
DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

18 CFR Part 271
[Docket No. RM79-76]

Ceiling Prices; Extension of Time for Meetings on Staff Draft Order in Docket No. RM79-76, Natural Gas Produced From Tight Formations
January 21, 1980.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Extension of time for meeting with the public on Staff Draft Order RM 79-76.

SUMMARY: The Federal Energy Regulatory Commission is extending until January 22, 1980, the time period during which members of the public may meet with designated officers of the Commission staff to discuss the staff Draft Final Order in Docket No. RM79-76, implementing section 107(c)(5) of the Natural Gas Policy Act of 1978, concerning high cost gas produced from tight formations.

DATE: The time period for meeting with the public is extended to January 22, 1980.

SUPPLEMENTARY INFORMATION: On August 29, 1979, the Commission issued a Notice of Proposed Rulemaking on High Cost Natural Gas Produced from Tight Formations, Docket No. RM79-76 [44 FR 52253, September 7, 1979]. Pursuant to this proposed rulemaking, the Commission is preparing a final rule to implement section 107(c)(5), concerning high cost gas produced from tight formations. The Commission is currently making available to the public copies of the draft final order prepared by the Commission staff, and designated officers of the Commission are meeting with interested members of the public to discuss the draft order.

Lois D. Cashell,
Acting Secretary.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
Office of the Secretary

24 CFR Part 200
[Docket No. R-60-766]

Provisions and Characteristics of Debentures; Transmittal of Proposed Rule to Congress

AGENCY: Department of Housing and Urban Development.

ACTION: Notice of transmittal of proposed rule to Congress under Section 7(o) of the Department of HUD Act.

SUMMARY: Recently enacted legislation authorizes Congress to review certain HUD rules for fifteen (15) calendar days of continuous session of Congress prior to each such rule's publication in the Federal Register. This Notice lists and summarizes for public information a proposed rule which the Secretary is submitting to Congress for such review.

FOR FURTHER INFORMATION CONTACT: Burton Bloomberg, Director, Office of Regulations, Office of General Counsel, 451 7th Street SW., Washington, D.C. 20410 (202) 755-6207.

SUPPLEMENTARY INFORMATION: Concurrently with issuance of this Notice, the Secretary is forwarding to the Chairman and Ranking Minority Members of both the Senate Banking, Housing and Urban Affairs Committee and the House Banking, Finance and Urban Affairs Committee the following rulemaking document:

This proposed rule would amend 24 CFR Part 200 by establishing the "Book entry" method of issuing debentures by Treasury, Acting as the agent of HUD. These debentures are issued when HUD pays mortgagors who file claims for HUD insurance benefits on defaulted mortgages. Under this method, Treasury gives the mortgagors a statement of account evidencing ownership of the debentures, which are registered in Treasury's books.

(Sec. 7(o), Department of HUD Act (42 U.S.C. 5535(o), sec. 324, Housing and Community Development Amendments of 1978)

Moon Landrieu,
Secretary, Department of Housing and Urban Development.

DEPARTMENT OF THE TREASURY
Internal Revenue Service

25 CFR Part 1
[LR-107-78]

Income Tax; Application of Conventions Under Class Life Asset Depreciation Range System Public Hearing on Proposed Regulations

AGENCY: Internal Revenue Service, Treasury.

ACTION: Public hearing on proposed regulations.

SUMMARY: This document provides notice of a public hearing on proposed regulations relating to the application of conventions under the Class Life Asset Depreciation Range System (CLADR System).

DATES: The public hearing will be held on March 27, 1980, beginning at 10:00 a.m. Outlines of oral comments must be delivered or mailed by March 13, 1980.

ADDRESS: The public hearing will be held in the I.R.S. Auditorium, Seventh Floor, 7400 Corridor, Internal Revenue Building, 1111 Constitution Avenue, NW., Washington, D.C. The outlines should be submitted to the Commissioner of Internal Revenue, Attn: CC:LR-T (LR-107-78), Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT: George Bradley or Charles Hayden of the Legislation and Regulations Division, Office of Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, D.C. 20224, 202-566-9335, not a toll-free call.

The rules of § 601.601(a)(3) of the "Statement of Procedural Rules" (25 CFR Part 601) shall apply with respect to the public hearing. Persons who have submitted written comments within the time prescribed in the notice of proposed rulemaking and also desire to present oral comments at the hearing on the proposed regulations should submit an outline of the comments to be presented at the hearing and the time they wish to devote to each subject by March 13, 1980. Each speaker will be limited to 10 minutes for an oral presentation exclusive of time consumed by questions from the panel for the Governor and answers to these questions.
Because of controlled access restrictions, attendees cannot be admitted beyond the lobby of the Internal Revenue Building until 9:45 a.m. An agenda showing the scheduling of the speakers will be made after outlines are received from the speakers. Copies of the agenda will be available free of charge at the hearing.

This document does not meet the criteria for significant regulations set forth in paragraph 6 of the Treasury Directive appearing in the Federal Register for Wednesday, November 8, 1978.

By direction of the Commissioner of Internal Revenue,
Robert A. Bley,
Director, Legislation and Regulations Division.

VETERANS ADMINISTRATION
38 CFR Part 3

Veterans' Benefits; Increased Compensation Rates

AGENCY: Veterans Administration.

ACTION: Proposed regulations.

SUMMARY: The Veterans Administration is proposing to amend its regulations to implement the Veteran's Disability Compensation and Survivors' Benefits Amendments of 1979 enacted November 28, 1979. This law increases the rates of disability compensation and dependency and indemnity compensation payable to surviving spouses and children by 9.9 percent.

DATES: Comments must be received before February 27, 1980. It is proposed to make these changes effective October 1, 1979, the effective date specified by the Veteran's Disability Compensation and Survivors' Benefits Amendments of 1979 designated as Pub. L. 96-128.

ADDRESSES: Send written comments to: Administrator of Veterans Affairs (271A), Veterans Administration, 810 Vermont Avenue NW., Washington, DC 20420. Comments will be available for inspection at the address shown above during normal business hours until March 10, 1980.

SUPPLEMENTARY INFORMATION: In addition, Pub. L. 96-128 provides that a veteran in receipt of disability compensation at the intermediate rate between 38 U.S.C. 314(n) and (o) plus compensation under 38 U.S.C. 314(k) who is in need of aid and attendance, is entitled to the additional compensation authorized by 38 U.S.C. 314(r)(1) or (2). The law also provides that the intermediate rate shall be fixed at the arithmetic mean between the two rates concerned.

Under the procedures for implementing Executive Order 12044, "Improving Government Regulations" (44 FR 7026, February 5, 1979) we have determined that these proposed regulation changes are nonsignificant. They impose no compliance costs or reporting burdens and they have no effect on the environment, public business or institutions.

Additional Comment Information

Interested persons are invited to submit written comments, suggestions, or objections regarding the proposal to the Administrator of Veterans Affairs (271A), Veterans Administration, 810 Vermont Avenue NW., Washington, DC 20420. All written comments received will be available for public inspection at the above address only between the hours of 8 am and 4:30 pm Monday through Friday (except holidays) until March 10, 1980. Any person visiting Central Office for the purpose of inspecting any such comments will be received by the Central Office Veterans Services Unit in room 132. Such visitors to any VA field station will be informed that the records are available for inspection only in Central Office and furnished the address and the above room number.

Approved: January 18, 1980.

By direction of the Administrator,
Rufus H. Wilson,
Deputy Administrator.

1. In § 3.350, paragraphs (a) (introductory portion preceding subparagraph (1)), (f)(1)(i) and (ii), (g)(2) and (ii) and (iii), and (h) are revised so that the added and revised material reads as follows:

§ 3.350 Special monthly compensation ratings.

The rates of special monthly compensation stated in this section are those provided under 38 U.S.C. 314. (a) Ratings under 38 U.S.C. 314(f). Special monthly compensation under 38 U.S.C. 314(f) is payable for each anatomical loss or loss of use of one hand, one foot, both buttocks, one or more creative organs, blindness of one eye having only light perception, deafness of both ears, having absence of air and bone conduction, or complete organic aphonia with constant inability to communicate by speech. This special compensation is payable in addition to basic rate of compensation otherwise payable on the basis of degree of disability, provided that the combined rate of compensation does not exceed $1,014 monthly when authorized in conjunction with any of the provisions of 38 U.S.C. 314 through (j) or (s). When there is entitlement under 38 U.S.C. 314 through (n) or an intermediate rate under (p) such additional allowance is payable for each such anatomical loss or loss of use existing in addition to the requirements for the basic rate. Provided the total does not exceed $1,654 per month. The limitations on the maximum compensation payable under this paragraph are independent of and do not preclude payment of additional compensation payable under 38 U.S.C. 315, or the special allowance for aid and attendance provided by 38 U.S.C. 314(r).

(ii) Intermediate or next higher rate.

An intermediate rate authorized by this paragraph shall be established at the arithmetic mean, rounded to the nearest dollar, between the two rates concerned. (38 U.S.C. 314(p))

(1) Extremities. (i) Anatomical loss or loss of use of one extremity with the anatomical loss or loss of use of another extremity at a level or with complications preventing the natural elbow or knee action with prosthesis in place will entitle to the rate intermediate between 38 U.S.C. 314 (l) and (m).

(ii) Anatomical loss or loss of use of extremity at a level preventing natural elbow or knee action with prosthesis in place with anatomical loss of another extremity so near the shoulder or hip as to prevent the use of a prosthetic appliance will entitle to the rate intermediate between 38 U.S.C. 314 (m) and (n).

(iii) Blindness of one eye having only light perception and anatomical loss, or blindness having no light perception accompanied by phthisis bulbi, evisceration or other obvious deformity or disfigurement of the eye, will entitle to a rate intermediate between 38 U.S.C. 314 (m) and (n).

(2) Eyes, bilateral, and blindness in connection with deafness.

(i) Blindness of one eye with 5/200 visual acuity or less and blindness of the other eye having only light perception will entitle to the rate intermediate between 38 U.S.C. 314 (l) and (m).

(ii) Blindness of one eye having only light perception and anatomical loss, or blindness having no light perception accompanied by phthisis bulbi, evisceration or other obvious deformity or disfigurement of the eye, will entitle to a rate intermediate between 38 U.S.C. 314 (m) and (n).

(3) Three extremities. Anatomical loss or loss of use, or a combination of anatomical loss and loss of use, of three extremities shall entitle a veteran to the...
next higher rate without regard to whether that rate is a statutory rate or an intermediate rate. The maximum monthly payment under this provision may not exceed the amount stated in 38 U.S.C. 314(p).

(b) Special aid and attendance benefit; 38 U.S.C. 314(c)–(f) Maximum compensation cases. A veteran receiving the maximum rate under 38 U.S.C. 314 (o) or (p) who is in need of regular aid and attendance or a higher level of care is entitled to an additional amount of the additional allowance payable to a veteran in need of regular aid and attendance during periods he or she is not hospitalized at United States Government expense. (See 3.552(b)(2) as to continuance following admission for hospitalization.) Determination of this need is subject to the criteria of § 3.352. The regular or higher level aid and attendance allowance is payable whether or not the need for regular aid and attendance or a higher level of care was a partial basis for entitlement to the maximum rate under 38 U.S.C. 314 (o) or (p), or was based on an independent factual determination.

(2) Entitlement to compensation at the intermediate rate between 38 U.S.C. 314 (n) and (o) plus special monthly compensation under 38 U.S.C. 314(f). A veteran receiving compensation at the intermediate rate between 38 U.S.C. 314 (n) and (o) plus special monthly compensation under 38 U.S.C. 314(k) who establishes a factual need for regular aid and attendance or a higher level of care, is also entitled to an additional amount of the additional allowance during periods he or she is not hospitalized at United States Government expense. (See § 3.552(b)(2) as to continuance following admission for hospitalization.) Determination of the factual need for aid and attendance is subject to the criteria of § 3.352.

(3) Amount of the allowance. The amount of the additional allowance payable to a veteran in need of regular aid and attendance is specified in 38 U.S.C. 314(r)(1). The amount of the additional allowance payable to a veteran in need of a higher level of care is specified in 38 U.S.C. 314(r)(2). The higher level aid and attendance allowance authorized by 38 U.S.C. 314(r)(2) is payable in lieu of the regular aid and attendance allowance authorized by 38 U.S.C. 314(r)(1).

2. In § 3.552, paragraph (g) is revised to read as follows:

§ 3.552 Adjustment of allowance for aid and attendance.

(g) Where a veteran entitled to one of the rates under 38 U.S.C. 314 (l), (m), or (n) by reason of anatomical losses or losses of use of extremities, blindness (visual acuity 5/200 or less or light perception only), or anatomical loss of both eyes is being paid compensation of $1,547 because of entitlement to another rate under section 314(l) on account of need for aid and attendance will be reduced while hospitalized to the following:

(1) If entitlement is under section 314(l) and in addition there is need for regular aid and attendance for another disability, the award during hospitalization will be $1,217 since the disability requiring aid and attendance is 100 percent disabling. (38 U.S.C. 314(p))

(2) If entitlement is under section 314(m), $1,383.

(3) If entitlement is under section 314(n), $1,547 would be continued, since the disability previously causing the need for regular aid and attendance would then be totally disabling entitling the veteran to the maximum rate under 38 U.S.C. 314(p).

(38 U.S.C. 216(c))

FR Doc. 96-2288 Filed 1-31-96; 8:45 am
BILLING CODE 3820-51-M

ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 52
[FRL 1400-7] Maryland; Proposed Variance of the State Implementation Plan
AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: The State of Maryland has submitted a proposed temporary variance from the Maryland State Implementation Plan in the form of a Secretarial Order for Unit #2 of the C.P. Crane Generating Station of the Baltimore Gas and Electric Company of Baltimore County, Maryland. The variance would include those regulations prohibiting visible emissions, particulate matter regulations for solid-fuel burning equipment, and regulations on usage of fuel with sulfur content in excess of one percent by weight.

The variance applies to Unit #2 only and requires that sulfur oxide emissions from the unit shall not exceed 3.5 pounds per million BTU actual heat input (equivalent to approximately 2.1 percent sulfur coal).

DATE: Comments must be submitted on or before February 27, 1990.

ADDRESSES: Copies of the proposed SIP variance and the accompanying support documents are available for inspection during normal business hours at the following offices:

U.S. Environmental Protection Agency, Air Programs Branch, Curtis Building, 6th & Walnut Streets, Philadelphia, PA 19106.
ATTN: Ben Mykijewycz.

All comments on the proposed revision submitted on or before February 27, 1990 will be considered and should be directed to:

Mr. Howard Heim, Chief Air Programs Branch, 3AH11, Air, Marine, and Hazardous Materials Division, U.S. Environmental Protection Agency Region III, 6th & Walnut Streets, Philadelphia, Pennsylvania 19106.
ATTN: AH021M.

FOR FURTHER INFORMATION CONTACT: Ben Mykijewycz (3AH11), U.S. Environmental Protection Agency, Region III, 6th & Walnut Streets, Philadelphia, PA 19106, telephone number (215) 597-8161.

SUPPLEMENTARY INFORMATION: On October 24, 1979, the Administrator of Air Quality Programs for the State of Maryland submitted to EPA, Region III a proposed temporary variance from the Maryland State Implementation Plan. The proposed variance consisted of a Secretarial Order for the Baltimore Gas and Electric Company—Unit #2 of the C.P. Crane Generating Station, Baltimore County, Maryland. In his letter, the Administrator of Maryland Air Quality Programs certified that the order was adopted in accordance with the public hearing and notice requirements of 40 CFR 51.4 and all relevant State procedural requirements, and asked that EPA consider the Secretarial Order as a temporary revision of the State Implementation Plan. This order was initiated in anticipation of a Department of Energy "notice of effectiveness" to convert the Crane Station to burn coal. The order consists of variances, for a period of 120 calendar days, from the regulations which prohibit visible emissions (COMAR 10.18.06.02A), limit particulate matter from solid fuel burning equipment (COMAR 10.18.06.03B(3)), and which prohibit usage of fuel with sulfur content in excess of one percent by weight (COMAR 10.18.04.04B(1)).

The variance applies to Unit #2 only and requires that sulfur oxide emissions from the unit shall not exceed 3.5 pounds per million BTU actual heat
input (equivalent to approximately 2.1 percent sulfur coal). Particulate matter emissions have been shown in supporting documentation from the State not to exceed 0.6 pounds per mission BTU, which is the limit used in the air quality demonstration. The modeling study demonstrated that air quality standards for both sulfur dioxide and particulate matter will not be violated nor will there be a significant impact on a nonattainment area, as a result of granting the temporary variance. Furthermore, the applicable PSD increments will not be exceeded by the increased emissions due to the variance.

Therefore, it is the tentative decision of the Administrator to approve the proposed temporary revision of the Maryland State Implementation Plan.

The public is invited to submit to the address stated above, comments on whether the Baltimore Gas and Electric Secretarial Order should be approved as a revision of the Maryland State Implementation Plan.

The Administrator’s decision to approve or disapprove the proposed revision will be based on the comments received and on a determination whether it meets the requirements of section 110(a)(2) of the Clean Air Act and 40 CFR Part 51, Requirements for Preparation, Adoption, and Submittal of State Implementation Plans.

Under Executive Order 12044, EPA is required to judge whether a regulation is “significant” and therefore subject to the procedural requirements of the Order or whether it may follow other specialized development procedures. EPA labels these other regulations “specialized.” I have reviewed this regulation and determined that it is a specialized regulation not subject to the procedural requirements of Executive Order 12044.

(42 U.S.C. 7401-642)

Dated: January 18, 1980.

Jack J. Schramm,
Regional Administrator.

[FR Doc. 80-2760 Filed 1-25-80; 8:45 am]
BILLING CODE 6560-01-M

40 CFR Part 81

(FR 11398-51)

Attainment Status Designation;
Michigan

AGENCY: U.S. Environmental Protection Agency.

ACTION: Proposed rulemaking.

SUMMARY: This notice of proposed rulemaking proposes to change the attainment status for a portion of Delta County in Michigan from non-attainment to attainment of the National Ambient Air Quality Standards (NAAQS) for total suspended particulates (TSP). The change in attainment status designation was requested by the Michigan Air Pollution Control Commission. The U.S. Environmental Protection Agency proposes to approve the redesignation.

DATE: Comments on this proposed Michigan designation request are due on or before February 27, 1980.

ADDRESS: Written comments should be sent to: Gary Gulezian, Acting Chief, Regulatory Analysis Section, Region V, U.S. Environmental Protection Agency, 230 South Dearborn Street, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Gary Gulezian, Acting Chief, Regulatory Analysis Section, Region V, (312) 886-6053, at the address given above.

SUPPLEMENTARY INFORMATION: The Clean Air Act amendments of 1977 added section 107(d) which directed each State to submit to the Administrator of the U.S. Environmental Protection Agency (USEPA) a list of the NAAQS attainment status for all areas within the State. The Administrator was required to promulgate State lists with any necessary modifications. The Administrator published these lists in the Federal Register on March 3, 1978 (43 FR 8982) and October 5, 1978 (43 FR 45993).

Section 107(d)(5) of the Clean Air Act provides that a State may from time to time review, and, as appropriate, revise and resubmit lists required under that section (42 U.S.C. 7407(d)(5)). On November 23, 1979, pursuant to section 107(d)(5), Michigan Air Pollution Control Commission requested a redesignation of the particulate matter attainment status for a portion of Delta County. This area had previously been designated as nonattainment for the secondary TSP standards and includes Sections 6-8, 17-20, 29 and 30 of T39N-R22W and Sections 1, 12, and 13 of T39N-R23W. In its November 23, 1979 request, Michigan seeks to redesignate a certain portion of that area as attainment for the secondary TSP standards. The area designated as attainment includes Sections 6-8, the northern half of Sections 17 and 18, Sections 20 and 29 of T39N-R22W and Sections 1, 12, and 13 of T39N-R23W, Delta County, Michigan. If this proposed redesignation is approved the following areas would remain designated as nonattainment for the total suspended particulate secondary standard: the southern half of Sections 17 and 18, Sections 19 and 30 of T39N-R22W of Delta County, Michigan.

The proposed redesignation is based on a showing by Mead Corporation that some of the original designations were based on monitored 24 hour excursions of the secondary standard from monitors which were either on company property owned prior to 1970 or were improperly sited near road construction sites.

A public hearing was held on the proposed redesignation on October 16, 1979 in conformity with the notice of hearing requirements set forth in 40 CFR 51.4. It was proposed at the hearing that Sections 6-8, 20 and 29, T39N-R22W, and Sections 1, 12, and 13, T39N-R23W be redesignated as attainment and that Section 19 east of Stephenson Avenue, T39N-R22W be designated as primary nonattainment for TSP.

Two comments were received in response to this proposal. One commenter pointed out that the monitoring sampler on the north side of Section 19, T39N-R22W had never recorded any excursions of the secondary standards. As a result of this comment, Michigan excluded the northern half of Sections 17 and 16 from the area designated as attainment. The other commenter challenged the validity of the two samplers in Section 19 which recorded excursions of the primary standard for TSP in 1979. The commenter noted that the one sampler was located on company-owned property which was not accessible to the public and that the other sampler was located in an area where considerable road construction had taken place during the period when the excursions were recorded. The staff of the Michigan Department of Natural Resources confirmed this information and as a result Michigan did not redesignate the area as proposed to nonattainment for the primary TSP standard, but instead let stand the already existing designation of nonattainment for the secondary standards.

Pursuant to section 107 of the Clean Air Act, the Administrator of the U.S. Environmental Protection Agency must approve the redesignation submitted by Michigan before it may become effective (42 U.S.C. 7407). Today’s action proposes approval of that redesignation. All interested persons are invited to submit written comments on the proposed redesignation. Written comments received by the date specified above will be considered in determining whether USEPA will approve the redesignation. After the public comment period, the Administrator of USEPA will publish in the Federal Register the Agency’s final action on the redesignation (42 U.S.C. 7407).
FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[BC Docket No. 80-10; FCC 80-22]

Operation of Visual and Aural Transmitters of TV Stations

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: To better serve the public, the Commission proposes to amend the Rule which provides that the aural and visual transmitters of a TV station shall not be operated separately or to present different and unrelated program material, to provide that, during early morning hours when the station normally would otherwise be off the air, visual informational programming (news, weather, financial and sports) may be presented with either audio background music or no audio.

DATE: Comments must be filed on or before March 31, 1980, and reply comments on or before April 30, 1980.

SUPPLEMENTARY INFORMATION:

In the matter of operation of visual and aural transmitters of TV stations.

Adopted: January 16, 1980.

Released: January 23, 1980.

By the Commission:

1. The Commission herein continues to focus its attention on the reorganization of its broadcast requirements and the oversight of the AM, FM and TV rules. In this proceeding, the Commission, on its own motion, seeks comments on the matter of amending its rule pertaining to the operation of TV aural and visual transmitters (Section 73.653).

2. This rule requires licensees to operate their aural and visual transmitters simultaneously, and forbids the presentation of “different or unrelated program material.” Several minor exceptions have existed through the years and have been stated in the rule:

---emergency fills due to either aural or visual equipment failures leaving the licensee with only audio or video programming to make the appropriate informative announcement;
---for equipment tests or experiments;
---during transmission of a test pattern.

3. Since January of 1979, the Commission has received six requests from commercial TV station licensees for waivers of this rule. The waiver requests seek FCC authority to broadcast, on the visual transmitter only, informational programming such as national, international and local news, financial news, sports news, weather reports and time. One waiver request proposed to present the station’s color radar “to track storm conditions” in its local coverage area. The aural transmissions are, for the most part, background music; although integrated, audio announcements are presented at times with the video. The visual news is presented using a variety of TV production techniques:

---multiple lines of static text (as on a printed page) which are “wiped,” after suitable reading time has elapsed, and supplanted, sequentially, by continuing full screens of static text;
---“crawls” with the text moving right to left across the screen giving weather reports and stock market quotations; and,
---a clock face showing local time. Sources of national and international news are reported to be available in the “visual text” form from several well known news services. Local news is prepared by the station news staff, in the full screen text form, apparently before terminating the staff’s work day after the station’s regularly scheduled late newscasts. (Only one waiver seeker proposed local news, a presentation demanding station news staff preparation.)

4. The waiver requests all stated that this type of service would be transmitted in off-hours when the stations are not normally on the air.

5. Two stations stated that the presentations would be noncommercial; four stations intend to transmit commercials, “but in no instance will [it] broadcast more than thirty (30) seconds of commercial matter with its normal station identification announcement made every half hour during this period.”

6. All requests for waivers indicated that the proposed service would serve the public interest by presenting informational programs (news and weather reports, etc.) heretofore unavailable to the TV audience in their communities at such non-service, off-the-air, "dark" times, roughly 1 a.m.-6 a.m., but always between the hours of each station’s sign-off to its sign-on times.

7. The Commission has granted each waiver request, finding that the public interest would be served by the proposal to provide informational programs (even though in visual-only form), in a previously unserved time period. Ever mindful of its mandate to "study new ideas for radio, provide for experimental uses of frequencies, and generally encourage the larger and more effective use of radio in the public interest," the Commission senses the opportunity here to modify a rule to better serve the public; to permit a previously unavailable service in the “graveyard” hours; and to allow visual informational programming at a time when such program fare is thinnest, or non-existent.

8. We believe our interest in considering a rule modification of § 73.653 to incorporate the Commission’s approval of this type of programming is warranted and that revising the rule, “Operation of TV aural and visual transmitters” to this extent is indeed consonant with Commission policy regarding the utilization of television broadcasting facilities. It is apparent that the licensees who have petitioned us to allow this type of programming have sought and created an inexpensive, but pertinent way to present an informational, visual, news service to their communities in the past-midnight, pre-dawn hours; inexpensive, due to the modest number of operating personnel required to present it; and pertinent, due to the very content of the visual presentations which include news, weather, time, financial and sports reports.

9. We recognize that full newroom staffing for “normal” TV news presentations (i.e., “anchor persons,” sports and weather “editors,” cameramen and all the large staff requirements demanded by “normal” TV news programs) in this lightly viewed early morning period may, in

*Section 203(f) of the Communications Act of 1934, as amended.
some cases, be prohibitively expensive. We are mindful of the benefits from the informational potential at minimal operational-personnel expense. It is not our intent to change the news presentation techniques of the broadcast industry via this proposed rule modification and, so, will restrict it to the station's normal "dark" or "off-air" hours, starting with "sign-off" and continuing only until the next "sign-on." All pertinent FCC regulations will pertain during these hours (e.g., station identification); and, for commercial stations, advertising is allowable as during the station's "normal" hours of operation. Consonant with Commission policy pertaining to informational programming and hours of scheduling (§ 0.281), it is proposed that these presentations would not count toward the totals for informational programming on any station's reports or applications requiring such tallies.

In our review of this subject, at least two national/international newsgathering organizations are reported to be selling this type of service. One of them, Reuters, states in its promotional material, that it has created the visual news service for CATV presentation; TV licensees seem to have "induced" Reuters to make it available to them as well. The other "service" of which we are aware is United Press International, and we realize that there are probably others.

We seek comments because of the new unusual and innovative aspects inherent in this programming plan. We welcome remarks addressed to the various facets of the rule change proposed here, or to any other remarks having a bearing on it. Set out in the Appendix are the specific rule amendments being proposed.

Pursuant to § 1.1415 of the Commission's rules, interested parties should file comments on or before March 31, 1980, and reply comments on or before April 30, 1980. All relevant and timely comments will be considered by the Commission before final action is taken. In reaching its decision in this proceeding, the Commission may take into account other relevant information before it, in addition to the specific comments invited by the Notice.

Authority for this proposed rule making is contained in sections 4(i) and 303 (g) and (c) of the Communications Act of 1934, as amended.

In accordance with the provisions of Section 1.419 of the Commission's rules, an original and 5 copies of all comments, replies or other documents filed in this proceeding shall be furnished to the Commission.

Participants filing the required copies who also desire that each Commissioner receive a personal copy of the comments may file an additional 6 copies. Responses will be made available for public inspection during regular business hours in the Commission's Public Reference Room (Room 239) at its headquarters in Washington, D.C. (1919 M Street, NW).

For further information concerning this proceeding, contact Steve Crane, Phil Cross, or John Reiser, Broadcast Bureau, (202) 632-9660. However, members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, ex parte contacts presented to the Commission in proceedings such as this one will be disclosed in the public docket file. An ex parte contact is a message (spoken or written) concerning the merits of a pending rule making other than comments officially filed at the Commission or oral presentations requested by the Commission. If a member of the public wishes to comment on the merits of this proceeding in this manner, he or she should follow the Commission's procedures governing ex parte contacts in informal rule making. A summary of these procedures is available from the Commission's Consumer Assistance Office, FCC, Washington, D.C. 20554 (202-632-7000).

Federal Communications Commission.

William J. Tricario,
Secretary.

Appendix

Section 73.653 is amended to read as follows:

§ 73.653 Operation of TV aural and visual transmitters.

