"(1) TAX ATTRIBUTABLE TO SERVICE PAY.—The term ‘tax attributable to service pay’ means—

"(A) in the case of a war year for which the taxpayer had no gross income other than compensation for active service as a member of the military or naval forces of the United States, the tax imposed under chapter 1 for such year; or

"(B) in the case of a war year for which the taxpayer had gross income in addition to compensation for active service as a member of the military or naval forces of the United States, the excess of the tax imposed under chapter 1 for such year over the tax that would have been imposed if such compensation had been excluded from gross income;

except that in the case of a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard, such term shall not apply to any war year unless, at the time prescribed for the payment of the tax under chapter 1 for such year, a period of time was being disregarded under section 3804.

"(2) WAR YEAR.—The term ‘war year’—

"(A) when used with respect to the tax attributable to service pay means any taxable year beginning after December 31, 1939, and before January 1, 1947; and

"(B) when used with respect to the tax attributable to pre-service earned income means any taxable year beginning after December 31, 1939, but before January 1, 1942, and before the taxpayer entered upon active service as a member of the military or naval forces of the United States, but does not include any year unless part of the tax imposed by chapter 1 for such year became due and payable after the taxpayer entered upon such active service.

"(3) TAX ATTRIBUTABLE TO PRE-SERVICE EARNED INCOME.—The term ‘tax attributable to pre-service earned income’ means the excess of the tax imposed by chapter 1 for any war year over the tax that would have been imposed for such year if there had been excluded from the net income for such year the amount of
the earned net income (as such term was defined in section 25 (a) (4) as in force with respect to such year, except that in computing such earned net income, compensation for active service in such forces shall be disregarded).

"(4) First installment date.—The term ‘first installment date’ means May 15, 1946, in the case of taxpayers released from active duty in the military or naval forces of the United States prior to December 1, 1945; and in other cases June 15, 1947, or the fifteenth day of the sixth month which begins after the date of the taxpayer’s release from active duty in such forces, whichever is the earlier; except that, if the first installment date with respect to any war year would otherwise occur earlier than the fifteenth day of the third month following the close of such year, the first installment date with respect to such year shall be the fifteenth day of such third month.

"(b) Extension of time for payment.—Upon application with respect to any war year, made prior to the first installment date, and under regulations prescribed by the Commissioner with the approval of the Secretary—

"(1) the time for payment of an amount of the tax under chapter 1 for such year which is equal to the tax attributable to service pay for such year and which has not been paid before the filing of such application; and

"(2) the time for the payment of an amount of the tax under chapter 1 for such year which is equal to the tax attributable to pre-service earned income for such year and which has not been paid before the filing of such application, shall, in lieu of the time otherwise applicable, be as follows: one-twelfth thereof on the first installment date and an additional twelfth thereof every three months thereafter until such tax is paid.

"(c) Suspension of period of limitation.—The running of the period of limitation provided in section 276 (c) (relating to the collection of the tax after assessment) in respect of any tax the time for the payment of which is prescribed under subsection (b), shall be suspended for the period beginning with the date of the filing of the application under such subsection and ending six months after the date prescribed therein for the payment of the last installment of such tax.

"(d) Estimated tax.—If the taxpayer is eligible for the benefits of subsection (b) with respect to any war year—

"(1) for the purposes of the application of section 58 with respect to such year, compensation for active service as a member of the military or naval forces of the United States may be disregarded in determining the gross income reasonably expected for such year, and in determining the estimated tax for such year; and

"(2) for the purposes of section 294 (d) the tax for such year shall be determined as if such compensation were excluded from gross income.

This subsection shall not apply with respect to a taxpayer for any war year who at the time prescribed for making the declaration of estimated tax for such year is a commissioned officer (or a commissioned warrant officer) of the regular component of the Army, Navy, Marine Corps, or Coast Guard."

(b) Refund of interest paid.—Any interest paid prior to the date of the enactment of this Act with respect to tax attributable to service pay for any war year, or with respect to tax attributable to pre-service earned income for any war year, shall be credited or

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 3646 of the Revised Statutes of the United States, as amended (U. S. C., title 31, sec. 528), is further amended to read as follows:

"(a) Except as hereinafter provided, whenever it is clearly proved to the satisfaction of the Secretary of the Treasury that any original check of the United States is lost, stolen, or wholly or partly destroyed, or is so mutilated or defaced as to impair its value to its owner or holder, the Secretary of the Treasury is authorized, before the close of the fiscal year following the fiscal year in which the original check was issued to transfer the amount of the original check from the account of the drawer to a special deposit account carried in the name of the Secretary of the Treasury on the books of the Treasurer of the United States, and to issue against such special deposit account to the owner or holder thereof a substitute under current date showing such information as may be necessary to identify the original check, upon the receipt and approval by the Secretary of the Treasury of an undertaking to indemnify the United States, in such form and amount and with such surety, sureties, or security, if any, as the Secretary of the Treasury may require; but no such substitute shall be payable if the original check shall first have been paid: Provided, That nothing herein contained shall be deemed to relieve any certifying officer or his sureties or any disbursing officer or his sureties of any liability to the United States on account of any payment resulting from the erroneous issuance of the original check: And provided further, That the authority herein conferred to issue substitute checks may, in the case of checks issued on account of public-debt obligations and transactions regarding the administration of banking and currency laws, be exercised without limitation of time.

"(b) An undertaking of indemnity shall not be required under subsection (a) of this section in any of the following classes of cases except as provided in this subsection: (1) If the Secretary of the Treasury is satisfied that the loss, theft, destruction, mutilation, or defacement, as the case may be, occurred without fault of the owner or holder and while the check was in the custody or control of the United States (including the postal service when carrying mail for any officer, employee, agent, or agency of the United States when performing services in connection with an official function of the United States, but not including the postal service when otherwise acting solely in its capacity as a public carrier of the mail), or of a
person thereunto duly authorized as lawful agent of the United States, or while it was in the course of shipment effected pursuant to and in accordance with the regulations issued under the provisions of the Government Losses in Shipment Act; (2) if substantially the entire check is presented and surrendered by the owner or holder and the Secretary of the Treasury is satisfied as to the identity of the check presented and that any missing portions are not sufficient to form the basis of a valid claim against the United States; (3) if the Secretary of the Treasury is satisfied that the original check is not negotiable and cannot be made the basis of a valid claim against the United States; (4) if the amount of the check is not more than $200; (5) if the owner or holder is the United States or an officer or employee thereof in his official capacity, a State, the District of Columbia, a Territory or possession of the United States, including the Commonwealth of the Philippine Islands, a municipal corporation or political subdivision of any of the foregoing, a corporation, the whole of whose capital is owned by the United States, a foreign government, or a Federal Reserve bank: Provided, however, That in any of the foregoing classes of cases the Secretary of the Treasury may require an undertaking of indemnity if he deems it essential to the public interest.

"(c) Notwithstanding the provisions of subsections (a) and (b) of this section whenever it is clearly proved to the satisfaction of the Secretary of the Treasury that any original check of the United States drawn on a depository in a foreign country or a Territory or possession of the United States, including the Panama Canal Zone and the Philippine Islands, is lost, stolen, or wholly or partly destroyed, or is so mutilated or defaced as to impair its value to its owner or holder, the drawer of the original check or such other officer or employee of the United States as may be authorized by the Secretary of the Treasury with the concurrence of the head of the department or agency upon whose behalf the original check was issued is authorized, before the close of the fiscal year following the fiscal year in which the original check was issued, to issue to the owner or holder thereof a substitute under current date showing such information as may be necessary to identify the original check, drawn against the account of the drawer of the original check or such other account as may be available for the payment of such substitute, upon the receipt and approval by the Secretary of the Treasury of an undertaking, to indemnify the United States, in such form and amount and with such surety, sureties, or security, if any, as the Secretary of the Treasury may require; but no such substitute shall be payable if the original check shall first have been paid. Nothing herein contained shall be deemed to relieve any certifying officer or his sureties or any disbursing officer or his sureties of any liability to the United States on account of any payment resulting from the erroneous issuance of the original check.

“(d) The Secretary of the Treasury shall have the power to make such rules and regulations as he may deem necessary for the administration of the provisions of this section.

“(e) Notwithstanding the provisions of subsections (a), (b), (c), and (d) of this section, whenever any original check of the Post Office Department has been lost, stolen, or destroyed, the Postmaster General may authorize the issuance of a substitute, marked 'duplicate' and showing the number, date, and payee of the original check, before the close of the fiscal year following the fiscal year in which the original check was issued, upon the execution by the owner thereof of such bond of indemnity as the Postmaster General may prescribe: Provided, That when such original check does not exceed in amount
the sum of $100 and the payee or owner is, at the date of the application, an officer or employee in the service of the Post Office Department, whether by contract, designation, or appointment, the Postmaster General may, in lieu of an indemnity bond, authorize the issuance of a substitute check or warrant upon such an affidavit as he may prescribe, to be made before any postmaster by the payee or owner of an original check.

"(f) Substitutes issued under this section, drawn on the Treasurer of the United States, except those for checks issued on account of public-debt obligations and transactions regarding the administration of banking and currency laws, shall be deemed to be original checks and shall be payable under the conditions set forth in section 21 of the Permanent Appropriation Repeal Act, 1934 (U. S. C., title 31, sec. 725t). Substitutes for checks issued on account of public-debt obligations and transactions regarding the administration of banking and currency laws shall be payable without limitation of time.

"(g) The term 'original check' wherever used in this section means any check, warrant, or other order for the payment of money, payable upon demand and not bearing interest, drawn by a duly authorized officer or agent of the United States, the District of Columbia, or the District Unemployment Compensation Board, on their behalf against an account or funds of the United States, the District of Columbia, or the District Unemployment Compensation Board, including instruments issued by any corporation or other entity owned or controlled by the United States, the funds of which are deposited and covered into the Treasury of the United States or deposited with the Treasurer of the United States, but does not include money, coins, or currency of the United States; as used in subsection (e) of this section it means such an instrument drawn by a duly authorized officer or employee of the Post Office Department.

"(h) Any power, authority, or discretion conferred upon the Secretary of the Treasury by this section may be delegated by him, in whole or in part, subject to such terms and conditions as he may prescribe, to such individuals as he may designate within the Treasury Department or to the head of any other department or agency of the Government or of any Federal Reserve bank, and the head of such department or agency or Federal Reserve bank may, when such action is not inconsistent with the terms and conditions of the delegation by the Secretary of the Treasury, redelegate any power, authority, or discretion conferred upon him pursuant to this subsection to any officer or employee within such department, agency, or Federal Reserve bank."

Sec. 2. Sections 300 and 3647 of the Revised Statutes, as amended (U. S. C., title 31, sec. 119), are hereby repealed.

Sec. 3. This Act shall become effective on December 1, 1945.

SEC. 102. Each wholly owned Government corporation shall cause to be prepared annually a budget program, which shall be submitted to the President through the Bureau of the Budget on or before September 15 of each year. The Bureau of the Budget, under such rules and regulations as the President may establish, is authorized and directed to prescribe the form and content of, and the manner in which such budget program shall be prepared and presented. The budget program shall be a business-type budget, or plan of operations, with due allowance given to the need for flexibility, including provision for emergencies and contingencies, in order that the corporation may properly carry out its activities as authorized by law. The budget program shall contain estimates of the financial condition and operations of the corporation for the current and ensuing fiscal years and the actual condition and results of operation for the last completed fiscal year. Such budget program shall include a statement of financial condition, a statement of income and expense, an analysis of surplus or deficit, a statement of sources and application of funds, and such other supplementary statements and information as are necessary or desirable to make known the financial condition and operations of the corporation. Such statements shall include estimates of operations by major types of activities, together with estimates of administrative expenses, estimates of borrowings, and estimates of the amount of Government capital funds which shall be returned to the Treasury during the fiscal year or the appropriations required to provide for the restoration of capital impairments.

SEC. 103. The budget programs of the corporations as modified, amended, or revised by the President shall be transmitted to the Congress as a part of the annual Budget required by the Budget and Accounting Act, 1921. Amendments to the annual budget programs may be submitted from time to time.

Budget programs shall be submitted for all wholly owned Government corporations covering operations for the fiscal year commencing July 1, 1946, and each fiscal year thereafter.

SEC. 104. The budget programs transmitted by the President to the Congress shall be considered and, if necessary, legislation shall be enacted making available such funds or other financial resources as the Congress may determine. The provisions of this section shall not
be construed as preventing wholly owned Government corporations from carrying out and financing their activities as authorized by existing law, nor shall any provisions of this section be construed as affecting in any way the provisions of section 26 of the Tennessee Valley Authority Act, as amended. The provisions of this section shall not be construed as affecting the existing authority of any wholly owned Government corporation to make contracts or other commitments without reference to fiscal-year limitations.

Sec. 105. The financial transactions of wholly owned Government corporations shall be audited by the General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States: Provided, That such rules and regulations may provide for the retention at the offices of such corporations, in whole or in part, of any accounts of accountable officers, covering corporate financial transactions, which are required by existing law to be settled and adjusted in the General Accounting Office, and for the settlement and adjustment of such accounts in whole or in part upon the basis of examinations in the course of the audit herein provided, but nothing in this proviso shall be construed as affecting the powers reserved to the Tennessee Valley Authority in the Act of November 21, 1941 (55 Stat. 775). The audit shall be conducted at the place or places where the accounts of the respective corporations are normally kept. The representatives of the General Accounting Office shall have access to all books, accounts, financial records, reports, files, and all other papers, things, or property belonging to or in use by the respective corporations and necessary to facilitate the audit, and they shall be afforded full facilities for verifying transactions with the balances or securities held by depositaries, fiscal agents, and custodians. The audit shall begin with the first fiscal year commencing after the enactment of this Act.

Sec. 106. A report of each such audit for each fiscal year ending on June 30 shall be made by the Comptroller General to the Congress not later than January 15 following the close of the fiscal year for which such audit is made. The report shall set forth the scope of the audit and shall include a statement (showing intercorporate relations) of assets and liabilities, capital and surplus or deficit; a statement of surplus or deficit analysis; a statement of income and expense; a statement of sources and application of funds; and such comments and information as may be deemed necessary to keep Congress informed of the operations and financial condition of the several corporations, together with such recommendations with respect thereto as the Comptroller General may deem advisable, including a report of any impairment of capital noted in the audit and recommendations for the return of such Government capital or the payment of such dividends as, in his judgment, should be accomplished. The report shall also show specifically any program, expenditure, or other financial transaction or undertaking observed in the course of the audit, which, in the opinion of the Comptroller General, has been carried on or made without authority of law. A copy of each report shall be furnished to the President, to the Secretary of the Treasury, and to the corporation concerned at the time submitted to the Congress.

Sec. 107. Whenever it is deemed by the Director of the Bureau of the Budget, with the approval of the President, to be practicable and in the public interest that any wholly owned Government corporation be treated with respect to its appropriations, expenditures, receipts, accounting, and other fiscal matters as if it were a Government
agency other than a corporation, the Director shall include in connection with the budget program of such corporation in the Budget a recommendation to that effect. If the Congress approves such recommendation in connection with the budget program for any fiscal year, such corporation, with respect to subsequent fiscal years, shall be regarded as an establishment other than a corporation for the purposes of the Budget and Accounting Act, 1921, and other provisions of law relating to appropriations, expenditures, receipts, accounts, and other fiscal matters, and shall not be subject to the provisions of this Act other than this section. The corporate entity shall not be affected by this section.

TITLE II—MIXED-OWNERSHIP GOVERNMENT CORPORATIONS

Sec. 201. As used in this Act the term "mixed-ownership Government corporations" means (1) the Central Bank for Cooperatives and the Regional Banks for Cooperatives, (2) Federal Land Banks, (3) Federal Home Loan Banks, and (4) Federal Deposit Insurance Corporation.

Sec. 202. The financial transactions of mixed-ownership Government corporations for any period during which Government capital has been invested therein shall be audited by the General Accounting Office in accordance with the principles and procedures applicable to commercial corporate transactions and under such rules and regulations as may be prescribed by the Comptroller General of the United States. The audit shall be conducted at the place or places where the accounts of the respective corporations are normally kept. The representatives of the General Accounting Office shall have access to all books, accounts, financial records, reports, files, and all other papers, things, or property belonging to or in use by the respective corporations and necessary to facilitate the audit, and they shall be afforded full facilities for verifying transactions with the balances or securities held by depositaries, fiscal agents, and custodians. The audit shall begin with the first fiscal year commencing after the enactment of this Act.

Sec. 203. A report of each such audit for each fiscal year ending on June 30 shall be made by the Comptroller General to the Congress not later than January 15, following the close of the fiscal year for which such audit is made. The report shall set forth the scope of the audit and shall include a statement (showing intercorporate relations) of assets and liabilities, capital and surplus or deficit; a statement of surplus or deficit analysis; a statement of income and expense; a statement of sources and application of funds; and such comments and information as may be deemed necessary to keep Congress informed of the operations and financial condition of, and the use of Government capital by, each such corporation, together with such recommendations with respect thereto as the Comptroller General may deem advisable, including a report of any impairment of capital or lack of sufficient capital noted in the audit and recommendations for the return of such Government capital or the payment of such dividends as, in his judgment, should be accomplished. The report shall also show specifically any program, expenditure, or other financial transaction or undertaking observed in the course of the audit, which, in the opinion of the Comptroller General, has been carried on or made without authority of law. A copy of each report shall be furnished to the President, to the Secretary of the Treasury, and to the corporation concerned at the time submitted to the Congress.
Sec. 204. The President shall include in the annual Budget any recommendations he may wish to make as to the return of Government capital to the Treasury by any mixed-ownership corporation.

TITLE III—GENERAL PROVISIONS

The provisions of this section shall not be applicable to Federal Intermediate Credit Banks, Production Credit Corporations, the Central Bank for Cooperatives, the Regional Banks for Cooperatives, or the Federal Land Banks, except that each such corporation shall be required to report annually to the Secretary of the Treasury the names of the depositaries in which such corporation keeps a banking or checking account, and the Secretary of the Treasury may make a report in writing to the corporation, to the President, and to the Congress which he deems advisable upon receipt of any such annual report.

Sec. 303. (a) All bonds, notes, debentures, and other similar obligations which are hereafter issued by any wholly owned or mixed-
ownership Government corporation and offered to the public shall be in such forms and denominations, shall have such maturities, shall bear such rates of interest, shall be subject to such terms and conditions, shall be issued in such manner and at such times and sold at such prices as have been or as may be approved by the Secretary of the Treasury.

(b) Hereafter, no wholly owned or mixed-ownership Government corporation shall sell or purchase any direct obligation of the United States or obligation guaranteed as to principal or interest, or both, for its own account and in its own right and interest, at any one time aggregating in excess of $100,000, without the approval of the Secretary of the Treasury: Provided, That the Secretary of the Treasury may waive the requirement of his approval with respect to any transaction or classes of transactions subject to the provisions of this subsection for such period of time and under such conditions as he may determine.

(c) The Secretary of the Treasury is hereby authorized to exercise any of the functions vested in him by this section through any officer, or employee of any Federal agency whom he may designate, with the concurrence of the head of the agency concerned, for such purpose.

(d) Any mixed-ownership Government corporation from which Government capital has been entirely withdrawn shall not be subject to the provisions of section 302 or of this section during the period such corporation remains without Government capital. The provisions of subsections (a) and (b) of this section shall not be applicable to Federal Intermediate Credit Banks, Production Credit Corporations, the Central Bank for Cooperatives, the Regional Banks for Cooperatives, or the Federal Land Banks, except that each such corporation shall be required to consult with the Secretary of the Treasury prior to taking any action of the kind covered by the provisions of subsections (a) and (b) of this section, and in the event an agreement is not reached, the Secretary of the Treasury may make a report in writing to the corporation, to the President, and to the Congress stating the grounds for his disagreement.

Sec. 304. (a) No corporation shall be created, organized, or acquired hereafter by any officer or agency of the Federal Government or by any Government corporation for the purpose of acting as an agency or instrumentality of the United States, except by Act of Congress or pursuant to an Act of Congress specifically authorizing such action.

(b) No wholly owned Government corporation created by or under the laws of any State, Territory, or possession of the United States or any political subdivision thereof, or under the laws of the District of Columbia, shall continue after June 30, 1948, as an agency or instrumentality of the United States, and no funds of, or obtained from, the United States or any agency thereof, including corporations, shall be invested in or employed by any such corporation after that date, except for purposes of liquidation. The proper corporate authority of every such corporation shall take the necessary steps to institute dissolution or liquidation proceedings on or before that date: Provided, That prior thereto any such corporation may be reincorporated by Act of Congress for such purposes and term of existence and with such powers, privileges, and duties as authorized by such Act, including the power to take over the assets and assume the liabilities of its respective predecessor corporation.

