LOTS OF LAUGHS IN "COINCIDENCE" FILM

A corking good show, will be the verdict pronounced by the audience at the Liberty theatre tonight when "Coincidence" the recent Metro release, will be shown here for the first time. The picture is a rapid fire comedy, with loads of suspense and all the other qualities that go to make up a good entertainment. It tells the amusing story of Billy Jenks, a young man from the country, who comes to New York, and obtains employment in a Fifth Avenue department store. Through the strange mischance of a piece of money blowing out of the window, the boy meets Phoebe Howard, a pretty young stenographer, with whom he falls in love and then things happen merrily and in a fast way.
