AMERICAN LEAGUE

No games scheduled.

COAST LEAGUE

Lucky Three Bagger

PORTLAND, Aug. 13.—A three-bagger by Dohne when the score was tied in the tenth and a single by Lindsay won today's game for Portland 4 to 3. Oakland's batsman found Bill James for but seven hits while the locals gathered thirteen off Malarkey. Both pitchers were wild at times. James walking five men in the second and third innings. Rodgers started at bat hitting safe four times in five times up. Two of the hits were triples.

Pitcher's Battle

SAN FRANCISCO, Aug. 13.—In a pitcher's battle between Koestner and Lefty Leffield, Venice defeated the Seals today by a score of 2 to 0. The game was wholly devoid of features except from the twirling standpoint. Koestner held the Seals to two scattered hits.

Nesses Out Angels

LOS ANGELES, Aug. 13.—Sacramento broke up a tie game with Los Angeles in the ninth inning today, the final score being 5 to 4. Incidentally the Wolves crowded the southerners out of second place in the percentage column. Judge Nansell, who started for Sacramento, was taken out of the box in the sixth. Kinsella, who relieved him, pitched steadily until the ninth when the Angels threatened to tie up the game again. This chance, however, was thrown away by Page who attempted to stretch a single into a two base hit.

WESTERN LEAGUE

Table listing Western League games: Lincoln 4, Des Moines 1; Wichita 3, St. Joseph 2; Topeka 13, Omaha 7; Denver 6, Sioux City 0.

AMERICAN ASSOCIATION

Table listing American Association games: Louisville 1, Milwaukee 1; Columbus 3, Minneapolis 2; Toledo 5, Kansas City 6; Indianapolis-St. Paul, rain; no game.

ASSEMBLY IMPEACHES

though he was not yet convicted, therefore, he is not now eligible to his office. These arguments were placed before the lieutenant-governor by the Democratic leaders early this afternoon, but Sulzer was not molested. A few minutes after the governor left his office, Patrick E. McCabe, clerk of the senate, appeared in the executive chamber with a copy of the articles of impeachment and a summons and complaint which he intended to serve on the governor. When informed by the governor's secretary he had missed the governor by scarcely a minute, McCabe asked for an appointment for tomorrow. Secretary Platt replied the governor would be in the executive chamber at 9 o'clock, and he would try and arrange matters at that time. It seemed practically certain tonight that the governor and lieutenant-governor would both resort to legal tests of the respective claims in the courts, which in the history of New York state were never called upon to hand down an opinion and which will act as a precedent. Rumors of what form the tests would take offered such a wide choice that for the lack of authoritative statement no one cared tonight to venture more than a guess. Upon leaving the chamber, the governor went for a short auto ride and then returned to the executive mansion where he may be in consultation until a late hour with his advisers. Besides D. Cady Herrick, it is announced his attorneys at the trial will be Irving G. Vann, of Syracuse; Louis Marshall and Austin G. Fox, New York; Harvey D. Hinman of Binghamton; Virgil Kellogg of Watertown; and James Jay Gordon of Philadelphia. These are preparatory of the governor's defense. Herrick and Marshall were among those at the home of the governor tonight where the lights burned until late.

MAROONS TAKE ON BAUMMEN

Local Grounds to Be the Scene of Hot Game Between Natives and Tempe. Locals Journey to Mesa City

The Two Line-Ups: Maroons (Austin, Butler, Roscoloso, E. Scott, A. Scott, Today, Kell, Delgado, Smiley) vs Tempe (Mullen, If Spikes, Hudson, Nutt, Givoda, Moser, Griffin, Harris, Tweed)

A lively game is expected today on the home grounds at the corner of First and Grant streets between the Tempe sluggers and the Maroons. The consistent little natives are determined to win the game and have hence chosen Smokey Joe Smiley to pitch the game for them. Joe has been going awfully good lately and is expected to show the heavy hitters from the southside just where their weaknesses are when it comes to batting. He has been studying the Tempe men closely, and especially since the teams have been reorganized and he is expected to deliver the goods. The big chief, Roscoloso, will catch the smookey one.

Opposed to Smokey Joe will be Roscoloso Tweed, who has a wicked ball of his own, and Nutt, his catcher, has a local reputation for being a cool, heady man. With this sort of a combination it is likely that a first rate exhibition will be seen at the new grounds. The others of the team will be as above outlined. The Maroons have been playing hard consistent ball ever since Manager Venne took charge of the team. They have learned what it means to fight for a run, and have shown that glimpse in all their games. A glance at the fielding averages of the teams shows how well the Maroons have been playing. In the last game or two the Maroons have shown that they can bat as well as field. If their batting eyes are still with them they may pull the game against Tempe out of the fire.

As for the visitors, that team is always a dangerous one. The Tempe team is never beaten until the last man is out in the last inning. That is the reputation of the team and they live up to it in every game they play. The fans, if they refer to former games, will see many a one won by a batting rally in the eighth or ninth.

