 to Creditors, Notices, \$15.00.

**KENAI MOOSE  
 STUDY ABOUT  
 BEEN FINISHED**

A two-year investigation of breed-  
 ing, feed and range conditions, affect-  
 ing the world-renowned moose  
 herd on Kenai Peninsula has prac-  
 tically been completed and the  
 findings are expected to be made  
 public within a few weeks, it was  
 announced recently at Juneau, ac-  
 cording to a report in the Empire.

The study has been conducted by  
 the Alaska Game Commission and  
 the funds for the work were con-  
 tributed by several prominent  
 Eastern sportsmen and conserva-  
 tionists whose names have not  
 been disclosed.

Henry Lucas, well-known Skilak  
 Lake resident and big game guide,  
 and Frank Drefresne, game warden,  
 recently completed their investiga-  
 tion. L. E. Palmer, range expert  
 of the United State Biological Sta-  
 tion at the Alaska College, is mak-  
 ing a survey of forage plants and  
 was expected have his work com-  
 pleted by the end of the month  
 just ended.

The Kenai herd is said to be the  
 greatest of its kind in existence.  
 Fears have been held that its  
 natural increase was being affected  
 by certain conditions of forage and  
 by depredations of bears. Reports  
 were made to the Game Commis-  
 sion for several years that the calf  
 crop each season was abnormally  
 small. Fearing that the herd might  
 become decimated if these reports  
 were well-founded, led the Commis-  
 sion to undertake the investigation,  
 which, due to lack of funds of its  
 own would have been impossible  
 but for the contributions from the  
 East.

Fresh Brick Ice Cream. Choice  
 variety of Flavors—Alaska Shop.

**SIGNAL CORPS MEN COMING**  
 As a result of a direct inquiry  
 sent to the Signal Corps baseball  
 team at Anchorage as to whether  
 they were coming they replied back,  
 just as directly, that they were com-  
 ing and gave their lineup. The fol-  
 lowing is the Signal Corps line-  
 up which will face a Navy team  
 on the local ball lot at 3 p. m. to-  
 morrow; Markle, catcher, Dave  
 Turner, pitcher; Peyton, first base;  
 Moran, second base; Stevenson,  
 short stop; Cotter, third base;  
 Mont Liek, left field; Bob Searce,  
 right field. The center field po-  
 sition was not mentioned but it is  
 believed that Shorty Hardman,  
 manager of the team, will have this  
 position. This is the same team  
 that played the City of Anchorage  
 team in an 11-inning contest to  
 take the Fourth of July game from  
 them by a score of 3 to 2. Most of  
 the Signal Corps men were at one  
 time stationed in Seward and are  
 well-known here.

**FREIGHTER SAILINGS**  
 The freighter Depere is sched-  
 uled to sail from Seattle on August  
 6 with a cargo of explosives and  
 other freight for Alaska ports. The  
 Tanana will sail at the later date  
 of August 20, according to the lo-  
 cal Alaska Steamship Company Of-  
 fice.

Frank Towle, of Cooper's Land-  
 ing, is a visitor in the city from his  
 Lake home and will remain in town  
 until tomorrow morning so that he  
 can have the pleasure of looking  
 over the five naval vessels ar-  
 riving in Seward this evening.

**REPORT EARLY**  
 It would be well if the local base-  
 ball squad members will report on  
 the Lagoon baseball lot tomorrow at  
 12:30 p. m. so that there will be no  
 delay in starting tomorrow's game.  
 Final selection of the players who  
 will represent the Seward team  
 will be made at this time. It is im-  
 portant that the game get under-  
 way at the scheduled time as an-  
 other game is scheduled at a later  
 hour.

**NOTICE**  
 All parents please keep their  
 children off my property or they  
 may become seriously ill from in-  
 sect powder, etc. in my garden; all  
 trespassers caught will be punished  
 by the law.

 That successfully groomed, smart  
 looking coiffure you have long  
 wanted can be obtained for \$7.50  
 from PEARL HENRY. Her DUART  
 permanents give the fastidious ap-  
 pearance necessary to a perfect  
 ensemble. Call ADAMS 89 for an  
 appointment; any kind of beauty  
 work done which you desire.

**CIGARETTE WAS  
 CAUSE OF LOSS  
 WOODLEY PLANE**

No more cigarette smoking will be  
 permitted aboard any of the planes  
 that Pilot Art Woodley flies, he  
 told the Anchorage Times, the  
 other day following his arrival in  
 that city from the Bristol Bay  
 where he lost his plane through fire.  
 He reports that his plane caught  
 afire as the result of a passenger  
 dropping a lighted home-made cig-  
 arette in the plane and that he was  
 forced to land the plane when the  
 flames started licking about the  
 fuselage. The only place to set the  
 plane down was in rough waters  
 of the Bering Sea and it had to be  
 close to the shore so that the pas-  
 sengers could get ashore. Close to  
 shore a heavy surf pounded and it  
 was in no time before the plane was  
 pounded to pieces.

Woodley said that the flight to  
 Aniakchak crater had just been  
 completed and that they were on  
 their way back to Egegik when the  
 fire occurred. The plane landed  
 near Port Heiden.

Woodley is going out on the  
 Aleutian to New York City where  
 he will purchase a new plane. It  
 may be that he will fly it up to  
 Alaska himself and he will fly it  
 over the Inland route, which being  
 quite well established.

**THE WEATHER**  
 Seward and Fairbanks were the  
 only two points along the Alaska  
 Railroad reporting cloudy weather  
 this morning, Seward having a  
 South wind along with the over-  
 cast skies. All other points were  
 clear and calm. The temperatures  
 were Seward, 58, Tunnel 50, An-  
 chorage 70, Wasilla 62, Curry 60,  
 Broad Pass 55, Healy 57, Nenana 62,  
 Fairbanks 65.