(a) During the operating hours of a TV station, between its regularly scheduled sign-on and sign-off times, the aural and visual transmitters of a TV station shall not be operated separately, or to present different or unrelated program material, except in the following cases:

(1) Emergency fills due to either visual or aural equipment failures leaving the licensee with only the audio or video programming to announce the equipment failures to the audience;

(2) For equipment tests or experimentation pursuant to § 73.1510 (Experimental authorizations) and § 73.1520 (Operation for tests and maintenance).

(b) During visual transmissions of a test pattern, still pictures or slides, the aural transmission shall consist of a single tone, or series of variable tones; a presentation of the upcoming program schedule; aural news broadcasts; or music. This type program material shall not exceed 15 minutes immediately prior to the start of the station's programming for the day or for a total period not the exceed more than 1 hour in any broadcast day.

(c) During the normal non-operating hours of a TV station, between its regularly scheduled sign-off time and sign-on time, the aural and visual transmitters shall not be operated separately; however, visual informational programming (e.g., news, weather, financial and sports reports) may be presented with either no simultaneous audio or with audio background music.

All rules in the Chapter and all policies of the FCC pertinent to TV apply to the operation of stations presenting programs described in this paragraph (c); however, this type presentation shall not be counted in any TV station's report or application requiring a tally of informational programming.
This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Soil Conservation Service

Lost-Duck Creeks Watershed, Oklahoma; Intent To Prepare an Environmental Impact Statement

ACTION: Notice of Intent to Prepare an Environmental Impact Statement.

FOR FURTHER INFORMATION CONTACT: Mr. Roland R. Willis, State Conservationist, Soil Conservation Service, Agricultural Center Building, Farm Road and Bramley Street, Stillwater, Oklahoma 74074, telephone number (405) 624-4360.

NOTICE: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650): the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is being prepared for the Lost-Duck Creeks Watershed, Kay County, Oklahoma. This federally-assisted action may result in significant local, regional, or national impacts on the environment. As a result, Mr. Roland R. Willis, State Conservationist, has determined that the preparation and review of an environmental impact statement is needed for this project. The project concerns a plan for watershed protection and flood prevention. Measures planned include land treatment, floodwater retarding structures, and channel work. The environmental evaluation will consider combinations of these measures and alternatives. A draft environmental impact statement will be prepared and circulated for review by agencies and the public. The Soil Conservation Service invites participation of agencies and individuals with expertise or interest in the preparation of the draft environmental impact statement.

The draft environmental impact statement will be developed by Mr. Roland R. Willis, State Conservationist, Soil Conservation Service, Agricultural Center Building, Farm Road and Bramley Street, Stillwater, Oklahoma 74074, telephone number (405) 624-4360.

Dated: January 21, 1980.

Joseph W. Haas,
Soil Conservation Service.

Application of Pan American World Airways, Inc., for Acquisition of Control of, and Merger With, National Airlines, Inc.

Adopted by the Civil Aeronautics Board at its offices in Washington, D.C. on the 18th day of January, 1980.

By Orders 79-12-164 and 79-12-165, (served October 24, 1979 and effective December 27, 1979) we approved Pan American World Airways' acquisition of control of, and merger with, National Airlines, Inc. Our approval was conditioned upon our receiving notification from Pan American that it unequivocally accepted labor protective provisions and agreed to operate the Miami-London route and maintain National's gate and counter facilities at Heathrow Airport pending the conclusion of the Miami-London Route Case, Docket 36764.

In a letter dated December 27, 1979, the president of Pan American informed us of its acceptance of the conditions.

On January 22, 1980, Pan American informed us that it had acquired control of National. We will grant Pan American's request and will transfer to it all of National's outstanding certificate and exemption authority.

Accordingly:

1. The Board issues certificates of public convenience and necessity in the attached forms to Pan American World Airways, Inc. for Routes 31, 132, and 136.

2. These certificates will be signed on the Board's behalf by its Secretary and will have the seal of the Board affixed, and will be effective on January 19, 1980;

3. Upon the effectiveness of the certificates issued by paragraph 1, above, the certificates of National Airlines, Inc. for Routes 168 and 31-F, and of Pan American World Airlines, Inc. for Routes 117, 132A and 150 are cancelled; and

4. All other outstanding authority issued by the Board to National-Airlines, Inc., is transferred to Pan American World Airways, Inc., which must assume all the privileges and obligations under that authority, effective January 19, 1980;

We will publish this Order in the Federal Register.

By the Civil Aeronautics Board.

All Members concurred.

Phyllis T. Kaylor,

Secretary.

Joseph J. Saunders,

Chief Administrative Law Judge.

DEPARTMENT OF COMMERCE

Economic Development Administration

Harlem Third World Center; Intent To Prepare an Environmental Impact Statement

Notice is hereby given that, pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Economic Development Administration (EDA) of the U.S. Department of Commerce will prepare an Environmental Impact Statement (EIS) on the Harlem Third World Trade Center. The Harlem Third World Trade Center complex is designed to promote export/import business between the United States and Third World Nations and to generate jobs and income for the Harlem community. Its principal components will be a convention center, retail/trade mart, office building and a first-class hotel. It will be the anchor to the commercial revitalization of 125th Street in Harlem, New York City. The commercial revitalization effort includes development of a regional shopping center, a public market, storefront improvements, a neighborhood cultural arts center and the relocation of the Studio Museum.

The EIS will address the potential impacts of the proposed project and its alternatives.

In accordance with the Council on Environmental Quality's regulations, and incorporated as part of the overall project, scoping meetings will be held to inform interested parties and to solicit their comments. A notice will be published in a local newspaper prior to the meetings indicating the time, date, and location of each scoping meeting. Comments and questions regarding the EIS should be addressed to: Economic Development Administration, U.S. Department of Commerce, 14th & Constitution Avenue, N.W., Washington, D.C. 20230. Attention: Mr. Andrew E. Kauders.

Dated: January 22, 1990.

Robert T. Hall,
Assistant Secretary for Economic Development.
Subcommittee on Export Administration of the President’s Export Council; Open Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1976), notice is hereby given that a meeting of the Subcommittee on Export Administration of the President’s Export Council (PEC) will be held on Tuesday, February 12, 1980, at 9:30 a.m., in room 4830 of the Department of Commerce, Washington, D.C.

The Subcommittee on Export Administration was initially established on June 1, 1976. On April 5, 1979, the Assistant Secretary for Administration approved the recharter and extension through December 31, 1980, of the Subcommittee, pursuant to the provisions of Executive Order 11753, as amended and extended by Executive Orders 11827, 11948, and 12110.

Executive Order 12131 of May 4, 1979, which reconstituted the President’s Export Council and revoked Executive Order 11753, provides that nothing in Executive Order 12131 shall be deemed to require new charters for subcommittees of the Council which were current immediately prior to the issuance of Executive Order 12131.

The Subcommittee provides advice on matters pertinent to those portions of the Export Administration Act of 1979, that deal with United States policy of encouraging trade with all countries with which the United States has diplomatic or trading relations and of controlling trade for national security and foreign policy reasons.

The agenda for the meeting is as follows:
1. Review of past Subcommittee work (November 29, 1979 meeting).
2. Report on December 6, 1979 meeting of the Executive Committee of the President’s Export Council.
3. Reports from the Chairmen of the three working groups.

A limited number of seats at the meeting will be available to the public on a first-come basis. To the extent time permits, members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

For further information, contact Mrs. Jan Grover, either in writing or by telephone, at the address or number shown above.

Kent N. Knowles, Director, Office of Export Administration, International Trade Administration.

BILLING CODE 3510–25–M

Importers and Retailers’ Textile Advisory Committee; Public Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1976) notice is hereby given that a meeting of the Importers and Retailers’ Textile Advisory Committee will be held on March 19, 1980 at 2:30 p.m. in Room 770, No. 6 World Trade Center, New York, New York 10048.

The Committee was established by the Secretary of Commerce on August 13, 1963 to advise U.S. Government officials of the effects on import markets of cotton, wool and man-made fiber textile agreements.

The agenda for the meeting will be as follows:
1. Review of import trends.
2. Implementation of textile agreements.
3. Report on conditions in the domestic market.
4. Other business.

A limited number of seats will be available to the public on a first-come basis. The public may file written statements with the Committee before or after each meeting. Oral statements may be presented at the end of the meeting to the extent time is available.

Copies of the minutes of the meeting will be available on written request addressed to the ITA Freedom of Information Control Desk, Room 3012, U.S. Department of Commerce, Washington, D.C. 20230.

Further information concerning the Committee may be obtained from Arthur Garel, Director, Office of Textiles and Apparel, U.S. Department of Commerce, Washington, D.C. 20230, telephone 202/377–5078.

Dated: January 22, 1980.

Arthur Garel, Director, Office of Textiles and Apparel.

BILLING CODE 3510–25–M

National Oceanic and Atmospheric Administration

Trident Television, Ltd.; Receipt of Application for Permit

Notice is hereby given that an Applicant has applied in due form for a Permit to take marine mammals as authorized by the Marine Mammal Protection Act of 1972 (15 U.S.C. 1361–1407), and the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR Part 216).

1. Applicant:
   a. Name: Trident Television Limited.

2. Type of Permit: Public Display.

4. Type of Take: To take and maintain at any of Trident’s three marine mammal facilities.

5. Location of Activity: Copano Bay, Rockport, Texas.

6. Period of Activity: 2 years.

The arrangements and facilities for transporting and maintaining the marine mammals requested in the above described application have been inspected by a licensed veterinarian, who has certified that such arrangements and facilities are adequate to provide for the well-being of the marine mammals involved.

Concurrent with the publication of this notice in the Federal Register the Secretary of Commerce is forwarding copies of this application to the Marine Mammal Commission and the Committee of Scientific Advisors.

Written data or views, or requests for a public hearing on this application should be submitted to the Assistant Administrator for Fisheries, National Marine Fisheries Service, Department of Commerce, Washington, D.C. 20235, on or before February 27, 1980. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular application would be appropriate. The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries.

All statements and opinions contained in this application are summaries of those of the Applicant and do not necessarily reflect the views of the National Marine Fisheries Service.

As a request for a permit to take living marine mammals to be maintained in areas outside the jurisdiction of the United States, this application has been submitted in accordance with the National Marine Fisheries Service policy concerning such applications (40 FR 11914, March 12, 1975). In this regard, the application:

(a) was submitted to the Assistant Administrator for Fisheries, National Marine Fisheries Service, through the Department of the Environment, that Department being responsible, among other things, for ensuring the suitable care of animals in captivity;

(b) Includes:
i. a verification from the Department of the Environment of the information set forth in the application;

ii. a certification from the Department of the Environment that the Government of England is prepared to monitor compliance with the terms and conditions of the permit, and will do so, if and when necessary; and

iii. a statement that the Department of the Environment will have no objection to a NMFS decision to amend, suspend, or revoke a permit.

In accordance with the above cited policy, the certification and statements of the Department of the Environment have been found appropriate and sufficient to allow consideration of this permit application.

Documents submitted in connection with the above application are available for review in the following offices:

Assistant Administrator for Fisheries, National Marine Fisheries Service, 3300 Whitehaven Street, NW., Washington, D.C.; and

Regional Director, National Marine Fisheries Service, Southeast Region, 9550 Koger Boulevard, St. Petersburg, Florida 33702.

William Aron,
Director, Office of Marine Mammals and Endangered Species, National Marine Fisheries Service.

DEPARTMENT OF DEFENSE

Department of the Air Force

USAF Scientific Advisory Board; Meeting

January 16, 1980.

The USAF Scientific Advisory Board Ad Hoc Committee on Automatic Test Equipment will meet on February 25 and 26, 1980 at Wright-Patterson AFB, Ohio. The Committee will meet from 8:00 a.m. to 5:30 p.m. on February 25 and from 8:00 a.m. to 3:30 p.m. on February 26, 1980. The purpose of the meeting is to review and study the status of automatic test equipment in the Air Force electronic equipment and related components.

The meeting will be closed to the public in accordance with Section 552b(c) of Title 5, United States Code, specifically subparagraph (4).

For further information contact the USAF Scientific Advisory Board Secretariat at (202) 697-8404.

Defense Science Board Task Force on Particle Beam Technology; Advisory Committee Meeting

The Defense Science Board Task Force on Particle Beam Technology will meet in a closed session on 20-21 February 1980 in The Pentagon, Room 1E801 #2, Washington, D.C.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Research and Engineering on scientific and technical matters as they affect the perceived needs of the Department of Defense.

A meeting of the Defense Science Board Task Force on Particle Beam Technology has been scheduled for 20-21 February 1980 to review all aspects of the Department of Defense particle beam technology program. The Task Force will specifically focus on whether the Department of Defense should pursue development of particle beam technology, and if so, the appropriate program contact and level of effort.

In accordance with 5 U.S.C. App. I § 10(d) (1976), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. § 552b(c)(1) (1976), and that
Defense Science Board Task Force on ECM; Advisory Committee Meeting

The Defense Science Board Task Force on ECM will meet in closed session 6–7 March 1980 at the Pentagon, Washington, D.C.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Research and Engineering on scientific and technical matters as they affect the perceived needs of the Department of Defense.

The Task Force will discuss potential technical solutions to several current problems in electronic counter-measure.

In accordance with 5 U.S.C. App. I § 10(d)(1978), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. § 552(b)(6)(1978), and that accordingly, this meeting will be closed to the public.

Director, Correspondence and Directives,
Washington Headquarters Services,
Department of Defense.

January 22, 1980.

DEPARTMENT OF ENERGY
Office of Special Counsel for Compliance

Standard Oil Co. of Ohio; Proposed Consent Order and Opportunity for Public Comment

AGENCY: Department of Energy.

ACTION: Notice of Proposed Consent Order and Opportunity for Public Comment.

SUMMARY: Pursuant to 10 CFR § 205.199, the Office of Special Counsel for the Department of Energy hereby gives Notice of a Consent Order which was executed between the Standard Oil Company of Ohio (SOHIO) and the Office of Special Counsel for Compliance on January 15, 1980. In accordance with that section, the Office of Special Counsel (OSC) will receive comments with respect to this Consent Order. Although the Consent Order has been signed and conditionally accepted by the OSC, the OSC may, after consideration of comments received, withdraw its acceptance of the Consent Order and, if appropriate, attempt to negotiate an alternative Consent Order.

Background

SOHIO is a refiner subject to the cost calculations and transfer pricing rules of 10 CFR §§ 212.33 and 212.84. These rules are used to determine, among other things, the proper measurement of costs of crude oil imported by a firm through its foreign affiliates.

In April 1977, the Federal Energy Administration (FEA) issued a Notice of Proposed Disallowance to SOHIO alleging that the firm had overstated its costs with respect to interaffiliate imported crude oil transactions by $868,252.00 for the period October 1973 through May 1975. In December 1977, the Office of Special Counsel for Compliance was created within the Department of Energy. In February 1978, the responsibility for the transfer pricing program was transferred from the Office of Enforcement, Economic Regulatory Administration, to the OSC. The mission of the Defense Science Board Task Force is to advise the Secretary of Defense and the Under Secretary of Defense for Research and Engineering on scientific and technical matters as they affect the perceived needs of the Department of Defense.

The Office of Special Counsel has adjusted the proposed disallowance downward due to corrections of errors in reporting by SOHIO and in calculating the disallowance by FEA. In addition, the representative and maximum prices for Iranian Light Crude Oil (IR-880) were adjusted upward as announced in 43 FR 34186 (August 3, 1978). The above modifications yield an adjusted disallowance of $251,744.00 representing the amount SOHIO overstated the crude oil component of its landed costs. In the Consent Order, the OSC and SOHIO have reached agreement to settle the amount of disallowance and any resulting overrecoveries for $251,744.00.

In consideration of SOHIO's agreement to the terms and conditions of the Consent Order, and following examination of the arguments raised by SOHIO, and due to the time and expense which could be involved in the litigation of the issues raised, the Office of Special Counsel believes it to be fair, reasonable and in the best interest of the United States to conclude these proceedings through a Consent Order as described herein.

In resolution of the issues raised by application of the transfer pricing regulations to SOHIO, and by SOHIO in its response to the Notice of Proposed Disallowance, the Office of Special Counsel and SOHIO executed a Consent Order on January 15, 1980, the significant terms of which are as follows:

1. SOHIO will reduce its increased costs of crude oil allocated to gasoline by $251,744.00.

2. The provisions of 10 CFR § 205.199, including the publication of this notice, are applicable to the Consent Order.

Submission of Written Comments

Interested persons are invited to comment on this Consent Order by submitting such comments in writing to: Marcell Anthony, Assistant Solicitor, Office of Special Counsel, Department of Energy, 12th and Pennsylvania Avenue NW., Room 3109, Washington, DC 20585.

Copies of the Consent Order may be received free of charge by written request to the above address. Copies are also available for public inspection in the Freedom of Information Reading Room located at: Department of Energy, Room GA–152, Forrestal Building, 1000 Independence Avenue, SW., Washington, DC 20585.

Comments should be identified on the outside of the envelope and documents submitted with the designation “Comments on SOHIO Transfer Pricing Consent Order." All comments received by 4:30 p.m. EDT on the 30th calendar day following publication of this notice will be considered by the Office of Special Counsel in evaluating the Consent Order.

Any information or data which, in the opinion of the person furnishing it, is confidential, must be identified as such and submitted in accordance with the procedures of 10 CFR § 205.9(i).

Paul L. Bloom,
Special Counsel for Compliance.

9:00 a.m.—Call to Order
9:05 a.m.—Remarks by Secretary Duncan
9:35 a.m.—Departmental presentations

9:45 a.m.—Overview of the National Energy Situation
10:10 a.m.—Background briefing on major programs in Conservation and Solar
10:35 a.m.—BREAK
10:50 a.m.—Background briefing on Technical Assistance Team Program Design
11:20 a.m.—Review of major energy legislation for local governments currently pending in Congress
11:50 a.m.—Background briefing of DOE's organizational structure

12:15-12:30 p.m.—BREAK
12:30-1:00 p.m.—Committee Organizational Business and adoption of work plan
3:00 p.m.—BREAK
3:15-4:00 p.m.—Meetings of subcommittees to discuss the following tentative issues.

Office of Intergovernmental Affairs

Local Government Energy Policy Advisory Committee and Subcommittees; Open Meetings

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given of the following advisory committee meeting:

Title: Local Government Energy Policy Advisory Committee

Date and time: Wednesday, February 13, 1980—9:00 a.m.-to 12:00 noon.

See agenda below for specific time and room number of full committee and subcommittee meetings.

Contact: Georgia Hildreth, Director, Advisory Committee Management Office at the address furnished 60 days following the meeting from the Advisory Committee Management Office.

Tentative agenda

February 13, 1980

9:00-10:00 a.m.—Continue Subcommittee meetings in rooms as indicated in 2/13/80 agenda
10:15-12:00 noon—Reconvene Full Committee—Room 6E069—Reports from subcommittees
12 noon—Public Comment (10-minute rule)

Purpose of committee: To advise and make recommendations to the Secretary of Energy on matters relating to Federal energy policy, programs, and legislation so that the Secretary may reach a judgment as to whether national energy policies are reflected in and responsive to the needs of local governments, that components of the Department are coordinating their activities with local governments, where appropriate, and that intergovernmental communication exists with local governments.

Georgia Hildreth,
Director, Advisory Committee Management Office.

BILLING CODE 6450-01-M

Federal Energy Regulatory Commission

[Docket No. CP78-123, etc.]

Northwest Alaskan Pipeline Co., et al., Pre-filing Conference for Proposed Alaskan Segment of the Alaskan Natural Gas Transportation System (ANGTS)

January 22, 1980.

Take notice that on January 22, 1980, at 9:00 a.m. a pre-filing conference will be convened at the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. The purpose of this conference is to allow the Applicant of the proposed Alaskan segment of the ANGTS to discuss with interested persons aspects of the engineering and design now contemplated for the Alaskan segment. Questions concerning the cost estimate format with respect to the Alaskan segment may also be discussed. The application for final Commission authority to construct and operate this segment is expected to be filed in June 1980. Applications for authority to construct and operate other segments of the ANGTS (the "pre-build" portions) are now being considered in Northwest Alaskan Pipeline Company, et al., Docket Nos. CP78-123, et al.

This pre-filing conference is open to the public. Attendance does not constitute Commission authorization to participate as a party in any proceeding. Lois D. Cashell, Acting Secretary.

BILLING CODE 6450-01-M

[Docket No. SA80-35]

BASF Wyandotte Corp.; Application for Adjustment

January 22, 1980.

On November 7, 1980, BASF Wyandotte Corporation filed with the Federal Energy Regulatory Commission an application for an adjustment under section 502(c) of Title II of the Natural Gas Policy Act wherein BASF Wyandotte Corporation sought relief from incremental pricing imposed by Section 203 of the NGPA.

The procedures applicable to the conduct of this adjustment proceeding are found in section 1.41 of the
Any person desiring to participate in this adjustment proceeding shall file a petition to intervene in accordance with the provisions of section 1.41. All petitions to intervene must be filed on or before February 12, 1980.

Lois D. Cashell,
Acting Secretary.

[Docket No. ER80-192]

Carolina Power & Light Co.; Filing

January 22, 1980.

The filing company submits the following:

Take notice that Carolina Power & Light Company on January 18, 1980, tendered for filing a contract for providing electric service to the Town of Ayden, North Carolina. The contract between the Town of Ayden and Carolina Power & Light Company is proposed to be effective 60 days after filing.

Any person desiring to be heard or to protest said application should file a petition in accordance with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8 and 1.10). All such petitions or protests should be filed on or before February 12, 1980. Protest will be considered by the Commission in determining the appropriate action to be taken. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Acting Secretary.

[Docket No. ER76-589]

Central Kansas Power Co., Inc.; Filing

January 21, 1980.

The filing company submits the following:

Take notice that on December 27, 1979, Central Kansas Power Company, Inc. (CKP), in compliance with the Commission's order issued December 10, 1979, filed the following tariff sheets:

[Docket No. CP80-171]

Cities Service Gas Co.; Application

Take notice that on January 2, 1980, Cities Service Gas Company (Applicant), P.O. Box 23158, Oklahoma City, Oklahoma 73125, filed in Docket No. CP80-171 an application pursuant to Section 7(e) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain pipeline taps, measuring, regulating and appurtenant facilities in order to render natural gas service to authorized local natural gas distribution companies for resale to twelve rural domestic customers pursuant to right-of-way easements and agreements heretofore entered into between Applicant and said customers, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that right-of-way grantees have requested gas service for which Applicant proposes to construct and operate the following facilities:

Item 1: Tap Applicant's Ottawa-Sedalia 12-inch transmission pipeline in Cass County, Missouri, and construct necessary facilities for delivery of natural gas to Al Bedford.

Item 2: Tap Applicant's Canadian-Blackwell 20-inch transmission pipeline in Grant County, Oklahoma, and construct necessary facilities for delivery of natural gas to Jerry Copeland.

Item 3: Tap Applicant's White Shield-Rodman 12-inch gathering pipeline in Kingsfisher County, Oklahoma, and construct necessary facilities for delivery of natural gas to Jerry Copeland.

Item 4: Tap Applicant's Hugoton 28-inch loop transmission pipeline in Pratt County, Kansas, and construct necessary facilities for delivery of natural gas to Lloyd Manville.

Item 5: Tap Applicant's Iola 16-inch loop transmission pipeline in Allen County, Kansas, and construct necessary facilities for delivery of natural gas to Wayne Garrison.

Item 6: Tap Applicant's Springfield 16-inch transmission pipeline in Lawrence County, Missouri, and construct necessary facilities for delivery of natural gas to Walter E. Heceman.

Item 7: Tap Applicant's Kansas City #2 16-inch transmission pipeline in Johnson County, Kansas, and construct necessary facilities for delivery of natural gas to Gayle Hoff.

Item 8: Tap Applicant's platteval 6-inch transmission pipeline in Buchanan County, Missouri, and construct necessary facilities for delivery of natural gas to Lloyd Manville.

Item 9: Tap Applicant's Solar 16-inch transmission pipeline in Jasper County, Missouri, and construct necessary facilities for delivery of natural gas to Dewayne Southard.

Item 11: Tap Applicant's Tongueoil-St. Joe 16-inch transmission pipeline in Leavenworth County, Kansas, and construct necessary facilities for delivery of natural gas to James F. Staub.

Item 12: Tap Applicant's Bartlesville 8-inch transmission pipeline in Osage County, Oklahoma, and construct necessary facilities for delivery of natural gas to Rodney Wilson.

Applicant states that the sale to Jerry Copeland and Glen A. Curtis would be made by Applicant on a direct sales basis; the sale to Gayle Hoff would be made to Union Gas System, Inc. for resale to that customer; and the sale to the remaining nine customers would be made to The Gas Service Company for resale to these customers.

Applicant states that the total cost of the proposed facilities would be $8,850, which costs Applicant would finance from treasury funds on hand. Applicant further states that the annual gas
requirement of each customer would be approximately 250 Mcf.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 14, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20423, a petition to intervene or a protest in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.8 and 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protest parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 25 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

BILLING CODE 6450-01-M

[Project No. 1991]

City of Bonners Ferry; Application for Amendment of License

Take notice that on November 6, 1979, the City of Bonners Ferry [Licensee] filed an application for amendment of its license for the existing Moyie River Project No. 1991, located on the Moyie River in the County of Boundary, Idaho. Correspondence concerning the application should be sent to: Honorable Harold Sims, Mayor, City of Bonners Ferry, Bonners Ferry, Idaho, 83805, and Mr. E. R. Mooney, CH2M HILL, 1600 S.W. Western Blvd., P.O. Box 428, Corvallis, Oregon 97330.

The license for the Moyie River Project was issued on April 1, 1948, for a period of 50 years. The Commission issued an order approving the rehabilitation of an old powerhouse containing a turbine-generator rated at 450 kW. The project, as it presently exists, consists of: (1) a concrete diversion dam and small reservoir; (2) a 60-inch-diameter penstock which bifurcates into a 60-inch-diameter penstock and a 30-inch-diameter penstock to feed; (3) two powerhouses with a total rated capacity of 2450 kW; (4) a substation; (5) a transmission line; and (6) appurtenant facilities.

Proposed Project Construction—The Licensee now seeks authorization to construct: (1) a 50-foot-long penstock which would connect to the existing 60-inch-diameter penstock and parallel the 30-inch-diameter penstock, and (2) a new concrete powerhouse, containing one turbine-generator unit with a rated capacity of 1500 kW, to be attached to Licensee’s existing Powerhouse No. 1. The proposed penstock and powerhouse would be located entirely within the existing project boundary. The installed capacity of the entire project would total 3950 kW.

Estimated Cost—The Licensee estimates the capital cost of the proposed construction at $1,645,700.

Purpose of the Project—The proposed powerhouse would generate about 4.23 million kWh annually and would contribute to the energy supply of the Pacific Northwest.

Agency Comments—Federal, State, and local agencies that receive this notice through direct mailing from the Commission are requested to provide comments pursuant to the Federal Power Act, the Fish and Wildlife Coordination Act, the Endangered Species Act, the National Historic Preservation Act, the Historical and Archeological Preservation Act, the National Environmental Policy Act, Pub. L. 89-9, and other applicable statutes. No other formal requests for comments will be made. Comments should be confined to substantive issues relevant to the issuance of an order amending the project license. A copy of the application may be obtained directly from the applicant. If an agency does not file comments within the time set below, it will be presumed to have no comments.

Comments, Protests, or Petitions To Intervene—Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission’s Rules of Practice and Procedure, 18 CFR § 1.8 or § 1.10 (1970). Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in § 1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests filed, but a person who merely files a protest does not become a party to the proceeding; To become a party or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission’s Rules. Any protest, petition to intervene, or agency comments must be filed on or before March 8, 1980. The Commission’s address is: 625 N. Capital Street, N.E. Washington, D.C. 20423. The application is on file with the Commission and is available for public inspection.

Lois D. Cashell,
Acting Secretary.

[FR Doc. 80-2660 Filed 1-25-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP76-468]

City of Lenox, Iowa; Informal Conference

On November 13, 1979, the Cities of Lenox, Bedford, Clearfield, and Prescott, Iowa (Cities) filed a petition requesting the convening of a prehearing conference in the above-styled proceeding for the purpose of exploring settlement possibilities and other matters pertinent thereto.

