

DYSPEPSIA

"Having taken your wonderful 'Cascarets' for three months and being entirely cured of stomach catarrh and dyspepsia, I think a word of praise is due to 'Cascarets' for their wonderful composition. I have taken numerous other so-called remedies but without avail, and I find that Cascarets relieve more in a day than all the others I have taken would in a year."

An Electric Rat Killer.

An electric rat killer is the latest means designed for slaughtering rodents. Recently it was tried in Trieste, France, and it is claimed that it produced good results.

The "killer" is made so that it can be lowered into drains and other infested places. It consists of a shallow tray, with a bottom lined with closely spaced metal points, alternately connected to the positive and negative terminals of a high tension electric circuit. The animals are promptly electrocuted as they step on the points in attempting to reach the bait. The apparatus destroys only rats and similar vermin, and it is affirmed that there is no risk to cats and other domestic animals.

Flattering Senes.

When Grover Cleveland's son Richard was born, his good friend, Joseph Jefferson, drove over to Gray Gables to congratulate the father.

"How many pounds does the child weigh?" asked the noted actor.

"Fifteen," was the reply.

"Nine," said the attending physician, who had just come in.

Mr. Cleveland assured the doctor that he must be mistaken. "The child weighs fifteen pounds," said he; "I weighed him myself with the scales Joe and I use when we go fishing."—Success Magazine.

Anything to Oblige Him.

"Herbert," said the stern father, "I suppose you are going to marry that doll-faced, wasp-waisted, pink-cheeked, simpering, giggling, gum-chewing, poverty-stricken little Miss Wredlip."

"No, father," answered the dutiful son; "if you prefer it I will marry that long, lean, freckle-faced, sharp-chinned, goggle-eyed, solemn, austere, raucous-voiced, vinegary, suspicious, blue-nosed, lantern-jawed, prim, rich old Miss Alkyone."

"You shan't!" roared the indignant old gentleman. "You're not half good enough for her!"

Thus a soft answer may turn away a hard fate.—Chicago Tribune.

Insulted Him.

An extremely learned young lady, while reading her book, had fallen off a sharp cliff and lay injured and helpless on the sands below. Finally, in answer to her cries, she saw the form of a fisherman advancing cautiously over the cliff, with a rope in his hand, to her rescue. She clasped her hands and exclaimed fervently:

"At last some succor has arrived!"

The fisherman turned and eyed her indignantly for a moment and then yelled down to her:

"It's a sucker I am, is it Well, you can stay just where you are!"—Judge's Library.

The Servant Problem Again.

"Did you hear that Mrs. Skiddoo caught her husband flirting with that pretty cook she engaged a month ago?"

"Is it possible?"

"It is, indeed. She was terribly upset by it."

"I should imagine she would be. Did she send the cook away?"

"Why, no. She sent her husband away."—Judge.

Overcomes Loss of Nervous Force in Men and Women

Men and women who are nervous wrecks, who lack energy and ambition, who suffer with nervousness, dread, anxiety and a general inability to be happy or to act naturally and rationally at all times, may try this treatment with a certainty of astonishing results.

The ingredients can be obtained separately at all well stocked drug stores.

At any leading drug store get three ounces syrup sarsaparilla compound in a half-pint bottle. Get one ounce each of the following in separate packages: Compound fluid balmwort, compound essence cardol, and tincture cadomene compound (not cardamom). Add balmwort to sarsaparilla; let stand two hours, then add other two, shake well and take a teaspoonful after each meal and one at retiring.

Sat on the Salmon.

Mr. and Mrs. Gross had a funny experience with an eight-pound salmon at Green lake recently. After being hooked the salmon jumped right into the arms of Mrs. Gross and slid through to the bottom of the boat. Mrs. Gross promptly sat on the fish and made good its capture.—Montreal Herald.

Objection Overruled.

"Colonel, we want a contribution from you to help build a mission church."

"Judge, you know well enough that while I am in sympathy with morality and religion I don't believe in churches in the abstract, and—"

"Neither do I, colonel. We're going to build this one of concrete."—Chicago Tribune.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."

Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. D. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments."

Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency and merits."

Dr. Norman M. Gear, of Cleveland, Ohio, says: "During the last twelve years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the ease with which such a pleasant preparation can be administered is a great advantage."
