8 p. m.—"The Modern Treatment
of Tuberculosis." Chairman, J. D.
S. Davis; Speakers, Dr. H. E.
Pressley and Dr. William H.
Wilder.

Today and Monday will close the tuberculosis exhibit in Birmingham, and while there are thousands of persons who have visited it during the last two weeks, there are many times the total number who have not yet seen it. Today is "public school day" and "police day," and a special invitation has been extended to everybody interested in the schools to visit the exhibit today. The teachers and pupils are particularly invited, while the addresses of the day will be by prominent educators.

Yesterday's programme was so varied that it brought out an extremely large number despite a few showers. It was mothers', printers', labor and laundry day, each of which was sufficient to attract a good crowd. At noon Director Routzahn visited the dining room of the Young Women's Christian association and delivered a short talk, urging their cooperation in the campaign against tuberculosis.

Suburbanites were very much in evidence yesterday, the municipal officials from the small towns just outside of Birmingham being among the visitors. Small towns throughout the state continue to take an active interest in this exhibit, quite a number of additional last day or two in regard to the form ing of societies there. One of these is East Tallassee, where a committee has been organized by S. T. Pauncey to carry on the work.

Tuscaloosa is also waking up to the situation, headquarters for the distribution of printed matter having been established at the Brigham drug store in that town. This printed matter is being sent out by the state board of health.

Several of the towns in Pickens coun the campaign there. The same condition Alabama Herald of Carrollton of societies in that district.

smooth working organization perfected within a few days.

Dr. W. M. Jordan presided and Drs. Dissemination of Tuberculosis,' at yesterday afternoon's session. Their remarks showed how the co-operation of the people and a common sense application of it was an absolute necessity. "Learn all John Leedy, C. F. DeBardeleben, W. C. S. Moise of the Central of Georgia of Saabout how to handle the disease while Adams, H. F. DeBardeleben, Walker their remarks.

A few remarks from the latter part G. B. McCormick, L. V. Clarke, E. T. of Dr. Casey's address, telling of how It is as follows:

"How does tuberculolsis spread? Two things are necessary, one is the seed, which is the tubercular bacillus, and the other is a suitable place for their lodgement and propagation and that suitable place is the human body in a lowered state of health? This may be acquired or we may inherit a weakness or predisposition. In other words we are not born with the disease, but we may be born with a weakness or condition which will cause us to fall a ready prey to the germs of the disease. How do these germs gain access to the human body? Are they carried there by the bite of some animal or some insect or do they take wings and fly? No, they can fly without wings. The air is the medium through which they pass, just as water is the medium for carrying the germ of typhoid fever and cholera. These diseases are said to be water born but consumption is air-born. The germs always come directly or indirectly from some one sick with the disease. The sputum or spit coughed up by a consumptive has millions of these germs and in this way the disease is disseminated and conveyed from the sick to

the well."

Selma, May 29.-(Special.)-Mrs. Minnie Roth dled at the home of her daughter, Mrs. Henry Franclich, at 9:30 tonight. She was the mother also of Mrs. Joe Paulovitch of this city and of John Roth of Birmingham and Phillip Roth of Montgomery. The deceased was the relict of John Roth, a well known citizen whose death occurred many years ago. Besides the children mentioned above Mrs. J. B. Webster of Mobile, a sister of Henry Franclich, was at the beside when the

WILLIAMS WINS ORATORY MEDAL

LARGE AUDIENCE HEARS SPEAK-ERS IN ORATORICAL CONTEST OF BIRMINGHAM TRAINING SCHOOL-PROGRAMME.

Marvin William Williams of Pope, Ala., won the medal at the Birmingham College Training school oratorical contest last night, having as his subject "The Defense of Armageddon." In spite of the inciemency of the weather a large audience attended the oratorical contest last night and a great deal of genuine enthusiasm was manifested. All of the speakers proved themselves to be orators of no little merit, but Mr. Williams was especially congratulated. Prof. Joel in a fitting speech, presented the medal. The judges were: Joel C. Dubose, Foster Gamble and T. A. Vann. A complete

PRATT CITY TO HAVE MONSTER REVIVAL

POLICE ON TRAIL OF MEN WHO ROBBED EAST THOMAS CHURCH CAPT. A. W. KEY IS SHOWING IMPROVEMENT.

A large revival meeting will be held in Pratt City beginning Sunday. The meeting will be led by the Rev. Dr. Armstrong, a well known evangelist of Kansas City. He will have as his assistant the Rev. Mr. Ireland, a noted song leader. The services will be held in the Methodist church until a suitable tent can be procured where they can be continued. The opening services will be held Sunday morning. The Rev. L. H. Jackson will assist in every possible way to make the revival a great success.

It is understood that preparations are being made to begin work in the mines in and around Pratt City next week. Unless something occurs to interfere, mines, washers and coke ovens will be running in full blast by June 15.

Capt. A. W. Key spent a quiet day yesterday and his condition is very much improved. His physicians now feel sure that he will be able to attend the reunion and lend his genial spirits toward making it a success.

It is understood that the police have discovered a clue as to the whereabouts of the men who desecrated and robbed the Catholic church at East Thomas Wednesday night, and are practically certain to apprehend the criminals in a few hours. Intense indignation has been created in Pratt City and elsewhere by the church robbery, and every effort is being made to land the guilty ones behind the bars. It is understood that Father Canepa will report the outrage to Bishop Allen immediately and that official action will be taken in regard to the matter. Bishop Allen will be in

Birmingham today. J. D. Hanby, who is in Montgomery attending the hardware convention, is expected home Saturday. Mrs. Hanby, who accompanied him, will probably remain in Montgomery several days visiting friends

and relatives. At a meeting of the Pratt City school board the following teachers were elected for the ensuing year: C. J. Ussery, principle of High school, and Misses Gussie Lee, Carrie Cockrell, Laura Hunt, Ella McRee, Claude Wood, Mabel White, Louise Mizelle, Lois McKenzie, Louise DeLacey, Maud Holston, Annie Baker, Bertie Hinds, Mabel Watts, Sallie Langs-