By order issued on March 10, 1979, the Commission in Docket No. CP76-189 pursuant to Section 7(a) of the Natural Gas Act (NGA) approved the initiation of service to the Cities. The Commission in the latter order approved the delivery of 2,055 Mcf of natural gas to provide for the Cities estimated third year requirements at that time. In its application Cities had projected 10-year requirements of 2,849 Mcf. On July 14, 1976, Cities filed a petition for extraordinary relief in Docket No. CP76-468, or, in the alternative, for an order pursuant to Section 7(a) increasing its contract demand from 2,055 Mcf per day to 2,849 Mcf per day.1

1 Action on Cities’ request was held in abeyance in the instant proceeding pending Natural Gas Pipeline Company of America’s (NGA) endeavors to make more gas available to its customers through storage development in the above-styled proceeding pending Natural Gas Pipeline Company of America’s (NGA) endeavors to make more gas available to its customers through storage development in Docket No. CP76-189. As a result of the proceeding in Docket No. CP76-189, Cities obtained an additional 72 Mcf/day of winter contract demand.
Petitioner asserts that data obtained during the early development and initial operation of the Latigo Storage Field suggested that efficient operations required certain facility alterations from those authorized, particularly an additional storage well and the deletion of one 1,100-horsepower compressor. It is stated that the need for an additional well was suggested by (a) better than expected well quality in terms of sand formation thickness, water production, permeability, and bottom-hole pressures, (b) inability to agree on terms with a landowner, (c) the need to monitor for any possible gas migration to a certain part of the field, and (d) lower than expected deliverability characteristics created by a thin sand section in one new well. Petitioner states that as a result of these factors, Latigo Well No. 4, originally certified for use as an observation well, has been converted to a storage injection-withdrawal well, and that Petitioner seeks authorization for such conversion.

It is further stated that operations to date indicate that the presently installed 4,400 horsepower of injection compressor capacity is sufficient to handle the current annual working volumes of 9,000,000 Mcf and, therefore, there is no present need to install the fifth 1,100-horsepower compressor which was proposed on the basis of the projected working volume of 12,000,000 Mcf per annum.

Petitioner states that the cost of converting Latigo Well No. 4 from an observation well to a storage well was approximately $40,300. Petitioner asserts that this cost was more than offset by deleting the installation of the fifth 1,100-horsepower compressor unit which reduced expenditures by $883,397, as projected in the original application.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before February 14, 1980, file with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, a petition to intervene in accordance with the Commission's Rules.

Lois D. Cashell, Acting Secretary.

[FR Doc. 80-2568 Filed 1-25-80; 8:45 am] BILLING CODE 4150-01-M

[Docket No. CP76-468]

Colorado Interstate Gas Co.; Petition to Amend

Take notice that on December 10, 1979, Colorado Interstate Gas Company (Petitioner), P.O. Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP74-320 a petition to amend the order issued August 28, 1975,1 in the instant docket pursuant to Section 7(c) of the Natural Gas Act, so as to authorize the modification of certain facilities at the Latigo Storage Field in Arapahoe County, Colorado, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

Petitioner states that by order issued August 28, 1975, Petitioner was authorized to acquire the Latigo Storage Field in Arapahoe County, Colorado, and to construct and operate facilities necessary to develop the field over a five-year period from 1975 to 1979 for use as an underground gas storage reservoir. It is stated that the facilities authorized thereby included 23 storage injection-withdrawal wells and 5,500 horsepower of compression.

1This proceeding was commenced before the FPC by joint regulation of October 1, 1977 (10 CFR 1000.1) it was transferred to the Commission.
Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.6 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 197.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell, Acting Secretary.

BILLING CODE 6450-01-M

[Docket No. RE80-26]

Consolidated Edison Co. of New York, Inc.; Application for Exemption

January 21, 1980.

Take notice that Consolidated Edison Company of New York, Inc. (Con Edison), on November 1, 1979, filed an application for exemption from certain requirements of Part 290 of the Commission’s regulations (Order 48, 44 FR 58887). Exemption is sought from the requirement to file, on or before November 1, 1980, information on the costs of providing electric service as specified in Sections 290.303(a) and (c) and 290.403(a)(4), to the extent that data are required for a typical weekday and a typical weekend day, and 290.401(a) to the extent that it requires the interval of integration for reporting kilowatt loads—be the same for the system and customer group loads, of Part 290 of the Commission’s regulations issued pursuant to section 133 of PURPA. In its application for exemption, Con Edison states that it should not be required to file the specified data for the following reasons:

(1) “The Commission’s definition of typical days in the reporting period requires too great an expenditure of time and effort in making the detailed computations required, and those efforts would produce data no better than that which would be produced by permitting the Company to select one or more weekdays and weekend days for each month which it believes are representative of cost incurrence, and reporting data for those days to comply with the regulations.”

(2) The requirement of Section 290.401[a] would require processing that “will be time consuming, and, in addition, will create a less accurate result.”

Copies of the application for exemption are on file with the Commission and are available for public inspection. The Commission’s regulations require that said utility also apply to any State regulatory authority having jurisdiction over it to have the application published in any official State publication in which electric rate schedules are available for filing and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell, Acting Secretary.

[FR Doc. 80-2692 Filed 1-25-80 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP80-192]

East Tennessee Natural Gas Co.; Application

January 21, 1980.

Take notice that on January 10, 1980, East Tennessee Natural Gas Company (Applicant), P.O. Box 10245, Knoxville, Tennessee 37919, filed in Docket No. CP80-182 an application pursuant to Section 7(c) of the Natural Gas Act and Section 284.221 of the Commission’s Regulations under the Natural Gas Policy Act of 1978 (NGPA) for a certificate of public convenience and necessity for blanket authorization to transport natural gas for other interstate pipeline companies, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant requests blanket authorization to transport gas for other interstate pipeline companies. It states that it would comply with Section 284.221(d) of the Commission’s Regulations under the NGPA.

Any person desiring to be heard or to make any protest with reference to said application should file a petition to intervene or a protest in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.6 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 197.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell, Acting Secretary.

BILLING CODE 6450-01-M

[Project No. 2761]

El Dorado Irrigation District, and El Dorado County Water Agency; Application for Major License

January 22, 1980.

Take notice that an application was filed on November 14, 1979, under the Federal Power Act, 16 U.S.C. Sections
Applicants propose to construct the following facilities: Forni Diversion Dam, a 57-foot-high rockfill structure, forming a 3-acre reservoir (at elevation 5560 feet) with a usable storage capacity of 48-acre-feet, to be located on Forni Creek about 7 miles upstream of Kyburz, which would divert water into a system of tunnels and pipelines to Alder Reservoir; Sherman Diversion Dam, an 80-foot-high concrete gravity structure, to be located about 5 miles downstream of the existing Silver Lake Reservoir, which would divert water by pipeline to the conduit from Forni Dam to Alder Reservoir; Sherman Reservoir, a 19-acre reservoir (at elevation 5560 feet) with a usable storage capacity of 320-acre-feet; seven five-foot-high rockfill diversion dams to be constructed on tributary streams to the South and Silver forks of the American River which would divert water to the system to Alder Reservoir; Alder Dam, a 360-foot-high rockfill structure to be located on Alder Creek about 3.5 miles upstream of its confluence with the South Fork; Alder Reservoir, a 1400-acre reservoir (at elevation 5468 feet) with a usable storage capacity of 169,000-acre-feet; Plum Creek powerhouse, to be located on Plum Creek about three miles upstream of the confluence with the South Fork, which would receive water from Alder Reservoir through a four-mile long conduit system and would contain a 42,700 kW generating unit; Park Creek powerhouse, to be located on Park Creek about three miles upstream of Sly Park Reservoir, which would receive water from the tailrace of the Plum Creek powerhouse through a 3.5-mile-long conduit system and would contain a 60,000 kW generating unit; El Dorado powerhouse No. 2, to be located adjacent to Pacific Gas and Electric Company's (PG&E) existing El Dorado Powerhouse (FERC Project No. 184), which would receive water through the 8-mile-long Lower Park Creek system of tunnels and pipelines via the existing El Dorado Forebay and the proposed 2.5-mile-long El Dorado No. 2 pipeline and penstock and would contain a 80,000 kW generating unit. A 19-mile-long 60-kV transmission line would connect the three powerhouses to El Dorado No. 3 switchyard which would be connected to Sacramento Municipal Utility District's (SMUD) Project No. 2101 transmission line by 0.15-mile of 230-kV transmission line.

About 5.2 miles of access and replacement roads would be built in connection with the construction of Forni, Sherman, and Alder Reservoirs and Plum Creek Tunnel.

Recreational facilities would include picnicking and parking facilities at Forni Reservoir, picnicking sites and trailhead parking at Sherman Reservoir, and boat launching, picnicking and camping facilities (in three phases) at Alder Reservoir.

Applicant proposes to mitigate the loss of wet meadow habitat by irrigating about 112 acres of suitable lands to create new meadows near Sherman, Alder, and Texas Hill (a non-project facility) Reservoirs.

The cost of the project is estimated to be $241,045,000 of which $22,785,000 is apportioned to establish recreational facilities and $239,485,000 is allocated for wildlife habitat mitigation and an osprey and eagle management program.

Power from the project would be sold to one or more of the following—PG&E, SMUD or Sierra Pacific Power Company.

Competing Applications—Applicants possessed a preliminary permit for this project when the application for license was accepted for filing.

Anyone desiring to file a competing application must submit to the Commission, on or before March 24, 1980, either the competing application itself or a notice of intent to file a competing application. Submission of a timely notice of intent allows an interested person to file the competing application no later than July 22, 1980. A notice of intent must conform with the requirements of 18 CFR 4.33 (b) and (c), (as amended, 44 FR 61328, Oct. 25, 1979). A competing application must conform with the requirements of 18 CFR 4.33 (a) and (d), (as amended, 44 FR 61328, Oct. 25, 1979).

Comments, Protests, or Petitions to Intervene—Anyone desiring to be heard or to make any protest about this application should file a petition to intervene or a protest with the Federal Energy Regulatory Commission, in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR § 1.8 or § 1.10 (1979). Comments not in the nature of a protest may also be submitted by conforming to the procedures specified in § 1.10 for protests. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but a person who merely files a protest or comments does not become a party to the proceeding. To become a party, or to participate in any hearing, a person must file a petition to intervene in accordance with the Commission's Rules. Any comments, protest, or petition to intervene must be filed on or before March 24, 1980. The Commission's address is: 625 North Capitol Street NE., Washington, D.C., 20426. The application is on file with the Commission and is available for public inspection.

Lois D. Cashell, Acting Secretary.
[4] Rodney Kleck tap—a 2-inch O.D.
tap and valve assembly located in Fidalgo,
Arizona...

Applicant states that said facilities were
installed so as to permit it to
provide natural gas service, for
residential and irrigation purposes, to
such right-of-way grantees through its
distributor customers, APS, Southern
Union, and Southwest. Applicant further
states that deliveries of natural gas to
APS, Southern Union, and Southwest
for the subject taps were made pursuant to
the terms and conditions of the general
tap provisions of the currently effective
service agreements dated August 15,
1970, October 1, 1969, and October 15,
1970, between Applicant and APS,
Southern Union, and Southwest,
respectively.

It is stated that by Commission
Opinion No. 4 issued November 10, 1977,
in Docket No. CP75-362, Applicant was
authorized to abandon the subject
mainline tap facilities along with certain
mainline pipeline and related
compression facilities in order to allow
it to convert said facilities to a part of an
integrated oil pipeline system which
would ultimately transport Alaskan
crude oil from the West coast to
interconnections with existing oil
delines near Midland, Texas.

However, upon the withdrawal by
Standard Oil Company (Ohio) (Sohio)
from the crude oil pipeline project
effective June 22, 1979, Applicant states
that it filed, on July 10, 1979, a letter
transmitting to the Commission Sohio’s
termination letter and advised the
Commission that, inasmuch as the
condition attached to the Commission’s
Opinion No. 4 requiring receipt by Sohio
of all authorizations necessary for the
crude oil pipeline project had not been
met, Applicant would not exercise the
abandonment authority granted by the
Commission’s order at Docket No. CP75-
362.

Inasmuch, it is stated, as the
abandonment of the four mainline right-
of-way grantor taps cannot be
accomplished under the authorities
granted in Docket No. CP75-362,
Applicant requests permission and
approval in the instant docket to
abandon by salvage such tap facilities
and the natural gas service rendered
thereby. Applicant states that J.E.
Browning and the Hot Wells Cattle
Company have agreed to release and
discharge Applicant from any and all
obligations which Applicant has or may
have to continue to supply natural gas
through the mainline tap facilities and
that Lucile Kannally, successor to V.E.
Kannally, and Rodney Kleck have
agreed to the termination of their
respective right-of-way tap entitlements
from Applicant and the substitution of
Southwest as their supplier of natural
gas which natural gas would be
delivered by Southwest through tap
facilities installed by Southwest on its
system. With respect to J.E. Browning,
Applicant states that it understands that
natural gas has not been taken by such
right-of-way grantor since August 1979.
In addition with respect to Lucile
Kannally and Rodney Kleck, Applicant
states that it has been advised that the
tap facilities necessary to provide
natural gas service have been installed by
Southwest and that such facilities are
ready for service.

Applicant asserts that said
abandonment would not change
Applicant’s average cost of service and
would not result in or cause any
interruption, reduction, or termination of
natural gas service presently rendered
by Applicant to any of its customers,
other than those services which would
hereafter be performed by Southwest.

The total estimated cost of the
abandonment proposed herein is $1,837
which would be financed from funds on
hand.

Any person desiring to be heard or to
make any protest with reference to said
application should on or before
February 13, 1980 file with the Federal
Energy Regulatory Commission,
Washington, D.C. 20426, a petition to
intervene or a protest in accordance
with the requirements of the
Commission’s Rules of Practice and
Procedure (18 CFR 1.10) and the
Regulations under the Natural Gas Act
(18 CFR 157.10). All protests filed with
the Commission will be considered by it
in determining the appropriate action to
be taken but will not serve to make the
protestants parties to the proceeding.

Any person wishing to become a party
to a proceeding or to participate as a
party in any hearing therein must file a
petition to intervene in accordance with
the Commission’s Rules.

Take further notice that, pursuant to
the authority contained in and subject to
the jurisdiction conferred upon the
Federal Energy Regulatory Commission
by Sections 7 and 15 of the Natural Gas
Act and the Commission’s Rules of
Practice and Procedure, a hearing will be
held without further notice before the
Commission or its designee on this
application if no petition to intervene is
filed within the time required herein, if
the Commission on its own review of the
matter finds that permission and
approval for the proposed abandonment
are required by the public convenience
and necessity. If a petition for leave to
intervene is timely filed, or if the
Commission on its own motion believes
that a formal hearing is required, further
notice of such hearing will be duly
given.

Under the procedure herein provided
for, unless otherwise advised, it will be
unnecessary for Applicant to appear or
be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

BILLING CODE 6450-01-M

[Docket No. CP76-270]
Gas Gathering Corp.; Petition To
Amend

Take notice that on December 13,
1979, Gas Gathering Corporation
(Petitioner), P.O. Box 519, Hammond,
Louisiana 70494, filed in Docket No.
CP76-270, a petition to amend the order
issued May 24, 1976, in said docket
pursuant to Section 7(c) of the Natural
Gas Act so as to remove the end-use
restrictions contained in said order and
to substitute therefor the limitations set
forth in Section 2.79(m) of the
Commission’s General Policy and
Interpretations (18 CFR 2.79(m)), all as
more fully set forth in the petition to
amend which is on file with the
Commission and open to public
inspection.

Petitioner states that on May 24, 1976,
it was authorized to transport up to
1,878 Mcf of natural gas per day for
Cone Mills Corporation (Cone Mills) and
up to 1,125 Mcf of natural gas per day of
Nabisco, Inc., for a two-year term
beginning June 24, 1979. Petitioner
further states that on October 19, 1979, it
was granted an extension of this
authorization for a term to end June 24,
1980, and Petitioner was permitted to
transport up to 3,000 Mcf per day for
Cone Mills.

Petitioner requests, pursuant to the
provisions of Order No. 52, issued
October 5, 1979, in Docket No. RM80-1,
that its authorization be amended so as
to remove the end-use restrictions
contained in such certificate
authorization, and to substitute therefor
the limitations set forth in Section
2.79(m) of the Commission’s General
Policy and Interpretations.

Any person desiring to be heard or to
make any protest with reference to said
petition to amend should on or before
February 13, 1980, file with the Federal
Energy Regulatory Commission,
Washington, D.C. 20426, a petition to
intervene or a protest in accordance

1This proceeding was commenced before the
FPC. By joint regulation of October 1, 1977 (10 CFR
1000.1), it was transferred to the Commission.
with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.8 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Loid D. Cashell, Acting Secretary.

[Docket No. ER80-190]

Kansas Gas & Electric Co.; Tariff Change

January 21, 1980.

The filing company submits the following:

Take notice that Kansas Gas and Electric Company on January 15, 1980, tendered for filing proposed changes in its FPC Electric Service Tariff No. 116. The proposed Amendatory Agreement changes the minimum and maximum amounts of power. The Amendatory Agreement is necessary because the present demands are being exceeded.

Copies of this filing were served upon the City of Elsmore, Kansas.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426 in accordance with Para. 1.8 and 1.10 of the Commission’s rules of practice and procedure (18 CFR 1.8, 1.10). All such protests or petitions should be filed on or before February 11, 1980. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

[FED Reg Doc. 80-2960 Filed 1-25-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP80-176]

Michigan Wisconsin Pipe Line Co.; Application

Take notice that on January 8, 1980, Michigan Wisconsin Pipe Line Company (Applicant), One Woodward Avenue, Detroit, Michigan 48226, filed in Docket No. CP80-176 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of an interconnection with a pipeline operated by Mississippi Power & Light Company (Mississippi Power), and the transportation and delivery of natural gas volumes to be sold by Applicant to Mississippi Power to displace fuel oil in generating electricity, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that pursuant to a gas service agreement dated October 25, 1979, it has agreed to sell up to 40 billion Btu of natural gas per day on an Interruptible basis to Jackson Power. Applicant asserts that sales would be made out of excess pipeline supplies as available from time to time. Applicant further states that the sales price would be the highest of (a) a price equivalent to 105 percent of the price of Gulf Coast high sulphur residual oil; (b) the new gas...
price under the Natural Gas Policy Act of 1978; and (c) Applicant's overrun rate.

It is stated that the gas sold to Mississippi Power would be used to displace fuel oil in generating electricity at Mississippi Power's Delta Stream Electric Station near Cleveland, Mississippi. In order to deliver the proposed volumes to Mississippi Power, Applicant proposes to construct and operate an interconnection between its pipeline facilities and Mississippi Power's pipeline in Bolivar County, Mississippi, in addition to related measurement facilities. Applicant states that the cost of the facilities proposed herein would be $432,550, which cost would be financed with internally generated funds.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 14, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designees on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[FR Doc. 80-2067 Filed 1-25-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP80-160]

Mountain Fuel Supply Co.; Application

January 24, 1980

Take notice that on December 26, 1979, Mountain Fuel Supply Company (Applicant), 180 East First South Street, Salt Lake City, Utah 84133, filed in Docket No. CP80-160 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of up to 30,000 Mcf of natural gas per day for Natural Gas Pipeline Company of America (NGPL) and for the delayed exchange of up to 50,000 Mcf of gas per day with NGPL, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that it has entered into a gas transportation agreement, dated September 27, 1979, with NGPL, whereby it would gather up to 30,000 Mcf of gas per day controlled by NGPL in the Overthrust Area of Wyoming and Utah, and would then deliver the volumes to its interstate transmission system through its existing intrastate gathering and transmission facilities and its existing interstate gathering facilities for delivery to Colorado Interstate Gas Company (CIG) at an existing exchange point with CIG's transmission system near Green River, Sweetwater County, Wyoming (Kanda Exchange Point).

It is further stated that Applicant has entered into a gas transportation agreement with NGPL dated October 3, 1978, which provides for Applicant to receive up to 20,000 Mcf of gas per day from NGPL and to deliver equivalent volumes by displacement at the Kanda Exchange Point. It is stated that this agreement was approved by Commission order dated November 21, 1979.

It is stated that CIG has given notice that a capacity constraint on its transmission system may render it unable to accept or redeliver on a daily basis all of the gas available for delivery by Applicant to CIG for NGPL.

Applicant states that it has entered into a delayed exchange agreement with NGPL dated September 28, 1979, which provides for Applicant to retain any volumes of gas tendered by NGPL for transportation pursuant to either of the above described agreements in any month, in the November-through-March periods until October 31, 1982, in which an imbalance occurs due to CIG's inability to receive the volumes tendered by NGPL to Applicant. It is further stated that any such volumes which cannot be delivered to CIG during the November through March period would be retained by Applicant for delivery to CIG on a best-efforts basis during the April through October periods ending October 31, 1982.

Applicant states that for each Mcf of gas which it accepts for transportation but cannot deliver, NGPL would charge it an amount equal to the price of new natural gas as provided in Section 102 of the Natural Gas Policy Act of 1978 (NGPA) and Subpart (B) of Part 271 of the Interim Regulations under the NGPA as determined on the date of receipt of such gas by Applicant. It is further stated that during summer periods Applicant would deliver volumes sufficient to replace the delayed exchange gas retained during winter periods and would charge NGPL for each Mcf of gas so delivered to CIG for NGPL's account an amount equal to the price of new natural gas as provided in Section 102 of the NGPA and Subpart (B) of Part 271 of the Interim Regulations implementing the NGPA as determined on the date of delivery by Applicant of said volumes.

Applicant proposes to charge NGPL a gathering rate of 8.04 cents per Mcf for gas delivered by NGPL to Applicant on its intrastate gathering system in the described Overthrust Area. It is further proposed that Applicant would charge NGPL a gathering rate of 8.0 cents per Mcf for gas delivered by NGPL to it on its gathering system attached to its interstate transmission system in the Overthrust Area. Applicant proposes to charge NGPL a transportation rate of 13.22 cents per Mcf of gas transported through Applicant's transmission facilities and a compression charge of 5.0 cents per Mcf in addition to being reimbursed a proportionate share of compressor fuel if compression is necessary for the delivery of natural gas to CIG for NGPL. Applicant further states that if additional facilities are needed to receive gas from NGPL, it would charge NGPL a cost of service based expansion charge, to be approved by the Commission.

Applicant requests authorization to take deliveries immediately at any new receipt point in the Overthrust Area pursuant to the September 27, 1979, agreement.

Applicant further requests exemption from the Natural Gas Act and the NGPA as they may apply to the portion of its intrastate system which would be used
to provide the transportation and delayed exchange services proposed herein.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act. (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own motion believes that a formal hearing is unnecessary for Applicant to appear or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

BILLING CODE 6450-01-M

[Docket No. CP80-141]

Oklahoma Natural Gas Gathering Corp.; Application

January 24, 1980.

Take notice that on December 17, 1979, Oklahoma Natural Gas Gathering Corporation [Applicant], 624 South Boston Avenue, Tulsa, Oklahoma 74119, filed in Docket No. CP80-141 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation and delivery of natural gas to eight rural residential customers located adjacent to Applicant's pipeline facilities, all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that the purpose for the proposed transportation is to make direct sales of gas to eight rural residences in Enid, Oklahoma, to be used for residential heating and cooking. Each residence, it is asserted, would consume an average of 154 Mcf of gas per year. It is stated further that the proposed service would not result in any impairment of service to Applicant's two other customers, require no construction and involve no financing. Applicant states that said residences are presently being served by Oklahoma Natural Gas Company, its parent, but that for administrative efficiency and economy it has been decided to serve the customers directly.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act. (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be given but will not serve to make the protestants parties to the proceeding.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[FR Doc. 80-2601 Filed 1-23-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP79-489]

Panhandle Eastern Pipe Line Co. and Trunkline Gas Co.; Amendment to Application

Take notice that on December 12, 1979, Panhandle Eastern Pipe Line Company [Panhandle], 3000 Bissonnet Street, Houston, Texas 77001, and 3444 Broadway, Kansas City, Missouri 64141, filed in Docket No. CP79-489 pursuant to Section 7(c) of the Natural Gas Act an amendment to their joint application filed September 17, 1979, in the instant docket so as to (1) delete the Dewey County, Oklahoma, point of receipt from Oklahoma Natural Gas Company (ONG), (2) decrease the firm transportation volumes, and (3) increase...
volumes to be transported on a best-efforts basis, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

Applicants state that the joint application filed September 17, 1979, in Docket No. CP79-499 requesting authorization to transport gas for Transok Pipeline Company (Transok) for delivery to Panhandle, for United’s account at the Dewey County, Oklahoma, points of receipt. It is further stated that consequently, Applicants and United executed an amended transportation agreement dated November 7, 1979, amending their transportation contract as of August 27, 1979. Applicants assert that the November 7, 1979, amendment would (1) delete the Dewey County, Oklahoma, point of receipt from ONG, (2) decrease the firm transportation volume of natural gas from 75,000 Mcf per day to 45,000 Mcf per day, as well as the consistent monthly charge, and (3) increase the volumes to be transported on a best-efforts basis to 50,000 Mcf of natural gas per day.

Applicants state, as consideration for the amended transportation service, United would pay Panhandle a monthly charge of $25,550, with an upward or downward adjustment of 1.55% cents per Mcf to be applied to any excess or deficiency in quantities taken.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules. All persons who have heretofore filed need not file again.

Lois D. Cashell, Acting Secretary.

[FR Doc. 80-3260 Filed 1-25-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. ER80-169]

Pennsylvania-New Jersey-Maryland Interconnection; Filing

January 21, 1980.

Take notice that the Pennsylvania-New Jersey-Maryland Interconnection (PJM) on January 16, 1980, tendered for filing, proposed to become effective April 1, 1980, Schedule 5.03 replacing Schedule 5.02, Schedule 7.03 replacing Schedule 7.02, Schedule 8.02 replacing Schedule 8.01, which expired by its terms on December 31, 1974, and Schedule 9.02 replacing Schedule 9.01 to the VEPCO-PJM Interconnection Agreement dated September 30, 1965, as supplemented on September 1, 1976.

PJM indicates that the parties to this agreement have agreed to these revisions which, among other things reflect a departure from the traditional cost plus 10% basis for pricing emergency, extended emergency, and short term energy and operating capacity transactions, as well as conservation energy and other energy transactions.

Any person desiring to be heard or to protest said Application should file a petition to intervene or to protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE, Washington, D.C. 20426 in accordance with Sections 1.8 and 1.10 of the Commission’s Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 11, 1980. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

Lois D. Cashell, Acting Secretary.

[FR Doc. 80-3260 Filed 1-25-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. OR78-61]

Powder River Pipeline Corp. and Crude Co. v. Amoco Pipeline Co.; Order Accepting Settlement Agreement

Issued: January 15, 1980.

On August 25, 1977, Powder River Pipeline Corporation (Powder River) and its affiliate, The Crude Company (TCC), filed a complaint in the United States District Court for the District of Colorado against Amoco Pipeline Company (Amoco), Western Oil Transportation Company, Inc. (Western) and Western's parent corporation, the Permian Corporation (Permian). In their complaint, Powder River and TCC alleged violations of sections 1 and 2 of the Sherman Antitrust Act, as well as violations of sections 1(4) and 3(1) of the Interstate Commerce Act. On October 14, 1977, the district court issued an order which held that the issues arising under sections 1(4) and 3(1) of the Interstate Commerce Act were within the primary jurisdiction of this Commission.

Powder River and TCC filed a complaint with the Commission on January 4, 1978, alleging that Amoco unreasonably favored Western with respect to the allocation of Amoco's pipeline capacity at its Reno Station in Wyoming. On September 22, 1978, the Commission issued an order which set the complaint for investigation and granted intervention to Western and Permian.

Thereafter, the parties submitted their cases-in-chief and two prehearing conferences were convened by the presiding judge. On November 7, 1979, Western and Permian filed a Notice of Settlement, and a Stipulation of Dismissal executed by all parties. These pleadings constitute a full settlement of all issues in this proceeding and an agreement that Powder River and TCC's claim against Amoco shall be dismissed with prejudice. The presiding judge

1 The district court retained jurisdiction of Powder River and TCC's complaint pending action by this Commission on the propriety of Amoco's proration policy.

2 The complaint was predicated on section 2(1) of the Interstate Commerce Act, which prohibits pipeline common carriers from discriminating between shippers by giving any undue preference or advantage to any shipper.

3 Powder River and TCC also agreed to file a stipulation of dismissal as to all claims asserted by Footnotes continued on next page
The Commission finds that the proposed settlement represents a just and reasonable resolution of the prorationing problem presented by the parties in this proceeding. Accordingly, the Commission finds that the Stipulation of Dismissal filed herein should be accepted and that following the filing of the proration tariff attached as Appendix A, this proceeding should be terminated.

The Commission believes, however, that the activities which were the subject matter of this docket suggest the possibility of criminal conduct so as to warrant our further investigation. By separate order issued this day, the Commission has directed its Office of Enforcement to conduct such an investigation. While the investigation does not affect the relief afforded by the proposed settlement or the termination of the proceeding in Docket No. OR78-6, we believe it appropriate to announce its initiation here.

The Commission orders:
(A) The proposed settlement agreement is accepted.
(B) Amoco Pipeline Company shall promptly file the proration language attached as Appendix A to this order with this Commission by appropriate tariff publications.
(C) Following the filing of the proration language referred to in subparagraph (B) above, this proceeding shall be terminated.

By the Commission.
Kenneth F. Plumb, Secretary.

