CHAP. 268.—An act to accept and ratify an agreement with the Shoshone and Bannock Indians for the sale of a portion of their reservation in Idaho Territory required for the use of the Utah and Northern Railroad, and to make the necessary appropriation for carrying out the same.

As it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That a certain agreement made by Joseph K. McCammon, Assistant Attorney-General, on behalf of the United States, with the Shoshone and Bannock Indians resident on the Fort Hall Reservation, in the Territory of Idaho, be, and the same is hereby ratified and confirmed, subject, nevertheless, to the conditions hereinafter mentioned. Said agreement is executed by a majority of all the adult male Indians of the Shoshone and Bannock tribes occupying or interested in the lands herein described, of the one part, and the United States of America, represented by Joseph K. McCammon, Assistant Attorney-General, of the other part.

Whereas the Utah and Northern Railroad Company has applied for permission to construct a line of railroad from east to west through the Fort Hall Reservation, and the said Indians have consented thereto, and for that purpose have agreed, for the consideration hereinafter mentioned, to surrender to the United States their title to so much of land comprised in said reservation as may be necessary for the legitimate and practical uses of said road:

Now this agreement witnesseth that, for the consideration hereinafter mentioned, the said Shoshone and Bannock Indians do hereby cede to the United States all that part of the present Fort Hall Reservation, in the Territory of Idaho, described as follows, namely:

“A strip of land not exceeding one hundred feet in width (except at Pocatello Station, where it is two hundred feet) as will appear on maps hereto annexed, commencing on the eastern boundary of said reservation, striking the south bank of Fort Neuf River, and thence following down Fort Neuf Valley, sometimes on the south side and sometimes on the north side of said Fort Neuf River, until it reaches the Utah and
Northern Railroad, already constructed at a point about five miles east of Port Neuf Station, on said road, a distance of about thirty-six miles, more or less; thence following said Utah and Northern Railroad already constructed, a distance of ten and seventy-three hundredths miles, to a point on said road about six miles west of said Port Neuf Station, on said road; thence leaving said road already constructed and proceeding northwesterly along the Port Neuf River aforesaid, a distance of eight miles, more or less; thence deflecting from said river westward and continuing to the west boundary line of said Fort Hall Indian Reservation, a distance of about nineteen miles, more or less, from the Utah and Northern Railroad, as shown upon the map or plan thereof hereto attached, marked A; the same being intended to be hereafter used by the said Utah and Northern Railroad Company, its successors or assigns, as a right of way and road bed, and containing by actual survey six hundred and seventy acres or thereabouts.

"Also the several pieces or parcels of land situate along and adjoining the said strip of land hereinbefore described as defined in the several plats or maps thereof also hereto attached and marked, respectively, B, C, D, and so forth, the same being intended to be used by the said Utah and Northern Railroad Company, its successors or assigns, for depots, stations, sidings, and so forth, and containing in the whole, by actual survey, one hundred and two acres, more or less.

"In consideration of such cession the United States agrees to pay to the Shoshone and Bannock Indians the sum of six thousand dollars, being at and about the rate of seven and seventy-seven hundredths dollars per acre for the lands so ceded, to be deposited in the United States Treasury to the credit of said Indians upon ratification hereof by Congress and necessary appropriation therefor, and to bear interest at five per centum per annum; the same to be in addition to any and all sums to which the above-named Indians are now entitled by treaty.

"All provisions of existing treaties not affected by this agreement to remain in full force and effect, and this agreement to be subject to ratification by Congress.

Executed at the Fort Hall Agency, Idaho, the day and year first aforesaid."

SEC. 2.—That for the purpose of carrying the provisions of this act into effect the sum of six thousand dollars is hereby set aside, out of any moneys in the United States Treasury not otherwise appropriated, to be deposited in the United States Treasury to the credit of the Shoshone and Bannock Indians, and to bear interest at five per centum per annum, such interest to be expended for the benefit of said Indians in such manner as the Secretary of the Interior may direct.

