The Miners' War.
In our article of Saturday concerning the row over the Phoenix mine the fact that Deputy Sheriff P. T. Trott was the immediate means of preventing serious consequences was inadvertently overlooked by our informant in the matter. The constable who had climbed into his wagon at the invitation of Frank Wells, it seems, took place some four miles this side of the mine, where Sheriff Trott had halted the posse and was endeavoring to persuade them not to go up to the mine. They went up, however, to within a short distance of the mine, followed by Deputy Sheriff Trott and those accompanying him. When they halted, and had gotten out of their wagons, Deputy Sheriff Trott endeavored to persuade them from the unlawful course they were pursuing, and as they persisted in the matter, he finally firmly informed them that he was there as an officer of the law to preserve the peace, and would shoot the first man who should make a move to trespass in this respect. His firmness and determination in the matter caused the delinquents to change their ideas somewhat when they crawled into their wagons and returned home.

WASHINGTON DESERTED.
WASHINGTON, March 28.—H. M. Newmark of Los Angeles is being urged by Gen. Rosecrans, Senators Vest and Cockrell, with Missouri, Colorado and California delegations as general inspector of Indian agents. The city is comparatively empty. The policy of the new administration has driven the leading Democrats away, so much so that the departments find an insufficiency of well-endorsed candidates to fill the vacancies caused by resignations and expiration of terms. Heads of departments have already begun to call on the remaining representative Democrats to assist in providing reliable Democrats to fill the vacancies in various parts of the country.

A SHOOT POSTPONED.
NEW YORK, March 28.—The council of the national rifle association of Great Britain has decided that in consequence of the very unsettled state of affairs in England they are not justified in accepting the challenge of the national rifle association of the United States of America to an international contest in 1885 at Creedmoor.

DISAPPOINTED MORMONS.
SALT LAKE, March 27.—The sentiment among the Mormons regarding the decision of the United States supreme court in the election cases is one of disappointment. While the test oath prescribed by the commission was invalid, they state the court went out of its way to practically declare the Edmunds act valid when the point was not necessarily before it. The ruling that the inhabitants are under the sovereign control of congress is viewed with regret, and is generally considered as a position more opposed to a republican form of government than any ever yet given. The Mormons feel that they are being unjustly dealt with.

CINCINNATI AFTER BEEP.
ST. LOUIS, March 26.—A dispatch from Waco, Texas, says an effort will be made to divert the cattle trade of Texas from St. Louis to Cincinnati. The gentlemen who are interested in the Texas narrow gauge railroads have joined with other men of Cincinnati to run Texas cattle over the narrow gauge, getting low...