Appendix "A"
During any period of time when the aggregate volume of Crude Petroleum to be received and/or transported by Carrier exceeds the available pipeline capacity, space in Carrier's facilities shall be equitably allocated among all shippers in compliance with Carrier's obligations under Part I of the Interstate Commerce Act, as amended, and the following Proration Policy:
(a) In order for Carrier to determine if it is necessary to allocate space in the Reno to Salt Creek line, Carrier will require shippers to nominate volumes to be shipped 8 or more days prior to the beginning of each shipping month.
(b) When the total nominated volumes for any month exceed the capacity of Reno-Salt Creek line, the total nominated volume will be divided into the line capacity to determine the "proration ratio". Each shipper's allocation shall be determined by multiplying its nomination by the applicable proration ratio.
(c) Carrier will notify shippers of such proration and the amount of space that will be allocated to each no later than the first working day of the shipping month.

If a shipper fails to use the space, shipper's allocated volume for each subsequent prorated scheduling month, not to exceed six months, will be reduced by up to the amount of the unused space; except that to the extent such failure is, in the sole opinion of Carrier, due to causes beyond the reasonable control of shipper, will not be penalized in its allocated volume for the subsequent prorated scheduling period(s).
(d) Allocated space of one shipper may not be assigned, conveyed or used by another during such time as this proration policy may be in effect.
(e) All barrels tendered by shippers must be received at Amoco's Reno Station on a prorata basis during the month. Failure of a shipper to make available said barrels at Reno Station on a prorata basis may cause inefficient use of the pipeline capacity. In such event, Amoco may redistribute space allocation among other shipper to efficiently utilize the pipeline capacity. Any loss of space by a shipper due to such redistribution may not be carried forward to any subsequent month.

[FED REG, 80-2560 Filed 1-25-80, 8:43 am] BILLING CODE 4405-01-M

[Docket No. CP80-183]

Southwest Gas Corp.; Application

Take notice that on January 10, 1980, Southwest Gas Corporation (Applicant), P.O. Box 15015, Las Vegas, Nevada 89114, filed in Docket No. CP80-183 an application pursuant to section 7(e) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of two high pressure tap facilities, one on the Yerington Lateral and one on the Elko Lateral of Applicant's northern Nevada transmission system, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The Yerington tap, located near Yerington, Nevada, would enable Applicant to deliver volumes of gas to 31 residential customers in Campbell Ranch Subdivision in Lyon County, Nevada, it is stated. The Elko tap, located near Winnemucca, Nevada, would enable Applicant to deliver volumes of gas to 33 residential customers in the Richards Estates Subdivision in Humboldt County, Nevada, Applicant asserts.

Applicant states the volumes to be delivered would be solely for Priority 1 use in accordance with Rule 18 of the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 and 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Any person wishing to become a party to a proceeding or to participate as a party in any hearing herein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rule of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this
application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[Docket No. CP80-162]

Texas Gas Transmission Corp.; Application

Take notice that on December 27, 1979, Texas Gas Transmission Corporation (Applicant), P.O. Box 1160, Owensboro, Kentucky 42301, filed in Docket No. CP80-162 an application pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of a 2,250 horsepower compressor unit at its Eunice Compressor Station in Acadia Parish, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant states that it is currently utilizing all of the four existing 1,100 horsepower units on that portion of its system which terminates at its Eunice Compressor Station, which leaves it vulnerable to a loss of supply during maintenance downtime and unforeseen shutdowns. It is further stated that the 2,250 horsepower compressor unit would insure continuity of service and provide flexibility in allowing Applicant to receive additional supplies of gas that are or may become available in the area of the relevant part of its system, and that with this compressor unit gas supplies could be purchased on short notice and timely attached to its pipeline system.

Applicant states that the $3,547,000 estimated cost of the proposed facilities would be financed from funds on hand. Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[Docket No. CP79-3]

Transcontinental Gas Pipe Line Corp. and Michigan Wisconsin Gas Pipe Line Co.; Petition To Amend

January 24, 1980.

Take notice that on December 20, 1979, Transcontinental Gas Pipe Line Corporation (Transco), P.O. Box 1390, Houston, Texas 77001, and Michigan Wisconsin Pipe Line Company (Mich Wisc), One Woodward Avenue, Detroit, Michigan 48226, filed in Docket No. CP79-3 a joint petition to amend the order of April 4, 1979, issued in the instant docket pursuant to Section 7(c) of the Natural Gas Act so as to authorize the addition of three new receipt points to an existing transportation and exchange arrangement, all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

Pursuant to the order issued April 4, 1979, Petitioners were authorized to transport and exchange natural gas with each other under a gas transportation and exchange agreement dated September 8, 1978. Petitioners have entered into an amendatory agreement dated November 2, 1979, pursuant to which Mich Wisc would receive gas from Transco from three additional wells in Beckham County, Oklahoma, from which Transco has obtained the right to purchase gas from Texaco, Inc. The three wells are the Adkerson No. 2 Well, Cupp "B" No. 2 Well and Mills No. 2 Well, it is stated.

It is stated that pursuant to the November 2, 1979, agreement, an additional Transco receipt point has been added to receive gas being purchased by Mich Wisc from the J. S. O'Flynn Well, Jefferson Davis County, Mississippi. Petitioners assert no further authorization is required for this receipt point as Petitioners have been authorized by the order issued April 4, 1979, to add new points from time to time where Transco may receive gas for Mich Wisc in Mississippi.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before February 20, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Lois D. Cashell,
Acting Secretary.

---

[Docket NO. CP80-138]

Transcontinental Gas Pipe Line Corp.; Application

January 24, 1980.

Take notice that on December 13, 1979, Transcontinental Gas Pipe Line Corporation (Applicant), P.O. Box 1390, Houston, Texas 77001, filed in Docket No. CP80-138 an application pursuant to
Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing Applicant to construct and operate 1.45 miles of 20-inch pipeline and appurtenant facilities which would allow the receipt by Applicant of up to 200,000 Mcf of natural gas per day from Texas Eastern Transmission Corporation (Tetco) at the existing interconnection between the two companies near Applicant’s Compression Station No. 45 in Beauregard Parish (Ragley Interconnection), Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

It is stated that, since Tetco’s normal operating pressure at the Ragley Interconnection is lower than Applicant’s, the natural gas which is received by Applicant from Tetco at the interconnection is presently being delivered into Applicant’s mainline system through an 8-inch line which connects to one of Applicant’s two 30-inch mainlines near the Ragley Interconnection. It is further stated that a segment of said 30-inch mainline (located on the downstream side of Compressor Station No. 45) is then used to backflow the gas to the suction side of Compressor Station No. 45 where it is re-compressed and transported downstream through Applicant’s other 30-inch mainline. Applicant states that approximately 60,000 Mcf of natural gas per day are currently being received from Tetco at the Ragley Interconnection.

Applicant proposes to construct 1.45 miles of 20-inch pipeline which will extend from Applicant’s existing meter station at the Ragley Interconnection to the suction side of Compressor Station No. 45, allowing for Applicant’s receipts from Tetco of up to 200,000 Mcf of natural gas per day. Applicant asserts that the proposed facilities would facilitate the transfer of additional quantities of gas at the Ragley Interconnection, would eliminate the use of the segment of Applicant’s mainline as suction line, and would allow such line to be used in its entirety in the forward haul of Applicant’s gas supplies. Applicant states that such facilities would thereby substantially reinstate original throughput capacity.

Applicant states that the cost of the proposed facilities would be $810,000, which would be financed initially from internal funds, or from short-term borrowing, with permanent financing to be arranged at a later date.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, DC. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.4). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Take further notice, that pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if protests filed with the Commission or its designee on this application, a hearing will be held without further notice before the Commission or its designee on the application.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[Docket No. ER80-191]

Tucson Electric Power Company; Filing
January 22, 1980.

The filing company submits the following:

Take notice that Tucson Electric Power Company (Tucson) on January 16, 1980, tendered for filing Amendment No. 1 to the Tucson-AEPSCO Electric Power Wheeling Agreement dated as of January 4, 1980 to the Tucson-AEPSCO Electric Power Wheeling Agreement dated as of February 19, 1976 between Tucson and Arizona Electric Power Cooperative (AEPSCO). Tucson states that the primary purpose of Amendment No. 1 is to provide changes in the "Points of Delivery" of the contract to the extent of deleting one of the previously agreed points of delivery and adding three new points of delivery. Tucson further states that copies of the filing were served upon AEPSCO.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission’s Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before February 13, 1980. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Acting Secretary.

[Docket No. GP80-41]

United Gas Pipeline Co.; Third-Party Protests

Take notice that in accordance with the procedures established by the Federal Energy Regulatory Commission (Commission) in Order No. 23-B, and "Order on Rehearing of Order No. 23-B," the Gas Consumers Group (GCG) filed a supplemental third-party protest on December 26, 1979, to the assertion by the United Gas Pipeline Company [United]. United protests that the contracts in Appendix A do not constitute contractual authority for the producers to charge and collect any applicable maximum lawful price under the Natural Gas Policy Act of 1978 (NGPA).

Take further notice that Gulf States Utilities Company (Gulf States) also filed a third-party protest on December 26, 1979. Gulf States protests that the contracts in Appendix B do not constitute contractual authority for the producers to charge and collect any applicable NGPA maximum lawful price.

Any person, other than the pipeline and the seller, desiring to be heard or to make any response with respect to these protests should file a petition to intervene.

1 The term "third-party protest" refers to a protest filed by a party who is not a party to the contract which is protested.

Federal Register / Vol. 45, No. 19 / Monday, January 28, 1980 / Notices

protests should file with the Commission, on or before February 6, 1980, a petition to intervene in accordance with 18 CFR 1.8. The seller need not file for intervention because under 18 CFR § 154.94 (i)(4)(ii), the seller in the first sale is automatically joined as a party.

Lois D. Cashell, Acting Secretary.
Applicant with blanket authority to add needed delivery points as new gas supplies are obtained without seeking specific Commission authorization for each such point.

Applicant states that if the construction of facilities becomes necessary, it would apply for requisite certificate authority prior to initiating such construction, and would add delivery points as proposed herein only if the construction and operation of any facilities necessary to effect such deliveries are otherwise authorized.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 24, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20546, a petition to intervene or a protest in accordance with the provisions of section 157.10. All protests filed with the Commission will be considered in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission’s Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission’s Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell, Acting Secretary.

[Docket No. CP80-179]

Western Gas Interstate Co. Application

January 24, 1980.

Take notice that on January 9, 1980, Western Gas Interstate Company (Applicant), 1800 First International Building, Dallas, Texas 75270, filed in Docket No. CP80-179 an application pursuant to Section 7(c) of the Natural Gas Act and Section 157.7(c) of the Regulations thereunder (18 CFR 157.7(c)) for a certificate of public convenience and necessity authorizing the construction, during the 12-month period commencing January 1, 1980, and operation of facilities to make miscellaneous rearrangements on its system, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

The stated purpose of this budget-type application is to augment Applicant’s ability to act with reasonable dispatch in making miscellaneous rearrangements which would not result in any material change in the transportation and sales service presently rendered by Applicant.

Applicant states that the total cost of the proposed facilities would not exceed $100,000. Applicant further states that the cost of the proposed facilities would
be financed from funds on hand and short-term borrowings.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protesters parties to the proceeding.

Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

[FR Doc. Dec 6-1978 Filed 1-26-80; 8:45 am]
BILLING CODE 6450-01-M

[Docket No. CP80-161]

Western Gas Interstate Co.,
Application

January 24, 1980.

Take notice that on January 9, 1980, Western Gas Interstate Company (Applicant), 1300 First International Building, Dallas, Texas 75270, filed in Docket No. CP80-161 an application pursuant to Section 7(c) of the Natural Gas Act and Section 157.7(b) of the Regulations thereunder (18 CFR 157.7(b)) for a certificate of public convenience and necessity authorizing the

construction, during an indefinite period commencing January 10, 1980, and operation of facilities to enable Applicant to take into its certificated main pipeline system natural gas supplies, all as more fully set forth in the application on file with the Commission and open to public inspection.

The stated purpose of this budget-type application is to augment Applicant's ability to act with reasonable dispatch in connecting to its pipeline system supplies of natural gas which may become available from various producing areas generally coextensive with its pipeline system or the systems of other pipeline companies which may be authorized to transport gas for the account of or exchange gas with Applicant and supplies of natural gas from Applicant's own production or acquired for system supply under Sections 314 or 312 of the Natural Gas Policy Act of 1978.

Applicant states that total cost of proposed facilities constructed during any calendar year would not exceed $500,000, which would be financed from funds on hand.

Applicant seeks waiver of Section 157.7(b)(2)(ii) of the Commission's Regulations which provides that persons holding existing budget-type certificates should apply for a new certificate within sixty days of termination of their existing certificate because Commission Order No. 56 promulgating the new regulations did not become effective until November 1, 1979, and Applicant did not receive a copy until a subsequent date.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 13, 1980, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protesters parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Lois D. Cashell,
Acting Secretary.

   6. Chester Field T29N R2W Chester Twp
   7. Otsego, MI
   8. 6.5 million cubic feet
   9. December 14, 1979
   10. Michigan Consolidated Gas Company

The applications for determination in these proceedings together with a copy or description of other materials in the record on which such determinations were made are available for inspection, except to the extent such material is treated as confidential under 18 CFR 275.206, at the Commission's Office of Public Information, room 1000, 825 North Capitol Street, N.E., Washington, D.C. 20426.

Persons objecting to any of these final determinations may, in accordance with 18 CFR 275.203 and 18 CFR 275.204, file a protest with the Commission on or before February 12, 1980.

Please reference the FERC Control number in all correspondence related to these determinations.

Kenneth F. Plumb, Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FR 1400-4]

Availability of Environmental Impact Statements

AGENCY: Office of Environmental Review (A-104) US Environmental Protection Agency.

PURPOSE: This Notice lists the Environmental Impact Statements (EISs) which have been officially filed with the EPA and distributed to Federal Agencies and interested organizations, groups, and individuals. It includes reviews pursuant to the Council on Environmental Quality’s Regulations (40 CFR Part 1500.9).

PERIOD COVERED: This Notice includes EIS’s filed during the week of January 14, 1980 to January 18, 1980.

REVIEW PERIODS: The 45-day review period for draft EIS’s listed in this Notice is calculated from January 25, 1980 and will end on March 10, 1980. The 30-day review period for final EIS’s as calculated from January 25, 1980 will end on February 25, 1980.

EIS AVAILABILITY: To obtain a copy of an EIS listed in this Notice you should contact the Federal agency which prepared the EIS. This Notice will give a contact person for each Federal agency which has filed an EIS during the period covered by the Notice. If a Federal agency does not have the EIS available upon request you may contact the Office of Environmental Review, EPA, for further information.

BACK COPIES OF EIS’s: Copies of EIS’s previously filed with EPA or CEQ which are no longer available from the originating agency are available with charge from the following sources:

FOR HARD COPY REPRODUCTION:
Environmental Law Institute, 1346 Connecticut Avenue, N.W., Washington, D.C. 20036.

FOR FURTHER INFORMATION CONTACT:

SUMMARY OF NOTICES: On July 30, 1978, the CEQ Regulations became effective. Pursuant to § 1500.10(a), the 30-day review period for final EIS’s received during a given week will now be calculated from Friday of the following week. Therefore, for all final EIS’s received during the week of January 14, 1980 to January 18, 1980 the 30-day review period will be calculated from January 25, 1980. The review period will end on February 25, 1980.

Appendix I sets forth a list of EIS’s filed with EPA during the week of January 14, 1980 to January 18, 1980. The Federal agency filing the EIS, the name, address, and telephone number of the Federal agency contact for copies of the EIS, the filing status of the EIS, the actual date the EIS was filed with EPA, the title of the EIS, the State(s) and County(ies) of the proposed action and a brief summary of the proposed Federal action and the Federal agency EIS number, if applicable, is listed in this Notice. Commenting entities on draft EIS’s are listed for final EIS’s.

Appendix II sets forth the EIS’s which agencies have granted an extended review period or EPA has approved a waiver from the prescribed review period. The Appendix II includes the Federal agency responsible for the EIS, the name, address, and telephone number of the Federal agency contact, the title, State(s) and County(ies) of the EIS, the date EPA announced the availability of the EIS in the Federal Register and the newly established date for comments.

Appendix III sets forth a list of EIS’s which have been withdrawn by a Federal agency.

Appendix IV sets forth a list of EIS retractions concerning previous Notices of Availability which have been made because of procedural noncompliance with NEPA or the CEQ regulations by the originating Federal agency.

Appendix V sets forth a list of reports or additional supplemental information relating to previously filed EIS’s which have been made available to EPA by Federal agencies.

Appendix VI sets forth official corrections which have been called to EPA’s attention.

Dated: January 22, 1980.
Joseph M. McCabe,
Acting Director, Office of Environmental Review (A-104).

Appendix I—EIS’s Filed with EPA During the Week of January 14, 1980, Through January 18, 1980

DEPARTMENT OF AGRICULTURE

Contact: Mr. Barry Flamm, Director, Office of Environmental Quality, Office of the Secretary, U.S. Department of Agriculture, Room 412, Administration Building, Washington, D.C. 20250, (202) 245-3083.

Forest Service

Final

Presidential Unit Plan, White Mountain NF, Coos and Carroll Counties, N.H., January 14: the proposed action is to implement a land management plan for the 100,000 acre...
presidential unit of the White Mountain National Forest located in Coos and Carroll Counties, New Hampshire. The plan includes building new and expanding existing recreational facilities such as picnic areas, primitive overnight facilities and ski and hiking trails, and removal of existing emergency shelters and winter off road area is proposed. Also proposed is the establishment of management direction for forest trails, roads, information services, timber, access roads, and protection of unique plant/insect species/endangered wildlife species (USDI-FWS-RO-FOSS-N-ADM-79-01). Comments made by: DOE, DOI, DOT, EPA, State and local agencies, groups, and businesses. (EIS Order No. 800033.)

Soil Conservation Service
Draft

Indian Creek-Van Buren Watershed, Van Buren County, Iowa and Clark County, Mo., January 18: proposed is a multipurpose plan for the Indian Creek-Van Buren Watershed located in Van Buren County, Iowa and Clark County, Missouri. The Watershed area encompasses 47,200 acres of land. The project will include nine floodwater retarding structures for flood prevention; one multiple-purpose structure for flood prevention, municipal and industrial water supply, other agricultural water, and fish and wildlife development. (EIS Order No. 800045.)

Final

Lower Pine Creek Watershed, flood protection. Contra Costa County, Calif., January 18: Proposed is a watershed protection and flood prevention plan for the lower Pine Creek Watershed located in Contra Costa County, California. The project will consist of: (1) Excavation of a 47-acre storm-water detention basin and construction of a control structure and other appurtenant structures, and (2) disposal of approximately 1,000,000 cubic yards of excavation spoil immediately adjacent to the basin site. Comments made by: USA, DOT, EPA, USDA, HIEW, DOT, State and local agencies. (EIS Order No. 800037.)

U.S. Army Corps of Engineers
Draft

Draft

Norfolk Harbor and Channels, deepening and disposal, Virginia, January 16: Proposed are navigation improvements for the Norfolk harbor and channels located in Norfolk, Virginia. The plan includes: (1) Deepening the existing channels five feet deeper, (2) constructing three sets of fixed mooring anchorages capable of handling a total of six vessels at one time, and (3) utilizing a 6,000 acre tract of land at the northern end of the diamo in the city of Suffolk for spoil disposal (Norfolk district). (EIS Order No. 800038.)

Final

Dinansville and vicinity local flood protection, Livingston County, N.Y., January 18: Proposed is a local flood protection plan for Dinansville and vicinity located in Livingston County, New York. The plan would be limited to stream work in the area of the route 36 and Genesee Expressway bridges over Canasersaga Creek. The work will include: (1) Construction of a 400 foot long sheet pile wall between route 36 and the Genesee Expressway north lane, (2) removal of the Hanover Bridge, (3) installation of a new pair of gravity walls, (4) installation of 260 feet of crib walk, and (5) construction of two earthen levees (Buffalo District). Comments made by: USDA, EPA, DOT, State and local agencies. (EIS Order No. 800941.)

DEPARTMENT OF COMMERCE

Contact: Dr. Sidney R. Galler, Deputy Assistant Secretary, Environmental Affairs, Department of Commerce, Washington, D.C. 20230, (202) 377-4335.

National Oceanic and Atmospheric Administration
Draft

1980 Salmon Fisheries Management Plan (DS-2), Pacific Ocean, January 18: This statement supplements a final EIS, No. 790223, dated 3-8-78 concerning the management of salmon fisheries off the coasts of California, Washington and Oregon. The Statement addresses the latest spawning escapement and stock assessment data which indicates that many of the 1980 salmon runs will be depressed, particularly coastal coho stocks, California chinook, and upriver Columbia chinook stocks. Management objectives for 1980 remain the same as those listed in the FEIS (EIS Order No. 800043.)

Final

Precious Coral Fisheries, Western Pacific, FMP, Pacific Ocean, January 17: Proposed is the implementation of a fishery management plan for three species of precious corals in the Western Pacific region. The management measures will include: (1) catch quotas, (2) a minimum size for pink coral colonies, (3) requirement of closed beds or refugia, (4) requirement that all coral harvesting be done under permit, and (5) requirement of extensive reporting of operations by permit holders. Comments made by: COE, DOI, State and local agencies, groups, and businesses. (EIS Order No. 791152.)

Heritage Conservation and Recreation Service
Draft Supplement

Atlantic/Gulf coasts protective barrier islands, Atlantic Ocean, January 15: Proposed are alternative policies for protecting barrier islands along the Atlantic and Gulf coasts of the United States. Examined are Federal programs which through grants, loans, subsidies, permits or acquisition and management, contribute to the development or protection of barrier islands, beaches, and spits which lie adjacent to the Atlantic and Gulf coasts. (DES—80-1) (EIS Order No. 800035.)

DEPARTMENT OF THE NAVY

Draft

Atlantic Fleet Weapons Training Facility, Vieques, Puerto Rico, January 18: Proposed is the continued use of the Atlantic Fleet Weapons Training Facility inner range

500 batteries per day. The standards propose: Emission limits, continuous monitoring of the pressure drop across the control system, performance tests to determine compliance, and a new method to measure the amount of lead in exhaust gases (EPA-450/3-79-023A). (EIS Order No. 800060.)

DEPARTMENT OF INTERIOR

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 4259, Interior Bldg., Department of the Interior, Washington, D.C. 20240, (202) 343-3091.

Bureau of Land Management
Final

1980 OCS Nos. 62A and 82, Gulf of Mexico, Gulf of Mexico, January 15: Proposed are two 1980 OCS oil and gas lease sales, Nos. 62A and 82, in the Gulf of Mexico. The sales would include 272 tracts totaling 1,305,543 acres. Sale 62A includes 162 tracts totaling 915,838 acres ranging from 3 to 104 nautical miles from shore in water from 12 to 2,170 feet deep. Sale 82 includes 80 tracts offshore the western Gulf of Mexico totaling 449,705 acres ranging from 3 to 104 nautical miles offshore in waters from 10 to 400 feet deep.

Comments made by: NRC, AHP, DOI, HEW, EPA, HUD, DOE, USCE, USDA, FERC, DOT, State and local agencies, groups, and businesses. (EIS Order No. 800035.)

OCS five year oil and gas lease schedule, January 18: Proposed is a five-year schedule consisting of 30 oil and gas lease sales in 15 areas of the OCS. Seven alternatives are considered including: (1) Two that would delay sales, (2) three which would involve omissions of sales from the schedule, (3) a final schedule for 33 sales in 13 leasing areas, and (4) no action. The schedule includes sales offshore of all east coast States, Alabama, Mississippi, Louisiana, Texas, California and Alaska.

Comments made by: NRC, DOI, DOC, DOE, EPA, COE, DOT, USAF, State and local agencies, groups, and businesses. (EIS Order No. 800042.)
located on the island of Vieques, Commonwealth of Puerto Rico. The activities of the facility include: Air-to-ground and naval gunfire support training, Marine landings, maneuver and artillery training operations, and storage of ammunition. The alternatives consider: (1) Continuation of activities; (2) ceasing all or some activities, including land and transferring activity; and (3) ceasing all or some activities without excluding land or transferring activity. (EIS Order No. 800043.)

DEPARTMENT OF TRANSPORTATION
Contact: Mr. Martin Convisser, Director, Office of Environmental Affairs, U.S. Department of Transportation, 400 7th Street, S.W., Washington, D.C. 20590, (202) 426-4537.

Federal Aviation Administration
Draft Supplement
Metropolitan Washington airports policy, Arlington, Fairfax, and Loudon Counties, Va., January 15: This statement supplements a draft EIS, #280333, dated 4-6-78 concerning proposed policy for the metropolitan Washington airports. This supplement reduces the alternatives under consideration to those which focus on the issues raised during the review of the draft. The policies proposed would reduce the use of National Airport, including closing it at night, and increasing the regional air passenger volume at Dulles. (EIS Order No. 800039.)

Federal Highway Administration
Draft
Stellacoom-Orchard traffic study, Pierce County, Wash., January 16: Proposed is the Stellacoom-Orchard traffic study for the purposes of selecting a location and a design for a new or improved transportation facility in Pierce County, Washington. The facility would relieve traffic volumes in the Stellacoom Boulevard-Orchard Street corridor. The alternatives include: (1) Improvement of existing conditions, (2) Construction of the 67th Avenue Bridge, and (3) Construction of the 25th Street W. Bridge. Nine optional improvements are considered. (FHWA-WA-EIS-80-01-D) (EIS Order No. 800044.)

Final
Max North and South, US 83, ND-23 to ND-37, Ward and McLean Counties, N. Dak., January 15: Proposed is the construction of a two lane roadway parallel to the existing roadway on US 83 from ND-23 south to ND-37. The project would provide a four lane divided highway approximately 22 miles long. The proposed improvement requires the purchase of right-of-way. Basically, it is proposed to construct an additional roadway adjacent to the existing roadway throughout the length of the improvement. The existing roadway will remain in place to serve as one roadway of the four-lane divided highway. This project is located in the counties of Ward and McLean, North Dakota. (FHWA-ND-EIS-78-04F). Comments made by: DOL EPA, COE, DOE, USDA, and State agencies. (EIS Order No. 800054.)

BILLING CODE 6712-01-M
FEDERAL ELECTION COMMISSION

[Notice 1980-3]

1979 Year End Reports

AGENCY: Federal Election Commission.

ACTION: Notice to committees filing 1979 year end reports.

SUMMARY: Year end reports of 1979 campaign activity filed by committees under the Federal Election Campaign Act of 1971 (FECA) must comply with the provisions of the FECA prior to the 1979 Amendments (Pub. L. 96-187).

DATES: Year end reports must be filed by January 31, 1980.

Notice to Committees Filing 1979 Year End Reports

The 1979 Amendments to the FECA, Pub. L. No. 96-187, revised certain reporting requirements of the Act. The effective date of these Amendments was January 8, 1980. All year end reports covering calendar year 1979, filed on January 31, 1980, should therefore comply with the provisions of the Act in effect during the reporting period covered in that report. Thus, year end reports for 1979 should be filed in compliance with the provisions of the Act prior to the 1979 Amendments, in the same manner and subject to the same requirements as all previous reports which were filed during 1979.

Dated: January 24, 1980.

Robert O. Tiernan, Chairman, Federal Election Commission.

BILLING CODE 6715-01-M

FEDERAL MARITIME COMMISSION

Agreements Filed

The Federal Maritime Commission hereby gives notice that the following agreements have been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (49 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of each of the agreements and the justifications offered therefor at the Washington Office of the Federal Maritime Commission, 1100 L Street, NW., Room 10218; or may inspect the agreements at the Field Offices located at New York, New York; New Orleans, Louisiana; San Francisco, California; Chicago, Illinois; and San Juan, Puerto Rico. Interested parties may submit comments on each agreement, including requests for hearing, to the Secretary, Federal Maritime Commission, Washington, D.C., 20575, or on or before February 18, 1980. Comments should include facts and arguments concerning the approval, modification, or disapproval of the proposed agreement. Comments shall discuss with particularity allegations that the agreement is unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, or operates to the detriment of the commerce of the United States, or is contrary to the public interest, or is in violation of the Act.

A copy of any comments should also be forwarded to the party filing the agreements and the statement should indicate that this has been done.

Summary: Agreement No. 93-21.

Filing Party: David C. Nolan, Esq., Graham & James, One Maritime Plaza, San Francisco, California 94111.

Summary: Agreement No. 93-21 amends the last Paragraph of Article 1 of the North Europe-United States Pacific Freight Conference to extend the expiration date of the "independent action clause," through end of 1990.

Agreement No. T-3376-3

Filing Party: Randall V. Adams, Traffic Port of Palm Beach, P.O. Box 9935, Riviera Beach, Florida 33404.

Summary: Agreement No. T-3376-3, between the Port of Palm Beach District (Port) and Caribbean Liner Corporation (CLC), modifies the parties' basic agreement providing for the lease to CLC of office space located in Palm Beach, Florida. The purpose of the modification is to extend the term of the agreement for an additional one-year period and to increase the rental.

Agreement No. 5000-39.