Nor shall said land, or any part thereof, be continued to be used for railroad purposes by or for said Utah and Northern Railroad Company, its successors or assigns, except upon the further condition that said company its successors or assigns, will pay any and all damages which the United...
States or said Indians, individually or in their tribal capacity, or any other Indians lawfully occupying said reservation, may sustain by reason or on account of the act or acts of said company, its successor or assigns, its agents or employees, or on account of fires originating by or in the construction or operation of such railroad, the damages in all cases to be recovered in any court of the Territory of Idaho having jurisdiction of the amount claimed, upon suit or action instituted by the proper United States attorney in the name of the United States: Provided, That the said United States attorney may accept such sum of money in satisfaction of any such injury or damage as in his discretion may be just; and if so accepted before suit or action is commenced, no suit or action shall be instituted, and if accepted after commencement of suit or action, the same shall be dismissed at the cost of said company its successors or assigns.

SEC. 4.—That all moneys accepted or recovered under the provision of section three of this act shall be covered into the Treasury of the United States, and if accepted or recovered on account of damages sustained by said Indians as aforesaid, they shall be placed to the credit of said Indians in their tribal names, to be expended by the Secretary of the Interior, for the benefit of said Indians, in such manner as he may deem for their best interest, except in the case of an individual Indian, when the amount covered into the Treasury shall be expended for his sole benefit.

"Whereas by treaty between the United States and the Crow Indians concluded at Fort Laramie, May seventh, eighteen hundred and sixty-eight, and duly ratified and proclaimed (fifteenth Statutes at Large, page six hundred and forty-nine), a district of country in the Territory of Montana was set apart as a reservation for the absolute and undis-turbed use and occupation of said Indians; and

"Whereas there is no provision or stipulation in said treaty author-izing said company or recognizing its right to construct its road through said reservation; and

"Whereas the said company did, on the twenty-fifth day of June, eighteen hundred and eighty-one, file in the Department of the Interior a map showing the definite location of its line of railroad from the one hundred and seventh degree of longitude west from Greenwich west-wardly through said reservation and adjacent territory to the western boundary of the said reserve, as provided by said act of eighteen hun-dred and sixty-four, the company having first obtained the permission of the Secretary of the Interior to survey its line in said reservation; and

"Whereas the said company desires to construct its line of railroad upon such designated route, and claims the right by virtue of said act so to do:

"Now, therefore, in order to fulfill the obligations of the government in the premises, this agreement, made this twenty-second day of August anno Domini eighteen hundred and eighty-one, between the Crow tribe of Indians resident on the Crow Reservation, in the Territory of Mont-ana, represented by their chiefs, headmen, and heads of a majority of families, and being a majority of all the adult male Indians occupying or interested in the lands hereinafter described, the said Indians acting under the supervision and with the approval of the Secretary of the In-terior of the United States, of the one part, and the United States of America, represented by Llewellyn A. Luce, William H. Walker, and Charles A. Maxwell, special agents duly appointed in this behalf by the Secretary of the Interior, of the other part, witnesseth. That for the consideration hereinafter mentioned the Crow tribe of Indians do hereby surrender and relinquish to the United States all their right, title and interest in and to all that part of the Crow Reservation situate in the Territory of Montana and described as follows, namely:

