ALUMNI RECEPTION TO GRADUATES OF '13

Large Crowd Enjoyed Affair Until Early Hours of Morning

The Alumni Association of the Tempe Normal school last evening tendered the annual reception to the graduating class of the year. About one hundred and fifty guests and members were present. Taking into consideration the scattered membership of the organization of the association goes back as far as 1892, the attendance was excellent and the affair proved to be a most decided success.

The entertainment of the evening, always prepared by the executive committee, was out of the ordinary, and a decided success. One of the features was the projection of pictures of the normal school, taken in the many years that have passed. Some of these pictures brought back many pleasant memories to many of those present. The scenes of the campus, taken at different periods since the organization of the school, showing the stages of the development of the school, were especially interesting.

The history of the association, with the plans for its future, was told around the refreshment tables, under the able tutelage of Ralph J. Peak of Glendale, president of the association. Mr. Peak welcomed the class of 1913 into the ranks of the alumni, and in response John Sikes, president of the class, thanked the association and assured them the hearty support of the class of '13.

President A. J. Matthews responded to the call of the toastmaster, speaking upon the subject of "Present Prospects." Dr. B. B. Moore, a member of the general board of education of the "Arizona Schools," "Alumni and its problems" was the topic touched upon by Miss Anna R. Stewart, a graduate of the institution with the class of '04. "The Future of the Normal School" was responded to by Prof. J. L. Felton, in charge of the English department. Last but by no means least came the discussion of Class C. Wood, '05, on "Alumni Clubs" throughout the state of Arizona. For several months this matter has been up before members of the organization, the plan being to form a club in every town where five or more graduates of the Tempe Normal reside. Through this club contact with the parent association in Tempe may be kept and thus the Normal Alumni made to be one of the strongest organizations of its kind in the southwest. Mr. Wood went into detail on the proposition and laid such plans that with the procedure the clubs will be formed within another year.

The early hour of yesterday morning were spent on the dance floor while for an hour and a half, those inclined to remain and partake of the enjoyable exercise were entertained.

"Everybody for a stronger association, through the aid of the sub-organizations" was the motto left with all when the 1913 alumni reception to the seniors and faculty broke up yesterday morning.

COMMENCEMENT PROGRAM Forty-nine young people of Arizona, a majority of them students at the Tempe normal for the past five years, will receive their diplomas entitling them to teach in the public schools of Arizona and various other states of the Union, tonight at the school auditorium. The program as arranged gives promise of being one of the best in the history of the commencement exercises.

Two honored guests being present, Governor G. W. P. Hunt, who will present the diplomas and Dr. J. F. Millsbaugh, president of the state normal at Los Angeles, Cal., who will deliver the graduation address.

Awarding the Harvard and Mount medals will be another important feature of the program. The former medal is given by the Harvard club of Arizona to the member of the class writing the best historical essay upon some Arizona subject. The other medal is given annually by Dr. B. B. Moore, a member of the board of education of the school to the member of the class who during the past two years made the highest average in his or her school work.

The program as arranged will be followed, starting at eight-thirty this evening in the normal auditorium: Chorus, "Day is Breaking"; Solo, "The Future of the Normal School"; Presentation of Diplomas; Hon. Geo. W. P. Hunt, Ladies' Chorus, "Chinese Flower"; Solo, "The Future of the Normal School"; Presentation of Mount Medal; Chorus, "The Future of the Normal School"; Presentation of Harvard Medal; Chorus, "The Future of the Normal School"; Presentation of Harvard Medal; Chorus, "The Future of the Normal School"; Presentation of Harvard Medal.

"GETS-IT" for Corns, and Away They Go! "GETS-IT," the New-Plan Corn Cure, Gets Any Corn Surely, Quickly. You'll say, "It does beat all how quick 'GETS-IT' got rid of that corn. It's almost magic!" "GETS-IT" gets every corn, every time, as sure as the sun rises. It takes about 2 seconds to apply it. Corn pains stop, you forget the corn, the corn shrivels up, and it's gone! Ever try anything like that? You never did. There's no more fussing with plasters that press on the corn, no more salves that take off the surrounding flesh, no more bandages. No more knives, files or razors that make corns grow, and cause danger of blood poison. "GETS-IT" is equally harmless to healthy or irritated flesh. It "gets" every corn, wart, callus and bunion you've got.

"GETS-IT" is sold at all druggists at 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.—Advertisement.

