Copies of the pictures, one set of 14 (A') pictures, another of 12 (A') pictures, now in the office of the Register of Copyrights, are to be photographed in the manner necessary for projection from a moving picture camera upon the screen. Each set of pictures are to make a reel approximately 300 feet in length. The drawings are not to be presented as an animated cartoon, in the direct sense of the word, but will appear in the form of humorous pictures and sayings, much in the manner as "Topics of the Day" and other similar humorous reels now being presented on the screen.
