WILL EXAMINE OFFICE.

Statesman Rowe is doing valiant service for Secretary Stodard, as against working for the interests of the taxpayers of the territory, in his efforts to prevent the fees received from filing claims of incorporation going into the treasury, instead of enriching a single individual. He invoked the gag rule to prevent the minority report of the committee being read, and his actions throughout have been in direct opposition to the democratic platform. Mr. Rowe is a demagogue, and the question of his violation of democratic pledges is a subject for his own conscience, and the party he represents, although the entire territory has a direct interest in the matter. If the \$50,000 or more returned from these fees could be placed into the territorial treasury every year it would make a sum sufficient to relieve the people of the territory.

The legislature does not seem inclined to be willing to blindly follow the leadership of Mr. Rowe on this subject, as, immediately upon his resigning the majority of the committee from reading its report, the following resolution was adopted: "Resolved, That the speaker of this house appoint a committee, of five members of this house, of the speaker shall be the chairman, to examine the report of Isaac T. Stodard, secretary of the territory, transmitted to this house by the Governor, relative to the collection of such duty, and the committee is hereby empowered to send for books, papers and persons, and administer oaths and examine witnesses under oath, and report the result of such examination and investigation to this house."

An article appeared on Saturday in the Journal-Miner in reference to the department troubles, which was construed as a reflection on the old city council, although the language is not capable of such a construction. Speaking of the department Mayor Burmister says that the department never made a demand for a report on the part of the city council which was not granted. Now how was it that they are hereby required to take notice. Given under my hand and seal of the United States at Washington, the second day of March, nineteen hundred three.

Our startling contemporary this morning refers to the Los Angeles office of the Journal-Miner. Will it kindly explain its meaning in this connection. The newspaper in question was not aware that it had a "Los Angeles office."

The editor of the Tucson Citizen is elated over the prospect of the return of the nurse in the Children's Home for men. The aforementioned editor hastened the event by adopting the name of Mrs. Gray, a prominent merchant of Tucson, as the name of the nurse. This was done successfully with a remedy, now proposed and placed in the drug stores, called "Mother Gray's Sweet Powders." This remedy is a most wonderful cure for all ailments of the bowels, is harmless to children, and never fails. It is a certain cure for feverishness, colic, diarrhoea, teething, and stomach troubles, and is sold in all drug stores. Sample sent FREE. Address: Mrs. Gray, Tucson, Arizona.

A frightened Horse.

Running like mad down the street jumping the occupants, or a head first over the fence, is the story of a horse that has been so frightened by a man that he will never be able to have a reliable salve handy and there is none as good as Bucklen's Arnica Salve. Burns, cuts, scalds, and all sores disappear quickly under its soothing effect. 25c at all druggists.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is lost. It is a good idea to get a bottle of Dr. King's New Life Pills for dyspepsia, indigestion, headache, liver or bowel troubles, and a cure yet without any other medicine.

TREATY RATIFIED.

Wolley's Incubation—genuine and good just received direct from Mr. Wolley by Brisley Drug Co. 143st.

Rome, March 2.—The struggle to obtain seats for tomorrow's ceremonies at the Vatican has just been won by the speaker of the house, and the speaker shall be the chairman, to examine the report of Isaac T. Stodard, secretary of the territory, transmitted to this house by the Governor, relative to the collection of such duty, and the committee is hereby empowered to send for books, papers and persons, and administer oaths and examine witnesses under oath, and report the result of such examination and investigation to this house."

San Salvador, yesterday handed over the presidency to Gen. Pedro Escalon, who was declared elected on February 23. This was the first peaceful transfer of the presidency in the history of the republic, and has caused great rejoicing throughout all of Salvador.

Dover, Del., March 2.—The Delaware legislature this afternoon elected the deadlock by electing State Senator Frank Lohr, Union republican to the long term of the senatorship, which expires in 1907, and Congressman Lewis H. Ball, regular republican to the short term which expires in 1905. The result is regarded here as an Antislavery victory.

