Payson News.

Everybody is glad that election is over, although some disappointment over the result is felt.

Old hats have been discarded and nearly every one is sporting a stetson. August Peiper can sport a new one for each month in the year. Good judgment caused him to bet on McKinley.

Eighty-nine votes were cast in Payson, the same number as in '98.

Two fights took place in Payson, but officers were present and the battles were not finished.

Lee Cutbush was arrested Tuesday charged with grand larceny of horses belonging to J. H. Fuller. He was taken to Pine for examination and finally discharged, there being no evidence against him.

George W. Bonaeker, who has been absent from this section, traveling over the United States for the past two years, came in on the stage Thursday evening.

Supervisor-elect M. J. Fuller passed through Payson Friday on his way home.

The dances Tuesday and Wednesday evenings were very well attended.

Dr. Maisch passed through here on a sick call to Tonto on Friday. The doctor is kept busy these days between Lower Tonto and Strawberry.

Charles Chilson went south as far as Salt river Saturday in company with J. B. Armer.

Joe Gibson went south with the mail Wednesday.

Thursday night's mail brought in good democratic news of the county with indications of the election of Smith, which gladdened the hearts of life-long democrats, but when Saturday's mail brought the news of McKinley's re-election as president of the United States the republicans showed appreciation of such fact by heavy discharges of giant.

Paysonites amuse themselves since the election canning stray dogs.

Mrs. H. Q. Robertson is down from Pine visiting friends.

James Moore was in town today (Sunday).

Wm. Craig was in town today preparing to go out to do assessment work for the year 1900.

Several parties will start Monday for the Mogollon mountain, hunting.

Tonto Topics.

Mrs. D. Crabtree died at Cline on Nov. 9. Deceased, who was formerly Miss Guest, came to this county from Kansas about four years ago, to recover her health, which improved considerably, and she taught school at Cline for two years. Thinking she was well, she went back to Kansas, but soon returned and her health has been failing ever since.

Mr. Hotson from Mesa, arrived here Wednesday night on a flying trip to Pine, to see Miss Fuller, who was very ill and her life despaired of. We learn from Dr. Maisch, who attended Miss Fuller, and returned from Pine Friday night, that she and several others who were sick were very much improved when he left there.

Dr. Maisch, who came down to attend old Mr. Carter, returned Sunday morning to Pine. The doctor was anxious to get back to Strawberry as his Strawberry blonde was not very well.

Three Tonto Basin cowboys had an exciting and unpleasant experience with a mountain lion on October 29. George Hubbard, A. C. Harer and Hardie Schell were riding after cattle on Hubbard's knoll in Salome, when they discovered a mountain lion. Hardie was the only one of the party who had a gun, and as luck would have it, he had only one cartridge. Nevertheless, Hardie determined to give the lion the best he had, and fired from a distance of 180 yards, shooting the lion through the neck. The boys rushed upon the fallen beast thinking he was dead, but as they reached him the lion raised ready for a fight. Hardie knocked him down with his gun, but the now desperate animal came again and viciously attacked Hubbard. The latter caught the lion by the throat and front feet, while Hardie caught the hind feet and stretched him out, Abbey doing good execution with his knife, by cutting the lion's throat. He measured nine feet, ten

inches in length. Hubbard is severely scratched and received a bad bite on his left arm. Abbey says it was fortunate a powerful man like Hubbard was at hand, else they would have gotten the worst of it.

Resolutions of Condolence.

We, your committee, appointed to draft resolutions of condolence on the death of Brother Thos. Laird, respectfully submit the following:

Whereas, The Supreme Ruler of the Universe, to Whose will we humbly bow, has, in His infinite wisdom seen fit to call home our beloved brother, Thos. Laird.

Resolved, That by his death Globe Miners' Union No. 40 has sustained an irreparable loss, in that he was a tried and devoted member of our union.

Resolved, That we, the members of Globe Miners' Union No. 40, hereby express our heartfelt sympathy and condolence to the relatives and friends in this their hour of bereavement; and be it further

Resolved, That our charter be draped in mourning for thirty days, and that these resolutions of sympathy be published in our local papers and spread on the records of our union.

Large Consumption of Copper.

