

Holbrook Happenings

From the Holbrook Argus.

A corporation under the title of The Holbrook Irrigation and Power Company was formed here this week by William R. Scorse and Henry Kempnich, other local parties being interested in the company, also. It is the purpose of the firm to develop and dispose of the water from the Little Colorado River, the same to be divested at a point a few miles east of Holbrook. They also expect to be in a position to furnish power for side enterprises. The men behind the company is a sufficient guarantee of its standing and usefulness to this community. Work is expected to commence immediately.

Fully nine out of ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp or chronic rheumatism neither of which require any internal treatment. Sheriff Woods has been summoned to appear before Judge Doe at Prescott on the second of March with Charles F. Nugent a writ of habeas corpus, having been secured by the attorneys for the defendant, who was bound over to the grand jury on a charge of assault and battery with intent to kill. The affair occurred in Winslow some little time ago.

Several local Elks were present at the initiation at Winslow Thursday evening when a large bunch of candidates gathered into that herd.

Ed Howell and family were here a day this week visiting with Mrs. Margaret Smith and family.

Edward Payson Weston, the noted pedestrian of seventy-three summers, and as many winters, whose feats of transcontinental journeys have not yet been surpassed by any individual of the entire world, honored Holbrook with his presence Monday night. He arrived here early in the evening having come from Sunshine Arizona a distance of nearly fifty miles. During the day a slight accident occurred to him whereby his knee was injured, causing a perceptible limp. He left here on Tuesday morning, making Navajo, forty miles east of here. Mr. Weston is in perfect health and from the latest reports is still a few days ahead of his schedule. There are five in his party, the other four, however, they do not do walking act, but are conveyed by the trains and motor cars.

Tuesday being a holiday the local banks were closed.

George W. Hennessey spent the week in Adamana, where he went to look after business interests.

Messrs Patten, Perkins and Saunders, who have been running the preliminary lines for the large ditches of the irrigation company of St. Johns, arrived here Saturday, having nearly completed their initial work. One ditch will be eighty miles in length.

Nature's Gift from the Sunny South

What "Marion Harland" Thinks of "Nature's Gift From The Sunny South"

New York, December 15, 1906

The N. K. Fairbank Company,
Dear Sirs:

Many years ago I discontinued the use of lard in my kitchen and substituted for it as an experiment - COTTOLENE, then comparatively a new product.

Since my first trial of it I can truly say that it has given complete satisfaction, whether it is used alone, as 'shortening', or in combination with butter in pastry, biscuits etc., or in frying; it has never disappointed me.

I wish it were in my power to install this pure vegetable product in the esteem of my fellow housewives in place of the gross, and often diseased, animal fats.

I rarely recommend any proprietary article in print, however good I may think it, but after many years use has proved to my household and myself the excellence of COTTOLENE, I feel justified in departing from the self-imposed rule. I honestly believe it to be the very best thing of its kind ever offered to the American housekeeper, and I am glad of the opportunity to make my conviction public.

Yours truly,

Marion Harland

NOTE—"MARION HARLAND" is well known as one of the foremost cooking experts in the United States. She is the author of the famous "Marion Harland Cook Book," and her articles on culinary subjects are widely read and highly prized. Her high standing and long experience with COTTOLENE make this endorsement particularly strong and convincing, and it is doubly gratifying because of the fact that it came entirely unsolicited.
