A SNEEZE IS THE SIGNAL TO INHALE VAPURE!

At the first sign of an approaching cold, take immediate steps to prevent it from setting in. Invest in a bottle of Vapure. Pour a few drops on your handkerchief. Then inhale slowly and deeply. The sensitive tissues of the nasal passages will be soothed and healed. Relief will be almost instantaneous.

### TOLLING BELL CALLS KIDS BACK TO EARTH

Its all over now and things settle down to earth as the kids troop to school once more after the Christmas and New Year holidays.

The bell tolled its ominous summons today while teachers took up tasks and prepared to cope with new foibles of juvenile conduct learned since last they met. It may be difficult, the first few days to get down to the serious problems of life, what with new pocket knives to look at surreptitiously or new dolls to dream about, but normalcy will eventually be restored.

#### NEW GAME WARDEN

George Nelson, of the Alaska Guides Inc., who, with Mrs. Nelson has been living at Skilak Lake has changed his residence to Anchorage where he will be connected with the game commission. It has been known for some weeks that he had been considering a warden's job succeeding Chas. Cadwallader, who, the Anchorage Midnight Sun says, was one of the "goats" in a recent beaver confiscation case.

The BARGAIN TABLE at the Alaska Shop is worth looking over.
