LATE TELEGRAPH

(Continued From Page One)

News, one of Lloyd George's strongest supporters, today published a protest against such an appointment.

NEW YORK — Madison Square Garden was bought for \$2,000,000 by a New York life insurance company, the only bidder at the foreclosure sale.

NEW YORK—The widow of Charles W. Harkness of the Standard Oil Company, whose estate was appraised at \$49,000,000 yesterday, died today at a hospital here, after an operation. Her share is over \$12,000,000.

WASHINGTON — Japan is building a larger, swifter, and more powerful battleship than any planned by the American navy, Rear Admiral Badger told the house naval committee today.

WHEN HER BACK ACHES

A WOMAN FINDS ALL HER ENERGY AND AMBITION SLIPPING AWAY

Yuma women know how the aches and pains that often come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, are frequent indications of weak kidneys and should be checked in time. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause.

Can Yuma sufferers desire stronger proof than this Bisbee woman's word?

Mrs. J. C. Mayne, P. O. Box 1498, Bisbee, Ariz., says, "My back bothered me and I had pains across my loins. I found it hard to do my housework. I often had headaches and dizzy spells and I knew that these pains and annoyances were caused by disordered kidneys. I used Doan's Kidney Pills and they quickly cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Mayne. Foster-Milburn Co., Buffalo, N. Y.—Adv.

SAN FRANCISCO—The supreme court today upheld the right of the railroad commission to permit their employes to travel free over California railroads on official business.

PARIS—The press generally received well yesterday's vote of confidence in the government by the chamber of deputies. The Figaro remarked that the number of government opponents has doubled since the last secret session.

CONSUMERS

(Continued From Page One)

terest of one of the most significant of object lessons.

Many economists will see as the result of what must have been a disastrous holiday campaign for food speculators an indication of the passing of the middleman. It is only through radical changes in the laws affecting food products, and still more co-operation among food consumers that permanent relief can be obtained. So long as the consuming public submits to extortion, and the extortioners are not restrained by statute, the speculators who accumulate vast quantities of foodstuffs and hold them for artificial prices will still take their toll.

It is also possible that producers of foodstuffs may have been taught a useful lesson by the sudden and marked fall in the market value of their products. It may be considered doubtful if Thanksgiving specialties will in future command the high prices which the producers have demanded in recent years. Middlemen and food speculators may not be defeated, but they have been taught the value of caution. Besides experience this year has shown that even the lordly turkey is not absolutely essential to a reasonable manifestation of the Thanksgiving sentiment, especially when there comes the consolation that an effective method of resisting extortion has been found.

TOYLAND, Dec. 4th, 1916.

KIRKPATRICK COMPANY, 346 Second Street, Yuma Arizona.

Gentlemen:—As I wrote you sometime ago, I will be in Yuma until Christmas, and during that time will make my Headquarters at your store.

I am bringing a large amount of toys and holiday goods with me, the best I ever had, but would advise informing your customers to purchase early, as the quantity of a great many articles is limited, not being able to secure any from Europe owing to the war.

Am glad to come to Yuma this year and enjoy your glorious sunshine. With kind regards to all our friends, Sincerely Yours,

SANTA CLAUS.

Satisfy!—that's a new thing for a cigarette to do

It's nothing for a cigarette to just taste good—lots of cigarettes may do that. But Chesterfields do more—they satisfy! Just like a thick, juicy steak satisfies when you're hungry.

Yet, with all that, Chesterfields are MILD!

No other cigarette can give you this new enjoyment (satisfy, yet mild), for the good reason that no cigarette maker can copy the Chesterfield blend—an entirely new combination of tobaccos and the most important development in cigarette blending in 20 years.