"A strip of land not exceeding four hundred feet in width, that is to say, two hundred feet on each side of the line laid down on the map of definite location hereinbefore mentioned, wherever said line runs through said reservation between the one hundred and seventh degree of longitude west of Greenwich on the east and the mid-channel of the Big Boulder River on the west, containing five thousand three hundred
and eighty-four acres, more or less. An official copy of said map of
definite location was, on this twenty-second day of August, anno Domi-
ini eighteen hundred and eighty-one, produced before said special agents
and the Indians in council, was fully explained to said Indians, and is
hereunto attached, marked A, and made a part of this agreement. Also
the several parcels of land situate along and adjoining the said strip of
land hereinbefore mentioned between the one hundred and seventh de-
gree of longitude west of Greenwich on the east and the mid-channel of
the Big Boulder River on the west, as defined and described on a map
produced before said special agents and the Indians in council on the
day and date above mentioned, and fully explained to and understood
by said Indians; said tracts being designated on the aforesaid map by
the letters A, B, C, D, E, F, G, H, I, J, and K, and containing, respec-
tively, the following area, that is to say: Tract A, twenty-six and twenty-
three hundredths acres; tract B, twenty-eight and fifty-four hundredths
acres; tract C, twenty-six and twenty-three hundredths acres; tract E,
twenty-six and twenty-three hundredths acres; tract F, twenty-six and
twenty-three hundredths acres; tract G, twenty-six and twenty-three
hundredths acres; tract H, twenty-six and twenty-three hundredths
acres; tract I, twenty-six and twenty-three hundredths acres; tract J,
twenty-eight and thirty-two hundredths acres; tract K, twenty-six and
twenty-three hundredths acres, aggregating two hundred and sixty-six
acres, more or less, said map being hereunto attached, marked B, and
made a part of this agreement; which last-mentioned tracts are intended
for the use of said Northern Pacific Railroad Company for station-houses,
depots, switches, and so forth. It is further stipulated and agreed that
the United States will not permit the said railroad company, its em-
ployees or agents, to trespass upon any part of the lands of the Crow In-
dian Reservation not hereby relinquished, nor permit said company, its
employees or agents, to cut any timber, wood, or hay from the lands
embraced in said reservation.

"And it is further stipulated and agreed that the Secretary of the
Interior, upon such terms as he may see fit to impose, may permit to be
constructed, maintained, and used within said Crow Indian Reservation
wagon roads not exceeding three in number, in addition to any estab-
lished wagon roads which may be now in use therein; the said three
roads to connect with the line of said railroad at such points as the Sec-
retary of the Interior may designate; all of which wagon roads shall be
under the control of the Government of the United States.

"In consideration for the lands hereby relinquished, amounting in
the aggregate to five thousand six hundred and fifty acres, more or less,
and for the privileges herein granted, the United States stipulates and
agrees to pay to the Crow tribe of Indians the sum of twenty-five thou-
sand dollars, to be deposited in the Treasury of the United States to the
credit of the said tribe of Indians upon the ratification of this agree-
ment by Congress, and the necessary appropriation made therefor, the sum
aforesaid to be expended for the benefit of said Indians in such manner
as the Secretary of the Interior may direct; the same to be in addition
to any and all moneys to which the said Indians are entitled under the
provisions of the treaty of May seventh, eighteen hundred and sixty-
eight, hereinbefore mentioned.

"All provisions of existing treaties with the Crow Indians not affected
by this agreement are to remain in full force and effect, and this agree-
ment is to be subject to ratification by Congress.

"Executed at Crow Agency, in the Territory of Montana, this twenty-
second day of August, anno Domini eighteen hundred and eighty-one,
as witness the following signatures."

SEC. 2. That for the purpose of carrying the provisions of this act into
effect the sum of twenty-five thousand dollars is hereby set aside, out
of any moneys in the United States Treasury not otherwise appropriated,
to be deposited in the United States Treasury to the credit of the Crow
tribe of Indians, and to be expended for the benefit of the said Indians in such manner as the Secretary of the Interior may direct.