Yates vs. Brackett

While the national pastime is being exemplified at the local park the Phoenix team will journey to Mesa to take on the Hillbillies, the outstanding team in the circuit. The Mesa team has always depended upon its hitting to win games, and that hitting is generally of the heavy ash order. Cors, Bond, Pomeroy and Pringle form a quartet of wagon tongue heavers that are hard to beat in this section of the tall piney woods. These men are dangerous at all times because of their heavy hitting abilities.

The batteries for the Mesa game are not known, but it is generally believed that Honest John Kelly will pitch for Phoenix and will be opposed on the mound by either Goodwin or Campbell. All the teams in the Salt River Valley League are being strengthened so that the race for the pennant will be one of the hottest in any league in the country.

Already the teams are putting up an excellent article of ball. Close and exciting games are to be the order. These mean always large crowds of interested fans, and enthusiastic ball players. These three factors make an afternoon outing that is exceedingly hard to beat in "the good old summer time."

Some Umpiring

The work of Umpire Clem in the last two games has been a pleasure to the fans. Clem has a voice on him that makes his calling balls and strikes unmistakable. There are no frills about the way he goes to work but the frills become apparent as soon as he coolly settles down to be the arbiter of the afternoon's sport. He will more than likely umpire the game this afternoon between the Maroons and Tempe which insures a good exhibition from that end.

With the idea of obtaining enough funds ahead to put in the additions to the grand stand at the local park as they are needed, the management of the Phoenix team assisted by Billie O'Neill started a campaign to sell books of tickets, of ten each, for five dollars per book. These tickets are good at any game played on the home grounds. Already a number of patrons of the game have purchased the books of tickets, and many others have signified their willingness to do so. If one hundred of the books are sold it will provide working capital enough so that the local management can go ahead and complete the park according to the original plans, which will not only be a great aid to the team now but will be of everlasting benefit to the national pastime here.

MIKE DONLIN RELEASED [ASSOCIATED PRESS DISPATCH] PHILADELPHIA, Aug. 13.—"Mike" Donlin, once a star outfielder, was unconditionally released by the Philadelphia Nationals today. He was purchased from Pittsburgh, but never returned to the Philadelphia club.

FREEDOM'S BATTLE Freedom's battle once begun, Bequeathed from bleeding sire to son, Though baffled oft, is ever won. —Byron.

VOLLEY BALL LEAGUE FORMED AT Y. M. C. A.

Schedule of Six Games Arranged for End of Month.

With the return of Coach Fitzgerald of the Y. M. C. A., the "Y" gym has again leaped into the forefront of athletic circles with the formation of a volley ball league, with a schedule of games all arranged. Four teams have been organized, known as the Reds, Blues, Greens and Whites, and two games a night are to be played. The following is the schedule: Tuesday, Aug. 19, at 5 p. m.—Reds vs. Blues. At 8 p. m.—Greens vs. Whites. Thursday, Aug. 21, at 5 p. m.—Reds vs. Greens. At 8 p. m.—Blues vs. Whites. Saturday, Aug. 23, at 5 p. m.—Blues vs. Green. At 8 p. m.—Red vs. Whites. It is understood that in games the best two out of three wins the match. The following is the personal of the teams: Reds—L. W. Coggins (capt), Marks, O'Neill, Shedd, Taverner. Blues—Wakelin (capt), Powell, Jones, Smith, Redewill. Greens—Fitzgerald (capt), Skaggs, Parish, Wilson, Osborn. Whites—Worcester (capt), Bonhall, Dutz, DeReimer, Judson.

LAWS GO INTO EFFECT MONDAY, AUGUST 18

Number of Non-Emergency and Non-Code Laws Become of Force

There are quite a number of new laws that will go into effect next Monday. These statutes were passed by the recent session of the legislature and had not been attached to them the emergency clause, neither were they introduced as code measures, although they will be a part of the code when those volumes are published.

The list is as follows: Senate Bill 35: An act regulating the money and checks in which wages shall be paid. Approved April 29, 1913.

Senate Bill 1: An act to provide for the establishment of municipal slaughter houses and regulating other slaughter houses. Approved May 2, 1913.

Senate Bill 34: An act for the relief of certain settlers on school lands and authorizing the state land commission to relinquish the title of the state land to the United States, and to select other lands in lieu hereof. Approved May 7, 1913.

Senate Bill 19: An act to provide for and to regulate transportation of passengers by common carriers on railroads within the state of Arizona, between points in the state of Arizona, and to prescribe a maximum passenger rate to be charged by common carriers on railroads within the state of Arizona in transporting of passengers in intrastate business, and to provide for the manner of exempting railroads from the operation of this act under certain conditions, and to provide for the suspension of the operation of this act pending certain investigation before the corporation commission of the state of Arizona, and prescribing penalties for violations of any of the provisions of this act. Approved May 12th, 1913.

Senate Bill 24: An act authorizing the employment of persons convicted of crime and sentenced to imprisonment in the state prison, upon the public roads, highways, and bridges of this state, and authorizing the board of control to regulate such employment and to provide the necessary implements, tools, machinery and supplies necessary therefor. Approved May 15, 1913.