Messrs. D. Houston & Co., metal brokers, New York, in their monthly market letter, say: The continued large demand for lake copper has been a feature of the situation, which would seem to indicate the manufacture of a great deal of brass even though the brass association was dissolved Oct. 1. Consumers are not carrying the customary stocks of ordinary times, and must therefore enter the market for new supplies on a generous scale at no very distant date. With so many producers well sold up for the balance of the year, the quantity of available copper supply is more concentrated and there are no weak holdings apparent anywhere. The continued consumption of England and France for the nine months ending Sept. 30, 1900, is returned at 208,638,400 pounds, or an average per month of 22,626,488 pounds, as compared with an average per month for the first nine months of 1899 of 20,558,364 pounds. The increased consumption of these two countries this year is therefore at the rate of 5,068,124 pounds per month over last year. Germany is also using up much more copper than last year. During the first eight months of this year Germany consumed 117,167,680 pounds of imported copper, exclusive of pyrites, according to official returns. The German returns for the same period in 1899 were 91,362,880 pounds; the increase in Germany this year is consequently 25,804,800 pounds.

Degree of Pocahontas Entertainment.

A most enjoyable whist party was given by the members of Wagonwheel Council, No. 1, D. of P., last Friday night in Odd Fellows hall. Progressive whist was the order of the evening, although other games were indulged in at the pleasure of the guests.

There were several contestants entitled to the prizes, making a drawing by lots necessary in each instance. The ladies' first prize was awarded to Mrs. B. C. Fox, a handsome set of memorandum books; consolation prize to Miss Trevillian, an egg beater, with the suggestion that if she cannot beat at cards, she can beat eggs.

The first prize for gentleman went to Herbert Fox, a fine deck of cards; consolation prize to Mr. Goodwin, a shoe brush. Bob says he can shine his shoes if he can't shine at whist.

A musical programme was rendered during the serving of refreshments and the thanks of the Council are due to Messrs. Morris and Clavis, and Misses Heath and Robinson for this pleasing feature of the evening's entertainment. Lunch being over a few dances were indulged in by the young people.

The entertainment was given for the benefit of the Galveston flood sufferers, and \$30 was realized.

Globe Miners Union have purchased a plot of ground from G. S. Van Wageningen, fronting on Broad street, northwest of the bridge, on which they will erect a large two-story brick building. The upper floor will be for the use of the union, and the ground floor for business purposes. It will be a substantial improvement and will enhance the value of adjacent property.

A select grand ratification baile was given by the successful democratic candidates at 1003 Sand avenue last Saturday night. It was an invitation affair, and a hot time that almost burned the rafters was had. Refreshments consisting of mescal, blue vitriol, red fire, frijoles, tamales, enchiladas, cable con carne and other cooking refreshments were served. "La Paloma," "Viva La Diaz," Bryan and McKinley and the democratic party were sung by the young ladies' quintette, accompanied by mandolins and guitars. Home Sweet Home was played at three o'clock and, guided by an immense search light, all wended their ways home as best they could, and the sand was lapsed into its usual normal condition of innocuous desuetude until two years hence, when it will again spring into life and the glad hand be given to the naturalized emigre and the senoras and senoritas be won with a smile and the muchachos and ninas with capdy.

The first brigade mess was given last night after drill when 25 boys were present. Twenty members made their maiden speeches. The address of welcome was given by J. Watts; toast followed to Capt. Trevillian, by Mr. Eastman; to President McKinley, by G. Frederic; to Mr. Bryan, by G. Graydon; and to the soldiers, by N. North; to the ladies, by H. Fauli. The captain responded in well chosen words explaining that obedience to commands and rules is the secret to success. It is found necessary to explain that the brigade has no connection whatever with the U. S. volunteers, militia or university. It is a local organization governed by its own members, with objects to inculcate order and obedience.

Theodore Crandall spent several days here during the past week, returning to Dripping Springs on Tuesday. He owns two claims in the group which is attracting much attention on account of the rich gold discovery. Mr. Hill, of the Ray company, entered into a verbal agreement to bond ten claims, and the papers have probably been signed "ere this.

A basket picnic has been arranged for Saturday, Nov. 24th, from 10 a. m. to 4 p. m., near the residence of Mrs. Trevillian, in connection with St. John's church. There will be a reunion of the Sunday school, Willing Workers, Altar Guild, Ladies' Guild and Boys' brigade. There will be sports and games. All friends are invited. Mr. Eastman hopes that this opportunity will be taken by many for becoming better acquainted.

Building Fund Entertainment.

The third and fourth building fund entertainments will be given by the ladies of St. John's Guild, at Odd Fellows hall, December 14 and 15. Interesting programmes have been arranged for both evenings. A bazaar and New England supper are features of the first day—an old-time entertainment will begin at 8 p. m. A comedy entitled "A Perplexing Situation" will be given the second evening.