Summary: Agreement No. 5000-39 modifies the basic agreement of the Philippines North American Commission by amending Article 2A(4) to provide for substituted overland service via U.S. Atlantic and Gulf ports to all ports on the East Coast of Canada, including Canadian ports on Lake Ontario and ports east thereof. Service to Canadian ports is now provided by water, only.

Agreement No. 7540-32.

Summary: Agreement No. 7540-32 amends the basic agreement of the Leeward and Windward Islands and Guianas Conference to revise and clarify the membership and voting qualifications for the three Sections of the Conference.

Agreement No. 7690-40.

Summary: Agreement No. 7690-40 amends the basic agreement of the American West African Freight Conference to eliminate the requirement that each associate of each member carrier sign and file with the Conference Chairman commitments to cooperate with the neutral body.

Agreement No. 9735-12.

Filing Party: John K. Cunningham, Executive Secretary, Atlantic Regional Committee, Steamship Operators Intermodal Committee, 11 Broadway, New York, New York 10003.

Summary: Agreement No. 9735-12 is a proposal by the members of the Steamship Operators Intermodal Committee to make the $100.00 membership fee for admission to each Regional Committee nonrefundable. Currently, this fee is returned to members upon either their resignation or the dissolution of the agreement, with members having the option to apply it to any outstanding indebtedness under the agreement.

By Order of the Federal Maritime Commission.

Francis C. Hurney,
Secretary.

BILLING CODE 6715-01-M

FEDERAL RESERVE SYSTEM

American Fletcher Corp.; Proposed Retention of Tecumseh Insurance Co.

American Fletcher Corporation, (" Applicant"), Indianapolis, Indiana, has applied, pursuant to section 4(e)(8) of the Bank Holding Company Act (12 U.S.C. § 1843(e)(8)) and § 225.4(b)(2) of the Board's Regulation Y (12 CFR § 225.4(b)(2)), for permission to retain voting shares of Tecumseh Insurance Company, Phoenix, Arizona.

Applicant states that its subsidiary would continue to reinsure credit life and credit disability insurance, purchased by installment loan borrowers from the credit granting subsidiaries of Applicant under group policies issued by primary insurers. These activities would be performed from an office of Applicant's subsidiary in Phoenix, Arizona, and the geographic areas to be served are Indiana and
Michigan. Such activities have been specified by the Board in section 225.4(a) of Regulation Y as permissible for bank holding companies, subject to Board approval of individual proposals in accordance with the procedures of section 225.4(b).

Interested persons may express their views on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question should be accompanied by a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Chicago.

Any views or requests for hearing should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than February 21, 1980.

William N. McDonough, Assistant Secretary of the Board.

FARMERS & MERCHANTS FINANCIAL CORP.; FORMATION OF BANK HOLDING COMPANY

Farmers and Merchants Financial Corporation, Argonia, Kansas, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. § 1842(a)(1)) to become a bank holding company by acquiring 88 percent or more of the voting shares of Farmers and Merchants State Bank, Argonia, Kansas. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Kansas City. Any person wishing to comment on the application should submit views in writing to the Reserve Bank to be received not later than February 21, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing.

William N. McDonough, Assistant Secretary of the Board.

COUSHATTA BANCSHARES, INC.; FORMATION OF BANK HOLDING COMPANY

Coushatta Bancshares, Inc., Coushatta, Louisiana, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. § 1842(a)(1)) to become a bank holding company by acquiring 80–100 percent of the voting shares of Bank of Coushatta, Coushatta, Louisiana. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Dallas. Any person wishing to comment on the application should submit views in writing to the Reserve Bank to be received not later than February 21, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing.

William N. McDonough, Assistant Secretary of the Board.

FIRST CHICO BANCSHARES, INC.; FORMATION OF BANK HOLDING COMPANY

First Chico Bancshares, Inc., Chico, Texas, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. § 1842(a)(1)) to become a bank holding company by acquiring 100 percent of the voting shares of First State Bank of Chico, Chico, Texas. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Dallas. Any person wishing to comment on the application should submit views in writing to the Reserve Bank to be received not later than February 21, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing.

William N. McDonough, Assistant Secretary of the Board.

GRISWOLD STATE BANCSHARES, INC.; PROPOSED ACQUISITION OF PROkop INSURANCE AGENCY, INC.

Griswold State Bancshares, Inc., Griswold, Iowa, has applied, pursuant to section 4(c)(6) of the Bank Holding Company Act (12 U.S.C. § 1843(c)(6)) and § 225.4(b)(2) of the Board's Regulation Y (12 CFR § 225.4(b)(2)), for permission to acquire voting shares of Prokop Insurance Agency, Inc.

Interested persons may express their views on the question whether consummation of the proposed acquisition can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question should be accompanied by a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing.

William N. McDonough, Assistant Secretary of the Board.
Missouri, has applied for the Board's approval of the proposal. The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Chicago. Any views or requests for hearing should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than February 21, 1980.

William N. McDonough,
Assistant Secretary of the Board.

KBG Bancorporation, Inc.; Formation of Bank Holding Company

KBG Bancorporation, Wesley, Iowa, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. § 1842(a)(1)) to become a bank holding company by acquiring 97 per cent or more of the voting shares of Exchange State Bank, Wesley, Iowa. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551 to be received no later than February 21, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

William N. McDonough,
Assistant Secretary of the Board.

FEDERAL TRADE COMMISSION

Commercial Practices; Early Termination of the Waiting Period of the Mergerer Notification Rules

AGENCY: Federal Trade Commission.

ACTION: Granting of request for early termination of the waiting period of the premerger notification rules.

SUMMARY: Worthington Industries, Inc., is granted early termination of the waiting period provided by law and the premerger notification rules with respect to its proposed acquisition of certain stock of Buckeye International, Inc. The grant was made by the Federal Trade Commission and the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice in response to requests for early termination submitted by Worthington Industries, Inc. Neither agency intends to take any action with respect to this acquisition during the waiting period.

EFFECTIVE DATE: January 17, 1980.

SUPPLEMENTARY INFORMATION: Section 7A of the Clayton Act, 15 U.S.C. § 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Commission and Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the Federal Register.

By direction of the Commission.

Carol M. Thomas,
Secretary.

Troy Bancgroup & Co.; Formation of Bank Holding Company

Troy Bancgroup & Co., St. Louis, Missouri, has applied for the Board's approval under § 3(a)(1) of the Bank Holding Company Act (12 U.S.C. § 1842(a)(1)) to become a bank holding company by acquiring 97 per cent or more of the voting shares of Troy Security Bank, Troy, Illinois. The factors that are considered in acting on the application are set forth in § 3(c) of the Act (12 U.S.C. § 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of St. Louis. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551 to be received no later than February 21, 1980. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

William N. McDonough,
Assistant Secretary of the Board.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

Indian Education—Grants to Local Educational Agencies; Closing Date for Transmittal of Applications for Fiscal Year 1980

Applications are invited for new projects under the Indian Education Act program of entitlement grants to local educational agencies (LEAs) and tribal schools.

Authority for this program is contained in Part A of the Indian Education Act, as amended (20 U.S.C. 2422a–2421f).

This program authorizes grants to LEAs and to certain Indian tribes and Indian organizations described in Section 1146 of Pub. L. 95-561. The purpose of the grants is to support elementary and secondary school programs designed to meet the special educational and culturally related academic needs of Indian children.

Closing date for transmittal of applications: An application for a grant must be mailed or hand delivered to the address of the Premerger Notification Office, Bureau of Competition, Room 303, Federal Trade Commission, Washington, D.C. 20580 by April 7, 1980.

Applications delivered by mail: An application sent by mail must be addressed to the U.S. Office of Education, Application Control Center, Attention: 13.534, Washington, D.C. 20202.

To establish proof of mailing by the deadline date, an applicant must show one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the U.S. Commissioner of Education.
If an application is sent through the U.S. Postal Service, the Commissioner does not accept either of the following as proof of mailing: (1) a private metered postmark or (2) a mail receipt that is not dated by the U.S. Postal Service. An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office. An applicant is encouraged to use registered or at least first class mail.

Each late application will be notified that its application will not be considered.

Applications delivered by hand: An application that is hand delivered must be taken to the U.S. Office of Education, Application Control Center, Room 5073, Regional Office Building 3, 7th and D Streets, S.W., Washington, D.C. 20202.

The Application Control Center will accept a hand delivered application between 8:00 a.m. and 4:30 p.m. (Washington, D.C. time) daily, except Saturdays, Sundays, and Federal holidays.

An application that is hand delivered will not be accepted after 4:30 p.m. on the closing date.

Available funds: The amount of fiscal year 1980 funds for this program is $47,273,000. The amount of each grant is based on a formula that takes into account the Indian student enrollment in the applicant's schools and the average per pupil expenditure of school districts in the applicant's State.

Application forms: Application forms and program information packages may be obtained by writing to the Office of Indian Education, U.S. Office of Education, Room 2177, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

Applications must be prepared and submitted in accordance with the regulations, instructions, and forms included in the program information package. The Commissioner strongly urges that the narrative portion of the application not exceed 25 pages. The Commissioner further suggests that applicants not submit information that is not requested.

Applicable regulations: Regulations applicable to this program include the following:

(a) Regulations governing programs under Part A of the Indian Education Act (45 CFR Parts 188 and 188a).

These regulations were published in proposed form in the Federal Register on June 29, 1979 [44 FR 38154]. Applicants should base their applications on the notice of proposed rulemaking. When they are published as final regulations and become effective, these regulations will govern applications and grants under this program.

(b) The Education Division General Administrative Regulations (EDGAR) (45 CFR Parts 100a and 100c).

These regulations were published in proposed form in the Federal Register on May 4, 1979 [44 FR 28236]. When they are published as final regulations and become effective, they will supersede the Office of Education general provisions regulations (45 CFR Parts 100a through 100d) and will govern applications and grants under this program.

If changes that relate to the preparation of applications for fiscal year 1980 are made in the Indian Education Act final regulations or in the EDGAR final regulations, the Commissioner may extend the closing date to permit applicants to amend their applications.

Dated: January 22, 1980.

(Catalog of Federal Domestic Assistance Program No. 13.534, Indian Education—Grants to Local Educational Agencies)

William L. Smith, U.S. Commissioner of Education.

Office of Human Development Services

1981 White House Conference on Aging, National Advisory Committee; Establishment

AGENCY: Office of Human Development Services, DHEW.

ACTION: Notice of Advisory Committee Establishment.

PURPOSE: The 1981 White House Conference on Aging National Advisory Committee shall provide advice and recommendations to the Secretary, Department of Health, Education, and Welfare and to the Executive Director of the 1981 White House Conference on Aging to assist in planning, conducting, and reviewing the Conference.

DATES: The Charter for this Committee was signed by the Secretary of Health, Education, and Welfare on December 31, 1979. It will terminate when the Committee has completed its work, or on December 31, 1981, whichever comes first, unless renewed by appropriate action prior to the end of the first two-year period.

FOR FURTHER INFORMATION CONTACT: Mr. Jerome Waldie, Executive Director, White House Conference on Aging, Room 4063, 330 Independence Avenue, SW., Washington, D.C. 20201, (202) 245-1914.

Arnold Sampson, HDS Committee Management Officer.

Office of the Secretary

Advisory Council on Education Statistics; Meeting

Notice is hereby given, pursuant to Section 10, Pub. L. 92–463, that a meeting of the Advisory Council on Education Statistics will be held on February 13, 1980, from 9:00 a.m. to 5:00 p.m., in Room 3000, FOB #6, 400 Maryland Avenue, S.W., Washington, D.C. 20202. The meeting will be continued on February 14, 1980, from 8:00 a.m. to 12:30 p.m., at the same location.

The Advisory Council on Education Statistics is mandated by Section 401(c) of the General Education Provisions Act as added by Section 501(a) of the Education Amendments of 1974, Pub. L. 93–380 (20 USC 1221e–1(c)), to advise the Secretary of the Department of Health, Education and Welfare, and the Assistant Secretary for Education, and the National Center for Education Statistics (NCES); and "shall review general policies for the operation of the Center and shall be responsible for establishing standards to ensure that statistics and analyses disseminated by the Center are of high quality and are not subject to political influence."

The meeting agenda will include an Administrator's report summarizing recent developments regarding major projects of the National Center for Education Statistics.

Other major topics will include the status of program planning for Federal fiscal year 1982, the Annual Report of the Council, and information on the supply and demand for teachers.

Questions regarding the meeting should be directed to: Executive Director, Advisory Council on Education Statistics, Room 3153-F, FOB #6, 400 Maryland Avenue SW., Washington, D.C. 20202.

Records shall be kept of all Council proceedings and shall be available for public inspection in the Office of the Administrator, National Center for Education Statistics, located at 400
DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

(Docket No. N-80-971)

Privacy Act of 1974; HUD Region X Field Offices and Officials

AGENCY: Department of Housing and Urban Development.

ACTION: Publication of Region X Field Offices and Officials to receive inquiries, requests for access and requests for correction or amendment to Privacy Act systems of records.

SUMMARY: This notice lists the addresses of the Department's Region X Field Offices and the titles of Region X Officials to receive inquiries, requests for access and requests for correction or amendment to Privacy Act systems of records.

EFFECTIVE DATE: This notice is effective on January 28, 1980.

FOR FURTHER INFORMATION CONTACT: Robert English, Departmental Privacy Act Officer, Telephone 202-557-0605.

SUPPLEMENTARY INFORMATION: This list of HUD Region X Field Offices and Region X Officials was inadvertently omitted from Appendix A to the Department's Privacy Act Systems of Records Annual Publication, published at 44 FR 72307 (December 13, 1979).

Vincent J. Hearng, Deputy Assistant Secretary for Administration.

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Approval of Petition for Reassumption of Jurisdiction Confederated Tribes and Bands, Yakima Indian Nation

January 11, 1980.

This notice is published in exercise of authority delegated by the Secretary of the Interior to the Assistant Secretary, Indian Affairs by 226 DM 6.

The Indian Child Welfare Act of 1978 provides, subject to certain specified conditions, that the Secretary of the Interior shall approve tribal petition for reassumption of jurisdiction over Indian child custody proceedings.

This notice is that a petition for the tribal reassumption of jurisdiction over child custody proceedings from the Confederated Tribes and Bands of the Yakima Indian Nation is approved effective March 28, 1990. The territory subject to the reassumption of jurisdiction includes the territory within the boundaries commencing on the Yakima River, at the mouth of the ATTAH-NAM river; thence westerly along said ATTAH-NAM river to the forks; thence along the southern tributary to the Cascade mountains; thence southerly along the main ridge of said mountains, passing south and east of Mount Adams, to the spur whence flows the waters of the Klickitat and Pisco rivers; thence down said spur to the divide between the waters of said rivers; thence along said divide to the divide separating the waters of the Satus River from those flowing into the Columbia river; thence along said divide to the main Yakima, eight miles below the mouth of the Satus river; thence the Yakima river to the point of beginning, together with all tracts of land outside the boundaries described above that are held by the United States in trust for the Yakima Indian Nation or for any member of the Yakima Indian Nation. Current records of all such off-reservation trust lands are maintained in the offices of the Bureau of Indian Affairs in Toppenish, Washington.

FOR FURTHER INFORMATION CONTACT: Vincent J. Hearng, Deputy Assistant Secretary for Administration.

National Park Service

Gateway National Recreation Area; Public Discussion

Notice is hereby given that a series of public discussions concerning access improvements to Gateway National Recreation Area will be conducted at a series of meetings, the time and location listed below.

Public Law 95-344, Title III, approved on August 15, 1978, authorizes the National Park Service to develop plans and projects to improve access to units of the National Park System.

The series of meetings will be scheduled to receive public comment on improving access to Gateway National Recreation Area located in New York and New Jersey. Two sets of meetings will be held in each state in accordance with the law.

The first set of meetings will be held to inform the public on the intentions of the National Park Service and give the public an opportunity to respond and recommend plans. The schedule for this set of public discussions will take place as follows: in New York, the meetings will be held at 7:00 p.m. on Monday, February 25, 1980, at the Staten Island Unit, Great Kills conference room, Staten Island, New York; and at 7:00 p.m. Wednesday, February 27, 1980 at the Jamaica Bay Unit, access room, Building #22, Floyd Bennett Field, Brooklyn, New York.

In New Jersey, the meeting will be held at 7:00 p.m. on Thursday, February 28, 1980, at the Sandy Hook Unit Chapel, Sandy Hook, New Jersey.

The second set of meetings will inform the public on proposed National Park Service plans with an additional chance for public involvement and response. The schedule for this set of public discussions will take place as follows: In New York, the meetings will be held at 7:00 p.m. on Monday, March 24, 1980, at the Staten Island Unit, Great Kills conference room, Staten Island, New York; and 7:00 p.m. on Wednesday, March 28, 1980 at the Jamaica Bay Unit conference room, Building #272, Floyd Bennett Field, Brooklyn, New York.

In New Jersey, the meeting will be held at 7:00 p.m. on Thursday, March 27, 1980, at the Sandy Hook Unit Chapel, Sandy Hook, New Jersey.

All interested persons are invited to attend and participate in the discussions. However, facilities and space to accommodate members of the public are limited and persons will be accommodated on a first come, first served basis.

Individuals and/or groups who wish to speak or make a presentation, should
Fort Caroline National Memorial Land Acquisition Plan; Public Forum

In accordance with guidelines issued by the Director of the National Park Service in the Federal Register (Vol. 44, No. 82) on April 26, 1979, the Superintendent of Fort Caroline National Memorial announces an open house for the purpose of providing a public forum to receive oral and written comment on a draft land acquisition plan for the park.

The draft plan will outline, in general terms, the overall goals and strategy for the park land acquisition program and identify specific land acquisition priorities within existing statutory limitations.

The open house will be held as follows: Friday, February 22, 1980, 1:00 to 5:00 p.m. and 7:00 to 9:00 p.m. Fort Caroline National Memorial, 12713 Fort Caroline Road, Jacksonville, Florida 32225.

Persons desiring further information about the open house can write or call the Superintendent, Fort Caroline National Memorial, 12713 Fort Caroline Road, Jacksonville, Florida 32225, (904) 641-7155. In addition, copies of the draft plan are available from the Superintendent.

Following the public forum, the record will remain open for 30 days to receive additional written comment. A land acquisition plan will then be completed and transmitted to the Regional Director, Southeast Region for approval.

DATED: January 16, 1980.

Neil G. Guse, Jr.,
Acting Regional Director, Southeast Region, National Park Service.
Federal Register / Vol. 45, No. 19 / Monday, January 28, 1980 / Notices

6481

determine whether any of the applicants for a crude oil transportation system that would serve Northern Tier and Inland States is in the national interest. Based on his concern for the potential crude oil supply deficiencies in the Northern Tier States and economic and energy security factors, the President has decided that a west-to-east transportation system is in the national interest.

On January 17, 1980, the President decided to accept the recommendation of Secretary of the Interior Cecil D. Andrus and approved the proposal of the Northern Tier Pipeline Company for purposes of Sections 508, 509, 510 and 511 of Title V. These sections confer special procedural and other opportunities on Northern Tier while it seeks the financial backing and throughput agreements to permit the system's construction. If Northern Tier is unable to secure adequate financial support by January 17, 1981 (within a year from the date of the President's approval), or six months following the Washington State Energy Facility Site Evaluation Council's decision (if it is favorable), whichever is longer, the Trans Mountain Oil Pipeline Corporation will be given an opportunity to take similar advantage of the same Title V provisions.

The President found Trans Mountain's proposal to be an attractive alternative which also, on balance, would be in the public interest. Although it does not yet have formal Canadian Energy Board approval, it will require fewer permits in the U.S. and thus has less need for Title V treatment. This decision has been made following a thorough review and analysis of reports prepared by the Department of the Interior, the Department of Energy, the Federal Trade Commission, and the Council on Environmental Quality, as well as consultations with the Secretaries of the Interior, Energy and Transportation, and the Canadian government. This process has also involved substantial public input over the last several months and Congressional consultations.

The President's approval of the Northern Tier Pipeline system confers the opportunity to obtain an expedited review and issuance of permits, and limited judicial review. It does not assure the ultimate construction of either the Northern Tier or Trans Mountain proposal. The Federal government will not be financing or constructing these proposed pipelines. No Federal funds are or will be involved.

The ultimate decision as to whether or not a west-to-east crude oil transportation system will be constructed cannot be made by the President, but will be a decision arrived at solely by private financial markets. The proper role of the Federal government in this case is to make certain that public concerns are being looked after, specifically those concerns related to the environment, national energy and economic security, and the maintenance of competitive markets. During the last several months, the government has ensured that the major issues of the public welfare have been properly addressed.

The President's selection of the Northern Tier proposal is based on the public interest concerns mentioned. The system routing could move Alaskan, California and foreign crude oil to Northern Tier refineries which will in the next decade suffer a deficit in refinery stock without additional transportation capacity. This proposal is the only one which has the advantage of a capability to transport indigenous Northern Tier oil from the Williston Basin and Overthrust Belt areas.

The Northern Tier proposal provides the greatest energy transportation flexibility since it not only can receive oil from the greatest number of sources, but it also possesses the largest volume capacity. The location of the line entirely within the United States also provides a national security advantage. The Northern Tier line could be operational sooner than any other proposal and would provide employment for thousands of Americans as well as spurring business opportunity and enhancing local tax bases.

The Canadian government strongly supported the Northwest Energy Company (Foothills) proposal. In his October 15, 1979, letter to the President setting forth his recommendations on the four competing west-to-east pipeline proposals, Secretary Andrus recommended that the President not approve the Foothills all-land proposal because it is the least flexible alternative system in that it relies entirely on Alaskan crude oil, because it could not deliver the sweet crude also needed by northern tier refineries, because of project high capital costs and tariffs, and for other reasons. The President agreed with that assessment and so informed the Canadian government. Canada then informed the Federal government of its support (subject to approval of the Canadian Energy Board) for the Trans Mountain system and strongly urged its approval.

The President's approval of the Northern Tier proposal is conditioned on one significant system modification: the pipeline company will be required to make the pipeline physically available to the four major Puget Sound refineries by constructing the necessary connecting lines. At the request of the President's Advisor on Domestic Affairs and Policy, the Justice Department reviewed the issue of "hook-up" of a west-to-east pipeline to the refineries; the Department questioned the President's authority to require a "hook-up." Accordingly, the President chose to require that the connecting lines be constructed and strongly urges the refineries to agree to this "hook-up." If necessary, the Administration will support legislation to achieve this condition. "Hook-up" will significantly reduce tanker traffic in the Interior of the Sound and thus diminish significant potential environmental hazards to both American and Canadian waters and their rich marine resources.

If the Trans Mountain proposal is eventually approved for purposes of Title V, the pipeline "hook-up" condition will be applicable to it.

In his initial recommendation to the President, Secretary Andrus proposed that the Northern Tier Pipeline Company's approval be conditioned on the relocation of the part facility to some point west of Port Angeles based on environmental concerns. After Secretary Andrus' October 15, 1979, recommendation, several facts came to his attention which convinced him that Port Angeles may be as acceptable a location for a marine terminal as any potential site westward of that location.

He informed the President of this change in recommendation in a memorandum dated December 10, 1979. By memorandum dated November 6, 1979, the Environmental Protection Agency made a similar finding. While the Washington State Energy Facility Site Evaluation Council may properly find that relocation of the port is necessary, the Federal government will not impose such a condition.

The President also requested the Secretary of the Interior to ensure, by stipulation in the grant of right-of-way, if necessary, that the integrity of the Dungeness Spit and the Dungeness Spit National Wildlife Refuge is maintained prior to issuance of any right-of-way.

The President also determined that it is in the national interest to require the Northern Tier Pipeline Company to assure equal opportunity, through affirmative action, in employment and business participation by minorities. If the Trans Mountain proposal is eventually approved, this affirmative action condition will be applicable to it.

The President's decision in no way preempts the laws of any State in which the Northern Tier pipeline proposal
The President has deemed it necessary to adopt a decision as to the nature and route of crude oil pipelines to be built to meet the needs of the oil industry. This decision, which will be carried out by the Department of the Interior, will be based upon a study of the conditions prevailing in the countries of origin and destination of crude oil and the economic uncertainties surrounding the building of such pipelines.

To ensure that the conditions are carried out, the President directed the Department of the Interior to implement this decision and to build a west-to-east crude oil pipeline. The decision was made in the interest of national security and the efficient use of our oil resources. The Department of the Interior will provide reliable answers to these economic uncertainties by Federal agencies.

Section 507(c) of Title V requires that the President make available to the public at the time of issuance of a decision under this section a written statement setting forth findings with respect to each of the criteria specified in subsection (b) and describing the nature and route of crude oil transportation systems. The President has adopted a report to the President, West to East Crude Oil Transportation Systems, a document prepared by the Department of the Interior. Copies of the report may be obtained at the office of the Commission, Section, of Dockets, by requesting docket No. AB 32 (SDM).

Agatha L. Mergenovich, Secretary.

Expedited Procedures for Recovery of Fuel Costs

Decided: January 22, 1980.

In our decisions of January 8 and 15, 1980, an 11.5-percent surcharge was authorized on all owner-operator traffic, and on all truckload traffic whether or not owner-operators were employed. We ordered that all owner-operators be required to receive compensation based on this level.

Although the weekly figures set forth in the appendix for transportation performed by owner-operators and for truckload traffic is 11.6 percent, we are authorizing that the 11.5-percent surcharge on this traffic remain in effect. All owner-operators are to continue to receive compensation at the 11.5-percent level. In addition, no change will be made in the existing authorization of a 2.0-percent surcharge on less-than-truckload (LTL) traffic performed by carriers not utilizing owner-operators. In the authorization of a 4.4-percent surcharge for the bus carriers.

Notice shall be given to the general public by mailing a copy of this decision to the Governor of each State and to the Public Utilities Commissioners or Boards of each State having jurisdiction over transportation, by depositing a copy in the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., for public inspection, and by delivering a copy to the Director, Office of the Federal Register, for publication therein.

It is ordered: This decision shall become effective Friday, 12:01 a.m., January 25, 1980.

By the Commission, Chairman Gaskins, Vice Chairman Gresham, Commissioners Stafford, Clapp, Trantum, and Alexis.

Agatha L. Mergenovich, Secretary.

Fourth Section Applications for Relief

These applications for long-and-short-haul relief have been filed with the I.C.C.

Protests are due at the I.C.C. on or before February 12, 1980.

FSA 34791, Western Trunk Line Committee, Agent No. A-2761, on liquid fertilizer, in tank cars, from Table Rock, Wyoming to stations in Western Trunk Line Territory in Supplement 337 to its tariff ICC WTL 3120-L, to become effective February 12, 1980. Grounds for relief—market competition.

FSA 34792, Far Eastern Shipping Company's No. 16, general commodities in marine type trailers or containers. Between rail carrier terminals on the U.S. Atlantic and Gulf Coast and foreign ports of call including those in Japan, Hong Kong, Australia, the Philippines, Singapore, Thailand and West Malaysia by way of rail/ocean interchange ports on the U.S. West Coast in its tariff ICC FACU 600, effective February 17, 1980. Grounds for relief—water competition.

By the Commission.

Agatha L. Mergenovich, Secretary.

Operating Rights Application(s) Directly Related to Finance Proceedings

The following operating rights applications(s) are filed in connection with pending finance applications under...
section 11343 (formerly section 5[2]) of the Interstate Commerce Act, or seek
attachment and/or gateway elimination in connection with transfer applications
under section 10925 (formerly section 212(b)) of the Interstate Commerce Act.

On applications filed before March 1, 1979, an original and one copy of
a protest to the granting of authorities
be filed with the Commission on or
before February 27, 1980. Such protests
shall conform with Special Rule 247(e)
of the Commission's General Rules of
Practice [49 CFR 1100.247] and include a
concise statement of protestant's
interest in the proceeding and copies of
its conflicting authorities.

Applications filed on or after March 1, 1979, are governed by Special Rule 247
of the Commission's General Rules of
Practice also but are subject to petitions
to intervene either with or without
leave. An original and one copy of
the petition must be filed with the
Commission on or before February 27,
1980. A petition for intervention must
comply with Rule 247(k) which requires
petitioner to demonstrate that it (1)
holds operating authority permitting
performance of any of the service which
the applicant seeks authority to perform,
(2) has the necessary equipment and
facilities for performing that service and
(3) has performed service within the
scope of the application either (a) for
those supporting the application, or, (b)
where the service is not limited to the
facilities of particular shippers, from and
to, or between, any of the involved
points. Persons unable to intervene
under Rule 247(k) may file a petition for
leave to intervene under Rule 247(l)
setting forth the specific grounds upon
which it is made, including a detailed
statement of petitioner's interest, the
particular facts, matters, and things
relied upon, the extent to which
petitioner's interest will be represented
by other parties, the extent to which
petitioner's participation may
reasonably be expected to assist in the
development of a sound record, and the
extent to which participation by
petitioner would broaden the issues or
delay the proceeding.