SEC. 3. That the right of way over the land relinquished by said agreement to the United States for the construction of said Northern Pacific Railroad, and the use of the several parcels of land so relinquished intended to be used for depots, stations, sidings, and so forth, for said railroad, are hereby granted to said Northern Pacific Railroad Company, its successors and assigns, for the uses and purposes in said agreement set forth; but the land, or any part thereof, relinquished to the United States by said agreement shall not be used for railroad purposes by or for the said Northern Pacific Railroad Company, its successors or assigns, except upon the condition precedent that the said company, its successors or assigns, shall, within sixty days from the taking effect of this act, pay to the Treasurer of the United States said sum of twenty-five thousand dollars hereby appropriated to be paid by the United States for the lands relinquished to the United States by said agreement, and shall within the same time file with the Secretary of the Interior its written acceptance of the conditions of this section; nor shall said land, or any part thereof, be continued to be used for railroad purposes by or for said Northern Pacific Railroad Company, its successors or assigns, except upon the further condition that said company, its successors or assigns, will pay any and all damages which the United States or said Indians, individually or in their tribal capacity, or any other Indians lawfully occupying said reservation, may sustain by reason or on account of the act or acts of said company, its successors or assigns, its agents or employees, or on account of fires originating by or in the construction or operation of said railroad, the damages in all cases to be recovered in any court of the Territory of Montana having jurisdiction of the amount claimed, upon suit or action instituted by the proper United States attorney in the name of the United States: Provided, That the said United States attorney may accept such sum of money in satisfaction of any such injury or damages as in his discretion may be just; and if so accepted before suit or action is commenced, no suit or action shall be instituted, and if accepted after commencement of suit or action, the same shall be dismissed at the cost of said company, its successors or assigns.

SEC. 4. That all moneys accepted or recovered under the provisions of section three of this act shall be covered into the Treasury of the United States, and if accepted or recovered on account of damages sustained by said Indians as aforesaid, they shall be placed to the credit of said Indians in their tribal names, to be expended by the Secretary of the Interior for the benefit of said Indians in such manner as he may deem for their best interest, except in the case of an individual Indian, when the amount covered into the Treasury shall be expended for his sole benefit.

CHAP. 291.—An act authorizing the New Orleans and Northeastern Railroad to construct bridges over the channels of Pearl River and Lake Pontchartrain.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the New Orleans and Northeastern Railroad Company, a corporation organized for the purpose of constructing a railroad between New Orleans, Louisiana, and Meridian, Mississippi, be, and is hereby, authorized and empowered to construct, build, and maintain bridges over and across the navigable waters of the United States on the route of said railroad from New Orleans, Louisiana, to Meridian, Mississippi, as now located, or as said route may hereafter be located, for the use of said company, and the passage of its engines, cars, passengers, mails, and merchandise thereon: Provided, however, That said company shall construct its bridges over and across the waters known as East Pearl River, West Pearl River, and Lake Pontchartrain, in accordance with such plans devised for the safe passage of vessels as shall be approved by the Secretary of War; and that said company shall construct and maintain such facilities and be governed by such regulations for the passage of vessels as the Secretary of War shall approve.

SEC. 2. That any bridge built under this act and subject to its limitations shall be a lawful structure, and shall be recognized and known as a post-route, upon which also no higher charge shall be made for the transmission over the same of the mails, the troops, and the munitions of war of the United States, or for passengers and freight passing over said bridge, than the rate per mile paid for the transportation over the railroad or public highways leading to the said bridge; and it shall enjoy the rights and privileges of other post roads in the United States.

SEC. 3. That if said bridges shall be made with unbroken and continuous spans, the spans thereof shall not be less than three hundred feet in length in the clear, and the main spans shall be over the main channels of the rivers and lakes across which said bridges may be constructed, and the bridges shall be at right angles to and their piers parallel with the current of said rivers and lakes: Provided, That if the same shall be constructed as draw bridges, the draws or pivots shall be over the main channels of said rivers and lakes at accessible points, and the spans shall not be less than one hundred and sixty feet in length in the clear, and the piers of said bridges shall be parallel with and the bridges at right angles to the current of the channels, and the spans shall not be less than ten feet above high water mark, as understood at the point of location, to the lowest part of the superstructure of said bridges: Provided, That said draws shall be opened promptly by said company, upon reasonable signal, for the passage of boats; and said

