CONSTRUCT VILLAGE FOR "SECOND HAND LOVE"

For "Second Hand Love" Charles Jones' latest William Fox production, an entire village was constructed after the description given by Shan non Fife in the latter's story of the same name.

Carpenters and electricians, masons and architects' assistants worked two weeks on what is believed is the most perfectly detailed village ever constructed for a motion picture.

In addition to the care taken with the actual raising of the village, attention was given first to the site. An entire department, comprising some fifteen persons, is especially commissioned at the William Fox studios to the determining of locations for various scenes. This department searched everywhere for a likely site for this village without avail.

From the town pump, the town lamp post, to the town's hall of iniquity and the town's reform chamber, the village built for "Second Hand Love" is complete, and is at the Coliseum tonight.

WESLEY BARRY LAST TIME AT PALACE

Wesley Barry will be seen at the Palace tonight for the last two times in "The Printer's Devil," which is a comedy from first to last, with a good love story, in fact two, and also thrills. It is a rollicking romance of a small town newspaper, funnier than fun, where seriousness and comedy are rolled together.

Harry Myers, star of "A Connecticut Yankee," Katherine McGuire, who recently won a beauty contest, and other screen favorites are in the cast.

Jack Dempsey is seen in "West of the Water Bucket" which is one of the best of the series "Fight and Win" pictures which has so far been shown at the Palace. There is all kinds of good comedy in this two reeler.

FUNNY INCIDENT IN "MAKING A MAN"
Dignity upset is the greatest producer of laughs. For example, think of the everyday slip of the man in the banana peel or the dignified old gentleman, the top hat, the snowball and the small boy.

This fall of dignity accounts for several humorous situations in "Making a man" a Paramount picture starring Jack Holt which will be displayed at the Coliseum theatre Sunday. In the role of Horace G. Winsby, Mr. Holt is represented as a wealthy, snobbish and ultra-dignified man; one who looks upon himself as a sort of monarch and regards his neighbors as beneath his notice. Naturally, such a man is immensely unpopular.

Perhaps the most laughable situation in "Making a Man" is the occasion of Mr. Winsby's plunge into a mudhole. As he leaves his home in the little town of San Geronimo, Cal., to go to his office, he tells his chauffeur, that he will drive the car. But the machine stalls in the center of a huge mudhole. His neighbors gather around, but because Winsby is so unpopular, they refuse to aid him. Seeing some stones sticking above the surface of the mud, Winsby thinks he has discovered the way to reach dry land. Then there is a surprise.

FRED LYNCH AND MOVIE BILLS SUNDAY, PALACE

With Fred Lynch in two popular songs, a good feature and a comedy, besides the usual concert from 7 to 7:30 o'clock, there will be plenty of good entertainment at the Palace Sunday night.

The movie features will open with the matinee tomorrow. "A Girl of the Limberlost" the screen version of Gene Stratton-Porter's own production of her famous novel, is the stellar attraction. A big cast, a fine story, capably acted, that is this.

The comedy feature will be "The New Sheriff" with "Poodles" Hanneford having the bulk of the fun making to do but surrounded by other comedy stars.

BETTY TUCKER

When both fathers and mothers agreed that seventeen and nineteen are too tender years for a couple to embark on the sea of matrimony, the marriage of Betty Tucker, seventeen-year-old San Francisco schoolgirl, and Charles E. Betts, nineteen, was annulled. The couple eloped once, and declare they will wait a few years and then try it over again.

FIREMEN'S DANCE HELD THURSDAY NEXT ELKS' HALL

Local Department to Give Ball March 5—Tickets Now on Sale.

Promptly at 1 o'clock today the Finance Committee of the Juneau Volunteer Fire Department had started a canvass of the town with tickets to the Department annual dance to be given Thursday next, March 5, at Elks' Hall. Dancing will begin promptly at 9:30. The dance, in accordance with plans of preparation is expected to be one of the finest social events of the month of March. No invitations have been issued for the dance, for, as the committee in charge states, the whole of Juneau and Gastineau Channel points, as personal friends and acquaintances of the Fire Boys, are expected to attend. A special invitation is extended to the members of the Legislature and other out-of-town visitors.

The committee on music has made arrangements for music to be furnished by "The Alaskans" and this orchestra plans to release several new and jazzy numbers.

The Firemen hold a reputation for unique and charming designs in decoration and while the dance is being given on short notice the committee states Chairman Schombel is something new up his sleeve, and the hall will be decorated in true "fire-eating" style.

The entire Department has been placed on the floor committee and promises that no one shall lack anything it is within their power to give for entertainment.

The Committees for the dance report that final arrangements for the event are now being completed.

Following is the list of committees: Executive Chairman, Douglas Austin; Finance, Walter B. King, Wallis George, Don Austin, H. M. Porter; Hall and Music, Earl Cleveland, A. P. McKinnon, Elliott Fremming; program, Martin Lavenik, P. W. M. Colburn; Decorating, O. E. Schombel, O. M. Olson, M. H. Sides; Floor, Entire Department.

The Department announces that this spring will see the final payment made on the baseball park and playgrounds and the proceeds of the dance will go to that end. It is stated this morning the Department desires at this time to thank the public of Juneau and Douglas for its generous patronage in the past and speaks future consideration. It does not intend to stop here, but will go on with other civic and community welfare work of one kind or another. Several projects are under consideration and will be announced soon.

Few Marriages in Cal., Are Said to Be Childless

SACRAMENTO, Feb. 28.—On top of the many other blessings enjoyed by residents of California, it has just been brought to light by L. E. Ross, Director of the State Bureau of Vital Statistics, that a smaller percentage of marriages are childless in this State than for the United States as a whole.

We will be glad to meet you at these services.

Prison Schooling Helped Forger to Become Crafty

LONDON, Feb. 28.—While Ernest Everett was serving a sentence at Camp Hill prison for forgery he was taught engraving by prison authorities as part of their scheme for the rehabilitation of prisoners. Recently he was arrested and found guilty of uttering spurious treasury notes, cunningly engraved.
Lord Hewart, the Lord Chief Justice, has demanded an explanation of why a forger, of all persons, should be taught engraving in prison.

WOMEN GIVEN SAME PAY AS PAID TO MEN

STOCKHOLM, Feb. 28.—Sweden's working women have scored an important victory through the official recognition by the Government of the principle of equal pay for men and women in the employ of the State. The recognition appears in the form of a recommendation submitted to the Riksdag by Minister of Finance Thorsson, along with the estimate for the next State budget.

In justifying his proposal Mr. Thorsson points out that the civil service law virtually gives women the same privileges and responsibilities as men, so far as the actual work is concerned, and it is only logical, therefore, that the salary of and given person should remain constant, whether the service is rendered by a man or a woman.

What makes the victory for the women the more striking is the fact that the budget estimate, in spite of the strictest scrutiny of every item, will involve an estimated expenditure of \$11,000,000 more than last year. This means that, although no new or increased taxes are contemplated, all hope for any early tax reduction must be abandoned.

The Minister of Finance characterizes the economic situation in Sweden as generally good. He looks for stable conditions during the next fiscal year and says that, if there is any change, it is likely to be an improvement.

FOG TAKES THE BLAME.

LONDON, Feb. 28.—Mary Cope has played the organ at Holy Trinity Church, in London, for 60 years. During all this time she has missed only two Sundays, once on account of illness, and once because a London fog was so dense she could not find the church edifice.