Verified statements in opposition
should not be tendered at this time.
A copy of the protest or petition
to intervene shall be served concurrently
upon applicant's representative or
applicant if no representative is named.

Each applicant states that approval of
its application will not significantly
affect the quality of the human
environment nor involve a major
regulatory action under the Energy

Eden, and return over the same route. (6)
Between Greensboro, NC and Mebane,
NC; From Greensboro over U.S. Hwy 70
to junction NC Hwy 119, then over NC
Hwy 119 to Mebane, and return over the
same route; From Greensboro over
Interstate Hwy 85 to junction NC Hwy
119, then over NC Hwy 119 to Mebane,
and return over the same route. (7)
Between Greensboro, NC and Mebane,
NC; From Greensboro over U.S. Hwy 70
32, then over U.S. Hwy 70 to Jonesboro
then over NC Hwy 14 to Eden, and return
over the same route; From Charlotte
over Interstate Hwy 85 to Greensboro,
then over U.S. Hwy 29 to Reidsville,
then over NC Hwy 14 to Eden, and return
over the same route.

Note.—The purpose of filing this
application is to convert irregular route
authority to regular route authority. This
application is directly related to MC-F-13978,
published in the Federal Register

MC 117301 (Sub-41F), filed July 25,
PAFILE TRUCK LINES, 5735 North
South Highway, Lewiston, ID 83501.
Representative: George R. Labissoniere,
1100 Norton Building, Seattle, WA 98104.
Authority sought to operate as a
common carrier by motor vehicle over
irregular routes transporting; Heavy
machinery, mining equipment, mining
supplies, mining ores, not including coal,
such commodities as are dealt in by
wholesale and retail grocers, such
commodities as are dealt in by
wholesale and retail hardware stores,
and contractors equipment, materials
and supplies, between points in ID, WA,
OR and that part of MT west of a line
extending in a northerly direction from
Monida Pass, MT to the United States-
Canada boundary line near Babb, MT.
Restriction: The service authorized and
the route description shown above is
restricted against the transportation of
the above specified commodities where
either the origin or destination or both is
a mine or a mining camp. Hides, pelt
and tallow from Wallace, ID to Spokane,
WA with no transportation for
compensation on receipt except as
otherwise authorized. General
Commodities, except those of unusual
value, Class A & B explosives,
household goods as defined by the
Commission, commodities requiring
special equipment and those injurious or
contaminating to other lading between
points in Jackson County, OR, on the
one hand, and, on the other, points
including Hills, CA and that part of
Siskiyou County, CA on and west of
U.S. 99.

Note.—The purpose of filing this
application is to eliminate Jackson County,
OR. This matter is directly related to MC-F-
14094F, published in the Federal Register
issue of August 8, 1979.

MC 121087 (Sub-No. 3), filed June 21,
1979. Applicant: EXPLOSIVES
CARRIER, INC., 8212 S. Bryant,
Oklahoma City, OK 73129.
Representative: C. L. Phillips, Room 248,
Classen Terrace Bldg., 1411 N. Classen,
Oklahoma City, OK 73129. Authority
to operate as a common carrier by motor
vehicle, over irregular routes,
transporting Explosives, between points
in Oklahoma.

Note.—The purpose of filing this
application is to convert a certificate of registration to a
certificate of public convenience and necessity. This matter is directly related to
MC-FC-75217 published in a previous section of this
Federal Register issue.

MC 44735 (Sub-49F), filed September
21, 1979. Applicant: KISSICK TRUCK
LINES, INC., 7101 East 12th Street,
Kansas City, MO 64126. Representative:
John E. Jandera, 641 Harrison Street,
Topeka, KS 66603. Authority sought to operate as a common carrier, by motor vehicle, over irregular routes, transporting: (1) Iron and Steel Articles, (a) Between points in KS, MO, and St. Louis, MO/East St. Louis, IL, commercial zone, on the one hand, and, on the other, points in IN, IA, MO, NE, OK, WI, and points in MN on and south of U.S. Hwy 14; (b) From points in OK and NE to points in WI, IN, points in MN on and south of U.S. Hwy 14; (c) From points in MO on and east of U.S. Hwy 63 to points in CO; (2) Heavy Machinery, Supplies and Equipment, Between points in KS and MO, on the one hand, and, on the other, points in KS, MO, OK, NE, IA, IL, and Chicago, IL commercial zone. (3) Machinery, Supplies, Materials and Equipment, used in the operation of mills manufacturing or fabricating iron or steel, From points in Lake County, IN, points in MN on and south of U.S. Hwy 14 to points in KS and MO. (Hearing site: Kansas City, MO).

Note.—This application is directly related to Kissick Truck Lines, Inc.—control and merger—W. T. Gibson Transportation, Inc. docketed MC-F-14161 published in the October 3, 1979, issue of the Federal Register. The purpose of filing this application is to eliminate the gateways of Kansas City, St. Louis, MO and Sterling, IL.

By the Commission.
Agatha L. Mergenovich, Secretary.

BILLING CODE 7035-01-M

Motor Carrier Terhory Authority Applications

The following are notices of filling of applications for temporary authority under Section 210(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR 1313.1. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the Federal Register publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the Federal Register. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" Docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of protestant's information. Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the ICC Field Office to which protests are to be transmitted.

Note.—All applications seek authority to operate as a common carrier over irregular routes except as otherwise noted.

Motor Carriers of Property

[Notice No. 241]

MC 121673 (Sub-3TA), filed December 5, 1979. Applicant: WESTERN MOTOR FREIGHT, INC., 1430 West Sheridan, P.O. Box 82065, Oklahoma City, OK 73148. Representative: John M. Swindle (same address as applicant). Common Carrier: Regular Route: General commodities, (1) between Oklahoma City, OK, and Carnegie, OK, serving the intermediate points of Hinton, Lookbea, Binger, Gracemont, Anadarko and Fort Cobb, and passing through but not serving Yukon: from Oklahoma City west on Interstate Hwy 40 to its junction with OK Hwy 281, then south on US Hwy 281 to its junction with OK Hwy 9, then west on OK Hwy 9 to Carnegie, and return over the same route; (2) between Oklahoma City, OK and Altus, OK, serving the intermediate points of Manitous, Frederick and Tipton, and passing through but not serving Lawton, Indianda and Cache: from Oklahoma City, OK southwest via the H.E. Bailey Turnpike to its junction with US Hwy 62, then west of US Hwy 62 to its junction with US Hwy 183, then south on US Hwy 183 to Frederic, OK, then west and north on OK Hwy 5 to Tipton, then west on OK Hwy 5 to its junction with US Hwy 283, then north on US Hwy 283 to Altus, and return over the same route, for 180 days. An underlying ETA seeks 90 days has been filed. Supporting shipper(s): Agrico Chemical Company, Inc., P.O. Box 3189, Tulsa, OK 74101. Send protests to: Ruth Alport, TCS, ICC, 411 W. 7th St., Sulto 600, Ft. Worth, TX 76102.

MC 125403 (Sub-11TA), filed December 18, 1979. Applicant: S.L. TRANSPORT, INC., 120 Grace Ave. (P.O. Box 290), Newark, NY 14513. Representative: S. Michael Richards, 44 North Ave., P.O. Box 225, Webster, NY 14500. Foodstuffs (except in bulk) and materials, supplies and equipment used in the manufacture, sale or distribution thereof (except in bulk), between all points in the United States (except AK and HI). Restricted to traffic originating at or destined to the facilities of Ragu Foods, Inc., for 180 days. Supporting shipper(s): Ragu Foods, Inc., 33 Benedict Pl., Greenwich, CT. Send protests to: Anne C. Siler, TA, ICC, 910 Federal Bldg., 111 West Huron Street, Buffalo, NY 14202.

MC 128543 (Sub-20TA), filed December 4, 1979. Applicant: CRESCO LINES, INC., 18900 S. Keller Ave., Crestwood, IL 60445. Representative: Edward G. Baez, 39 S. LaSalle St., Chicago, IL 60603. Contract carrier; irregular routes: Pipe, tubing, wire, fencing and parts and accessories therefor, and materials, equipment and supplies used in the manufacture and distribution of all of the aforesaid commodities (except commodities in bulk); (a) Between the facilities of Allied Tube & Conduit Corporation and Coastal Wire Warehouses, Inc., its wholly-owned subsidiary, located in Los Angeles, Orange and San Bernardino Counties, CA, on the one hand, and, on the other, points in Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, Oklahoma, South Dakota, Texas, Utah, Washington, and
Wyoming: (b) Between the facilities of Allied Tube & Conduit Corporation and Coastal Wire Warehouses, Inc., its wholly-owned subsidiary, located in Gwinnet and Fulton Counties, GA, on the one hand, and, on the other, points in and commodities which, because of size and commodities in bulk, in dump trailers, from the Mid-State Warehouse at Springfield, IL to the facilities of Monsanto Co. at Muscatine, IA, for 180 days. Supporting shipper(s): Monsanto Company, 800 N. Lindbergh Blvd., St. Louis, MO 63166. Send protests to: ICC, 219 S. Dearborn, Chicago, IL 60604.

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Reactor Safeguards; Meeting

In accordance with the purposes of Sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232 b.), the Advisory Committee on Reactor Safeguards will hold a meeting on February 7–9, 1980, in Room 1046, 1717 H Street, NW., Washington, D.C. Notice of this meeting was published on January 22, 1980.

The agenda for the subject meeting will be as follows:
Thursday, February 7, 1980
8:30 A.M.—12:00 Noon: Executive Session (Open)—The Committee will hear and discuss the report of the ACRS Chairman regarding miscellaneous matters relating to ACRS activities.

The Committee will discuss its annual report to Congress on the NRC Safety Research Program.

Portions of this session will be closed as necessary to protect information the premature disclosure of which would frustrate the Committee in the performance of its statutory function.

1:00 P.M.—2:00 P.M.: Meeting with NRC Staff (Open)—The Committee will hear and discuss proposed NRC Staff plans for study of additional engineered safety features for the Zion Nuclear Station Units 1 and 2 and the Indian Point Nuclear Station Units 2 and 3.

2:00 P.M.—6:00 P.M.: Meeting with NRC Staff (Open)—The Committee will hear and discuss presentations from members of the NRC Staff and consultants who may be present regarding proposed plans for implementation of NRC Bulletins and Orders resulting from the accident at the Three Mile Island Nuclear Plant, Unit 2.

Friday, February 8, 1980
8:30 A.M.—12:30 P.M.: Three Mile Island Nuclear Station, Unit 1 (Open)—The Committee will hear reports from and will discuss proposed plans for restart and operation of the Three Mile Island Nuclear Station, Unit 1 with representatives of the licensee and the NRC Staff.

Portions of this session will be closed as required to discuss Proprietary Information applicable to this matter.

1:30 P.M.—4:30 P.M.: Meeting with NRC Staff (Open)—The Committee will hear presentations and discuss proposed criteria for modification of containment systems making use of the Mark I pressure suppression containment concept.

Portions of this session will be closed as required to discuss Proprietary Information applicable to this matter.

4:30 P.M.—6:30 P.M.: Executive Session (Open)—The Committee will discuss its proposed report to the NRC regarding proposed changes in criteria for siting of nuclear power plants [NUREG-0625]. The Committee will also hear and discuss reports of its Subcommittees on the Scurry Nuclear Station steam generator replacement and the Wolf Creek Nuclear Plant seismic design. Saturday February 9, 1980
8:30 A.M.—4:15 P.M.: Executive Session (Open)—The Committee will continue its discussion of proposed ACRS reports regarding matters discussed during this meeting including the NRC safety research program, NRC Bulletins and Orders; criteria for Mark I containment startup; and operation of TMI, Unit 1; proposed revision of NRC siting criteria.

The Committee will hear the report of its Subcommittee on Reliability and Probabilistic Assessment and will discuss a proposed report to the House Committee on Interior and Insular Affairs regarding equipment failure rates in nuclear facilities and probabilistic assessment of selected incidents at power plants.

The Committee will hear reports from its Subcommittees on Anticipated Transients Without Scram, proposed criteria for fire protection of nuclear facilities, and changes in fuel storage racks at the LaCrosse Boiling Water Reactor. The format rule for Committee activities will also be discussed, and the Committee will complete discussion of items considered during this meeting.

Portions of this session will be closed as necessary to discuss Proprietary Information related to matters being considered and to protect information the premature disclosure of which would frustrate the Committee in the performance of its statutory function.

Procedures for the conduct of and participation in ACRS meetings were published in the Federal Register on October 1, 1979 [44 FR 59468]. In accordance with these procedures, oral or written statements may be presented by members of the public, recordings will be permitted only during those portions of the meeting when a transcript is being kept, and questions may be asked only by members of the Committee, its consultants, and Staff. Persons desiring to make oral statements should notify the ACRS Executive Director as far in advance as practicable so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements. Use of still, motion picture and television cameras during this meeting may be limited to selected portions of the meeting as determined by the Chairman. Information regarding the time to be set aside for this purpose may be obtained by a telephone call to the ACRS Executive Director (R. F. Fraley) prior to the meeting. In view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the ACRS Executive Director if such rescheduling would result in major inconvenience.

I have determined in accordance with Subsection 10(d) Pub. L. 92-463 that it is necessary to close portions of this meeting as noted above to protect Proprietary Information [5 U.S.C. 552(b)(9)(B)] and to protect information the premature release of which would frustrate the Committee in the performance of its statutory function [5 U.S.C. 552(b)(9)(B)].

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call to the ACRS Executive Director, Mr. Raymond R. Fraley (telephone 202/634-3265), between 8:15 A.M. and 5:00 P.M. EST.

Date: January 22, 1980.

John C. Hoyle,
Advisory Committee Management Officer.

[FR Dc. 80-25n Filed 1-25-80; 8:45 am]
Three Mile Island proceeding, scheduled to commence at 8:00 a.m. on Monday, February 25, 1980, will be held in Hearing Rooms A and B, Lobby Level, Harristown 2 Building, 333 Market Street, Harrisburg, Pennsylvania. The evidentiary hearing on the radon release issue in all four proceedings will commence on the following day, February 26, in the same location. Each party is to supply the Secretary to this Board, by letter mailed no later

1 See ALAB-570, 10 NRC — (November 2, 1979).
2 See ALAB-570, supra: ALAB-566, 10 NRC — (October 11, 1979).

OFFICE OF MANAGEMENT AND BUDGET

Agency Forms Under Review

Background

When executive departments and agencies propose public use forms, reporting, or recordkeeping requirements, the Office of Management and Budget (OMB) reviews and acts on those requirements under the Federal Reports Act (44 USC, Chapter 35). Departments and agencies use a number of techniques including public hearings to consult with the public on significant reporting requirements before seeking OMB approval. OMB in carrying out its responsibility under the Act also considers comments on the forms and recordkeeping requirements that will affect the public.

List of Forms Under Review

Every Monday and Thursday OMB publishes a list of the agency forms received for review since the last list was published. The list has all the entries for one agency together and grouped into new forms, revisions, extensions, or reinstatements. Some forms listed as revisions may only have a change in the number of respondents or a reestimate of the time needed to fill them out rather than any change to the content of the form. The agency clearance officer can tell you the nature of any particular revision you are interested in. Each entry contains the following information:

The name and telephone number of the agency clearance officer (from whom a copy of the form and supporting documents is available);

The office of the agency issuing this form;

The title of the form;

The agency form number, if applicable;

Who is the person or office responsible for OMB review.

Reporting or recordkeeping requirements that appear to raise no significant issues are approved promptly. Our usual practice is not to take any action on proposed reporting requirements until at least ten working days after notice in the Federal Register but occasionally the public interest requires more rapid action.

Comments and Questions

Copies of the proposed forms and supporting documents may be obtained from the agency clearance officer whose name and telephone number appear under the agency name. The agency clearance officer will send you a copy of the proposed form, the request for clearance (SF83), supporting statement, instructions, transmittal letters, and other documents that are submitted to OMB for review. If you experience difficulty in obtaining the information you need in reasonable time, please advise the OMB reviewer to whom the report is assigned. Comments and questions about the forms on this list
should be directed to the OMB reviewer or office listed at the end of each entry. If you anticipate commenting on a form but find that time to prepare will prevent you from submitting comments promptly, you should advise the reviewer of your intent as early as possible.

The timing and format of this notice have been changed to make the publication of the notice predictable and to give a clearer explanation of this process to the public. If you have comments and suggestions for further improvements to this notice, please send them to Stanley E. Morris, Deputy Associate Director for Regulatory Policy and Reports Management, Office of Management and Budget, 726 Jackson Place, Northwest, Washington, D.C. 20503.

OFFICE OF THE SPECIAL REPRESENTATIVE FOR TRADE NEGOTIATIONS
Generalized System of Preferences; Information on Imports During First 10 Months of 1979

This notice is for information only, and has no legal effect. It is provided in order to inform the public of certain import statistics covering the period of January through October 1979. These statistics are relevant to the "competitive-need" limits set forth in section 504(c) of the Trade Act of 1974 (19 U.S.C. 2464(c)), pertaining to the Generalized System of Preferences (GSP). Those limits provide, in effect, that any GSP beneficiary country that exported to the United States during the most recent calendar year a quantity of any one GSP eligible article in excess of (1) $25 million, adjusted annually to reflect changes in the U.S. Gross National Product, or (2) 50 percent of total U.S. imports of the article, is to cease receiving duty-free treatment under GSP for such article not later than 90 days after the close of that calendar year.

Based on preliminary data, subject to revision, the dollar limit cited in the preceding sentence is expected to be approximately $41.0 million for calendar year 1979.

Section 1111 of the Trade Agreements Act of 1979 amends section 504(c)(1)(B) of the Trade Act of 1974 so that the President may disregard the 50 percent "competitive-need" limit with respect to any eligible article if the value of total imports of the article during the most recent calendar year did not exceed $1 million, adjusted annually to reflect changes in the U.S. Gross National Product.

An Executive order will be issued to be effective March 31, 1980, making the adjustments that are required by section 504(c) of the Trade Act, on the basis of official data covering all of calendar year 1979. Such data are not currently available. It should be emphasized that the information set forth below covers only the first ten months of 1979. While this is not complete information on which adjustments will be based, it is being published now in order to provide the maximum possible advance indication as to adjustments that may be made to meet requirements of section 504(c) of the Trade Act.

List I below shows how the "competitive-need" list of countries ineligible to receive GSP benefits for particular articles might look if that list were based on data covering the period January through October 1979. In fact, the "competitive-need" list that will become effective on March 31 will be based on data for the full twelve months of 1979, so that List I below is indicative only and is subject to change.

List II below shows countries which, on the basis of data for the first ten months of 1979, were close to exceeding the "competitive-need" limits for particular articles, but which had not actually exceeded those limits.

List III below shows countries which supplied 47 percent or more of GSP eligible articles, based on data for January–October 1979, and where the total value of U.S. imports did not exceed $1 million.

The column headed "TSUS" in the Lists below sets forth item numbers of the Tariff Schedules of the United States (19 U.S.C. 1202), representing categories of imported articles.

William B. Kelly, Jr., Chairman, Trade Policy Staff Committee.

BILLING CODE 3190–01–M

1The Office of Management and Budget has acted on this form prior to the usual 10-day time allotted for clearance, because it is important for the Regulatory Council to obtain comments from users of the Calendar of Federal Regulations. In order to incorporate those comments in the next edition of the Calendar, the reply card is a simpler version of a comment form which OMB previously approved. In December.

2These forms will be acted on before 10 days have elapsed. A notice of request for approval was originally published in the Federal Register, Vol. 44, No. 213, page 63570 on November 1, 1978.
LIST I

GSP eligible articles for which a beneficiary country supplied--

a) 50 percent or more of U.S. imports in January-October 1979 and
the total value of U.S. imports during this period exceeded
$1 million, or

b) imports valued at $41 million or more during that period.

SECURITIES AND EXCHANGE COMMISSION

[Rel. No. 16518; File No. 4-281]

American Stock Exchange, Inc., et al.; Application Pursuant to Securities and Exchange Act of 1934; Order

January 22, 1980.

The Securities and Exchange Commission hereby issues an order, pursuant to Section 11A(a)(3)(B) of the Securities Exchange Act of 1934 (the "Act"), providing the authorization to certain self-regulatory organizations to act jointly, in accordance with the terms of a plan, as amended, with respect to matters as to which they share authority under the Act in planning, developing, operating and regulating a national market facility consisting of a consolidated quotation system ("quotation system"). This order authorizes those self-regulatory organizations to implement that facility on a permanent basis as a means of facilitating the establishment of a national market system in accordance with the requirements of Section 11A of the Act.

I. Introduction and Background

On January 26, 1978, the Commission adopted Rule 11A(a)-1 (the "Rule") under the Act which requires that every national securities exchange ("exchange") and national securities association ("association") establish and maintain procedures to collect, process and make available to vendors quotations (including size in reported securities, i.e., securities as to which transaction information is reported in the consolidated transaction reporting system ("consolidated system")) (1).

In adopting the Rule, the Commission requested that the various self-regulatory organizations consider joint implementation of the Rule through the creation of a unified data stream of quotations from all market centers. In response to the Commission's request, on July 25, 1978, the New York Stock Exchange, Inc. ("NYSE") and the American Stock Exchange, Inc. ("Amex") filed with the Commission a "Plan for the Purpose of Implementing Rule 11A(a)-1 under the Securities Exchange Act of 1934" ("CQ Plan" or "Plan"). The CQ Plan was established to govern the collection, processing and disseminating of quotation information by participation market centers, (ii) provided for selection and evaluation of an exclusive processor to collect quotation information from the participating market centers and to make that information available to quotation vendors in a single data stream, and (iii) establish fees relating to the receipt of quotation information.

On July 28, 1978, the Commission issued an temporary order, pursuant to Section 11A(a)(3)(B) of the Act, authorizing any self-regulatory organization executing the Plan (collectively, "participants") (2) to act jointly in operating and regulating the quotation system in accordance with the terms of the Plan for 180 days from the date of the order. On January 24, 1979, the Commission issued an order ("CQ Plan Extension Order"), pursuant to Section 11A(a)(3)(B), extending its approval of the CQ Plan for an additional year. (3)

On August 1, 1978, following the Commission's temporary approval of the CQ Plan, the NYSE, Amex, Boston Stock Exchange, Inc. ("BSE"), Midwest Stock Exchange, Inc. ("MSE"), Pacific Stock Exchange, Inc. ("PSE") and Philadelphia Stock Exchange, Inc. ("Phlx") began disseminating quotations in a single data stream pursuant to the terms of the CQ Plan. (4) The National Association of Securities Dealers, Inc. ("NASD") became a participant on December 15, 1978, and began disseminating third-market quotations to the Securities Industry Automation Corporation ("SIAC"), the processor of the CQ Plan data stream, on February 20, 1979. In addition, the Cincinnati Stock Exchange, Inc. ("CSE") has recently signed the CQ Plan and is scheduled to begin disseminating quotations to SIAC by February 2, 1980. A complete copy of the Plan, as amended, and all comments received with respect thereto are available for public inspection at the Commission's Public Reference Room, Room 6101, 1101 L Street, N.W., Washington, D.C. (5)

CQ Plan Amendments

On November 20, 1979, the Plan participants submitted to the Commission various proposed amendments to the CQ Plan, which were published for comment in the Federal Register. (6) These proposed amendments to the Plan include the following:

(a) Amendments Relating to NASD Participation in the Plan—The Plan participants have proposed the amendment of Sections II(J), V(d), VI(d) and IX(c) of the Plan and the addition of a new Section III(d) to the Plan. Among other things, these proposals would provide that at some future date the Plan may be amended and submitted to the Commission for approval: (i) to provide for a "CQ Network C" for unlisted, over-the-counter NASDAQ securities; (ii) to name the NASD as the network's administrator, with all of the rights and authority with respect to "CQ Network C" that the networks' administrators for CQ Networks A and B have under the CQ Plan with respect

2 In addition to the NYSE and Amex, the following self-regulatory organizations have joined the CQ Plan to date: The Boston Stock Exchange, Inc., Cincinnati Stock Exchange, Inc., Pacific Stock Exchange, Inc., Philadelphia Stock Exchange, Inc., Midwest Stock Exchange, Inc., and the National Association of Securities Dealers, Inc.
5 Certain of these exchanges actually began dissemination of quotations through the CQ Plan data stream prior to August 1, 1978, in connection with their participating in the Intermarket Trading System ("ITS").
6 See File No. 4-231.
to their respective networks; (iii) to properly allocate income and expenses in relation to unlisted, over-the-counter NASDAQ securities; and (iv) to make such other changes as deemed necessary at that time.

(b) Amendments Relating to the Regulatory Halt Provision.—The Plan participants have proposed the deletion of Section IX(a) of the Plan and the amendment of Section IX(b) of the Plan. Section IX(a) of the Plan, as originally filed with the Commission, provided that, during a regulatory halt of trading in a security called by the “primary” exchange, all Plan participants must cease making available quotation information in that security to the Plan processor. The Commission determined to condition its temporary authorization of the Plan to the Plan participants implementing this provision of the Plan and requested the Plan participants to execute and file amendments to the Plan eliminating this provision. The amendment to Section IX(b) of the Plan would provide that each Plan participant shall be authorized to suspend the furnishing of quotation information in any “eligible security” for any reason deemed adequate by it. Any Plan participant which so suspends furnishing of quotation information shall immediately advise the Plan processor of its actions and reasons therefor.

(c) Amendments Relating to Financial Arrangements Among the Participants.—The Plan participants have proposed the amendment of Section X(b)(i) of the Plan. Section X(b) of the Plan provides for the sharing of income and expenses associated with making available Network A and Network B quotation information. Specifically, as to each network, it provides that a participant’s “Annual Share” of net income for any calendar year will be measured by the number of transactions reported by that participant during that year in the consolidated system as compared with all transactions reported by all participants during that year. The amendment would modify the definition of the term “Annual Share” to exclude those transactions reported in those securities as to which an exemption has been granted to a participant from the requirements of the Rule.

Fees for Consolidated Quotations
In the CQ Plan Extension Order, the Commission expressed its concern regarding the fee structure established by the CQ Plan. The CQ Plan established a fee schedule for subscription to consolidated quotation information which creates a permanent two-tiered structure for Network A and Network B quotations. Under the two-tiered structure, subscribers to either network who are members of a participant in the CQ Plan (i.e., reporting exchanges and the NASD) are charged a lower fee than are subscribers who are not members of at least one of the participants. In the case of Network A, the rate for subscribers who are not members of participants is more than 50% higher than the rate for members of participants. For Network B, the disparity is approximately 5%. In addition, for a period of six years, commencing on August 1, 1978, NYSE members subscribing to Network A are charged a fee which is lower than the fee charged to members of other networks. During the six-year period, the fee charged to members of the NYSE will gradually increase and, at the conclusion of this period, members of all participating market centers will be charged an identical fee.

The Commission continues to be concerned by the absence of a uniform fee structure for subscribers of quotation information (whether they are NYSE members, members of participating market centers or persons who are not members of any participant); however, the Commission believes that the permanent approval of the CQ Plan is not the appropriate context in which to address the generic questions of fee structures for national market system facilities.

It is hereby ordered, pursuant to Section 11A(a)(3)(B) of the Act, that the self-regulatory organizations named above are authorized to act jointly in planning, developing, operating or regulating the quotation system in accordance with the terms of the CQ Plan, as amended.

By the Commission.

George A. Fitzsimmons,
Secretary.

BILLING CODE 6015-01-M

[Rel. No. 11025; 812-4536]

American Variable Annuity Life Assurance Co. et al.; Application for an Order Granting Exemptions

January 18, 1980.

In the matter of American Variable Annuity Life Assurance Company, the A.V.A. Income Fund, the A.V.A. Qualified Income Fund, American Variable Annuity Fund and SMA Equities, Inc. 440 Lincoln Street, Worcester, MA 01605 (812-4530)

Notice is hereby given that American Variable Annuity Life Assurance Company (the “Company”), its separate accounts, the A.V.A. Qualified Income Fund (“AVAQIF”), the A.V.A. Income Fund (“AVAIF”) and American Variable Annuity Fund (“AVAF”) (AVAQIF, AVAIF and AVAF hereinafter collectively referred to as the “Funds”) and SMA Equities, Inc. (“SMAE”) the principal underwriter for the Funds, the Company, the Funds and SMAE collectively referred to herein as “Applicants” filed an application on September 13, 1979 and Amendment No. 1 thereto on December 23, 1979 for an order pursuant to Section 6(c) of the Investment Company Act of 1940 (the “Act”) granting exemptions from Sections 2(a)(32), 2(a)(35), 22(c), 27(e)(1), 27(c)(2), and 27(d) of the Act and Rule 22c-1 thereunder, to the extent necessary or appropriate to permit applicants to offer the variable annuity policies described in the application. All interested persons are referred to the application on file with the Commission for a statement of the facts and representations therein, which are summarized below.

