ST. JOHNS, APACHE COUNTY, ARIZONA, DECEMBER 13, 1917

NO. 16

The stores are beginning to look as though Christmas was near.

Eugene Waite and Miss Ara Rudd were united in marriage at Eagar last Saturday night, Bishop Udall officiating.

Jas Shreeve wishes to announce to the public that his barber shop will be open Wednesday evening and Saturdays until Christmas.

A dance will be given at the Armijo Hall tomorrow night, hot tamales, etc., will be served and the proceeds will go to the red cross.

Owing to the "kidnapping" of the editor and his note book we are publishing the proceeding of the Board of Supervisors in lieu local news items.

### NOTICE!

To those who are owners of the 3 1/2% Liberty Bonds and wish to exchange them for the late 4% issue and will bring them to us between this and the 20th we will gladly have the exchange made for you.

ST. JOHNS STATE BANK

I have for sale at my place in Vernon, Ariz. Registered Hereford Bulls. Will sell from one to carload. Big boned with quality and breeding. Call early and get your choice of this fancy bunch.

John W. Anderson

The new addition to the Merchants & Stockgrowers bank is practically completed and will be placed in use in a few days. The addition contains a large vault for safe deposit boxes, a lavatory and a cozy waiting alcove for customers. Underneath the addition is a large basement for a furnace and the storage of coal. Judge Thomas, cashier of the bank, planned the improvements, and he is satisfied that he now has the kind of banking quarters he has wanted for some time.—Holbrook News.

### Why Suffer So?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Globe people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

J. E. McNeil, prop. Globe Racket Store, 254 Broad St., Globe, Ariz., says: "I suffered with kidney trouble for a long time. My back was always aching and when I tried to pick up anything, knifelike pains shot through my back. My kidneys acted irregularly and their weakness caused me a great deal of annoyance. My muscles were lame and stiff, especially across my back and I felt all run down. Knowing Doan's Kidney Pills were highly recommended, I gave them a trial. Doan's helped me right from the start and it wasn't long before they had completely cured me of the trouble. Doan's Kidney Pills cannot be equaled."

### S. J. S. A. Meets With S. S. A.

ADA LYEN

Friday morning, December 7, at 8 o'clock, fifty-four students and the faculty of the St. Johns Academy left for Snowflake with their colors floating defiantly on the breeze. Our big auto truck and eight cars took them over. In reality this was a long, dusty and chilly ride, but to these anxious anticipators of victory it seemed but a short distance.

Upon reaching the Snowflake Academy they were heartily welcomed and each was presented with a buff and red badge, thus showing the spirit of friendliness which exists between the two schools. The Snowflake band next greeted them with a volume of harmony. In response to this, our band played a few airs, the students sang a school song and then gave them some zipping yells. Immediately the students of the two schools formed into single file, with St. Johns in the lead, and marched through the streets of Snowflake, with their bands playing at intervals. The march came to a halt in the middle of main street and Professor Atkins, in a short speech, tendered them a cordial reception. Then the St. Johns students were taken to the various homes of their friends, where they enjoyed scrumptiously prepared "beeds."

The contests began Friday evening at 8 o'clock. First came the orations. Snowflake was represented in this by Lorenzo Jennings, and St. Johns by Myrtle Thompson. Both these young people delivered their orations in a startling manner, exhibiting deep thought and much feeling. Although the decision of the judges was in Mr Jennings favor it was hard for them to decide, and only by a narrow margin did he win; it was so very close that we could hardly think of it as a defeat. Miss Thompson, we feel sure, will not let this discourage her, she is a very brilliant young lady and has a promising future before her.

Next came the story telling, Carherine Decker representing S. S. A. and Geneireve Gibbons S. J. A. This contest was also close but the victory was given Miss Decker, and Miss Geneireve took her defeat nobly.

After this came the game in which we are all so interested, Volley Ball. First the faculty of the two schools played. You have all seen how the St Johns faculty play—well, they played just like that Friday night. They took both games, and never even gave Snowflake time to turn around.

Next came the volley ball games between the S. S. A. and S. J. S. A. students. This was one of those whirlwind games you have heard about. Our little boys just kept that old ball in the air, and before Snowflake knew it, they had walked away with both games. Once the score looked rather doubtful, being in Snowflake's favor. Then S. J. A. began to work and they slid right on out to 21 and left Snowflake just standing there looking for the ball.

After this exciting game, came the wrestling contests. First was our little Wilson Wilkins, who had their Owen Allen down in about a half a minute, and held him there.

Then our champion wrestler, Albert Farr, wrestled with Alvin Bremer, but due to the superior weight of his opponent, it resulted in a tie.

### How to Prevent Croup

In a child that is subject to attacks of croup, the first indication of the disease is hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off and all danger and anxiety avoided. Adv.

Next came the vicious wrestlers, Arthur Savage and Albert Lyen. After a long tussle, the coach called it a tie, but we are sure that in a minute more the agility of the Lyen would have superimposed him on his adversary, the Savage, and pinned him to the mat.

Saturday morning the tennis games took place. The girls singles were played first, Wilma Fillerup representing S. S. A. and Emily Patterson S. J. A., Miss Patterson played a good game, but by a hairs breadth the victory fell to Miss Fillerup.

Then the boys singles were played, Reginald Flake of S. S. A. and Tom Isaacson of S. J. A. This resulted in a victory for "Tommy."

Next the doubles in tennis were played by Charles Fillerup and Curtis Bushman of S. S. A. and Roy Gibbons and Jack Tenney of S. J. A. The game was won by Snowflake.