Another breakdown in the machinery in the Ray mill occurred Saturday, but the machinist soon repaired the damage and the mill is running again. There is ore enough on the dump at the mill to keep the latter running while the new machinery is being installed. It is probable that the mill will be kept running till all this ore shall have been put through.—Blade.

THE LATE NEWS.

Ready for the Congressional Reapportionment.

A QUEEN'S JEWELS RECOVERED.

Senator Davis of Minnesota Doomed. The Southern Pacific Has Gained Control of Pacific Mail. Bryan Undisturbed by Defeat.

NO CHANGES IN CABINET.

WASHINGTON, Nov. 13.—President McKinley today announced clearly and forcefully to the members of his cabinet his desire they all remain with him for the four years of his coming administration. His wishes were made known in an extended speech at the cabinet meeting in the White House today. Responses were made by all the members present, and while there were no definite pledges from any of them that they would accept the portfolios thus tendered afresh, there was, on the other hand, no definite declination.

Today's proceedings set forth the wishes of the president in the matter, and to relieve the members of the cabinet of the customary obligation of tendering their resignation at the end of the term, unless they made an irrevocable decision that it will be impossible for them to continue in office. It also sets at rest speculation and state making of the country's political prophets.

S. P. CONTROLS PACIFIC MAIL.

NEW YORK, Nov. 11.—The board of directors of the Southern Pacific railroad company at a special meeting today approved through Speyer & Co. of a controlling interest in the Pacific Mail Steamship company and accepted the proposition of Speyer & Co. to purchase \$10,000,000 four and a half per cent gold bonds of the Southern Pacific secured by control of the Pacific Mail and by stocks and bonds of other companies.

TO DISFRANCHISE THE NEGRO.

ATLANTA, Ga., Nov. 13.—A bill to disfranchise the negro was introduced in the lower house today. A similar one was introduced at the last session and defeated.

MILL DESTROYED.

FORT WORTH, Tex., Nov. 13.—A fire destroyed the Wichita Falls mills and elevator. Over 200,000 bushels of wheat were burned. The loss was \$140,000.

ATTACKED BY BURGLAR.

CHICAGO, Nov. 13.—A negro forced his way into the apartments of Mrs. Orrin W. Potter, wife of a millionaire steel man, in their home at 1300 Lake Shore Drive, at 1 o'clock this morning, and when discovered in the act of applying a sponge saturated with chloroform to the nostrils of his victim, struck her a fierce blow on the head with a slung-shot. The shock rendered Mrs. Potter unconscious, and the doctors fear she may not recover. Just before being struck, Mrs. Potter roused the household with a shrill cry. Mr. Potter's daughters fled into the street and called for help. The robber escaped.

Last April a burglar secured \$18,000 worth of diamonds and jewelry from this home.

QUEEN CHARLOTTE'S JEWELS.

NEW YORK, Nov. 13.—Two Mexicans who gave their names as Volo M. Preza and Alejandro A. Maroucci were arrested yesterday for smuggling into this country part of the jewels worn by Carlota, widow of Emperor Maximilian of Mexico.

The jewels in the men's possession are said to be worth \$75,000. At the station the men protested against their arrest, but were held notwithstanding. The packages were opened, and in one was found two diamond rings, the stones being single diamonds set in plain gold and said to be worth \$18,000 a piece. The other package contained a diamond pendant which is said to have been formerly worn by Queen Carlota, suspended from a necklace. The pendant consists of a large diamond set around with eighteen smaller stones and two smaller stones hanging beneath. The stone in the center is said to be a famous diamond. It is of 39 karat flawless, and the pendant is said to be worth \$40,000. The jewels were turned over to Agent Theodore. The men were arraigned before Commissioner Shields and were held in bail of \$5,000, and their examination is set for Nov. 17th.

The jewels were in a red leather case, and in the case was a piece of paper on which was written in English: "Diamond necklace is from Maximilian's crown, 1860." The center stone is 33.7 karats, and none of the eighteen surrounding ones less than one karat. The stone in one of the diamond rings seized was in Maximilian's ring at the time he was shot.

The development of artesian water in the Gila valley, in the vicinity of Sanford, continues to grow in importance. There are upwards of 35 wells from which the flow aggregates 46,000 cubic feet of water—more than the volume in the Gila river.

CANVASS OF KENTUCKY'S VOTE.