Introduction

The Company is a stock life insurance company organized under the provisions of the Delaware Insurance Code in July, 1974 with its principal operational office located in Worcester, Massachusetts. It is the successor in interest by virtue of merger to the stock life insurance company of the same name which was incorporated in the State of Arkansas in January, 1967. The Company is wholly-owned subsidiary of State Mutual Life Assurance Company of America (“State Mutual”), a mutual life insurance company incorporated under the laws of the Commonwealth of Massachusetts in 1848. The Company is registered as a broker-dealer under the Securities
Exchange Act of 1934 and is a member of the National Association of Securities Dealers ("NASD").

The Funds are registered under the Act as open-end management investment companies. The Funds are separate accounts of the Company maintained pursuant to Section 2033 of the Delaware Insurance Code for the purpose of holding certain assets as reserves for certain of the Company's variable annuity policies. Each Fund constitutes a "separate account" as defined in Section 2(a)(37) and Rule 0-1(e) under the Act and complies with the conditions for availability of the exemptive rules referred to therein.

All series of the Company's variable annuity policies permit purchase payments to be allocated to AVAF. The principal investment objective of AVAF is to select investments from the viewpoint of a prudent investor concerned primarily with longterm growth of capital in relation to the expansion of the economy and the changing value of the dollar. Assets of AVAF will normally consist of a diversified portfolio of common stocks and other equity securities. Policies participating in AVAF include both those funding retirement plans entitled and those not entitled to special tax treatment under the Internal Revenue Code of 1984 ("Code").

The Company issues a series of variable annuity policies pursuant to which purchase payments may be allocated to AVAQIF or AVAIF as well as to AVAF. AVAQIF is available under contracts issued in connection with retirement plans qualifying under Section 401, 403, 408 or 457 of the Code; AVAIF is available under contracts issued in connection with retirement plans which do not qualify for special tax treatment. The principal investment objective of both AVAQIF and AVAIF is to seek as high a level of current income as is consistent with prudent investment management. The assets of AVAQIF and AVAIF will normally be invested in a diversified portfolio of fixed income securities.

SMAE serves as the principal underwriter for the Funds. SMAE is indirectly a wholly-owned subsidiary of State Mutual, organized under the laws of the Commonwealth of Massachusetts on March 27, 1969. SMAE is registered as a broker-dealer under the Securities Exchange Act of 1934 and is a member of NASD.

Applicants proposed to issue two new series of individual variable annuity policies ("Policies") to be funded by the Funds, one a "single payment" Policy ("Single Payment Policy") and the other an "elective payment" Policy ("Elective Payment Policy"). The Policies may be used for either immediate or deferred annuities. Single Payment Policies will be available for a single payment in a minimum amount of $5,000; no further payments will be accepted under such Policies. Elective Payment Policies will permit multiple purchase payments unlimited as to frequency or number but with initial and subsequent payment minimums of $600 and $50, respectively.

The $600 initial payment minimum is reduced to $50 in connection with the monthly automatic payment plan or a salary reduction/deduction arrangement. It is also reduced in connection with retirement plans qualified under Section 401 of the Internal Revenue Code where the contribution on behalf of any employee is less than $600 but more than $300 and the average annual contribution per eligible participant is at least $600.

Under each type of Policy net purchase payments may be allocated to either AVAF, AVAQIF or AVAIF, depending on whether the Policy is issued in connection with a tax favored plan or, to the general account of the Company for accumulation on a fixed basis. Prior to the annuity commencement date, amounts accumulated under the Policies may be transferred among the Funds and accumulated under the Policies may be transferred among the Funds and the Company's general account without imposition of any charge. All transfers must be with the consent of the Company and must comply with whatever maximum and minimum dollar limitations and other non-discriminatory rules restricting transfers the Company may impose.

The charge will be applied as a percentage of the total accumulated value under the Policy and in no event may the charge exceed 6.5% of the gross purchase payments. On and after the 15th Policy year no charge will be assessed on surrenders of a Single Payment Policy.

Under Elective Payment Policies, the contingent deferred sales charge would be assessed on contract surrenders during the first 14 Policy years as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 5</td>
<td>5</td>
</tr>
<tr>
<td>6</td>
<td>4</td>
</tr>
<tr>
<td>7</td>
<td>3</td>
</tr>
<tr>
<td>8</td>
<td>2</td>
</tr>
<tr>
<td>9</td>
<td>1</td>
</tr>
</tbody>
</table>

The charge will be applied as a percentage of the total accumulated value under the Policy but in no event may the charge exceed 6% of the gross purchase payments. On and after the 15th Policy year no charge will be assessed on a surrender of an Elective Payment Policy.

Hereinafter the term "Surrender Charge Period" shall be used to mean the period during which the contingent deferred sales charge would be imposed under Single Payment Policies and the period during which the contingent deferred sales charge would be imposed under Elective Payment Policies described above.

Both types of Policies would permit a Policy Owner to make a partial withdrawal of the accumulated value under the Policy at any time prior to the annuity commencement date subject to $2,000 of accumulated value remaining under a Single Payment Policy and $200 under the Elective Payment Policy. A contingent deferred sales charge will be assessed on partial redemptions in the same percentage and during the same period as the charge applicable to surrenders described above. The contingent deferred sales charge will be assessed on partial redemptions as a percentage of the amount redeemed. The amount redeemed will be the amount requested by the Policy Owner plus the amount of the charge. The amount redeemed is calculated by dividing the
amount requested by the Policy Owner by a number equal to one minus the applicable percentage of the charge. The charge is calculated by multiplying the amount redeemed by the applicable percentage of the charge. A partial redemption will result in cancellation of a number of accumulation units equal in value to the amount redeemed.

The contingent deferred sales charge will be assessed if the Policy Owner elects to begin receiving annuity payments under an option involving a life contingency during the first five Policy years or if an annuity under a period certain option is commenced during the Surrender Charge Period. The charge will be 8% under Elective Payment Policies and 6.5% under Single Payment Policies except if an annuity under a period certain option is commenced during the Surrender Charge Period, a charge will be assessed in the same percentage and during the same periods as the charge applicable to surrenders described above. In all cases, the charge will be applied as a percentage of accumulated value under the Policy but, under an Elective Payment Policy, the charge may not exceed 8% of the gross purchase payments and, under a Single Payment Policy, the charge may not exceed 6.5% of the gross purchase payments. During the first five Policy years, the value applied under an annuity option involving a life contingency or, during the Surrender Charge Period, the value applied under a period certain option will be the accumulated value under the Policy reduced by the amount of the charge. After the expiration of such periods, the value applied under an annuity option will be equal to the accumulated value under the Policy.

In no event may the total of contingent deferred annuity payments and, under a Single Payment Policy, the charge may not exceed 6.5% of the gross purchase payments. During the first five Policy years, the value applied under an annuity option involving a life contingency or, during the Surrender Charge Period, the value applied under a period certain option will be the accumulated value under the Policy reduced by the amount of the charge. After the expiration of such periods, the value applied under an annuity option will be equal to the accumulated value under the Policy.

Other Charges Under the Policies

On Elective Payment Policies a semi-annual administrative expense charge of $9 will be deducted from the accumulated value under the contract by cancelling a number of units equal in value to $9; no charge will be made if the total accumulated value under a Policy exceeds $10,000. Where the Policy Owner has allocated amounts to more than one account, a percentage of the total $9 charge will be deducted from each such account. The percentage of the charge deducted from each account will be equal to the percentage which the value in that account represents of the total accumulated value under the Policy.

On Elective Payment Policies issued-in connection with employer-sponsored retirement plans with a minimum of 25 participants, the employer, at his option, can arrange that the administrative expense charge be billed to the employer semi-annually at a rate grading downward from $9 per policy. On Single Payment Policies, an administrative charge of $50 will be deducted from purchase payments of under $10,000; no administrative charge will be made on purchase payments of over $10,000.

The charges described above are for administrative expenses incident to Policy issue and maintenance. None of the administrative expense charges are directly allocated to sales expenses.

A daily charge equivalent to 1.50% on an annual basis will be made against the assets of each of the Funds. The Policies provide that this charge can be increased or decreased by vote of the Board of Directors of the Company but in no event may the charge exceed 1.875% on an annual basis.

Of the 1.50% charge, 25% is paid to the Company's affiliate, Colonial Investment Advisory Services, Inc., for investment advisory services. 10% is to repay the contingency reserve required to be established by the Company under New York Insurance Law, 15% is for Board of Managers fees and expenses and 5% is for mortality and expense risks. The expense risk arises from the Company's guarantee that the charges it makes will not exceed the limits provided in the Policies and described in the prospectus. The mortality risk arises from the Company's guarantee of annuity rates under the Policies. The Company estimates that a reasonable allocation might be .60% for mortality risk and .40% for expense risk. These amounts represent the insurance element in the Policies.

Applicants represent that the Company does not allocate any portion of the asset charge described above to direct recovery of sales expense. The total asset charge is allocated to the general account of the Company which bears the cost of all expenses related to the contracts including mortality costs, administrative expenses, general expenses and sales expenses. However, the asset charges affect the Company only insofar as they relate to revenue from the aggregate of all the Policies as offset by the expenses attributable to all the Policies. In addition to the other charges described above the Company will make a charge for state premium taxes, where applicable. Such taxes currently range from 0% to 2.50%.

Discussion

Applicants assert that the contingent deferred sales charge under the proposed new Policies is appropriate. In the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

Applicants further assert that the contingent deferred sales charge is in the best interests of the purchasers of the Policies. Applicants have stated that, if exemption is granted, it will permit all of the purchaser's purchase payments to be invested on his behalf immediately and the purchaser would enjoy the immediate advantage of having his contributions to his Policy value increased by the amount that would have been deducted if a front-end sales charge were assessed. In addition, Applicants state that the Policy Owner has the opportunity for the growth in the value of those additional accumulation units that would not have been purchased were the sales charge deducted from the purchase payment.

Moreover, Applicants state that if a Policy Owner annuitizes under an option involving a life contingency at any time after the first 5 Policy years or under a period certain option involving a life contingency at any time after the first 5 Policy years or if an annuity under a period certain option after the expiration of the Surrender Charge Period and does not surrender the contract or make partial redemptions during the charge periods described above, contributions to the Policy will be completely free from imposition of any sales charge. Further, additional contributions made to the Elective Payment Policy after the first 14 years will be completely free of imposition of any sales charge even if withdrawn immediately.

Applicants state that the contingent deferred sales charge represents a means by which the Company can eliminate the sales charge for its deferred annuity customers with long-term persistency while providing for reimbursement to the Company of sales and promotional expenses incurred in connection with Policies whose persistency has not been sufficient to permit the Company to otherwise recoup
such expenses. The amount, the computation, and the timing of the contingent deferred sales charge are designed to protect the Company from the financial loss that would be incurred as a result of premature Policy terminations. Applicants state that the reason for imposition of the contingent deferred sales charge on Policies which annuitize under a period certain option is that this is essentially equivalent to a surrender of the policies at any time; the reason for imposition of the contingent deferred sales charge on Policies which annuitize under an option involving a life contingency within 5 years is that the Policy is not priced to permit the Company to recoup the sales and promotional expense on Policies which are used essentially as immediate annuities unless such charge is made. However, Applicants believe that it is preferable to provide for a contingent deferred sales charge on such Policies rather than a frontend sales charge because the purchaser may not be certain at the time of purchase when he or she expects to annuitize and if he or she should determine to defer annuitization by at least 5 years, and does not make a surrender, partial redemption or annuitize under a period certain option within the Surrender Charge Period, the Policy would be completely free from sales charge. In the event the purchaser decides to annuitize within the 5 year period, he or she will pay no more than he or she would have paid had the charge been front-ended. Applicants represent that the variable annuity prospectus will include full disclosure concerning the imposition of the contingent deferred sales charge so that all Policy Owners can decide whether and when surrender, withdrawal or annuitization would be advantageous.

Since the Act expressly defines and permits the assessment of a "sales load" in connection with the issuance of Investment Company securities, Applicants state they are aware of no public policy reasons that should limit the assessment of such charges exclusively to deduction at the time of purchase. To the contrary, public policy should permit the issuer to defer that charge, with the possibility that the charge might never be imposed.

Section 27(c)(2)

Applicants believe that the proposed contingent deferred sales load is consistent with the limitations contained in Section 27(c)(2). However, in order to avoid any possibility that questions might be raised as to the potential applicability of Section 27(c)(2), Applicants have requested an exemption from the operation of the provisions of Section 27(c)(2) to the extent necessary or appropriate to permit Applicants to effect their proposed pricing change.

Section 27(c)(2) of the Act makes it unlawful to sell any periodic payment plan certificate unless the proceeds of all payments on such certificates are deposited with a custodian having the qualifications prescribed in Section 26(a)(2), and are held by such custodian under an agreement containing substantially the provisions required in Section 26(a)(2) and (3) of the Act. The Policies may be deemed to be periodic payment plan certificates. However, Section 27(c)(2) excepts deductions for sales load from the requirements that the proceeds be deposited with a custodian. Applicants represent that the contingent deferred sales charge is intended specifically to reimburse Applicants for sales-related expenses. Applicants assert that the deferral of the imposition of this charge, and making it contingent upon an event which may never occur, do not change the basic nature of this charge as a sales charge to which the Section 27(c)(2) exception should apply.

Section 2(a)(35)

Applicants submit that the proposed contingent deferred sales charge is consistent with the intent of the definition of "sales load" contained in the Act. However, in order to avoid any possibility that questions might be raised as to the potential applicability of Section 2(a)(35), Applicants have requested an exemption from the operation of the provisions of Section 2(a)(35) to the extent necessary or appropriate to permit Applicants to offer the proposed Policies. Section 2(a)(35) defines "sales load" as the difference between the price of a security to the public and that portion of the proceeds from its sale which is received and invested, less any portion of such difference deducted for trustee's or custodian's fees, insurance premiums, issue taxes, or "administrative expenses or fees which are not properly chargeable to sales or promotional activities." Clearly, Section 2(a)(35) contemplates that a "sales load" will be charged "front-end." The Company proposes to make no front-end deduction from purchase payments for sales charges. However, the Company will continue to incur expenses related to the sale of the Policies, including commissions paid to sales personnel, costs of advertising and sales promotion, costs of the prospectus allocable to new sales and sales administration. Applicants represent that the money to pay these expenses comes from the Company's general account and that the contingent deferred sales charge, therefore, would be retained by the Company to reimburse it solely for expenses related to the sale of the Policies, including commissions, costs of advertising and promotional activity, sales administration, cost of the prospectus allocable to new sales and life expenses. Applicants assert that these expenses are wholly attributable to sales and promotional activity and thus fit squarely within the Section 2(a)(35) definition of "sales load," but for the timing of the imposition of the charge. Applicants state that deferring such sales charge and making it contingent upon the occurrence of an event which might never happen (i.e., changing the timing of the imposition of the charge) permits the Policy Owner to have the increment from that part of his purchase payment which would otherwise have been deducted as a sales load, and, possibly, to escape imposition of the charge completely.

Section 22(c) and Rule 22c–1

Rule 22c–1 prohibits a registered investment company issuing a redeemable security from selling, redeeming or repurchasing any such security except at a price based on the current net asset value of such security. Applicants submit that the contingent deferred sales charge is in no way violative of Section 22(c) or Rule 22c–1 promulgated thereunder. However, in order to avoid any possibility that questions might be raised as to the potential applicability of Section 22(c) and Rule 22c–1, Applicants have requested an exemption from the operation of the provisions of Section 22(c) and Rule 22c–1 to the extent necessary or appropriate to permit Applicants to offer the proposed new Policies with the contingent deferred sales charge. The value at which a surrender or partial withdrawal is effected will be based on the current net asset value. The contingent deferred sales charge will merely be deducted at such time in arriving at the amount to be paid to the Policy Owner upon surrender or in determining the remaining accumulated value under the Policy in the case of a partial withdrawal.

Section 27(c)(1)

Section 27(c)(1) of the Act prohibits restrictions on the redemption of periodic payment plan certificates. Applicants believe that the assessment of a contingent deferred sales charge upon certain surrenders or withdrawals, which will be fully disclosed in the
prospectus, should not be construed as such a restriction on redemption. However, in order to avoid any possibility that questions might be raised as to the potential applicability of Section 27(c)(1), Applicants request an exemption from the operation of the provisions of Section 27(c)(1) to the extent necessary or appropriate to permit Applicants to effect their proposed pricing change. The Policies are clearly still redeemable securities, whether the sales charge is imposed against the purchase payment at the time of purchase, or whether such charge is deferred and made contingent upon an occurrence at a later instant during the Policy period. This is particularly true where, as here, the deferral of the contingent sales charge until a redemption is effected has the general effect of increasing the Policy value that would be available for redemption were the sales charge deducted from the purchase payment before investment on behalf of the owner.

Sections 2(a)(32) and 27(d)

Section 2(a)(32) of the Act defines a redeemable security as any security under the terms of which the holder is entitled to receive approximately his proportionate share of the issuer's current net assets, or the cash equivalent thereof. Section 27(d) of the Act requires that the holder of a periodic payment plan certificate surrender the certificate under certain circumstances with the recovery of certain front-end sales charges. Applicants submit that the imposition of the contingent deferred sales charge does not violate Section 2(a)(32) or Section 27(d). However, in order to avoid any possibility that questions might be raised as to the potential applicability of Sections 2(a)(32) and 27(d), Applicants request an exemption from the operation of the provisions of Sections 2(a)(32) and 27(d) to the extent necessary or appropriate to permit Applicants to offer the proposed Policies. Both Sections 2(a)(32) and 27(d) contemplate the assessment of a front-end sales load. For purposes of Section 2(a)(32), with a front-end load the holder's "proportionate share" would be the gross purchase payments, less sales load, plus or minus any increase or decrease in value. For purposes of Section 27(d) with a front-end load, the holder's account value would be the gross purchase payments, less sales load, plus or minus any increase or decrease in value. In each case, the net amount invested contemplates a deduction from gross purchase payments (assuming no state premium tax) and, thus, the holder's

"proportionate share" or account value, could be the gross purchase payments, plus or minus any increase or decrease in value, less the contingent deferred sales charge.

Applicants state that deferring the imposition of the sales in no way restricts the Policy Owner from receiving his proportionate share of the value of his account on surrender or redemption. The contingent deferred sales charge is merely deducted at the time of redemption in determining the proportionate share of account value, rather than being deducted from purchase payments. The Policy Owner is still entitled to his proportionate share of account value. The contingent deferred sales charge defers the timing of the imposition of the sales charge and makes the charge contingent on the occurrence of an event which might never occur (i.e., it is imposed only on certain redemptions or annuities rather than being deducted from each purchase payment). This permits the purchaser's net amount invested to be increased, with concomitant benefit to the purchaser.

Section 6(c)

Section 6(c) of the Act provides, in pertinent part, that the Commission, by order upon application, may conditionally or unconditionally exempt any person, security or transaction, or any class or classes thereof, from any provisions of the Act or its Rules and Regulations, if and to the extent necessary or appropriate in the public interest, and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

In view of the foregoing, Applicants assert that the exemptions requested are appropriate and in the public interest, are consistent with the protection of investors, and are consistent with the purposes fairly intended by the policy and provisions of the Act.

Wherefore, Applicants have requested that the Commission enter an order pursuant to Section 6(c) of the Investment Company Act of 1940 granting the exemptions requested in this Application.

Notice is further given that any interested person may, not later than February 12, 1980 at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Applicants at the address stated above. Proof of service (by affidavit or, in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following February 12, 1980 unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing or advice as to whether a hearing is ordered will receive notice of further developments in this matter including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management pursuant to delegated authority.

George A. Fitzsimmons, Secretary.
contained therein, which are summarized below.

Continental Illinois Leasing Corporation ("CILC"), a Delaware corporation and wholly-owned subsidiary of Continental Illinois Corporation, a publicly owned company, CUIC Investors Co. #12 ("CUIC"), AEIC Investors Co. #12 ("AEIC"), EFIC Investors Co. #12 ("EFIC"), and NACA Investors Co. #12 ("NACA") are Delaware corporations, which are wholly-owned subsidiaries, respectively, of CUIC Leasing, Inc., AEIC Leasing Inc., EFIC Leasing Inc., and NACA Leasing Inc. Each such leasing company is a Delaware corporation. Such leasing companies are wholly-owned subsidiaries, respectively, of Commercial Union Assurance Company, American Employers’ Insurance Company, The Employers’ Fire Insurance Company and The Northern Assurance Company of America. Each such insurance company is a Massachusetts corporation with its principal office at One Beacon Street, Boston, Massachusetts 02108. Each such insurance company is a wholly-owned subsidiary of Commercial Union Corporation, a Delaware corporation, which is a wholly-owned subsidiary of Commercial Union Assurance Company limited, a publicly owned company incorporated under the laws of the United Kingdom.

The application states that CILC proposes to invest $5 million in the transaction which is the subject matter of the application. CILC’s total assets aggregate approximately $269,000,000 as of July 31, 1979, none of which represents investments in “investment companies” within the meaning of the Act. The application states that after giving effect to this transaction, CILC’s aggregate investment in “investment companies” would constitute less than two percent of its investment portfolio. The application further states that CUIC, AEIC, EFIC, and NACA propose to invest $3,400,000, $975,000, $400,000 and $225,000, respectively, in the transaction which is the subject matter of the application. Aggregate investments of the parent insurance companies of CUIC, AEIC, EFIC and NACA are approximately $948,000,000, $263,000,000; $103,000,000 and $59,000,000, respectively, as of September 30, 1979. The application states that the aggregate investment of the Applicants and their parent companies in “investment companies” within the meaning of the Act appears to be less than $50,000 as of September 30, 1979.

The application states that Applicants will enter into a trust agreement (the “Trust Agreement”) with United States Trust Company of New York as owner trustee (the “Owner Trustee”), for the purpose of acquiring from Niagara Mohawk Power Corporation, a publicly owned electric and gas utility incorporated under the laws of the State of New York (“NMPC”), 1,600,000 shares of $25 par value ($40,000,000 total purchase price), sinking fund preferred stock (the “Preferred Stock”), of a new series pari passu with all existing and future series of NMPC preferred stock. The trust thereby created will be the NMPC Preferred Trust. The Preferred Stock will yield dividends accruing from the dates of issue thereof at the annual rate of 8.20 percent. The dividend rate may be adjusted to a maximum of 8.60 percent if certain economic or tax conditions have changed as of such dates. The purpose of the formation of the NMPC Preferred Trust is to permit the Applicants to make their pro rata investments in the Preferred Stock and to finance and account for a portion of the cost of such investment on a non-recourse basis.

The application further states that NMPC Preferred Trust’s capital will consist of $10,000,000 of equity, equal to 25 percent of the total cost of the Preferred Stock, contributed by the Applicants as the beneficial owners, in proportion to their respective interests in the NMPC Preferred Trust, and also of the proceeds of a private placement of the NMPC Preferred Trust’s 10 3/4% Secured Notes Due 2001 (the “Notes”) aggregating $80,000,000 in principal amount, to be issued under a trust indenture and security agreement (the “Indenture”) between the Owner Trustee and a corporate trustee, as indenture trustee (the “Indenture Trustee”). The Notes will be purchased by two institutional investors, Connecticut General Life Insurance Company and John Hancock Mutual Life Insurance Company (the “Purchasers”). The Notes will be secured by the Preferred Stock and, in implementation of such security interest, the certificates for the Preferred Stock will be physically delivered to the Indenture Trustee.

The application states that both the Preferred Stock and the Notes are being purchased in private placement transactions, with the Applicants representing that the stock is being acquired by the NMPC Preferred Trust for investment and not with a view to any resale or distribution thereof and, similarly, the Purchasers representing that the Notes are being acquired for investment and not with a view to any resale or distribution thereof.

The application states that the Owner Trustee will not have the power to reinvest moneys in additional securities or in any manner to vary the investment of the Applicants. Furthermore, since the Owner Trustee is required by the Trust Agreement to distribute all amounts received with respect to the NMPC Preferred Trust promptly upon receipt, in the order of priority stated in the Trust Agreement, no reinvestment of such amounts is possible.

Section 3(a) of the Act defines an “investment company” to include “any issuer” which “(1) is or holds itself out as being engaged primarily, or proposes to engage primarily, in the business of investing, reinvesting, or trading in securities” or “(2) is engaged or proposes to engage in the business of investing, reinvesting, owning, holding, or trading in securities, and owns or proposes to acquire investment securities having a value exceeding 40 per centum of the value of such issuer’s total assets (exclusive of Government securities and cash items) held on a unconsolidated basis.” The Preferred Stock constitutes “investment securities” as defined in the Act, and “issuer” as defined includes “a trust.”

Where the application states that Applicants believe that the NMPC Preferred Trust is not engaged in the “business” of investing, reinvesting, owning, holding, or trading in securities, but rather is merely a vehicle for the investment being made by the Applicants, the NMPC Preferred Trust constitutes the NMPC Preferred Trust’s only significant asset and the NMPC Preferred Trust has no function other than as set forth in the Trust Agreement in respect to the Preferred Stock, the inference could be drawn that the NMPC Preferred Trust is, primarily or otherwise, engaged in the business of “investing” or “owning” or “holding” the Preferred Stock.

Section 3(b)(2) of the Act excludes from the definition of investment company “[a]ny issuer which the Commission, upon application by such issuer, finds and by order declares to be primarily engaged in a business or businesses other than that of investing, reinvesting, owning, holding, or trading in securities.” In the alternative to issuance by the Commission of an order pursuant to Section 3(b)(2), the application requests that the Commission issue an appropriate order under Section 6(c) exempting the NMPC Preferred Trust from all the provisions of the Act and the rules and regulations thereunder. Section 6(c) of the Act provides that the Commission by order
upon application may conditionally or unconditionally exempt any person or transaction from any provision or provisions of the Act to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

The application submits that while the NMPC Preferred Trust may be regarded, literally speaking, as investing in the Preferred Stock and owing and holding the same under the terms of the Trust Agreement, looking to the realities of the transaction, these literal functions may not fairly be regarded as comprising the "business" of the trust. According to the application, the purchase of the Preferred Stock by the NMPC Preferred Trust is dictated by the investment commitment of the Applicants and represents in no manner any investment judgment on the part of the Owner Trustee. Furthermore, the provisions of the Trust Agreement prevent the Owner Trustee from disposing of the Preferred Stock or varying in any manner the investment of the Applicants, and physical control of the certificates representing the Preferred Stock will have been transferred by the Owner Trustee to the Indenture Trustee in perfection of the security interest in the Preferred Stock granted in favor of the holders of the Notes. The NMPC Preferred Trust is the vehicle through which the Applicants will have made their investment in the Preferred Stock and the function of the Owner Trustee under the Trust Agreement will be a corporate trust function, namely, that of acquiring the Preferred Stock, effectuating the financing transaction with the Purchasers (which will include surrendering possession of the certificates of the Preferred Stock) and collecting and disbursing distributions on the Preferred Stock. Under the security arrangements for the Notes, distributions on the Preferred Stock will first be applied as debt service on the Notes; any remaining distribution balances will then be disbursed to the Applicants as the return on their equity investment.

The application submits that the purchase of the Notes by the Purchasers is not the kind of transactions contemplated by the Act. Payment of the Notes will not be in any way dependent on any investment policy or activities of the Owner Trustee, and therefore the Purchasers do not require the protection afforded by the Act. Moreover, the application contends that the NMPC Preferred Trust would probably be excluded from the definition of investment company by the proposed amendment to Rule 3c-2 of the Act.

The Applicants have agreed and consented that the NMPC Preferred Trust will not issue any additional debt or any equity securities unless the Owner Trustee shall have first given written notice to the Commission describing the proposed issuance of such additional securities, at least 30 days prior to the date of such proposed issuance. If the Commission shall, after receipt of said written notice, determine that a substantial question shall exist as to whether the exemption granted by the order requested hereunder should continue, it shall mail or otherwise give notice to that effect to the Owner Trustee at its office located at 130 John Street, New York, New York 10038.

Attention: Corporate Trust & Agency Division (or at such other address as the Owner Trustee may have previously specified in writing to the Commission) within 15 days after the receipt by the Commission of said written notice from the NMPC Preferred Trust. If the Commission shall give such notice to the Owner Trustee, the NMPC Preferred Trust will not consummate the proposed issuance of such additional debt or equity securities except in accordance with an appropriate order of the Commission.

Notice is hereby given that any interested person may, not later than February 12, 1980, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Applicant(s) at the address(es) stated above. Proof of such service (by affidavit, or in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date unless the Commission thereupon orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
George A. Fitzsimmons,
Secretary.

BILLING CODE 8010-01-M

Middle South Utilities, Inc., and Middle South Energy, Inc.; Proposed Sale of Common Stock by Subsidiary to Parent Holding Company

January 18, 1980.

Notice is hereby given that Middle South Utilities, Inc. ("Middle South"), a registered holding company, and Middle South Energy, Inc. ("MSEI"), 225 Baronne Street, New Orleans, Louisiana 70112, a wholly-owned subsidiary of Middle South, have filed post-effective amendments to an application-declaration previously filed with the Commission pursuant to Public Utility Holding Company Act of 1935 ("Act”), designating Sections 6(a), 7, 8(a), 10 and 12(f) of the Act and Rules 43 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the amended application-declaration, which is summarized below, for a complete statement of the proposed transaction.