JOINT RESOLUTION

To provide for national elections in the Philippine Islands.

Whereas the interruption of constitutional processes of government in the Philippine Islands due to enemy occupation has prevented the holding of elections in 1943 and 1945 as provided by the constitution of the Philippines; and

Whereas the term of office of the President of the Philippines has been continued by the joint resolution of November 12, 1943 (57 Stat. 590), until such time as a successor has been elected and qualified; and

Whereas the Philippine Congress under the terms of the constitution of the Philippines cannot convene after December 30, 1945, because the terms of office of Members of the House of Representatives and of two-thirds of the Members of the Philippine Senate will have expired on that date; and

Whereas the liberation of the Philippines and the restoration of constitutional processes of democracy in the Commonwealth now permit the holding of an election in the immediate future; and

Whereas the members of the electoral commission responsible for the conduct of the elections have already been appointed by the Commonwealth government in accordance with the constitution and laws of the Commonwealth; and

Whereas the Constitution of the Commonwealth of the Philippines makes no provision for the emergency in which elections though of vital necessity cannot be held at the regularly scheduled time; and

Whereas it is the desire of the United States to fulfill her pledge to prepare the Philippines for independence and to make possible that grant of independence in accordance with existing law: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That elections shall be held for national elective offices under the Commonwealth of the Philippines not later than April 30, 1946. The present Philippine Congress shall fix the date for such elections, and the date fixed shall not be subsequent to April 30, 1946. Should the present Philippine Congress fail to fix such date, then April 30, 1946, is hereby fixed as the date elections shall be held for national elective offices under the Commonwealth of the Philippines.

Sec. 2. The President and Vice President then elected, the Senators then elected (who shall be all but those then in office whose terms continue until December 30, 1947), and the Members of the House of Representatives shall take office, and the elected Philippine Congress shall convene in regular session not later than May 28, 1946. The present Philippine Congress shall fix the date or dates for the assumption of office and for the convening of the elected Philippine Congress in regular session, and the date or dates fixed shall not be subsequent to May 28, 1946. Should the present Philippine Congress fail to fix such date or dates, then May 28, 1946, is hereby fixed as the date for assumption of office and the convening of the elected Philippine Congress in regular session.

Sec. 3. The terms of office of the President, Vice President, and Representatives then elected shall expire on the date which would have been the case had they assumed office on December 30, 1945. The terms of office of eight of the Senators elected at such elections shall expire on the date which would have been the case had they assumed office on December 30, 1945; and the terms of eight Senators...
then elected shall expire on the date which would have been the case had they assumed office on December 30, 1943. Division of the Senators elected at such elections into these two classes shall be made in accordance with the constitution and laws of the Commonwealth of the Philippines. The term of any Senator then elected to fill a vacancy in a term expiring on December 30, 1947, shall expire on that date.

Sec. 4. The manner of holding such elections shall be as provided by the constitution and laws of the Commonwealth of the Philippines.

Approved December 14, 1945.

(2) That each recipient country shall supply accredited United Nations Relief and Rehabilitation Administration personnel with all necessary facilities, credentials, documents, and safe conduct in carrying out the objectives of the United Nations Relief and Rehabilitation Administration agreement, including all necessary inspections and investigations.

To provide for the taxation of rolling stock of railroad and other companies operated in the District of Columbia, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the rolling stock of railroad companies, refrigerator-car companies, parlor-car companies, sleeping-car companies, tank-car companies, express companies, car-renting companies, and all other companies owning parlor, sleeping, dining, tank, freight, or any other cars which are operated or run over or upon the line or lines of any railroad or terminal company in the District of Columbia, shall be deemed to be located in said District for purposes of taxation, whether or not the individual units are continuously in the District or are constantly changing, and such property shall be reported, assessed, and taxed within the time, and at the rates prescribed by law for the reporting and taxation of other personal property in the District of Columbia.

(b) Such rolling stock as is primarily located in the District of Columbia shall be reported and taxed at its full and true value on the last day of the calendar year preceding the tax date.

(c) Such rolling stock as is not primarily located in the District of Columbia shall be reported and taxed in the manner following:

(1) Every railroad company operating rolling stock over or upon the line or lines of any railroad or terminal company in the District shall report to the Assessor of the District of Columbia the various classes of such rolling stock so operated by such company whether owned by it or any other railroad company; the number of miles traveled by each class of such rolling stock within the District during the calendar year next preceding the tax date; the total number of miles traveled by each class of such rolling stock on all lines over which such company operates during the calendar year next preceding the tax date; the total full and true value of each class of such rolling stock owned by such company on the last day of the calendar year next preceding the tax date; and such other facts and information as said assessor may require. The taxable portion of the rolling
stock of each such company shall be determined by applying the mileage traveled in the District by the various classes of such rolling stock operated in the District by such company to the total mileage traveled by the various classes of such rolling stock on all lines over which such company operates, and the tax shall be assessed on that portion of such rolling stock owned by such company on the last day of the calendar year next preceding the tax date. The mileage and value of the rolling stock owned by such company which is permanently located outside of the District of Columbia shall not be included in the computation of such assessment.

(2) Every parlor-car and sleeping-car company owning parlor and sleeping cars (except those owned by railroad companies and described in paragraph (1) of this subsection) which are operated in the District over or upon the tracks of any railroad or terminal company, shall report to the Assessor of the District of Columbia the total number of miles traveled by all such cars, and also the miles traveled by such cars within the District, during the calendar year next preceding the tax date; the total full and true value of all of such cars so used as of the last day of the calendar year next preceding the tax date; and such other facts and information as said assessor may require. The taxable portion of the value of the cars owned by any such company and used within the District shall be determined by applying to such value the ratio between the mileage traveled by such cars in the District and the total mileage traveled by such cars within and without the District.

(3) Every car company, mercantile company, corporation or individual (other than railroad, parlor-car and sleeping-car companies described in paragraphs (1) and (2) of this subsection) owning or leasing any stock cars, furniture cars, fruit cars, refrigerator cars, meat cars, oil cars, tank cars, or other similar cars, which are run over or upon the line or lines of any railroad or terminal company in the District of Columbia, shall furnish to the Assessor of the District of Columbia, on forms prescribed by said assessor, a true, full, and accurate statement, verified by the affidavit of the officer or person making the same, showing the aggregate number of miles made by their several cars over or upon the several lines of railroad within the District of Columbia during the calendar year next preceding the tax date; the average number of miles traveled per day within the District of Columbia by the cars covered by the statement in the ordinary course of business during the year; and such other pertinent facts and information as said assessor may require.

Every railroad company whose lines run through or into the District of Columbia shall annually furnish to the said assessor a statement showing the name and address of every car company, mercantile company, corporation, or individual (other than railroad, parlor-car and sleeping-car companies described in paragraphs (1) and (2) of this subsection) whose cars made mileage over its tracks in the District of Columbia during the calendar year next preceding the tax date, and the total number of miles made within the District of Columbia by each during said period.

It shall be the duty of the said assessor to ascertain from the best and most reliable information that can be obtained and from said statements the number of cars required to make the total mileage of each such car company, mercantile company, corporation, or individual within the District of Columbia during the period aforesaid, and to ascertain and fix the valuation upon each particular class of such cars, and the number so ascertained to be required to make the total mileage within the District of Columbia of the cars of each such car company, mercantile company, corporation, or individual within
said period shall be assessed against the respective car companies, mercantile companies, corporations, or individuals. The valuation thus obtained shall be the full and true value and shall be the taxable portion of the cars owned by any such car company, mercantile company, corporation, or individual and used within the District of Columbia.

(d) All of the provisions of law relating to the filing of returns, assessment, payment, and collection of personal property taxes in the District of Columbia shall be applicable to the companies described in the foregoing subsections.

(e) Any individual, partnership, unincorporated association, or corporation aggrieved by any assessment of taxes made pursuant to the provisions of this Act may appeal therefrom to the Board of Tax Appeals for the District of Columbia in the same manner and to the same extent as set forth in sections 3, 4, 7, 8, 9, 10, 11, and 12 of title IX of the Act entitled “An Act to amend the District of Columbia Revenue Act of 1937, and for other purposes”, approved May 16, 1938.

(f) The provisions of this Act shall be applicable to the taxable year beginning July 1, 1945, and each taxable year thereafter.

(2) changing the name of any executive department or the title of its head, or designating any agency as "Department" or its head as "Secretary"; or

(3) continuing any agency beyond the period authorized by law for its existence or beyond the time when it would have terminated if the reorganization had not been made; or

(4) continuing any function beyond the period authorized by law for its exercise, or beyond the time when it would have terminated if the reorganization had not been made, or beyond the time when the agency in which it was vested before the reorganization would have terminated if the reorganization had not been made; or

(5) authorizing any agency to exercise any function which is not expressly authorized by law at the time the plan is transmitted to the Congress; or

(6) imposing, in connection with the exercise of any quasi-judicial or quasi-legislative function possessed by an independent agency, any greater limitation upon the exercise of independent judgment and discretion, to the full extent authorized by law, in the carrying out of such function, than existed with respect to the exercise of such function by the agency in which it was vested prior to the taking effect of such reorganization; except that this prohibition shall not prevent the abolition of any such function; or

(7) increasing the term of any office beyond that provided by law for such office.

(b) No reorganization plan shall provide for any reorganization affecting any agency named below in this subsection; except that this prohibition shall not apply to the transfer to such agency of the whole or any part of, or the whole or any part of the functions of, any agency not so named. No reorganization contained in any reorganization plan shall take effect if the reorganization plan is in violation of this subsection. The agencies above referred to in this subsection are as follows: Interstate Commerce Commission, Federal Trade Commission, Securities and Exchange Commission, National Mediation Board, National Railroad Adjustment Board, and Railroad Retirement Board.

No reorganization contained in any reorganization plan shall take effect if the reorganization plan is in violation of this subsection.

(d) No reorganization plan shall provide for a reorganization affecting any agency named below in this subsection if it also provides for a reorganization which does not affect such agency; except that this prohibition shall not apply to the transfer to such agency of the
whole or any part of, or the whole or any part of the functions of, any agency not so named. (f) No reorganization specified in a reorganization plan shall take effect unless the plan is transmitted to the Congress before April 1, 1948.

TAKING EFFECT OF REORGANIZATIONS

SEC. 6. (a) The reorganizations specified in the plan shall take effect in accordance with the plan upon the expiration of the first period of sixty calendar days, of continuous session of the Congress, following the date on which the plan is transmitted to it; but only if, between the date of transmittal and the expiration of such sixty-day period there has not been passed by the two Houses a concurrent resolution stating in substance that the Congress does not favor the reorganization plan.

(b) For the purposes of subsection (a)—

1. continuity of session shall be considered as broken only by an adjournment of the Congress sine die; but

(2) in the computation of the sixty-day period there shall be excluded the days on which either House is not in session because of an adjournment of more than three days to a day certain; except that if a resolution (as defined in section 202) with respect to such reorganization plan has been passed by one House and sent to the other, no exclusion under this paragraph shall be made by reason of adjournments of the first House taken thereafter.

(c) Any provision of the plan may, under provisions contained in the plan, be made operative at a time later than the date on which the plan shall otherwise take effect.

DEFINITION OF “AGENCY”

SEC. 7. When used in this Act, the term “agency” means any executive department, commission, independent establishment, corporation wholly or partly owned by the United States which is an instrumentality of the United States, board, bureau, division, service, office, officer, authority, administration, or other establishment, in the executive branch of the Government. Such term does not include the Comptroller General of the United States or the General Accounting Office, which are a part of the legislative branch of the Government.

MATTERS DEEMED TO BE REORGANIZATIONS

SEC. 8. For the purposes of this Act any transfer, consolidation, coordination, abolition, change or designation of name or title, disposition, winding up of affairs, or provision for the appointment and compensation of the head or assistant heads of an agency, referred to in section 3 or 4, shall be deemed a “reorganization”.
SAVING PROVISIONS

Sec. 9. (a) (1) Any statute enacted, and any regulation or other action made, prescribed, issued, granted, or performed, in respect of or by any agency or function transferred to, or consolidated or coordinated with, any other agency or function under the provisions of this Act, before the effective date of such transfer, consolidation, or coordination, shall, except to the extent rescinded, modified, superseded, or made inapplicable by or under authority of law, have the same effect as if such transfer, consolidation, or coordination had not been made; but where any such statute, regulation, or other action has vested functions in the agency from which the transfer is made under the plan, such functions shall, insofar as they are to be exercised after the transfer, be considered as vested in the agency to which the transfer is made under the plan.

(2) As used in paragraph (1) of this subsection the term "regulation or other action" means any regulation, rule, order, policy, determination, directive, authorization, permit, privilege, requirement, designation, or other action.

(b) No suit, action, or other proceeding lawfully commenced by or against the head of any agency or other officer of the United States, in his official capacity or in relation to the discharge of his official duties, shall abate by reason of the taking effect of any reorganization under the provisions of this Act, but the court may, on motion or supplemental petition filed at any time within twelve months after such reorganization takes effect, showing a necessity for a survival of such suit, action, or other proceeding to obtain a settlement of the questions involved, allow the same to be maintained by or against the successor of such head or officer under the reorganization so effected or, if there be no such successor, against such agency or officer as the President shall designate.

UNEXPENDED APPROPRIATIONS

Sec. 10. The appropriations or portions of appropriations unexpended by reason of the operation of this Act shall not be used for any purpose, but shall be impounded and returned to the Treasury.

PRINTING OF REORGANIZATION PLANS

Sec. 11. If the reorganizations specified in a reorganization plan take effect, the reorganization plan shall be printed in the Statutes at Large in the same volume as the public laws, and shall be printed in the Federal Register.

TITLE II

Sec. 201. The following sections of this title are enacted by the Congress:

(a) As an exercise of the rule-making power of the Senate and the House of Representatives, respectively, and as such they shall be considered as part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in such House in the case of resolutions (as defined in section 202); and such rules shall supersede other rules only to the extent that they are inconsistent therewith; and

(b) With full recognition of the constitutional right of either House to change such rules (so far as relating to the procedure in such House) at any time, in the same manner and to the same extent as in the case of any other rule of such House.
"Resolution."

Reference of resolution to committee.

Procedure for discharge of committee.

Sec. 202. As used in this title, the term "resolution" means only a concurrent resolution of the two Houses of Congress, the matter after the resolving clause of which is as follows: "That the Congress does not favor the reorganization plan numbered transmitted to Congress by the President on , 19 .", the blank spaces therein being appropriately filled; and does not include a concurrent resolution which specifies more than one reorganization plan.

Sec. 203. A resolution with respect to a reorganization plan shall be referred to a committee (and all resolutions with respect to the same plan shall be referred to the same committee) by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

Sec. 204. (a) If the committee to which has been referred a resolution with respect to a reorganization plan has not reported it before the expiration of ten calendar days after its introduction (or, in the case of a resolution received from the other House, ten calendar days after its receipt), it shall then (but not before) be in order to move either to discharge the committee from further consideration of such resolution, or to discharge the committee from further consideration of any other resolution with respect to such reorganization plan which has been referred to the committee.

(b) Such motion may be made only by a person favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same reorganization plan), and debate thereon shall be limited to not to exceed one hour, to be equally divided between those favoring and those opposing the resolution. No amendment to such motion shall be in order, and it shall not be in order to move to reconsider the vote by which such motion is agreed to or disagreed to.

(c) If the motion to discharge is agreed to or disagreed to, such motion may not be renewed, nor may another motion to discharge the committee be made with respect to any other resolution with respect to the same reorganization plan.

Sec. 205. (a) When the committee has reported, or has been discharged from further consideration of, a resolution with respect to a reorganization plan, it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of such resolution. Such motion shall be highly privileged and shall not be debatable. No amendment to such motion shall be in order and it shall not be in order to move to reconsider the vote by which such motion is agreed to or disagreed to.

(b) Debate on the resolution shall be limited to not to exceed ten hours, which shall be equally divided between those favoring and those opposing the resolution. A motion further to limit debate shall not be debatable. No amendment to, or motion to recommit, the resolution shall be in order, and it shall not be in order to move to reconsider the vote by which the resolution is agreed to or disagreed to.

Sec. 206. (a) All motions to postpone, made with respect to the discharge from committee, or the consideration of, a resolution with respect to a reorganization plan, and all motions to proceed to the consideration of other business, shall be decided without debate.

(b) All appeals from the decisions of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedure relating to a resolution with respect to a reorganization plan shall be decided without debate.

Sec. 207. If, prior to the passage by one House of a resolution of that House with respect to a reorganization plan, such House receives
from the other House a resolution with respect to the same plan, then—

(a) If no resolution of the first House with respect to such plan has been referred to committee, no other resolution with respect to the same plan may be reported or (despite the provisions of section 204 (a)) be made the subject of a motion to discharge.

(b) If a resolution of the first House with respect to such plan has been referred to committee—

(1) the procedure with respect to that or other resolutions of such House with respect to such plan which have been referred to committee shall be the same as if no resolution from the other House with respect to such plan had been received; but

(2) on any vote on final passage of a resolution of the first House with respect to such plan the resolution from the other House with respect to such plan shall be automatically substituted for the resolution of the first House.

the limitation of paragraph 5 shall not prevent the payment of such agreed rates, but there shall be charged against the veteran's period of eligibility the proportion of an ordinary school year which the cost of the course bears to $500, and (2) not in excess of $500 shall be paid for any such course.

"(c) Any such eligible person may apply for a course of instruction by correspondence without any subsistence allowance: Provided, That the Administrator shall have authority to contract with approved institutions for such courses if he finds that the agreed cost of such courses is reasonable and fair: Provided further, (1) That the provisions of paragraph 5 shall not apply to correspondence courses; (2) that one-fourth of the elapsed time in following such course shall be charged against the veteran's period of eligibility; and (3) that the total amount payable for a correspondence course or courses for any veteran shall not exceed $500: And provided further, That nothing herein shall be construed to preclude the use of approved correspondence courses as a part of institutional or job training, subject to regulations prescribed by the Administrator."

(e) Effective on the first day of the first calendar month subsequent to the date of enactment of this Act, the first sentence of paragraph 6 of part VIII of such Regulation is amended to read as follows:

"6. While enrolled in and pursuing a course under this part, such person, upon application to the Administrator, shall be paid a subsistence allowance of $65 per month, if without a dependent or dependents, or $90 per month, if he has a dependent or dependents, including regular holidays and leave not exceeding thirty days in a calendar year."

Whereas the Sixty-seventh Congress of the United States on June 30,
1922, unanimously resolved "That the United States of America
favors the establishment in Palestine of a national home for the
Jewish people, it being clearly understood that nothing shall be
done which may prejudice the civil and religious rights of Christian
and all other non-Jewish communities in Palestine, and that the
holy places and religious buildings and sites in Palestine shall be
adequately protected"; and

Whereas the ruthless persecution of the Jewish people in Europe has
clearly demonstrated the need for a Jewish homeland as a haven
for the large numbers who have become homeless as a result of this
persecution; and

Whereas these urgent necessities are evidenced by the President's
request for the immediate right of entry into Palestine of one
hundred thousand additional Jewish refugees; and

Whereas the influx of Jewish immigration into Palestine is resulting
in its improvement in agricultural, financial, hygienic, and general
economic conditions; and

Whereas the President and the British Prime Minister have agreed
upon the appointment of a "Joint Anglo-American Committee of
Enquiry" to examine conditions in Palestine as they bear upon the
problem of Jewish immigration and the Jewish situation in Europe and have requested a report within one hundred and twenty days: Therefore be it

Resolved by the Senate (the House of Representatives concurring), That the interest shown by the President in the solution of this problem is hereby commended and that the United States shall use its good offices with the mandatory power to the end that Palestine shall be opened for free entry of Jews into that country to the maximum of its agricultural and economic potentialities, and that there shall be full opportunity for colonization and development, so that they may freely proceed with the upbuilding of Palestine as the Jewish national home and, in association with all elements of the population, establish Palestine as a democratic commonwealth in which all men, regardless of race or creed, shall have equal rights.

Agreed to December 19, 1945.

April 13, 1945
[No. 2668]

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

To the People of the United States:

It has pleased God in His infinite wisdom to take from us the immortal spirit of Franklin Delano Roosevelt, the 32nd President of the United States.

The leader of his people in a great war, he lived to see the assurance of the victory but not to share it. He lived to see the first foundations of the free and peaceful world to which his life was dedicated, but not to enter on that world himself.

