respondent.

BISBEE, Dec. 11, 1896.
COFFERINIA.

Mrs. Boyle left this morning for Fort
Huachuca where she goes for the pur-
pose of nursing one of their invalids.
Mrs. Boyle is an experienced nurse
and no doubt will bring her patient
around all right if careful nursing can
do so.

Miss Fike, who has been in Tomb-
stone for a number of days past returned
this evening. While absent she took
the teacher's examination which she
passed credibly and she will probably
soon be numbered among the list of
Cochises promising school ma'tms.

Mr. Ed Lead also returned from
Tombstone this evening where he has
been on court business. For some
reason Ed. did not seem to notice sev-
eral of his friends on his return and
they are wondering what it all meant. We
told them he was simply in a hurry to
get another good square meal at Otto's
but they wouldn't believe us. We give
it up.

The school entertainment comes off
tonight at the school house and, from
present indications, will draw quite a
crowd. The weather is pleasant
enough to allow the little ones to at-
tend, and we think the trustees did a
very wise thing when they postponed
the entertainment as they did. There
is now no danger of colds or scroup for
the children.

A couple of our heavy prospectors,
namely Frank Johnson and Mr. Hazel,
went out this morning on a little ex-
ploring tour into the mountains in
the neighborhood of station 36. They
were armed with an old saw driver
and a miner's candlestick and if there
was any gold or silver in the country
they would surely have discovered it
with the aid of the "divining rod," so
which Hazel gave particular attention
throughout the trip. They desire to
warn all intending prospectors that
there is no mineral whatever in this
particular range and thus save them
the trouble of a lengthy investigation.

In making your selection of Christ-
mas and holiday presents there is
nothing more appropriate than a well
selected piece of jewelry. Our local
jeweler, Mr. Schmieding, has lately laid
in quite an assortment of articles in
this line, all of the latest and most ap-
proved patterns. His stock of gold-
quartz jewelry is especially attractive,
and a call on him may save you much
trouble and care in your Christmas
selections. His present assortment of
watches and diamonds can't be beat.

SUNSET LIMITED.

The Sunset Limited train which passes
Benson twice a week going east or
west is by far the finest and most mag-
nificent transcontinental passenger
train in existence. It is incomparable
unexcelled and unequalled. No ex-
pense has been spared to make it per-
fect in every respect, and all that
human skill or science could invent
and apply to make it absolutely fault-
less has been applied. Luxury and
beauty have been combined with
strength and safety, and, motor like,
it spans the continent, annihilating
time and space in its marvelous flight.
All who have had the pleasure of a
trip on this train unhesitatingly pro-
nounce it the very finest in the land.
A ticket on this coast no more than
on the regular train.

formation, address,