By Commission order dated December 19, 1977 in this matter (HCAR No. 20327), MSEI was authorized to issue and sell to Middle South and Middle South was authorized to purchase, from time to time, through and including December 31, 1979, 75,000 shares of MSEI's authorized but unissued common stock, no par value ("1978 Common Stock"), at a price of $1,000 per share for an aggregate cash purchase price of $75,000,000. Sales of 1978 Common Stock aggregating 3,000 shares were not sold during 1978.

By Commission order dated December 27, 1978 in this matter (HCAR No. 29849), MSEI was authorized to issue and sell to Middle South and Middle South was authorized to purchase (I) from time to time, through and including June 30, 1979, up to 10,000 shares of the 1978 Common Stock which were unsold as of December 31, 1978 ("Carryover Shares"), and (ii) from time to time through and including December 31, 1979, up to 75,000 additional shares of MSEI's authorized but unissued common stock, no par value ("1979 Common Stock").

By Commission order dated August 13, 1979 in this matter (HCAR No. 21400; 70-6051)
Sale of the Additional Shares will enable MSEI to continue construction of the Grand Gulf Project and to maintain capitalization ratios required under various agreements.

It is stated that no special or severable fees, commissions or expenses will be incurred in connection with the proposed transaction. It is further stated that no state or federal regulatory authority, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than February 21, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by the filing which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicants-declarants at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as amended or as it may be further amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices or orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons, Secretary.

BILLING CODE 8010-01-M

[Rel. No. 21406; 70-6398]

New England Power Co.; Proposed Transactions Related to Financing Construction of Pollution Control Facilities; Request for Exemption From Competitive Bidding

January 22, 1980

Notice is hereby given that New England Power Company ("NEPCO"), 25 Research Drive, Westborough, Massachusetts 01581, an electric utility subsidiary company of New England Electric System, a registered holding company, has filed an application-declaration with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating Sections 6(a) and 7 of the Act and Rule 50 promulgated thereunder as applicable to the proposed transactions. All interested persons are referred to the application-declaration, which is summarized below, for a complete statement of the proposed transactions.

NEPCO proposes to enter into a Loan Agreement ("Agreement") with the Massachusetts Industrial Finance Agency ("MIFA"), an independent public corporation empowered to issue tax-exempt pollution control bonds for the benefit of industrial enterprises, concerning the financing of certain pollution control facilities being constructed at NEPCO's Brayton Point generating station in Somerset, Massachusetts. NEPCO is converting three of the four generating units at Brayton Point from oil burning to coal and must construct pollution control facilities in order to comply with federal and Massachusetts environmental standards. It is currently estimated that the total cost of coal conversion will be approximately $175 million. NEPCO believes that about $90 million will be eligible for tax-exempt pollution control financing.

Under the Agreement, MIFA will issue bonds to the public and loan the proceeds to NEPCO, which, in turn, will issue general and refunding bonds (G & R Bonds) to MIFA in equivalent amounts with payments to be made to MIFA at such times and in such amounts as will correspond to the payments for principal, premiums and interest on MIFA's bonds. The vehicle for making payments to MIFA will be the Series C and D G & R Bonds. The proceeds of the MIFA bond sale will be deposited with a corporate trustee (the "MIFA Trustee") and will be released to NEPCO for the payment of costs, as they are incurred, of pollution control expenditures relating to the coal conversion project. NEPCO will not be a party to the underwriting agreement between MIFA and the underwriters but that agreement will provide that the terms of the bonds and their sale by MIFA shall be satisfactory to NEPCO.

In light of current high interest rates, NEPCO proposes to complete this financing in two phases. The first phase will be the issue of 3 years MIFA Bonds. The principal amount of these bonds will not exceed $90 million. The interest
rate, form and maturity of these bonds will be approved by the board of directors of MIFA. It is stated that further orders from state commissions will be necessary if the interest rate exceeds 9% per year. It is expected that the 3 year MIFA Bonds will be redeemable during the last year, however, if market conditions require, these bonds will not be redeemable prior to maturity, except upon the occurrence of certain events such as loss of tax-free status, destruction of the pollution control facilities, etc.

The second phase will be the refinancing of the 3 year MIFA Bonds with long-term bonds having a maturity of not to exceed 30 years. The structure of the 30 year financing will be similar to the 3 year financing, except for interest and redemption provisions. The 30 year MIFA Bonds will be redeemable as a whole or in part at the option of MIFA, upon 30 days notice, after the expiration of 10 years from the date of the bonds, or at any time upon the occurrence of certain events such as loss of tax-free status or destruction of the pollution control facilities. The Agreement will provide that MIFA will exercise its redemption option at NEPCO’s request. The bonds will be subject to mandatory redemption through operation of a sinking fund as may be agreed upon prior to the 30 year issue. If the 30 year MIFA Bonds are issued prior to the date when the 3 year MIFA Bonds mature or are to be redeemed, the proceeds from the long-term issue will be deposited with the MIFA Trustee who will hold the proceeds or investments thereof in trust for the benefit of the bondholders. The MIFA Trustee will, upon receipt of the proceeds, deliver an equivalent amount of the 3 year G & R Bonds to NEPCO.

NEPCO will evidence its obligations to MIFA by the delivery of G & R Bonds in principal amount equal to the principal amount of the MIFA Bonds. There will be a separate issue of G & R Bonds as part of both MIFA Bond issues in order that the interest rate, maturity and redemption provisions may be equivalent to that of the MIFA issues which they support. The first NEPCO issue will not exceed $90 million of General and Refunding Mortgage Bonds, Series C, due 1983. The Series C Bonds will be the third issue under NEPCO’s General and Refunding Mortgage Indenture and Deed of Trust (G & R Indenture) dated as of January 1, 1977 as amended and supplemented. The second issue will be not exceeding $90 million of General and Refunding Mortgage Bonds, Series D.

The G & R Indenture requires that first mortgage bonds be issued and pledged to the maximum amount permissible (less a reserve for sinking and improvement fund requirements) under the First Mortgage Indenture as additional security for all G & R Bonds. The series C and D Bonds will have a lien subordinate to NEPCO’s first mortgage bonds.

At the time Series C Bonds are issued, NEPCO will issue and pledge Series X First Mortgage Bonds, in an amount not to exceed $90 million, to a trustee under the G & R Indenture ("G & R Trustee"). This represents a first mortgage claim for the holders of G & R Bonds, including the Series C Bonds. The exact amount of the Series X Bond issue will be determined at the time the Series C Bonds are issued. The Series X Bonds will not pay interest as long as interest payments are made on the Series X Indenture. When payments of principal are made on the Series X Bonds, the debt due from NEPCO to the holders of the Series C Bonds will be reduced so there will be no double recovery.

At the time the Series D Bonds are issued, NEPCO will issue and pledge Series Y First Mortgage Bonds in an amount not to exceed $90 million. The Series Y Bonds will be pledged to the G & R Trustee as additional security for all G & R Bonds. The provisions of these bonds, except for interest rates, maturity, redemption provisions and a sinking fund, will be essentially the same as those for the Series X Bonds. The exact amount of these bonds will depend upon the property then available.

When the amount of the pledged first mortgage bonds equals the amount of G & R Bonds, the security will be equivalent to that of first mortgage bonds. No new first mortgage bonds will be issued to the public under the first mortgage bonds. No new first mortgage bonds will be issued to the public under the first mortgage indenture, however, the other provisions of the first mortgage indenture, including the improvement fund, maintenance obligations and similar protections will remain in full force. When there are no more publicly held first mortgage bonds, the first mortgage indenture will be discharged and the G & R Bonds will have a first mortgage lien.

NEPCO requests that the issuance of Series C and D Bonds be exempted from the competitive bidding requirements of Rule 55 pursuant to paragraph (a)(6) thereof, and requests exemption from such requirements for the proposed issue and pledge of Series X and Y Bonds pursuant to paragraph (a)(4) thereof. The fees and expenses to be incurred in connection with this transaction will be supplied by amendment. It is stated that the Massachusetts Department of Public Utilities, the New Hampshire Public Utilities Commission, the Vermont Public Service Board and the Connecticut Public Utilities Control Authority have jurisdiction over the proposed transactions and that no other State commission and no Federal agency has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than February 19, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, and reasons for such request, and the issues of fact or law raised by said application, and the Commission desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the applicant-declarant at the above-stated address and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application-declaration, as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons,
Secretary.

[Rel. No. 21405; 70-6405]

Vermont Yankee Nuclear Power Corp.; Notice of Proposed Short-Term Borrowing

Notice is hereby given that Vermont Yankee Nuclear Power Corporation
Bank fees of in connection with the proposed to third persons for negotiating the banks not for resale to. the public and years, will be issued to commercial promissory notes mature in less than paragraph (a)(2) since the short-term requirements of Rule 17.94%.

effective costs of borrowings would be prime rate of

compensating balances equal to rate. The Banks will require and bearing interest at the Banks' prime up to three months from date of issuance increased lines of credit such period at any one time. Itis anticipated that December 1979, Vermont Yankee had $4,000,000 in lines outstanding under those lines. Vermont Yankee requests a short-term borrowing authorization through of up to $16,000,000

Vermont Yankee claims an exemption from the competitive bidding requirements of Rule 50 pursuant to paragraph (a)(2) since the short-term promissory notes mature in less than 10 years, will be issued to commercial banks not for resale to the public and provide for no finder's fee or similar fees to third persons for negotiating the transaction.

The fees and expenses to be incurred in connection with the proposed transaction are $3,250, including legal fees of $750. It is stated that no state commission and no federal commission, other than this Commission, has jurisdiction over the proposed transaction.

Notice is further given that any interested person may not later than February 15, 1980, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail upon the deplarant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date the declaration, as filed or as it may be amended, may be permitted to become effective as provided in Rule 23 of the General Rules and Regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Corporate Regulation, pursuant to delegated authority.

George A. Fitzsimmons, Secretary.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. EX50-1; Notice 1] Lafer S.A.; Petition for Temporary Exemption from Federal Motor Vehicle Safety Standards

Lafer S.A. of Sao Paulo, Brazil, through its agent Lafer Auto Sales, Inc. of North Hollywood, California, has petitioned for a temporary exemption of its MP model from certain Federal motor vehicle safety standards on grounds of substantial economic hardship. This notice of receipt of a petition for a temporary exemption is published in accordance with NHTSA regulations on this subject (49 CFR 555.7) and does not represent any agency decision or other exercise of judgment concerning the merits of the petition.

Lafer has manufactured only 220 vehicles since 1974. It was previously granted NHTSA Exemption No. 75-24 (40 FR 59490) but apparently imported and sold no vehicles under it. Lafer now requests exemption from one to three years from 14 standards on the grounds that to require immediate compliance would cause it substantial economic hardship; its cumulative net profits for calendar years 1976-78 are slightly less than $300,000. The passenger car it intends to produce is similar to the one for which petition was previously made, a replica of the 1952 MG TD British sports car, employing a fiberglass body mounted upon a new Volkswagen chassis. A summary of its requests and explanations follows:

Standard No. 103, Windshield Defrosting and Defogging System.

Standard No. 206, Door Locks and Door Retention Components.

Standard No. 302, Flammability of Interior Materials.

With respect to all the above, Lafer believes that it does conform but requests time in which to confirm compliance through testing. It asks for a one-year exemption from Standard No. 103, a three-year exemption from No. 301-75, and two years for Nos. 206, 214, and 302.

Standard No. 205, Glazing Materials. Materials available are not certified as meeting the respective standards though a Brazilian brake hose supplier is said to provide "assurances" that those equipment items meet Federal requirements. Lafer hopes to have glazing materials tested in the U.S. while an exemption is in effect. It has asked for a one-year exemption from Standard No. 106, and two years from No. 205.

Standard No. 114, Theft Protection. The company has been unable to find a locking and warning system that complies with the standard. An exemption of three years is asked in which the company will develop a complying system.

Standard No. 124, Accelerator Control Systems. If the Environmental Protection Agency approves the Lafer's intended engine, no exemption will be needed. Lafer asks for a one-year, not excuse to cover time needed for testing an alternate engine, if that is required, plus redesign of its accelerator control system.

Standard No. 201, Occupant Protection in Interior Impact. The
company needs three years to redesign its dashboard and interior compartment door in a manner that will retain a replica appearance.

Standard No. 202, Head Restraints.
Standard No. 203, Impact Protection for the Driver from the Steering Control System.

Standard No. 207, Seating Systems. Seats and steering wheels do not meet the standards' requirements and three years is required to develop some that do.

Standard No. 208, Occupant Impact Protection. The company asks for three years in which to obtain and incorporate a suitable warning system.

In support of its petition, Lafer argues that a grant would be in the public interest by providing distribution, dealer, and service employment opportunities in the United States as well as generating tax revenues. As a specialty vehicle it is not expected to be in daily use and hence ought not to present a significant hazard to traffic safety.

Interested persons are invited to submit comments on the petition for exemption of Lafer S.A. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street, SW, Washington, DC 20590. It is requested but not required that five copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered. The application and supporting materials, and all comments received, are available for examination in the docket both before and after the closing date. Comments received after the closing date will also be filed and will be considered to the extent practicable. Notice of final action on the petition will be published in the Federal Register.

Comment closing date: February 27, 1980.

Issued on January 21, 1980.

Michael M. Finkelstein,
Associate Administrator for Rulemaking.

FOR FURTHER INFORMATION CONTACT: Mr. J. Bruce Miller, 1111 Constitution Ave. NW., Washington, D.C. 20224, (202) 660-4832—not toll free.

Note.—This document does not meet the criteria for significant regulations set forth in paragraph 8 of the Treasury Directive appearing in the Federal Register for Wednesday, November 8, 1978. Frederick F. Perdue, Director, Returns Processing and Accounting Division.

Date of issue: January 22, 1980.
Effective date: January 22, 1980.

Pursuant to authority vested in the Commissioner of Internal Revenue by Treasury Department Order 150-69 Service Center Directors are hereby authorized to issue a notice and demand for payment of any funds due the United States from any officer or employee of the Internal Revenue Service who fails to account for and pay over any amount of money or properly collected or received by them in connection with Internal Revenue Laws. If payment is not received within the time limit prescribed by the notice and demand, the unpaid amount is deemed assessed as of the date of the notice and appropriate action will be taken as required by subsection 7803(c) of the Internal Revenue Code.

The authority herein delegated may not be redelegated.

Delegation Order No. 152, issued July 10, 1976, is superseded. Willie E. Will, Acting Commissioner.

DEPARTMENT OF TREASURY
Internal Revenue Service
[Delegation Order No. 152, Rev. 1]

Collections From Delinquent Officers and Employees of the Internal Revenue Service; Revision of Delegation of Authority

AGENCY: Internal Revenue Service, Treasury Department.

ACTION: Revision of Delegation Order No. 152.

SUMMARY: Treasury Department Order No. 150-69 authorized the Commissioner of Internal Revenue to take collection actions against delinquent officers and employees of the Internal Revenue Service (IRS) by making assessments under subsection 7803(c) of the IRS Code. Delegation Order No. 152 redelegated this authority to Service Center Directors. Because of a change in the IRS Code which deleted the original Subsection 7803(c) and replaced it with contents of Subsection 7803(d), Delegation Order No. 152 (Rev. 1) changes the authority for collection delinquent accounts from officers and employees of IRS to Subsection 7803(c). The text of the delegation order appears below:

EFFECTIVE DATE: January 22, 1980.

FOR FURTHER INFORMATION CONTACT: Mr. J. Bruce Miller, 1111 Constitution Ave. NW., Washington, D.C. 20224, (202) 660-4832—not toll free.

Note.—This document does not meet the criteria for significant regulations set forth in paragraph 8 of the Treasury Directive appearing in the Federal Register for Wednesday, November 8, 1978. Frederick F. Perdue, Director, Returns Processing and Accounting Division.

Date of issue: January 22, 1980.
Effective date: January 22, 1980.

Pursuant to authority vested in the Commissioner of Internal Revenue by Treasury Department Order 150-69 Service Center Directors are hereby authorized to issue a notice and demand for payment of any funds due the United States from any officer or employee of the Internal Revenue Service who fails to account for and pay over any amount of money or properly collected or received by them in connection with Internal Revenue Laws. If payment is not received within the time limit prescribed by the notice and demand, the unpaid amount is deemed assessed as of the date of the notice and appropriate action will be taken as required by subsection 7803(c) of the Internal Revenue Code.

The authority herein delegated may not be redelegated.

Delegation Order No. 152, issued July 10, 1976, is superseded. Willie E. Will, Acting Commissioner.

[M-266 Amdt. 4; Jan. 23, 1980]

CIVIL AERONAUTICS BOARD.

Addition of item to the January 24, 1980 meeting.

TIME AND DATE: 10:30 a.m., January 24, 1980.

PLACE: Room 1027 [Open], Room 1011 [Closed], 1825 Connecticut Avenue NW., Washington, D.C. 20428.

SUBJECT: 2a. Docket 35508, 'Fitness Investigation of Pacific Alaska Airlines'.

STATUS: Open (Items 1-19); Closed (Items 20-23).

PERSON TO CONTACT: Phyllis T. Kaylor, the Secretary, [202] 673-5068.

SUPPLEMENTARY INFORMATION: It is necessary to short-notice this item in view of the fact that the statutory date for a final decision has already passed, and the Board would like to conclude this proceeding at the earliest date possible. Accordingly, the following Members have voted that agency business requires the addition of Item 2a to the January 24th agenda and that no earlier announcement of this addition was possible:

Chairman Marvin S. Cohen;
Member Elizabeth E. Bailey; and
Member Gloria Schaffer.

This memo concerns strategy and positions that have been or may be taken by the United States in ongoing negotiations with Poland. Public disclosures, particularly to foreign governments, of opinions, evaluations, and strategies relating to the issues could seriously compromise the ability of the United States Delegation to achieve agreements which would be in the best interest of the United States. Accordingly, the following Members have voted that the meeting on this subject would involve matters the premature disclosure of which would be likely to significantly frustrate implementation of proposed agency action within the meaning of the exemption provided under 5 U.S.C. 552b(c)(9)(B) and 14 CFR Section 310b.5(9)(B) and that any meeting on this item should be closed:

Chairman Marvin S. Cohen;
Member Elizabeth E. Bailey; and
Member Gloria Schaffer.

Persons Expected To Attend

Board Members: Chairman Marvin S. Cohen, Member Richard J. O'Melia, Member Elizabeth E. Bailey, and Member Gloria Schaffer.

Assistants to Board Members: Mr. David Kirstein, Mr. James L. Deegan, Mr. Daniel M. Kasper, and Mr. Stephen H. Lachter.

Managing Director: Mr. Crossword Lander.

Executive Assistant to the Managing Director: Mr. John R. Hancock.

Bureau of International Affairs: Mr. Sanford Rederer, Mr. Douglas V. Leister, Mr. Ivans V. Mollus, Mr. Vance Fort, Mr. James S. Hennen, Mr. Hohn H. Kiser, Ms. Carolyn K. Coldren, Mr. Francis S. Murphy, Mr. Joseph Di Bella, Jr., and Mr. Herbert P. Aswail.

Office of the General Counsel: Ms. Mary Mcnalis Schuman, Mr. Peter B. Schwartzkopf, and Mr. Michael Schopf.

Bureau of Domestic Affairs: Mr. Mark S. Kahn, Mr. Albert Halprin, Mr. Robert L. Stein, and Mr. Julien R. Scenk.

Office of Economic Analysis: Mr. Robert H. Frank, Mr. Robert Price, and Mr. David Sibley.

Bureau of Consumer Protection: Mr. Robert L. Robertson, and Mr. John T. Golden.

Office of the Secretary: Mrs. Phyllis T. Kaylor and Ms. Deborah A. Lee.

General Counsel Certification

I certify that this meeting may be closed to the public under 5 U.S.C. 552b(c)(9)(B) and 14 CFR Section 310b.5(9)(B) and that the meeting may be closed to public observation.

Mary Mcnalis Schuman,
General Counsel.

BILLING CODE 6351-01-M

4

FEDERAL COMMUNICATIONS COMMISSION.

TIME AND DATE: 9:30 a.m., Wednesday, January 30, 1980.

PLACE: Room 856, 1919 M Street NW., Washington, D.C.
Summary: The Commission will consider the Third
Private Radio—Title: Amendment of Part
of the rules to permit the certification on
an expired ship station license to be
recognized as a valid attachment to the
renewal license.

Summaries: The Commission will consider whether to
adopt a Report and Order (PR Docket 79797)
that revises Sections 83.333 and 83.367
of the FCC Rules. This concerns the
statutorily required endorsement on a ship
radio station license, and endorsement
which certifies that the vessel's radio
equipment is in compliance with all
applicable FCC rules; it permits such a
certification, after expiration of the license
on which it was entered until such time as a
new certification (which would follow upon
the first subsequent required annual
inspection) can be entered thereon.

Private Radio—Title: Rulemaking petition
(RM-9479) to allow amateur radio
operators to retransmit or rebroadcast NOAA's weather
broadcasts.

Summary: The FCC will consider whether to adopt
deny or rulemaking petition RM
9479. The petition proposes that the FCC
waive applicable provisions of its rules to
allow amateur radio operators to
retransmit or rebroadcast NOAA's weather
broadcasts. The FCC will discuss whether the
proposition is consistent with the stated
purpose of the Amateur Radio Service.

Private Radio—Title: Rulemaking
petitions RM-2774 and RM-3000, which
propose to provide for temporary amateur
radio operator licenses within the amateur
Radio Service.

Summary: The FCC will consider whether to adopt
deny or rulemaking petition RM
2774 and RM-3000. The rulemaking
petitions propose to provide for temporary amateur
radio operator licenses within the amateur
Radio Service.

Private Radio—Title: Eligibility of OAS for
licensing in the General Mobile Radio
Service.

Common Carrier—Title: Proposed
rulemaking to amend Part 61 of the
Commission's Rules relating to Notice
Requirements for schedules for new or
revised classifications of service.

Summary: The Commission will consider a
Notice of Proposed Rulemaking in Docket
No. 18741 in which it proposed to increase the
notice period which is required of carriers before certain of their tariff filings
become effective.

Common Carrier—Title: Application for Review of Order by Chief,
Common Carrier Bureau rejecting Western
Union's request for authority to
install and operate facilities at public
broadcasting satellite earth stations for
the provision of common carrier
communications services.

Summary: The Commission is considering
Western Union's request for authority to
offer common carrier telecommunications services via public broadcasting earth
stations at Washington, D.C., New Orleans,
La. and Houston, Tx. The application is
opposed by American Satellite
Corporation, RCA American
Communications, Inc., and American
Telephone and Telegraph Company. Among
the reasons given for opposing the
applications were: The undertaking is not
permissible under the Communications
Act; it will jeopardize the tax exempt
status of public broadcasters; it will result
in a subsidy of Western Union, it will
transform public broadcast licensee into
common carriers; and that there is no
reason that other carriers will have
equal access to the facilities.

Common Carrier—Title: Application of
Travel-Phone Corporation File No. 30550
C2-P71 for a Construction Permit to
establish a new radio common carrier
station at Johnston, Rhode Island
Petition for Reconsideration filed by Mobiphone-
Paying Radio Corporation.

Summary: The Commission will consider
whether Mobiphone should be afforded an
additional opportunity to review and
comment on certain field investigation
reports.

Common Carrier—Title: Petition of
Graphnet, Inc. for reconsideration of the
correspondence time limit imposed to conclude
an operating agreement for its authorized
digital service between the United
States and points in eleven Western
European countries.

Summary: The Commission is considering
Graphnet's petition for reconsideration of a
Memorandum Opinion and Order, 71
Summary: The Community Coalition for Media Change has petitioned the Commission to reconsider its Order granting the renewal of license for Westinghouse Communications (WPRI, Providence, Rhode Island) by adding the condition that the applicant be required to remain a licensee. The Coalition argues that the renewal of the license was incorrectly disposed of in the grant of the renewal.

For years the Commission has considered adoption of rules to prevent "plugola" practices; that is, to require on-the-air disclosure of fact that program material is being broadcast for the purpose of gaining indirect financial benefits.

This meeting may be continued the following work day to allow the Commission to complete appropriate action.

Additional information concerning this meeting may be obtained from Edward Dooley, FCC Public Affairs Office, telephone number (202) 452-7260.

Issued: January 24, 1980.

6
FEDERAL RESERVE SYSTEM

PREVIOUSLY ANNOUNCED TIME AND DATE OF THE MEETING: 10:00 a.m., Wednesday, January 30, 1980.

CHANGES IN THE MEETING: Deletion of the following open item(s) from the agenda: Requests to increase limitations on premiums offered to depositors by member banks.

CONTACT PERSON FOR MORE INFORMATION: Mr. Joseph R. Coyne, Assistant to the Board (202) 452-3294.

Theodore E. Allison, Secretary of the Board.

[S-155-AO Filed 1-14-80:10:14 am]
BILLING CODE 6101-01-M

7
FEDERAL TRADE COMMISSION

TIME AND DATE: 2 p.m., Thursday, January 31, 1980.

STATUS: Parts of this meeting will be open to the public. The rest of the meeting will be closed to the public.

MATTERS TO BE CONSIDERED:

Portions Open to Public
(1) Oral Argument in General Motors Corporation, Docket 9077.
Portions Closed to Public
(2) Executive Session to discuss Oral Argument in General Motors Corporation Docket 9077.

CONTACT PERSON FOR MORE INFORMATION: Ira J. Furman, Office of
8
NATIONAL LABOR RELATIONS BOARD.
TIME AND DATE: 2:30 p.m., Tuesday, February 5, 1980.
STATUS: Closed to public observation pursuant to 5 U.S.C. Section 552b(c)(2) (internal personnel rules and practices) and (c)(6) (personal information where disclosure would constitute a clearly unwarranted invasion of personal privacy).
MATTER TO BE CONSIDERED:
Consideration of applicant qualified for appointment to Administrative Law Judge.
CONTACT PERSON FOR MORE INFORMATION:
Robert Volger, Acting Executive Secretary, Washington, D.C. 20570, Telephone: (202) 254-9430.
By direction of the Board.
George A. Leet,
Associate Executive Secretary.

9
NUCLEAR REGULATORY COMMISSION.
TIME AND DATE: January 29 (changes) and 30, 1980.
PLACE: Commissioners conference room, 1717 H Street NW., Washington, D.C.
STATUS: Open/closed.
MATTERS TO BE CONSIDERED:
Tuesday, January 29
9:30 a.m.
Discussion and Vote on Philippine Export Application (approximately 2 hours, public meeting).
Note.—Rescheduled from January 28, 1980.
Wednesday, January 30
9:30 a.m.
Discussion of Delegation of Authority (approximately 2 hours, public meeting).
1:30 p.m.
1. Discussion of Immediately Effective License Amendments (approximately 1 hour, closed—Exemption 10).
2. Time Reserved for Discussion of Management-Organization & Internal Personnel Matters (approximately 1 hour, closed—Exemptions 2 and 6).

10
SECURITIES AND EXCHANGE COMMISSION.
STATUS: Closed meeting.
DATE AND TIME: January 24, 1980, 10 a.m. (See 45 FR 3695; 1-15-80.)
PLACE: Room 825, 500 North Capitol Street, Washington, D.C.
The following additional item will be considered at a closed meeting scheduled for Thursday, January 24, 1980, at 10 a.m.
Litigation matter.
The General Counsel of the Commission, or his designee, has certified that, in his opinion, the item to be considered at the closed meeting may be considered pursuant to one or more of the exemptions set forth in 5 U.S.C. 552b(c)(4)(B)(9)(A) and (10) and 17 CFR 200.402(a)(6)(9)(ii) and (10).
Chairman Williams and Commissioners Loomis, Evans, Pollack, and Karmel determined to hold the aforesaid meeting in closed session.
At times changes in Commission priorities require alterations in the scheduling of meeting items. For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact John Granda at (202) 272-2091.
January 24, 1980.

List of Public Laws

Note: No public bills which have become law were received by the Office of the Federal Register for inclusion in today's List of Public Laws.

THE FEDERAL REGISTER: WHAT IT IS AND HOW TO USE IT

WHO: The Office of the Federal Register.

WHAT: Free public briefings (approximately 2½ hours) to present:

1. The regulatory process, with a focus on the Federal Register system and the public's role in the development of regulations.

3. The important elements of typical Federal Register documents.

WHY: To provide the public with access to information necessary to research Federal agency regulations which directly affect them, as part of the General Services Administration's efforts to encourage public participation in Government actions. There will be no discussion of specific agency regulations.

WASHINGTON, D.C.

WHEN: Feb. 22; March 7 and 21; at 9 a.m. (identical sessions)

WHERE: Office of the Federal Register, Room 9409, 1100 L Street N.W., Washington, D.C.

RESERVATIONS: Call Mike Smith, Workshop Coordinator, 202-523-5235 or Gwendolyn Henderson, Assistant Coordinator, 202-523-5234.
