CITY AND COUNTY OFFICIAL PAPER

The Denver Republican thinks N. M. and Arizona are entitled to statehood, and says: "Both Arizona and New Mexico are entitled to the assistance of Colorado in their effort to secure admission into the Union at the approaching session of congress. They have elected free coinage men as delegates to congress and have thus demonstrated that they belong in the bimetallic columns. Colorado will gladly help them to secure that which should have been given them years ago."

SUNSET LIMITED.

The Sunset Limited train which passes Benson twice a week going east or west is by far the finest and most magnificent transcontinental passenger train in existence. It is incomparable, unexcelled and unequalled. No expense has been spared to make it perfect in every respect, and all that human skill or science could invent and apply to make it absolutely faultless has been applied. Luxury and beauty have been combined with strength and safety, and, meteor like, it spans the continent, annihilating time and space in its marvelous flight. All who have had the pleasure of a trip on this train unhesitatingly pronounce it the very finest in the land. A ticket on this costs no more than on the regular train.

Scrofula

Is a deep-seated blood disease which all the mineral mixtures in the world cannot cure. S.S.S. (guaranteed purely vegetable) is a real blood remedy for blood diseases and has no equal.

Mrs. Y. T. Buck, of Delaney, Ark., had Scrofula for twenty-five years and most of the time was under the care of the doctors who could not relieve her. A specialist said he could cure her, but he filled her with arsenic and potash which almost ruined her constitution. She then took nearly every so-called blood medicine and drank them by the wholesale, but they did not reach her trouble. Some one advised her to try S.S.S. and she very soon found that she had a real blood remedy at last. She says: "After taking one dozen bottles of S.S.S. I am perfectly well, my skin is clear and healthy and I would not be in my former condition for two thousand dollars. Instead of drying up the poison in my system, like the potash and arsenic, S.S.S. drove the disease out through the skin, and I was permanently rid of it."

A Real Blood Remedy.
 S.S.S. never fails to cure Scrofula, Eczema, Rheumatism, Contagious Blood Poison, or any disorder of the blood. Do not rely upon a simple tonic to cure a deep-seated blood disease, but take a real blood remedy.

The National Matte Smelter.
 A practical and simple method of smelting sulphide ores, such as nickel, copper, gold and silver ores. In localities where lead ores and fuels are scarce and almost unobtainable, our pyritic water jacket Matte Smelter has been recognized with highly satisfactory results, and has been thoroughly tested on various pyritic sulphide and arsenic ores, in capacity of a 30 tons per day. It is the most practical, cheapest and simplest method of gold and silver ore smelting and concentrating that is known today.
 It requires no extraordinary skill, no lead ores, no fluxing material, and no fuel of any kind for the smelter after it is started. The sulphur in the ore is its natural fuel only, and its cost has no comparison with any other process of concentrating.
 We are prepared to furnish any size or capacity plant complete to substantial mining people, set it up and furnish our men to run it for them on easy payments. Price and specifications furnished with references and testimonials on application.
