Arrangements have been made for a masquerade ball to be given in Holbrook on Thanksgiving night, Nov. 27th. Good music and best of management. Those who attend are assured of courteous treatment and a good time.

The unofficial returns from Heber and Pinedale show the latter precinct to be decidedly democratic but not changing the results as published last week. The supervisors elected are Creswell and Fliedinger, the former receiving the largest number of votes will be the hold-over member.

F. M. Zuck has been spending the week at Phoenix, as a delegate to the Masonic grand lodge. As we go to press we learn that Mr. Zuck has been elected Grand Master for Arizona, and we wish to congratulate him on his election to such an important position, and we also consider this quite an honor to Navajocounty.

We had the pleasure last Monday evening of attending a meeting of Mountain Lodge No. 15, Knights of Pythias, at Flagstaff. After a short but very instructive meeting in the lodge room, the members and invited guests repaired to the Hotel Weatherford where an elegant banquet was served in honor of Grand Chancellor Aitken, of the domain of Arizona. We enjoyed the entertainment very much. The Flagstaff boys are royal enterers and we feel greatly indebted to them for the treat. F. P. Crist, who, by the way, at one time held the position of grand chancellor of the territory, was in attendance from here.

King of Tramps.

Mr. Oliver Bainbridge, of London, England, who has won for himself the title "king of tramps," spent Wednesday in Holbrook, visiting the school talking and sketching to the children, meeting and yarning with everybody in town and picking up many interesting facts. In the evening he spoke in the school room, by special request, to a fair sized audience who were much pleased with the excellent entertainment he provided. Mr. Bainbridge has spent the last six years and four months wandering round the world, and during that time has walked some 40,000 miles. His experiences are marvelous—shot and arrested as a spy in Turkey, lost in India, shot in New Zealand, imprisoned in Russia, shipwrecked, etc. He carries documents from the greatest people of the day and the mayors of each city he has visited, proving his genuineness. He is a first-class artist, newspaperman, poet, author, and a fine musician. He has been accompanied by his wife, a bright little woman, the past two years, and the couple are now going east and expect to reach their home in England some time next year.

Snowflake.

Mr. J. R. Hulet was up this week.

School is expected to reopen on the 17th. It has been closed six weeks.

The weather is turning cold and all the potato and fruit crops are being gathered.

Election day passed by rather quietly. The precinct officers elected were Joseph W. Smith, Justice of the Peace and Jas. W. Pearce, Constable.

Dr. Reed returned to Holbrook on Monday. He has made a good record while here, and we feel that he is a very conscientious and painstaking doctor.

The quarantine has been lifted on the town. There are only four cases reported which are quarantined in two places. They are all improving and will be released in a few days.

Apostle Hiram M. Smith and Pres. J. G. Kimball of the L. D. S. Church arrived here on the 7th but owing to sickness the conference has been postponed. They left Wednesday morning.

A dance was given in the hall Friday night.

There is quite an increase of scholars in the school this week.

The Woodruff choir will give an entertainment on the 21st to collect means for a new organ.

John Calvin and family have returned from the Gila, accompanied by his brother and sister.

Elmer Gardner starts for Thatcher in a few days, in answer to a call to attend the Academy.

We are glad to see enterprise. Wm. DeWitt has been putting up an adobe building on his lot by the old Tyler building.

Taylor.

By the appearance of things Wednesday it would make one think that winter had set in.

P. L. Stevenson was in from Keams Canyon this week, looking after some business matters.

Apostle Hiram M. Smith and J. Golden Kimball, of Salt Lake City, addressed the people of Taylor Sunday afternoon.

Joseph Sponseller has moved his family down from the ranch and is occupying W. R. Willis' house, so the children can go to school this winter.

These days are busy ones for the sheepmen who are preparing to do the Phoenix country this winter. They are getting their supplies from Palmer.

Shumway.

We had a fine rain Monday and Tuesday.

David Rogers & Co. are here from Snowflake, bailing hay.

MRS. L. S. ADAMS,
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Thedford's Black-Draught should be used.