In the afternoon our boys showed Snowflake that they knew how to play basket ball. The first teams played the first game. When we saw our team come out on the diamond in their red and white suits we could see victory written all over their faces, and victory it was, even if "Bill" did have the quinsy. Our forwards had no trouble in pitching those little baskets—the ball went through them as easily as though they were wagon tires—and with our centers and guards wide awake, Snowflake didn't get to see the ball but about twice. The score was 20 to 32.

Last came the second basket ball game. This was a fast, exciting game, but Snowflake succeeded in pitching a few more baskets than our boys did. The score resulted in a defeat for us by only three points. Retain your courage boys next time the "Snowflakes" shall melt and St. Johns burst forth in the "Spring of complete victory"

As a crowning feature to the days pleasures, there was given a dance in which all revelled.

### Chamberlain's Cough Remedy.

This is not only one of the best and most efficient medicine for coughs, colds and croup, but is also pleasant and safe to take, which is important when medicine must be given to children. Many mothers have given it their unqualified endorsement. Adv.

### Proceedings of the Board of Supervisors of Apache County, Arizona.

St. Johns, Ariz., Dec. 3, 1917.

The Board of Supervisors convened on this date, at the hour of 10 a. m., there being present Chairman Heber Jarvis, Members John C. Hall and W. A. Saunders and Clerk Levi S. Udall, County Attorney A. S. Gibbons and E. W. Grimes, sheriff.

Minutes of the previous meeting held on Nov. 12th were read and approved.

Out Door Relief for the month of December was ordered paid.

The N. P. Olson Construction Co., contractors on the Apache County Court House having asked for an extension of Thirty days time in which to complete the building as per the terms of their contract, giving as their reasons for this request the fact that skilled mechanics were not to be had and materials not delivered on time. The request was considered and granted thus bringing the date for completion February 18th, 1918.

The Board of Supervisors accepted Fire Insurance Policy on the new Court House in the sum of \$20,000.00, written by the Hartford Fire Insurance Co., Joy B. Patterson, Agent, for a period of Three years dating from Dec. 1st, 1917, for which they paid in advance the sum of \$748.00 premium.

County Treasurer, Joe Burgess, was given permission to move his office to the Stockmen's State Bank, until such time as the new Court House is completed and ready for occupancy.

The State Auditor having remitted \$3003.29 to the County Treasurer for Apache County's portion of Forest Reserve Fund fees, the Treasurer is hereby ordered to divide said moneys as follows: to the General School Fund \$1500.00; to the General Road Fund \$1503.29. This division of the money is made under the provisions of Paragraph 4655 Revised Statutes 1913.

The County Treasurer was or

dered to make the following transfers: From the General County Fund to the Salary Fund \$7000.00 From the General County Fund to the Expense Fund \$5000.00.

The Board of Supervisors entered the following order upon their minutes: "That the County Treasurer be requested to deposit before the next meeting of the board of supervisors the sum of \$166.75, the same being the interest figured at 2% on the County money held by said Treasurer between August 6th and Dec. 1st, 1917."

In the matter of the Bond Election held in Richville School district (No. 10) on the 29th day of September, 1917, Supervisor John C. Hall introduced and moved the adoption of the following preamble and resolution to-wit:

WHEREAS, in pursuance of and in conformity with an act of the Second Special session of the First Legislature of the State of Arizona, entitled an act to provide for the establishment and maintenance of a general and uniform public school system approved and adopted April 8th, 1913. The Board of Trustees of School District No. 10, County of Apache and State of Arizona, has certified to the Board of Supervisors all the proceedings had by said School District pursuant to said Acts, for the purpose of authorizing the issue and sale of the (continued on page 2)

### Chamberlain's Tablets

Chamberlain's Tablets are intended especially for stomach troubles, biliousness and constipation, and have met with much success in the treatment of those diseases. People who have suffered for years with stomach trouble and have been unable to obtain any permanent relief, have been completely cured by the use of these tablets. Chamberlain's Tablets are also of great value for biliousness. Chronic constipation may be permanently cured by taking Chamberlain's Tablets and observing the plain printed directions with each bottle. Adv.

## A Full Crop or One-Half to Two-Thirds of One IT DEPENDS UPON THE DRILL

It costs no more to raise a full crop than it does to raise a 1/2 or 2/3 crop. It takes as much seed, as many hours work, as much wear and tear on horse

and machinery to raise a small, poorly graded crop as a large, high grade one.

The size and quality of your crop depend largely upon the drill you use.

There are scores of drills that scatter the seed at various depths—much of it stays on the surface to be eaten by birds or withered by the sun. Perhaps 50% to 75% of this seed grows. It germinates unevenly—it comes up unevenly—it ripens unevenly and does not grade high.

But there is one Drill that is different.

Why not use the one Drill that places every seed where it should be?

### Monitor Double Disc Drills

deposit the seed at the bottom of a clean, wide furrow in two rows and cover it uniformly with moist earth, giving it abundant room to stool. You get a good stand with one-fifth less seed.

Every good seed grows—germinates uniformly—all comes up at one time—ripenes evenly and grades the highest.

The Agricultural Colleges in various parts of the country have made exhaustive tests and find that the Monitor Drill produces crops which are not only larger but grade higher than those produced by any other.

The Monitor Double Disc Drill is the only Drill that drops the seed in front of the axle with the downward turn of the disc, carrying every grain to the bottom of the furrow—this device is covered by patents.

The Monitor Drill will operate successfully in any kind of soil. Every feature of the Monitor Drill is a strong one. Steel draw bars and hangers—steel levers—steel brackets. It is made of the very best materials and will give excellent service. Many other drills are in the scrap heap. Don't buy a drill until you have seen all the Monitor Drills.