His fellow countrymen will sorely miss his fortitude and faith and courage in the time to come.

The peoples of the earth who love the ways of freedom and of hope will mourn for him.

But though his voice is silent, his courage is not spent, his faith is
not extinguished. The courage of great men outlives them to become the courage of their people and the peoples of the world. It lives beyond them and upholds their purposes and brings their hopes to pass.

Now, therefore, I, Harry S. Truman, President of the United States of America, do appoint Saturday next, April 14th, the day of the funeral service for the dead President, as a day of mourning and prayer throughout the United States. I earnestly recommend the people to assemble on that day in their respective places of divine worship, there to bow down in submission to the will of Almighty God, and to pay out of full hearts their homage of love and reverence to the memory of the great and good man whose death they mourn.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, the 13th day of April, in the year of our Lord, one thousand nine hundred and forty-five, and of the independence of the United States, the one hundred and sixty-ninth.

MOTHER'S DAY, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS it is fitting that we acknowledge anew our gratitude, love, and devotion to the mothers of America; and
WHEREAS in this year of the war's greatest intensity we are ever mindful of their splendid courage and steadfast loyalty to the highest ideals of our democracy; and
WHEREAS Congress by joint resolution approved May 8, 1914, set aside the second Sunday in May as Mother's Day, and acclaimed the service rendered the United States by the American mother as "the greatest source of the country's strength and inspiration":

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby request the observance of Sunday, May 13, 1945, as Mother's Day, and call upon the officials of the Government to display the flag of the United States on all Government buildings, and the people of the Nation to display the flag at their homes or other suitable places, on that day. And I urge that by our prayers, by our devotion to duty, and by evidences of affection, we give expression to our love and reverence for America's mothers.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

PROCLAMATIONS—MAY 5, 1945

NATIONAL REHABILITATION WEEK

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

With the attention of the Nation rightly focused on the welfare of men and women returning from service in the armed forces and the emphasis placed on benefits provided for them through Congressional action, we must not let our interest flag in discharging our obligations to the increasing thousands among our civilian population who through accident, disease, or congenital conditions are unable to hold a place in the ranks of the American working force. Even in the midst of war their condition calls to us for renewed effort to bring about their restoration that they, too, may maintain their self-respect through self-supporting work.

On June 2, our Nation-wide program for the vocational rehabilitation of such disabled men and women will have been in operation a quarter of a century. Less than two years ago, the Congress expanded this program by amending the Vocational Rehabilitation Act of 1920. The new law—the Barden-LaFalotte Act, passed in 1943—makes it possible for the Federal and State Governments, working as a team, to bring to the mentally disabled and the blind and all other groups of the disabled, the many services necessary to make them employable, including physical restoration, vocational training and placement in suitable employment.

Over the past twenty-five years it has been demonstrated that this program for the restoration of disabled men and women is paying dividends, not only in humanitarian terms but in dollars and cents. Thousands of men and women annually apply to the rehabilitation service for help. Because of disabilities they are able to contribute little to the national income. Many of them are forced to accept public aid. Refitted for work, they begin to pay their own way. No longer then are they tax consumers; they are taxpayers.

That we may not fail to discharge our obligation to help every man and woman who needs vocational rehabilitation services in order to become self-supporting, it appears appropriate at this time that I should urge the able-bodied citizenry of the United States to unite in a concerted effort to bring about wider knowledge and use of the services for physical and mental restoration of the handicapped provided under the Barden-LaFalotte Act, which applies to all civilian disabled.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby declare the week beginning June 2, 1945, as National Rehabilitation Week.

And I urge all churches, educational institutions, health and welfare services, civic organizations, chambers of commerce, boards of trade, industry, labor, public-spirited citizens, and the radio and press throughout the United States to observe National Rehabilitation Week, to the end that handicapped men and women throughout our Nation may be located and advised of the benefits to which they may be entitled.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 5th day of May in the year of our Lord nineteen hundred and forty-five, and of the Independence of the United States of America the one hundred and sixty-ninth.

HARRY S. TRUMAN
BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

The Allied armies, through sacrifice and devotion and with God's help, have wrung from Germany a final and unconditional surrender. The western world has been freed of the evil forces which for five years and longer have imprisoned the bodies and broken the lives of millions upon millions of free-born men. They have violated their churches, destroyed their homes, corrupted their children, and murdered their loved ones. Our Armies of Liberation have restored freedom to these suffering peoples, whose spirit and will the oppressors could never enslave.

Much remains to be done. The victory won in the West must now be won in the East. The whole world must be cleansed of the evil from which half the world has been freed. United, the peace-loving nations have demonstrated in the West that their arms are stronger by far than the might of dictators or the tyranny of military cliques that once called us soft and weak. The power of our peoples to defend themselves against all enemies will be proved in the Pacific war as it has been proved in Europe.

For the triumph of spirit and of arms which we have won, and for its promise to peoples everywhere who join us in the love of freedom, it is fitting that we, as a nation, give thanks to Almighty God, who has strengthened us and given us the victory.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby appoint Sunday, May 13, 1945, to be a day of prayer.

I call upon the people of the United States, whatever their faith, to unite in offering joyful thanks to God for the victory we have won and to pray that He will support us to the end of our present struggle and guide us into the way of peace.

I also call upon my countrymen to dedicate this day of prayer to the memory of those who have given their lives to make possible our victory.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

NATIONAL FARM-SAFETY WEEK, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Nation recognizes that the skill and labor of its farmers is a vital factor in winning the war, and the production of food one of the most essential means of winning the peace; and

WHEREAS the inevitable decrease in available farm labor this year creates an especially urgent need for conserving farm manpower to meet production goals in 1945; and
WHEREAS the accidents which cause some fourteen hundred farm residents to lose their lives each month, and one hundred and twenty-five thousand others to suffer injuries, constitute an unnecessary waste of human life as well as of time and material:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the Nation to observe the week commencing July 22, 1945, as National Farm-Safety Week. And I request all persons and organizations concerned with agriculture and farm life to do everything in their power to educate farm people in the proper precautions by which they may eliminate farm hazards, and to stimulate a nationwide determination to stop the needless waste of irreplaceable farm manpower and property. And I further urge that farm people everywhere observe National Farm-Safety Week by making a safety check in their homes and on their farms.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Brotherhood of Locomotive Firemen and Enginemen
Brotherhood of Railroad Trainmen

which dispute has not heretofore been adjusted under the provisions of the Railway Labor Act, amended, now threatens substantially to interrupt interstate commerce within the states of Colorado and Wyoming to a degree such as to deprive that section of the country of essential transportation service:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, by virtue of the power vested in me by the Constitution and laws of the United States, and by virtue of and under the authority in me vested by section 10 of the Railway Labor Act, amended, do hereby create a board to be composed of three persons not pecuniarily or otherwise interested in any organization of railway employees or any carrier, to investigate the aforementioned dispute and report its findings to me within thirty days from this date.

FLAG DAY, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

It is our custom each year to set aside a day on which to render special honor to our Flag.

We celebrate Flag Day this year with a fresh sense of our strength as a nation. Solemnly, we accept the responsibilities placed upon us by our power.

We honor the men and women in the armed services and in the factories and homes who, with God's help, have given us our victories. We face the battle ahead with solemn gratitude for the triumphs of the past.

Our Flag has accompanied our fighting men on a hundred battlefields. It flies beyond the seas over the friendly lands our arms have freed, and over the hostile countries our arms have conquered. Our Flag will be planted in the heart of the empire of our last remaining enemy.

As we press forward to final victory, we are strengthened with the knowledge that for millions of people in other lands as well as in our own our Flag is a living token of human integrity and freedom.

Let us observe this Flag Day by raising our Flag and beside it the flags of the United Nations. It is especially fitting that we thus honor our Allies at a time when we are working with them to lay a firm foundation for world peace. Let this display of the flags of the United Nations symbolize our unity with our Allies both upon the battlefields of war and under the skies of peace. Let us again dedicate ourselves and our Republic, under God, to the united cause of peace and justice and the brotherhood of all men everywhere.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby designate June 14, 1945, as Flag Day, and ask that the people of our nation on that day do especially honor our Flag, and the men and women of the armed services who have served under it, and that they also pay honor to our Allies of the United Nations.

I direct the officials of the Federal Government and I request the officials of the State and local governments to display the Flag of our Republic on all public buildings on Flag Day; and I urge the people of the United States on that day to fly the American Flag from their
homes, and also to arrange wherever possible for joint displays of the flags of the freedom-loving United Nations, whose staunch collaboration has aided us to achieve the victories of war and will aid us to realize our hope for an enduring peace.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

The Secretary of State

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

The war lords of Japan and the Japanese armed forces have sur-
rendered. They have surrendered unconditionally. Three months
after victory in Europe victory has come in the East.

The cruel war of aggression which Japan started eight years ago to
spread the forces of evil over the Pacific has resulted in her total
defeat.

This is the end of the grandiose schemes of the dictators to enslave
the peoples of the world, destroy their civilization, and institute a
new era of darkness and degradation. This day is a new beginning
in the history of freedom on this earth.

Our global victory has come from the courage and stamina and
spirit of free men and women united in determination to fight.
It has come from the massive strength of arms and materials created
by peace-loving peoples who knew that unless they won decency in
the world would end.

It has come from millions of peaceful citizens all over the world—
turned soldiers almost overnight—who showed a ruthless enemy that
they were not afraid to fight and to die, and that they knew how to
win.

It has come with the help of God, Who was with us in the early
days of adversity and disaster, and Who has now brought us to this
glorious day of triumph.

Let us give thanks to Him, and remember that we have now dedi-
cated ourselves to follow in His ways to a lasting and just peace and
to a better world.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the
United States of America, do hereby appoint Sunday, August 19, 1945,
to be a day of prayer.

I call upon the people of the United States, of all faiths, to unite in
offering their thanks to God for the victory we have won, and in
praying that He will support and guide us into the paths of peace.
I also call upon my countrymen to dedicate this day of prayer to
the memory of those who have given their lives to make possible our
victory.
IN WITNESS WHEREOF, I have hereunto set my hand and
caused the seal of the United States of America to be affixed.

FIRE PREVENTION WEEK, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS uncontrolled fire, even in normal times, takes a heavy
toll of our human and physical resources; and
WHEREAS the needless waste of lives and property occasioned
each year by preventable fires has attained increasingly grave pro-
portions; and
WHEREAS a high degree of individual responsibility and united
effort are necessary to overcome this national menace:
NOW, THEREFORE, I, HARRY S. TRUMAN, President of
the United States of America, do hereby designate the week begin-
ing October 7, 1945, as Fire Prevention Week.
I earnestly desire that every citizen assume a personal respon-
sibility for detecting and eliminating fire hazards under his control
and take all possible precautions to safeguard both lives and property
from the ravages of fire. I also request that the State and local
governments, the Chamber of Commerce of the United States, the
National Fire Waste Council, business and labor organizations, the
churches and schools, civic groups, and the various agencies of the
press, radio, and motion-picture industry throughout the country
bend every effort to the attainment of the objectives of Fire Preven-
tion Week; and I direct that the appropriate agencies of the Federal
Government likewise assist in every practicable way the enlighten-
ment of the public with respect to the purposes of a sound fire-
prevention program.

Policy of the United States with Respect to the Natural
Resources of the Subsoil and Sea Bed of the Continental
Shelf

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the Government of the United States of America,
aware of the long range world-wide need for new sources of petroleum
and other minerals, holds the view that efforts to discover and make
available new supplies of these resources should be encouraged; and
WHEREAS its competent experts are of the opinion that such
resources underlie many parts of the continental shelf off the coasts
of the United States of America, and that with modern technological
progress their utilization is already practicable or will become so at
an early date; and
WHEREAS recognized jurisdiction over these resources is required
in the interest of their conservation and prudent utilization when and
as development is undertaken; and
WHEREAS it is the view of the Government of the United States
that the exercise of jurisdiction over the natural resources of the sub-
soil and sea bed of the continental shelf by the contiguous nation is
reasonable and just, since the effectiveness of measures to utilize or
conserv[e] these resources would be contingent upon cooperation and
protection from the shore, since the continental shelf may be regarded
as an extension of the land-mass of the coastal nation and thus natu-
really appurtenant to it, since these resources frequently form a sea-
ward extension of a pool or deposit lying within the territory, and
since self-protection compels the coastal nation to keep close watch
over activities off its shores which are of the nature necessary for
utilization of these resources;
NOW, THEREFORE, I, HARRY S. TRUMAN, President of the
United States of America, do hereby proclaim the following policy
of the United States of America with respect to the natural resources
of the subsoil and sea bed of the continental shelf.
Having concern for the urgency of conserving and prudently
utilizing its natural resources, the Government of the United States
regards the natural resources of the subsoil and sea bed of the con-
tinental shelf beneath the high seas but contiguous to the coasts of the
United States as appertaining to the United States, subject to its
jurisdiction and control. In cases where the continental shelf ex-
tends to the shores of another State, or is shared with an adjacent
State, the boundary shall be determined by the United States and
the State concerned in accordance with equitable principles. The
character as high seas of the waters above the continental shelf and the right to their free and unimpeded navigation are in no way thus affected.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

POLICY OF THE UNITED STATES WITH RESPECT TO COASTAL FISHERIES IN CERTAIN AREAS OF THE HIGH SEAS

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS for some years the Government of the United States of America has viewed with concern the inadequacy of present arrangements for the protection and perpetuation of the fishery resources contiguous to its coasts, and in view of the potentially disturbing effect of this situation, has carefully studied the possibility of improving the jurisdictional basis for conservation measures and international cooperation in this field; and

WHEREAS such fishery resources have a special importance to coastal communities as a source of livelihood and to the nation as a food and industrial resource; and

WHEREAS the progressive development of new methods and techniques contributes to intensified fishing over wide sea areas and in certain cases seriously threatens fisheries with depletion; and

WHEREAS there is an urgent need to protect coastal fishery resources from destructive exploitation, having due regard to conditions peculiar to each region and situation and to the special rights and equities of the coastal State and of any other State which may have established a legitimate interest therein;

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby proclaim the following policy of the United States of America with respect to coastal fisheries in certain areas of the high seas:

In view of the pressing need for conservation and protection of fishery resources, the Government of the United States regards it as proper to establish conservation zones in those areas of the high seas contiguous to the coasts of the United States wherein fishing activities have been or in the future may be developed and maintained on a substantial scale. Where such activities have been or shall hereafter be developed and maintained by its nationals alone, the United States regards it as proper to establish explicitly bounded conservation zones in which fishing activities shall be subject to the regulation and control of the United States. Where such activities have been or shall hereafter be legitimately developed and maintained jointly by nationals of the United States and nationals of other States, explicitly bounded conservation zones may be established under agreements between the United States and such other States; and all fishing activities in such
zones shall be subject to regulation and control as provided in such agreements. The right of any State to establish conservation zones off its shores in accordance with the above principles is conceded, provided that corresponding recognition is given to any fishing interests of nationals of the United States which may exist in such areas. The character as high seas of the areas in which such conservation zones are established and the right to their free and unimpeded navigation are in no way thus affected.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Thanksgiving Day, 1945

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

In this year of our victory, absolute and final, over German fascism and Japanese militarism; in this time of peace so long awaited, which we are determined with all the United Nations to make permanent;
on this day of our abundance, strength, and achievement; let us give thanks to Almighty Providence for these exceeding blessings.

We have won them with the courage and the blood of our soldiers, sailors, and airmen. We have won them by the sweat and ingenuity of our workers, farmers, engineers, and industrialists. We have won them with the devotion of our women and children. We have bought them with the treasure of our rich land. But above all we have won them because we cherish freedom beyond riches and even more than life itself.

We give thanks with the humility of free men, each knowing it was the might of no one arm but of all together by which we were saved. Liberty knows no race, creed, or class in our country or in the world. In unity we found our first weapon, for without it, both here and abroad, we were doomed. None have known this better than our very gallant dead, none better than their comrade, Franklin Delano Roosevelt. Our thanksgiving has the humility of our deep mourning for them, our vast gratitude to them.

Triumph over the enemy has not dispelled every difficulty. Many vital and far-reaching decisions await us as we strive for a just and enduring peace. We will not fail if we preserve, in our own land and throughout the world, that same devotion to the essential freedoms and rights of mankind which sustained us throughout the war and brought us final victory.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, in consonance with the joint resolution of Congress approved December 26, 1941, do hereby proclaim Thursday, November 22, 1945, as a day of national thanksgiving. May we on that day, in our homes and in our places of worship, individually and as groups, express our humble thanks to Almighty God for the abundance of our blessings and may we on that occasion rededicate ourselves to those high principles of citizenship for which so many splendid Americans have recently given all.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

ARTICLE 14.

It is agreed that double taxation shall be avoided in the following manner:

As regards the United States of America:

1. Notwithstanding any other provision of this Convention, the United States of America in determining the income and excess profits taxes, including all surtaxes, of its citizens, or residents or corporations, may include in the basis upon which such taxes are imposed, all items of income allocable under the Revenue Laws of the United States of America, with such amounts as the Convention had come into effect. The United States of America shall, however, deduct from the taxes thus computed the amount of French income tax paid. This deduction shall be made in accordance with the benefits and limitations of capital invested (situated or employed) in the first State and imputable to an establishment stable which has not been referred to in Article 1 of the present Convention.

La disposition qui précède est applicable en ce qui concerne la contribution française des patentes et l'impôt américain sur le "capital stock", bien que ces deux impôts ne soient pas visés à l'article 1er de la présente Convention.

Il est entendu que la double imposition sera évitée de la façon suivante:

A – En ce qui concerne les États-Unis d'Amérique:

Nonobstant toute autre disposition de la présente Convention, les États-Unis d'Amérique, en déterminant les impôts sur le revenu et les excédents de bénéfices, y compris toutes les surtaxes, des leurs citoyens, de leurs sociétés et des personnes résidant en Amérique pourront comprendre dans les bases de ces impôts toutes les catégories de revenus imposables en vertu de la législation fiscale américaine, comme si ladite Convention n'existait pas. Toutefois, les États-Unis d'Amérique déduiront des impôts ainsi calculés le montant des impôts sur le revenu perçu en France. Cette déduction sera faite dans les conditions prévues...
Section 131 of the United States Internal Revenue Code relating to credit for foreign taxes.

B—As regards France:

a) Schedular taxes.

Income from securities, debts and trusts having its source in the United States of America shall be subject in France to the tax on income from securities; but this tax shall be reduced by the amount of the tax already paid in the United States of America on the same income. In consideration of the fiscal regime to which the legislation of the United States of America subjects the income of non-resident aliens and foreign corporations or other entities, the deduction of the tax paid in the United States of America shall be effected in a lump sum through a reduction of 12 in the rate of the tax established by the French law.

The income other than that indicated in the preceding paragraph shall not be subject to any schedular tax in France when, according to this Convention, it is taxable in the United States of America.

b) General tax on revenue.

En égard au régime fiscal auquel la législation des États-Unis d'Amérique soumet les revenus perçus par des étrangers non résidents et par des sociétés ou autres collectivités étrangères, la déduction de l'impôt acquitté aux États-Unis d'Amérique sera effectuée à forfait au moyen d'une diminution de 12 du taux de l'impôt fixé par la loi française.

Les revenus autres que ceux visés à l'alinéa précédent ne seront soumis en France à aucun impôt cédulaire lorsque, d'après la Convention, ils seront imposables aux États-Unis d'Amérique.

b) Impôt général sur le revenu.

Nonobstant toute autre disposition de la présente Convention, l'impôt général sur le revenu pourra être déterminé d'après tous les éléments de revenu imposable selon la législation fiscale française.

the French Code on direct taxation relative to the taxation of aliens domiciled or resident in France shall continue to be applied.

**ARTICLE 15.**

The remaining one-fourth shall, in all cases, be taken as the basis of the annual tax on undistributed profits applicable to the same corporations.

**ARTICLE 16.**

An American corporation shall not be subject to the obligations prescribed by Article 3 of the Decree of December 6, 1872, by reason of any participation in the management or in the capital of, or any other relations with, a French corporation. In such case, the tax on income from securities continues to be levied, in conformity with French legislation, on the dividends, interest and all other distributions made by the French enterprise; but it is moreover collectible, if the occasion arises, and subject to the measures of appeal applicable in the case of the tax on income from securities, with respect to the profits which the American corporation derives from the French corporation under the conditions prescribed in Article 5.
**ARTICLE 17.**

The American corporations subject to the provisions of Article 3 of the Decree of December 6, 1872 who were not placed under the special regime established by Articles 5 and 6 of the Convention for the avoidance of double income taxation between the United States of America and France, signed April 27, 1932, may, during a new period of six months from the date of the entry into force of the present Convention, exercise with reference to past years, the option provided in those two articles under the conditions which they prescribe.