IMPORTANT COTTON MEETING SATURDAY

The directors of the Mesa Egyptian Cotton Exchange met yesterday afternoon at the rooms of the Mesa Commercial club and discussed several important subjects bearing on the raising, handling and selling of cotton. There are several different running projects before the committee and many other matters of great importance to the growers and it was decided to call a meeting of all the cotton planters of the Mesa section to meet at the city hall in Mesa Saturday, June 7th.

There has been some differences between the planters as to the kind of an organization they wanted to belong to, and much has been said on the first cotton year and general each and every clause of the by-laws of the organization, but the fact remains that practically all the planters want an organization. Every one realizes the futility of the crop being handled individually, and now is the time for the planters to get together and settle. There will be about one thousand extra pickers needed in the valley, these pickers cannot be brought here by individual efforts. It is going to take the combined effort of all the planters to get away with the problems that are before them in connection with this crop. Another year will be different. By that time it will be seen whether or not cotton is a permanent feature in the valley or just an experiment. But now, it is up to the planters to handle what they have, in a manner that will leave no doubt as to its success or failure.

Every planter should come to this meeting Saturday, prepared to state just what he wants in his few words as possible, but every planter should know that he will be, and is willing to do what is best for the future cotton industry. What interests one planter interests all, and if everyone will take a hold with a will to make cotton a success in the valley, it will mean the establishing of an industry that will bring millions of dollars in cash to this country. Cotton is a crop that can be grown only in a very limited territory on the earth's surface, while other crops can be grown nearly everywhere that it rains and the sun shines. The Salt River valley has already shown that she can produce a grade of cotton that can not be duplicated on earth, and stands in a class by itself, like the Sea Island cotton of the Carolinas. With united action and care in growing and handling, an industry can be perfected that the planters can monopolize and obtain the price they ask, and should make this valley the richest spot on earth. Come out Saturday and talk this matter over, learn what you have to do and do it.

CHILDREN'S DAY SERVICES There will be a children's day service held at the Methodist church next Sunday.

ARRESTED FOR BOOTLEGGING Mrs. Lulu Caruthers of Mesa, and a man by the name of Trainer of Chandler is said to have been arrested yesterday by Sheriff Adams, charged with selling booze in dry territory. It is reported that a party of young people were induced to come up from Phoenix on the pretext of having a "good time" and succeeded in obtaining evidence.

HOORAY! Baby To Rule the House No Longer Do Women Fear The Great-est of All Human Blessings. It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

WHEN THE TRELIS FELL. Once upon a time, the Chinese story runs, a Chinese magistrate's subordinate had come home very late and had had an unpleasant encounter with his wife. To his superior he explained next day that he was working in his garden when the trellis fell over and scratched him.

VISITING RELATIVES Mrs. C. W. Ekerman and two children, Donald and Mildred, of Fresno, California, arrived in Tempe Wednesday to spend a few days with Mrs. Harry Walker here. Their journey will be continued tonight in the direction of Omaha where the lumber is to be passed with relatives.

CALLER HOME M. L. Gibbons of Everybody's drug store received a telegram yesterday morning announcing the death of his father in Waynesburg, Pa. He left immediately for the east, and it is not known just when he will return.

MOST CHILDREN HAVE WORMS Many mothers think their children are suffering from indigestion, constipation, nervousness, weakness, restlessness, when they are victims of the most common of all children's ailments—worms. Peppin, all-temper, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of being worms, and should be given Kickapoo Worm Killer, a pleasant, candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail, Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.—Advertisement.

CROSSCUT POWER HOUSE BIDS OPENED YESTERDAY Four Sets of Plans Returned With Bids—Contract Let Monday. Bids were opened by the Water Users yesterday for a large concrete house 140 feet one way by 85 feet the other, two and three stories in height, and located on the south face of the Hole in the Rock hills—with which to shelter the Cross Cut water power machinery. Four complete bids were tendered, but the award was not made owing to the closeness of the figures, which makes necessary some minute comparisons; the contract will probably be awarded on Monday.

NATURAL QUESTION A man from the city went to a small country town in New Hampshire to pass his vacation. At the station he took the stage, which was drawn by two dilapidated horses, and found that he had no smaller bill than a \$5 one, which he handed to the driver.

GUARANTEED ECZEMA REMEDY The constant itching, burning, redness, rash and disagreeable effects of eczema, tetter, gutt serena, itch, and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Holman's Eczema Ointment. Mr. J. C. Eyerold, of Bath, Ill. says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Holman's Eczema Ointment I found a cure. This ointment is the formula of a physician and has been in use for years. It is not an experiment. That is why we can guarantee it. All druggists, or by mail, Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis.—Advertisement.

NEWS IN BRIEF

Alma Jones, deputy county school superintendent was a passenger on the morning train for Phoenix yesterday.

