## Sulphurated Sea Salt.

People are aware of the benefits *SEA BATHS* impart to the human system, but as the masses of people do not live near sea shores to take *SEA WATER BATHS*, chemistry has come to the assistance and supplied the human family with those blessings that nature left undone.

### SULPHURATED SEA SALT

is a combination of natural healing properties to invigorate the system and for the *Relief and Cure of Rheumatism* its effect is equal to *Hot Sulphur Springs Baths*.

This *HYGIENIC SALT* offers many other advantages in its use, and should become a general household article. It is recommended by prominent specialists for the cure of *Itch, Prickly Heat* and all *Eruptions of the Skin and Scalp*. It has no equal in its general effect for strengthening the nerves and giving tone to the entire bodily structure.

Directions for Use on Every Package.