Washington, Ind., March 2.—Train wreckers, in the head that the Courier came and went at it, when the facts are that few issues of the Journal-Miner have been devoted of an uncalculated dig at this paper since the late Clark Churchill bought the Journal-Miner in 1897, and he has been a member of the editorial staff ever since.

General Knox, on leaving the cabinet, yesterday announced that he had received from the Panama canal company its acceptance of the proposal which was recently made with respect to the extension of the option on the company's property held by this government. The option can now be kept alive until the ratification of the pending treaty.

Toledo, Ohio, March 2.—Special from Northwestern Ohio show the local situation very serious. In many towns the streets are flooded, people are forced to move out and railway traffic is badly crippled. At Findlay, Kan. a mob was drowned in the street by breaking through the sidewalk.

PRESCOTT HEAD OF LIST

Some Interesting Statistics Gleaned From Reports of Postoffice Auditor.

It Shows Where the Center of Territorial Progress and Prosperity Are Located.

One of the surest methods to determine the volume of business transacted by any town or village is to estimate the position it occupies in the public thought is by the business that is transacted through the postoffice. In this respect the report of the auditor of the postoffice department at Washington, on the amount of business transacted by the three largest offices in Arizona, which has just been received by Postmaster A. L. Smith, of Prescott, is very gratifying.

The figures are as follows: Beginning July 1, 1900, and ending July 1, 1902, the gross receipts at the office at Phoenix were: For 1901, \$24,638.37; for 1902, \$29,804.52, or a gain of 9 per cent. For the same period at Prescott, the gross receipts were: For 1901, \$16,670.01; for 1902, \$18,700.19, or a gain of 12 per cent. At Prescott, the receipts were: For 1901, \$10,207.68; for 1902, \$11,529.15, or a gain of 20 per cent. These gains are for the fiscal year, but the gain for Prescott for the calendar year of 1902 makes even a far larger showing than that for the fiscal year, owing to the great progress that this section has made during the past eight or ten months. The calendar year's business by quarters as follows: For the year 1901, first quarter showed receipts amounting to \$2,878.57; second quarter, \$2,881.97; third quarter, \$2,904.51; fourth quarter, \$3,547.96. For the calendar year 1902 the receipts were: First quarter \$3,590.88; second quarter, \$4,808.93; third quarter, \$4,432.24; fourth quarter, \$4,892.33, making a total of \$16,664.44, a gain of 38 per cent over the calendar year 1901.

Should this gain keep up two or three years more Prescott will be second if not first on the list in Arizona. As it is the figures are very significant, and shows beyond the question of a doubt that Prescott and the surrounding country is going ahead with greater strides than any other section in the southwest.

PRESCOTT'S FIRE DEPARTMENT.

Mayor Burke has addressed the following communication to the chief of the fire department in Prescott, which will appear in this issue of the Journal-Miner:

"Chief of the Prescott Fire Department, City: Will you kindly request the foremen of the hose companies and also the foremen of the hook and ladder company under your jurisdiction to furnish through your office for the fire department, the following list of their present respective equipment. And also a memorandum of the requirements of the respective companies to more fully equip for efficient work in case of necessity.

Very respectfully,
Dennis A. Burke, Mayor."

The fire department of this city has been sadly neglected for the past two years, it being impossible to get the companies together or to get anything for the men to work with. The matter has reached a point of almost irreparable emergency, and the interests of the city cannot be properly protected with a demoralized fire department which has no equipment for fighting fire, and the first thing any body knows, if something is not done, the insurance companies will be taking the matter up and are liable to raise the insurance rates.

The action of the mayor is along the right line and should be followed up by vigorous action on the part of all who have any authority to help improve the fire department. No indignity in the city is more deserving of the undivided support and help of every citizen and officer than the fire department, and the men who risk their lives to save the property of others should be given every consideration possible. The Journal-Miner, hopes the mayor and council will work in harmony in this matter and act at once.