Prof. H. Q. Robertson attended to business in the capital city yesterday.

T. J. Duncan of Chandler, was transacting business in Mesa yesterday.

Hugh Patton the popular Indian merchant of Safferton, was buying supplies from our local merchants yesterday.

Will Irwin of Gilbert was in Mesa on business yesterday.

The A. & R. grocery company shipped out seven thousand pounds of provisions to Probin & Sanders of Superior yesterday.

Dick Baker the well known freighter was in Mesa yesterday after freight. Dick used to be a cow-puncher on the ranch of Charley Bowers' father in the early days of Pleasant valley. Mr. Bowers says that Dick used a paper from a party back and on one occasion helped others of the boys lasso and capture a fine fat bear, and not satisfied with his day's work Dick wound up by roping a fine fat gopher and the camp had bear meat and turkey for supper.

J. A. Hagerland has moved his chicken ranch from Main street to the Lowell ranch near the El Rancho Bonito.

L. P. Query who has been connected with the Gem City meat market for several months has resigned his position and will go to Seattle.

Called Home M. L. Gibbons of Everybody's drug store received a telegram yesterday morning announcing the death of his father in Waynesburg, Pa. He left immediately for the east, and it is not known just when he will return.

Crosscut Power House Bids Opened Yesterday Four Sets of Plans Returned With Bids—Contract Let Monday. Bids were opened by the Water Users yesterday for a large concrete house 140 feet one way by 85 feet the other, two and three stories in height, and located on the south face of the Hole in the Rock hills—with which to shelter the Cross Cut water power machinery. Four complete bids were tendered, but the award was not made owing to the closeness of the figures, which makes necessary some minute comparisons; the contract will probably be awarded on Monday.

The construction committee of the Water Users' association met yesterday to open the bids on the Cross Cut power plant. Here are some of the figures: Martin and Gillis asked \$37,374 for the entire building. On extra work the bids were as follows: Concrete, \$5.25 a yard; steel, 5 cents a pound; excavation, \$2.50 a yard; the whole to be done in 200 days.

The Arizona Engineering and construction company, somewhat better known as Bowen and Shumway, wanted \$34,400 for the lump sum, \$8 and \$9 for the two classes of concrete, four cents for the steel and \$4 for the excavation.

E. W. Kothlime asked \$37,055 for the main part of the construction, ten and ten fifty for the cement work, four cents for the steel and \$3.75 for the digging. This bid guaranteed to finish the job in 180 days.

The Los Angeles Planning Mill company bid \$39,554 for the house, \$12 and \$16 for the concrete, five and six cents for the steel, \$2.25 for the excavation.

Natural Question A man from the city went to a small country town in New Hampshire to pass his vacation. At the station he took the stage, which was drawn by two dilapidated horses, and found that he had no smaller bill than a \$5 one, which he handed to the driver.

The driver looked at it for a moment and then said: "Which horse do you want?"—Everybody's Magazine.

MUSICAL MARRIAGES OF FORMER PHOENIX FOLK

Three Couples Enter Blessed State in Los Angeles—All One of This City.

If three weddings are a trio, will the lives of the wed be lived in harmony? Two Phoenixians, three Californians and one Chandlerite vot that this will in south be so.

Word was received here yesterday of the marriage in Pasadena, California, of Fred Arnold of Chandler, Arizona, to Mrs. M. Rodder. Inasmuch as Arnold is the author of the song hit, "Love Me Only With Thine Eyes," this marriage can properly be called melodious. But—

Word was also received that permits to wed have been secured in Los Angeles by Carl R. Nottel, formerly of the Arizona School of Music at Phoenix, and Edna M. Colman of Des Moines, later of California; and Jack Donohue, the popular young tenor, formerly of Phoenix and Miss Hazel K. Eyrich. Melody, harmony, music, bliss—a greater progression. It strangely enough runs through the ceremonies of these couples, formerly or now connected with this city. If it is not too great a strain, it can be imagined that the wedding bells had real music in their chiming. A singer, and a writer of songs and a leader of choruses, three for ladies and the combination is complete.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Phoenix, Arizona, May 15th, 1913.

Notice is hereby given that John L. Tomlinson, of Avondale, Arizona, who, on June 3th, 1909, made Desert Land Entry, No. 66123, for NE 1/4, Section 29, Township 1 N, Range 1 W, C. & S. R. Meridian, has filed notice of intention to make desert land proof, to establish claim to the land above described, before the Register and Receiver, U. S. Land Office, at Phoenix, Arizona, on the 20th day of June, 1913.