Moreover, the American corporations contemplated in the third paragraph of Article 10 of the Convention of April 27, 1932, may be admitted to benefit from the provisions of that paragraph, when the tax has not yet been paid, if the latter was not found to be payable, prior to May 1, 1930, by a definitive judicial decision or if such decision has been the subject of an appeal in cassation.

**ARTICLE 18.**

Any United States income tax liability remaining unpaid as at the effective date of this Convention for years beginning prior to January 1, 1936 of any individual resident of France (other than a citizen of the United States of America) or of a French corporation may be adjusted by the Commissioner of Internal Revenue of the United States of America, on the basis of the provisions of the United States Revenue Act of 1936. D'autre part, les sociétés américaines visées au 3ème alinéa de l'article 10 de la Convention du 27 avril 1932 pourront être admises à bénéficier des dispositions de cet alinéa, lorsque l'impôt n'aura pas encore été acquitté, si l'exigibilité de ce dernier n'a pas été constatée, avant le 1er mai 1930, par une décision de justice définitive ou si cette décision a fait l'objet d'un recours en cassation.

**Article 22.**

Les autorités compétentes de chaque État contractant auront le droit dans des cas concrets et sauf en ce qui concerne les citoyens, sociétés ou collectivités de l'État auquel la demande est faite, d'obtenir des autorités compétentes de l'autre État, par la voie diplomatique, des renseignements nécessaires à l'établissement des impôts visés par la présente Convention.

**Article 23.**

Les États contractants s'engagent à se prêter concours et assistance aux fins de recouvrer les impôts visés par la présente Convention ainsi que les intérêts, frais et suppléments de taxes et les amendes n'ayant pas un caractère pénal d'après les lois de l'État requis, dans les cas où les impôts sont définitivement dus conformément aux règles de l'État requérant.

**ARTICLE 24.**

In no case shall the provisions of Article 22 relating to particulars in concrete cases, or of Article 23 relating to mutual assistance in the collection of taxes, be construed so as to impose upon either of the contracting States the obligation to carry out administrative measures at variance with the regulations and practice of either contracting State, or to supply particulars which are not procurable under the law of the State to which application is made, or that of the State making application.

The State to which application is made for information or assistance shall comply as soon as possible with the request addressed to it. Nevertheless, such State may refuse to comply with the request for reasons of public interest.

**ARTICLE 24.**

Il sera joint à la demande de recouvrement susvisée une copie de tous les documents qui sont exigés par les lois de l'État qui a adressé la demande pour certifier que les créances fiscales ont un caractère définitif.

Si la créance fiscale n'a pas un caractère définitif, l'État requis peut, à la demande de l'État requérant, prendre les mesures conservatoires qui sont autorisées par la législation du premier État pour le recouvrement de ses propres impôts.

L'assistance prévue au présent Article ne sera pas accordée en ce qui concerne les citoyens, sociétés ou autres collectivités de l'État requis.

Les stipulations de l'article 22 se rapportant aux informations visant des cas concrets, et celles de l'article 23 se rapportant au concours et à l'assistance aux fins de recouvrer les impôts, ne devront, en aucun cas, être interprétées comme imposant à l'un des États contractants l'obligation d'appliquer des mesures administratives contraires aux règlements et à l'usage de l'un ou de l'autre État, ou de fournir des renseignements qui ne peuvent être obtenus en vertu de la législation soit de l'État requis, soit de l'État requérant.

L'État, auquel la demande de renseignements ou d'assistance sera adressée, y répondra avec toute la promptitude possible. Cependant, l'État requis pourra signifier son refus pour des raisons de politique intérieure ou si la
policy or if compliance would involve violation of a business, industrial or trade secret. In such case it shall inform, as soon as possible, the State making the application.

**ARTICLE 25.**

Any taxpayer who shows proof that the action of the revenue authorities of the contracting States has resulted in double taxation in his case in respect of any of the taxes to which the present Convention relates, shall be entitled to lodge a claim with the State of which he is a citizen or, if the taxpayer is a corporation or other entity, with the State in which it is created or organized. Should the claim be upheld, the competent authority of such State may come to an agreement with the competent authority of the other State with a view to equitable avoidance of the double taxation in question.

**ARTICLE 26.**

The competent authorities of the two contracting States may prescribe regulations necessary to interpret and carry out the provisions of this Convention. With respect to the provisions of this Convention relating to exchange of information and mutual assistance in the collection of taxes, such authorities may, by common agreement, prescribe rules concerning matters of procedure, forms of application and replies thereto, rates of conversion of currencies, transfer of sums collected, minimum amounts subject to collection, payment of costs of collection, and related matters.

Tous contribuables qui prouvent que les mesures prises par les Autorités fiscales des États contractants ont entraîné pour lui une double imposition en ce qui concerne les impôts visés par la présente Convention, peut adresser une demande à l'État dont il est ressortissant ou, si le contribuable est une société ou autre collectivité, à l'État où celle-ci a été créée ou organisée. Si le bien-fondé de la demande est reconnu, l'Autorité compétente de cet État peut s'entendre avec l'autorité compétente de l'autre État pour éviter, de façon équitable, une double imposition.

**ARTICLE 26.**

Les autorités compétentes des deux États contractants pourront édicter les règlements nécessaires à l'interprétation et à l'exécution de la présente Convention. En ce qui concerne les stipulations de cette Convention relative à l'échange des renseignements, et à l'assistance mutuelle pour le recouvrement des impôts, ces autorités pourront s'entendre au sujet des questions de procédure, de la forme des demandes et des réponses à ces demandes, des taux de conversion des monnaies, du transfert des sommes recouvrées, de la détermination du minimum des sommes recouvrables, du paiement des frais de recouvrement et d'autres questions s'y rapportant.

In pursuance of the recommendation of the World Monetary and Economic Conference of 1933 that negotiations should continue with a view to establishing and maintaining an orderly relationship between the supply and demand for sugar in the world market;
Considering that the present situation of the sugar market renders it both possible and necessary for the Governments concerned to collaborate to this end;

Bearing in mind the principle laid down by the above-mentioned Conference that any international agreement for the regulation of production and marketing should be equitable both to producers and consumers;

Have agreed as follows:—

Chapter I.—Definitions.

**Article 1.**

For the purposes of the present Agreement—

(1) "Ton" means a metric ton of 1,000 kilograms.

"Long ton" means a ton of 2,240 lbs. avoirdupois.

"Short ton" means a ton of 2,000 lbs. avoirdupois.

(2) "Quota year" means the period from the 1st September to the 31st August.

(3) "Sugar" shall be deemed to include sugar in any of its commercial forms, except the product sold as final molasses, and also except the so-called "Goela Mangkok" sugar produced by primitive methods by natives of Java for their own account to which sugar the Government of the Netherlands East Indies does not extend its legislative measures.

The sugar equivalent of exports of the product known as "fancy molasses" from Barbados shall, however, be charged to the export quota of the British Colonial Empire.

The respective export quotas of sugar referred to in this Agreement shall, in the case of cane sugar producing countries, mean and refer to the nature and the types of sugar heretofore exported by such countries; and, in the case of beet sugar producing countries, shall mean raw sugar *tel quel*, white sugars of the latter countries to be converted to a raw basis at the rate of nine parts white to ten parts raw. Such quantities shall, in all cases, mean net weight excluding the container.

(4) "Net imports" means total imports after deducting total exports.

(5) "Net exports" means total exports after deducting total imports.

(6) "Exports to the free market" shall include all net exports from the countries to which export quotas for the free market are or may be allotted under Article 19, with the exception of—

(a) exports from the Republic of Cuba to the United States of America under any import quota allotted by the United States of America to Cuba; provided that such sugar is not re-exported from the United States of America to any country except Cuba, and further provided that any sugar exported from Cuba to the United States of America under a quota allotted under paragraph (a) of Article 9 shall be included in the exports of Cuba to the free market;
(b) exports from any country to the United States of America under paragraph (c) of Article 9 of this Agreement;

c) exports from the U. S. S. R. to Mongolia, Sin Kiang and Tannu Tuva;

d) exports from French Colonies to France, Algeria and other French Colonies and from France to Algeria, and French Colonies;

e) exports from the Commonwealth of the Philippines to the United States of America;

(f) sugar sent from Belgium to Luxemburg, which in virtue of the Belgo-Luxemburg Economic Union does not rank as an export.

(7) "The Council" means the International Sugar Council to be set up under the present Agreement.

Chapter II.—General Undertakings.

Article 2.

The Contracting Governments agree that it is their policy so to direct the arrangements made under the present Agreement as always to assure consumers of an adequate supply of sugar on the world market at a reasonable price not to exceed the cost of production, including a reasonable profit, of efficient producers.

Article 3.

The Contracting Governments shall take all the legislative or administrative measures necessary for the execution of the present Agreement. The texts of such measures shall be communicated to the Secretariat of the Council.

Article 4.

While recognising that all Government measures relating to agrarian policy and to state assistance to the sugar industry are governed by the internal conditions of each country and in many cases require the approval of Parliament, the Contracting Governments agree that it is desirable that—

(a) If and when prices on the free market rise, all necessary steps should be taken to prevent the rise in world prices from leading on the one hand to an increase of internal prices for consumers such as would be likely to check consumption, and on the other hand to a rise of wholesale prices (beyond the level required to secure a fair return for growers and producers) to such a point as to stimulate excess production not justified by the requirements of the market, thus defeating the object of the present Agreement;

(b) In sugar exporting countries whose internal prices are not directly affected by a rise in the world price of sugar, all necessary steps should be taken to prevent the increase in the returns received from sugar production for export from causing the same difficulty by stimulating excessive and unjustified production.
The Contracting Governments agree that, as far as possible, favourable consideration should be given to all proposals having for their object:—

(a) the reduction of disproportionate fiscal burdens on sugar;
(b) the encouragement and support of all efforts to promote increased consumption of sugar in countries in which consumption is low by means of suitable publicity campaigns or by other effective means both on the national and, where considered appropriate, on the international plane;
(c) appropriate action to check the abuses resulting from the substitution for sugar of substances having no comparable food value;
(d) the search for new and alternative uses for sugar, within the framework of national activities.

The Council shall—

(a) make a full study, acting if it considers it desirable in conjunction with appropriate international organisations such as the International Institute of Agriculture, of the various forms of state assistance in order in particular to formulate proposals for carrying out the principle laid down in Article 4, taking into account the varying conditions under which sugar production is carried on, and, in particular, the conditions of agricultural production;
(b) enquire into the effect on the free market of direct or indirect premiums granted to sugar-producing industries in general;
(c) examine the possibility of promoting between white sugar exporting countries reciprocal agreements to respect their national markets;
(d) collect available information in regard to the matters dealt with in Article 5;
(e) submit the results of enquiries made in regard to the matters dealt with in this Article for the consideration of Contracting Governments.

The Contracting Governments undertake to supply all available statistics and information requested by the Council or the Executive Committee and to comply with any other reasonable request made by those bodies within the scope and provisions of the present Agreement.

Chapter III.—Obligations of Countries not exporting to the Free Market.

In order to contribute, so far as they are each concerned, to the maintenance and if possible the expansion of the free market for sugar the Governments hereinafter specified accept for the period of the present Agreement the specific obligations set forth in the succeeding Articles of this Chapter.
(a) The Government of the United States undertakes, with respect to the United States, its territories and possessions, except the Commonwealth of the Philippines, to permit during each calendar year a net importation from foreign countries not enjoying preferential duty rates (i.e., the quantity by which imports from such countries exceed total exports to the world market, it being understood that supplies from the Commonwealth of the Philippines and re-exports of Cuban sugar from the United States are not to be included in reckoning net importation) of a quantity of sugar which shall be a proportion of the quantity needed to meet the requirements of consumers in continental United States at least equal to the proportion allotted to such foreign countries during the calendar year 1937 in accordance with General Sugar Quota Regulations, Series 4, No. 1, issued by the United States Department of Agriculture on the 12th December, 1936. If the quota of the Commonwealth of the Philippines should be reduced below an amount equal to 800,000 long tons of unrefined sugar plus 50,000 long tons of refined sugar, the Government of the United States further undertakes to permit a net importation (as defined above) from foreign countries of a net quantity of sugar equal to the amount of such reduction.

(b) Furthermore, in the allocation of import quotas to foreign countries as provided above, the Government of the United States undertakes that the percentage so allotted to countries parties to the present Agreement shall not in the aggregate be less than the percentage allotted to those countries at the time of the signature of the Agreement.

(c) The Government of the United States reserves the right to increase the net imports of sugar (as defined above) from foreign countries not enjoying preferential duty rates over and above the minimum import quotas to be allocated to them under the provisions of paragraphs (a) and (b) above, such excess not to be chargeable to the export quotas of such foreign countries and not to be included in reckoning the net importation for the purposes of paragraph (a).

ARTICLE 10.

(a) The Government of the Commonwealth of the Philippines undertakes, so long as the United States maintains a quota for Philippine sugar of not less than an amount equal to 800,000 long tons of unrefined sugar plus 50,000 long tons of refined sugar per calendar year, not to export sugar to countries other than the United States, its territories and possessions, until additional export quotas are allotted under Article 20 of the present Agreement. In the event of such additional quotas being allotted, the Commonwealth of the Philippines will be entitled to export to the free market during the period for which such additional quotas are in force an amount equal to 4 per cent. of the aggregate of such additional quotas.

(b) In the event of a reduction in the quota for Philippine sugar for importation into the United States below a quantity equal to
800,000 long tons of unrefined sugar plus 50,000 long tons of refined sugar per calendar year, the Commonwealth of the Philippines shall be allotted a basic export quota for the free market equal to the quantity by which such quota in the United States is reduced plus the 4 per cent. above mentioned.

(c) The Government of the Commonwealth of the Philippines will not claim any quota for export to the free market because of any change which may take place during the period of the present Agreement in the tariff conditions under which Philippine sugar is admitted into the United States, and in return the Contracting Governments agree not to claim, in virtue of any most-favoured-nation rights granted to them by the Government of the United States, the benefit of any advantages with respect to sugar which may be accorded to, or agreed upon with, the Philippines by the Government of the United States during the period of the present Agreement.

Article 11.

The Government of the United Kingdom undertakes, subject to the provisions of Article 14 below—

(a) To maintain in operation during the period of the present Agreement those provisions of the Sugar Industry (Reorganization) Act, 1936, designed to limit the annual production of sugar in Great Britain to a standard quantity of 560,000 long tons of white sugar (i.e., approximately 618,000 metric tons raw value).

(b) That during the period of the present Agreement the total exports from the British Colonial Empire shall be limited to a basic figure of 965,254 metric tons per quota year.

Article 12.

The Government of the Commonwealth of Australia undertakes, subject to the provisions of Article 14 below, to limit exports from Australia to a basic figure of 406,423 metric tons per quota year during the period of the present Agreement.

Article 13.

The Government of the Union of South Africa undertakes, subject to the provisions of Article 14 below, to limit exports from the Union to a basic figure of 209,000 metric tons per quota year during the period of the present Agreement.

Article 14.

(a) The Government of the United Kingdom, the Government of the Commonwealth of Australia and the Government of the Union of South Africa reserve the right respectively to increase the standard quantity for production in Great Britain and the basic quotas for exports of the Colonial Empire, Australia and South Africa, specified above, proportionately to any increase in requirements over and above the consumption requirements for the year ending the 31st August,
1937, of the United Kingdom plus the aggregate of the net import requirements for that year of each of the other parts of the British Empire.

Provided that there shall be reserved for exporters to the free market a percentage of the increase so calculated not less than the percentage of the aforesaid requirements supplied by the exporters to the free market in the year ending on the 31st August, 1937.

(b) The Governments of the United Kingdom, the Commonwealth of Australia and the Union of South Africa, in consultation with the Council, shall determine before the commencement of each quota year the estimated amount of the increase in requirements as aforesaid for that year, and the said Governments will thereupon notify the Council what amount of such estimated increase will be added to the standard quantity referred to in Article 11 (a) above or the export quotas referred to in Articles 11 (b), 12 and 13 as the case may be, and what amount will be available for exporters to the free market.

(c) The Governments of the Commonwealth of Australia and of the Union of South Africa agree not to claim any increase of their basic quotas, as fixed in Articles 12 and 13 respectively, in the year commencing the 1st September, 1937, without prejudice to their rights to their full share in the increase in future years of the aforesaid requirements as compared with the year ending the 31st August, 1937, and their shares of the increase of requirements in the year commencing the 1st September, 1937, shall be made available for exporters to the free market.

(d) If in any year the actual increase of requirements calculated as aforesaid exceeds or falls short of the estimate made as provided in paragraph (b) of this Article, a correction shall if necessary be made by deduction from or addition to the quotas for the next succeeding year.

**Article 15.**

The provisions of Articles 22, 23 and 25 shall apply to the export quotas fixed by Articles 11, 12 and 13 above, and these quotas shall also be subject to the rules of paragraph (a) of Article 24 regarding notification of inability to utilise quotas, in the same way as if the said quotas were quotas for export to the free market. In the event of such notification of inability to utilise quotas the parts not to be utilised may be redistributed among the other territories referred to in Articles 11, 12 and 13.

**Article 16.**

(a) The Government of India undertakes to prohibit exports of sugar by sea elsewhere than to Burma during the period of the present Agreement.

(b) In the event of re-export of Indian sugar by sea from Burma rendering the Government of India's contribution to the present Agreement ineffective, the Government of India will take up the matter with the Government of Burma with a view to reaching arrangements which will render the Government of India's contribution effective.
The Government of China will use its best endeavours, so far as circumstances permit, to the end that the sugar import requirements of the Chinese market shall not decrease during the period of the present Agreement.

The Government of the Netherlands, in respect of its territory in Europe, undertakes to refrain from net exports of sugar; it reserves the right to cover the requirements of its home market by its home production and imports from other parts of the Kingdom.

The Government of the Netherlands, in respect of Netherlands Guiana, undertakes to refrain from net exports of sugar to countries outside the Kingdom of the Netherlands.

Chapter IV.—Export Quotas for the Free Market.

Article 19.

(a) The Contracting Governments shall have the basic export quotas for the free market which are set out below:

*Czechoslovakia will receive the following extra allotments:—

Year beginning—

- September 1, 1937: 90,000 metric tons.
- September 1, 1938: 60,000 ”
- September 1, 1939: 25,000 ”

it being understood that Czechoslovakia will take steps to reduce its acreage to correspond to those figures.

(b) It is further provided that 47,500 tons for the free market shall be placed in reserve. This reserve quota, if needed, will be at the disposal of those Governments which, while they have no separate quotas, have before signing the present Agreement, taken measures to balance their production and consumption, and have not been
habitual exporters, in order that they may be able in any particular year to export an unexpected surplus of output.

Yugoslavia shall in any case have a claim on the reserve up to 12,500 tons during each year of the Agreement.

France will be entitled to place upon the free market a possible surplus of production, whether home or colonial, up to the balance of the reserve after deducting any amount utilised by Yugoslavia.

If in any year France does not utilise the balance of the reserve after deducting the amount of 12,500 tons available for Yugoslavia, the exports of Yugoslavia may be increased up to a maximum of 15,000 tons.

(c) If there shall be allotted to the Commonwealth of the Philippines, under the provisions of Article 10, a basic export quota, that quota shall be subject in all respects to the same provisions as the export quotas set out in paragraph (a) of this Article.

(d) In the event of a non-signatory Government acceding to the present Agreement in accordance with Article 49 a basic export quota may be assigned to it in agreement with the said Government by the Council acting by unanimity of the votes cast.

**ARTICLE 20.**

If the Council shall at any time decide by three-fifths of the votes cast that, having regard to the requirements of the market, additional supplies are desirable, it shall allot additional quotas to all the countries concerned for such period (not exceeding one year) as it may decide, the additional quotas for each country being proportional to the basic quota of that country. The Council shall at the same time make a corresponding proportionate increase in the reserve quota. Yugoslavia shall have a claim on such increase in the reserve quota proportionate to its claim on the original amount of the reserve. Furthermore, the Council shall, in accordance with Article 10, allot to the Commonwealth of the Philippines an export quota equal to 4 per cent. of the aggregate of the additional quotas allotted, including the increase in the reserve quota.

