THE BENTLEY COMPANY, NEW YORK CITY.

**LOCAL ADDENDA.**

Mr. T. E. Wood, of the Lee County Courier, spent Tuesday and Wednesday in the city with the Marianna base ball team, and was a genial and pleasant caller at this office. Time is passing gently with Tom, and he grows younger and handsomer at each succeeding milepost.

Grandpa A. Stoniker, of Stoniker's Mill, was in town yesterday, gave us a pleasant call, and has our thanks for substantial favors. He was feeling a little lame, the effects of having plowed in the fields the day previous. We told him that we thought he had about served his time.

It has been said that it takes a rich man to draw a check; a horse to draw a cart; a pretty girl to draw attention; a toper to draw a cork; a free lunch to draw a crowd, and good groceries and prompt deliveries to draw trade. Try W. P. Evans, the High Price Grocer. He will fill your order for groceries all right.

Mr. R. L. Stockard left Tuesday morning for Wheelley to survey and lay out grounds and ditches for a rice field in that neighborhood. It has been demonstrated that rice can be successfully cultivated on the lands in that section, and we are glad to note that this new field of industry is being opened up in our county.

The teachers, pupils, their relatives and many friends of the Baptist Sabbath School, had a delightful picnic and outing on the banks of classic Crow Creek last Monday. Fishing, romping, swinging, games, an a sumptuous feast of goodies especially prepared for the occasion, were the features which made it particularly and altogether enjoyable. There was a large attendance and a successful termination.

The terms, for which they were elected, of Dr. J. O. Rush and Judge J. S. R. Cowan, as members of the School Board, expire this time, and their names will be presented to the voters to-morrow for re-election. The name of Mr. W. J. Lanier is also offered, and either two will fill the bill in a conscientious and capable manner to the very best of their ability. Take your choice.

Mr. G. M. Pettus, of Johnson township, was in the city Monday on business, and gave us a pleasant call. He informed us that considerable cotton is being plowed up and the ground replanted in his neighborhood, on account of unfavorable season. Also that he is very busy building bridges, working the roads, and farming. Mr. Pettus is a good, substantial citizen, and we appreciate his friendship.

Capt. Hart Evans was in the city Wednesday to attend the base ball game. While returning from the park with Miss Pearl Crippin, the horse he was driving became fractious and cut several capers, which frightened Miss Pearl, and she left the buggy safely. Passers by came to the Captain's assistance, when he too deserted the burning ship, and he and Miss Pearl finished their journey on foot, and "lived happy ever afterwards."

Master Denison Scott Nelson, son of Mr. Jesse Nelson, formerly of this county, now of Checotah, I. T., and who had been spending several months here with his uncle, Mr. J. L. Scott, and family, returned to his papa last week, and was accompanied by his Uncle Jim. Mr. Scott also went down to Denison, Texas, to visit relatives and friends, and was absent about ten days. He enjoyed his visit most thoroughly, and is again at his post at the store.

The oratorio Saul progresses. The rehearsals are held every night now. The principal soloists are Mrs. Chas. Sanders, Mrs. Henry Pettus, Miss Dorra Vadakin, Mrs. B. D. Hatcher, Mrs. Tudie Prude, Messrs. F. C. Neely, David Davis and Rev. S. H. Babcock. The musicians are taking much interest in the rehearsals, and their faithfulness is highly appreciated by the leaders, Mrs. John Gatling, who is pianist, and Mrs. Walter Gorman. The date has not yet been decided.

FOR SALE—80 acres of well-improved farming land, all in cultivation, located seven miles west of Forrest City, the county seat of St. Francis county, Arkansas, and three miles north of Palestine. Has four dwelling houses, barns, etc., and a very good orchard of apples, peaches, pears, grapes, etc. Also one-half interest in a good saw mill and cotton gin located on the place. For further particulars or other information, call on or address, A. SLONIKER, Palestine, Arkansas.

"There are some who are always driving success away from them, by their doubts, their fears, their lack of courage, their lack of confidence—driving it away by thought habits which repel success conditions. They never make themselves magnets to attract success, but keep so many enemies of achievement in their mind that there is no home in harmony there, no place for a strong purpose. They hold the failure thought, the poverty thought, instead of clinging to the success thought of abundance, until they attract achievement and plenty."

Mr. John C. Roever, of St. Louis, an uncle of Mrs. Tommie O'Brien and Miss Nellie Staats, spent Sunday here with his relatives. Mr. Tommie O'Brien took him around and showed him the city, with the result that he was completely captivated. Mr. Roever is in the wholesale and retail hay and grain business in St. Louis, and was in Memphis on business, when he thought he would pay his relatives this very pleasant visit. His first impressions of Arkansas as he rode through St. Francis bottom were very unfavorable, but when he had seen Forrest City, he was satisfied. He thinks our Souvenir a beauty and of great value to this county.

