Presiding Elder Z. T. Bennett, was in Marianna Monday.

A Country Kid at the opera house next Tuesday night.

The nominations for the various county offices seem to go a begging.

Laugh and grow fat by seeing the Country Kid at the opera house next Tuesday night.

A goodly number of patrons and invited guests enjoyed Thanksgiving dinner at the Marion Hotel.

Mr. Jack Casteel arrived in the city first of the week from an extended tour through Mississippi.

Mr. Kirke Becker went to Marianna Wednesday afternoon and attended the dance there that night.

Misses Ruth Hatcher and Frances Mann went to Marianna Wednesday to attend the dance given by the young folks.

Attention is directed to the For Sale Notice offering the launch Buster for sale. Read the ad and see Mr. S. P. McDaniel.

Mr. and Mrs. John Brady, of Sapulpa, Oklahoma, spent Tuesday night in the city, guests of their cousins, Dr. and Mrs. Merritt.

Messrs S. P. McDaniel, T. R. Hoshall, S. L. Hodges, Chas. Lewis and Lawrence Marshall, were guests at the Crescent Club for Thanksgiving.

A United States Department of Commerce and Labor, Fisheries Bureau private car was sidetracked here this morning from the Rock Island and transferred to the Iron Mountain tracks.

Mr. Lindsey Bridgforth, Miss Grace Jordan, Mr. and Mrs. S. H. Mann, Messrs Kirke Becker, W. Campbell, Tom Tarver and H. Heiman started for Memphis last night to see "The Gentleman from Mississippi," but were delayed in the bottom until after theater hours.

Mrs. Odell, of Washington, D. C., and Mrs. Taggart, of Indianapolis, Indiana, sisters of Mr. J. C. Bell, who had been spending the week here guests of Mr. and Mrs. Bell, returned to their home Monday. Mrs. Edna Belle Connors, of Nettleton, and Miss Fanny Wheeler, of Memphis, arrived last Thursday and Sunday respectively, and are also guests of Mr. and Mrs. Bell.

A great curiosity was on exhibition Saturday at Fussell-Graham-Alderson store. It was the antlers of probably the largest buck ever killed in the bottoms. It was a magnificent spread of nine times on each horn, many of them pointing downward, something unusual. The skin measured 7 feet. It was sent to Mr. Newman Laughinghouse by some unknown hunter. Mr. Laughinghouse presented it to his friend, Mr. J. S. Youmans, who will have it mounted.

Guard your kidneys: the health of the body depends on those small but important organs. They extract uric acid from the blood which if allowed to remain in the system would cause dropsy and Bright's disease. Prickly Ash Bitters is a successful kidney tonic; it heals and strengthens the kidneys, regulates the liver, stimulates the stomach and digestion, cleanses the bowels. It will prevent or cure Bright's disease. J. T. Sanders, special agent.

Don't do it.

Should you have a cough, cold or sore chest, do not rely on time and nature to cure. They may do so—they may not; Use Simmon's Cough Syrup. It is a balm for sore lungs and will cure you at once.

Fewer Studies in School.

Chicago, Nov. 22.—Mrs. Ella Flagg Young, superintendent of schools, has in mind plans for a radical change in the course of study in Chicago high school. Fewer studies and more time on each one is her aim.

To-day she announced her intention of applying the idea to the schools under her supervision.

"We are too extensive and not intensive enough," said she.

The curse of the modern educational system is its superficiality.

It tends too much toward a development of temporary prodigies.

There are children wrestling with the Gallic wars and with solid geometry that could not calculate the value of 81 dozen eggs at 191 cents a dozen, and that spell wagon with two g's.

It is not the fault of the pupil or the teacher, but of the system.

The essentials are hurried through, leaving in the pupil's mind but a smattering knowledge of the things that are of practical value, in the rush to get to the ornamental or the specialties that are not essential to every day life.

Mrs. Young has the right idea, and it is to be hoped her experiment proves successful.

Her greatest task will be to overcome the deep-seated prejudices in favor of the so-called higher learning, the strong meat for babes.

Less extensive and more intensive education—that is the idea—Arkansas Democrat.