**ARTICLE 21.**

(a) The Council shall be empowered for the year beginning the 1st September, 1937, and/or the year beginning the 1st September, 1938, to reduce export quotas by a uniform percentage not exceeding 5 per cent. if, after a survey of the probable requirements of the market for the year in question, it decides that such reduction is necessary. For this purpose export quotas shall be deemed to be the basic quotas after deducting any part of such quotas released under Article 24 (a) or adding any special allocations made under Article 24 (b) for the years in question.

(b) In subsequent years, it shall be open to the Council to recommend at any time whether, and to what extent, a reduction would be desirable, but such reduction shall come into force only if all the members of the Council representing countries entitled to basic quotas or to participation in the reserve, consent to it.
TREATIES

ARTICLE 22.

Each Contracting Government to which an export quota has been or may be allotted undertakes to ensure that net exports from its territories to the free market for any given quota year shall not exceed the export quota in force for it in that year under the provisions of the present Agreement.

ARTICLE 23.

If in any year of the Agreement a Contracting Government should not export its quota or any part of it, it shall not thereby acquire any right to an increase of its quota in the following year.

Nevertheless, if the Government of Czechoslovakia proves to the satisfaction of the Executive Committee that, owing to a low or high water level or the presence of ice on the Elbe, Czechoslovakia has been unable to export her full quota in any quota year, the Czechoslovak Government may be permitted to export the deficiency during the first three months of the next quota year, in addition to her quota for that year.

ARTICLE 24.

(a) Each Contracting Government shall notify the Council, as soon as possible, if it does not propose to make use of its export quota, or any part of it, in any quota year, so that the quantities which will not be used may be redistributed (i) among the other Contracting Governments which notify the Council that they are in a position to use them and (ii) to the reserve quota. Subject to paragraph (b) below, this redistribution shall be made pro rata according to the basic quotas.

(b) The Council shall in any given quota year have power to use up to 25 per cent. of the quotas available for redistribution or up to 50,000 metric tons of such quotas, whichever shall be the larger amount, to meet proved cases of special hardship. Nevertheless, if in a particular year the amount available for redistribution should be less than 30,000 tons, the Council shall have power, should a proved case of special hardship arise, to allot to meet the necessities of that case an amount up to 30,000 tons. The excess of this amount over the amount available for redistribution shall constitute an increase of the supplies to the free market and the quotas of other Contracting Governments shall not be affected.

(c) The Governments of the following countries have given notice that during the quota year beginning on the 1st September, 1937, they will not make use of the parts of their export quotas herein indicated:

The French Government has given notice that during the above-mentioned quota year the reserve quota may be reduced by 22,500 tons.

Article 25.

Neither the basic quotas nor the export quotas for a particular year nor any additional quotas may be ceded by one Contracting Government to another.

Chapter V.—Stocks.

Article 26.

(a) While the Contracting Governments fully realise that due regard must be had to the necessity of maintaining adequate reserve supplies to meet unexpected demands, they agree that it is undesirable that excessive stocks of sugar which would weigh on the market should be accumulated in their respective countries.

(b) Those Contracting Governments to which export quotas have been or may be allotted under the present Agreement, undertake so to regulate their production that the stocks in their respective countries shall not exceed, for each country, on a fixed date in each year to be agreed with the Council, an amount equal to 25 per cent. of its annual production.

(c) Nevertheless, the Council may if it considers that such action is justified by special circumstances allot to any country a stock in excess of 25 per cent. of its production.

(d) On account of its special situation in connection with exports to the United States and the requirements of Contract No. 4 on the New York Sugar Exchange, the Republic of Cuba may have at the end of each calendar year as stocks (1) for the United States an amount not to exceed 30 per cent. of its export quota to that country, (2) for the free market, an amount not to exceed 300,000 metric tons, provided that a system of control is maintained by the Government of the Republic of Cuba, by means of identity certificates or otherwise, which ensures that such stocks are used for those purposes.

(e) Having regard to the special conditions of production in the Netherlands East Indies, that territory shall be permitted to have a stock not exceeding 500,000 tons on the 1st April in each year.

(f) Hungary shall be permitted to have a stock of 30 per cent. of its annual production.

Article 27.

Those Contracting Governments to which free market export quotas have been allotted agree in respect of their cane producing territories to regulate sugar production in those territories, unless prevented from doing so by drought, flood or other adverse conditions, so that stocks shall equal, on a fixed date in each year to be agreed with the Council, an amount not less than 10 per cent. of their respective export quotas for such year, provided nothing in this Article shall be construed as requiring any country to produce in excess of its basic export quota specified in Article 19 during either of the years 1937–38 or 1938–39.
TREATIES

ARTICLE 28.

The Council shall in due course determine what shall be regarded as "stocks" of sugar for the purpose of Articles 26 and 27.

Chapter VI.—Establishment of an International Sugar Council.

ARTICLE 29.

The present Agreement shall be under the administration of—

(a) A General Council, which shall be known as the International Sugar Council and shall be composed of delegates representing the Contracting Governments.

(b) An Executive Committee of nine members.

ARTICLE 30.

The seat of the Council and of the Executive Committee shall be in London.

ARTICLE 31.

Each Contracting Government shall appoint a delegation to the Council. Each delegation shall consist of not more than three members and its composition may be changed by giving formal notice to the chairman of the Council. Each delegation may be accompanied by not more than three advisers. Each delegation shall appoint one of its members to cast the vote of the delegation.

ARTICLE 32.

The Council shall elect from amongst its members a Chairman and a Vice-Chairman who shall hold office for such period as it may determine.

ARTICLE 33.

The Council shall have the following powers and duties:

(a) The general administration of the present Agreement, without prejudice to the powers which the Agreement gives to the Executive Committee;

(b) To elect its Chairman and Vice-Chairman and any other officers that it may consider necessary, determine their powers and duties and fix their terms of office;

(c) To estimate, at least twenty days before the beginning of each quota year, the requirements of consumption of the free market for that year;

(d) To appoint such permanent or temporary committees as it considers advisable for the proper working and administration of the present Agreement, and to determine their functions and duties;

(e) To approve the annual budget of expenses and fix the amounts to be contributed by each Contracting Government in accordance with the principles laid down in Article 35;
(f) To obtain such statistics and other data as it considers necessary for the execution of the present Agreement, and to publish such information as it may consider desirable;

(g) To endeavour to secure the accession of non-signatory Governments whose participation it considers desirable;

(h) In general, to exercise all the powers which may be necessary to carry out the present Agreement.

Article 34.

The Council shall appoint a Secretary and take all other necessary measures to establish a Secretariat which shall be entirely free and independent of any other national or international organisation or institution.

Article 35.

The expenses of delegations to the Council and of the members of the Executive Committee shall be defrayed by their respective Governments. All other expenses necessary for the administration of the present Agreement, including those of the Secretariat, shall be met by annual contributions of the Contracting Governments made in such manner and at such times as the Council shall determine, and shall not, except with the express consent of all the Contracting Governments, exceed £12,500 in any year. The contribution of each Government shall be proportionate to the number of votes to which its delegation is entitled.

Article 36.

(a) The Council shall meet at least once a year. It may be convened at any time by its Chairman. The Chairman shall immediately convene a meeting of the Council if either the Executive Committee or five Contracting Governments so request. Notice of all meetings shall be despatched so as to ensure receipt by the Contracting Governments at least twenty days in advance of the date fixed for the meeting.

(b) The necessary quorum for a meeting of the Council shall be secured if not less than one third of the Contracting Governments are represented. One or more Contracting Governments may by a written notification to the Chairman appoint the delegation of another Contracting Government to represent them and to vote on their behalf at any meeting of the Council.

(c) The Council may take decisions without holding a meeting, by correspondence between the Chairman and the delegations of the Contracting Governments provided that no delegation makes objection to this procedure. Any decision so taken shall be communicated to all the delegations as soon as possible, and shall be set forth in the Minutes of the next meeting of the Council.
ARTICLE 37.

(a) The votes to be exercised by the respective delegations on the Council shall be as follows:

(b) In the event of a non-signatory Government acceding to the present Agreement in accordance with the provisions of Article 49 the Council shall decide what number of votes shall be allotted to that Government.

(c) In the event of any Government in the group either of exporting countries or of importing countries failing to ratify the Agreement or subsequently withdrawing from it, the votes allotted to the delegation of that Government shall be redistributed, pro rata, between the other countries in the same group, and if any non-signatory Government should accede to the Agreement, the votes allotted to it shall be deducted pro rata from the other countries in the same group, so that the proportion of 55 votes for the exporting countries and 45 votes for the importing countries shall be maintained. For the purposes of this paragraph any acceding Government to which an export quota is not allotted shall be included as an importing country.
ARTICLE 38.

Except where otherwise provided, decisions of the Council shall be taken by a simple majority of the votes of the Contracting Governments represented at the meeting.

ARTICLE 39.

(a) The Executive Committee shall consist of:—

(i) Three representatives of Governments of importing countries;
(ii) Three representatives of Governments of cane sugar producing countries;
(iii) Three representatives of Governments of beet sugar producing countries.

(b) The representatives of the above-mentioned groups of countries shall, subject to the provisions of paragraph (c) of this Article, be as follows:

(i) For the importing countries the Government of the United Kingdom of Great Britain and Northern Ireland, and the Government of the United States of America shall be represented for the whole period of the Agreement, and the Governments of the other countries referred to as importing countries in Article 37 shall select annually one of their number, who shall appoint the third member for this group.

(ii) For the cane sugar producing countries the Government of the Republic of Cuba and the Government of the Netherlands shall be represented for the whole period of the Agreement, and the Governments of the following countries shall be represented for the years indicated:—

Year commencing—

September 1, 1937: The Commonwealth of Australia.
September 1, 1938: The Dominican Republic.
September 1, 1939: Peru.
September 1, 1940: The Union of South Africa.
September 1, 1941: Brazil.

(iii) For the beet sugar producing countries the Governments of the following countries shall be represented for the periods indicated:—

Year commencing—

Six months commencing September 1, 1941: France, Hungary, Poland.
Six months commencing March 1, 1942: France, Poland, Yugoslavia.
(c) The Chairman of the Council shall *ex officio* be a member of the Executive Committee and during his term of office the Government of which he is a representative shall not be entitled to appoint any further representative on the Executive Committee under paragraph (b) of this Article.

**ARTICLE 40.**

The Executive Committee shall exercise any powers which the Council may delegate to it except—

(1) the power of reducing quotas under Article 21;
(2) the power of allotting additional quotas under Article 20;
(3) the power of determining the conditions on which any non-signatory Government may accede to the Agreement under Article 49;
(4) the powers to be exercised under Articles 44 and 51.

**ARTICLE 41.**

Whenever the Executive Committee considers that the export quotas fixed for a quota year are not sufficient to cover the requirements of consumption or that a sudden and excessive rise of price is probable, it shall make to the Council by telegraph such recommendations as it thinks necessary for the release of additional quotas under Article 20 and shall request a decision by telegraph. If approval of the recommendations is not given by telegraph within five days by delegations exercising the necessary majority of votes provided for in Article 20, the Chairman shall immediately summon a meeting of the Council.

**ARTICLE 42.**

(a) The Executive Committee shall meet whenever its Chairman considers it advisable or whenever the request is made by any two members.

(b) The presence of five members shall be necessary to constitute a quorum. Decisions shall be taken by a majority of the votes cast.

(c) Each member of the Executive Committee shall have one vote with the exception of the representatives of the Governments of the United States of America and of the United Kingdom, who shall have two votes each.

(d) The Chairman of the Committee shall have a deciding vote in case of equality of votes.

(e) Any member of the Committee may by a notification in writing appoint another member to represent him and vote on his behalf.

Chapter VII.—*Miscellaneous Provisions.*

**ARTICLE 43.**

The present Agreement shall apply to all the territories of each of the Contracting Governments including colonies, oversea territories, protectorates and territories under suzerainty or mandate.
ARTICLE 44.

(a) If any Contracting Government alleges that any other Contracting Government has failed to comply with the obligations of the present Agreement a special meeting of the Council shall be called to decide whether any infringement of the Agreement has taken place, and, if so, what measures shall be recommended to the Contracting Governments in view of the infringement. If the Council shall decide that it is desirable that the other Contracting Governments shall prohibit or restrict the import of sugar from the country which has infringed the Agreement, the taking of such measures shall not be deemed to be contrary to any most-favoured-nation rights which the offending Government may enjoy.

(b) any decision of the Council under this Article shall be taken by three-fourths of the votes cast.

ARTICLE 45.

If during the period of the present Agreement it should be considered or should be shown that the attainment of its objects was being hindered by countries not party thereto, a special meeting of the Council shall be called to decide what measures should be recommended to the Contracting Governments.

ARTICLE 46.

Should the Council at any time be satisfied that, as the result of a material increase in the exportation or use of sugar syrups, liquid sugar, edible molasses or any other kind of sugar mixtures, those products are taking the place of sugar to such an extent as to prevent full effect being given to the purposes of the present Agreement, it may resolve that such products or any of them shall be deemed to be sugar, in respect of their sugar content, for the purposes of the Agreement; provided that the Council shall, for the purpose of calculating the amount of sugar to be charged to the export quota of any country, exclude the sugar equivalent of any quantity of such products which has normally been exported from that country prior to the coming into force of the Agreement.

ARTICLE 47.

The present Agreement shall be ratified and the instruments of ratification shall be deposited as soon as possible with the Government of the United Kingdom of Great Britain and Northern Ireland, which will notify the fact of each deposit to the Governments which have signed the Agreement.

ARTICLE 48.

(a) The present Agreement shall come into force on the 1st September, 1937, if at that date it has been ratified by all the signatory Governments.
(b) If by the above-mentioned date the instruments of ratification of all the signatories have not been deposited, the Governments which have ratified the Agreement may decide to put it into force among themselves.

ARTICLE 49.

(a) The present Agreement shall, until the 30th June, 1937, remain open for signature on the part of any Government represented at the Conference at which the Agreement has been drawn up. The right to effect such signature after this day's date shall be dependent on the signatory Government also signing the Protocol attached hereto.

(b) The present Agreement shall at any time after its entry into force be open to accession by the Government of any metropolitan territory other than a Government which has signed the Agreement, provided that the conditions of such accession shall first be agreed upon with the Council by the Government desiring to effect it.

ARTICLE 50.

(a) Subject to the provisions of Article 51, the present Agreement shall remain in force for a period of five years from the date of its entry into force and shall not be subject to denunciation.

(b) The Contracting Governments shall decide at least six months before the expiration of the present Agreement whether it shall be continued for a further period and, if so, on what terms. In the event of unanimity not being attained the Governments which desire to maintain the Agreement shall be entitled to do so as between themselves.

ARTICLE 51.

The Contracting Governments shall have the right to withdraw from the Agreement in the following circumstances and subject to the following conditions:

(a) Any Contracting Government may, if it becomes involved in hostilities, apply for the suspension of its obligations under the Agreement. If the application is denied such Government may give notice of withdrawal from the Agreement.

(b) If any Contracting Government into whose territories there is a net import of sugar shall allege that, owing to the operation of the present Agreement, there is an acute shortage of supplies or an abnormal rise in world prices, it may request the Council to take measures to remedy such situation, and if the Council declines to do so the Government concerned may give notice of withdrawal from the Agreement.

(c) If, during the period of the present Agreement, by the action of any country (whether the Agreement applies to it or not) such adverse changes occur in the relation between supply and demand on the free market as may substantially diminish the market possibilities of the suppliers of that free market, any Contracting Government affected may state its case to the Council. If the Council
does not agree that the complaint of that Government is well-founded, that Government shall have the right to submit the case to the judgment of three arbitrators, subjects of countries not parties to the Agreement, to be nominated by the Council at its first meeting after the entry into force of the Agreement. If either the Council or the arbitrators declare the case to be well-founded the Government concerned may give notice of withdrawal from the Agreement.

(d) The Council shall take a decision within sixty days on any matters submitted to it in accordance with the preceding paragraphs of this Article; failure to do so within that time shall give the Government which has submitted the matter to the Council the right to give notice of withdrawal from the Agreement.

(e) In the event of any Government giving notice of withdrawal from the Agreement in accordance with the provisions of this Article, any of the other Contracting Governments shall have the right at any time during the ensuing three months also to give notice of withdrawal.

(f) All notices of withdrawal given under this Article shall be sent to the Government of the United Kingdom of Great Britain and Northern Ireland, by whom they will be communicated to all the other Contracting Governments and to the Council; and withdrawal shall take effect three months after the date of receipt of such notice by the Government of the United Kingdom.

(g) Any decision taken by the Council under this Article shall require three-fourths of the votes cast.

In faith whereof the undersigned, duly authorised thereto, have signed the present Agreement.

PROTOCOL ANNEXED TO THE AGREEMENT.

1. At the moment of signing the Agreement regarding the Regulation of the Production and Marketing of Sugar of to-day’s date, the signatory Governments agree that the Government of the United Kingdom of Great Britain and Northern Ireland shall take between this date and the assumption of its duties by the Provisional Council referred to below any steps necessary as transitional measures, including the convening of the first session of the said Provisional Council, which shall be held in London as soon as possible, the preparation of the agenda for that session, and the making of all necessary arrangements.

2. The said Governments agree to appoint, as soon as possible, representatives who shall constitute a Provisional Council, which shall exercise all the functions of the International Sugar Council to be set up under that Agreement, and which shall be subject in all respects to the provisions of Chapter VI of the said Agreement, provided that no decisions of such a Provisional Council shall be binding on the signatory Governments prior to the coming into force of the Agreement.

3. Within a period of forty days from the date of its signature of the Agreement, each signatory Government will communicate to the Government of the United Kingdom a statement as to its position in regard to ratification.

4. If any Government is unable for constitutional reasons to obtain the necessary parliamentary authority for ratification before the 1st
September, 1937, the signatory Governments agree to accept provisionally as equivalent to ratification for the purposes of bringing the Agreement into force on that date a declaration by that Government that it will provisionally accept the obligations of the Agreement as from that date and will ratify it as soon as possible. Should the ratification of such Government not be deposited before the 1st January, 1938, the Contracting Governments shall have the right to decide whether or not the Agreement is to be maintained in force.

5. Each signatory Government undertakes to ensure that so far as its territories are concerned the situation as regards production, export and import of sugar shall not be modified in a manner contrary to the aims of the Agreement during the period between the date of its signature and the date of entry into force of the Agreement. Any infringement of this undertaking shall be equivalent to a violation of the Agreement.

6. The signatory Governments take note of the following declaration, which was made to the Conference by the delegate of the Government of Canada:

"I desire to make a brief statement regarding the position of the Government of Canada. After an examination of the Convention, necessarily hurried, the Government of Canada regret that they have not found it possible to authorise signature at the present time. They are, of course, sympathetic with the aim of the Conference of averting uneconomic production, but the position of Canada at this Conference as an importer and consumer of sugar is so different from that of almost all the other countries represented that they desire a further period of time to study the effect of the specific proposals of the Convention on that position; and in the light of that study to decide whether it would be possible to accede later. At the same time, the Government of Canada reiterate the assurance already given that they do not propose to stimulate the production of sugar in Canada during the term of this agreement by subsidy, increased protection, special remission of taxes, or by any other similar measures."

7. The present Protocol shall enter into force for each signatory Government on the date of signature.

In faith whereof the undersigned, duly authorized thereto, have signed the present Protocol.

Convention between the United States of America and other powers respecting sanitary maritime navigation, modifying the convention of June 21, 1926. Opened for signature at Washington December 15, 1944; signed for the United States of America January 5, 1945; ratification advised by the Senate of the United States of America May 21, 1945; ratified by the President of the United States of America May 29, 1945; ratification deposited by the United States of America May 29, 1945; proclaimed by the President of the United States of America May 29, 1945; effective as to the United States of America May 29, 1945.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS an international sanitary convention, which was opened for signature in the English and French languages at Washington on December 15, 1944 and was signed by the Plenipotentiaries of the United States of America (with a reservation "Subject to ratification") and seventeen other countries, is word for word as follows:

INTERNATIONAL SANITARY CONVENTION, 1944

Modifying the International Sanitary Convention of June 21, 1926

CONVENTION SANITAIRE INTERNATIONALE 1944

Portant Modification de la Convention Sanitaire Internationale du 21 Juin 1926

The Governments signatory hereto,

Considering that the International Office of Public Health created by the Agreement signed at Rome on December 9, 1907, is unable for the time being to carry out effectively all of the duties and functions assigned to it in the Annex to that Agreement; in the International Sanitary Convention, 1926; in the International Sanitary Convention for Aerial Navigation, 1933; and in other Conventions or Agreements relating to the public health;

Having entrusted the task of solving this temporary problem by the preparation of emergency

35 Stat. 2061.

45 Stat. 2492.

49 Stat. 3279.
agreements and arrangements for the notification of epidemic diseases and for uniformity in quarantine regulations to the United Nations Relief and Rehabilitation Administration (hereinafter referred to as UNRRA), in accordance with Resolution No. 8 (2) adopted by the Council of UNRRA at its First Session, without prejudice however to the status of the International Office of Public Health which it is hoped will be able at the expiry of the present Convention to resume the above-mentioned duties and functions; and having received the recommendations of UNRRA in this connection;

Having agreed that, in regard to the American Republics, the Pan American Sanitary Bureau shall continue to act as the general coordinating sanitary agency, including the general collection and distribution of sanitary information to and from the said Republics, as specified in the Pan American Sanitary Code and recognized heretofore by the International Office of Public Health;

Desiring also to modify as between themselves the provisions of the International Sanitary Convention signed in Paris on June 21, 1926, as modified by the Sanitary Convention signed in Paris in 1938, insofar as the provisions of the Convention of 1938 may be in force between the respective Governments (hereinafter referred to as the 1926 Convention), in the light of the present-day conditions which call for special measures to prevent the spread by land and air of special diseases existing in one or more of the American Republics.