Mr. W. W. Bryan passed through the city Tuesday morning on his way home from St. Louis, where he left Roderick well, cheerful and contented in a tasteful room at 3022 Pine street, overlooking a pretty, grassy yard, shaded with lovely forest trees and dotted with flower beds of choice plants, and every convenience one could wish for to make them comfortable and satisfied. Roderick has great faith in his physician, and so has Mr. Bryan, for the Doctor promises to cure him entirely of spinal trouble. Will put him in a brace Thursday, and he does not confine him.

The electric fire alarm has been installed this week. On Wednesday, while adjusting same, the bell was rung quite a number of times, so that when a fire in fact did break out in the roof of the Rock Island old freight depot, and the alarm was rung, no person gave it heed, thinking that the operators were only experimenting as before. However, one of the Marianna base ball boys succeeded in reaching the blaze with a bucket of water, and extinguished it without further assistance. As an evidence of the unpopularity of this structure, a dozen voices in various parts of the public square were raised in a shout to "let it burn."

Electrician Covey has been making some timely and much needed improvement in the electric plant, the system and the park. He has been repairing the machinery and the building which were in a dilapidated condition. He has had the grass cut at the park and the trees whitewashed. He is also making an inspection of the wiring of each building and ascertaining the number of lights that are being used, and is comparing these with the number that is being paid for. He finds that a large number of lights and a quantity of water is being used that is not being paid for. Let the good work go on—Wynne Progress.

The Forrest City Ice and Power Company is building an addition to its plant in the north end, to be used for a steam laundry. We understand that this laundry plant will be first-class in every particular, and that family washing will be done by the pound. This is certainly an innovation, and a convenience which the housekeepers of this good town will hail with delight. The plant will give employment to about fifteen women, and altogether is a very valuable adjunct to Forrest City's enterprises. Mr. Trautshaw, of St. Louis, auditor of the Company, is here for ten days superintending the work. The laundry will be ready for work June 10th.

The Crowley Ridge Institute will close on Saturday, June 2, for the session. On Friday night, June 1st, the graduating class will have their commencement exercises at the opera house, to which all patrons and the public generally are cordially invited. The class is composed of the following pupils, who have acquitted themselves in a most creditable manner: Miss Madeline Rollwage, valedictorian; Miss Elizabeth Gatling, salutatorian; Misses Eula Hall, of Wheelley; Emma Jones, Eula Aldridge and Master Tommer Laughlinhouse. Handsome embossed programmes will be supplied from "The Times" printer, which excel anything of the kind ever turned out in this city. We congratulate the class upon their successful termination of the year's studies, and wish them the utmost success throughout their future life. Professor Nall is also to be congratulated upon his successful management.

**A Big Offer**

To All of Our Subscribers.

Read every word of this advertisement. It tells of the most wonderful Newspaper Combination Offer ever made in this or any other State. Don't miss it. Tell your neighbors about it, and help us to secure 5000 bona fide subscribers before January 1st, 1907.

The Cosmopolitan Magazine, 1.00  
Woman's Home Companion, 1.00

Total Publishers' Price, \$9.25

Most of these publications are so well known that comment is unnecessary. All of them are first-class, and thoroughly cover their respective fields. They are edited by able corps of writers, and are among the foremost publications in their class in America.

This is an unprecedented proposition, made possible by an exchange of advertising space for a large number of subscriptions to several of above publications, and clubbing concessions with the others. In other words we are donating advertising space for the benefit of our patrons, and are thus enabled to make this extraordinary offer to all who pay their subscription in advance. Don't wait! Take advantage of it now! Our contracts are limited, and you may never have this opportunity again. This advertisement may not appear again. Remember that this offer is made to all new subscribers, and all old ones who pay up all arrearages and one year in advance.

N. B. If you do not desire the Review of Reviews, Cosmopolitan and Woman's Home Companion, we will send you the other seven publications for only \$1.85. Can you beat this proposition?

**Beck's Times**

There was a regular baby show at E. R. Abels' residence on the 16th. The following is a list, giving names, ages and weights, which show a healthy condition of race promotion:

Mrs. Ferguson's baby, age 5 months, weight 18 pounds; Mrs. Pettit's baby, age 5 months, weight 18 pounds; Mrs. Boyce's baby, age 4 months, weight 20 pounds; Mrs. Bennett's baby, age 4 months, weight 19 pounds; Mrs. Abels' baby, age 2 months, weight 19 pounds. These are all natives of Beck's Spur, and are a healthy lot of youngsters.

Mr. E. R. Abel and Mr. J. E. Boyce have just returned from Little Rock where they had been on a visit to Mr. Dave Abel, who is attending school in that city. They found him in good health and spirits.