**CHAP. 294.**—An act to increase the water-supply of the city of Washington, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War shall cause to be made a survey and map of the land necessary to extend the Washington Aqueduct from its present eastern terminus to the high ground north of Washington near Sixth street extended, and of the land necessary for a reservoir at that point the capacity of which shall not be less than three hundred million gallons; and a like survey and map of the land necessary for a dam across the Potomac River at Great Falls, including the land now occupied by the dam, and the land required for the extension of said dam across Conn's Island to and upon the Virginia shore; and when surveys and maps shall have been made the Secretary of War and the Attorney-General of the United States shall proceed to acquire to and for the United States the outstanding title, if any, to said land and water-rights, and to the land on which the gate-house at Great Falls stands by condemnation.

And in obtaining title to the right of way for the extension of said aqueduct, the Secretary of War and Attorney-General may, in their discretion, secure title to a strip suitable for an avenue over such part of said aqueduct extended as they think proper: Provided, That at least one-half in value of such right of way shall be donated or dedicated by the owners to that public use: And provided further, That if it shall be necessary to resort to condemnation, the proceeding shall be as follows.

When the map and survey are completed, the Attorney-General shall proceed to ascertain the owners or claimants of the premises embraced in the survey, and shall cause to be published, for the space of thirty days, in one or more of the daily newspapers published in the District of Columbia, a description of the entire tract or tracts of land embraced in the survey, with a notice that the same has been taken for the uses mentioned in this act, and notifying all claimants to any portion of said premises to file, within its period of publication, in the Department of Justice, a description of the tract or parcel claimed, and a statement of its value as estimated by the claimant. On application of the Attorney-General, the chief justice of the supreme court of the District of Columbia shall appoint three persons, not in the employ of the government or related to the claimants, to act as appraisers, whose duty it shall be, upon receiving from the Attorney-General a description of any tract or parcel the ownership of which is claimed separately, to fairly and justly value the same and report such valuation to the Attorney-General, who thereupon shall, upon being satisfied as to the title to the same, cause to be offered to the owner or owners the amount fixed
by the appraisers as the value thereof; and if the offer be accepted, then upon the execution of a deed to the United States in form satisfactory to the Attorney-General, the Secretary of War shall pay the amount to such owner or owners from the appropriation made therefor in this act.

In making the valuation the appraisers shall only consider the present value of the land without reference to its value for the uses for which it is taken under the provisions of this act.

The appraisers shall each receive for their services five dollars for each day's actual service in making the said appraisements.

Any person or corporation having any estate or interest in any of the lands embraced in said survey and map who shall for any reason not have been tendered payment therefor as above provided or who shall have declined to accept the amount tendered therefor, and any person who, by reason of the taking of said land, or by the construction of the works hereinafter directed to be constructed, shall be directly injured in any property right, may, at any time within one year from the publication of notice by the Attorney-General as above provided, file a petition in the Court of Claims of the United States setting forth his right or title and the amount claimed by him as damages for the property taken or injury sustained; and the said court shall hear and adjudicate such claims in the same manner as other claims against the United States are now by law directed to be heard and adjudicated therein: Provided, That the court shall make such special rules in respect to such cases as shall secure their hearing and adjudication with the least possible delay.

Judgments in favor of such claimants shall be paid as other judgments of said court are now directed to be paid; and any claimant to whom a tender shall have been made as hereinbefore authorized, and who shall have declined to accept the same, shall, unless he recover an amount greater than that so tendered, be taxed with the entire cost of the proceeding. All claims for value or damages on account of ownership of any interest in said premises, or on account of injury to a property right by the construction of said works, shall, unless a petition for the recovery thereof be filed within one year from the date of the first publication of notice by the Attorney-General as above directed, be forever barred: Provided, That owners or claimants laboring under any of the disabilities defined in the statute of limitations of the District of Columbia may file a petition at any time within one year from the removal of the disability.