The Administration des Nations Unis de Secours et de Restauration (dénommée ci-après UNRRA), confié à l'UNRRA la tâche de résoudre ce problème temporaire en élaborant, à titre de mesures d'urgence, des accords et arrangements pour la notification des maladies épidémiques ainsi que pour l'uniformisation des mesures de quarantaine, sans porter atteinte au statut de l'Office international d'Hygiène publique qui, il est permis de l'espérer, pourra, à l'expiration de la présente Convention, reprendre les tâches et fonctions mentionnées ci-dessus; et ayant reçu les recommandations de l'UNRRA à ce sujet;

Ayant convenu que, à l'égard des Républiques américaines, le Bureau sanitaire panaméricain jouera, comme par le passé, le rôle d'organe général de coordination en matière sanitaire, notamment pour la réunion et la distribution générales d'informations sanitaires qui proviennent des dites Républiques ou leur sont destinées, ainsi qu'il est spécifié dans le Code sanitaire panaméricain et comme cela a été accepté jusqu'ici par l'Office international d'Hygiène publique;

Désirant aussi modifier, en ce qui les concerne, les dispositions de la Convention sanitaire internationale signée à Paris le 21 juin 1926—telle qu'elle a été modifiée par la Convention sanitaire signée à Paris en 1938 et pour autant que les dispositions de la Convention de 1938 restent en vigueur entre les Gouvernements intéressés (dénommée ci-après la Convention de 1926)—pour tenir compte des conditions actuelles qui nécessitent des mesures spéciales pour em-
sea across frontiers of epidemic or other communicable diseases;

Have decided to conclude a Convention for these purposes, have agreed that, whereas the authentic text of the 1926 Convention in the French language, the present Convention shall be in English and in French, both texts being equally authentic, and have accordingly appointed the undersigned plenipotentiaries who, having communicated their full powers, found in good and due form, have agreed that the 1926 Convention shall be amended as follows:

**Article I**

All references in the 1926 Convention to the International Office of Public Health shall be read as references to UNRRA.

**Article II**

The second paragraph of Preliminary Provisions (2) shall be deleted and the following substituted:

The word *surveillance* means that persons are not isolated, that they may move about freely, but that the sanitary authorities of the place or places to which they are proceeding are notified of their coming. They may be subjected in the places of arrival to a medical examination and such inquiries as are necessary with a view to ascertaining their state of health; and, in any territory where the competent Contracting Party thinks fit, surveillance may include requirement to report on arrival and afterwards at such intervals during continuance of surveillance as may be specified, to pêcher la propagation des maladies épidémiques ou autres maladies contagieuses, par terre ou par mer à travers les frontières;

Ont décidé de conclure une Convention à cette fin, sont convenus que, alors que le texte authentique de la Convention de 1926 est rédigé en langue française, la présente Convention sera rédigée en anglais et en français, les deux textes faisant également foi, et ont en conséquence désigné les plénipotentiaires soussignés qui, s'étant communiqué leurs pleins pouvoirs, trouvés en bonne et due forme, sont convenus que la Convention sanitaire internationale de 1926 sera modifiée ainsi qu'il suit:

**Article I**

Toute référence à l'Office international d'Hygiène publique contenue dans la Convention de 1926 sera considérée comme une référence à l'UNRRA.

**Article II**

Au deuxième paragraphe des dispositions préliminaires (2) substituer ce qui suit:

Le mot *surveillance* signifie que les personnes ne sont pas isolées, qu'elles obtiennent tout de suite la libre pratique, mais que l'autorité sanitaire de la localité ou des localités où elles se rendent est prévenue de leur arrivée. Elles pourront être soumises au lieu d'arrivée à un examen médical, et l'on pourra leur poser les questions nécessaires à la constatation de leur état de santé. Dans tout territoire où la Partie Contractante compétente le juge nécessaire, la surveillance peut comprendre l'obligation de se présenter, lors de l'arrivée, et ensuite à intervalles fixes pendant la durée...
the Health Officer of the city, town, district, or place to which they proceed.

**Article III**

The following definitions shall be added to the Preliminary Provisions:

(5) The term *typhus*, *typhus fever*, or *exanthematosus typhus* in the 1926 Convention and in the present Convention shall be deemed to relate only to epidemic louse-borne typhus.

(6) The term *Stegomyia, Stegomyia (Aëdes aegypti)*, or *Stegomyia calopus (Aëdes aegypti)* shall be deemed to include *Aëdes aegypti* and any potential mosquito vectors of yellow fever.

**Article IV**

To Article 1 the following shall be added:

Every Contracting Party shall, in addition to the diseases specifically mentioned in this Article, to wit, plague, cholera, yellow fever, typhus, and smallpox, notify to UNRRA outbreaks of such other communicable diseases as, in the opinion of that Party or in the opinion of UNRRA, constitute a menace to other countries by their spread or potential spread across frontiers, and shall keep UNRRA regularly informed of the course of the disease and the measures taken to prevent its spread. The provisions of the 1926 Convention as amended or supplemented by the present Convention shall, unless clearly inapplicable, apply to the
above-mentioned other communicable diseases.

**ARTICLE V**

*In Article 3 the word “Paris” in the second paragraph shall be deleted and the words “London or Washington” shall be substituted.*

To **Article 3** the following shall be added:

In order to facilitate the prompt and scrupulous fulfilment of the foregoing provisions, the Contracting Parties shall ensure priority for all communications which may enable UNRRA rapidly to appraise the situation concerning the outbreak of a disease and to inform governments in order that they may take appropriate measures against the spread of the disease across their frontiers.

**ARTICLE VI**

*After Article 5 the following shall be inserted:*

**Article 5A.** In addition to carrying out the system of notification and intelligence prescribed in Part I, Chapter I of the 1926 Convention, which remains in full force, the Parties to the present Convention shall transmit promptly to UNRRA the notifications and other information prescribed in Part I of the 1926 Convention.

**Article 5B (1).** In addition to the formal notification required above, the Contracting Parties shall, so far as possible, send to the Health Organization of UNRRA at regular intervals noti-
fications of communicable diseases notified in their countries.

(2). The Contracting Parties shall make the necessary arrangements with UNRRA for giving prompt information to all the governments concerned of the outbreak in their respective countries of a disease which, in the opinion of UNRRA, constitutes a menace to other countries and of the measures which are being taken to prevent the spread of the disease across frontiers.

**ARTICLE VII**

To Article 13 the following shall be added:

In a country where there exists a communicable disease, the subject of a formal notification under any international sanitary or quarantine convention for the time being in force, the Sanitary Authority in that country may prohibit the embarkation on board a ship on international voyage of persons suffering from the disease, and of persons in such relations to the sick as to render them liable to transmit the disease, unless the Medical Officer of the port of embarkation is satisfied that measures can be taken on board the ship to prevent the spread of the disease to the other persons on board. The Medical Officer of the port of embarkation, or other authorized officer of the sanitary authority, if he has reason to suspect any clothing, bedding, or other article of personal use which belongs to or is intended for use by persons embarking to be infected, may examine and require the disinfection of any such clothing, bedding, or other article of

fications concernant les maladies contagieuses qui ont fait l'objet de déclarations dans leurs pays.

(2). Les Parties Contractantes devront faire avec l'UNRRA les arrangements nécessaires pour tenir tous les gouvernements intéressés rapidement informés de l'apparition dans leur pays respectif d'une maladie qui, de l'avis de l'UNRRA, constitue un danger pour d'autres pays, ainsi que des mesures en cours d'exécution pour en empêcher l'extension à travers les frontières.

**ARTICLE VII**

*À l'Article 13, ajouter ce qui suit:*

Dans tout pays où l'on a constaté l'existence d'une maladie contagieuse dont la notification est obligatoire en vertu d'une convention sanitaire internationale ou d'une convention internationale de quarantaine actuellement en vigueur, l'autorité sanitaire de ce pays peut interdire l'embarquement à bord d'un navire, pour un voyage international, de personnes atteintes de cette maladie, ainsi que de personnes qui ont eu avec des malades des relations les rendant susceptibles de transmettre la maladie, à moins que l'Officier de santé du port d'embarquement ne se soit assuré que des mesures peuvent être prises à bord pour empêcher la propagation de la maladie aux autres personnes embarquées. L'Officier de santé du port d'embarquement, ou tout autre agent habilité par l'autorité sanitaire, s'il a des motifs de soupçonner que les vêtements, literie ou autres effets personnels appartenant aux passagers ou destinés à leur usage sont infectés, pourra les examiner et exiger que
personal use before it is taken on board.

The measures enumerated in this Article shall be taken as far in advance of the sailing date of the ship as possible in order not unduly to delay the ship's departure.

Nothing in this Article shall affect the power of the Master of the ship to refuse to embark sick persons.

**ARTICLE VIII**

*In Article 15 the following shall be inserted between the third and fourth paragraphs:

If on the call or arrival of any ship at a port there is on board a case of infectious disease duly verified by the port medical officer, not being a case of plague, cholera, yellow fever, typhus, or smallpox, the usual measures in force in the country in which the port is situated shall be applied subject always to the provisions of Article 54 of the 1926 Convention.*

In carrying out measures for control of the spread of communicable disease across frontiers, particularly in regard to the movement of displaced populations conveyed by international maritime transport, the Contracting Parties will not delay any ship at any point of her voyage longer than is necessary for the medical examination of crew and passengers, for the disembarkation (if such is considered necessary) of persons suffering from communicable disease, and of their bedding and personal effects, and for the disinfection of the accommodation they occupied. The ship shall not

**ARTICLE VIII**

*Dans l'Article 15, entre les 3ème et 4ème paragraphes, insérer ce qui suit:

Lorsqu'à une escale ou à l'arrivée d'un navire dans un port, il existe à bord un cas de maladie infectieuse dûment constaté par l'Officier de santé dudit port, autre qu'un cas de peste, de choléra, de fièvre jaune, de typhus ou de variole, on appliquera les mesures habituelles en vigueur dans le pays où se trouve ledit port, sous réserve des dispositions de l'Article 54 de la Convention de 1926.*

En appliquant les mesures destinées à éviter la propagation des maladies contagieuses à travers les frontières, et particulièrement en ce qui concerne le mouvement des "populations déplacées" par transport maritime international, les Parties Contractantes ne devront en aucun point du voyage retarder le navire au delà du temps requis pour l'examen médical de l'équipage et des passagers, pour le débarquement (si celui-ci est jugé nécessaire) de personnes atteintes de maladies contagieuses, de leur literie et de leurs effets personnels, et pour la désinfection des locaux qu'elles occupaient. Le navire ne
be employed as a means of isolation of the sick, or of their contacts, unless such isolation can be effected without delaying or unduly interfering with her movements.

**Article IX**

In all cases where this Convention provides for surveillance, surveillance may not be replaced by observation except

(a) in circumstances in which it would not be practicable to carry out surveillance with sufficient thoroughness; or

(b) if the risk of the introduction of infection into the country is considered to be exceptionally serious; or

(c) if the person who would be subject to surveillance cannot furnish adequate sanitary guarantees.

Persons under observation or surveillance shall submit themselves to any examination which the competent sanitary authority may consider necessary.

**Article X**

In Articles 35 (a), 36 (4), and 47 the words “200 meters” shall be deleted and the words “400 meters” shall be substituted.

**Article XI**

La note à l’Article 25 sera remplacée par ce qui suit:

Dans tous les cas où la présente Convention prescrit une surveillance, celle-ci ne pourra être remplacée par l’observation, excepté

(a) dans les circonstances où la surveillance ne pourrait être exercée avec le soin nécessaire;

(b) si le risque d’introduire une maladie infectieuse dans le pays est considéré comme exceptionnellement sérieux;

(c) si la personne qui doit faire l’objet de la surveillance ne peut fournir les garanties sanitaires suffisantes.

Les personnes en observation ou sous surveillance se soumettront à tout examen que l’autorité sanitaire compétente pourrait juger nécessaire.

Dans les Articles 35(a), 36(4) et 47, aux mots “200 mètres” substituer les mots “400 mètres”.

**Article XI**

A l’Article 40, ajouter ce qui suit:

En vue de l’élimination du *Stegomyia* (*Aedes aegypti*), étape importante dans la lutte contre la fièvre jaune, les Parties Contracting Parties shall, in the...
light of their knowledge and experience of the control of the yellow fever vector, render and maintain free from *Stegomyia* (*Aedes aegypti*) (a) ports and their surroundings in endemic areas, and (b) ports not situated in endemic areas but exposed to the risk of the introduction of the disease. They shall also use their best endeavors to secure that personnel employed in the handling of ships in ports in endemic areas and in ports specially exposed to risk shall be inoculated against yellow fever.

The Contracting Parties agree that all persons inoculated in compliance with the provisions of the preceding paragraph of this Article shall be furnished with and carry an inoculation certificate signed by the officer carrying out the inoculation. This certificate shall conform to the International Form of Certificate of Inoculation against yellow fever annexed here-to.

Persons in possession of a valid anti-yellow fever inoculation certificate shall not for the purpose of the control of yellow fever be subjected to quarantine restrictions.

In place of a valid anti-yellow fever inoculation certificate, a certificate that the bearer has recovered from an attack of yellow fever and that his blood contains immune bodies against yellow fever, as proved by a test carried out by an institute regularly carrying out biological tests for yellow fever and approved for this purpose by the government of the country concerned, will be accepted.
ARTICLE XII

In Article 41 (4) and (5), before the word “disinfected” the words “disinfected and” shall be inserted.

To Article 41 the following shall be added:

The Contracting Parties will use their best endeavors to secure that ships trading with areas infected with typhus shall carry a sufficient quantity of an effective insecticide for the personal protection of the crew and passengers, and will give favorable consideration to the inoculation against typhus of all persons on board exposed to risk.

ARTICLE XIII

Article 42 (3) shall be deleted and the following substituted:

(3) Other persons reasonably suspected to have been exposed to infection on board, and who, in the opinion of the sanitary authority, are not sufficiently protected by recent vaccination, or by a previous attack of smallpox, may be subjected to vaccination or to observation or to surveillance, or to vaccination followed by observation or surveillance, the period of observation or surveillance being specified according to the circumstances, but in any event not exceeding 14 days, reckoned from the date of arrival of the ship.

In Article 42 the following shall be inserted as the penultimate paragraph:

For the purpose of this Article “recent vaccination” shall be taken as meaning evidence of successful vaccination not more than 3 years after.

ARTICLE XII

A l’Article 41 (4) et (5) on fera précéder le mot “désinsectiser” des mots “désinfecter et”.

A l’Article 41, ajouter ce qui suit:

Les Parties Contractantes s’efforceront d’obtenir que les navires faisant escale dans les régions contaminées par le typhus soient munis d’une quantité suffisante d’un insecticide efficace pour la protection personnelle de l’équipage et des passagers; elles examineront favorablement la possibilité de faire vacciner contre le typhus toutes les personnes se trouvant à bord qui seraient exposées au danger de contamination.

ARTICLE XIII

A l’Article 42 (3) substituer ce qui suit:

(3) Toute personne que l’on suspecte, à juste raison, d’avoir été exposée à l’infection à bord et qui, de l’avis de l’autorité sanitaire, n’est pas suffisamment protégée par une vaccination récente ou par une attaque antérieure de variole, peut être soumise soit à la vaccination, ou à l’observation, ou à la surveillance, soit à la vaccination, suivie d’observation ou de surveillance, la durée de l’observation ou de la surveillance étant fixée suivant les circonstances, mais ne devant en aucun cas dépasser quatorze jours à dater de l’arrivée du navire.

A l’Article 42, ajouter comme avant-dernier paragraphe:

Pour l’application du présent Article, l’expression “vaccination récente” sera considérée comme signifiant que preuve a été fournie...
or less than 14 days previously, or evidence of an immune reaction.

In Article 43 after the word "crew" in the first paragraph shall be added the words "and passengers".

ARTICLE XV

Article 49 shall be deleted and the following substituted:

The Contracting Parties agree that bills of health and consular visas shall be abolished as soon as the conditions of hostilities permit the establishment of effective epidemiological communications. The Master of every foreign-going vessel approaching the first port in a territory shall ascertain the state of health of all persons on board and shall prepare and sign a Declaration of Health which shall be countersigned by the ship's surgeon, if one is carried, to be handed to the appropriate authority.

ARTICLE XVI

Individuals who have been in contact with a person suffering from a disease referred to in _Article 1_ of the 1926 Convention, and their bedding and effects, may be subjected to the appropriate sanitary measures. Whereas it is provided in Article XXI of the said convention that the convention shall come into force as soon as it has been signed or acceded to on behalf of ten or more governments;

Whereas the said convention was signed on or before January 15, 1945 by the respective plenipotentiaries of France, Poland, the United Kingdom of Great Britain and Northern Ireland, China, the Union of South Africa, Nicaragua, Luxembourg, Ecuador, Greece, Honduras, and Haiti without any reservation with respect to ratification;

Whereas, pursuant to the aforesaid provision of Article XXI of the said convention, the convention came into force on January 15, 1945 in respect of the aforementioned eleven countries on behalf of which the convention had been signed without any reservation with respect to ratification;

And whereas the said convention was duly ratified on behalf of the Government of the United States of America on May 29, 1945, and the instrument of ratification of the said Government was deposited on that same day in the archives of the United States of America;

By the President:

Acting Secretary of State
Convention between the United States of America and other powers
respecting sanitary aerial navigation, modifying the convention of
April 12, 1933. Opened for signature at Washington December 15,
1944; signed for the United States of America January 5, 1945;
ratification advised by the Senate of the United States of America
May 21, 1945; ratified by the President of the United States of
America May 29, 1945; ratification deposited by the United States
of America May 29, 1945; proclaimed by the President of the United
States of America May 29, 1945.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS an international sanitary convention for aerial naviga-
tion, which was opened for signature in the English and French
languages at Washington on December 15, 1944 and was signed by
the Plenipotentiaries of the United States of America (with a reservation
"Subject to ratification") and seventeen other countries, is word
for word as follows:

INTERNATIONAL SANITARY CONVEN- CONVENTION SANITAIRE INTER-
vention for Aerial Navigation, 1944 nationale pour la Navigation
Modifying the International Aérienne 1944
Sanitary Convention for
Aerial Navigation of
April 12, 1933

The Governments signatory
hereto,

Considering that the International Office of Public Health
created by the Agreement signed at Rome on December 9, 1907,
is unable for the time being to carry out effectively all of the
duties and functions assigned to it in the Annex to that Agree-
ment; in the International Sanitary Convention, 1926; in the
International Sanitary Convention for Aerial Navigation, 1933;
and in other Conventions or Conventions or Accords having
Agreements relating to the public
health;
Having entrusted the task of solving this temporary problem by the preparation of emergency agreements and arrangements for the notification of epidemic diseases and for uniformity in quarantine regulations to the United Nations Relief and Rehabilitation Administration (hereinafter referred to as UNRRA), in accordance with Resolution No. 8 (2) adopted by the Council of UNRRA at its First Session, without prejudice however to the status of the International Office of Public Health which it is hoped will be able at the expiry of the present Convention to resume the above-mentioned duties and functions; and having received the recommendations of UNRRA in this connection;

Having agreed that, in regard to the American Republics, the Pan American Sanitary Bureau shall continue to act as the general coordinating sanitary agency, including the general collection and distribution of sanitary information to and from the said Republics, as specified in the Pan American Sanitary Code and recognized heretofore by the International Office of Public Health;

Desiring also to modify as between themselves the provisions of the International Sanitary Convention for Aerial Navigation signed at The Hague on April 12, 1933 (hereinafter referred to as the 1933 Convention) in the light of the present-day conditions which call for special measures to prevent the spread by air across

Ayant, conformément à la résolution No. 8 (2) adoptée lors de sa première session par le Conseil de l'Administration des Nations Unies de Secours et de Restauration (dénommée ci-après UNRRA), confiée à l'UNRRA la tâche de résoudre ce problème temporaire en élabore, à titre de mesures d'urgence, des accords et arrangements pour la notification des maladies épidémiques ainsi que pour l'uniformisation des mesures de quarantaine, sans porter atteinte au statut de l'Office international d'Hygiène publique qui, il est permis de l'espérer, pourra, à l'expiration de la présente Convention, reprendre les tâches et fonctions mentionnées ci-dessus; et ayant reçu les recommandations de l'UNRRA à ce sujet;

Ayant convenu que, à l'égard des Républiques américaines, le Bureau sanitaire panaméricain jouera, comme par le passé, le rôle d'organe général de coordination en matière sanitaire, notamment pour la réunion et la distribution générales d'informations sanitaires qui proviennent desdites Républiques ou leur sont destinées, ainsi qu'il est spécifié dans le Code sanitaire panaméricain et comme cela a été accepté jusqu'ici par l'Office international d'Hygiène publique;

Désirant aussi modifier, en ce qui les concerne, les dispositions de la Convention sanitaire internationale pour la Navigation aérienne signée à la Haye le 12 avril 1933 (dénommée ci-après la Convention de 1933), pour tenir compte des conditions actuelles qui nécessitent des mesures spéciales pour empêcher la propaga-
frontiers of epidemic or other communicable diseases;

Have decided to conclude a Convention for these purposes, have agreed that, whereas the authentic text of the 1933 Convention is in the French language, the present Convention shall be in English and in French, both texts being equally authentic, and have accordingly appointed the undersigned plenipotentiaries who, having communicated their full powers, found in good and due form, have agreed that the 1933 Convention shall be amended as follows:

**ARTICLE I**

All references in the 1933 Convention to the International Office of Public Health shall be read as references to UNRRA.

