Written by GEORGE COOPER.

Music by EDWIN CHRISTIE.

With expression.

VOICE.

1. Meet me, Ad.die, by the oak . tree, While the stars are in the sky!
2. I'll be waiting in the star . light, While the birds are hush'd in sleep;
3. Meet me, Ad.die, by the oak . tree, In the place we oft have met!

I have something sweet to tell you Ere the ev'ning hours go by!
 And the roses will not hear us While our loving watch we keep!
 O, your loving looks of kindness Can I ever more forget?

p

O, my heart is lonely sighing But to see you once again!
 How I long to see you darling; Do you love me still the same?
 For your lips are morning roses Cov'erd o'er with fragrant dew!

p

mf

While the rosy hours are flying Let me linger not in vain!
 O, the fairy spell that binds me When I hear your gentle name!
 While the stars are waiting dearest, Meet me, meet me, Adieu true!
