(b) Pest control availability

(1) In general

The Administrator, in cooperation with the Secretary of Agriculture, shall identify—

- (A) available methods of pest control by crop or animal;
- (B) minor pest control problems, both in minor crops and minor or localized problems in major crops; and
- (C) factors limiting the availability of specific pest control methods, such as resistance to control methods and regulatory actions limiting the availability of control methods.

(2) Report

The Secretary of Agriculture shall, not later than 180 days after November 28, 1990, and annually thereafter, prepare a report and send the report to the Administrator. The report shall—

- (A) contain the information described in paragraph (1) and the information required by section 5882 of this title;
- (B) identify the crucial pest control needs where a shortage of control methods is indicated by the information described in paragraph (1); and
- (C) describe in detail research and extension efforts designed to address the needs identified in subparagraph (B).

(c) Integrated pest management

The Administrator, in cooperation with the Secretary of Agriculture, shall develop approaches to the control of pests based on integrated pest management that respond to the needs of producers, with a special emphasis on minor pests.

(As amended Nov. 28, 1990, Pub. L. 101-624, title XIV, § 1495, 104 Stat. 3629.)

[See main edition for text of (a)]

(b) Intergovernmental cooperation

The Secretary of Agriculture is further authorized to cooperate with the governments of foreign countries, or the local authorities thereof, and with foreign or international organizations or associations, in carrying out necessary

surveys and control operations in those countries in connection with the detection, eradication, suppression, control, and prevention or retardation of the spread of plant pests.

[See main edition for text of (c) to (e)]

(f) Authorization of appropriations; fees, late payment penalties, and accrued interest

(1) Notwithstanding paragraph (2), there are authorized to be appropriated such sums as may be necessary to carry out the provisions of this section. Unless otherwise specifically authorized or provided for in appropriations Acts, no part of such sums shall be used to pay the cost or value of property injured or destroyed.

(2) The Secretary of Agriculture is authorized to prescribe and collect fees to recover the costs of providing for the inspection of plants and plant products offered for export or transiting the United States and certifying to shippers and interested parties as to the freedom of such plants and plant products from plant pests according to the phytosanitary requirements of the foreign countries to which such plants and plant products may be exported, or to the freedom from exposure to plant pests while in transit through the United States. Any person for whom such an activity is performed shall be liable for payment of fees assessed. Upon failure to pay such fees when due, the Secretary of Agriculture shall assess a late payment penalty, and such overdue fees shall accrue interest, as required by section 3717 of title 31. The Secretary of Agriculture may, in case of nonpayment of the fees, late payment penalty, or accrued interest, after giving reasonable notice of default to the person liable for payment of such assessments, sell at public sale after reasonable public notice, or otherwise dispose of, any such plant or plant product upon which the Secretary of Agriculture has a lien pursuant to this section. If the sale proceeds exceed the fees due, any late payment penalty assessed, any accrued interest and the expenses of the sale, the excess shall be paid, in accordance with regulations of the Secretary of Agriculture, to the owner of the plant or plant product sold upon the owner making application therefore with proof of ownership, within six months after such sale, and otherwise the excess shall be credited to accounts that incur the costs and shall remain available until expended. The Secretary of Agriculture shall, pursuant to regulations as prescribed by the Secretary of Agriculture, suspend performance of services to persons who have failed to