**ARTICLE II**

The second paragraph of Article 1, subparagraph VI, shall be deleted and the following substituted:

The word *surveillance* means that persons are not isolated, that they may move about freely, but that the sanitary authorities of the place or places to which they are proceeding are notified of their coming. They may be subjected in the places of arrival to a medical examination and such inquiries as are necessary with a view to ascertaining their state of health; and, in any territory where the competent Contracting Party thinks fit, surveillance may include requirement to report on arrival and afterwards at such intervals during continuance of surveillance as may be specified, to prevent the arrival of the air.

**ARTICLE I**

Toute référence à l'Office international d'Hygiène publique contenue dans la Convention de 1933 sera considérée comme une référence à l'UNRRA.

**ARTICLE II**

Au deuxième paragraphe de l'Article 1er, alinéa VI, substituer ce qui suit:

(5) Les Parties Contractantes feront avec l’UNRRA les arrangements nécessaires pour tenir rapidement informés tous les gouvernements intéressés de l’apparition dans leur pays respectif d’une maladie qui, de l’avis de l’UNRRA, constitue un danger pour d’autres pays, ainsi que des mesures en cours d’exécution pour en empêcher l’extension par aéronef à travers les frontières.

(6) Les notifications envisagées dans les paragraphes (1) et (2) du présent Article devront être adressées aux missions diplomatiques ou, à leur défaut, aux bureaux consulaires établis dans la capitale du pays infecté, et seront mises à la disposition des bureaux consulaires établis sur son territoire.

For this purpose, in territories where endemity of yellow fever is suspected, in cases where the person dies within 10 days from the onset of any undiagnosed febrile illness, it is important that a specimen of liver tissue be taken, if necessary by viscerotome, it is important that a specimen for histopathological examination. of des tissus du foie soit prélevé, si

**ARTICLE XI**

A l’Article 36 substituer ce qui suit:

Les Parties Contractantes conviennent que:

(1) Les personnes atteintes, ou soupçonnées d’être atteintes de fièvre jaune, ne pourront être admises à s’embarquer à bord d’un aéronef pour un voyage international.

(2) Les Parties Contractantes prendront toutes les mesures possibles pour établir l’existence ou la non-existence de la fièvre jaune sur leurs territoires. A cette fin, dans les territoires où l’on suspecte la présence de la fièvre jaune à l’état endémique, s’il existe des cas de malades mourant dans les dix jours après le début d’une maladie fébrile non diagnostiquée, par viscérotomie, il est important qu’un spécimen pour histopathological examination, des tissus du foie soit prélevé, si
blood for a yellow fever immunity test should, in addition, wherever possible, be taken from all persons suffering from an undiagnosed fever, and if the cause of the fever remains doubtful and the patient recovers, a second sample should be collected at the end of the third week from the onset of illness.

(3) For the purpose of quarantine control, UNRRA in consultation with the governments concerned and, as regards the Western Hemisphere, with the Pan American Sanitary Bureau, shall define the boundaries of endemic yellow fever areas.

(4) That they shall use their best endeavors to secure that all persons who are likely to land in an endemic yellow fever area shall be inoculated against yellow fever 10 days before arrival in the area and that, so long as such persons remain in the area, they shall be re-inoculated every 4 years.

(5) (a) That inoculation against yellow fever shall be required for all regular staff employees and crews using authorized aerodromes situated in endemic yellow fever areas.

(b) That in areas in which yellow fever does not exist, but in which there may be conditions permitting of its development, inoculation of such personnel is recommended.

(6) That all persons inoculated in compliance with the provisions of paragraphs (4) and (5) of this Article shall be furnished with and carry an Inoculation Certificate examen histopathologique. En outre, dans les zones d’endémicité, on fera, si possible, un prélèvement de sang pour rechercher la réaction d’immunité à la fièvre jaune sur chaque personne atteinte d’une fièvre non diagnostiquée; si la cause de la fièvre reste douteuse, et si le malade guérit, un second prélèvement de sang devrait être fait à la fin de la troisième semaine à partir du début de la maladie.

(3) Aux fins de l’application du régime de quarantaine, l’UNRRA devra, en consultation avec les gouvernements intéressés, et, en ce qui concerne l’hémisphère occidental, avec le Bureau d’hygiène panaméricain, délimiter les zones où la fièvre jaune existe à l’état endémique.

(4) Les Parties Contractantes s’efforceront de veiller à ce que toutes personnes qui pourraient être appelées à atterrir dans une zone d’endémicité de la fièvre jaune soient vaccinées contre la fièvre jaune dix jours avant l’arrivée dans cette zone et ensuite revaccinées tous les quatre ans aussi longtemps qu’elles y séjourneront.

(5) (a) La vaccination contre la fièvre jaune sera obligatoire pour tout le personnel ordinaire et les équipages utilisant des aérodromes autorisés situés dans les zones d’endémicité de la fièvre jaune.

(b) Dans les régions où la fièvre jaune n’existe pas, mais où les conditions de son développement existent, la vaccination de ce personnel et des équipages est recommandée.

(6) Toutes les personnes vaccinées en exécution des dispositions des paragraphes (4) et (5) du présent Article seront munies d’un certificat de vaccination signé.

signed by the officer carrying out the inoculation. This certificate shall conform to the International Form of Certificate of Inoculation against yellow fever annexed here-to.

(7) That persons in possession of a valid anti-yellow fever inoculation certificate shall not for the purpose of the control of yellow fever be subjected to quarantine restrictions.

(8) That in place of a valid anti-yellow fever inoculation certificate, a certificate that the bearer has recovered from an attack of yellow fever and that his blood contains immune bodies against yellow fever, as proved by a test carried out by an institute regularly carrying out biological tests for yellow fever and approved for this purpose by the government of the country concerned, will be accepted.

(9) That any person not in possession of a valid anti-yellow fever inoculation certificate shall be considered to have been exposed to the risk of contracting yellow fever during the period of his stay in an endemic yellow fever area.

(10) That UNRRA shall lay down standards with which yellow fever vaccine shall conform.

(11) That they will make arrangements to test at frequent intervals the activity of the yellow fever immunizing vaccine in use in order to ensure that its immunizing properties are satisfactory, and for this purpose agree that UNRRA in consultation with the governments concerned and, as regards the Western Hemisphere, with the Pan American Sanitary Bureau, shall designate

par l'agent ayant effectué la vaccination et devront en être porteurs. Ce certificat doit être conforme à le modèle international de certificat de vaccination contre la fièvre jaune annexé ci-après.

(7) Les personnes en possession d'un certificat valable de vaccination contre la fièvre jaune ne seront pas soumises aux restrictions de quarantaine instituées pour combattre la fièvre jaune.

(8) A défaut d'un certificat valable de vaccination contre la fièvre jaune, on acceptera un certificat attestant que le porteur est remis d'un accès de fièvre jaune et que son sang contient des anticorps contre la fièvre jaune, la preuve en ayant été faite par l'emploi d'un test appliqué par un institut exécutant habituellement des tests biologiques de fièvre jaune et agréé à cet effet par le gouvernement du pays intéressé.

(9) Toute personne ne possédant pas un certificat valable de vaccination contre la fièvre jaune sera considérée comme ayant été exposée au risque de contagion pendant la durée de son séjour dans une zone d'endémicité de la fièvre jaune.

(10) L'UNRRA établira les standards auxquels le vaccin contre la fièvre jaune devra répondre.

(11) Les Parties Contractantes prendront des dispositions pour vérifier à de fréquents intervalles l'efficacité du vaccin d'immunisation en usage contre la fièvre jaune. A cette fin, l'UNRRA désignera de temps à autre, en consultation avec les gouvernements intéressés, et, en ce qui concerne l'hémisphère occidental, avec le Bureau d'hygiène pan-américain, les instituts qui seront
from time to time institutes which are approved for the carrying out of such tests.

**ARTICLE XII**

*Article 38 shall be deleted and the following substituted:

Notwithstanding Article 4 of the 1933 Convention, every aerodrome which receives aircraft to which the 1933 Convention as amended applies (Article 1, I, second paragraph) and which is situated in a region, that is to say, a part of a territory, in which yellow fever exists in a form clinically, biologically, or pathologically recognizable shall be made a sanitary aerodrome as defined in the 1933 Convention, and in addition, shall be:

1. situated at an adequate distance from the nearest inhabited center;*

2. provided with arrangements for a water supply completely protected against mosquitoes, and kept as free as possible from mosquitoes by systematic measures for the suppression of breeding places and the destruction of the insects in all stages of development;

3. provided with mosquito-proofed dwellings for the crews of

*For the purpose of mosquito control the perimeter of the aerodrome should be defined as the line enclosing the area containing the aerodrome buildings and any land used or intended to be used for the parking of aircraft. A building-free zone of 400 meters should be maintained around the perimeter of all aerodromes on main air lines of communications within endemic yellow fever areas.

**ARTICLE XII**

*A l’Article 38, substituer ce qui suit:

Nonobstant l’Article 4 de la Convention de 1933, tout aérodrome recevant un aéronef auquel s’applique la Convention de 1933, telle qu’elle a été modifiée par la présente Convention (Article 1, I, deuxième paragraphe), et qui est situé dans une région (c’est-à-dire une partie d’un territoire) où la fièvre jaune existe sous une forme cliniquement, biologiquement ou anatomo-pathologiquement décelable, sera désigné comme un aérodrome sanitaire, selon la définition de la Convention de 1933, et devra en outre:

1. être situé à une distance adéquate des lieux habités les plus proches;*

2. être pourvu d’un système d’approvisionnement en eau complètement protégé contre les moustiques, et être maintenu autant que possible libre de moustiques par des mesures systématiques de suppression des nids d’incubation et de destruction des insectes à tous les stades de leur développement;

3. être pourvu d’habitations à l’épreuve des moustiques pour les

*Pour tout ce qui concerne la lutte contre les moustiques, le périmètre de l’aérodrome sera défini comme la ligne qui circonscrit la zone où se trouvent les bâtiments de l’aérodrome et tout terrain utilisé ou susceptible d’être utilisé pour le stationnement des aéronefs. Une zone non construite de 400 mètres doit être maintenue autour du périmètre de tout aérodrome situé sur les grandes lignes de communication aériennes et qui se trouve dans une zone d’endémicité de la fièvre jaune.
the aircraft and for the staff of the aerodrome;

(4) provided with a mosquito-proofed dwelling in which passengers can be accommodated or hospitalized.

With a view to the elimination of insect vectors of yellow fever, the Contracting Parties will render and maintain free from such vectors (a) aerodromes and their surroundings in endemic yellow fever areas, and (b) aerodromes not situated in endemic yellow fever areas but exposed to the risk of the introduction of the disease.

As an immediate precaution against the carriage of vectors of yellow fever, disinsection of aircraft shall be carried out at each aerodrome within an endemic yellow fever area, particularly on departure from the last aerodrome in an endemic yellow fever area.

Health authorities in any territory within an endemic yellow fever area shall be at liberty to impose such quarantine restrictions against other territories within that area as may be authorized by the 1933 Convention as hereby amended. Detention of healthy passengers and crews not carrying valid Inoculation Certificates shall not be carried out at the aerodrome of departure. They shall be permitted to depart, the necessary quarantine measures being carried out at the first aerodrome of arrival in an area at risk.

equipages et le personnel de l’aérodrome;

(4) être pourvu d’habitations à l’épreuve des moustiques pour le logement et l’hospitalisation des passagers.

Afin d’éliminer les insectes vecteurs de la fièvre jaune, les Parties Contractantes rendront et maintiendront libres de ces insectes: (a) les aérodromes et leurs envois dans les zones d’endémicité de la fièvre jaune; (b) les aérodromes situés hors des zones d’endémicité, mais dans lesquels la maladie risque d’être introduite.

Comme mesure immédiate contre le transport des vecteurs de la fièvre jaune, une désinsection des aéronefs sera effectuée à chaque aérodrome situé dans une zone d’endémicité de la fièvre jaune et, particulièrement, au départ du dernier aérodrome situé dans une zone d’endémicité de la fièvre jaune.

Dans tout territoire compris dans une zone d’endémicité de la fièvre jaune, les autorités sanitaires auront toute latitude pour imposer, à l’égard d’autres territoires situés dans cette même zone, les mesures de quarantaine qui sont autorisées par la Convention de 1933, telle qu’elle a été modifiée par la présente Convention. Les passagers en bonne santé et les membres de l’équipage non porteurs de certificat valable de vaccination ne pourront être retenus à l’aérodrome de départ. Ils seront autorisés à partir, les mesures de quarantaine nécessaires étant prises au premier aérodrome d’arrivée dans une zone menacée.
**Article XIII**

*Articles 39 to 46 inclusive shall be deleted.*

**Article XIV**

*Article 47 shall be deleted, and the following substituted:*

(1) In territories in which yellow fever does not exist, but in which there may be conditions which permit of its development:

(a) authorized aerodromes shall conform to the requirements set forth in Article 38 of the 1933 Convention as hereby amended;

(b) upon arrival at the first aerodrome of call aircraft which have proceeded from endemic yellow fever areas shall be disinfected.

(2) All persons traveling by air from an endemic yellow fever area to one in which yellow fever does not exist but in which there may be conditions which permit of its development, shall be dealt with in the following manner, at the first stopping place in the latter area:

(a) if they are in possession of a valid anti-yellow fever inoculation certificate they shall be allowed to proceed without any quarantine restrictions with respect to yellow fever;

*In view of the deletion of Article 40, compliance with the requirements of Article 38 as amended shall no longer cause aerodromes situated in an endemic yellow fever area to be regarded as "antiamaril aerodromes" and separate local areas. Passengers landing at such aerodromes shall submit to the measures laid down in Article 38 as required.*

**Article XIII**

*Les Articles 39 à 46 inclusivement sont supprimés.*

**Article XIV**

*A l’Article 47 substituer ce qui suit:*

(1) Dans les territoires où la fièvre jaune n’existe pas, mais où les conditions pourraient en permettre le développement:

(a) les aérodromes autorisés devront se conformer aux prescriptions de l’Article 38 de la Convention de 1933, telle qu’elle a été modifiée par la présente Convention;

(b) à l’arrivée au premier aéro-drome, les aéronefs provenant d’une zone d’endémicité de la fièvre jaune seront désinsectisés.

(2) Toute personne faisant par voie aérienne un voyage d’une zone d’endémicité de la fièvre jaune vers une autre zone où la fièvre jaune n’existe pas, mais où les conditions pourraient en permettre le développement, sera traitée de la façon suivante au premier point d’arrêt dans cette autre zone:

(a) si elle est en possession d’un certificat valable de vaccination contre la fièvre jaune, elle sera autorisée à continuer son voyage sans subir les restrictions de quarantaine concernant la fièvre jaune;

*Par suite de la suppression de l’Article 40, l’application des prescriptions de l’Article 38, modifié, n’aura plus pour effet de faire considérer les aérodromes situés dans une zone d’endémicité de la fièvre jaune comme “aérodromes antiamaril” et comme zones séparées. Les passagers atterrissant à ces aérodromes seront soumis aux mesures définies à l’Article 38, selon les nécessités du cas.*
(b) if they are not in possession of a valid anti-yellow fever inoculation certificate, they may be isolated in properly screened quarters until the certificate becomes valid or until 6 days have elapsed, whichever is the lesser.

3 Notwithstanding the preceding provisions of this Article, the Contracting Parties may (but only in the most exceptional cases) issue Certificates of Urgency to non-inoculated persons whose unobstructed passage is absolutely and immediately essential on grounds of high policy, certifying that a passage without hindrance to the bearer of the Certificate is urgently necessary. The precise form and method of issue of the Certificate and the nature of the certifying authority shall be a matter for arrangement and communication between governments concerned.

The Contracting Parties undertake to grant unimpeded passage to bearers of such Certificates but the movements of such Certificate holders will, whenever possible, be restricted during stops on air routes to adequately screened quarters which will not be left except to re-enter the aircraft.

ARTICLE XV

The first line of Article 51 shall be altered to read “The following measures may be taken on arrival:”.

ARTICLE XV

A l’Article 51 la première ligne sera modifiés comme suit “Les mesures suivantes peuvent être prises à l’arrivée:”.

(3) Nonobstant les dispositions précédentes du présent Article, les Parties Contractantes peuvent (mais seulement dans des cas tout à fait exceptionnels) délivrer à des personnes non-vaccinées dont le libre passage est absolument et immédiatement essentiel pour des raisons de haute politique, des certificats d’urgence attestant qu’il est de nécessité urgente de laisser passer sans entraves le porteur du certificat.

La forme exacte et le mode de délivrance du certificat, ainsi que le caractère de l’autorité qui aura qualité pour l’émettre, feront l’objet d’arrangements et de communications entre les gouvernements intéressés.

Les Parties Contractantes s’engagent à accorder le libre passage aux porteurs de ces certificats, mais les déplacements de ces personnes seront, autant que possible, restreints pendant les escales sur les lignes aériennes à des locaux dûment pourvus de grillages qu’elles ne devront quitter que pour se rendre à l’aéronef.
ARTICLE XVI

Article 53 shall be deleted, and the following substituted:

Persons who, on their arrival at an aerodrome, are considered, under the terms of Part III of the 1933 Convention as hereby amended, liable to surveillance* up to the expiration of the period of incubation of the disease, may nevertheless continue the voyage on condition that the fact is notified to the authorities of subsequent landing places and of the place of arrival by some method sufficient to secure that they can be subjected to medical inspection in any subsequent aerodromes on the route.

Persons who are liable to observation* under the terms of Article 26 of the 1933 Convention shall not be authorized, until the expiration of the period of incubation, to continue their voyage except, in the case of diseases other than yellow fever, with the approval of the sanitary authorities of the next stopping place.

*In all cases where this Convention provides for surveillance, surveillance may not be replaced by observation except

(a) in circumstances in which it would not be practicable to carry out surveillance with sufficient thoroughness; or

(b) if the risk of the introduction of infection into the country is considered to be exceptionally serious; or

(c) if the person who would be subject to surveillance cannot furnish adequate sanitary guarantees.

Persons under observation or surveillance shall submit themselves to any examination which the competent sanitary authority may consider necessary.