House Bill 73: An act to authorize the state of Arizona to advance money out of the general fund to the several counties for the purpose of constructing bridges, and provide for the repayment of any money so advanced out of the state road tax fund. Approved May 15, 1913.

House Bill 27: An act to regulate the recording of brands and earmarks, and bills of sale of the same, and to prescribe the fees for such recording. Approved May 15, 1913.

House Bill 66: An act for the relief of certain officials of the counties of the state of Arizona whose compensation for services was fixed by the boards of supervisors of the various counties under and by virtue of the provisions of Sec. IV, Article XII, of the state constitution. Approved May 16, 1913.

House Bill 28: An act to prevent the transportation, sale or exchange, sowing or planting of certain noxious weeds and to provide for the destruction thereof. Approved May 16, 1913.

House Bill 51: An act relating to the hours of labor for women. Approved May 17th, 1913.

Of this list, the three cent fare bill has been suspended of operation because of a referendum that has been filed against it. This is Senate Bill 19 in the list.

Of the others the brand-recording law needs a little explanation. Under the terms of this act the recording fee for brands on cattle and horses and live stock, which is now done by the live stock sanitary board for \$2.00 will hereafter cost \$5.00, while the fee for recording a bill of sale will cost \$1.00. This is House Bill 27.

Senate Bill 28 is the anti-Johnson grass bill, against which a referendum has been threatened but so far none has been invoked against it. Its main objection was that it did not contain all the weeds and grasses that every section of the state wanted.

WESTGARD WILL ARRIVE TODAY

Pathfinder Spends Night at Agua Caliente — Met by Party of Enthusiastic Phoenixians — Will Be Luncheoned Here

O. W. Westgard, brother of Pathfinder A. L. Westgard, with a Pathfinder car, who is traveling from Los Angeles to the Atlantic coast will arrive in this city in time to be the guests of honor at a luncheon that will be given in honor of the tour by a number of local automobile enthusiasts to which will be added a large number of equally enthusiastic out of town automobilists, who have come from Tucson, Bisbee, Douglas and Florence for the purpose of greeting the pathfinder and escorting him over that section of the route between here and the New Mexico-Arizona line near Lordsburg. The Westgard party wired from Yuma yesterday morning that they had left that place en route for Agua Caliente where they expect to spend the night. Leaving Agua Caliente early this morning the party expects to make the trip in about eight hours, and lunch here, spend the night here and the next day start for the other cities along the route.

Quite a number of autoists from Tucson and Bisbee arrived yesterday to be present at the doings, and it is understood that seven machines loaded to the guards will be over from Florence this morning to represent that wide awake town at the reception and luncheon.

Early yesterday morning Frank Thomas, representing the city, A. L. Moore, W. W. Catlin, piloted by W. A. Horrell, left Phoenix for the purpose of joining Westgard at Agua Caliente and escorting him to Phoenix. Another party headed by Mayor Christy, Councilman Coney and President Bennett of the board of trade will drive down to Buckeye to meet the travelers.

When the party reaches here the question of route will be discussed. The Phoenix and southern Arizona autoists are anxious that Mr. Westgard take the Borderland, open all the year round route, to El Paso. Messrs Corbett and Myers of Tucson came up especially to confer with Westgard in connection with the route through Tucson and beyond.

HY RAFFERTY TELLS OF SHOOTING AT APACHE

Miller Killing Came About Over Dispute of Telephone Pole.

Hy Rafferty, deputy sheriff of Cochise county, arrived in Phoenix yesterday with a patient for the state asylum for the insane. After delivering his man to the proper authorities Rafferty visited the sheriff's office and during the conversation he was asked about the shooting of Deputy Sheriff E. J. Miller at Apache on Tuesday.

Rafferty said that the alleged murderer was the outcome of a quarrel between Miller and J. W. Richard, the man who is accused of the murder. Miller besides being a deputy sheriff was also connected with a telephone company that had a toll line passing through Apache. A telephone wire passing between the postoffice, run by Richard, and the Miller residence was sagging and Richard called Miller's attention to the fact. Miller then said, "Well I have no pole to fix it with so it will have to wait until I can get one from the company." It is then alleged that Richard told Miller to take a pole from a pile of lumber in the rear of the postoffice and that he could return it when the pole arrived from the telephone company.

Miller fixed the wire and soon after Richard is alleged to have asked Miller what he meant by stealing the pole. Miller replied that he had received permission and he could not see how the transaction could be called a theft. Richard then, it is alleged, called Miller a liar, which action was resented by Miller who said that he could produce witnesses in his favor. It was while Miller and his witness were entering the postoffice that the tragedy occurred. As soon as Miller then said, "Well I have no pole to fix it with so it will have to wait until I can get one from the company." It is then alleged that Richard told Miller to take a pole from a pile of lumber in the rear of the postoffice and that he could return it when the pole arrived from the telephone company.