Upon the publication of the notice as above directed, the Secretary of War may take possession of the premises embraced in the survey and map, and proceed with the constructions herein authorized; and upon payment being made therefor, or, without payment, upon the expiration of the times above limited without the filing of a petition, an absolute title to the premises shall vest in the United States.

Sec. 2. It shall be the duty of the collector, postmaster, and other officers of the United States, at any place outside of the District of Columbia where examinations are directed by the President or by said board to be held, to allow the reasonable use of the public buildings for holding such examinations, and in all proper ways to facilitate the same.

"Sec. 4.—That any person, company, or corporation authorized to construct a bridge across the Ohio River shall give notice, by publication for one week in new papers having a wide circulation, in not less than two newspapers in the cities of Pittsburgh, Cincinnati, and Louisville for bridges above the mouth of the Big Sandy, and in the cities of Pittsburgh, Cincinnati, Louisville, Saint Louis, Memphis, and New Orleans for bridges below the mouth of the Big Sandy, and shall submit to the Secretary of War, for his examination, a design and drawings of the bridge and piers, and a map of the location, giving, for the space of at least one mile above and one mile below the proposed location, the topography of the banks of the river and the shore lines at high and low water. This map shall be accompanied by others, drawn on the scale of one inch to two hundred feet, giving, for a space of one half a mile above the line of the proposed bridge and a quarter of a mile below, an accurate representation of the bottom of the river, by contour lines two feet apart, determined by accurate soundings, and also showing over the whole width of this part of the river the force and direction of the currents at low water, at high water, and at least one intermediate stage, by triangulated observations on suitable floats. The maps shall also show the locations of other bridges in the vicinity, and shall give such other information as the Secretary of War may require for a full and satisfactory understanding of the subject. Said maps and drawings shall be referred to a board of engineers for examination and report, which board shall personally examine the site of the proposed
bridge, and shall hold a public session at some convenient point to hear
all objections thereto, of which public session due notice and invitation
to be present shall be given to all interested parties; and if said
board of engineers reports that the site is unfavorable, the Secretary of
War shall be authorized, on the recommendation of said board, to order
such changes in the bridge or its piers or such guiding-dikes or other
auxiliary works as may be necessary, at the expense of the proprietors
or managers of such bridge or piers and other works for the security
of navigation; and the proposed bridge shall only be a legal structure
when built as approved by the Secretary of War. 7

said river, at the city of Kansas City, in the county of Jackson and State
of Missouri. Said bridge shall be constructed to provide for the passage
of railway trains, and, at the option of the corporation by which it may
be built, may be used for the passage of wagons and vehicles of all

as a post-route, upon which also no higher charge shall be made for the
transmission over the same of the mails, the troops, and the munitions of

said bridge than the rate per mile paid for the transportation over the
railroad or public highways leading to the said bridge; and it shall
enjoy the rights and privileges of other post-roads in the United States.

And in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river, caused or alleged to be caused by said bridge, the case may be brought in the district court of the United States of the State of Missouri in which any portion of said obstruction or bridge may be located: Provided further, That nothing in this act shall be so construed as to repeal or modify any of the provisions of law now existing in reference to the protection of the navigation of rivers, or to exempt this bridge from the operation of the same.

SEC. 4. That all railroad companies desiring the use of said bridge shall have and be entitled to equal rights and privileges relative to the passage of railway trains or cars over the same, and over the approaches thereto, upon payment of a reasonable compensation for such use; and in case the owner or owners of said bridge and the several railroad companies, or any one of them, desiring such use shall fail to agree upon the sum or sums to be paid, and upon rules and conditions to which each shall conform in using said bridge, all matters at issue between them shall be decided by the Secretary of War, upon a hearing of the allegations and proofs of the parties: Provided, That the provisions of section two in regard to charges for passengers and freight across said bridge shall not govern the Secretary of War in determining any question arising as to the sum or sums to be paid to the owners of said bridge by said companies for the use of said bridge.

Right to repeal, etc., reserved.