ARTICLE XVI

A l’Article 53, substituer ce qui suit:

Toute personne qui, à son arrivée dans un aérodrome, est considérée, aux termes de la Partie III de la Convention de 1933, telle qu’elle a été modifiée par la présente Convention, comme astreinte à être placée en surveillance* jusqu’à la fin de la période d’incubation de la maladie, peut néanmoins continuer son voyage, à la condition que le fait soit notifié aux autorités des territoires où elle doit atterrir, ainsi qu’à celles du territoire d’arrivée, par une méthode garantissant que l’intéressé sera soumis à l’inspection médicale aux aérodromes situés de long de la route.

Aucune personne astreinte à être mise en observation* aux termes de l’Article 26 de la Convention de 1933 ne sera autorisée, jusqu’à l’expiration de la période d’incubation, à continuer son voyage, excepté, dans le cas de maladies autres que la fièvre jaune, avec l’autorisation des autorités sanitaires du point d’arrêt suivant.

*Dans tous les cas où la présente Convention prescrit une surveillance, celle-ci ne pourra être remplacée par l’observation, excepté

(a) dans les circonstances où la surveillance ne pourrait être exercée avec le soin nécessaire;

(b) si le risque d’introduire une maladie infectieuse dans le pays est considéré comme exceptionnellement sérieux;

(c) si la personne qui doit faire l’objet de la surveillance ne peut fournir les garanties sanitaires suffisantes.

Les personnes en observation ou sous surveillance se soumettront à tout examen que l’autorité sanitaire compétente pourrait juger nécessaire.
ARTICLE XVII

The first paragraph of Article 54 shall be deleted and the following substituted:

In applying sanitary measures to an aircraft coming from an infected local area, the sanitary authority of each aerodrome shall, to the greatest possible extent, take into account all measures which have already been applied to the aircraft, in another sanitary aerodrome abroad or in the same country, and which are duly noted in the Aircraft Declaration of Health referred to in Article IV of the present Convention.

To Article 54 the following paragraph shall be added:

In view of the special risk of conveying insect vectors of malaria and other diseases by aircraft on international flight, all such aircraft leaving affected areas will be disinfected. Notwithstanding the terms of Article 54 of the 1933 Convention as hereby amended, further disinfestation of the aircraft on or before arrival may be required if there is reason to suspect the importation of insect vectors.

And the Contracting Parties have further agreed as follows:

ARTICLE XVIII

The present Convention shall come into force as soon as it has been signed or acceded to on behalf of ten or more governments.

ARTICLE XIX

The present Convention shall supplement and be read as one plètera la Convention de 1933 et
with the 1933 Convention, which as hereby amended remains in full force between the Contracting Parties, and whenever any provision of the 1933 Convention contains a reference to another provision, the reference shall be deemed to be a reference to that provision as modified by any amendments effected thereto by the present Convention.

**Article XX**

After January 15, 1945 the present Convention shall be open to accession by any government not a signatory. Accessions shall be notified in writing to the Government of the United States of America.

Accessions notified after the entry into force of the present Convention shall become effective with respect to each government upon the notification of its accession.

**Article XXI**

Any Contracting Party may on signature or accession declare that the present Convention does not apply to all or any of its colonies, overseas territories, territories under its protection, suzerainty, or authority, or territories in respect of which it exercises a mandate. The present Convention may at any time thereafter be applied to any such territory by notification in writing to the Government of the United States of America, and the Convention shall apply to the territory concerned from the date of the receipt of the notification by the Government of the United States of America.

**Article XXI**

Toute Partie Contractante peut, en signant la présente Convention ou en y adhérant, déclarer qu'elle ne s'applique pas à tout ou partie de ses colonies, territoires d'outre-mer, territoires placés sous sa protection, suzeraineté ou autorité, ou territoires pour lesquels elle exerce un mandat. La présente Convention pourra à tout moment ultérieur être rendue applicable à l'un quelconque de ces territoires par une notification écrite adressée au Gouvernement des États-Unis d'Amérique; la Convention s'appliquera à ce territoire à partir de la réception de la notification par le Gouvernement des États-Unis d'Amérique.
ARTICLE XXII

The Government of the United States of America shall give notice in writing to governments parties to the 1933 Convention and to governments parties to the present Convention, of all signatures and accessions to the present Convention and of all notifications regarding the territories to which the present Convention is to be applied.

ARTICLE XXIII

The present Convention shall remain in force as to each Contracting Party until either

1. such Party shall become bound by a further Convention amending or superseding the 1933 Convention, or
2. the expiration of eighteen months from the date on which the present Convention enters into force,

whichever shall be the earlier.

ARTICLE XXIV

The original of the present Convention shall be deposited in the archives of the Government of the United States of America and shall be opened for signature at Washington on December 15, 1944, where it shall remain open for signature until January 15, 1945. Certified copies hereof shall be furnished by the Government of the United States of America to each of the governments on behalf of which this Convention is signed or acceded to and to each of the governments parties to the 1933 Convention.

CHAPTER I
PURPOSES AND PRINCIPLES

Article 1
The Purposes of the United Nations are:
1. To maintain international peace and security, and to that end: to take effective collective measures for the prevention and removal of threats to the peace, and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace;
2. To develop friendly relations among nations based on respect for the principle of equal rights and self-determination of peoples, and to take other appropriate measures to strengthen universal peace;
3. To achieve international cooperation in solving international problems of an economic, social, cultural, or humanitarian character, and in promoting and encouraging respect for human rights and for fundamental freedoms for all without distinction as to race, sex, language, or religion; and
4. To be a center for harmonizing the actions of nations in the attainment of these common ends.

Article 2
The Organization and its Members, in pursuit of the Purposes stated in Article 1, shall act in accordance with the following Principles.
1. The Organization is based on the principle of the sovereign equality of all its Members.
2. All Members, in order to ensure to all of them the rights and benefits resulting from membership, shall fulfill in good faith the obligations assumed by them in accordance with the present Charter.
3. All Members shall settle their international disputes by peaceful means in such a manner that international peace and security, and justice, are not endangered.
4. All Members shall refrain in their international relations from the threat or use of force against the territorial integrity or political independence of any state, or in any other manner inconsistent with the Purposes of the United Nations.
5. All Members shall give the United Nations every assistance in any action it takes in accordance with the present Charter, and shall refrain from giving assistance to any state against which the United Nations is taking preventive or enforcement action.

Article 3
1. The Court shall consist of fifteen members, no two of whom may be nationals of the same state.
2. A person who for the purposes of membership in the Court could be regarded as a national of more than one state shall be deemed to be a national of the one in which he ordinarily exercises civil and political rights.

Article 4
1. The members of the Court shall be elected by the General Assembly and by the Security Council from a list of persons nominated by the national groups in the Permanent Court of Arbitration, in accordance with the following provisions.
2. In the case of Members of the United Nations not represented in the Permanent Court of Arbitration, candidates shall be nominated by national groups appointed for this purpose by their governments under the same conditions as those prescribed for members of the Permanent Court of Arbitration by Article 44 of the Convention of The Hague of 1907 for the pacific settlement of international disputes.
3. The conditions under which a state which is a party to the present Statute but is not a Member of the United Nations may participate in electing the members of the Court shall, in the absence of a special agreement, be laid down by the General Assembly upon recommendation of the Security Council.

Article 5
1. At least three months before the date of the election, the Secretary-General of the United Nations shall address a written request to the members of the Permanent Court of Arbitration belonging to the states which are parties to the present Statute, and to the members of the national groups appointed under Article 4, paragraph 2, inviting them to undertake, within a given time, by national groups, the nomination of persons in a position to accept the duties of a member of the Court.
2. No group may nominate more than four persons, not more than two of whom shall be of their own nationality. In no case may the number of candidates nominated by a group be more than double the number of seats to be filled.

Article 8

The General Assembly and the Security Council shall proceed independently of one another to elect the members of the Court.

Article 10

1. Those candidates who obtain an absolute majority of votes in the General Assembly and in the Security Council shall be considered as elected.

2. Any vote of the Security Council, whether for the election of judges or for the appointment of members of the conference envisaged in Article 12, shall be taken without any distinction between permanent and non-permanent members of the Security Council.

2. If the joint conference is unanimously agreed upon any person who fulfils the required conditions, he may be included in its list, even though he was not included in the list of nominations referred to in Article 7.

3. The members of the Court shall continue to
discharge their duties until their places have been filled. Though replaced, they shall finish any cases which they may have begun.

4. In the case of the resignation of a member of the Court, the resignation shall be addressed to the President of the Court for transmission to the Secretary-General. This last notification makes the place vacant.

**Article 14**

Vacancies shall be filled by the same method as that laid down for the first election, subject to the following provision: the Secretary-General shall, within one month of the occurrence of the vacancy, proceed to issue the invitations provided for in Article 5, and the date of the election shall be fixed by the Security Council.

**Article 40**

Afin d'empêcher la situation de s'aggraver, le Conseil de Sécurité, avant de faire les recommandations ou de décider des mesures à prendre conformément à l'article 39, peut inviter les parties intéressées à se conformer aux mesures provisoires qu'il juge nécessaires ou souhaitables. Ces mesures provisoires ne préjugent en rien les droits, les prétentions ou la position des parties intéressées. En cas de non exécution de ces mesures provisoires, le Conseil de Sécurité tient dûment compte de cette défaillance.

**Article 41**

Cette action peut comprendre des démonstrations, des mesures de blocus et d'autres opérations exécutées par des forces aériennes, navales ou terrestres de Membres des Nations Unies.

2. L'accord ou les accords susvisés fixeront les effectifs et la nature de ces forces, leur degré de préparation et leur emplacement général, ainsi que la nature des facilités et de l'assistance à fournir.

Article 44
Lorsque le Conseil de Sécurité a décidé de recourir à la force, il doit, avant d'inviter un Membre non représenté au Conseil à fournir des forces armées en exécution des obligations contractées en vertu de l'article 43, convier le Membre, si celui-ci le désire, à participer aux décisions du Conseil de Sécurité touchant l'emploi de contingents des forces armées de ce Membre.

Article 45
Afin de permettre à l'Organisation de prendre d'urgence des mesures d'ordre militaire, des Membres des Nations Unies maintiendront des contingents nationaux de forces aériennes immédiatement utilisables en vue de l'exécution combinée d'une action coercitive internationale. Dans les limites prévues par l'accord spécial ou les accords spéciaux mentionnés à l'article 43, le Conseil de Sécurité, avec l'aide du Comité d'État-Major, fixe l'importance et le degré de préparation de ces contingents et établit des plans prévoyant leur action combinée.

Article 47

Il est établi un Comité d'État-Major chargé de conseiller et d'assister le Conseil de Sécurité pour tout ce qui concerne les moyens d'ordre militaire nécessaires au Conseil pour maintenir la paix et la sécurité internationales, l'emploi et le commandement des forces mises à sa disposition, la réglementation des armements et le désarmement éventuel.
2. Le Comité d'État-Major se compose des chefs d'État-Major des membres permanents du Conseil de Sécurité ou de leurs représentants. 3. Le Comité d'État-Major est responsable, sous l'autorité du Conseil de Sécurité, de la direction stratégique de toutes forces armées mises à la disposition du Conseil. Les questions relatives au commandement de ces forces seront réglées ultérieurement.

Article 48
1. Les mesures nécessaires à l'exécution des
décisions du Conseil de Sécurité pour le maintien de la paix et de la sécurité internationales sont prises par tous les Membres des Nations Unies ou certains d'entre eux, selon l'appréciation du Conseil.

2. Ces décisions sont exécutées par les Membres des Nations Unies directement et grâce à leur action dans les organismes internationaux appropriés dont ils font partie.

**Article 49**

Les Membres des Nations Unies s'associent pour se prêter mutuellement assistance dans l'exécution des mesures arrêtées par le Conseil de Sécurité.

**Article 50**

Si un État est l'objet de mesures préventives ou coercitives prises par le Conseil de Sécurité, tout autre État, qu'il soit ou non Membre des Nations Unies, s'il se trouve en présence de difficultés économiques particulières dues à l'exécution desdites mesures, a le droit de consulter le Conseil de Sécurité au sujet de la solution de ces difficultés.

**Article 51**

Aucune disposition de la présente Charte ne porte atteinte au droit naturel de légitime défense, individuelle ou collective, dans le cas où un Membre des Nations Unies est l'objet d'une agression armée, jusqu'à ce que le Conseil de Sécurité ait pris les mesures nécessaires pour maintenir la paix et la sécurité internationales. Les mesures prises par des Membres dans l'exercice de ce droit de légitime défense sont immédiatement portées à la connaissance du Conseil de Sécurité et n'affectent en rien le pouvoir et le devoir qu'a le Conseil, en vertu de la présente Charte, d'agir à tout moment de la manière qu'il juge nécessaire pour maintenir ou rétablir la paix et la sécurité internationales.

**CHAPITRE VIII**

**ACCORDS RÉGIONAUX**

**Article 52**

1. Aucune disposition de la présente Charte ne s'oppose à l'existence d'accords ou d'organismes régionaux destinés à régler les affaires qui, touchant au maintien de la paix et de la sécurité internationales, se prêtent à une action de caractère régional, pourvu que ces accords ou ces organismes et leur activité soient compatibles avec les Buts et les Principes des Nations Unies.

2. Les Membres des Nations Unies qui concluent ces accords ou constituent ces organismes doivent faire tous leurs efforts pour régler d'une manière pacifique, par le moyen desdits accords ou organismes, les différends d'ordre local, avant de les soumettre au Conseil de Sécurité.

3. Le Conseil de Sécurité encourage le développement du règlement pacifique des différends d'ordre local par le moyen de ces accords ou de ces organismes régionaux, soit sur l'initiative des États intéressés, soit sur renvoi du Conseil de Sécurité.

4. Le présent article n'affecte en rien l'application des articles 34 et 35.

**Article 53**

1. Le Conseil de Sécurité utilise, s'il y a lieu, les accords ou organismes régionaux pour l'application des mesures coercitives prises sous son autorité. Toutefois, aucune action coercitive ne sera entreprise en vertu d'accords régionaux ou par des organismes régionaux sans l'autorisation du Conseil de Sécurité ; sont exceptées les mesures contre tout État ennemi au sens de la définition donnée au paragraphe 2 du présent article, prévues en application de l'article 107 ou dans les accords régionaux dirigés contre la reprise, par un tel État, d'une politique d'agression, jusqu'au moment où l'Organisation pourra, à la demande.
des gouvernements intéressés, être chargée de la tâche de prévenir toute nouvelle agression de la part d’un tel État.

2. Le terme “État ennemi,” employé au paragraphe 1 du présent article, s’applique à tout État qui, au cours de la seconde guerre mondiale, a été l’ennemi de l’un quelconque des signataires de la présente Charte.

Les Membres des Nations Unies qui ont ou qui, assument la responsabilité d'administrer des territoires dont les populations ne s'administrent pas encore complètement elles-mêmes, reconnaissent le principe de la primauté des intérêts des habitants de ces territoires. Ils acceptent comme une mission sacrée l'obligation de favoriser dans toute la mesure du possible leur prospérité, dans le cadre du système de paix et de sécurité internationales établi par la présente Charte et, à cette fin:

a. d'assurer, en respectant la culture des populations en question, leur progrès politique, économique et social, ainsi que le développement de leur instruction, de les traiter avec équité et de les protéger contre les abus;

c. d'affermir la paix et la sécurité internationales;

Article 74
Les Membres de l'Organisation reconnaissent aussi que leur politique doit être fondée, autant dans les territoires auxquels s'applique le présent chapitre que dans leurs territoires métropolitains, sur le principe général du bon voisinage dans le domaine social, économique et commercial, compte tenu des intérêts et de la prospérité du reste du monde.

CHAPITRE XII
REGIME INTERNATIONAL DE TUTELLE

Article 75
L'Organisation des Nations Unies établira, sous son autorité, un régime international de Tutelle pour l'administration et la surveillance des territoires qui pourront être placés sous ce régime en vertu d'accords particuliers ultérieurs. Ces territoires sont désignés ci-après par l'expression "territoires sous Tutelle".

Article 76
Conformément aux Buts des Nations Unies, énoncés à l'article 1 de la présente Charte, les fins essentielles du régime de Tutelle sont les suivantes:

a. affermir la paix et la sécurité internationales;

b. favoriser le progrès politique, économique et social des populations des territoires sous Tutelle ainsi que le développement de leur instruction; favoriser également leur évolution progressive vers la capacité à s'administrer eux-mêmes ou l'indépendance, compte tenu des conditions particulières à chaque territoire et à ses populations, des aspirations librement exprimées des populations intéressées et des dispositions qui pourront être prévues dans chaque accord de Tutelle;

c. encourager le respect des droits de l'homme et des libertés fondamentales pour tous, sans distinction de race, de sexe, de langue ou de religion, et développer le sentiment de l'interdépendance des peuples du monde;

d. assurer l'égalité de traitement dans le domaine social, économique et commercial à tous les Membres de l'Organisation et à leurs ressortissants; assurer de même à ces derniers l'égalité de traitement dans l'administration de la justice, sans porter préjudice à la réalisation des fins énoncées ci-dessus, et sous réserve des dispositions de l'article 80.

Article 77
1. Le régime de Tutelle s'appliquera aux territoires entrant dans les catégories ci-dessous et qui viendraient à être placés sous ce régime en vertu d'accords de Tutelle:

a. territoires actuellement sous mandat;

b. territoires qui peuvent être détachés d'Etats ennemis par suite de la seconde guerre mondiale;

c. territoires volontairement placés sous ce
régime par les États responsables de leur administration.

2. Un accord ultérieur déterminera quels territoires, entrant dans les catégories susmentionnées, seront placés sous le régime de Tutelle, et dans quelles conditions.

Article 78
Le régime de Tutelle ne s'appliquera pas aux pays devenus Membres des Nations Unies, les relations entre celles-ci devant être fondées sur le respect du principe de l'égalité souveraine.

Article 79
Les termes du régime de Tutelle, pour chacun des territoires à placer sous ce régime, de même que les modifications et amendements qui peuvent y être apportés, feront l'objet d'un accord entre les États directement intéressés, y compris la Puissance mandataire dans le cas de territoires sous mandat d'un Membre des Nations Unies, et seront approuvés conformément aux articles 83 et 85.

Article 80
1. À l'exception de ce qui peut être convenu dans les accords partiels de Tutelle conclus conformément aux articles 77, 79 et 81 et plaçant chaque territoire sous le régime de Tutelle, et jusqu'à ce que ces accords aient été conclus, aucune disposition du présent chapitre ne sera interprétée comme modifiant directement ou indirectement en aucune manière, les droits quelconques d'un État ou d'aucun peuple ou les dispositions d'actes internationaux en vigueur auxquels des Membres de l'Organisation peuvent être parties.

2. Le paragraphe 1 du présent article ne doit pas être interprété comme motivant un retard ou un ajournement de la négociation et de la conclusion d'accords destinés à placer sous le régime de Tutelle des territoires sous mandat ou d'autres territoires ainsi qu'il est prévu à l'article 77.

Article 81
L'accord de Tutelle comprend dans chaque cas, les conditions dans lesquelles le territoire sous Tutelle sera administré et désigne l'autorité qui en assurera l'administration. Cette autorité, désignée ci-après par l'expression "autorité chargée de l'administration", peut être constituée par un ou plusieurs États ou par l'Organisation elle-même.

Article 82
Un accord de Tutelle peut désigner une ou plusieurs zones stratégiques pouvant comprendre tout ou partie du territoire sous Tutelle auquel l'accord s'applique, sans préjudice de tout accord spécial ou de tous accords spéciaux conclus en application de l'article 43.

Article 83
1. En ce qui concerne les zones stratégiques, toutes les fonctions dévolues à l'Organisation, y compris l'approbation des termes des accords de Tutelle ainsi que de la modification ou de l'amendement éventuels de ceux-ci, sont exercées par le Conseil de Sécurité.

2. Les fins essentielles énoncées à l'article 76 valent pour la population de chacune des zones stratégiques.

Article 84
L'autorité chargée de l'administration a le devoir de veiller à ce que le territoire sous Tutelle apporte sa contribution au maintien de la paix et de la sécurité internationales. À cette fin, elle peut utiliser des contingents de volontaires, les
facilités et l’aide du territoire sous Tutelle pour remplir les obligations qu’elle a contractées à cet égard envers le Conseil de Sécurité ainsi que pour assurer la défense locale et le maintien de l’ordre à l’intérieur du territoire sous Tutelle.

**Article 85**

1. En ce qui concerne les accords de Tutelle relatifs à toutes les zones qui ne sont pas désignées comme zones stratégiques, les fonctions de l’Organisation, y compris l’approbation des termes des accords de Tutelle et de leur modification ou amendement, sont exercées par l’Assemblée Générale.
